COMPLIANCE WITH POSITIVE IMPACT PLAN

Progress or Success Goal 1

Description of Progress or Success: Apothca, Inc. ("Apothca") has met and exceeded our goal of creating a hiring preference for Fitchburg and Lynn residents. Lynn and Fitchburg have both been selected as Cannabis Control Commission's ("Commission") designated areas of disproportionate impact. In total, Apothca has 75 registered agents. Of those 75, 22 individuals have self-disclosed as being from Commission designated areas of disproportionate impact. At our Retail facility in Lynn, we have 26 registered agents, 11 of which have self-disclosed as current residents of Lynn. As Apothca continues to grow their operations, they will ensure to prioritize the hiring of individuals from Commission designated areas of disproportionate impact, specifically Lynn and Fitchburg.

Progress or Success Goal 2

Description of Progress or Success: Apothca has made successful strides towards and is in the process of planning our first educational seminar to happen following the new year. Apothca has begun to elicit opinions from our staff as to what industry topics would be most beneficial for them to learn more about. Apothca anticipates our educational seminars being lead by a qualified employee who is believed to have the appropriate knowledge of the marijuana industry in Massachusetts, and who has been elected by Apothca's staff members. Examples of topics that Apothca believes will interest our staff include, but are not limited to, how to incorporate a business and the requirements to submission of an adult-use application with the Commission in Massachusetts.

Progress or Success Goal 3

Description of Progress or Success: Apothca has met our goal of participating in job fairs in Lynn and Fitchburg by hosting two job fairs, both of which produced an exceedingly high number of job applicants. Apothca's first job fair was held in Fitchburg on March 18, 2019, which produced 119 job applicants. Apothca's second job fair was held in Lynn on March 20, 2019, of which produced 98 job applicants. Apothca looks forward to organizing more job fairs in the future as positions become available.

Progress or Success Goal 4

Description of Progress or Success: Apothca has been successful in making progress towards their goal of making annual donations to My Brother's Table, a 501(c)(3) organization and the largest soup kitchen on the North Shore. Apothca has successfully contacted and received donation approval from Dianne Kuzia Hills of My Brother's Table, who confirmed that donations from a cannabis dispensary would be accepted by the organization. Apothca plans to donate no less than \$2,500 a year to My Brother Table to be used towards providing solutions to homelessness, free hot meals and outreach for men, women, and children, and weekly medical clinics for the residents of Lynn.

COMPLIANCE WITH DIVERSITY PLAN

Diversity Progress or Success 1

Description of Progress or Success: Apothca, Inc. ("Apothca") has successfully employed over 75 individuals, with over 50% being either from a Commission designated area of disproportionate impact or from one of the Commission's five classifications (minorities, women, veterans, people with disabilities, people of all gender identities and sexual orientations) of diverse populations. Of Apothca's 75 registered agents, 22 are from areas of disproportionate impact, 10 have self-identified as being of an ethnicity other than Caucasian, 17 are women, 22 have identified themselves as being of minority classification, and one individual has self-identified as being a person with a disability.

Diversity Progress or Success 2

Description of Progress or Success: Apothca has met our goal of participating in at least one job fair annually in underrepresented and minority communities by holding not only one but two job fairs in Commission designated areas of disproportionate impact. Apothca has held job fairs in Lynn and Fitchburg, both of which produced an exceedingly high number of job applicants. Apothca's first job fair was held in Fichburg on March 18, 2019, which produced 119 job applicants. Apothca's second job fair was held in Lynn on March 20, 2019, of which produced 98 job applicants. Apothca looks forward to organizing more job fairs in the future as positions become available.

Diversity Progress or Success 3

Apothca is also interested in applying for a Certificate of Registration from the Massachusetts Cannabis Control Commission (the “**Commission**”) to operate Marijuana Retailer facilities in the Town of Arlington and City of Boston.

Apothca will file, in a form and manner specified by the Commission, an application for licensure as a ME consisting of three packets: an Application of Intent packet; a Background Check packet; and a Management and Operations Profile packet.

2.2 Operations

In Fitchburg, Apothca plans to operate a Marijuana Cultivator, Marijuana Product Manufacturer, and a Marijuana Transporter, co-located with Apothca's existing infrastructure, conducting similar activities as an RMD. Apothca's Fitchburg Facility is well positioned to match the ideal picture of a community cultivation, production, research and transportation facility. Before taking over the Fitchburg Facility, it was a defunct Bayer Pharmaceutical campus and remains in good condition.

The Fitchburg Facility encompasses 11 buildings totaling over 130,000 square feet on over 26 acres of land. Additionally, Apothca has a single building in operation, totaling roughly 5,000 square feet, dedicated to drying marijuana cultivated within the greenhouses and an additional building roughly 15,000 square feet (on each of two floors). Operations on the first floor consist of:

1. Employee entrance
2. Extraction
3. Processing
4. Infused products manufacturing
5. Packaging
6. Secure storage
7. Flower trimming
8. Beverage manufacturing

9. Distribution

Operations of the second floor consist of:

1. Administrative offices
2. Security room
3. IT room

Apothca has established inventory controls and procedures for the conduct of inventory reviews, and comprehensive inventories of marijuana products in the process of cultivation, and finished, stored marijuana; conduct of a monthly inventory of marijuana in the process of cultivation and finished, stored marijuana; conduct of a comprehensive annual inventory at least once every year after the date of the previous comprehensive inventory; and prompt transcription of inventories if taken by use of an oral recording device.

Apothca will tag and track all marijuana seeds, clones, plants, and marijuana products, using Metrc and a seed-to-sale methodology (currently BioTrackTHC) in a form and manner to be approved by the Commission.

No marijuana product, including marijuana, will be sold or otherwise marketed that is not tested by Independent Testing Laboratories, except as allowed under 935 CMR 500.000.

Apothca maintains, and will continue to maintain, records, including all records required in any section of 935 CMR 500.000, which will be available for inspection by the Commission, upon request. The records shall be maintained in accordance with generally accepted accounting principles. Records shall be maintained for at least 12 months.

Apothca has contracted with two professional security and alarm companies, DGA Security and Wayne Alarm, which have designed, implemented and currently monitor our comprehensive security plan to ensure that the facility is a safe and secure environment for employees and the local community.

Apothca's state-of-the-art security system consists of perimeter windows, as well as duress, panic, and holdup alarms connected to local law enforcement for efficient notification and response in the event of a security threat. The system also includes a failure notification system that will immediately alert the executive management team if a system failure occurs.

A redundant alarm system has been installed to ensure that active alarms remain operational if the primary system is compromised.

Interior and exterior HD video surveillance of all areas that contain marijuana, entrances, exits, and parking lots are operational 24/7 and available to the local Police Departments. These surveillance cameras remain operational even in the event of a power outage.

The exterior of the dispensary and surrounding area will be sufficiently lit and foliage will be minimized to ensure clear visibility of the area at all times.

Only Apothca's registered agents and other authorized visitors (e.g. contractors, vendors) will be allowed access to any facility, and a visitor log has been, and will continue to be, maintained in perpetuity.

4. PRODUCT / SERVICE

4.1 Product & Service

Apothca has strict and thorough standard operating policies (“**SOP**”) for its various operations. Said SOPs will be available to be reviewed by the staff at the Commission and the government officials, police, and fire officials in each of the municipalities within which Apothca operates.

The core products Apothca will produce, distribute, and retail include, but are not limited to, smokable cannabis with varying levels of THC and CBD, ingestible infused products, extracts, oils, tinctures, lotions and topicals, salves, capsules, vaporizing cartridges, beverages, and shots.

4.2 Pricing Structure

Apothca pricing structure will vary based on market conditions. Apothca plans to produce products and medicine of superior quality and will price its products accordingly.

4.3 Intellectual Property Rights

4.4 Research & Development

Apothca research and development plans are significant. Within the Fitchburg Facility, one of the former owners, Bayer Pharmaceuticals, left two operational laboratories which requires minimal servicing to bring back to operational status.

Internally, Apothca plans to use the equipment in the laboratories to test propagation through tissue cultures. If successful, not only would Apothca generate an even more consistent product, but Apothca will also be able to further reduce its environmental impact as it would negate the need to have a “mother room” from which to create clones.

Externally, Apothca plans to launch a premiere accelerator/incubator program for which any entrepreneur or researcher can apply to participate in. Apothca plans to accept 5-10 applicants every six months, based on an application process. Apothca would be looking for entrepreneurs and researchers that want to advance the cannabis industry with concepts including, but not limited to, new products, new brands, new cultivation techniques, new extraction techniques, and whatever else the imagination of Massachusetts’ brilliant population can think of.

Apothca plans to create a process for minorities and people from lower socio-economic background to be given scholarships to join the program. Apothca is committed to empowering people from all walks of life to succeed and our incubator/accelerator program will

be built for that purpose.

Apart from access to our facilities, Apothca will provide those enrolled in our program with expert guidance, hands on training, raw materials, legal assistance, and other tools to succeed in the cannabis industry. Those enrolled in our program that successfully pass through our accelerator/incubator program will also be connected with a group of “angel investors” to be able to grow their new businesses as well as be able to implement their business concepts in Apothca's operations, whether it be techniques we can employ in our Fitchburg Facility, products we can distribute and sell through our retail facilities, or connections we can make to establish the businesses in other jurisdictions.

Plan to Remain Compliant with Local Zoning

Massachusetts Patient Foundation, Inc. (“MPF”) will remain compliant at all times with the local zoning requirements set forth in Lynn’s Zoning Ordinance. In accordance with the Zoning Ordinance, MPF’s proposed dual located RMD and Marijuana Retailer facility is located in the Waterfront Zoning District, which allows for the siting of marijuana establishments pursuant to issuance of a special permit and site plan approval.

Furthermore, pursuant to Lynn’s Zoning Ordinance, MPF’s proposed facility is exempt from any buffer zones from offending uses.

MPF will apply for any other local permits required to operate a marijuana establishment at the proposed location. MPF will comply with all conditions and standards set forth in any local permit required to operate a marijuana establishment at MPF’s proposed location.

MPF has already attended several meetings with various municipal officials and boards to discuss MPF’s plans for a proposed marijuana establishment and has negotiated a Host Community Agreement with Lynn. MPF will continue to work cooperatively with various municipal departments, boards, and officials to ensure that MPF’s marijuana establishment remains compliant with all local laws, regulations, rules, and codes with respect to design, construction, operation, and security.

MPF has also retained the law firm Vicente Sederberg LLC to assist with ongoing compliance with local zoning requirements.

COMPENSATION SETTING POLICY**

I. Introduction

This policy codifies the procedures by which the board of directors of MASSACHUSETTS PATIENT FOUNDATION, INC. the (“NON-PROFIT”) sets the compensation of Members, directors, top management officials, officers and key employees (“Executive Compensation”). These procedures are designed to comply with the “safe harbor” requirements set forth in the tax regulations on intermediate sanctions to create a rebuttable presumption of reasonableness in compensation levels.

II. Policy

The board of directors shall oversee the setting of Executive Compensation and shall (1) determine compensation of all Members, directors, top management officials, officers and key employees, and (2) review, assess and approve the reasonableness of such compensation on a regular basis.

In order to be approved as reasonable, compensation must be an amount that would ordinarily be paid for comparable work by similarly situated organizations under like circumstances. The particular education, experience and skill of the compensated individual may also be taken into account.

III. Guidelines

Compensation determinations made by the directors will be made in accordance with the following guidelines:

- i. In setting and determining the reasonableness of Executive Compensation, the board shall obtain and rely upon compensation information for comparable work by similarly situated organizations under like circumstances, as defined in Section II above.
- ii. Board directors involved in setting and approving Executive Compensation, as well as any third parties providing professional advice to the board of directors in connection with setting and approving Executive Compensation shall be independent and have no conflicts of interest as to the executive whose compensation is being reviewed. Board directors shall have no conflict of interest for these purposes if they (i) will not economically benefit from the compensation arrangement, (ii) are not family members of a person who will economically benefit, (iii) have no material financial interest affected by the compensation arrangement, and (iv) are not family members of a person who has a material financial interest affected by the compensation arrangement.
- iii. Timely and accurate minutes of all final actions by the board regarding the setting and approval of Executive Compensation will be recorded and held with board records. Such minutes will include (1) the terms of the approved compensation arrangement and the date approved, (2) a list of the directors present during discussion, showing those who approved the arrangement, those who rejected it and those who recused themselves due to conflicts of interest, (3) the comparability data relied upon and how such data was obtained, and (4) the rationale for determining that the arrangement was reasonable if it exceeded the range of the comparability data.

**MASSACHUSETTS PATIENT FOUNDATION, INC.
COMPREHENSIVE INFORMATION SECURITY POLICY**

I. OBJECTIVE

It is the objective of MASSACHUSETTS PATIENT FOUNDATION, INC. (“NON-PROFIT”) in the development and implementation of this comprehensive information security program (“CISP”) to create effective administrative, technical and physical safeguards for the protection of personal information, and to comply with obligations under 201 CMR 17.00. This CISP sets forth our procedure for evaluating our electronic and physical methods of accessing, collecting, storing, using, transmitting, and protecting personal information. For purposes of this CISP, “personal information” means an individual’s first name and last name or first initial and last name in combination with any one or more of the following data elements that relate to such resident: (a) Social Security number; (b) driver’s license number or state-issued identification card number; or (c) financial account number, or credit or debit card number, with or without any required security code, access code, personal identification number or password, that would permit access to an individual’s financial account; provided, however, that “personal information” shall not include information that is lawfully obtained from publicly available information, or from federal, state or local government records lawfully made available to the general public. The NON-PROFIT generally acquires personal information in connection with hiring employees and payroll, and in connection with sales to the public.

II. PURPOSE

The purpose of the CISP is to:

- Ensure the security and confidentiality of personal information;
- Protect against any anticipated threats or hazards to the security or integrity of such information; and
- Protect against unauthorized access to or use of such information in a manner that creates a substantial risk of identity theft or fraud.

III. DATA SECURITY COORDINATOR

The NON-PROFIT appoints the Treasurer to be its Data Security Coordinator. The Data Security Coordinator will be responsible for:

- Initial implementation of the CISP;
- Regular testing of the CISP’s safeguards;
- Evaluating the ability of each of NON-PROFIT’S third party service providers to implement and maintain appropriate security measures for the personal information to which the NON-PROFIT permits them access, and requiring such third party service providers to implement and maintain appropriate security measures;
- Reviewing the scope of the security measures in the CISP at least annually, or whenever there is a material change in the NON-PROFIT’S business practices that may implicate the security or integrity of records containing personal information; and

- Conducting an annual training session for all Members, directors, officers, employees, volunteers and independent contractors, including temporary and contract employees who have access to personal information on the elements of the CISP.

IV. HANDLING PERSONAL INFORMATION

A. Paper Records

All paper records containing personal information shall be kept in a locked file cabinet with restricted access. Paper records will be destroyed regularly in accordance with NON-PROFIT'S document destruction policy using an office-grade shredder. Records containing personal information may not be taken out of the office and may be accessed only by personnel with a business necessity. Checks that need to be transported from the dispensary to the bank may be sent by US mail or hand delivered by the responsible employee, and if hand delivered, will not be left unattended at any point in the transition.

Checks. When the NON-PROFIT receives checks from members of the public, it will make only one hard copy and keep it in a locked file cabinet with restricted access. The checks themselves will also be kept under lock and key until they are deposited.

Paper employment records. Paper employment records must be kept under lock and key and accessed only by staff members responsible for employment issues and/or by the Chief Executive Officer.

B. Electronically Held Records

The NON-PROFIT requires the following security systems with respect to the maintenance of personal information on its computers:

Authentication Protocols. The Data Security Coordinator shall secure user authentication protocols including:

- Control of user IDs and other identifiers;
- A reasonably secure method of assigning and selecting passwords, or use of unique identifier technologies, such as biometrics or token devices;
- Control of data security passwords to ensure that such passwords are kept in a location and/or format that does not compromise the security of the data they protect;
- Restricting access to active users and active user accounts only; and
- Blocking access to user identification after multiple unsuccessful attempts to gain access.

Access Protocols. The Data Security Coordinator shall implement the following secure access control measures:

- Restrict access to records and files containing personal information to those who need such information to perform their job duties; and
- Assign unique identifications plus passwords, which are not vendor supplied default passwords, to each person with computer access that is reasonably designed to maintain the integrity of the security of the access controls.

Restriction on E-mailing Personal Information. The NON-PROFIT will not, as a general rule, send or accept personal information by e-mail. To the extent exceptions must be made, the security measures described in this CISP shall be taken.

Encryption. Should any records and files containing personal information be transmitted across public networks or wirelessly, such records or files shall be encrypted. Personal information stored on laptops and other portable devices shall also be encrypted.

Monitoring. The NON-PROFIT shall take all steps necessary to reasonably monitor its computer network for unauthorized use of or access to personal information.

Firewalls. All files containing personal information on a system that is connected to the Internet shall be protected by a reasonably up-to-date firewall protection and operating system security patches designed to maintain the integrity of the personal information.

Virus protection. All computers containing personal information shall be protected by reasonably up-to-date versions of system security agent software, including malware protection and reasonably up-to-date patches and virus definitions, or a version of such software that can still be supported with up-to-date patches and virus definitions, and is set to receive the most current security updates on a regular basis.

C. Vendors

Pursuant to 105 CMR 725.200, information held by the NON-PROFIT about dispensary agents is confidential and shall not be disclosed without the written consent of the individual to whom the information applies, or as required under law or pursuant to an order from a court of competent jurisdiction, provided however, the Department may access this information to carry out official duties. Only upon receipt of written consent of the individual to whom the confidential information applies will the NON-PROFIT share personal and financial information with its vendors. The NON-PROFIT requires each of their vendors to send written evidence, signed by an authorized person, confirming that they follow a confidentiality plan that fully complies with 105 CMR 725.200 and 201 CMR 17.00.

V. Training

The Data Security Coordinator shall ensure that all employees, whether full-time, part-time, seasonal or temporary, and independent contractors, consultants and volunteers who have access to personal information are trained on the data security requirements provided in this CISP.

VI. PERSONS SEPARATING FROM NON-PROFIT

All employees, whether full-time, part-time, seasonal or temporary, and independent contractors, consultants and volunteers upon termination or resignation shall immediately be denied access to physical and electronic records containing personal information and will be required to return or destroy all records and files containing personal information in any form that may at the time of such termination or resignation be in their possession or control, including all such information stored on laptops, portable devices, or other media, or in files, records, notes, or papers.

VII. SECURITY BREACH AND NOTIFICATION

All employees, whether full-time, part-time, seasonal or temporary, and independent contractors, consultants and volunteers, shall as soon as practicable and without unreasonable delay notify the Data Security Coordinator when such person knows or has reason to know of a security breach or when the person knows or has reason to know that personal information was acquired or used by an unauthorized person or used for an unauthorized purpose.

A “security breach” is any unauthorized acquisition or unauthorized use of unencrypted data or, encrypted electronic data and the confidential process or key that is capable of compromising the security, confidentiality, or integrity of personal information that creates a substantial risk of identity theft or fraud.

A good faith but unauthorized acquisition of personal information by a person or agency, or employee or agent thereof, for lawful purposes, is not a breach of security unless the personal information is used in an unauthorized manner or subject to further unauthorized disclosure.

When the Data Security Coordinator is informed of a security breach, she will (1) notify the individual whose information was compromised, and (2) notify the Massachusetts Attorney General and the Office of Consumer Affairs and Business Regulation.

The notice to the individual will be in writing, possibly by electronic mail, and will include the following information:

- A general description of the incident;
- Identification of the personal information that may be at risk;
- A description of the security program;
- A phone number to call for further information;
- Suggestion of extra caution, to review account statements, and to obtain a credit report; and
- Phone numbers and addresses of the Federal Trade Commission, state agencies that may be of assistance, and major consumer reporting agencies. The notice will not be provided if law enforcement personnel advise against it.

The notice to the Office of Consumer Affairs and Business Regulation and to the Attorney General will include the following:

- A detailed description of the nature and circumstances of the breach of security;
- The number of people affected as of the time of notification;
- The steps already taken relative to the incident;
- Any steps intended to be taken relative to the incident subsequent to notification; and
- Information regarding whether law enforcement is engaged investigating the incident.

Non-Retaliation. The NON-PROFIT will not retaliate against anyone who reports a security breach or non-compliance with CISP, or who cooperates in an investigation regarding such breach or non-compliance. Any such retaliation will result in disciplinary action by the responsible parties up to and including suspension or termination.

Documentation. The NON-PROFIT shall document all responsive actions taken in connection with any incident involving a security breach.

VIII. CONFIDENTIALITY

Notwithstanding anything to the contrary contained herein, information held by the NON-PROFIT about registered qualifying patients, personal caregivers, and dispensary agents is confidential and shall not be disclosed without the written consent of the individual to whom the information applies, or as required under law or pursuant to an order from a court of competent jurisdiction, provided however, the Department may access this information to carry out official duties.

DISPENSING PROCEDURES

In accordance with 935 CMR 500.140(2), access to Apothca, Inc.'s ("Apothca") facility is limited to individuals 21 years of age and older. If the individual is younger than 21 years old but 18 years of age or older, he or she will not be admitted unless he or she is a registered qualifying patient or caregiver and produces an active Medical Use of Marijuana Program ID Card. If the individual is younger than 18 years old, he or she will not be allowed on the premises unless he or she is a registered qualifying patient and produces an active medical registration card and he or she is accompanied by a personal caregiver with an active Program ID Card. In addition to the Program ID Card, registered qualifying patients under the age of 21 and personal caregivers must also produce proof of identification. Upon a customer's entry into Apothca premises, an Apothca agent will immediately inspect the customer's proof of identification and determine the individual's age. An individual will not be admitted to the premises unless the retailer has verified that the individual is 21 years of age or older by an individual's proof of identification. At the door, a designated staff member will collect valid customer identification and confirm a minimum age of 21 years old, failing the confirmation of 21 years of age or older, an individual will be prohibited from entering the premises.

Once inside the retail area, customers will enter a queue to obtain individualized service where they may select any of the products available to them with the help of an Apothca agent. Point of sale stations for adult-use and medical sales will be physically separated as described below.

Upon checkout, customers will be required to confirm their identities and age a second time. Check out also activates Metrc and Apothca's seed-to-sale tracking system that is compliant with 935 CMR 500.105(8) and does not allow for transactions in excess of daily sales limitations or potency level violations. Per M.G.L. c. 94G § 7, sales are limited to one ounce of marijuana flower or its combined dry weight equivalent in Marijuana concentrate or edible Marijuana Products to a retail customer per day. One ounce of Marijuana flower shall be equivalent to five grams of active tetrahydrocannabinol (THC) in Marijuana concentrate, including but not limited to Tinctures. One ounce of Marijuana flower shall be equivalent to five hundred milligrams of active tetrahydrocannabinol (THC) in edible Marijuana Products. Topicals and ointments shall not be subject to a limitation on daily sales. Apothca will not sell Marijuana or Marijuana Products in excess of the potency levels established by 935 CMR 500.150(4). All required taxes will be collected at the point of sale. Apothca will adopt separate accounting practices at the point-of-sale for Marijuana and Marijuana Product sales, and non-Marijuana sales. In accordance with 935 CMR 500.140(4)(d)-(e), Apothca will not sell marijuana products containing nicotine or alcohol if the sale of such alcohol would require licensure pursuant to M.G.L. c. 138.

Once a customer has selected a product for purchase, an Apothca agent will collect the chosen items from the designated product storage area. An Apothca agent will then scan each product barcode into the point of sale system. Apothca will only utilize a point-of-sale system approved by the Commission in consultation with the Department of

Revenue and will not utilize software or other methods to manipulate or alter sales data. In the event of a flower sale, staff will weigh the chosen amount of flower and then place it in a tamper-resistant/child-resistant, resealable package that is compliant with 935 CMR 500.105(6). An Apothca agent will affix a label, as generated by the point of sale system, indicating the date, strain name, cannabinoid profile, and all applicable warnings detailed in 935 CMR 500.105.

In the event an Apothca agent determines an individual would place themselves or the public at risk, the agent will refuse to sell any marijuana products to the consumer. This includes, but is not limited to, a Consumer engaging in daily transactions that exceed the legal possession limits or that create a risk of diversion. Apothca will use the point of sale security system to accept payment and complete sales. The system can back up and securely cache each sale for inspection.

Apothca will not acquire or record a consumer's personal information, other than information typically required in a retail transaction, which can include identifying information to determine a consumer's age. Apothca will not record or retain any additional personal information from a consumer without the Consumer's voluntary written permission.

Pursuant to 935 CMR 500.140(5)(d), Apothca will conduct a monthly analysis of its equipment and sales data to determine that no software has been installed that could be utilized to manipulate or alter sales data and that no other methodology has been employed to manipulate or alter sales data. If any such malware is found, Apothca will immediately report the occurrence to the Commission and assist in any subsequent investigation into the matter. Apothca will maintain a record of the monthly analyses and will make it available for inspection by the Commission upon request. Further, Apothca will cooperate with the Commission and the Department of Revenue to ensure compliance with any and all taxes in accordance with the laws of the Commonwealth and 935 CMR 500.000. Apothca will maintain and provide to the Commission on a biannual basis accurate sales data collected during the six months immediately preceding this application for the purpose of ensuring an adequate supply of marijuana and marijuana products.

Apothca will utilize a temporary or semi-permanent physical barrier to provide a physical separation between the medical and adult-use sales areas. Apothca will only utilize a barrier that, in the opinion of the Commission, provides adequate separation of the sales areas of marijuana product for medical use and adult use. Apothca will provide for separate queues for sales of marijuana products for medical use from marijuana products for adult use within the sales area; provided, however, that the holder of a Program ID Card may use either line and will not be limited only to the medical use queue. Apothca retail locations will provide an area that is separate from the sales floor to allow for confidential patient consultation.

Apothca will utilize separate accounting practices at the point of sale to track marijuana product sales and non-marijuana sales.

Apothca places a premium on cleanliness, hygiene, and proper product storage to achieve and maintain successful operation of the business. In addition to regularly sanitizing surfaces with products kept separately and away from marijuana products, Apothca staff will ensure personal hygiene including washing hands throughout the day and before handling or dispensing any marijuana products. All products available for sale and consumption will be tested for impurities and subjected to Apothca's policies governing quality control per 935 CMR 500.105.

In compliance with 935 CMR 500.140(6), Apothca will make educational materials available to consumers (in adequate supply) in commonly spoken languages, which will include but not be limited to appropriate materials for the visually and hearing impaired designed to assist in the selection of marijuana and marijuana products. Apothca's educational materials will describe the varying types of products available at Apothca, as well as the types and methods of consumption. The materials will offer education on cannabis titration: the method of using the smallest amount of a given marijuana product necessary to bring about the desired effect. Additional topics discussed in consumer materials will include potency; proper dosage; information to assist in the selection of marijuana; the delayed effects of edible marijuana products; and facts regarding substance abuse signs and symptoms and related treatment programs, marijuana tolerance, dependence, and withdrawal. Consumers will be provided a material that will enable them to track the strains used and the associated effects. Apothca agents will be available to discuss the associated effects of specific strains and products at the dispensary, by telephone and via email. The consumer education materials will include the following:

- A warning that marijuana has not been analyzed or approved by the FDA, that there is limited information on side effects, that there may be health risks associated with using marijuana, and that it should be kept away from children;
- A warning that when under the influence of marijuana, driving is prohibited by M.G.L. c. 90, § 24, and machinery should not be operated;
- A statement that consumers may not sell marijuana to any other individual; and
- Information regarding penalties for possession or distribution of marijuana in violation of Massachusetts law.

PLAN FOR SEPARATING RECREATIONAL FROM MEDICAL OPERATIONS

Apothca, Inc. (“Apothca”) has developed plans and procedures to ensure virtual and physical separation between medical and adult use marijuana operations in accordance with 935 CMR 502.000.

Prior to the point of sale or at the point of sale, Apothca will designate whether marijuana and/or Marijuana Products are intended for sale for adult use or medical use through Metrc. All marijuana and Marijuana Products will be transferred to the appropriate license within Metrc prior to sale. After the point of sale, Apothca will reconcile that inventory in Metrc.

In compliance with 935 CMR 502.140, Apothca will ensure that registered patients have access to a sufficient quantity and variety of medical marijuana and marijuana products. For the first six (6) months of operations, 35% of Apothca’s marijuana product inventory will be marked for medical use and reserved for registered patients. Thereafter, Apothca will maintain a quantity and variety of medical marijuana products for registered patients that is sufficient to meet the demand indicated by an analysis of sales data collected during the preceding six (6) months. Marijuana products reserved for patient supply will, unless unreasonably impracticable, reflect the actual types and strains of marijuana products documented during the previous six (6) months. If a substitution must be made, the substitution will reflect the type and strain no longer available as closely as possible.

On a quarterly basis, Apothca will submit to the Commission an inventory plan to reserve a sufficient quantity and variety of medical marijuana and marijuana products for registered patients, based on reasonably anticipated patient needs as documented by sales records over the preceding six (6) months. On each occasion that the supply of any product within the reserved patient supply is exhausted and a reasonable substitution cannot be made, Apothca will submit a report to the Commission. Marijuana products reserved for patient supply will be either: (1) maintained on-site at Apothca’s retailer or easily accessible at another Apothca location and transferable to the retailer location within 48 hours of notification that the on-site supply has been exhausted. Apothca will perform audits of patient supply available on a weekly basis and retain those records for a period of six (6) months. Apothca may transfer marijuana products reserved for medical-use to adult-use within a reasonable period of time prior to the date of expiration provided that the product does not pose a risk to health or safety.

In addition to virtual separation, Apothca will provide for physical separation between the medical and adult use sales areas. A temporary or semi-permanent physical barrier, such as a stanchion or other divider, will be installed to create separate, clearly marked lines for patients/caregivers and adult-use consumers. Trained marijuana establishment agents will verify the age of all individuals, as well the validity of any Medical Use of Marijuana Program ID Cards, upon entry to the facility and direct them to the appropriate queue. Apothca’s agents will prioritize patient and caregiver identification verification and physical entry into the retail area.

Access to the adult-use marijuana queue will be limited to individuals 21 years of age or older, regardless of whether the individual is registered as a patient/caregiver. Registered patients under the age of 21 will only have access to the medical marijuana queue. A registered patient/caregiver 21 years of age or older will be permitted to access either queue and will not be limited only to the medical marijuana queue, so long as the transaction can be recorded in accordance with 935 CMR 501.105.

Apothca will also provide an enclosed patient consultation area that is separate from the sales floor to allow privacy and for confidential visual and auditory consultation. The patient consultation area will have signage stating “Consultation Area” and will be accessible by patients and caregivers without having to traverse a Limited Access area.

Apothca will also maintain separate financial records for adult-use products and medical products to ensure compliance with the applicable tax laws.

PLAN FOR RESTRICTING ACCESS TO AGE 21 AND OLDER

APOTHCA, INC

PLAN FOR POSITIVE IMPACT

Overview

Apothca, Inc. ("Apothca") is dedicated to serving and supporting the areas around it, particularly those that are classified as areas of disproportionate impact. Marijuana businesses have an obligation to the health and well-being of their customers as well as the communities that have had historically high rates of arrest, conviction, and incarceration related to marijuana crimes. It is Apothca's intention to be a contributing, positive force in areas of disproportionate impact and to assist in changing the perception of those associated with marijuana use.

Apothca's Team

Apothca's team is currently made up of 12 individuals including 3 individuals from Black, African American, Hispanic, or Latino descent. Those individuals include Apothca's Chief Executive Officer, Joseph Lekach, who is of Latino descent, Apothca's Chairman of the Board of Directors, Rachmil Lekach, who is of Latino descent, and Apothca's Chief Financial Officer and Director, Andrew Mark Young, who is of Black descent.

As Apothca expands, Apothca's goal will be to provide a preference, in compliance with labor laws, to applicants that currently reside in an area of disproportionate impact or have lived for five of the preceding ten years in an area of disproportionate impact and applicants that have a drug-related CORI but are otherwise legally employable in a cannabis-related enterprise. In alignment with Apothca's Diversity Plan, Apothca will focus hiring and education efforts on diverse populations including individuals from Black, African American, Hispanic or Latino descent.

Continuing Efforts

To provide continuing service and reinvestment into areas of disproportionate impact, Apothca is committed programming, restorative justice, jail diversion, workforce development, industry-specific technical assistance, and mentoring services in areas of disproportionate impact. Apothca is committed to hosting and participating in events that will support the City of Fitchburg and other areas of disproportionate impact such as community service days, charity events, and educational seminars. Apothca will require all executives, managers, and employees to participate quarterly in a community service day. Each community service day will be organized with a charitable or local organization in an area of disproportionate impact. Further plans to positively affect areas of disproportionate impact may include the following:

- Conducting industry specific educational seminars in one or more of the following: marijuana cultivation, marijuana product manufacturing, marijuana retailing, or marijuana business training;
- Providing financial mentoring services or hosting organizations providing these services (FinLab <http://finlab.cfsinnovation.com/>, Citi Foundation <http://www.citigroup.com/citi/foundation/>, etc.);
- Monthly informational sessions regarding the process for sealing and expunging criminal records;

The Chief Operating Officer will be responsible for developing measurable outcomes and ensure Apothca continues to meet its commitment to the community. Apothca will undergo quarterly staffing audits to ensure that it is hiring individuals from areas of disproportionate impact (particularly Fitchburg).
