COMPLIANCE WITH POSITIVE IMPACT PLAN

Progress or Success Goal 1

Description of Progress or Success: Goal 1) Develop and provide industry specific training to residents of Worcester in order to educate them in the areas of Marijuana cultivation, product manufacturing, and retail.

Progress toward goal: Once Bud's Leadership Team was fully established in December 2019, the Team developed and implemented an industry specific training and offered it in the impacted community of census tract 730500 free of charge. This presentation was documented so it can be distributed to people unable to attend a live session. Such topics as: cannabis cultivation, retail, product manufacturing, compliance, and how and where to find industry jobs are included in the training. This event was advertised in the WOMAG calendar of the online Worcester T&G as well as through hand delivered fliers to businesses in the impacted community in order to promote local participation and create a better prepared local workforce.

Progress or Success Goal 2

Description of Progress or Success: Goal 2) Bud's will participate in a career counseling program to prepare students for the workforce by teaching soft-skills, conducting resume building, and mock-interview workshops.

Progress toward goal: Bud's had the opportunity to partner with two community colleges located in disproportionately affected areas of the Commonwealth. In addition to working job fairs at Roxbury Community College in Boston and Quinsigamond Community College in Worcester, Bud's offered two resume building and mock-interview workshops. Roxbury Community College is outside our census tract, however they were eager to work with interested businesses and were of the few institutions in MA at the time that would allow us to participate in career services events. Roxbury is in an area of disproportionate impact. A third and fourth workshop were cancelled due to COVID. Now that the services have been established, Bud's will try to increase the number of participants by continuing to coordinate with the Colleges and by offering consistent access to the programming. Bud's is in coordination with Quinsigamond Community College to begin offering interview prep, resume coaching, and career advice through a virtual environment.

COMPLIANCE WITH DIVERSITY PLAN

Diversity Progress or Success 1

Description of Progress or Success: Goal 1) External: Increase the number of individuals falling within the listed demographics at our recruiting events and in our applicant pool. Bud's will attempt to meet this goal by participating in at least one yearly recruitment event with a focus on attracting individuals from the diverse populations listed above.

Progress toward goal: Bud's has attended job fairs at Roxbury Community College and Quinsigamond Community College. Both institutions are

located within Commission identified diverse areas. Although Bud's is not hiring for the bulk of positions until awarded final license, several qualified candidates shared their resumes at these events for future consideration. All students are 21 years of age or older.

Diversity Progress or Success 2

Description of Progress or Success: Goal 2) Internal: Hire promote and retain a diverse workforce that proportionately reflects the population demographics in the areas of minority status, gender, veterans, people with disabilities, and people who identify as LGBTQ+. basing these decisions on US Census Bureau data.

Progress toward goal: In late 2019 Bud's expanded its workforce from two to four individuals with employees identified as diverse by the commission, including: Women, Minorities, and people who identify as LGBTQ+. Until recently, there were an equal number of male and female employees at Bud's. Since the COVID pandemic, Bud's furloughed an employee and is now down to 3 employees, 2 male and 1 female. As Bud's navigates final license, 30 additional employees will be hired. In addition to employing people from each diversity group identified by the commission, Bud's will also continue to make concerted efforts toward maintaining this equal gender ratio.

TRICHOME HEALTH

PLAN TO REMAIN COMPLIANT WITH LOCAL ZONING

Trichome Health Corp. (“Trichome”) will remain compliant at all times with the local zoning requirements set forth in the Town of Lakeville’s Zoning By-Law. In accordance with By-Law Section 4.1.3, Trichome’s proposed Cultivation, Product Manufacturing, and Retailer Establishment located at 475 Kenneth Welch Drive is in the Industrial Zoning District designated for Adult Use Marijuana Establishments by Special Permit.

Trichome currently holds a Provisional Certificate of Registration (“PCR”) from the Department of Public Health (“DPH”) to operate a vertically-integrated Medical Marijuana Treatment Center at 475 Kenneth Welch Drive in Lakeville.

In compliance with 935 CMR 500.110(3) and Lakeville Zoning By-Law Section 7.4.6, the property is not located within 500 feet of an existing public or private school providing education to children in kindergarten or grades 1 through 12.

As required by the Zoning By-Law, Trichome will apply for a Special Permit and Site Plan Approval from the Lakeville Planning Board. Trichome will also apply for any other local permits required to operate an adult use cultivation, product manufacturing, and retail facility at the proposed location. Trichome will comply with all conditions and standards set forth in any local permit required to operate a cultivation, manufacturing, and retail facility at Trichome’s proposed location.

Trichome has already attended several meetings with various municipal officials and boards to discuss Trichome’s plans for a proposed cultivation, manufacturing, and retail facility and has executed a Host Community Agreement with the Town of Lakeville. Trichome will continue to work cooperatively with various municipal departments, boards, and officials to ensure that Trichome’s cultivation, manufacturing, and retail facility remains compliant with all local laws, regulations, rules, and codes with respect to design, construction, operation, and security.

Trichome has also retained the law firm Vicente Sederberg LLC to assist with ongoing compliance with local zoning requirements.

PLAN TO POSITIVELY IMPACT AREAS OF DISPROPORTIONATE IMPACT

Trichome Health Corp. (“Trichome”) is dedicated to serving and supporting municipalities classified as areas of disproportionate impact by the Cannabis Control Commission. Trichome believes that marijuana businesses have an obligation to the health and well-being of their customers as well as the communities that have had historically high rates of arrest, conviction, and incarceration related to marijuana crimes.

Trichome’s CEO Alex Mazin is a native of Worcester and has chosen to specifically focus the company’s disproportionate impact plan on the City of Worcester. With numerous immediate and extended family members that live in Worcester, Alex maintains enduring ties to the community and understands the city, its people, its culture and its future potential. Alex is committed to utilizing the opportunity afforded by his new business venture as a means through which to give back to a community that played a pivotal role in his growth and personal and professional development.

At Trichome, we believe that education is the core solution to most problems. That is why Trichome has developed what we call the Academic Empowerment Program (“AEP”). We believe that by educating people about the industry and by training people on soft skills to succeed in the workforce, we are providing the most important long-term investment one can give - the tools to succeed on one’s own. The AEP is designed to provide residents from Worcester free access to two fundamental education platforms: Industry-specific training and career counseling.

Overview

Trichome is dedicated to serving and supporting populations falling within areas of disproportionate impact, which the Commission has identified as the following:

1. Past or present residents of the geographic “areas of disproportionate impact,” which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact;
2. Commission-designated Economic Empowerment Priority applicants;
3. Commission-designated Social Equity Program participants;
4. Massachusetts residents who have past drug convictions; and
5. Massachusetts residents with parents or spouses who have drug convictions are classified as areas of disproportionate impact.

To support such populations, Trichome has created the following Plan to Positively Impact Areas of Disproportionate Impact (the “Plan”) and has identified and created goals/programs to positively impact the community of Worcester, Massachusetts, which has been identified as an area of disproportionate impact.

Goals

In order for Trichome to positively impact the Worcester community, Trichome has established the following goals:

1. The goal of the **industry-specific training** initiative is to educate residents of Worcester in the areas of marijuana cultivation, marijuana product manufacturing and marijuana retail.
2. The goal of the **career counseling program** is to provide soft skills training, coaching and career counseling.

Programs

Trichome has developed specific programs to effectuate its stated goals to positively impact the city of Worcester. Such programs will include the following:

1. Trichome's **industry-specific training** will offer educational seminars on the following topics:
 - a. **Marijuana Cultivation** - We will offer training on topics such as marijuana growing, harvesting, trimming and drying. We will also offer training on the Massachusetts regulations pertaining to cultivation so that people are educated on the rules and regulations to remain compliant while working. The purpose of these classes is to provide skills, knowledge and insight to those who seek career opportunities on the cultivation side of the cannabis business.
 - b. **Marijuana product manufacturing** - We will offer training on topics such as extraction, distillation and post processing, including training on the manufacturing of topicals, tinctures, edibles and other post-production goods. We will also offer training on the Massachusetts regulations pertaining to manufacturing so that people are educated on the rules and regulations to remain compliant while working. The purpose of these classes is to provide skills, knowledge and insight to those who seek career opportunities on the manufacturing side of the cannabis business.
 - c. **Marijuana Retail** - We will offer training on topics such as product understanding, product safety, efficacy, cannabis science and retail safety. We will offer training on the Massachusetts regulations pertaining to the retail sale of marijuana so that students are educated on the rules and regulations to remain compliant while working.
2. The **career counseling program** will:
 - a. Offer monthly seminars to those from disproportionately impacted communities to go over topics such as interview preparation, resume building and industry knowledge.
 - b. We will help guide people on how to obtain jobs and where to search. Trichome will host a workshop where trainees are coached in the three areas (resume building, interview prep and industry knowledge). All trainees will go through mock interviews and work with our team to build their resume onsite.
3. Trichome will post their training schedules and availability in local newspapers and on social media platforms. Trichome will reach out to local post-secondary institutions in the Worcester area, including Quinsigamond Community College and Worcester State University, in hopes of partnering with the schools to help promote the AEP. Trainings will remain on a rotating schedule to ensure that classes are available to accommodate all schedules. Trainees will receive a certificate of completion at the end of each course

which can be added to their resume to strengthen their candidacy for a job in the industry. Trichome will rent spaces around the city to host events. One example would be renting a room for the evening at the Hilton Garden Inn.

Measurements

The Human Resources Director will administer the Plan and will be responsible for developing measurable outcomes to ensure Trichome continues to meet its commitments. Such measurable outcomes, in accordance with Trichome's goals and programs described above, include:

1. Offer one training session per month; a minimum of twelve courses a year
2. Trainees will sign up in advance and attendance will be taken at each event
 - a. Monthly attendance growth rate will be a key metric
3. Provide online access of all training sessions and materials so that people who cannot attend in person sessions can still have access to the trainings
 - a. Monthly viewing growth rate will be a key metric
4. We will invite trainees to submit their newly built resume to Trichome onsite at the end of the training session, which can then be measured in our recruitment metrics
 - a. Monthly resume submissions growth rate will be a key metric

The Human Resources Director will review and evaluate Trichome's measurable outcomes no less than once every 6 months to ensure that Trichome is meeting its commitments. Trichome is mindful that demonstration of the Plan's progress and success will be submitted to the Commission upon renewal.

Acknowledgements

1. Trichome will adhere to the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.
2. Any actions taken, or programs instituted, by Trichome will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

ARTICLE I: GENERAL

Section 1.01 Name and Purposes. The name of the Corporation is TRICHOME HEALTH CORP. (the “**Corporation**”). The purpose of the Corporation shall be as set forth in the Corporation’s Articles of Entity Conversion as adopted and filed with the Office of the Secretary of State of the Commonwealth of Massachusetts (as now in effect or as hereafter amended or restated from time to time, the “**Articles of Entity Conversion**”) pursuant to Chapter 156D of the Massachusetts General Laws, as now in effect and as hereafter amended, or the corresponding provision(s) of any future Massachusetts General Law (“**Chapter 156D**”).

Section 1.02 Articles of Entity Conversion. These Bylaws (“**Bylaws**”), the powers of the Corporation and its shareholders and Board of Directors, and all matters concerning the conduct and regulation of the business of the Corporation, shall be subject to the provisions in regard thereto that may be set forth in the Articles of Entity Conversion. In the event of any conflict or inconsistency between the Articles of Entity Conversion and these Bylaws, the Articles of Entity Conversion shall control.

Section 1.03 Corporate Seal. The Board of Directors may adopt and alter the seal of the Corporation. The seal of the Corporation, if any, shall, subject to alteration by the Board of Directors, bear its name, the word “Massachusetts” and the year of its incorporation.

Section 1.04 Fiscal Year. The fiscal year of the Corporation shall commence on January 1, and end on the following December 31 of each year, unless otherwise determined by the Board of Directors.

Section 1.05 Location of Principal Office of the Corporation. The principal office of the Corporation shall be located at such place within the Commonwealth of Massachusetts as shall be fixed from time to time by the Board of Directors, and if no place is fixed by the Board of Directors, such place as shall be fixed by the President.

ARTICLE II: SHAREHOLDERS

Section 1.01 Place of Meeting. Meetings of the shareholders shall be held at any place within or without the Commonwealth of Massachusetts that may be designated by the Board of Directors. Absent such designation, meetings shall be held at the principal office. The Board of Directors may, in its discretion, determine that the meeting may be held solely by means of remote electronic communication. If authorized by the Board of Directors, and subject to any guidelines and procedures adopted by the Board of Directors, shareholders not physically present at a meeting of shareholders, may participate in a meeting of shareholders by means of electronic transmission by and to the Corporation or electronic video screen communication; and, may be considered present in person and may vote at a meeting of shareholders, whether held at a designated place or held solely by means of electronic transmission by and to the Corporation or electronic video screen communication, subject to the conditions imposed by applicable law.

Section 1.02 Annual Meeting. The annual meeting of shareholders of this Corporation shall be held on such date and at such time as may be designated from time to time by the Board

of Directors. At the annual meeting, Directors shall be elected, and any other business may be transacted that is within the power of the shareholders and allowed by law; *provided, however*, that unless the notice of meeting, or the waiver of notice of such meeting, sets forth the general nature of any proposal to (i) approve or ratify a contract or transaction with a Director or with a corporation, firm or association in which a Director has an interest; (ii) amend the Articles of Entity Conversion of this Corporation; (iii) approve a reorganization or merger involving this Corporation; (iv) elect to wind up and dissolve this Corporation; or (v) effect a plan of distribution upon liquidation otherwise than in accordance with the liquidation preferences of outstanding shares with liquidation preferences, no such proposal may be approved at an annual meeting.

Section 1.03 Special Shareholders' Meetings. Special meetings of the shareholders, for any purpose whatsoever, may be called at any time by the President, the Board of Directors or by shareholders entitled to cast not less than ten percent (10%) of the corporation's voting power. Any person entitled to call a special meeting of shareholders (other than the Board of Directors) may make a written request to the Chair of the Board (if any), President, Vice President (if any) or Secretary, specifying the general purpose of such meeting and the date, time and place of the meeting, which date shall be not less than fifteen (15) days nor more than sixty (60) days after the receipt by such officer of the request. Within twenty (20) days after receipt of the request, the officer receiving such request forthwith shall cause notice to be given to the shareholders entitled to vote at such meeting, stating that a meeting will be held on the date and at the time and place requested by the person or persons requesting a meeting and stating the general purpose of the meeting. If such notice is not given twenty (20) days after receipt by the officer of the request, the person or persons requesting the meeting may give such notice. No business shall be transacted at a special meeting unless its general nature shall have been specified in the notice of such meeting; *provided, however*, that any business may be validly transacted if the requirements for such validity, as provided in Section 2.12 of these Bylaws, are met.

Section 1.04 Shareholder Nominations and Proposals. For business (including, but not limited to Director nominations) to be properly brought before an annual or special meeting by a shareholder, the shareholder or shareholders of record intending to propose the business (the "**Proposing Shareholder**") must have given written notice of the Proposing Shareholder's nomination or proposal, either by personal delivery or by the United States mail to the Secretary of the Corporation. In the case of an annual meeting, the Proposing Shareholder must give such notice to the Secretary of the Corporation no earlier than one hundred and twenty (120) calendar days and no later than ninety (90) calendar days before the date such annual meeting is to be held. If the current year's meeting is called for a date that is not within thirty (30) days of the anniversary of the previous year's annual meeting, notice must be received not later than ten (10) calendar days following the day on which public announcement of the date of the annual meeting is first made. In no event will an adjournment or postponement of an annual meeting of shareholders begin a new time period for giving a Proposing Shareholder's notice as provided above.

For business to be properly brought before a special meeting of shareholders, the notice of meeting sent by or at the direction of the person calling the meeting must set forth the nature of the business to be considered. A shareholder or shareholders who have made a written request for a special meeting pursuant to Section 2.03 of these Bylaws may provide the information required for notice of a shareholder proposal under this Section 2.04 simultaneously with the written request for the

meeting submitted to the Secretary or within ten (10) calendar days after delivery of the written request for the meeting to the Secretary.

A Proposing Shareholder's notice shall include as to each matter the Proposing Shareholder proposes to bring before either an annual or special meeting:

- (a) The name(s) and address(es) of the Proposing Shareholder(s).
- (b) The classes and number of shares of capital stock of the Corporation held by the Proposing Shareholder.
- (c) If the notice regards the nomination of a candidate for election as Director:
 - (i) The name, age, business and residence address of the candidate;
 - (ii) The principal occupation or employment of the candidate; and
 - (iii) The class and number of shares of the Corporation beneficially owned by the candidate.
- (d) If the notice is in regard to a proposal other than a nomination of a candidate for election as Director, a brief description of the business desired to be brought before the meeting and the material interest of the Proposing Shareholder of such proposal.

Section 1.05 Notice of Shareholders' Meeting. Except as otherwise provided by law, written notice stating the place, day and hour of the meeting, and, in case of a special meeting, the nature of the business to be transacted at the meeting, shall be given at least ten (10) days and not more than sixty (60) days before the meeting. In the case of an annual meeting, notice will include matters the Corporation's Board of Directors intends, at the time of the giving of the first of such notices, to present to the shareholders for action, and in the case of a meeting at which Directors are to be elected, the names of nominees that the Board of Directors, at the time of the giving of the first of such notices, intends to present to the shareholders for election. Proof that notice was given shall be made by affidavit of the Secretary, assistant Secretary, transfer agent or Director, or of the person acting under the direction of any of the foregoing, who gives such notice, and such proof of notice shall be made part of the minutes of the meeting. Such affidavit shall be prima facie evidence of the giving of such notice. It shall not be necessary to state in a notice of any meeting of shareholders as a purpose thereof any matter relating to the procedural aspects of the conduct of such meeting.

Notice shall be given personally, by electronic transmission or by mail, by or at the direction of the Secretary, or the officer or person calling the meeting, to each shareholder entitled to vote at the meeting. If remote participation in the meeting has been authorized by the Board of Directors, the notice shall also provide a description of the means of any electronic transmission by and to the Corporation or electronic video screen communication by which shareholders may be considered present and may vote and otherwise participate at the meeting.

If mailed, the notice shall be deemed to be given when deposited in the United States mail addressed to the shareholder at the shareholder's address as it appears on the share transfer records

of the Corporation, with postage thereon prepaid. Notice may be given to the shareholder by electronic transmission. Notice by electronic transmission is deemed given when the notice satisfies any of the following requirements:

- (a) Transmitted to a facsimile number provided by the shareholder for the purpose of receiving notice.
- (b) Transmitted to an electronic mail address provided by the shareholder for the purpose of receiving notice.
- (c) Posted on an electronic network, with a separate notice sent to the shareholder at the address provided by the shareholder for the purpose of alerting the shareholder of a posting.
- (d) Communicated to the shareholder by any other form of electronic transmission consented to by the shareholder.

Notice shall not be given by electronic transmission to a shareholder after either (i) the Corporation is unable to deliver two consecutive notices to such shareholder by such means or (ii) the inability to deliver such notices to such shareholder becomes known to any person responsible for giving such notices. Any person entitled to notice of a meeting may file a written waiver of notice with the Secretary either before or after the time of the meeting. The participation or attendance at a meeting of a person entitled to notice constitutes waiver of notice, except where the person objects, at the beginning of the meeting, to the lawfulness of the convening of the meeting and except that attendance is not a waiver of any right to object to conducting business at a meeting that is required to be included in the notice of the meeting, but not so included.

Section 1.06 *Reserved*

Section 1.07 Fixing the Record Date. For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, the record date shall be the date specified by the Board of Directors in the notice of the meeting. If no date is specified by the Board of Directors, the record date shall be the close of business on the day before the notice of the meeting is mailed to shareholders. If no notice is sent, the record date shall be the date set by the law applying to the type of action to be taken for which a record date must be set.

In the case of action by written consent of the shareholders without a meeting, the record date shall be (a) the date fixed by the board of directors or (b) the date that the first shareholder signs the written consent if no date has been fixed by the board.

A record date fixed under this Section may not be more than seventy (70) days before the meeting or action requiring a determination of shareholders. A determination of shareholders entitled to notice of or to vote at a shareholders' meeting is effective for any adjournment of the meeting unless the Board of Directors fixes a new record date.

Section 1.08 Quorum of and Action by Shareholders. A quorum shall be present for action on any matter at a shareholder meeting if a majority of the votes entitled to be cast on the

matter by a voting group is represented at the meeting in person or by proxy. A voting group includes all shares of one or more classes or series that are entitled, by law or the Articles of Organization, to vote and to be counted together collectively on a matter at a meeting of shareholders.

Once a quorum for a voting group has been established at a meeting, the shareholders in that voting group represented in person or by proxy at the meeting are deemed present for quorum purposes for the remainder of the meeting and for any adjournment unless:

- a. The shareholder attends the meeting solely to object to defective notice or the conduct of the meeting on other grounds and does not vote the shares or take any other action at the meeting.
- b. The meeting is adjourned and a new record date is set for the adjourned meeting.

The shareholders in a voting group represented in person or by proxy at a meeting of shareholders, even if not comprising a quorum, may adjourn the meeting as to the voting group until a time and place as may be determined by a vote of the holders of a majority of the shares of the voting group represented in person or by proxy at that meeting. If the meeting is adjourned for more than 120 days after the date fixed for the original meeting, a new record date must be fixed by the Board of Directors; notice of the meeting must be given to the shareholders who are members of the voting group as of the new record date, and a new quorum for the meeting must be established.

Section 1.09 *Reserved*

Section 1.10 Conduct of Meetings. The Board of Directors may adopt by resolution rules and regulations for the conduct of meetings of the shareholders as it shall deem appropriate. At every meeting of the shareholders, the President, or in his or her absence or inability to act, a Director or officer designated by the Board of Directors, shall serve as the presiding officer. The Secretary or, in his or her absence or inability to act, the person whom the presiding officer of the meeting shall appoint secretary of the meeting, shall act as secretary of the meeting and keep the minutes thereof.

The presiding officer shall determine the order of business and, in the absence of a rule adopted by the Board of Directors, shall establish rules for the conduct of the meeting. The presiding officer shall announce the close of the polls for each matter voted upon at the meeting, after which no ballots, proxies, votes, changes or revocations will be accepted. Polls for all matters before the meeting will be deemed to be closed upon final adjournment of the meeting.

Section 1.11 Voting of Shares. Unless otherwise provided by law or in the Articles of Entity Conversion, each shareholder entitled to vote is entitled to one (1) vote for each share of common stock. Any holder of shares entitled to vote on any matter may vote part of such shares in favor of the proposal and refrain from voting the remaining shares or vote them against the proposal. If a shareholder fails to specify the number of shares such shareholder is voting affirmatively, it will be conclusively presumed that the shareholder's approving vote is with respect to all shares such shareholder is entitled to vote.

Section 1.12 Consent of Absentees. The transactions of any meeting of shareholders, however called or noticed, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice, or a consent to the holding of such meeting, or an approval of the minutes thereof. The waiver notice, or consent need not specify the business transacted or purpose of the meeting, except as required by Chapter 156D. All such waivers, consents or approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 1.13 Voting by Proxy or Nominee. Every person entitled to vote or execute consents may do so either in person or by one (1) or more agents authorized by a written proxy executed by the person or such person's duly authorized agent and filed with the Secretary of the Corporation. A proxy is not valid after the expiration of eleven (11) months from the date of its execution, unless the person executing it specifies therein the length of time for which it is to continue in force. Except as set forth below, any proxy duly executed is not revoked, and continues in full force and effect, until an instrument revoking it, or a duly executed proxy bearing a later date, executed by the person executing the prior proxy and presented to the meeting, is filed with the Secretary of the Corporation, or unless the person giving the proxy attends the meeting and votes in person, or unless written notice of the death or incapacity of the person executing the proxy is received by the Corporation before the vote by such proxy is counted. A proxy that states on its face that it is irrevocable will be irrevocable for the period of time specified in the proxy, if held by a person (or nominee of a person) specified by law to have sufficient interest to make such proxy irrevocable and only so long as he shall have such interest, subject to Chapter 156D, § 7.22.

Section 1.14 Action by Shareholders Without a Meeting. Any action, that, under any provision of Chapter 156D may be taken at a meeting of the shareholders, may be taken without a meeting and without prior notice if a consent in writing, setting forth the action so taken, shall be signed by the holders of the outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares are entitled to vote thereon were present and voted; *provided, however*, that unless the consents of all shareholders entitled to vote have been solicited in writing, notice shall be given (in the same manner as notice of meetings is to be given), and within the time limits prescribed by law, of such action to all shareholders entitled to vote who did not consent in writing to such action; and *provided, further*, that Directors may be elected by written consent only if such consent is unanimously given by all shareholders entitled to vote, except that action taken by shareholders to fill one (1) or more vacancies on the Board other than a vacancy created by the removal of a Director, may be taken by written consent of a majority of the outstanding shares entitled to vote.

ARTICLE III: DIRECTORS

Section 1.15 Number of Directors; Identity of Initial Directors. The authorized number of Directors of the Corporation shall be two (2) until changed by an amendment to these Bylaws duly adopted in accordance with these Bylaws by the vote or written consent of a majority of the outstanding shares entitled to vote. The initial Directors shall be:

- (a) Alexander Mazin; and

(b) Nellie Israel

Section 1.16 Powers. All corporate power shall be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, the Board of Directors, except such powers expressly conferred upon or reserved to the shareholders, and subject to any limitations set forth by law, by the Articles of Organization or by these Bylaws.

Section 1.17 Term of Office. Directors shall hold office until the next annual meeting of shareholders and until their successors are elected.

Section 1.18 Vacancies and Newly Created Directorships. Vacancies and newly created directorships, whether resulting from an increase in the size of the board of directors, from the death, resignation, disqualification or removal of a director or otherwise, may be filled by election at an annual or special meeting of shareholders called for that purpose or/ solely by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board of Directors. A director elected to fill a vacancy shall be elected for the unexpired term of his or her predecessor in office.

Section 1.19 Removal. The Board of Directors may declare vacant the office of a Director who has been declared of unsound mind by an order of the court or convicted of a felony, or who has been barred from ownership of a marijuana business by a final decision of an applicable state or local licensing authority, or otherwise in a manner provided by law.

Any or all of the Directors may be removed from office at any duly called meeting without cause by a vote of the shareholders entitled to elect them. If one (1) or more Directors are so removed at a meeting of shareholders, the shareholders may elect new Directors at the same meeting.

Section 1.20 Resignation. A Director may resign effective on giving written notice to the President, unless the notice specifies a later effective date.

Section 1.21 Meetings of Directors.

(a) Regular Meetings. A regular annual meeting of the Board shall be held immediately after, and at the same place as, the annual meeting of shareholders for the purpose of electing officers and transacting any other business. The Board may provide for other regular meetings from time to time by resolution.

(b) Special Meetings. Special meetings of the Board for any purpose or purposes may be called at any time by the President, Vice President (if any), Chairman of the Board, the Secretary, by any two (2) Directors or by one (1) Director in the event that there is only one (1) Director. Notice of the time and place of special meetings shall be delivered by mail, electronic delivery or orally. If notice is mailed, it shall be deposited in the United States mail at least two (2) days before the time of the meeting. In the case the notice is delivered either orally or by electronic delivery shall be delivered at least forty-eight (48) hours before the time of the meeting. Any oral notice given personally or by telephone may be communicated either to the Director or to a person at the office of the Director whom the person giving notice has reason to believe will promptly communicate

it to the Director. The notice need not specify the purpose of the meeting nor the place if it is to be held at the principal office of the Corporation.

(c) Place of Meetings. Meetings of the Board may be held at any place within or without the Commonwealth of Massachusetts that has been designated in the notice. If a place has not been stated in the notice or there is no notice, meetings shall be held at the principal office of the Corporation unless another place has been designated by a resolution duly adopted by the Board.

Section 1.22 Electronic Participation. Members of the Board may participate in a meeting through conference telephone, electronic video screen communication or other electronic transmission by and to the Corporation. Participation in a meeting by conference telephone or electronic video screen communication constitutes presence in person as long as all Directors participating can hear one another. Participation by other electronic transmission by and to the Corporation (other than conference telephone or electronic video screen communication) constitutes presence in person at the meeting as long as participating Directors can communicate with other participants concurrently, each Director has the means to participate in all matters before the Board, including the ability to propose or object to a specific corporate action, and the Corporation implements some means of verifying that each person participating is entitled to participate and all votes or other actions are taken by persons entitled to participate.

Section 1.23 Quorum of and Action by Directors. A majority of the authorized number of Directors constitutes a quorum of the Board for the transaction of business. Every act or decision done or made by a majority of the Directors present at a meeting duly held at which a quorum is present is the act of the Board of Directors, unless Chapter 156D or the Articles of Entity Conversion require a greater number. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, if any action is approved by at least a majority of the Directors who constitute the required quorum for such meeting. A quorum of the Directors may adjourn any Directors' meeting to meet again at a stated time and place. In the absence of quorum, a majority of the Directors present may adjourn from time to time. Notice of the time and place of a meeting that has been adjourned for more than twenty-four (24) hours shall be given to the Directors not present at the time of the adjournment.

Section 1.24 Compensation. Directors may receive compensation for their services, and the Board of Directors may authorize payment of a fixed fee and expenses of attendance, if any, for attendance at any meeting of the Board of Directors or committee thereof. A Director shall not be precluded from serving the Corporation in any other capacity and receiving compensation for services in that capacity. The Directors may, from time to time, establish compensation policies of the Corporation consistent with this Section 3.10.

Section 1.25 Action by Directors Without a Meeting. Any action required or permitted to be taken by the Board of Directors or any committee thereof under Chapter 156D may be taken without a meeting if, prior or subsequent to the action, a consent or consents thereto by all of the Directors in office, or all the committee members then appointed, is filed with the Secretary to be filed with the minutes of the proceedings of the Board of Directors. Such action by written consent shall have the same force and effect as a unanimous vote of such Directors.

Section 1.26 Committees of the Board of Directors. The Board of Directors, by resolution adopted by a majority of authorized Directors, may designate one (1) or more committees, each consisting of two (2) or more Directors, to serve at the pleasure of the Board and to exercise the authority of the Board of Directors to the extent provided in the resolution establishing the committee and permitted by law. The Board of Directors may adopt governance rules for any committee consistent with these Bylaws. The provisions of these Bylaws applicable to meetings and actions of the Board of Directors shall govern meetings and actions of each committee, with the necessary changes made to substitute the committee and its members for the Board of Directors and its members.

A committee of the Board of Directors does not have the authority to:

- (a) Approve actions that require approval of the shareholders or the outstanding shares.
- (b) Fill vacancies on the Board or in any committee.
- (c) Amend or repeal bylaws or adopt new bylaws.
- (d) Amend or repeal any resolution of the Board of Directors that by its terms is not so amendable or repealable.
- (e) Make a distribution to shareholders, except at a rate, in a periodic amount or within a price range set forth in the Articles of Entity Conversion or determined by the Board.

The Board of Directors, by resolution adopted by the majority of authorized Directors, may designate one (1) or more Directors as alternate members of any committee who may replace any absent or disqualified member at any meeting of the committee or for the purposes of any written action by the committee.

The designation of a committee of the Board of Directors and the delegation thereto of authority shall not operate to relieve the Board of Directors, or any member thereof, of any responsibility imposed by law.

ARTICLE IV: OFFICERS

Section 1.27 Positions and Election. The officers of the Corporation shall be elected by the Board of Directors and shall be a President, a Secretary, a Treasurer and all other officers as may from time to time be determined by the Board of Directors. At the discretion of the Board of Directors, the Corporation may also have other officers, including but not limited to one (1) or more Vice Presidents or assistant Vice Presidents, one (1) or more assistant Secretaries, a Chief Financial Officer and a Chief Operations Officer, as may be appointed by the Board of Directors, with such authority as may be specifically delegated to such officers by the Board of Directors. Any two (2) or more offices may be held by the same person.

Each officer shall serve until a successor is elected and qualified or until the earlier death, resignation or removal of that officer. Vacancies or new offices shall be filled at the next regular or special meeting of the Board of Directors.

Section 1.28 Removal and Resignation. Any officer elected or appointed by the Board of Directors may be removed with or without cause by the affirmative vote of the majority of the Board of Directors. Removal shall be without prejudice to the contract rights, if any, of the officer so removed.

Any officer chosen by the Board of Directors may resign at any time by giving written notice to the Corporation. Unless a different time is specified in the notice, the resignation shall be effective upon its receipt by the President, the Secretary or the Board.

Section 1.29 Powers and Duties of Officers. The powers and duties of the officers of the Corporation shall be as provided from time to time by resolution of the Board of Directors or by direction of an officer authorized by the Board of Directors to prescribe the duties of other officers. In the absence of such resolution, the respective officers shall have the powers and shall discharge the duties customarily and usually held and performed by like officers of corporations similar in organization and business purposes to the Corporation subject to the control of the Board of Directors.

ARTICLE V: INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 1.30 Indemnification of Officers or Directors. The Corporation shall, to the extent permitted by Chapter 156D, indemnify all persons who have served or may serve at any time as officers or Directors of the Corporation and their heirs, executors, administrators, successors and assigns, from and against any and all loss and expense, including amounts paid in settlement before or after suit is commenced, and reasonable attorney's fees, actually and necessarily incurred as a result of any claim, demand, action, proceeding or judgment that may have been asserted against any such persons, or in which these persons are made parties by reason of their being or having been officers or Directors of the Corporation. This right of indemnification shall not exist in relation to matters as to which it is adjudged in any action, suit or proceeding that these persons are liable for negligence or misconduct in the performance of duty.

Section 1.31 Non-Exclusivity of Indemnification Rights and Authority to Insure. The foregoing rights of indemnification and advancement of expenses shall be in addition to and not exclusive of any other rights to which any person may be entitled pursuant to any agreement with the Corporation, or under any statute, provision of the Articles of Entity Conversion or any action taken by the Directors or shareholders of the Corporation.

The Corporation may buy and maintain insurance to protect itself and any agent against any expense asserted against them or incurred by an agent, whether or not the Corporation could indemnify the agent against the expense under applicable law or the provisions of this Article V.

ARTICLE VI: SHARE CERTIFICATES AND TRANSFER

Section 1.32 Share Certificates. Shares of the Corporation may, but need not, be represented by certificates. Each certificate issued shall bear all statements or legends required by law to be affixed thereto. For all shares issued or transferred without certificates, the Corporation shall within a reasonable time after such issuance or transfer send the shareholder a written statement of the information required on share certificates pursuant to Chapter 156D, § 6.25(b) & (c) and § 6.27. Shareholders can request and obtain a statement of rights, restrictions, preferences and privileges regarding classified shares or a class of shares with two (2) or more series, if any, from the Corporation's principal office. Each certificate issued shall bear all statements or legends required by law to be affixed thereto.

Every certificate for shares shall be signed by (i), the President, or a Vice President and (ii) the Chief Financial Officer, an assistant Treasurer, the Secretary or any assistant Secretary.

Section 1.33 Transfers of Shares. Transfer of shares of the Corporation shall be made only on the books of the Corporation by the registered holder thereof or by such other person as may under law be authorized to endorse such shares for transfer, or by such shareholder's attorney thereunto authorized by power of attorney duly executed and filed with the Secretary or transfer agent of the Corporation. Except as otherwise provided by law, upon surrender to the Corporation or its transfer agent of a certificate for shares duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the Corporation to issue a new certificate to the person entitled thereto, cancel the old certificate and record the transaction upon its books.

Section 1.34 Registered Shareholders. The Corporation may treat the holder of record of any shares issued by the Corporation as the holder in fact thereof, for purposes of voting those shares, receiving distributions thereon or notices in respect thereof, transferring those shares, exercising rights of dissent with respect to those shares, exercising or waiving any preemptive right with respect to those shares, entering into agreements with respect to those shares in accordance with the laws of the Commonwealth of Massachusetts or giving proxies with respect to those shares.

Section 1.35 Lost, Stolen, or Destroyed Certificates. The Board of Directors may issue a new share certificate in place of any certificate it previously issued that the shareholder alleges to have been lost, stolen or destroyed provided that the shareholder or the shareholder's legal representative of the lost, stolen or destroyed certificate shall give the Corporation a bond or other adequate security sufficient to indemnify the Corporation against any potential claim against the Corporation because of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate.

ARTICLE VII: CORPORATE RECORDS AND INSPECTION

Section 1.36 Records. The Corporation shall maintain adequate and correct books and records of account, minutes of the proceedings of the shareholders, Board of Directors and committees of the Board of Directors, and a record of its shareholders, including names and addresses of all shareholders and the number and class of shares held, along with any

other records required by law. The Corporation shall keep such record of its shareholders at its principal office, as fixed by the Board of Directors from time to time, or at the office of its transfer agent or registrar. The Corporation shall keep its books and records of account and minutes of the proceedings of the shareholders, Board of Directors and committees of the Board of Directors at its principal office, or such other location as shall be designated by the Board of Directors from time to time.

Section 1.37 Inspection of Books and Records. The Corporation's accounting books and records and minutes of proceedings of the shareholders, Board of Directors and committees of the Board of Directors shall, to the extent provided by law, be open to inspection of Directors, shareholders and voting trust certificate holders, in the manner provided by law.

Section 1.38 Certification and Inspection of Bylaws. The Corporation shall keep in its principal office the original or a copy of these Bylaws as amended or otherwise altered to date, which shall be open to inspection by the shareholders at all reasonable times during office hours.

ARTICLE VIII: MISCELLANEOUS

Section 1.39 Checks, Drafts, Etc. All checks, drafts or other instruments for payment of money or notes of the Corporation shall be signed by an officer or officers or any other person or persons as shall be determined from time to time by resolution of the Board of Directors.

Section 1.40 Conflict with Applicable Law or Articles of Entity Conversion. Unless the context requires otherwise, the general provisions, rules of construction and the definitions of Chapter 156D shall govern the construction of these Bylaws. These Bylaws are adopted subject to any applicable law and the Articles of Entity Conversion. Whenever these Bylaws may conflict with any applicable law or the Articles of Entity Conversion, such conflict shall be resolved in favor of such law or the Articles of Entity Conversion.

Section 1.41 Invalid Provisions. If any one (1) or more of the provisions of these Bylaws, or the applicability of any provision to a specific situation, shall be held invalid or unenforceable, the provision shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and the validity and enforceability of all other provisions of these Bylaws and all other applications of any provision shall not be affected thereby.

Section 1.42 Emergency Management of the Corporation. In anticipation of or during an emergency, as defined in Chapter 156D, § 3.03(d), the Board, in order to conduct the ordinary business affairs of the Corporation, shall modify procedures, including, but not limited to, calling a board meeting, quorum requirements for such board meeting and designation of additional or substitute Directors; *provided*, that such modifications may not conflict with the Articles of Entity Conversion.

In anticipation of or during an emergency, the Corporation shall be able to take any and all of the following actions to conduct the Corporation's ordinary business affairs and operations:

To Whom It May Concern:

On behalf of Trichome Health Corp. (“**Trichome**”), this correspondence is in response to the Cannabis Control Commission’s (the “**Commission**”) November 2, 2018 Requests for Additional Information Notices for Trichome’s Cultivator (MCN281738), Product Manufacturer (MPN281507) and Retailer (MRN281774) applications. The Commission requested the following information, and Trichome responds as follows:

1. **Commission Request:** *Copy of the articles of organization. 935 CMR 500.101(2)(e)(1) (required)*

Note: Patrick Clarke and Christopher Max Alex are listed on the articles of organization but not named within your application. Please add them to your application of intent and background check packets or provide documentation explaining why they do not need to be added to your applications.

Trichome’s Response: A copy of Trichome’s Articles of Entity Conversion was submitted to the Commission with each of the three license applications referenced above. However, since Trichome’s Articles of Entity Conversion were originally filed with the Secretary of the Commonwealth in June 2018, there have been several changes, explained below, to the directors and officers of Trichome.

- a. Patrick Clarke was removed as the Treasurer and a Director on Trichome’s Board of Directors and is no longer affiliated with Trichome in any capacity.
- b. Christopher Max Alex was removed as the Secretary and a Director on Trichome’s Board of Directors and is no longer affiliated with Trichome in any capacity.
- c. Nellie Israel was appointed, and continues to serve, as the Secretary and a Director on Trichome’s Board of Directors.

- d. Alexander Mazin was appointed to serve as the Treasurer, and will continue to serve as a Director on Trichome's Board of Directors.

A Statement of Change of Supplemental Information was filed with the Secretary of the Commonwealth in August 2018 to effectuate the changes listed above, and a copy is included with this response.

Please do not hesitate to contact our office if you have any questions. Thank you for your attention to these matters.

2.COMPANY DESCRIPTION

475 Kenneth Welch Drive

Bud's 475 Kenneth Welch Dr. location will be a 25,000 square foot facility to be used for the purposes of cannabis cultivation, product manufacturing and retail. Cannabis products will be grown, processed, manufactured and packaged at Bud's Lakeville facility. Within the Lakeville facility, Bud's will have a commercial kitchen and a commercial extraction laboratory. All products manufactured in Lakeville will be transported to different retail locations across the state on a weekly basis.

Zoning

- 475 Kenneth Welch Drive is located in an area defined as Industrial Zoning District by the Town of Lakeville.
- The Lakeville Zoning By-Law allows Adult Use Marijuana Retailers (retail sale) and Adult Use Marijuana Establishments (cultivation, manufacturing, and transport) by Planning Board Special Permit in the Industrial Zoning District.
- This location is not located within 500 feet of a public or private primary or secondary school, licensed daycare center, public library, public park or playground and a marijuana storefront retail.

Current Status

Currently, 475 Kenneth Welch Dr. is a stand-alone 20,000 square foot building with a warehouse, an office, and a showroom. The building was constructed in 1992.

Bud's Cultivation Overview

Bud's will cultivate, process and package marijuana, and transfer marijuana to other ME, in accordance with Bud's licensed cultivation tier. All phases of the cultivation, processing, and packaging of marijuana by Bud's will take place in a designated area that is not visible from a public place without the use of binoculars, aircraft or other optical aids.

Application of pesticides by Bud's will be performed in compliance with M.G.L. c. 132B and the regulations promulgated at 333 CMR 2.00 through 333 CMR 14.00. Any testing results indicating noncompliance will be immediately reported to the CCC, who may refer any such result to the Massachusetts Department of Agricultural Resources. In the event that Bud's sells or otherwise transfers marijuana to another ME, Bud's will provide documentation of its compliance with the testing requirements of 935 CMR 500.160. Bud's will only label marijuana with the word "organic" if all cultivation is consistent with US Department of Agriculture organic requirements at 7 CFR 205. Soil for cultivation will meet federal standards identified by the CCC.

Bud's cultivation process will use best practices to limit contamination including, but not limited to: mold, fungus, bacterial diseases, rot, pests, pesticides not in compliance with 500.120(5) for use on marijuana, mildew, and any other contaminant identified as posing potential harm. Any application of plant nutrient to land used for the cultivation of marijuana will comply with St. 2012, c. 262, as amended by St. 2013, c. 118, § 26, and 330 CMR 31.00: Plant Nutrient Application Requirements for Agricultural Land and Non-agricultural Turf and Lawns.

Bud's, through the use of a POS Software, will assign and record a unique, sequential alphanumeric identifier to each cultivation batch for the purposes of production tracking, product labeling, and product recalls.

Technical Specifications

The Bud's facility utilizes a water-chilled system to control temperature and humidity levels. Cultivation rooms are individually controlled and monitored through the use of a Direct Digital Control ("DDC"), which is an automated control of a condition or process by a digital device. Adjustable environmental parameters include heat, humidity, and light control. Cultivation rooms that house plant material will be under video surveillance—as outlined in the Bud's Security Policies and Procedures.

Safety

All agents will complete mandatory safety training sessions. Bud's agents and Bud's management will have specific responsibilities to ensure health and safety at the Bud's facility.

Plant Care

Cultivation Technicians will be responsible for all plant maintenance in their assigned cultivation rooms. Responsibilities will include watering/irrigation, potting/re-potting, pruning and Integrated Pest Management (IPM). The IPM Program is designed to control and limit pests and other pathogens through the use of natural pesticides/fungicides. Cultivation Technicians will maintain appropriate levels of sanitation in all cultivation areas and keep assigned cultivation rooms clean and free from hazards. Toxic items will be clearly labeled, identified appropriately, logged into a system, held, and stored in the cultivation supply room in order to protect marijuana and MIPs from being contaminated.

Pest Control Prevention

Pests and pathogens will be managed and controlled to the greatest extent possible. Pests include insects, diseases, or any unwanted organism that directly or indirectly damages plants. Bud's will implement an Integrated Pest Management (IPM) Program to manage and control pest problems. IPM is a systematic approach to managing pests that focuses on long-term prevention or suppression with minimal impact on human health, the environment, and non-target organisms. A successful IPM Program consists of five (5) main categories: sanitation, monitoring, identification of pest problems, control methods, and evaluation.

recordkeeping requirements.

- i. No marijuana product will be sold or otherwise marketed for adult use that has not first been tested by an Independent Testing Laboratory and deemed to comply with the standards required under 935 CMR 500.160.

Energy Efficiency and Conservation

Bud's will satisfy minimum energy efficiency and equipment standards established by the CCC and meet all applicable environmental laws, regulations, permits and other applicable approvals, including those related to water quality and solid and hazardous waste management, prior to obtaining a final license under 935 CMR 500.103(2). Bud's will adopt and use additional best management practices as determined by the CCC, in consultation with the working group established under St. 2017, c. 55, § 78(b), to reduce energy and water usage, engage in energy conservation and mitigate other

environmental impacts, and will provide energy and water usage reporting to the CCC in a form determined by the CCC.

Bud's Product Manufacturing Overview

Bud's will produce concentrates for bulk sale and the creation of marijuana products using a hydrocarbon extraction process and/or an ethanol extraction process, and then refined to extremely high purity and cleanliness using a fractional distillation process. The refinement process will reduce levels of microbials (mold, yeast, gram negative bacteria, etc.) and heavy metals down to an undetectable scale. This will ensure Bud's can provide consumers with clean and safe products.

All edible marijuana products will be prepared, handled, and stored in compliance with the sanitation requirements in 105 CMR 500.000: Good Manufacturing Practices for Food, and with the requirements for food handlers specified in 105 CMR 300.000: Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements.

Bud's agents will follow thorough hygienic practices and will maintain adequate personal cleanliness. All Bud's agents will wash their hands thoroughly before starting work, and at any other time when hands may have become soiled or contaminated. Hand-washing facilities will be placed conveniently within the Bud's facility and will be equipped with running water, effective hand-cleaning and sanitizing preparations, suitable drying devices, and sufficient storage for all cleaning and sanitation materials. All Bud's agents will also wear food-grade disposable gloves when handling marijuana and in the creation of marijuana products.

Product Manufacturer Processes

The Bud's facility utilizes state-of-the-art extraction technology by way of a Hydrocarbon Extraction Machine. Further refinement of this raw concentrate will be accomplished using a fractional distillation still for removal of any trace amounts of microbial and heavy metals contamination. This highly-purified concentrate will be used in precision-dosed marijuana products, as well as sold in bulk and in vaporizer cartridges.

Production of Edible Marijuana Products

Production of edibles will take place in compliance with the following:

1. Any edible marijuana product that is made to resemble a typical food or beverage product must be packaged and labeled as required by M.G.L. c. 94G, § 4(a½)(xxvi) and 935 CMR 500.105(5) and (6).
2. Bud's will not manufacture or sell edibles in the following shapes:
 - a. The distinct shape of a human, animal, or fruit; or
 - b. A shape that bears the likeness or contains characteristics of a realistic or fictional human, animal, or fruit, including artistic, caricature, or cartoon renderings.

3. Bud's may manufacture edible marijuana products that are geometric shapes and simply fruit-flavored.

Bud's Retail Overview

The retail location will consist of a secure security checkpoint upon entry, a separate waiting area and a separate retail shopping area. Upon arriving to a retail location, customers will be required to demonstrate that they are age 21 or older by providing current, valid, government-issued identification before entering the waiting area. Bud's plans to construct a state-of-the-art retail site that is technologically-advanced, safe, and sparkling clean. Our retail space will foster a positive customer experience by emphasizing education, safety, and direct customer interaction. Bud's prides itself on an educational approach to retail. We want to ensure that every customer is aware of our extensive product options and gets exactly what they need.

Bud's trained security team and dispensary agents will ensure that only consumers 21 years of age or older with a verified and valid, government-issued photo ID will be permitted to enter the dispensary and purchase adult-use marijuana. In the event that Bud's discovers any of its agents intentionally or negligently sold marijuana to an individual under the age of 21, the agent will be terminated immediately and the CCC will be promptly notified.

While in the waiting area, customers will check-in and will be provided with customized educational materials and menus to review prior to being called into the retail portion of the store. A Bud's representative will be available to answer any questions customers may have while waiting.

After checking-in, customers will be allowed into the retail area by a trained dispensary agent. Dispensary agents will guide them step-by-step to the best-suited product for them.

Upon checkout, dispensary agents will check IDs one final time prior to completing the transaction. Once their transaction is complete, customers will then be required to leave the premises. Bud's security agents will be trained to prevent loitering.

In addition to selling our own Bud's-branded product lines, we anticipate selling products cultivated and manufactured by other companies. Bud's will have a strict process for curating the best products produced across the state of Massachusetts. These products will be purchased at wholesale prices. All products will be packaged in child-resistant packaging.

Explanation of Delay in Timeline:

Timeline delays are attributed to respectfully allowing the boards and commissions that govern the Town of Lakeville the time to determine a standard policy on what is required for cultivation, manufacturing, and retail in there town. Another major factor to the delay are the anticipated shutdowns required to combat several waves of the novel coronavirus and the COVID-19 illness that can follow after exposure. Date of commencement anticipated August 19th, 2021.

3. COMMUNITY PROGRAM

Bud's looks forward to working cooperatively with local leaders, elected officials, and community members in each of our host communities. Bud's will operate as a responsible, contributing corporate citizen and anticipates establishing a mutually-beneficial relationship with each municipality in exchange for permitting Bud's to site and operate there.

Plan to Positively Impact Areas of Disproportionate Impact

Bud's Founder & CEO, Alex Mazin, is a native of Worcester and has chosen to specifically focus the company's pilot disproportionate impact plan on the City of Worcester. With numerous immediate and extended family members that live in Worcester, Alex maintains enduring ties to the community and understands the city, its people, its culture and its future potential. Alex is committed to utilizing the opportunity afforded by his new business venture as a means through which to give back to a community that played a pivotal role in his growth and personal and professional development.

Overview

Bud's Goods & Provisions Corp. ("Bud's") is dedicated to serving and supporting populations falling within areas of disproportionate impact, which the Commission has identified as the following:

1. Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact;
2. Commission-designated Economic Empowerment Priority applicants;
3. Commission-designated Social Equity Program participants;
4. Massachusetts residents who have past drug convictions; and
5. Massachusetts residents with parents or spouses who have drug convictions are classified as areas of disproportionate impact.

To support such populations, Bud's has created the following Plan to Positively Impact Areas of Disproportionate Impact (the "Plan") which outlines Bud's goals and programs to positively impact census tract 730500 in Worcester, Massachusetts ("chosen area") which has been identified as an area of disproportionate impact by the Commission. Our chosen area is special to Bud's as it is home to our flagship retail store.

Goals

At Bud's, we believe education is the core solution to most problems. We believe that by educating people about the cannabis industry and by training people on the soft skills necessary to find more gainful employment in any industry, we can use our strengths to provide the most important long-term investment one can give - the tools to succeed on one's own.

Bud's has established the following goals to positively impact our chosen area:

1. The goal of the **Industry-Awareness Training** is to engage with Worcester area colleges and universities in supporting students and staff members in understanding the career opportunities within the cannabis industry. Engagement is currently ongoing with Quinsigamond Community College.
2. The goal of the **Career Counseling** is to provide residents of our chosen area assistance with developing the soft skills necessary for seeking a new or better job in any industry through collaboration with other local institutions.

Programs

Bud's has developed specific programs to effectuate its stated goals to positively impact our chosen area. Such programs will include the following:

1. Bud's **Industry-Awareness Training** program provides educational seminars to the following groups:
 - a. Staff members & Professors at Quinsigamond Community College
 - i. At Bud's we believe that college staff members and teaching staff are amongst the most influential people when it comes to career advice. Through our engagement seminars we plan to engage with college staff, who are 21 years of age and older, in an effort to educate them about the cannabis industry but more specifically, the skills necessary for the cannabis workforce and the career opportunities they need to think about for their students and their subject matter. Bud's will continue to host at least one (1) seminar per year at Quinsigamond Community College limited to college staff, professors, and perhaps staff from other institutions.
 - b. Student Body
 - i. In addition to college staff seminars, we will continue to host at least one (1) educational seminar for students at Quinsigamond Community College who are 21 years of age and older. Student educational seminars will help students understand the career opportunities that exist in the cannabis industry but also make them realize that being a part of the cannabis industry is not limited to just working in a dispensary or a cultivation facility. The aim of these seminars is to help students understand how to apply their current knowledge and skillset to the existing cannabis industry.
2. Bud's **Career Counseling Program** will:

- a. Participate in career services events hosted by Quinsigamond Community College and other institutions that serve the residents of our chosen area. These events include, but are not limited to resume review sessions, mock interviews, and career advice sessions.

Measurements

The Human Resources representative administers the Plan and is responsible for reporting our measurable outcomes to ensure Bud's continues to meet its commitments. Such measurable outcomes, in accordance with Bud's goals and programs described above, include:

1. Offer two (2) Industry-Awareness seminars per year; one for staff & one for students at Quinsigamond Community College:
 - a. Attendees will sign up in advance and attendance will be taken at each event; and
 - b. Bud's will document the number of attendees, and the growth rate of each event as it compares to previous events.
2. Participate in Career Services events once per quarter at Quinsigamond Community College:
 - a. Attendees will sign up in advance and attendance will be taken at each event; and
 - b. Bud's will document the number of attendees, and the growth rate of each event as it compares to previous events.

Bud's developed this Plan by participating in mock interviews and resume building events at Roxbury Community College and by speaking engagements at Quinsigamond Community College and Clark University. Bud's hosted an industry preparedness event for the residents of our chosen area. As Bud's is granted final licensure from the Commission and expands from a very small team to a growing start up we strongly believe the goals and programs outlined in the Plan will evolve and positively impact more than our chosen area.

Bud's will utilize the proposed measurements to assess its Plan and will account for demonstrating proof of success or progress of the Plan upon the yearly renewal of the license. Furthermore, the Human Resources representative will review and evaluate Bud's measurements no less than twice a year to ensure that Bud's is meeting its commitments. Bud's is mindful that demonstration of the Plan's progress and success will be submitted to the Commission upon renewal.

Acknowledgements

1. As identified above, Bud's intends to partner with Quinsigamond Community College and acknowledges that Quinsigamond Community College has been contacted and has agreed to a partnership with Bud's (see attached online posting).
2. Bud's will adhere to the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.

Process: Employees will volunteer a minimum of 2 times/year to a local district non-profit organization

Metric: Employees' attendance will be counted at each event. Employees will be held accountable to attend 2 community service events per year as part of their professional development at Bud's.

Equal Recruitment Effort

Goal: Bud's will strive to prioritize in hiring Lakeville residents and will strive to match Massachusetts's demographics to our hiring. We will also strive to hire veterans.

Furthermore, Bud's human resources team will develop a diversity and inclusion policy and train staff to ensure all candidates are reviewed without bias. In an effort to hire veterans, we will work closely with Veteran's organizations in the Lakeville area.

Metric: All recruitment efforts will be recorded so that reports can be provided with candidate statistics and hiring success rates.

Plans to Contribute Economically

- Bud's will hire locally and will source local suppliers

Regulation & Safety Benefits

4. MARKETING & SALES

Growth Strategy

Bud's plan to grow the company includes multiple strategies. Bud's will initially seek to open three retail locations in Massachusetts along with cultivation and product manufacturing, then add additional locations and scale opportunistically per state regulations. Bud's will develop *unique* market products to sell through wholesale channels to other retail dispensaries. Additionally, Bud's anticipates at-home delivery to account for a large portion of revenue once delivery regulations are finalized by the CCC. Our overarching strategy for growth is to make it easy and convenient for customers to access Bud's unique, high-quality products across the state.

Communication

Bud's will engage in reasonable marketing, advertising, and branding practices that are not otherwise prohibited in 935 CMR 500.105(4)(b) that do not jeopardize the public health, welfare or safety of the general public or promote the diversion of marijuana or marijuana use in individuals younger than 21 years old. Any such marketing, advertising and branding created for viewing by the public will include the statement "Please Consume Responsibly," in a conspicuous manner on the face of the advertisement and will include a minimum of two of the warnings, located at 935 CMR 500.105(4)(a), in their entirety in a conspicuous manner on the face of the advertisement.

- Average customer spend is ~\$70 per transaction

 - 20-30 Transactions an hour
 - 6 Sales Representatives
 - 10 minutes per customer transaction

Bud's will not sell multiple serving beverages and each single serving of an edible marijuana product contained in a multiple-serving package will be marked, stamped, or otherwise imprinted with the symbol issued by the Commission under 935 CMR 500.105(5) that indicates that the single serving is a marijuana product. At no point will an individual serving size of any marijuana product contain more than five (5) milligrams of delta-nine tetrahydrocannabinol.

Plan for Separating Recreational from Medical Operations

Bud's Goods & Provisions Corp. ("Bud's") does not intend to co-locate medical and adult-use operations at the proposed facility. In the event that this changes in the future and Bud's receives all necessary licenses and approvals to co-locate medical and adult-use operations at the facility, Bud's will abide by the following policies to separate its medical and adult-use operations:

Bud's will develop plans to ensure virtual and physical separation between medical and adult use marijuana operations in accordance with 935 CMR 500.101(2)(e)(4).

Using a sophisticated and customized seed-to-sale and Point of Sale (POS) software system approved by the Commission, Bud's will virtually separate medical and adult-use operations by designating at the point of sale whether a particular marijuana product is intended for sale to a registered patient/caregiver or a verified consumer 21 years of age or older. All inventory and sales transactions will be carefully tracked and documented in these software systems.

In compliance with 935 CMR 500.140(10), Bud's will ensure that registered patients have access to a sufficient quantity and variety of marijuana and marijuana products to meet their medical needs. For the first 6 months of operations, 35% of Bud's marijuana product inventory will be marked for medical use and reserved for registered patients. Thereafter, a quantity and variety of marijuana products for patients that is sufficient to meet the demand indicated by an analysis of sales data collected during the preceding 6 months will be marked and reserved for registered patients.

Marijuana products reserved for registered patients will be either: (1) maintained on site in an area separate from marijuana products intended for adult use, or (2) easily accessible at another Bud's location and transferable to Bud's's retailer location within 48 hours. Bud's may transfer a marijuana product reserved for medical use to adult use within a reasonable period of time prior to the product's date of expiration.

In addition to virtual separation, Bud's will provide for physical separation between the area designated for sales of medical marijuana products to patients/caregivers, and the area designated for sales of adult-use marijuana products to individuals 21 years of age or older. Within the sales area, a temporary or semi-permanent barrier, such as a stanchion or other divider, will be installed to create separate, clearly marked lines for patients/caregivers and adult-use consumers. Trained marijuana establishment agents will verify the age of all individuals, as well the validity of any Medical Use of Marijuana Program ID Cards, upon entry to the facility and direct them to the appropriate queue.

Access to the adult-use marijuana queue will be limited to individuals 21 years of age or older, regardless if the individual is registered as a patient/caregiver. Registered patients under the age of 21 will only have access to the medical marijuana queue. Registered patients/caregivers 21 years of age or older will be permitted to access either queue and will not be limited only to the medical marijuana queue.

Bud's will have a private area separate from the sales floor to allow a registered patient/caregiver to meet with a trained marijuana establishment agent for confidential consultations about the medical use of marijuana.

Plan for Restricting Access to Age 21 and Older

Pursuant to 935 CMR 500.050(5)(b), Bud's Goods & Provisions Corp. ("Bud's") will only be accessible to employees and visitors 21 years of age or older with a verified and valid, government-issued photo ID. The only exception is for employees of contractors performing services on the premises, which must be prior approved by management. Upon entry into the premises of the marijuana establishment by an individual, a Bud's agent will immediately inspect the individual's proof of identification and determine the individual's age, in accordance with 935 CMR 500.140(2).

In the event Bud's discovers any of its agents intentionally or negligently allowed an individual under the age of 21 into the licensed premises, the agent will be immediately terminated, and the Commission will be promptly notified, pursuant to 935 CMR 500.105(1)(l). Bud's will not hire any individuals who are under the age of 21 or who have been convicted of distribution of controlled substances to minors, pursuant to 935 CMR 500.030(1).

Pursuant to 935 CMR 500.105(4), Bud's will not engage in any marketing, advertising or branding practices that are targeted to, deemed to appeal to or portray minors under the age of 21. Bud's will not engage in any advertising, marketing and branding by means of television, radio, internet, mobile applications, social media, or other electronic communication, billboard or other outdoor advertising, including charitable, sporting or similar events, unless at least 85% of the audience is reasonably expected to be 21 years of age or older as determined by reliable and current audience composition data. Bud's will not manufacture or sell any edible products that resemble a realistic or fictional human, animal or fruit, including artistic, caricature or cartoon renderings, pursuant to 935 CMR 500.150(1)(b). In accordance with 935 CMR 500.105(4)(a)(5), any marketing, advertising and branding materials for public viewing will include a warning stating, **"For use only by adults 21 years of age or older. Keep out of the reach of children. Marijuana can impair concentration, coordination and judgment. Do not operate a vehicle or machinery under the influence of marijuana. Please Consume Responsibly."** Pursuant to 935 CMR 500.105(6)(b), Bud's packaging for any marijuana or marijuana products will not use bright colors, resemble existing branded products, feature cartoons or celebrities commonly used to market products to minors, feature images of minors or other words that refer to products commonly associated with minors or otherwise be attractive to minors. The Bud's website will require all online visitors to verify they are 21 years of age or older prior to accessing the website, in accordance with 935 CMR 500.105(4)(b)(13).
