COMPLIANCE WITH POSITIVE IMPACT PLAN Progress or Success Goal 1

Description of Progress or Success: Program: Ascend will develop a partnership with the Suffolk County Sheriff Department ("SCSD") to provide referrals of qualified applicants, with a specific focus on hiring individuals with past drug convictions, that have completed job-training and reentry programs, are under court supervision, and who otherwise meet Ascend's criteria for employment. This initiative will be managed by the Chief Executive Officer, Human Resources Director, and Dispensary Manager. Ascend will initially measure its progress through the successful development of a partnership with SCSD. Based on the specifics of that partnership, Ascend's goal is to hire six (6) individuals from this partnership. All employees will receive significant training to reduce barriers to entry to the cannabis industry.

Progress: Ascend is finalizing the build out of its Newton facility. Once completed, it will begin the hiring process. Please see the attached letter from the Suffolk County Sheriff Department indicating its continued commitment to participating in such a program.

Progress or Success Goal 2

Description of Progress or Success: Program: Ascend will contribute 0.5% of its net revenue to the WeGrow Foundation (the "Foundation"), a fund set up by Ascend Wellness Holdings, the parent company of Ascend. It will be independently run, with its own President/CEO, Executive Director and Board. The specific organizations, businesses and individuals who might receive grants or other assistance from the Foundation will be chosen by the Foundation, based upon the purpose, goals and criteria that it, not Ascend Mass, chooses. As an operationally independent charitable organization, the Foundation, through grants and other giving, will support eligible organizations and programs that provide services to: 1. Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact; 2. Commission-designated Economic Empowerment Priority applicants; 3. Commission-designated Social Equity Program participants; 4. Massachusetts residents who have past drug convictions; and 5. Massachusetts residents with parents or spouses who have drug convictions are classified as areas of disproportionate impact.

Plan for Positive Impact on Areas of Disproportionate Impact

Overview

Ascend Mass, LLC ("Ascend") is dedicated to serving and supporting areas of disproportionate impact, which the Cannabis Control Commission has identified as the following:

- 1. Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact;
- 2. Commission-designated Economic Empowerment Priority applicants;
- 3. Commission-designated Social Equity Program participants;
- 4. Massachusetts residents who have past drug convictions; and
- 5. Massachusetts residents with parents or spouses who have drug convictions are classified as areas of disproportionate impact.

To support such populations, Ascend has created the following Plan to Positively Impact Areas of Disproportionate Impact (the "Plan") and has identified and created numerous goals and priorities.

Goals

Ascend seeks to:

- 1. Reduce barriers to entry in the commercial adult-use cannabis industry; and
- 2. Provide business assets (time, organization skills, finances) towards endeavors that will have a positive impact towards the promotion of sustainable, socially, and economically reparative practices in the cannabis industry in Massachusetts.

Programs

Our commitment is an essential part of the company's ethos. Specifically, Ascend will:

- In partnership with Suffolk County Sheriff Steven W. Tompkins, Ascend intends to hire ex-offenders from the Suffolk County House of Corrections that have completed job-training and re-entry programs to work within Ascend's dispensary and who otherwise meet Ascend's criteria for employment. As outlined below, Ascend's goal is to hire six individuals through this program; and
- 2) Establish a independent charitable foundation in partnership with Ascend Wellness Holdings, LLC.

These initiatives are further outlined in the plan below.

Re-Entry Programs

Ascend will develop a partnership with the Suffolk County Sheriff Department ("SCSD") to provide referrals of qualified applicants, with a specific focus on hiring individuals with past drug convictions, that have completed job-training and re-entry programs, are under court supervision, and who otherwise meet Ascend's criteria for employment. This initiative will be managed by the Chief Executive Officer, Human Resources Director, and Dispensary Manager.

Ascend will initially measure its progress through the successful development of a partnership with SCSD. Based on the specifics of that partnership, **Ascend's goal is to hire six (6) individuals from this partnership**. All employees will receive significant training to reduce barriers to entry to the cannabis industry.

If Ascend does not meet its goals, it must exceed its above-described hiring goals the following year by the number it missed the year before.

The WeGrow Foundation

Ascend will contribute 0.5% of its net revenue to the WeGrow Foundation (the "Foundation"), a fund set up by Ascend Wellness Holdings, the parent company of Ascend. It will be independently run, with its own President/CEO, Executive Director and Board. The specific organizations, businesses and individuals who might receive grants or other assistance from the Foundation will be chosen by the Foundation, based upon the purpose, goals and criteria that it, not Ascend Mass, chooses. As an operationally independent charitable organization, the Foundation, through grants and other giving, will support eligible organizations and programs that provide services to:

- 1. Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact;
- 2. Commission-designated Economic Empowerment Priority applicants;
- 3. Commission-designated Social Equity Program participants;
- 4. Massachusetts residents who have past drug convictions; and
- 5. Massachusetts residents with parents or spouses who have drug convictions are classified as areas of disproportionate impact.

The Foundation will have a board comprised of independent directors with no affiliation or financial interest in Ascend or Ascend Wellness Holdings. Ms. Cabral is serving on the board in an interim capacity until the final board is selected and installed, at which time she will resign.

Plan Administration

The Community Engagement Officer will administer Ascend's Plan to Positively Impact Areas of Disproportionate Impact ("Plan"). The Community Engagement Officer will be responsible developing specific initiatives, creating partnerships and achieving measurable outcomes to

ensure that Ascend meets the Plan's goals. Ascend will audit the plan annually upon license renewal and will disclose and track measurement metrics. Metrics tracked will include the following:

- 1. Number of employees hired as part of Ascend's partnership with SCSD. The applicant will count the number of employees hired as part of this partnership and compare to its goal number of six;
- 2. Funds raised by the WeGrow foundation; and
- 3. Measures undertaken by the WeGrow Foundation that positively impact areas of disproportionate impact. The applicant will outline a list of all of the philanthropic activities that the WeGrow Foundation has undertaken and prepare documentation outlining how they meet the specific goals of the Cannabis Control Commission.

Disclosures

Ascend will adhere to the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.

Any actions taken, or programs instituted, by Ascend will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

As identified above, Ascend will donate to the Foundation and acknowledges that the Foundation has been contacted and will receive the donation described herein.

4. PRODUCT / SERVICE

4.1 Dispensing Procedures

In accordance with 935 CMR 500.140(3), access to Ascend's facility is limited to individuals 21 years of age and older. Upon a customer's entry into the Ascend premises, an Ascend agent will immediately inspect the customer's proof of identification and determine the individual's age. An individual will not be admitted to the premises unless the retailer has verified that the individual is 21 years of age or older by an individual's proof of identification. At the door, a designated staff member will collect valid customer identification and confirm a minimum age of 21 years old, failing the confirmation of 21 years of age or older, an individual will be prohibited from entering the premises.

Once inside the retail area, customers will enter a queue to obtain individualized service where they may select any of the products available to them with the help of an Ascend agent. Upon checkout, customers will be required to confirm their identities and age a second time. Check out also activates the seed-to-sale tracking system that is compliant with 935 CMR 500.105(8).

Per M.G.L. c. 94G § 7, sales are limited to one ounce of marijuana flower or five grams of marijuana concentrate per transaction. All required taxes will be collected at the point of sale.

Once a customer has selected a product for purchase, an Ascend agent will collect the chosen items from the designated product storage area. An Ascend agent will then scan each product barcode into the point of sale system. In the event of a flower sale, staff will weigh the chosen amount of flower and then place it in a tamper-resistant/child-resistant, resealable package that is compliant with 935 CMR 500.105(5). An Ascend agent will affix a label, as generated by the point of sale system, indicating the date, strain name, cannabinoid profile, and all applicable warnings detailed in 935 CMR 500.105.

In the event an Ascend agent determines an individual would place themselves or the public at risk, the agent will refuse to sell any marijuana products to the consumer. Ascend will use the point of sale security system to accept payment and complete sales. The system can back up and securely cache each sale for inspection.

Pursuant to 935 CMR 500.140(6)(d), Ascend will conduct a monthly analysis of its equipment and sales data to determine that no software has been installed that could be utilized to manipulate or alter sales data and that no other methodology has been employed to manipulate or alter sales data. If any such malware is found, Ascend will immediately report the occurrence to the Commission and assist in any subsequent investigation into the matter. Ascend will maintain a record of the monthly analyses and will make it available for inspection by the Commission upon request. Further, Ascend will cooperate with the Commission and the Department of Revenue to ensure compliance with any and all taxes in accordance with the laws of the Commonwealth and 935 CMR 500.000.

Ascend places a premium on cleanliness, hygiene, and proper product storage to achieve and maintain successful operation of the business. In addition to regularly sanitizing surfaces with products kept separately and away from marijuana products, Ascend staff will ensure personal hygiene including washing hands throughout the day and before handling or dispensing any

marijuana products. All products available for sale and consumption will be tested for impurities and subjected to Ascend's policies governing quality control per 935 CMR 500.105.

Additional topics discussed in consumer materials will include potency; proper dosing; the delayed effects of edible marijuana products; and substance abuse and related treatment programs, marijuana tolerance, dependence, and withdrawal.

4.2 Pricing Structure

Ascend's pricing structure will vary based on market conditions. Ascend plans to sell products of superior quality and will price its products accordingly.

4.3 Customer Education

FIRST VISIT: Customers visiting the facility for the first time will go through an intake process where they receive a primer on regulations surrounding cannabis; how to safely consume, store, and transport their product; and information regarding strains, dosage, and desired effects. All customers will be required to review and sign a community norms agreement, in which they certify that they understand that the ability to utilize an Ascend store is contingent on respect for the surrounding neighborhood. Public consumption, diversion, queuing, loitering, and other behaviors are not tolerated and practicing them will eliminate the opportunity for future store visits.

VISUAL MATERIALS: Flyers, pamphlets, and other materials will be available in the entry vestibule as well as throughout the dispensary floor. There will also be signage proximate to point-of-sale terminals reminding customers about the consequences of product diversion.

AUDITORY REMINDERS: In a friendly, approachable manner, customer service representatives will educate customers at the point of sale about how to safely store, consume, and transport their product.

TAKEAWAY MATERIALS: Product safety guides and general informational material will be placed in each and every bag to ensure customers have access to safety materials when they intend to utilize the product.

Ascend will ensure that all marijuana products that are provided for sale to consumers are sold in tamper or child-resistant packaging. Packaging for marijuana products sold or displayed for consumers, including any label or imprint affixed to any packaging containing marijuana products or any exit packages, will not be attractive to minors.

Packaging for marijuana products sold or displayed for consumers in multiple servings will allow a consumer to easily perform the division into single servings and include the following statement on the exterior of the package in a printed font that is no smaller than ten-point Times New Roman, Helvetica, or Arial, including capitalization: "INCLUDES MULTIPLE SERVINGS." Ascend will not sell multiple serving beverages and each single serving of an edible marijuana product contained in a multiple-serving package will be marked, stamped, or otherwise imprinted with the symbol issued by the Commission under 935 CMR 500.105(5) that indicates that the single serving is a marijuana product. ENERGY COMPLIANCE PLAN

Ascend Mass, LLC ("Ascend Mass") is currently exploring potential energy-use reduction opportunities such as natural lighting and energy efficiency measures and a plan for implementation of such opportunities. Ascend Mass will update this plan as necessary and will further provide relevant documentation to the Commission during Architectural Review and during inspections processes.

Potential Energy-Use Reduction Opportunities

Ascend Mass is considering the following potential opportunities for energy-use reduction and plans for implementation of such opportunities.

- 1. Natural Lighting;
- 2. Energy efficient exterior wall construction, which may include batt insulation, continuous rigid insulation, and air and vapor barriers; and
- 3. Plumbing fixtures that are Water Sense rated for reduced water consumption.

As the need and opportunity for facility upgrades and maintenance arise in the future and the company becomes cash flow positive, Ascend Mass will continue to evaluate energy-use reduction opportunities.

Renewable Energy Generation Opportunities

Ascend Mass is in the process of considering opportunities for renewable energy generation (including wind and solar options). Ascend Mass' preliminary examination of renewable energy generation has determined that the upfront costs of such options are too expensive at this time, although Ascend Mass may reconsider at a future date. Ascend Mass will also consult with its architects and engineers when designing the facility to determine the building's capacity for renewable energy options (e.g. whether or not the roof can support the weight of solar panels). Nevertheless, our team is dedicated to consistently strive for sustainability and emissions reduction.

Strategies to Reduce Electric Demand

Ascend Mass is considering the following strategies to reduce electric demand:

- 1. Exterior and interior glazing on windows such that maximum natural daylight can enter the building without compromising security, reducing the reliance on artificial light during daytime hours;
- 2. Lighting fixtures that are energy efficient and used with Energy Star rated bulbs; and
- 3. Room lighting and switching will have occupancy sensors to reduce electrical consumption when rooms are unoccupied.

As the need and opportunity for facility upgrades and maintenance arise in the future and the company becomes cash flow positive, Ascend Mass will continue to evaluate strategies to reduce electric demand.

Opportunities for Engagement with Energy Efficiency Programs

Ascend Mass also plans on engaging with energy efficiency programs offered by Mass Save and the Massachusetts Clean Energy Center and will coordinate with municipal officials to identify

other potential energy saving programs and initiatives. Ascend Mass will also coordinate with its utility companies to explore any energy efficiency options available to Ascend Mass.
