We are not going to spend much to facelift the facility. Before taking over the facility, it was used as a CrossFit gym and remains in good condition. ### **Market Analysis**

#### **Market Trends**

The market trend in the retail industry of which the recreational marijuana dispensary business falls under is directly influenced by the state of Massachusetts policies. The fact that the recreational marijuana industry is highly regulated means that any entrepreneur who wants to run a recreational marijuana dispensary business must be ready to play by the book or they will be booted out of business. Several other factors influence market trends in the industry, and it is normal to see bigger recreational marijuana dispensary stores (especially those with chains of stores) weather the storm whenever there are major shakes in the industry. In essence, the easiest way to build a solid and highly profitable recreational marijuana dispensary business is to engage in opening an outlet in key high traffic location in MA. Undoubtedly, the industry will continue to grow and become more profitable due to the aging baby-boomer generation in Massachusetts which is projected to drive increasing demand for recreational marijuana. Recreational marijuana dispensary stores are now making use of technology to effectively manage their business by plugging financial leakages which happens to be one of the biggest challenges that retail businesses faces. The use of technology is very effective in helping retail businesses manage their business and market to a specific clientele base.

#### **Our Target Market**

Hadleaf is in business to service a wide range of customers. We will ensure that we target 21 and older walk-in customers and online pre-order customers. The fact that we are going to open our doors to a wide range of customers does not in any way stop us from targeting those groups that we may find not attracting as much of once up and operating. Our staff is trained to

effectively service our customers and still play by the rules governing the industry. Our customers can be categorized into the following categories;

- Households
- Corporate Executives
- Businesspeople
- Elderly people
- Sports Men and Women
- Mid-Twenties
- Middle aged people – who are usually working stressed from work and may have insomnia

We believe we possess several strengths that will allow us to always remain visible on the business radar.

The retail recreational marijuana industry is known to be highly competitive in the state of Massachusetts. The industry is growing and there are alternative ways through which customers can purchase products. There are also plenty of alternative retail locations in the Hadley, MA area some are small businesses like ours and some are large corporations that can offer lower prices on products these are both real competitors in the industry. These competitors ensure that they do all that lies within their power to gain a favorable market share of the available market in any given region. In this industry, most of the competitive dynamics center around the quality of cannabis dispensed, the service offered, the location where the dispensary is at, discounts offered for the products, and to some extent, the branding of the business plays a significant role. Even though competition is stiff especially from the big, well-backed enterprises, smaller enterprises can still get their fair share of the market if they stay true to the competitive dynamics. It is a fact that small recreational marijuana dispensaries will always struggle with larger recreational marijuana dispensaries & chains when it comes to pricing power and brand recognition which is why a smaller retail store always goes out of their ways to deliver excellent customer service. It is through top notch customer service that they can secure a fair share of the available market.

Hadleaf is entering into the market well prepared to favorably compete in the industry. Our store is well positioned and highly visible. We have plenty of parking space available with good security. Our management staff will be well groomed in retail recreational marijuana and all our employees will be trained to provide customized customer service to all of our customers. We are going to be the closest recreational marijuana dispensary store in the Hadley, MA area to the main highway i91. We have detailed information on what we will be able to do to structure our business to attract the numbers of customers we want to attract at a given time. We will hire staff who have a solid understanding of the retail industry to help us develop marketing strategies that will allow us to achieve our business goal of winning a larger percentage of the available market in the Hadley, MA area. We do not view hiring the best hands in marketing as a waste of money; rather we see it as a wise investment that will guarantee a large return within a short period of time.

It would be wrong to fix pricing without first determining other factors that surround costing. This is one of the reasons why we will work towards ensuring that all of our products are offered at highly competitive prices compared to what is obtainable in the area. The fact that we are going to be offering our products at comparable prices to our competitors does not in any way mean that we will sell sub – standard products. Selling our products at a price that obtainable in our competitors' stores means that we will be going with regular market rates.

### **Payment Options**

At Hadleaf, our payment policy is all inclusive because we are quite aware that different people prefer different payment options as it suits them. Here are the payment options that will be available in all of our ; store

## **Growth**

It is the wish of any business to become so successful that there is a good succession plan to act upon. More often than not, having a good succession plan will help you know the direction your business is headed. As such, the future of a business lies in the number of loyal customers, the capacity and competence of the employees, their investment strategy and the business structure. If all of these factors are missing from a business, then it won't be long before the business closes shop. One of our major goals in starting Hadleaf is to build a business that will survive off its own cash flow without the need for injecting finances from external sources once the business is officially up and running. We know that one of the ways of gaining approval and winning customers over is to sell better quality products than what is currently obtainable in the local market. In doing so if needed, we are well prepared to survive on lower profit margin. Hadleaf will make sure the correct foundation, structures and processes are put in place to ensure that our staff is well taken of. Our company's corporate culture is designed to drive our business to greater heights and training and re – training of our workforce is top of mind to keep a excellent customer service in the store. ## **Financial Projections**

### **Sources of Income**

We know that it is vital to state and act on the ways through which we have decided to raise funds. Our source of income will be primarily in the retailing of recreational marijuana and other supplemental products.

### **Sales Forecast**

One of the true marks of an effective entrepreneur is being able to forecast sales based on the magnitude of work that has been put into the business. It is important to state that our sales forecast is based on the data gathered during our feasibility studies, market survey, and also some of the assumptions readily available in the field. Below are the sales projections that we were able to come up with for the first three years of operations;

First Year-: \$2,400,000

Second Year:- \$3,000,000

Third Year:- \$3,600,000

This projection is done based on what is obtainable in the industry and with the assumption that there won't be any major economic meltdown or natural disasters within the period stated above. Please note that the above projection might be lower, but may also be higher.

### **Start – Up Expenditure (Budget)**
