Hi Amy,

In addition to the HCA renewal, the CCC has also requested correspondence to the town requesting the records of any costs imposed on the city or town that are reasonably related to the operation of the Marijuana Establishment or Medical Marijuana Treatment Center. The request should state that, "in accordance with M.G.L. c. 94G, § 3(d), any cost to a city or town imposed by the operation of a Marijuana Establishment or MTC shall be documented and considered a public record as defined by M.G.L. c. 4, § 7, cl. 26."

The attached email correspondence was from the original request I sent on May 24th.

Could you please respond to this email with any records etc. per the directions/guidance outlined above. If no records or cost, please just make note of that in the response and we should be all set.

Thank you,
Brian

Positive Impact Plan

Per previous RFI's and CCC guidance, SunnyDayz, Inc. has established a proposed plan that is closer in proximity to the Town of Deer that positively affects people in areas of disproportionate impact. Specifically those in areas of Western MA struggling with Food Security - which affects roughly 13% of the population (including Franklin County). Statistics show that over 98,740 residents of Western MA struggle with hunger, or food insecurity, which includes roughly 26,760 struggling with Childhood Food Insecurity.

SunnyDayz, Inc. intends to provide both charitable donations and service hours through a partnership with the FoodBank of Western MA (HQ located in Chicopee, MA). The FoodBank of Western MA is a regional organization that provides food to nearly every food pantry, shelter, meal site, and many other food assistance sites in Western Massachusetts. They are also the authorized distributor of food available through government programs like the US Department of Agriculture ([USDA](#)), The Emergency Food Assistance Program ([TEFAP](#)) and the Massachusetts Emergency Food Assistance Program ([MEFAP](#)).

Our Positive Impact Plan addresses the following populations of disproportionately harmed people:

1. Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact. This area includes all of Hamden County, Franklin County, Hampshire County, and Berkshire County. More specifically, the cities of Springfield & West Springfield.

Goals:

The goal of our Positive Impact Plan is two fold: an annual charitable donation to support on-going fundraising initiatives. SDI employee's will volunteer time for either two main programs offered by the Food Bank of Western MA.

Programs:

- Charitable Donations: 3-month Point-of-Sale Donation Campaign and/or annual donation in the amount of \$5,000.
- SunnyDayz will commit at least twenty (20) hours of community service (annually) a. SunnyDayz will commit 2 employees to donate 10 hours of community service (annually). Volunteer efforts will include:
 - **Food Sorting Volunteers**
 - **Farm Volunteers** needed seasonally from April to November.
 - SunnyDayz, Inc. will receive a receipt of annual donations to track and save all donations amounts. SunnyDayz, Inc. will maintain a tracking sheet of all volunteers and request a sign-up and hours sheet from FBofWM to confirm attendance and hours served.
 - SunnyDayz, Inc. agree's not to violate M.G.L CH. 94G or any regulations found in 935 CMR 500.000.

SunnyDayz, Inc. acknowledges that the progress or success of our Positive Impact plan will be documented upon renewal.

2.1 Place of Meetings. All meetings of the stockholders shall be held at such time and place, either within or without the Commonwealth of Massachusetts, as shall be designated from time to time by the Board of Directors and stated in the notice of the meeting or in a duly executed waiver of notice thereof.

2.2 Annual Meetings. The annual meeting of stockholders shall be held on such date and at such time as may be fixed by the Board of Directors and stated in the notice of the meeting, for the purpose of electing directors and for the transaction of only such other business as is properly brought before the meeting in accordance with these By-Laws (the “**By-Laws**”).

Written notice of an annual meeting stating the place, date and hour of the meeting, shall be given to each stockholder entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the date of the annual meeting.

To be properly brought before the annual meeting, business must be either (i) specified in the notice of annual meeting (or any supplement or amendment thereto) given by or at the direction of the Board of Directors, (ii) otherwise brought before the annual meeting by or at the direction of the Board of Directors, or (iii) otherwise properly brought before the annual meeting by a stockholder. in the event that less than seventy (70) days notice or prior public disclosure of the date of the annual meeting is given or made to stockholders, notice by a stockholder, to be timely, must be received no later than the close of business on the tenth (10th) day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made, whichever first occurs. The officer of the Corporation presiding at an annual meeting shall, if the facts warrant, determine and declare to the annual meeting that business was not properly brought before the annual meeting in accordance with the provisions of this Section 2.2, and if such officer should so determine, such officer shall so declare to the annual meeting and any such business not properly brought before the meeting shall not be transacted.

2.3 Special Meetings. Special meetings of the stockholders, for any purpose or purposes, unless otherwise prescribed by statute or by the Articles of Incorporation of the Corporation (the "**Articles of Incorporation**"), may only be called by a majority of the entire Board of Directors, or the Chief Executive Officer or the Chairman, and shall be called by the Secretary at the request in writing of stockholders owning a majority in amount of the entire capital stock of the corporation issued and outstanding and entitled to vote. Such request shall state the purpose or purposes of the proposed meeting.

Unless otherwise provided by law, written notice of a special meeting of stockholders, stating the time, place and purpose or purposes thereof, shall be given to each stockholder entitled to vote at such meeting, not less than ten (10) or more than sixty (60) days before the date fixed for the meeting. Business transacted at any special meeting of stockholders shall be limited to the purposes stated in the notice.

The Secretary of the Corporation shall act as secretary of all meetings of the stockholders, but in the absence of the Secretary the presiding officer may appoint any other person to act as secretary of any meeting.

2.6 Voting. Unless otherwise required by law, the Articles of Incorporation or these By-Laws, any question (other than the election of directors) brought before any meeting of stockholders shall be decided by the vote of the holders of a majority of the stock represented and entitled to vote thereat. At all meetings of stockholders for the election of directors, a plurality of the votes cast shall be sufficient to elect. Each stockholder represented at a meeting of stockholders shall be entitled to cast one vote for each share of the capital stock entitled to vote thereat held by such stockholder, unless otherwise provided by the Articles of Incorporation. Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to corporate action in writing without a meeting may authorize any person or persons to act for him by proxy. All proxies shall be executed in writing and shall be filed with the Secretary of the Corporation not later than the day on which exercised. No proxy shall be voted or acted upon after three (3) years from its date, unless the proxy provides for a longer period. The Board of Directors, in its discretion, or the officer of the Corporation presiding at a meeting of stockholders, in his discretion, may require that any votes cast at such meeting shall be cast by written ballot.

2.7 Action of Shareholders Without Meeting. Unless otherwise provided by the Articles of Incorporation, any action required to be taken at any annual or special meeting of stockholders, or any action which may be taken at any annual or special meeting of such stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, and shall be delivered to the Corporation by delivery to its registered office in the Commonwealth of Massachusetts, its principal place of business, or an officer or agent of the Corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to the Corporation's registered office shall be by hand or by certified or registered mail, return receipt requested. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing.

2.8 Voting List. The officer who has charge of the stock ledger of the corporation shall prepare and make, at least ten (10) days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten (10) days prior to the election, either at a place within the city, town or village where the election is to be held, which place shall be specified in the notice of the meeting, or, if not specified, at the place where said meeting is to be

held. The list shall be produced and kept at the time and place of election during the whole time thereof, and may be inspected by any stockholder of the Corporation who is present.

2.9 Stock Ledger. The stock ledger of the Corporation shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list required by Section 2.8 or the books of the Corporation, or to vote in person or by proxy at any meeting of stockholders.

2.10 Adjournment. Any meeting of the stockholders, including one at which directors are to be elected, may be adjourned for such periods as the presiding officer of the meeting or the stockholders present in person or by proxy and entitled to vote shall direct.

2.11 Ratification. Any transaction questioned in any stockholders' derivative suit, or any other suit to enforce alleged rights of the Corporation or any of its stockholders, on the ground of lack of authority, defective or irregular execution, adverse interest of any director, officer or stockholder, nondisclosure, miscomputation or the application of improper principles or practices of accounting may be approved, ratified and confirmed before or after judgment by the Board of Directors or by the holders of Common Stock and, if so approved, ratified or confirmed, shall have the same force and effect as if the questioned transaction had been originally duly authorized, and said approval, ratification or confirmation shall be binding upon the Corporation and all of its stockholders and shall constitute a bar to any claim or execution of any judgment in respect of such questioned transaction.

2.12 Inspectors. The election of directors and any other vote by ballot at any meeting of the stockholders shall be supervised by at least one inspector. Such inspectors shall be appointed by the Board of Directors in advance of the meeting. If the inspector so appointed shall refuse to serve or shall not be present, such appointment shall be made by the officer presiding at the meeting.

ARTICLE III **DIRECTORS**

3.1 Powers; Number; Qualifications. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors, except as may be otherwise provided by law or in the Articles of Incorporation. The number of directors which shall constitute the Board of Directors shall be not less than one (1) nor more than three (3). The number of directors at any time shall be that number within such minimum and maximum as most recently fixed by resolution of the Board of Directors or the stockholders or, absent such action, shall be that number of directors elected at the preceding annual meeting of shareholders, plus the number, if any, elected since such meeting to fill a vacancy created by an increase in the size of the Board of Directors. Directors need not be stockholders of the Corporation.

3.2 Election; Term of Office; Resignation; Removal; Vacancies. Each director shall hold office until the next annual meeting of stockholders or until such director's earlier resignation, removal from office, death or incapacity. Unless otherwise provided in the Articles of Incorporation, vacancies and newly created directorships resulting from any increase in the authorized number of directors or from any other cause may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director and each director so

chosen shall hold office until the next annual meeting and until such director's successor shall be duly elected and shall qualify, or until such director's earlier resignation, removal from office, death or incapacity.

3.3 Nominations. Nominations of persons for election to the Board of Directors of the Corporation at a meeting of stockholders of the Corporation may be made at such meeting by or at the direction of the Board of Directors, by any committee or persons appointed by the Board of Directors or by any stockholder of the Corporation entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in this Section 3.3. Such nominations by any stockholder shall be made pursuant to timely notice in writing to the Secretary of the Corporation. To be timely, a stockholder's notice shall be delivered to or mailed and received at the principal executive offices of the Corporation not less than sixty (60) days nor more than ninety (90) days prior to the meeting; provided however, that in the event that less than seventy (70) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder, to be timely, must be received no later than the close of business on the tenth (10th) day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever first occurs. Such stockholder's notice to the Secretary shall set forth (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director, (a) the name, age, business address and residence address of the person, (b) the principal occupation or employment of the person, (c) the class and number of shares of capital stock of the Corporation which are beneficially owned by the person, and (d) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to the Rules and Regulations of the Securities and Exchange Commission under Section 14 of the Securities Exchange Act of 1934, as amended, and (ii) as to the stockholder giving the notice (a) the name and record address of the stockholder and (b) the class and number of shares of capital stock of the Corporation which are beneficially owned by the stockholder. The Corporation may require any proposed nominee to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such proposed nominee to serve as a director of the Corporation. No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the procedures set forth herein. The officer of the Corporation presiding at an annual meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the foregoing procedure, and if he should so determine, he shall so declare to the meeting and the defective nomination shall be disregarded.

3.4 Meetings. The Board of Directors of the Corporation may hold meetings, both regular and special, either within or without the Commonwealth of Massachusetts. The first meeting of each newly elected Board of Directors shall be held immediately after and at the same place as the meeting of the stockholders at which it is elected and no notice of such meeting shall be necessary to the newly elected directors in order to legally constitute the meeting, provided a quorum shall be present. Regular meetings of the Board of Directors may be held without notice at such time and place as shall from time to time be determined by the Board of Directors. Special meetings of the Board of Directors may be called by the Chief Executive Officer or a majority of the entire Board of Directors. Notice thereof stating the place, date and hour of the meeting shall be given to each director either by mail not less than forty-eight (48) hours before the date of the meeting, by telephone, facsimile, telegram or e-mail on twenty-four (24) hours notice, or on such

shorter notice as the person or persons calling such meeting may deem necessary or appropriate in the circumstances.

3.5 Quorum. Except as may be otherwise specifically provided by law, the Articles of Incorporation or these By-Laws, at all meetings of the Board of Directors or any committee thereof, a majority of the entire Board of Directors or such committee, as the case may be, shall constitute a quorum for the transaction of business and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board of Directors. If a quorum shall not be present at any meeting of the Board of Directors or of any committee thereof, a majority of the directors present thereat may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present.

3.6 Organization of Meetings. The Board of Directors shall elect one of its members to be Chairman of the Board of Directors. The Chairman of the Board of Directors shall lead the Board of Directors in fulfilling its responsibilities as set forth in these By-Laws, including its responsibility to oversee the performance of the Corporation, and shall determine the agenda and perform all other duties and exercise all other powers which are or from time to time may be delegated to him or her by the Board of Directors.

Meetings of the Board of Directors shall be presided over by the Chairman of the Board of Directors, or in his or her absence, by the Chief Executive Officer, or in the absence of the Chairman of the Board of Directors and the Chief Executive Officer by such other person as the Board of Directors may designate or the members present may select.

3.7 Actions of Board of Directors Without Meeting. Unless otherwise restricted by the Articles of Incorporation or these By-Laws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of Directors or of such committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or committee.

3.8 Removal of Directors by Stockholders. The entire Board of Directors or any individual Director may be removed from office with or without cause by a majority vote of the holders of the outstanding shares then entitled to vote at an election of directors. Notwithstanding the foregoing, if the Corporation's board is classified, stockholders may effect such removal only for cause. In case the Board of Directors or any one or more Directors be so removed, new Directors may be elected at the same time for the unexpired portion of the full term of the Director or Directors so removed.

3.9 Resignations. Any Director may resign at any time by submitting his written resignation to the Board of Directors or Secretary of the Corporation. Such resignation shall take effect at the time of its receipt by the Corporation unless another time be fixed in the resignation, in which case it shall become effective at the time so fixed. The acceptance of a resignation shall not be required to make it effective.

3.10 Committees. The Board of Directors may designate one or more committees, each committee to consist of one or more of the directors of the Corporation. In the absence or

disqualification of a member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided by law and in the resolution of the Board of Directors establishing such committee, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to amending the Articles of Incorporation, adopting an agreement of merger or consolidation, recommending to the stockholders the sale, lease or exchange of all or substantially all of the Corporation's property and assets, recommending to the stockholders a dissolution of the Corporation or a revocation of a dissolution or amending the By-Laws of the Corporation; and, unless the resolution expressly so provides, no such committee shall have the power or authority to declare a dividend or to authorize the issuance of stock or to adopt a certificate of ownership and merger. Each committee shall keep regular minutes of its meetings and report the same to the Board of Directors when required.

3.11 Compensation. The directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed amount (in cash or other form of consideration) for attendance at each meeting of the Board of Directors or a stated salary as director. No such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor. Members of special or standing committees may be allowed like compensation for attending committee meetings.

3.12 Interested Directors. No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other corporation, partnership, association, or other organization in which one or more of its directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because his or their votes are counted for such purpose, if (i) the material facts as to his or their relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or (ii) the material facts as to his or their relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (iii) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified, by the Board of Directors, a committee thereof or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

3.13 Meetings by Means of Conference Telephone. Members of the Board of Directors or any committee designed by the Board of Directors may participate in a meeting of the Board of Directors or of a committee of the Board of Directors by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear

each other, and participation in a meeting pursuant to this Section 3.13 shall constitute presence in person at such meeting.

ARTICLE IV

OFFICERS

4.1 General. The officers of the Corporation shall be elected by the Board of Directors and may consist of: Chief Executive Officer, Chief Financial Officer, Chief Technology Officer, Secretary and Treasurer. The Board of Directors, in its discretion, may also elect one or more Vice Presidents (including Executive Vice Presidents and Senior Vice Presidents), Assistant Secretaries, Assistant Treasurers, a Controller and such other officers as in the judgment of the Board of Directors may be necessary or desirable. Any number of offices may be held by the same person and more than one person may hold the same office, unless otherwise prohibited by law, the Articles of Incorporation or these By-Laws. The officers of the Corporation need not be stockholders of the Corporation, nor need such officers be directors of the Corporation.

4.2 Election. The Board of Directors at its first meeting held after each annual meeting of stockholders shall elect the officers of the Corporation who shall hold their offices for such terms and shall exercise such powers and perform such duties as shall be determined from time to time by the Board of Directors; and all officers of the Corporation shall hold office until their successors are chosen and qualified, or until their earlier resignation or removal. Except as otherwise provided in this Article IV, any officer elected by the Board of Directors may be removed at any time by the affirmative vote of a majority of the Board of Directors. Any vacancy occurring in any office of the Corporation shall be filled by the Board of Directors. The salaries of all officers who are directors of the Corporation shall be fixed by the Board of Directors.

4.3 Voting Securities Owned by the Corporation. Powers of attorney, proxies, waivers of notice of meeting, consents and other instruments relating to securities owned by the Corporation may be executed in the name of and on behalf of the Corporation by the Chief Executive Officer or any Vice President, and any such officer may, in the name and on behalf of the Corporation, take all such action as any such officer may deem advisable to vote in person or by proxy at any meeting of security holders of any corporation in which the Corporation may own securities and at any such meeting shall possess and may exercise any and all rights and powers incident to the ownership of such securities and which, as the owner thereof, the Corporation might have exercised and possessed if present. The Board of Directors may, by resolution, from time to time confer like powers upon any other person or persons.

4.4 Chief Executive Officer. Subject to the provisions of these By-Laws and to the direction of the Board of Directors, the Chief Executive Officer shall have ultimate authority for decisions relating to the general management and control of the affairs and business of the Corporation and shall perform such other duties and exercise such other powers which are or from time to time may be delegated to him or her by the Board of Directors or these By-Laws, all in accordance with basic policies as established by and subject to the oversight of the Board of Directors.

4.5 Chief Financial Officer. The Chief Financial Officer shall have general supervision, direction and control of the financial affairs of the Corporation and shall perform such

other duties and exercise such other powers which are or from time to time may be delegated to him or her by the Board of Directors or these By-Laws, all in accordance with basic policies as established by and subject to the oversight of the Board of Directors. In the absence of a named Treasurer, the Chief Financial Officer shall also have the powers and duties of the Treasurer as hereinafter set forth and shall be authorized and empowered to sign as Treasurer in any case where such officer's signature is required.

4.6 Chief Technology Officer. The Chief Technology Officer shall have general supervision, direction and control of the technology of the Corporation and shall perform such other duties and exercise such other powers which are or from time to time may be delegated to him or her by the Board of Directors or these By-Laws, all in accordance with basic policies as established by and subject to the oversight of the Board of Directors.

4.7 Vice Presidents. At the request of the Chief Executive Officer or in the absence of the Chief Executive Officer, or in the event of his or her inability or refusal to act, the Vice President or the Vice Presidents if there is more than one (in the order designated by the Board of Directors) shall perform the duties of the Chief Executive Officer, and when so acting, shall have all the powers of and be subject to all the restrictions upon such office. Each Vice President shall perform such other duties and have such other powers as the Board of Directors from time to time may prescribe. If there be no Vice President, the Board of Directors shall designate the officer of the Corporation who, in the absence of the Chief Executive Officer or in the event of the inability or refusal of such officer to act, shall perform the duties of such office, and when so acting, shall have all the powers of and be subject to all the restrictions upon such office.

4.8 Secretary. The Secretary shall attend all meetings of the Board of Directors and all meetings of stockholders and record all the proceedings thereat in a book or books to be kept for that purpose; the Secretary shall also perform like duties for the standing committees when required. The Secretary shall give, or cause to be given, notice of all meetings of the stockholders and special meetings of the Board of Directors, and shall perform such other duties as may be prescribed by the Board of Directors or the Chief Executive Officer, under whose supervision the Secretary shall be. If the Secretary shall be unable or shall refuse to cause to be given notice of all meetings of the stockholders and special meetings of the Board of Directors, then any Assistant Secretary shall perform such actions. If there is no Assistant Secretary, then the Board of Directors or the Chief Executive Officer may choose another officer to cause such notice to be given. The Secretary shall have custody of the seal of the Corporation and the Secretary or any Assistant Secretary, if there be one, shall have authority to affix the same to any instrument requiring it and when so affixed, it may be attested by the signature of the Secretary or by the signature of any such Assistant Secretary. The Board of Directors may give general authority to any other officer to affix the seal of the Corporation and to attest the affixing by his signature. The Secretary shall see that all books, reports, statements, certificates and other documents and records required by law to be kept or filed are properly kept or filed, as the case may be.

4.9 Treasurer. The Treasurer shall have the custody of the corporate funds and securities and shall keep full and accurate accounts of receipts and disbursements in books belonging to the Corporation and shall deposit all moneys and other valuable effects in the name and to the credit of the Corporation in such depositories as may be designated by the Board of Directors. The Treasurer shall disburse the funds of the Corporation as may be ordered by the

Board of Directors, taking proper vouchers for such disbursements, and shall render to the Chief Executive Officer and the Board of Directors, at its regular meetings, or when the Board of Directors so requires, an account of all his transactions as Treasurer and of the financial condition of the Corporation. If required by the Board of Directors, the Treasurer shall give the Corporation a bond in such sum and with such surety or sureties as shall be satisfactory to the Board of Directors for the faithful performance of the duties of his office and for the restoration to the Corporation, in case of his death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in his possession or under his control belonging to the Corporation.

4.10 Assistant Secretaries. Except as may be otherwise provided in these By-Laws, Assistant Secretaries, if there be any, shall perform such duties and have such powers as from time to time may be assigned to them by the Board of Directors, the Chief Executive Officer, any Vice President, if there be one, or the Secretary, and in the absence of the Secretary or in the event of his disability or refusal to act, shall perform the duties of the Secretary, and when so acting, shall have all the powers of and be subject to all the restrictions upon the Secretary.

4.11 Assistant Treasurers. Assistant Treasurers, if there be any, shall perform such duties and have such powers as from time to time may be assigned to them by the Board of Directors, the Chief Executive Officer, any Vice President, if there be one, or the Treasurer, and in the absence of the Treasurer or in the event of his disability or refusal to act, shall perform the duties of the Treasurer, and when so acting, shall have all the powers of and be subject to all the restrictions upon the Treasurer. If required by the Board of Directors, an Assistant Treasurer shall give the Corporation a bond in such sum and with such surety or sureties as shall be satisfactory to the Board of Directors for the faithful performance of the duties of his office and for the restoration to the Corporation, in case of his death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in his possession or under his control belonging to the Corporation.

4.12 Controller. The Controller shall establish and maintain the accounting records of the Corporation in accordance with generally accepted accounting principles applied on a consistent basis, maintain proper internal control of the assets of the Corporation and shall perform such other duties as the Board of Directors, the Chief Executive Officer or any Vice President of the Corporation may prescribe.

4.13 Other Officers. Such other officers as the Board of Directors may choose shall perform such duties and have such powers as from time to time may be assigned to them by the Board of Directors. The Board of Directors may delegate to any other officer of the Corporation the power to choose such other officers and to prescribe their respective duties and powers.

4.14 Vacancies. The Board of Directors shall have the power to fill any vacancies in any office occurring from whatever reason.

4.15 Resignations. Any officer may resign at any time by submitting his written resignation to the Corporation. Such resignation shall take effect at the time of its receipt by the Corporation, unless another time be fixed in the resignation, in which case it shall become effective at the time so fixed. The acceptance of a resignation shall not be required to make it effective.

4.16 Removal. Subject to the provisions of any employment agreement approved by the Board of Directors, any officer of the Corporation may be removed at any time, with or without cause, by the Board of Directors.

ARTICLE V **CAPITAL STOCK**

5.1 Form of Certificates. The shares of stock in the Corporation shall not be certificated, provided that the Board of Directors may provide by resolution or resolutions that some or all of any or all classes or series of the Corporation's stock shall be certificated. In such case, stock certificates shall be in such forms as the Board of Directors may prescribe and signed by the Chief Executive Officer or a Vice President and by the Treasurer or an Assistant Treasurer, or the Secretary or an Assistant Secretary of the Corporation.

5.2 Lost Certificates. The Board of Directors may direct a new stock certificate or certificates to be issued in place of any stock certificate or certificates theretofore issued by the Corporation alleged to have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen or destroyed. When authorizing such issue of a new stock certificate, the Board of Directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate, or his legal representative, to advertise the same in such manner as the Board of Directors shall require and/or to give the Corporation a bond in such sum as it may direct as indemnity against any claim that may be made against the Corporation with respect to the certificate alleged to have been lost, stolen or destroyed.

5.3 Transfers. Stock of the Corporation shall be transferable in the manner prescribed by law and in these By-Laws. Transfers of certificated stock shall be made on the books of the Corporation only by the person named in the certificate or by such person's attorney lawfully constituted in writing and upon the surrender of the certificate therefor, which shall be canceled before a new certificate shall be issued. Transfers of uncertificated stock shall be made on the books of the Corporation only by the person then registered on the books of the Corporation as the owner of such shares or by such person's attorney lawfully constituted in writing and written instruction to the Corporation containing such information as the Corporation or its agents may prescribe. No transfer of uncertificated stock shall be valid as against the Corporation for any purpose until it shall have been entered in the stock records of the Corporation by an entry showing from and to whom transferred. The Corporation shall have no duty to inquire into adverse claims with respect to any stock transfer unless (a) the Corporation has received a written notification of an adverse claim at a time and in a manner which affords the Corporation a reasonable opportunity to act on it prior to the issuance of a new, reissued or re-registered share certificate, in the case of certificated stock, or entry in the stock record books of the Corporation, in the case of uncertificated stock, and the notification identifies the claimant, the registered owner and the issue of which the share or shares is a part and provides an address for communications directed to the claimant; or (b) the Corporation has required and obtained, with respect to a fiduciary, a copy of a will, trust, indenture, articles of co-partnership, By-Laws or other controlling instruments, for a purpose other than to obtain appropriate evidence of the appointment or incumbency of the fiduciary, and such documents indicate, upon reasonable inspection, the existence of an adverse claim. The Corporation may discharge any duty of inquiry by any reasonable means, including notifying an

adverse claimant by registered or certified mail at the address furnished by him or, if there be no such address, at his residence or regular place of business that the security has been presented for registration of transfer by a named person, and that the transfer will be registered unless within thirty days from the date of mailing the notification, either (a) an appropriate restraining order, injunction or other process issues from a court of competent jurisdiction; or (b) an indemnity bond, sufficient in the Corporation's judgment to protect the Corporation and any transfer agent, registrar or other agent of the Corporation involved from any loss which it or they may suffer by complying with the adverse claim, is filed with the Corporation.

5.4 Fixing Record Date. In order that the Corporation may determine the stockholders entitled to notice or to vote at any meeting of stockholders or any adjournment thereof, or to express consent to corporate action in writing without a meeting, or entitled to receive payment of any dividend or other distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record is adopted by the Board of Directors, and which record date shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting, nor more than ten (10) days after the date upon which the resolution fixing the record date of action with a meeting is adopted by the Board of Directors, nor more than sixty (60) days prior to any other action. If no record date is fixed:

(a) The record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held.

(b) The record date for determining stockholders entitled to express consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is necessary, shall be the first date on which a signed written consent is delivered to the Corporation.

(c) The record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

5.5 Registered Stockholders. Prior to due presentment for transfer of any share or shares, the Corporation shall treat the registered owner thereof as the person exclusively entitled to vote, to receive notifications and to all other benefits of ownership with respect to such share or shares, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of the Commonwealth of Massachusetts.

ARTICLE VI

NOTICES

6.1 Form of Notice. Notices to directors and stockholders other than notices to directors of special meetings of the Board of Directors which may be given by any means stated in Section 3.4, shall be in writing and delivered personally or mailed to the directors or stockholders at their addresses appearing on the books of the corporation. Notice by mail shall be deemed to be given at the time when the same shall be mailed. Notice to directors may also be given by telegram.

6.2 Waiver of Notice. Whenever any notice is required to be given under the provisions of law or the Articles of Incorporation or by these By-Laws of the Corporation, a written waiver, signed by the person or persons entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular, or special meeting of the stockholders, Directors, or members of a committee of Directors need be specified in any written waiver of notice unless so required by the Articles of Incorporation.

ARTICLE VII

INDEMNIFICATION OF DIRECTORS AND OFFICERS

7.1 The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

7.2 The Corporation shall indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and

in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

7.3 To the extent that a director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 7.1 or 7.2, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith.

7.4 Any indemnification under Section 7.1 or 7.2 (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in such Section. Such determination shall be made:

(a) By the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or

(b) If such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or

(c) By the stockholders.

7.5 Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation as authorized in this Section 7.5. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the Board of Directors deems appropriate.

7.6 The indemnification and advancement of expenses provided by, or granted pursuant to the other Sections of this Article VII shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office.

7.7 The Corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether

or not the Corporation would have the power to indemnify him against such liability under the provisions of this Article VII.

7.8 For purposes of this Article VII, references to the “Corporation” shall include, in addition to the resulting Corporation, any constituent Corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer employee or agent of such constituent Corporation, or is or was serving at the request of such constituent Corporation as a director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this Article VII with respect to the resulting or surviving Corporation as he would have with respect to such constituent Corporation of its separate existence had continued.

7.9 For purposes of this Article VII, references to “other enterprises” shall include employee benefit plans; references to “fines” shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to “serving at the request of the Corporation” shall include any service as a director, officer, employee or agent of the Corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner he reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interests of the Corporation” as referred to in this Article VII.

7.10 The indemnification and advancement of expenses provided by, or granted pursuant to, this Article VII shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

7.11 No director or officer shall be personally liable to the Corporation or its stockholders for monetary damages for any breach of fiduciary duty by such director or officer. Notwithstanding the foregoing sentence, a director shall be liable to the extent provided by applicable law, (a) for breach of the director’s or the officer’s duty of loyalty to the Corporation or its stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) pursuant to the Massachusetts Business Corporation Act, or (d) for any transaction from which the director or officer derived an improper personal benefit. No amendment to or repeal of this Article VII shall apply to or have an effect on the liability or alleged liability of any director or officer of the Corporation for or with respect to any acts or omissions of such director or officer occurring prior to such amendment.

ARTICLE VIII

GENERAL PROVISIONS

8.1 Reliance on Books and Records. Each Director, each member of any committee designated by the Board of Directors, and each officer of the Corporation, shall, in the performance of his duties, be fully protected in relying in good faith upon the books of account or other records

of the Corporation, including reports made to the Corporation by any of its officers, by an independent certified public accountant, or by an appraiser selected with reasonable care.

8.2 Maintenance and Inspection of Records. The Corporation shall, either at its principal executive office or at such place or places as designated by the Board of Directors, keep a record of its stockholders listing their names and addresses and the number and class of shares held by each stockholder, a copy of these by-laws, as may be amended to date, minute books, accounting books and other records.

Any such records maintained by the Corporation may be kept on, or by means of, or be in the form of, any information storage device or method, provided that the records so kept can be converted into clearly legible paper form within a reasonable time. The Corporation shall so convert any records so kept upon the request of any person entitled to inspect such records pursuant to the provisions of the Massachusetts Business Corporation Act. When records are kept in such manner, a clearly legible paper form produced from or by means of the information storage device or method shall be admissible in evidence, and accepted for all other purposes, to the same extent as an original paper form accurately portrays the record.

Any stockholder of record, in person or by attorney or other agent, shall, upon written demand under oath stating the purpose thereof, have the right during the usual hours for business to inspect for any proper purpose the Corporation's stock ledger, a list of its stockholders, and its other books and records and to make copies or extracts therefrom. A proper purpose shall mean a purpose reasonably related to such person's interest as a stockholder. In every instance where an attorney or other agent is the person who seeks the right to inspection, the demand under oath shall be accompanied by a power of attorney or such other writing that authorizes the attorney or other agent to so act on behalf of the stockholder. The demand under oath shall be directed to the Corporation at its registered office in Massachusetts or at its principal executive office.

8.3 Inspection by Directors. Any director shall have the right to examine the Corporation's stock ledger, a list of its stockholders, and its other books and records for a purpose reasonably related to his or her position as a director.

Before payment of any dividend, there may be set aside out of any funds of the Corporation available for dividends such sum or sums as the Directors from time to time, in their absolute discretion, think proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any property of the Corporation, or for such other purpose as the Directors shall think conducive to the interest of the Corporation, and the Directors may modify or abolish any such reserve in the manner in which it was created.

8.5 Checks. All checks or demands for money and notes of the Corporation shall be signed by such officer or officers or such other persons as the Board of Directors may from time to time designate.

The fact that such power has been so conferred upon the Board of Directors shall not divest the stockholders of the power nor limit their power to adopt, amend or repeal By-Laws.

8.9 Interpretation of By-Laws. All words, terms and provisions of these By-Laws shall be interpreted and defined by and in accordance with the Massachusetts Business Corporation Act.

SDI's proposed location is located in South Deerfield. Surrounding areas include [SURROUNDING MUNICIPALITIES].

3.2 Customers

In Massachusetts, sales are expected to increase from \$106 million in 2017 to \$1.4 billion in 2025, according to New Frontier Data. First year retail sales for adult use in Massachusetts totaled \$394 million, according to the Cannabis Control Commission's Open Data Platform.

4. PRODUCT / SERVICE

4.1 Product & Service

In accordance with 935 CMR 500.140(3), access to SDI facility is limited to individuals 21 years of age and older. Upon a customer's entry into SDI premises, an SDI agent will immediately inspect the customer's proof of identification and determine the individual's age. An individual will not be admitted to the premises unless the retailer has verified that the individual is 21 years of age or older by an individual's proof of identification. At the door, a designated staff member will collect valid customer identification and confirm a minimum age of 21 years old, failing the confirmation of 21 years of age or older, an individual will be prohibited from entering the premises.

Once inside the retail area, customers will enter a queue to obtain individualized service where they may select any of the products available to them with the help of an SDI agent. Upon checkout, customers will be required to confirm their identities and age a second time. Check out also activates the seed-to-sale tracking system that is compliant with 935 CMR 500.105(8).

Per M.G.L. c. 94G § 7, sales are limited to one ounce of marijuana flower, or five grams of marijuana concentrate per transaction. All required taxes will be collected at the point of sale.

Once a customer has selected a product for purchase, an SDI agent will collect the chosen items from the designated product storage area. An SDI agent will then scan each product barcode into the point-of-sale system. In the event of a flower sale, staff will weigh the chosen amount of flower and then place it in a tamper-resistant/child-resistant, resealable package that is compliant with 935 CMR 500.105(5). An SDI agent will affix a label, as generated by the point-of-sale system, indicating the date, strain name, cannabinoid profile, and all applicable warnings detailed in 935 CMR 500.105.

In the event an SDI agent determines an individual would place themselves or the public at risk, the agent will refuse to sell any marijuana products to the consumer. SDI will use the point-of-sale security system to accept payment and complete sales. The system can back up and securely cache each sale for inspection.

Pursuant to 935 CMR 500.140(6)(d), SDI will conduct a monthly analysis of its equipment and sales data to determine that no software has been installed that could be utilized to manipulate or alter sales data and that no other methodology has been employed to manipulate or alter sales data. If any such malware is found, SDI will immediately report the occurrence to the Commission and assist in any subsequent investigation into the matter. SDI will maintain a record of the monthly analyses and will make it available for inspection by the Commission upon request. Further, SDI will cooperate with the Commission and the Department of Revenue to ensure compliance with any and all taxes in accordance with the laws of the Commonwealth and 935 CMR 500.000.

SDI places a premium on cleanliness, hygiene, and proper product storage to achieve and

maintain successful operation of the business. In addition to regularly sanitizing surfaces with products kept separately and away from marijuana products, SDI staff will ensure personal hygiene including washing hands throughout the day and before handling or dispensing any marijuana products. In compliance with 935 CMR 5001.140(8), SDI will provide educational materials designed to help consumers make informed marijuana product purchases. SDI's educational materials will describe the varying types of products available at SDI, as well as the types and methods of consumption. Additional topics discussed in consumer materials will include potency; proper dosing; the delayed effects of edible marijuana products; and substance abuse and related treatment programs, marijuana tolerance, dependence, and withdrawal.

Standards of Conduct

SDI is committed to maintaining an environment conducive to the health and wellbeing of customers and employees. It is SDI's mission to provide a professional workplace free from harassment and discrimination for employees. SDI will not tolerate harassment or discrimination on the basis of sex, race, color, national origin, age, religion, disability, sexual orientation, gender identity, gender expression, or any other trait or characteristic protected by any applicable federal, state, or local law or ordinance. Harassment or discrimination on the basis of any protected trait or characteristic is contrary to SDI's values and is a violation of the Company Code of Conduct. Harassment is a form of discrimination. There is a broad range of behavior that could constitute harassment. In general, harassment is any verbal or physical conduct that:

- Has the purpose or effect of creating an intimidating, hostile, or offensive working environment;
- Has the purpose or effect of unreasonably interfering with an individual's work performance; or
- Adversely affects an individual's employment opportunities.

Employees are expected to maintain the highest degree of professional behavior. All harassment or discrimination by employees is strictly prohibited. Further, harassing or discriminatory behavior of non-employees directed at SDI employees or customers also is condemned and will be promptly addressed.

Violence and Weapons in the Workplace

Any and all acts of violence in the workplace will result in immediate dismissal of the employee, customer, or parties involved. Law enforcement will be contacted immediately in the case of a violent event. Weapons are not permitted on site by employees, customers, or other parties. Employees found carrying weapons on SDI's facilities will be immediately terminated. Customers found carrying weapons on the premises will be asked to leave and/or the police will be notified accordingly.

At-Will Employment

In the state of Massachusetts, employment is assumed to be at-will unless otherwise stated. At-will employment implies that employer and employee alike may terminate the work relationship at any given moment and for any legitimate purpose. Wrongful termination may be more difficult to prove in an at-will arrangement because of the freedom that each party has to end the employment. However, there are still many instances wherein a termination or discharge can be called wrongful, even in an at-will employment.

Workplace Attire

The required attire for registered agents at SDI varies based upon required duties. New hire training and the onboarding process will go over the workplace attire specific to each role and the department manager will be responsible for ensuring compliance with all requirements is met.

Written Policies

SDI's written policies will address, inter alia, the Family and Medical Leave Act (FMLA), the Consolidated Omnibus Budget Reconciliation Act (COBRA), equal employment opportunity, discrimination, harassment, the Employee Retirement Income Security Act (ERISA), disabilities, maintenance of personnel files, privacy, email policy, 935 CMR 500.000 et. Investigations

SDI will set forth policies and procedures to investigate any complaints or concerns identified or raised internally or externally in order to stay in compliance with 935 CMR 500.000 et. seq.

Designated Outside Counsel

SDI may retain counsel specializing in employment law to assist the Human Resources Manager with any issues and questions.

Job Status

Job Classifications

Positions at SDI are categorized by rank and by department. The executive management team oversees the overall success of mission of the company; the CEO is responsible for implementation of the mission and the executive management team as a whole is responsible for ensuring that all departments are properly executing their functions and responsibilities. Job classification is comprised of three rank tiers: Executive Management, Management, and Non-Management Employee.

Work Schedules

Work schedules will be either part-time, full-time, or salaried, depending of the specific position. Schedules will be set according to the needs of each department as determined by the department manager and the executive manager they report to. It is the department manager's responsibility to develop and implement a work schedule that provides necessary duty and personnel coverage but does not exceed what is required for full implementation of operations. It is also the department manager's responsibility to ensure that adequate coverage occurs on a daily basis and does not lead to unnecessary utilization of overtime coverage.

Mandatory Meetings and Community Service Days

There will be a mandatory reoccurring company-wide meeting on a monthly basis. All required personnel will be notified of their required attendance. Certain personnel, such as housekeeping staff, may not be required to attend. Each department will have a mandatory weekly meeting schedule by the department manager. The department managers will provide agendas for all meeting and will report to their executive manager.

Breaks

Daily breaks, including lunch breaks, will comply with the laws of the Commonwealth.

Performance Reviews

Performance reviews will be conducted by executive or department managers. Reviews will be conducted at three-month intervals for new employees during the first year and at 6-month intervals thereafter. A written synopsis must be provided to, and signed by, the employee under review. Reviews must be retained in each employee's employment file. Performance reviews must take into account positive performance factors and areas requiring improvement. Scoring systems may be utilized to help reflect the employee's overall performance.

Leave Policies

SDI leave policies will comport with all state and federal statutes.

All full-time employees will receive two 40-hour weeks of paid vacation per annum. Additional leave must be requested at least 2 weeks in advance and approved by the employee's department manager. SDI will determine which holidays will be observed and which departments will not be required to work. SDI will offer paid maternity leave. Additional leave will not be paid and must be approved by the department manager.

SDI anticipates observing the following holidays:

- New Year's Day;
- Memorial Day;
- Labor Day;
- Thanksgiving; and
- Christmas Day.

Disciplinary Policies

Purpose

SDI's discipline policy and procedure is designed to provide a structured corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. The steps outlined below of SDI's discipline policy and procedure have been designed consistent with SDI's organizational values, best practices, and employment laws.

SDI reserves the right to combine or skip steps depending upon facts of each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some

of the factors that will be considered depend upon whether the offense is repeated despite coaching, counseling, and/or training; the employee's work record; and the impact the conduct and performance issues have on SDI's organization.

Procedure

Step 1: Counseling and Verbal Warning

Step 1 creates an opportunity for the immediate supervisor to schedule a meeting with an employee to bring attention to the existing performance, conduct, or attendance issue. The supervisor should discuss with the employee the nature of the problem or violation of company policies and procedures. The supervisor is expected to clearly outline expectations and steps the employee must take to improve performance or resolve the problem.

Within five business days, the supervisor will prepare written documentation of a Step 1 meeting. The employee will be asked to sign the written documentation. The employee's signature is needed to demonstrate the employee's understanding of the issues and the corrective action needed.

Step 2: Written Warning

While it is hoped that the performance, conduct, or attendance issues that were identified in Step 1 have been corrected, SDI recognizes that this may not always be the case. A written warning involves a more formal documentation of the performance, conduct, or attendance issues and consequences.

During Step 2, the immediate supervisor and a department manager or director will meet with the employee and review any additional incidents or information about the performance, conduct, or attendance issues as well as any prior relevant corrective action plans. Management will outline the consequences for the employee of his or her continued failure to meet performance and/or conduct expectations. A formal performance improvement plan (PIP) requiring the employee's immediate and sustained corrective action will be issued within five business days of a Step 2 meeting. A warning outlining that the employee may be subject to additional discipline up to and including termination if immediate and sustained corrective action is not taken may also be included in the written warning.

Step 3: Suspension and Final Written Warning

There may be performance, conduct, or safety incidents so problematic and harmful that the most effective action may be the temporary removal of the employee from the workplace. When immediate action is necessary to ensure the safety of the employee or others, the immediate supervisor may suspend the employee pending the results of an investigation.

Suspensions that are recommended as part of the normal progression of this progressive discipline policy and procedure are subject to approval from a next-level manager and the Human Resources Manager.

Depending upon the seriousness of the infraction, the employee may be suspended without pay in full-day increments consistent with federal, state and local wage-and-hour employment laws. Nonexempt/hourly employees may not substitute or use an accrued paid vacation or sick day in lieu of the unpaid suspension. Due to Fair Labor Standards Act (FLSA) compliance issues, unpaid suspension of salaried/exempt employees is reserved for serious workplace safety or conduct issues. The Human Resources Manager will provide guidance so that the discipline is administered without jeopardizing the FLSA exemption status.

Pay may be restored to the employee if an investigation of the incident or infraction absolves the employee.

Step 4: Recommendation for Termination of Employment

The last and most serious step in the progressive discipline procedure is a recommendation to terminate employment. Generally, SDI will try to exercise the progressive nature of this policy by first providing warnings, a final written warning, and/or suspension from the workplace before proceeding to a recommendation to terminate employment. However, SDI reserves the right to combine and skip steps depending upon the circumstances of each situation and the nature of the offense. Furthermore, employees may be terminated without prior notice or disciplinary action.

Management's recommendation to terminate employment must be approved by the Human Resources Manager and department manager or designee. Final approval may be required from the CEO or designee.

Nothing in this policy provides any contractual rights regarding employee discipline or counseling nor should anything in this policy be read or construed as modifying or altering the employment-at-will relationship between SDI and its employees.

Appeal Process

Employees will have the opportunity to present information that may challenge information management has used to issue disciplinary action. The purpose of this process is to provide insight into extenuating circumstances that may have contributed to the employee performance and/or conduct issues while allowing for an equitable solution.

If the employee does not present this information during any of the step meetings, he or she will have five business days after that meeting to present information.

Performance and Conduct Issues Not Subject to Progressive Discipline

Behavior that is illegal is not subject to progressive discipline and may be reported to local law enforcement. Theft, intoxication at work, fighting and other acts of violence are also not subject to progressive discipline and may be grounds for immediate termination.

Documentation

The employee will be provided copies of all progressive discipline documentation, including all performance improvement plans. The employee will be asked to sign copies of this documentation attesting to their receipt and understanding of the corrective action outlined in these documents. Copies of these documents will be placed in the employee's official personnel file.

Separation of Employment

Separation of employment within an organization can occur for several different reasons. Employment may end as a result of resignation, retirement, release (end of season or assignment), reduction in workforce, or termination. When an employee separates from SDI, his or her supervisor must contact the Human Resources Manager to schedule an exit interview, typically to take place on employee's last workday.

Types of Separation

1. Resignation

Resignation is a voluntary act initiated by the employee to end employment with SDI. The employee must provide a minimum of two (2) weeks' notice prior to resignation. If an employee does not provide advance notice or fails to actually work the remaining two weeks, the employee will be ineligible for rehire. The resignation date must not fall on the day after a holiday.

2. Retirement

An employee who wishes to retire is required to notify his or her department director and the Human Resources Manager in writing at least one (1) month before planned retirement date. It is the practice of SDI to give special recognition to employees at the time of their retirement.

3. Job Abandonment

An employee who fails to report to work or contact his or her supervisor for two (2) consecutive workdays will be considered to have abandoned the job without notice effective at the end of the employee's normal shift on the second day. The department manager will notify the Human Resources Manager at the expiration of the second workday and initiate the paperwork to terminate the employee. Employees who are separated due to job abandonment are ineligible for rehire.

4. Termination

Employees of SDI are employed on an at-will basis, and the company retains the right to terminate an employee at any time.

5. *Reduction in Workforce*

An employee may be laid off due to changes in duties, organizational changes, lack of funds, or lack of work. Employees who are laid off may not appeal the layoff decision through the appeal process.

6. *Release*

Release is the end of temporary or seasonal employment. The Human Resources Manager, in consultation with the department manager, will inform the temporary or seasonal worker of their release according to the terms of the individual's temporary employment.

Exit Interview

The separating employee will contact the HR department as soon as notice is given to schedule an exit interview. The interview will be on the employee's last day of work or other day, as mutually agreed upon.

Return of Property

The separating employee must return all company property at the time of separation, including but not limited to uniforms, cell phones, keys, computers, and identification cards. Failure to return some items may result in deductions from final paycheck. An employee will be required to sign the Wage Deduction Authorization Agreement to deduct the costs of such items from the final paycheck.

Termination of Benefits

An employee separating from SDI is eligible to receive benefits as long as the appropriate procedures are followed as stated above. Two weeks' notice must be given, and the employee must work the full two work weeks. Accrued vacation leave will be paid in the last paycheck. Accrued sick leave will be paid in the last paycheck.

Health Insurance

Health insurance terminates on the last day of the month of employment, unless employee requests immediate termination of benefits. Information about the Consolidated Omnibus Budget Reconciliation Act (COBRA) continued health coverage will be provided. Employees will be required to pay their share of the dependent health and dental premiums through the end of the month.

Rehire

Former employees who left in good standing and were classified as eligible for rehire may be considered for reemployment. An application must be submitted to the Human Resources Manager, and the applicant must meet all minimum qualifications and requirements of the position, including any qualifying exam, when required.

Department managers must obtain approval from the Human Resources Manager or designee prior to rehiring a former employee. Rehired employees begin benefits just as any other new employee. Previous tenure will not be considered in calculating longevity, leave accruals, or any other benefits.

An applicant or employee who is terminated for violating policy or who resigned in lieu of termination from employment due to a policy violation will be ineligible for rehire.

Compensation

As an employer, SDI believes that it is in the best interest of both the organization and SDI's employees to fairly compensate its workforce for the value of the work provided. It is SDI's intention to use a compensation system that will determine the current market value of a position based on the skills, knowledge, and behaviors required of a fully-competent incumbent. The system used for determining compensation will be objective and non-discriminatory in theory, application and practice. The company has determined that this can best be accomplished by using a professional compensation consultant, as needed, and a system recommended and approved by the executive management team.

Selection Criteria

1. The compensation system will price positions to market by using local, national, and industry specific survey data.
2. The market data will primarily include marijuana-related businesses and will include survey data for more specialized positions and will address significant market differences due to geographical location.
3. The system will evaluate external equity, which is the relative marketplace job worth of every marijuana industry job directly comparable to similar jobs at SDI, factored for general economic variances, and adjusted to reflect the local economic marketplace.
4. The system will evaluate internal equity, which is the relative worth of each job in the organization when comparing the required level of job competencies, formal training and experience, responsibility and accountability of one job to another, and arranging all jobs in a formal job-grading structure.
5. Professional support and consultation will be available to evaluate the compensation system and provide on-going assistance in the administration of the program.
6. The compensation system must be flexible enough to ensure that the company is able to recruit and retain a highly qualified workforce, while providing the structure necessary to effectively manage the overall compensation program.

Responsibilities

The executive management team will give final approval for the compensation system that will be used by SDI.

1. On an annual basis the executive management team will review and approve, as appropriate, recommended changes to position-range movement as determined through the vendor's market analysis process.
2. As part of the annual budgeting process, the executive management team will review and approve, as appropriate, funds to be allocated for total compensation, which would include base salaries, bonus, variable based or incentive-based pay, and all other related expenses, including benefit plans.

Management Responsibility

1. The CEO is charged with ensuring that SDI is staffed with highly qualified, fully competent employees and that all programs are administered within appropriate guidelines and within the approved budget.
2. The salary budget will include a gross figure for the following budget adjustments, but the individual determinations for each employee's salary adjustment will be the exclusive domain of the CEO: determining the appropriate head count, titles, position levels, merit and promotional increases and compensation consisting of salary, incentive, bonus, and other discretionary pay for all positions.
3. The CEO will ensure that salary ranges are updated at least annually, that all individual jobs are market priced at least once every two years, and that pay equity adjustments are administered in a fair and equitable manner.

Agent Background Checks

- In addition to completing the Commission's agent registration process, all agents hired to work for SDI will undergo a detailed background investigation prior to being granted access to an SDI facility or beginning work duties.
- Background checks will be conducted on all agents in their capacity as employees or volunteers for SDI pursuant to 935 CMR 500.100 and will be used by the Director of Security, who will be registered with the Department of Criminal Justice Information Systems pursuant to 803 CMR 2.04: iCORI Registration and the Commission for purposes of determining the suitability of individuals for registration as a marijuana establishment agent with the licensee.

 - b. All criminal disqualifying conditions, offenses, and violations include the crimes of attempt, accessory, conspiracy, and solicitation. Juvenile dispositions will not be considered as a factor for determining suitability.
 - c. Where applicable, all look back periods for criminal conditions, offenses, and violations included in 935 CMR 500.802 commence upon the date of disposition; provided, however, that if disposition results in incarceration

in any institution, the look back period will commence upon release from incarceration.

- Suitability determinations will be made in accordance with the procedures set forth in 935 CMR 500.800. In addition to the requirements established in 935 CMR 500.800, SDI will:
 - a. Comply with all guidance provided by the Commission and 935 CMR 500.802: Tables B through D to determine if the results of the background are grounds for Mandatory Disqualification or Presumptive Negative Suitability Determination.
 - b. Consider whether offense(s) or information that would result in a Presumptive Negative Suitability Determination under 935 CMR 500.802. In the event a Presumptive Negative Suitability Determination is made, SDI will consider the following factors:
 - i. Time since the offense or incident;
 - ii. Age of the subject at the time of the offense or incident;
 - iii. Nature and specific circumstances of the offense or incident;
 - iv. Sentence imposed and length, if any, of incarceration, if criminal;
 - v. Penalty or discipline imposed, including damages awarded, if civil or administrative;
 - vi. Relationship of offense or incident to nature of work to be performed;
 - vii. Number of offenses or incidents;
 - viii. Whether offenses or incidents were committed in association with dependence on drugs or alcohol from which the subject has since recovered;

 - x. Any other relevant information, including information submitted by the subject.
 - c. Consider appeals of determinations of unsuitability based on claims of erroneous information received as part of the background check during the application process in accordance with 803 CMR 2.17: Requirement to Maintain a Secondary Dissemination Log and 2.18: Adverse Employment Decision Based on CORI or Other Types of Criminal History Information Received from a Source Other than the DCJIS.
- Upon adverse determination, SDI will provide the applicant a copy of their background screening report and a pre-adverse determination letter providing the

applicant with a copy of their right to dispute the contents of the report, who to contact to do so and the opportunity to provide a supplemental statement.

- After 10 business days, if the applicant is not disputing the contents of the report and any provided statement does not alter the suitability determination, an adverse action letter will be issued providing the applicant information on the final determination made by SDI along with any legal notices required.
- All suitability determinations will be documented in compliance with all requirements set forth in 935 CMR 500 et seq. and guidance provided by the Commission.
- Background screening will be conducted by an investigative firm holding the National Association of Professional Background Screeners (NAPBS®) Background Screening Credentialing Council (BSCC) accreditation and capable of performing the searches required by the regulations and guidance provided by the Commission.
- References provided by the agent will be verified at the time of hire.
- As deemed necessary, individuals in key positions with unique and sensitive access (e.g. members of the executive management team) will undergo additional screening, which may include interviews with prior employers or colleagues.
- As a condition of their continued employment, agents, volunteers, contractors, and subcontractors are required to renew their Program ID cards annually and submit to other background screening as may be required by SDI or the Commission.

SunnyDayz Inc Energy Efficiency Plan

SunnyDayz Inc (SDI) will top the cannabis power score in Massachusetts. SDI will build new, energy efficient, engineered metal buildings with a cold weather insulation package. The R-value will be much higher than required by the state building code which will save on our heat needed during winter months. These new buildings will not only be designed for overall energy efficiency but also tight security.

We will be implementing the Adaptiv Grow Technologies advanced grow system which includes; liquid-cooled LED lights that are DLC Hort and UL listed, the most energy efficient Dehumidifying Air Handling units on the market, air-cooled micro-channel chillers with heat recovery, and an IoT Building Automation System (SAAM) that provides more data than any other system in the industry.

No other grow system is able to scavenge waste heat like we do at SDI. With the combination of waste heat captured from the liquid-cooled lights and the captured waste heat from the chillers, SDI will be the first cannabis facility in MA that uses zero on-site fossil fuel. In short, we will produce the heat needed to maintain temperature and humidity in the grow rooms, provide warm potable water for employees, and temper the ancillary space, all from waste heat that's captured and controlled thru advanced technology.

SDI will use the purpose designed; purpose built AGT Dehumidifying AHU's which are the most efficient in the industry. These units have an air-to-air heat exchanger that pre-heats and pre-cools the air as it comes and goes from the unit during the dehumidification process to save over 50% of the energy used by other dehumidifiers. This unit is also designed to operate from small teenager plants with minimal latent loads to full mature plants with a massive latent load and still have finite control over the environment. The units are custom built to the desired parameters provided by the cultivator for maximum efficiency.

SDI uses custom built air-cooled chillers with heat recovery. These highly efficient units use advanced technology micro-channel to operate at ambient temps below -20F while still capturing the waste heat off the compressors. No major companies like Trane, Daikin, or Carrier make chillers that can operate at these low ambient temps experienced during Massachusetts winters while still capturing waste heat.

SDI uses a custom high porosity soil medium which uses much less water than crop steering. We have virtually no run-off so we use less water and nutrients. Most of the nutrients we use are carbon based (organic) so we can re-use the soil round after round. We use custom made stainless steel machines that separate the roots from the soil. This practice of re-using the soil is the only sustainable grow medium solution in the industry. While other companies continue to throw rockwool and coco into the landfill, we recycle all our soil.

The AGT system we are implementing at SDI will set the standard for energy efficiency in the cannabis industry.

Additions & Amendments to Energy Compliance Plan:

Identification of potential energy use reduction opportunities:

SunnyDayz plans to use LEED/Energy Star certified LED lighting for all interior fixtures. Additional usage of heat pump circulation creature comfort heating and cooling. Which is presently the most efficient method of HVAC available.

Consideration of opportunities for renewable energy generation:

SunnyDayz has explored on-site power generations sources – because of the small scale of our building, these power sources did not fit into our budget relative to the small building size. Additional renewable generation sources require substantially CapEx cost upfront – incentive available after equipment is purchased and installed. These renewable sources are outside of our allotted construction budget.

Strategies to reduce electric demand:

Our building automation system will include automatic light turn down schedules and temperature set-points for occupied and non-occupied hours – this will be automated through the Adaptiv SAAM Control Platform.

Engagement with energy efficiency programs offered pursuant:

SunnyDayz, Inc. has engaged in early-stage conversations with Anthony Mickiewicz, Regional Sales Manager from Freedom Energy Logistics, LLC. FEL offers an energy efficiency program to reduce the overall cost kw/hr. We have also engaged with regional Utility provider to follow certain energy efficiency programs for interior lighting, LEED/Energy Star fixtures and HVAC solutions to reduce overall energy consumption.
