We suggest that you remain current with the applicable medical-use marijuana laws, which include M.G.L. c. 94I and 935 CMR 501.000, and periodically check for revisions to this document before relying on its contents. The purpose of this guidance is to inform you of updated policies related to Medical Marijuana Treatment Centers (“MTCs”) and the conversion of non-profit corporations to domestic business corporations as authorized by Section 72 of Chapter 55 of the Acts of 2017 (“2017 Act”) (see attachment). The Cannabis Control Commission (“Commission”) interprets the 2017 Act to allow existing applicants and registrants to convert from G.L. c.180 non-profit corporations to domestic business corporations according to the procedures established by the Secretary of State’s Office, and to allow new applicants to choose whether to file as a non-profit corporation or a domestic business corporation.

Existing Applicants or Registrants

Step 1. An MTC with either a Provisional Certificate of Registration or a Final Certificate of Registration, or an applicant with an application pending before the Commission must complete the conversion documents provided by the Secretary of State’s office in order to convert from a non-profit corporation.

Step 2. The completed conversion documents must be submitted to the Medical Use of Marijuana Program (“Program”) for certification that the registrant is a registrant with the Commission or the applicant has an application pending before the Commission.

Step 3. If the registrant or applicant is eligible for certification, the Program will certify the conversion documents and return them to the registrant or applicant. If the registrant or applicant is not eligible, the Program will inform the registrant or applicant that it is not eligible.

Step 4. The registrant or applicant files the certified documents with the Secretary of State's office.

Step 5. Upon completion of the conversion process, the registrant or applicant must obtain a Certificate of Good Standing that reflects their status as a domestic business corporation pursuant to G.L.c.156D and file it with the Commission as an update pursuant to 105 CMR 725.100(F)(4). The registrant or applicant should also notify the Commission if any other documentation that has been submitted to the Commission has been modified or will no longer be in effect as a result of the conversion.

All submissions regarding Non-Profit Conversion should be submitted to:
