Ensuring Zoning Compliance

Given the real-world experience of Holistic Industries, Inc. (“Holistic”) as licensed cannabis business operators in other states, we have a realistic understanding of the disciplined approach necessary to compliantly operate a cutting-edge, customer-focused marijuana business operation in MA. Accordingly, we have secured access to the necessary capital to cover expenses associated with maintaining absolute compliance with all state and local law, rules and regulations. With regards to ensuring continued zoning compliance at each of our facilities, we have conservatively budgeted for in-house and outsourced solutions.

In-House Expertise

To ensure strict compliance with all applicable requirements, including local zoning compliance, we intend to initially rely on both our Compliance Department and in-house counsel to review and analyze our facility’s operational requirements such as state and local permit renewals, changes in zoning requirements and other critical licensing and business authorization matters. Specifically, we will initially rely on our national affiliated Compliance Officer before sourcing a qualified local Compliance Manager from our job fairs, expected to be held in the near future, whose job will be to review all facility activities during construction and operations and ensure regulatory and ongoing zoning compliance. If any violations occur, he/she will cease offending activities, provide a detailed incident report to our CEO and offer remediation measures. Then, the Compliance Manager will oversee the revision of our protocol and any required re-training to ensure absolute compliance moving forward.

Our Compliance Manager will coordinate with each of our facility’s management team to ensure redundant measures are identified and taken to guarantee continuous zoning compliance.

Outsourced Expertise

Holistic has hired local MA legal counsel to advise us on regulatory, operational and zoning compliance related matters as a redundant, but necessary, measure. This law firm, presently Kerbey Harrington Pinkard LLP, will be tasked to review our proposed policies and procedures to ensure absolute compliance with all statutory and regulatory requirements, especially local zoning requirements. Any amendments suggested will be immediately incorporated into our protocol, as overseen by our company’s managers.

Positive Impact Plan

Holistic Industries, Inc. (“Holistic”) has already, and plans to continue, positively impacting areas of disproportionate impact in the Commonwealth of Massachusetts.

Holistic acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.

Any actions taken, or programs instituted, will not violate the Commission’s regulations with respect to limitations on ownership or control or other applicable state laws.

Goals

Our Positive Impact goals are:

- The applicant shall hire 20% or more of its Monson cultivation/manufacturing facility staff that are residents of Monson, a community of disproportionate impact.
- Supporting at least two local organizations in Monson, a community of disproportionate impact, whose goals align with our own in providing assistance to or new economic opportunities for residents in an area of disproportionate impact by contributing at least \$10,000 per year to such organizations in the aggregate

Programs

NOTE: Monson, MA is one of the 29 communities of disproportionate impact, as identified by the Commonwealth of Massachusetts.

Creating Jobs for the Local Monson Talent Pool

To promote economic development in an area of disproportionate impact, Holistic will create jobs at our Monson cultivation/manufacturing facility and generate new tax revenue for the community. We will set a goal that 20%+ of the positions created within our local facility be held by Monson residents each year that we operate. In order to hire 20%+ of our cultivation/manufacturing staff from Monson, the following programs will be instituted:

- The applicant shall post monthly advertisements in the local paper, The Journal Register stating that the establishment is specifically looking for MA residents of Monson to fill positions at our Monson facility
- The applicant shall post monthly advertisements on Indeed, the popular digital job posting website, stating that the establishment is specifically looking for MA residents of Monson to fill positions at our Monson facility

Supporting Local Monson Organizations

Holistic will also annually contribute company resources (at least \$10,000 total) to positively affect areas of disproportionate impact. Representatives have already discussed our proposed program with the Town Administrator of Monson, MA. Our program will consist of charitable giving, consisting of donations to at least two local non-profits on an annual basis. In order to achieve this goal, the following programs will be instituted:

- Monson Free Public Library: Holistic will contribute financially to the non-profit arm of the Monson Free Public Library on an annual basis. This amount shall be a minimum of \$5000 annually.
- Monson Council on Aging: Holistic will contribute financially to this organization on an annual basis. This amount shall be a minimum of \$5000 annually.

Measurements

Creating Jobs Earmarked for the Local Monson Talent Pool

In order to measure the hiring of 20% of our cultivation/manufacturing facility staff from Monson residents, the following metrics will be instituted:

- The applicant will count the total number of positions in the cultivation/manufacturing facility and then will count the number of individuals hired who have verified residency in Monson. These numbers will be assessed to ensure that 20% or more of all individuals hired fall within this goal.

In order to measure the contribution of at least \$10,000 annually in the aggregate to at least two Monson non-profits, the following metrics will be instituted:

- Monson Free Public Library: HR will track financial contributions made to this organization and produce an annual report. HR will maintain proof of financial contributions by a document produced by the Library evincing the date and amount of contribution. This record will be maintained by the company for 5 years at a minimum. These records will be made available to CCC upon request.
- Monson Council on Aging: HR will track financial contributions made to this organization and produce an annual report. HR will maintain proof of financial contributions by a document produced by the Council on Aging evincing the date and amount of contribution. This record will be maintained by the company for 5 years at a minimum. These records will be made available to CCC upon request.

The applicant plans to demonstrate its progress or success towards its goals of hiring 20% of its staff from the residents of Monson upon the first license renewal and annually thereafter.

The applicant plans to demonstrate its progress or success towards its goals of contributing at least \$10,000 annually to at least two Monson non-profits upon the first license renewal and annually thereafter.

*Attached, please find letters from the Monson Free Public Library and Monson Council on Aging acknowledging our first annual contributions to these organizations. Note, total contributions were \$15,000 (\$5,000 to the Free Public Library and \$10,000 to the Council on Aging).

I would like to acknowledge and thank Holistic Industries for their \$10,000 contribution towards the Town of Monson's Council on Aging. We anticipate utilizing the funds to increase access to our transportation services not just for the elderly but for all residents in need. Because of the lack of public transit in town these services are a real lifeline to our citizens. We appreciate Holistic Industries effort to be a worthwhile partner by not just offering potential employment in town, but real improvements to our resident's services.

Best,

Dear Mr. Cohen,

I would like to thank Holistic Industries for their \$5,000 donation to the Monson Free Library (via check #2704, dated 08/08/19). We will use these funds to develop a Health & Wellness series. This initiative will include lectures and events focusing on local health concerns and targeting all ages and ability levels in our community.

It is the Library's mission to be a continually evolving community resource center, providing Monson residents with access to cultural and educational resources, services, and collections centered around community priorities. This generous donation will support our mission and enrich our community.

We look forward to Holistic Industries continued support for our programs and welcome this new partnership.

With Gratitude,

Hope Bodwell
Library Director

ARTICLE I

SHAREHOLDERS

Section 1. Annual Meeting. The Corporation shall hold an annual meeting of shareholders at a time fixed by the Directors. The purposes for which the annual meeting is to be held, in addition to those prescribed by the Articles of Organization, shall be for electing directors and for such other purposes as shall be specified in the notice for the meeting, and only business within such purposes may be conducted at the meeting. In the event an annual meeting is not held at the time fixed in accordance with these Bylaws or the time for an annual meeting is not fixed in accordance with these Bylaws to be held within 13 months after the last annual meeting was held, the Corporation may designate a special meeting held thereafter as a special meeting in lieu of the annual meeting, and the meeting shall have all of the effect of an annual meeting.

Section 2. Special Meetings. Special meetings of the shareholders may be called by the President or by the Directors, and shall be called by the Secretary, or in case of the death, absence, incapacity or refusal of the Secretary, by another officer, if the holders of at least 10 percent, or such lesser percentage as the Articles of Organization permit, of all the votes entitled to be cast on any issue to be considered at the proposed special meeting sign, date, and deliver to the Secretary one or more written demands for the meeting describing the purpose for which it is to be held. Only business within the purpose or purposes described in the meeting notice may be conducted at a special shareholders' meeting.

Section 3. Place of Meetings. All meetings of shareholders shall be held at the principal office of the Corporation unless a different place is specified in the notice of the meeting or the meeting is held solely by means of remote communication in accordance with Section 11 of this Article.

Section 4. Requirement of Notice. A written notice of the date, time, and place of each annual and special shareholders' meeting describing the purposes of the meeting shall be given to shareholders entitled to vote at the meeting (and, to the extent required by law or the Articles of Organization, to shareholders not entitled to vote at the meeting) no fewer than seven nor more than 60 days before the meeting date. If an annual or special meeting of shareholders is adjourned to a different date, time or place, notice need not be given of the new date, time or place if the new date, time or place, if any, is announced at the meeting before adjournment. If a new record date for the adjourned meeting is fixed, however, notice of the adjourned meeting shall be given under this Section to persons who are shareholders as of the new record date. All notices to shareholders shall conform to the requirements of Article III.

Section 5. Waiver of Notice. A shareholder may waive any notice required by law, the Articles of Organization, or these Bylaws before or after the date and time stated in the notice. The waiver shall be in writing, be signed by the shareholder entitled to the notice, and be delivered to the Corporation for inclusion with the records of the meeting. A shareholder's

attendance at a meeting: (a) waives objection to lack of notice or defective notice of the meeting, unless the shareholder at the beginning of the meeting objects to holding the meeting or transacting business at the meeting; and (b) waives objection to consideration of a particular matter at the meeting that is not within the purpose or purposes described in the meeting notice, unless the shareholder objects to considering the matter when it is presented.

Section 6. Quorum.

(a) Unless otherwise provided by law, or in the Articles of Organization, these Bylaws or a resolution of the Directors requiring satisfaction of a greater quorum requirement for any voting group, a majority of the votes entitled to be cast on the matter by a voting group constitutes a quorum of that voting group for action on that matter. As used in these Bylaws, a voting group includes all shares of one or more classes or series that, under the Articles of Organization or the Massachusetts Business Corporation Act, as in effect from time to time (the “MBCA”), are entitled to vote and to be counted together collectively on a matter at a meeting of shareholders.

(b) A share once represented for any purpose at a meeting is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless (1) the shareholder attends solely to object to lack of notice, defective notice or the conduct of the meeting on other grounds and does not vote the shares or otherwise consent that they are to be deemed present, or (2) in the case of an adjournment, a new record date is or shall be set for that adjourned meeting.

Section 7. Voting and Proxies. Unless the Articles of Organization provide otherwise, each outstanding share, regardless of class, is entitled to one vote on each matter voted on at a shareholders’ meeting. A shareholder may vote his or her shares in person or may appoint a proxy to vote or otherwise act for him or her by signing an appointment form, either personally or by his or her attorney-in-fact. An appointment of a proxy is effective when received by the Secretary or other officer or agent authorized to tabulate votes. Unless otherwise provided in the appointment form, an appointment is valid for a period of 11 months from the date the shareholder signed the form or, if it is undated, from the date of its receipt by the officer or agent. An appointment of a proxy is revocable by the shareholder unless the appointment form conspicuously states that it is irrevocable and the appointment is coupled with an interest, as defined in the MBCA. An appointment made irrevocable is revoked when the interest with which it is coupled is extinguished. The death or incapacity of the shareholder appointing a proxy shall not affect the right of the Corporation to accept the proxy’s authority unless notice of the death or incapacity is received by the Secretary or other officer or agent authorized to tabulate votes before the proxy exercises his or her authority under the appointment. A transferee for value of shares subject to an irrevocable appointment may revoke the appointment if he or she did not know of its existence when he or she acquired the shares and the existence of the irrevocable appointment was not noted conspicuously on the certificate representing the shares or on the information statement for shares without certificates. Subject to the provisions of Section 7.24 of the MBCA and to any express limitation on the proxy’s authority appearing on the face of the appointment form, the Corporation is entitled to accept the proxy’s vote or other action as that of the shareholder making the appointment.

Section 8. Action at Meeting. If a quorum of a voting group exists, favorable action on a matter, other than the election of Directors, is taken by a voting group if the votes cast within the group favoring the action exceed the votes cast opposing the action, unless a greater number of affirmative votes is required by law, the Articles of Organization, these Bylaws, any agreement amongst the shareholders or a resolution of the Board of Directors requiring receipt of a greater affirmative vote of the shareholders, including more separate voting groups. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. No ballot shall be required for such election unless requested by a shareholder present or represented at the meeting and entitled to vote in the election.

Section 9. Action without Meeting by Written Consent.

(a) Action taken at a shareholders' meeting may be taken without a meeting if the action is taken either: (1) by all shareholders entitled to vote on the action; or (2) to the extent permitted by the Articles of Organization, by shareholders having not less than the minimum number of votes necessary to take the action at a meeting at which all shareholders entitled to vote on the action are present and voting. The action shall be evidenced by one or more written consents that describe the action taken, are signed by shareholders having the requisite votes, bear the date of the signatures of such shareholders, and are delivered to the Corporation for inclusion with the records of meetings within 60 days of the earliest dated consent delivered to the Corporation as required by this Section. A consent signed under this Section has the effect of a vote at a meeting.

(b) If action is to be taken pursuant to the consent of voting shareholders without a meeting, the Corporation, at least seven days before the action pursuant to the consent is taken, shall give notice, which complies in form with the requirements of Article III, of the action (1) to nonvoting shareholders in any case where such notice would be required by law if the action were to be taken pursuant to a vote by voting shareholders at a meeting, and (2) if the action is to be taken pursuant to the consent of less than all the shareholders entitled to vote on the matter, to all shareholders entitled to vote who did not consent to the action. The notice shall contain, or be accompanied by, the same material that would have been required by law to be sent to shareholders in or with the notice of a meeting at which the action would have been submitted to the shareholders for approval.

Section 10. Record Date. The Directors may fix the record date in order to determine the shareholders entitled to notice of a shareholders' meeting, to demand a special meeting, to vote, or to take any other action. If a record date for a specific action is not fixed by the Board of Directors, and is not supplied by law, the record date shall be the close of business either on the day before the first notice is sent to shareholders, or, if no notice is sent, on the day before the meeting or, in the case of action without a meeting by written consent, the date the first shareholder signs the consent. A record date fixed under this Section may not be more than 70 days before the meeting or action requiring a determination of shareholders. A determination of shareholders entitled to notice of or to vote at a shareholders' meeting is effective for any adjournment of the meeting unless the Board of Directors fixes a new record date, which it shall do if the meeting is adjourned to a date more than 120 days after the date fixed for the original meeting.

Section 11. Meetings by Remote Communications. Unless otherwise provided in the Articles of Organization, if authorized by the Directors: any annual or special meeting of shareholders need not be held at any place but may instead be held solely by means of remote communication; and subject to such guidelines and procedures as the Board of Directors may adopt, shareholders and proxyholders not physically present at a meeting of shareholders may, by means of remote communications: (a) participate in a meeting of shareholders; and (b) be deemed present in person and vote at a meeting of shareholders whether such meeting is to be held at a designated place or solely by means of remote communication, provided that: (1) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a shareholder or proxyholder; (2) the Corporation shall implement reasonable measures to provide such shareholders and proxyholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the shareholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings; and (3) if any shareholder or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the Corporation.

Section 12. Form of Shareholder Action.

(a) Any vote, consent, waiver, proxy appointment or other action by a shareholder or by the proxy or other agent of any shareholder shall be considered given in writing, dated and signed, if, in lieu of any other means permitted by law, it consists of an electronic transmission that sets forth or is delivered with information from which the Corporation can determine (i) that the electronic transmission was transmitted by the shareholder, proxy or agent or by a person authorized to act for the shareholder, proxy or agent; and (ii) the date on which such shareholder, proxy, agent or authorized person transmitted the electronic transmission. The date on which the electronic transmission is transmitted shall be considered to be the date on which it was signed. The electronic transmission shall be considered received by the Corporation if it has been sent to any address specified by the Corporation for the purpose or, if no address has been specified, to the principal office of the Corporation, addressed to the Secretary or other officer or agent having custody of the records of proceedings of shareholders.

(b) Any copy, facsimile or other reliable reproduction of a vote, consent, waiver, proxy appointment or other action by a shareholder or by the proxy or other agent of any shareholder may be substituted or used in lieu of the original writing for any purpose for which the original writing could be used, but the copy, facsimile or other reproduction shall be a complete reproduction of the entire original writing.

Section 13. Shareholders List for Meeting.

(a) After fixing a record date for a shareholders' meeting, the Corporation shall prepare an alphabetical list of the names of all its shareholders who are entitled to notice of the meeting. The list shall be arranged by voting group, and within each voting group by class or series of shares, and show the address of and number of shares held by each shareholder, but need not include an electronic mail address or other electronic contact information for any shareholder.

(b) The shareholders list shall be available for inspection by any shareholder, beginning two business days after notice is given of the meeting for which the list was prepared and continuing through the meeting: (1) at the Corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held; or (2) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting. If the meeting is to be held solely by means of remote communication, the list shall be made available on an electronic network.

(c) A shareholder, his or her agent, or attorney is entitled on written demand to inspect and, subject to the requirements of Section 2(c) of Article VI of these Bylaws, to copy the list, during regular business hours and at his or her expense, during the period it is available for inspection.

(d) The Corporation shall make the shareholders list available at the meeting, and any shareholder or his or her agent or attorney is entitled to inspect the list at any time during the meeting or any adjournment.

ARTICLE II

DIRECTORS

Section 1. Powers. All corporate power shall be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, its Board of Directors.

Section 2. Number and Election. The Board of Directors shall consist of one or more individuals, with the number fixed by the shareholders at the annual meeting or by the Board of Directors, but, unless otherwise provided in the Articles of Organization, if the Corporation has more than one shareholder, the number of Directors shall not be less than three, except that whenever there shall be only two shareholders, the number of Directors shall not be less than two. Except as otherwise provided in these Bylaws or the Articles of Organization, the Directors shall be elected by the shareholders at the annual meeting.

Section 3. Vacancies. If a vacancy occurs on the Board of Directors, including a vacancy resulting from an increase in the number of Directors: (a) the shareholders may fill the vacancy; (b) the Board of Directors may fill the vacancy; or (c) if the Directors remaining in office constitute fewer than a quorum of the Board, they may fill the vacancy by the affirmative vote of a majority of all the Directors remaining in office. A vacancy that will occur at a specific later date may be filled before the vacancy occurs but the new Director may not take office until the vacancy occurs. If the vacant office was held by a Director elected by a voting group of shareholders, only the holders of shares of that voting group or the Directors elected by that voting group are entitled to vote to fill the vacancy.

Section 4. Change in Size of the Board of Directors. The number of Directors may be fixed or changed from time to time by the shareholders or the Board of Directors, and the Board of Directors may increase or decrease the number of Directors last approved by the shareholders.

Section 5. Tenure. The terms of all Directors shall expire at the next annual shareholders' meeting following their election. A decrease in the number of Directors does not shorten an incumbent Director's term. The term of a Director elected to fill a vacancy shall expire at the next shareholders' meeting at which Directors are elected. Despite the expiration of a Director's term, he or she shall continue to serve until his or her successor is elected and qualified or until there is a decrease in the number of Directors.

Section 6. Resignation. A Director may resign at any time by delivering written notice of resignation to the Board of Directors, its chairman, or to the Corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective date.

Section 7. Removal. The shareholders may remove one or more Directors with or without cause but if a Director is elected by a voting group of shareholders, only the shareholders of that voting group may participate in the vote to remove him or her. A Director may be removed for cause by the Directors by vote of a majority of the Directors then in office but, if a Director is elected by a voting group of shareholders, only the Directors elected by that voting group may participate in the vote to remove him or her. A Director may be removed by the shareholders or the Directors only at a meeting called for the purpose of removing him or her, and the meeting notice must state that the purpose, or one of the purposes, of the meeting is removal of the Director.

Section 8. Regular Meetings. Regular meetings of the Board of Directors may be held at such times and places as shall from time to time be fixed by the Board of Directors without notice of the date, time, place or purpose of the meeting provided that notice of the first regular meeting following any such determination shall be given to absent Directors.

Section 9. Special Meetings. Special meetings of the Board of Directors may be called by the President, by the Secretary, by any two Directors, or by one Director in the event that there is only one Director.

Section 10. Notice. Special meetings of the Board must be preceded by at least two days' notice of the date, time and place of the meeting. The notice need not describe the purpose of the special meeting. All notices to directors shall conform to the requirements of Article III.

Section 11. Waiver of Notice. A Director may waive any notice before or after the date and time of the meeting. The waiver shall be in writing, signed by the Director entitled to the notice, or in the form of an electronic transmission by the Director to the Corporation, and filed with the minutes or corporate records. A Director's attendance at or participation in a meeting waives any required notice to him or her of the meeting unless the Director at the beginning of the meeting, or promptly upon his or her arrival, objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

Section 12. Quorum. A quorum of the Board of Directors consists of a majority of the Directors then in office, provided always that any number of Directors (whether one or more and whether or not constituting a quorum) constituting a majority of Directors present at any meeting or at any adjourned meeting may make any reasonable adjournment thereof.

Section 13. Action at Meeting. If a quorum is present when a vote is taken, the affirmative vote of a majority of Directors present is the act of the Board of Directors. A Director who is present at a meeting of the Board of Directors or a committee of the Board of Directors when corporate action is taken is considered to have assented to the action taken unless: (a) he or she objects at the beginning of the meeting, or promptly upon his or her arrival, to holding it or transacting business at the meeting; (b) his or her dissent or abstention from the action taken is entered in the minutes of the meeting; or (c) he or she delivers written notice of his or her dissent or abstention to the presiding officer of the meeting before its adjournment or to the Corporation immediately after adjournment of the meeting. The right of dissent or abstention is not available to a Director who votes in favor of the action taken.

Section 14. Action Without Meeting. Any action required or permitted to be taken by the Directors may be taken without a meeting if the action is taken by the unanimous consent of the members of the Board of Directors. The action must be evidenced by one or more consents describing the action taken, in writing, signed by each Director, or delivered to the Corporation by electronic transmission, to the address specified by the Corporation for the purpose or, if no address has been specified, to the principal office of the Corporation, addressed to the Secretary or other officer or agent having custody of the records of proceedings of Directors, and included in the minutes or filed with the corporate records reflecting the action taken. Action taken under this Section is effective when the last Director signs or delivers the consent, unless the consent specifies a different effective date. A consent signed or delivered under this Section has the effect of a meeting vote and may be described as such in any document.

Section 15. Meetings by Remote Communications. The Board of Directors may permit any or all Directors to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all Directors participating may simultaneously hear each other during the meeting. A Director participating in a meeting by this means is considered to be present in person at the meeting.

Section 16. Committees. The Board of Directors may create one or more committees and appoint members of the Board of Directors to serve on them. Each committee may have one or more members, who serve at the pleasure of the Board of Directors. The creation of a committee and appointment of members to it must be approved by a majority of all the Directors in office when the action is taken. Article III and Sections 10 through 15 of this Article shall apply to committees and their members. To the extent specified by the Board of Directors, each committee may exercise the authority of the Board of Directors. A committee may not, however: (a) authorize distributions; (b) approve or propose to shareholders action that the MBCA requires be approved by shareholders; (c) change the number of the Board of Directors, remove Directors from office or fill vacancies on the Board of Directors; (d) amend the Articles of Organization; (e) adopt, amend or repeal Bylaws; or (f) authorize or approve reacquisition of shares, except according to a formula or method prescribed by the Board of Directors. The creation of, delegation of authority to, or action by a committee does not alone constitute compliance by a Director with the standards of conduct described in Section 18 of this Article.

Section 17. Compensation. The Board of Directors may fix the compensation of Directors.

Section 18. Standard of Conduct for Directors.

(a) A Director shall discharge his or her duties as a Director, including his or her duties as a member of a committee: (1) in good faith; (2) with the care that a person in a like position would reasonably believe appropriate under similar circumstances; and (3) in a manner the Director reasonably believes to be in the best interests of the Corporation. In determining what the Director reasonably believes to be in the best interests of the Corporation, a Director may consider the interests of the Corporation's employees, suppliers, creditors and customers, the economy of the state, the region and the nation, community and societal considerations, and the long-term and short-term interests of the Corporation and its shareholders, including the possibility that these interests may be best served by the continued independence of the Corporation.

(b) In discharging his or her duties, a Director who does not have knowledge that makes reliance unwarranted is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by: (1) one or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and competent with respect to the information, opinions, reports or statements presented; (2) legal counsel, public accountants, or other persons retained by the Corporation, as to matters involving skills or expertise the Director reasonably believes are matters (i) within the particular person's professional or expert competence or (ii) as to which the particular person merits confidence; or (3) a committee of the Board of Directors of which the Director is not a member if the Director reasonably believes the committee merits confidence.

(c) A Director is not liable for any action taken as a Director, or any failure to take any action, if he or she performed the duties of his or her office in compliance with this Section.

Section 19. Conflict of Interest.

(a) A conflict of interest transaction is a transaction with the Corporation in which a Director of the Corporation has a material direct or indirect interest. A conflict of interest transaction is not voidable by the Corporation solely because of the Director's interest in the transaction if any one of the following is true:

(1) the material facts of the transaction and the Director's interest were disclosed or known to the Board of Directors or a committee of the Board of Directors and the Board of Directors or committee authorized, approved, or ratified the transaction;

(2) the material facts of the transaction and the Director's interest were disclosed or known to the shareholders entitled to vote and they authorized, approved, or ratified the transaction; or

(3) the transaction was fair to the Corporation.

(b) For purposes of this Section, and without limiting the interests that may create conflict of interest transactions, a Director of the Corporation has an indirect interest in a transaction if: (1) another entity in which he or she has a material financial interest or in which he or she is a general partner is a party to the transaction; or (2) another entity of which he or she

is a director, officer, or trustee or in which he or she holds another position is a party to the transaction and the transaction is or should be considered by the Board of Directors of the Corporation.

(c) For purposes of clause (1) of subsection (a), a conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the Directors on the Board of Directors (or on the committee) who have no direct or indirect interest in the transaction, but a transaction may not be authorized, approved, or ratified under this Section by a single Director. If a majority of the Directors who have no direct or indirect interest in the transaction vote to authorize, approve, or ratify the transaction, a quorum is present for the purpose of taking action under this Section. The presence of, or a vote cast by, a Director with a direct or indirect interest in the transaction does not affect the validity of any action taken under clause (1) of subsection (a) if the transaction is otherwise authorized, approved, or ratified as provided in that subsection.

(d) For purposes of clause (2) of subsection (a), a conflict of interest transaction is authorized, approved, or ratified if it receives the vote of a majority of the shares entitled to be counted under this subsection. Shares owned by or voted under the control of a Director who has a direct or indirect interest in the transaction, and shares owned by or voted under the control of an entity described in clause (1) of subsection (b), may not be counted in a vote of shareholders to determine whether to authorize, approve, or ratify a conflict of interest transaction under clause (2) of subsection (a). The vote of those shares, however, is counted in determining whether the transaction is approved under other Sections of these Bylaws. A majority of the shares, whether or not present, that are entitled to be counted in a vote on the transaction under this subsection constitutes a quorum for the purpose of taking action under this Section.

Section 20. Loans to Directors. The Corporation may not lend money to, or guarantee the obligation of a Director of, the Corporation unless: (a) the specific loan or guarantee is approved by a majority of the votes represented by the outstanding voting shares of all classes, voting as a single voting group, except the votes of shares owned by or voted under the control of the benefited Director; or (b) the Corporation's Board of Directors determines that the loan or guarantee benefits the Corporation and either approves the specific loan or guarantee or a general plan authorizing loans and guarantees. The fact that a loan or guarantee is made in violation of this Section shall not affect the borrower's liability on the loan.

ARTICLE III

MANNER OF NOTICE

All notices hereunder shall conform to the following requirements:

(a) Notice shall be in writing unless oral notice is reasonable under the circumstances. Notice by electronic transmission is written notice.

(b) Notice may be communicated in person; by telephone, voice mail, telegraph, teletype, or other electronic means; by mail; by electronic transmission; or by messenger or

delivery service. If these forms of personal notice are impracticable, notice may be communicated by a newspaper of general circulation in the area where published; or by radio, television, or other form of public broadcast communication.

(c) Written notice, other than notice by electronic transmission, if in a comprehensible form, is effective upon deposit in the United States mail, if mailed postpaid and correctly addressed to the shareholder's address shown in the Corporation's current record of shareholders.

(d) Written notice by electronic transmission, if in comprehensible form, is effective: (1) if by facsimile telecommunication, when directed to a number furnished by the shareholder for the purpose; (2) if by electronic mail, when directed to an electronic mail address furnished by the shareholder for the purpose; (3) if by a posting on an electronic network together with separate notice to the shareholder of such specific posting, directed to an electronic mail address furnished by the shareholder for the purpose, upon the later of (i) such posting and (ii) the giving of such separate notice; and (4) if by any other form of electronic transmission, when directed to the shareholder in such manner as the shareholder shall have specified to the Corporation. An affidavit of the Secretary or an Assistant Secretary of the Corporation, the transfer agent or other agent of the Corporation that the notice has been given by a form of electronic transmission shall, in the absence of fraud, be prima facie evidence of the facts stated therein.

(e) Except as provided in subsection (c), written notice, other than notice by electronic transmission, if in a comprehensible form, is effective at the earliest of the following: (1) when received; (2) five days after its deposit in the United States mail, if mailed postpaid and correctly addressed; (3) on the date shown on the return receipt, if sent by registered or certified mail, return receipt requested; or if sent by messenger or delivery service, on the date shown on the return receipt signed by or on behalf of the addressee; or (4) on the date of publication if notice by publication is permitted.

(f) Oral notice is effective when communicated if communicated in a comprehensible manner.

ARTICLE IV

OFFICERS

Section 1. Enumeration. The Corporation shall have a President, a Treasurer, a Secretary and such other officers as may be appointed by the Board of Directors from time to time in accordance with these Bylaws. The Corporation may also have such agents, if any, as the Board of Directors from time to time may in its discretion appoint. The Board of Directors may appoint one of its members to the office of Chairman of the Board and from time to time define the powers and duties of that office notwithstanding any other provisions of these Bylaws.

Section 2. Appointment. The officers shall be appointed by the Board of Directors. A duly appointed officer may appoint one or more officers or assistant officers if authorized by the Board of Directors. Each officer has the authority and shall perform the duties set forth in these

Bylaws or, to the extent consistent with these Bylaws, the duties prescribed by the Board of Directors or by direction of an officer authorized by the Board of Directors to prescribe the duties of other officers.

Section 3. Qualification. The same individual may simultaneously hold more than one office in the Corporation.

Section 4. Tenure. Officers shall hold office until the first meeting of the Directors following the next annual meeting of shareholders after their appointment and until their respective successors are duly appointed, unless a shorter or longer term is specified in the vote appointing them.

Section 5. Resignation. An officer may resign at any time by delivering notice of the resignation to the Corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective date. If a resignation is made effective at a later date and the Corporation accepts the future effective date, the Board of Directors may fill the pending vacancy before the effective date if the Board of Directors provides that the successor shall not take office until the effective date. An officer's resignation shall not affect the Corporation's contract rights, if any, with the officer.

Section 6. Removal. The Board of Directors may remove any officer at any time with or without cause. The appointment of an officer shall not itself create contract rights. An officer's removal shall not affect the officer's contract rights, if any, with the Corporation.

Section 7. President. The President when present shall preside at all meetings of the shareholders and, if there is no Chairman of the Board of Directors, of the Directors. He or she shall be the chief executive officer of the Corporation except as the Board of Directors may otherwise provide. The President shall perform such duties and have such powers additional to the foregoing as the Directors shall designate.

Section 8. Treasurer. The Treasurer shall, subject to the direction of the Directors, have general charge of the financial affairs of the Corporation and shall cause to be kept accurate books of accounts. He or she shall have custody of all funds, securities, and valuable documents of the Corporation, except as the Directors may otherwise provide. The Treasurer shall perform such duties and have such powers additional to the foregoing as the Directors may designate.

Section 9. Secretary. The Secretary shall have responsibility for preparing minutes of the Directors' and shareholders' meetings and for authenticating records of the Corporation. The Secretary shall perform such duties and have such powers additional to the foregoing as the Directors shall designate.

Section 10. Standards of Conduct for Officers. An officer shall discharge his or her duties: (a) in good faith; (b) with the care that a person in a like position would reasonably exercise under similar circumstances; and (c) in a manner the officer reasonably believes to be in the best interests of the Corporation. In discharging his or her duties, an officer, who does not have knowledge that makes reliance unwarranted, is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by: (1) one or more officers or employees of the Corporation whom the officer

reasonably believes to be reliable and competent with respect to the information, opinions, reports or statements presented; or (2) legal counsel, public accountants, or other persons retained by the Corporation as to matters involving skills or expertise the officer reasonably believes are matters (i) within the particular person's professional or expert competence or (ii) as to which the particular person merits confidence. An officer shall not be liable to the Corporation or its shareholders for any decision to take or not to take any action taken, or any failure to take any action, as an officer, if the duties of the officer are performed in compliance with this Section.

ARTICLE V

PROVISIONS RELATING TO SHARES

Section 1. Issuance and Consideration. The Board of Directors may issue the number of shares of each class or series authorized by the Articles of Organization. The Board of Directors may authorize shares to be issued for consideration consisting of any tangible or intangible property or benefit to the Corporation, including cash, promissory notes, services performed, contracts for services to be performed, or other securities of the Corporation. Before the Corporation issues shares, the Board of Directors shall determine that the consideration received or to be received for shares to be issued is adequate. The Board of Directors shall determine the terms upon which the rights, options, or warrants for the purchase of shares or other securities of the Corporation are issued and the terms, including the consideration, for which the shares or other securities are to be issued.

Section 2. Share Certificates. If shares are represented by certificates, at a minimum each share certificate shall state on its face: (a) the name of the Corporation and that it is organized under the laws of The Commonwealth of Massachusetts; (b) the name of the person to whom issued; and (c) the number and class of shares and the designation of the series, if any, the certificate represents. If different classes of shares or different series within a class are authorized, then the variations in rights, preferences and limitations applicable to each class and series, and the authority of the Board of Directors to determine variations for any future class or series, must be summarized on the front or back of each certificate. Alternatively, each certificate may state conspicuously on its front or back that the Corporation will furnish the shareholder this information on request in writing and without charge. Each share certificate shall be signed, either manually or in facsimile, by the President or a Vice President and by the Treasurer or an Assistant Treasurer, or any two officers designated by the Board of Directors, and shall bear the corporate seal or its facsimile. If the person who signed, either manually or in facsimile, a share certificate no longer holds office when the certificate is issued, the certificate shall be nevertheless valid.

Section 3. Uncertificated Shares. The Board of Directors may authorize the issue of some or all of the shares of any or all of the Corporation's classes or series without certificates. The authorization shall not affect shares already represented by certificates until they are surrendered to the Corporation. Within a reasonable time after the issue or transfer of shares

without certificates, the Corporation shall send the shareholder a written statement of the information required by the MBCA to be on certificates.

Section 4. Record and Beneficial Owners. The Corporation shall be entitled to treat as the shareholder the person in whose name shares are registered in the records of the Corporation or, if the Board of Directors has established a procedure by which the beneficial owner of shares that are registered in the name of a nominee will be recognized by the Corporation as a shareholder, the beneficial owner of shares to the extent of the rights granted by a nominee certificate on file with the Corporation.

Section 5. Lost or Destroyed Certificates. The Board of Directors of the Corporation may, subject to Massachusetts General Laws, Chapter 106, Section 8-405, determine the conditions upon which a new share certificate may be issued in place of any certificate alleged to have been lost, destroyed, or wrongfully taken. The Board of Directors may, in its discretion, require the owner of such share certificate, or his or her legal representative, to give a bond, sufficient in its opinion, with or without surety, to indemnify the Corporation against any loss or claim which may arise by reason of the issue of the new certificate.

Section 6. Transfer of Shares. Subject to the restrictions, if any, stated or noted on the stock certificates or any agreement amongst the shareholders and the Corporation, shares of stock may be transferred on the books of the Corporation by the surrender to the Corporation or its transfer agent of the certificate therefor properly endorsed or accompanied by a written assignment and power of attorney properly executed, with necessary transfer stamps affixed, and with such proof of the authenticity of signature as the Board of Directors or the transfer agent of the Corporation may reasonably require. Except as may be otherwise required by law, by the Articles of Organization, by these Bylaws or any agreement among the shareholders and the Corporation, the Corporation shall be entitled to treat the record holder of stock as shown on its books as the owner of such stock for all purposes, including the payment of dividends and the right to receive notice and to vote with respect thereto, regardless of any transfer, pledge or other disposition of such stock until the shares have been transferred on the books of the Corporation in accordance with the requirements of these Bylaws.

ARTICLE VI

CORPORATE RECORDS

Section 1. Records to be Kept.

(a) The Corporation shall keep as permanent records minutes of all meetings of its shareholders and Board of Directors, a record of all actions taken by the shareholders or Board of Directors without a meeting, and a record of all actions taken by a committee of the Board of Directors in place of the Board of Directors on behalf of the Corporation. The Corporation shall maintain appropriate accounting records. The Corporation or its agent shall maintain a record of its shareholders, in a form that permits preparation of a list of the names and addresses of all shareholders, in alphabetical order by class of shares showing the number and class of shares

held by each. The Corporation shall maintain its records in written form or in another form capable of conversion into written form within a reasonable time.

(b) The Corporation shall keep within The Commonwealth of Massachusetts a copy of the following records at its principal office or an office of its transfer agent or of its Secretary or Assistant Secretary or of its registered agent:

(i) its Articles or Restated Articles of Organization and all amendments to them currently in effect;

(ii) its Bylaws or restated Bylaws and all amendments to them currently in effect;

(iii) resolutions adopted by its Board of Directors creating one or more classes or series of shares, and fixing their relative rights, preferences, and limitations, if shares issued pursuant to those resolutions are outstanding;

(iv) the minutes of all shareholders' meetings, and records of all action taken by shareholders without a meeting, for the past three years;

(v) all written communications to shareholders generally within the past three years, including the financial statements furnished under Section 16.20 of the MBCA for the past three years;

(vi) a list of the names and business addresses of its current Directors and officers; and

(vii) its most recent annual report delivered to the Massachusetts Secretary of State.

Section 2. Inspection of Records by Shareholders.

(a) A shareholder is entitled to inspect and copy, during regular business hours at the office where they are maintained pursuant to Section 1(b) of this Article, copies of any of the records of the Corporation described in said Section if he or she gives the Corporation written notice of his or her demand at least five business days before the date on which he or she wishes to inspect and copy.

(b) A shareholder is entitled to inspect and copy, during regular business hours at a reasonable location specified by the Corporation, any of the following records of the Corporation if the shareholder meets the requirements of subsection (c) and gives the Corporation written notice of his or her demand at least five business days before the date on which he or she wishes to inspect and copy:

(1) excerpts from minutes reflecting action taken at any meeting of the Board of Directors, records of any action of a committee of the Board of Directors while acting in place of the Board of Directors on behalf of the Corporation, minutes of any meeting of the shareholders, and records of action taken by the shareholders or Board of Directors without a meeting, to the extent not subject to inspection under subsection (a) of this Section;

(2) accounting records of the Corporation, but if the financial statements of the Corporation are audited by a certified public accountant, inspection shall be limited to the financial statements and the supporting schedules reasonably necessary to verify any line item on those statements; and

(3) the record of shareholders described in Section 1(a) of this Article.

(c) A shareholder may inspect and copy the records described in subsection (b) only if:

(1) his or her demand is made in good faith and for a proper purpose;

(2) he or she describes with reasonable particularity his or her purpose and the records he or she desires to inspect;

(3) the records are directly connected with his or her purpose; and

(4) the Corporation shall not have determined in good faith that disclosure of the records sought would adversely affect the Corporation in the conduct of its business.

(d) For purposes of this Section, “shareholder” includes a beneficial owner whose shares are held in a voting trust or by a nominee on his or her behalf.

Section 3. Scope of Inspection Right.

(a) A shareholder’s agent or attorney has the same inspection and copying rights as the shareholder represented.

(b) The Corporation may, if reasonable, satisfy the right of a shareholder to copy records under Section 2 of this Article by furnishing to the shareholder copies by photocopy or other means chosen by the Corporation including copies furnished through an electronic transmission.

(c) The Corporation may impose a reasonable charge, covering the costs of labor, material, transmission and delivery, for copies of any documents provided to the shareholder. The charge may not exceed the estimated cost of production, reproduction, transmission or delivery of the records.

(d) The Corporation may comply at its expense, with a shareholder’s demand to inspect the record of shareholders under Section 2(b)(3) of this Article by providing the shareholder with a list of shareholders that was compiled no earlier than the date of the shareholder’s demand.

(e) The Corporation may impose reasonable restrictions on the use or distribution of records by the demanding shareholder.

Section 4. Inspection of Records by Directors. A Director is entitled to inspect and copy the books, records and documents of the Corporation at any reasonable time to the extent

reasonably related to the performance of the Director's duties as a Director, including duties as a member of a committee, but not for any other purpose or in any manner that would violate any duty to the Corporation.

ARTICLE VII

INDEMNIFICATION

Section 1. Definitions. In this Article the following words shall have the following meanings unless the context requires otherwise:

"Corporation", includes any domestic or foreign predecessor entity of the Corporation in a merger.

"Director" or "officer", an individual who is or was a Director or officer, respectively, of the Corporation or who, while a Director or officer of the Corporation, is or was serving at the Corporation's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity. A Director or officer is considered to be serving an employee benefit plan at the Corporation's request if his or her duties to the Corporation also impose duties on, or otherwise involve services by, him or her to the plan or to participants in or beneficiaries of the plan. "Director" or "officer" includes, unless the context requires otherwise, the estate or personal representative of a Director or officer.

"Disinterested Director", a Director who, at the time of a vote or selection referred to in Section 4 of this Article, is not (i) a party to the proceeding, or (ii) an individual having a familial, financial, professional, or employment relationship with the Director whose indemnification or advance for expenses is the subject of the decision being made, which relationship would, in the circumstances, reasonably be expected to exert an influence on the Director's judgment when voting on the decision being made.

"Expenses", includes counsel fees.

"Liability", the obligation to pay a judgment, settlement, penalty, fine including an excise tax assessed with respect to an employee benefit plan, or reasonable expenses incurred with respect to a proceeding.

"Party", an individual who was, is, or is threatened to be made, a defendant or respondent in a proceeding.

"Proceeding", any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, arbitative, or investigative and whether formal or informal.

Section 2. Indemnification of Directors and Officers.

(a) Except as otherwise provided in this Section, the Corporation may indemnify to the fullest extent permitted by law an individual who is a party to a proceeding because he or she is a Director or officer against liability incurred in the proceeding if: (1) (i) he or she conducted

himself or herself in good faith; and (ii) he or she reasonably believed that his or her conduct was in the best interests of the Corporation or that his or her conduct was at least not opposed to the best interests of the Corporation; and (iii) in the case of any criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful; or (2) he or she engaged in conduct for which he or she shall not be liable under a provision of the Articles of Organization authorized by Section 2.02(b)(4) of the MBCA or any successor provision to such Section.

(b) A Director's or officer's conduct with respect to an employee benefit plan for a purpose he or she reasonably believed to be in the interests of the participants in, and the beneficiaries of, the plan is conduct that satisfies the requirement that his or her conduct was at least not opposed to the best interests of the Corporation.

(c) The termination of a proceeding by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent, is not, of itself, determinative that the Director or officer did not meet the relevant standard of conduct described in this Section.

(d) Unless ordered by a court, the Corporation may not indemnify a Director or officer under this Section if his or her conduct did not satisfy the standards set forth in subsection (a) or subsection (b).

Section 3. Advance for Expenses. The Corporation may, before final disposition of a proceeding, advance funds to pay for or reimburse the reasonable expenses incurred by a Director or officer who is a party to a proceeding because he or she is a Director or officer if he or she delivers to the Corporation:

(a) a written affirmation of his or her good faith belief that he or she has met the relevant standard of conduct described in Section 2 of this Article or that the proceeding involves conduct for which liability has been eliminated under a provision of the Articles of Organization as authorized by Section 2.02(b)(4) of the MBCA or any successor provision to such Section; and

(b) his or her written undertaking to repay any funds advanced if he or she is not wholly successful, on the merits or otherwise, in the defense of such proceeding and it is ultimately determined pursuant to Section 4 of this Article or by a court of competent jurisdiction that he or she has not met the relevant standard of conduct described in Section 2 of this Article. Such undertaking must be an unlimited general obligation of the Director or officer but need not be secured and shall be accepted without reference to the financial ability of the Director or officer to make repayment.

Section 4. Determination of Indemnification. The determination of whether a Director or officer has met the relevant standard of conduct set forth in Section 2 shall be made:

(a) if there are two or more disinterested Directors, by the Board of Directors by a majority vote of all the disinterested Directors, a majority of whom shall for such purpose constitute a quorum, or by a majority of the members of a committee of two or more disinterested Directors appointed by vote;

(b) by special legal counsel (1) selected in the manner prescribed in clause (a); or (2) if there are fewer than two disinterested Directors, selected by the Board of Directors, in which selection Directors who do not qualify as disinterested Directors may participate; or

(c) by the shareholders, but shares owned by or voted under the control of a Director who at the time does not qualify as a disinterested Director may not be voted on the determination.

Section 5. Authorization of Indemnification and Advances.

(a) Authorization of indemnification and advances shall be made in the same manner as the determination that indemnification is permissible under Section 4 of this Article, except that if there are fewer than two disinterested Directors, authorization of indemnification shall be made by the Board of Directors, in which authorization Directors who do not qualify as disinterested Directors may participate.

(b) The Corporation shall indemnify a Director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he or she was a party because he or she was a Director or officer of the Corporation against reasonable expenses incurred by him or her in connection with the proceeding.

Section 6. Notification and Defense of Claim; Settlements.

(a) In addition to and without limiting the foregoing provisions of this Article and except to the extent otherwise required by law, it shall be a condition of the Corporation's obligation to indemnify under Section 2 of this Article (in addition to any other condition provide in these Bylaws or by law) that the person asserting, or proposing to assert, the right to be indemnified, must notify the Corporation in writing as soon as practicable of any action, suit, proceeding or investigation involving such person for which indemnity will or could be sought, but the failure to so notify shall not affect the Corporation's objection to indemnify except to the extent the Corporation is adversely affected thereby. With respect to any proceeding of which the Corporation is so notified, the Corporation will be entitled to participate therein at its own expense and/or to assume the defense thereof at its own expense, with legal counsel reasonably acceptable to such person. After notice from the Corporation to such person of its election so to assume such defense, the Corporation shall not be liable to such person for any legal or other expenses subsequently incurred by such person in connection with such action, suit, proceeding or investigation other than as provided below in this subsection (a). Such person shall have the right to employ his or her own counsel in connection with such action, suit, proceeding or investigation, but the fees and expenses of such counsel incurred after notice from the Corporation of its assumption of the defense thereof shall be at the expense of such person unless (1) the employment of counsel by such person has been authorized by the Corporation, (2) counsel to such person shall have reasonably concluded that there may be a conflict of interest or position on any significant issue between the Corporation and such person in the conduct of the defense of such action, suit, proceeding or investigation or (3) the Corporation shall not in fact have employed counsel to assume the defense of such action, suit, proceeding or investigation, in each of which cases the fees and expenses of counsel for such person shall be at the expense of the Corporation, except as otherwise expressly provided by this Article. The Corporation shall

not be entitled, without the consent of such person, to assume the defense of any claim brought by or in the right of the Corporation or as to which counsel for such person shall have reasonably made the conclusion provided for in clause (2) above.

(b) The Corporation shall not be required to indemnify such person under this Article for any amounts paid in settlement of any proceeding unless authorized in the same manner as the determination that indemnification is permissible under Section 4 of this Article, except that if there are fewer than two disinterested Directors, authorization of indemnification shall be made by the Board of Directors, in which authorization Directors who do not qualify as disinterested Directors may participate. The Corporation shall not settle any action, suit, proceeding or investigation in any manner which would impose any penalty or limitation on such person without such person's written consent. Neither the Corporation nor such person will unreasonably withhold their consent to any proposed settlement.

Section 7. Insurance. The Corporation may purchase and maintain insurance on behalf of an individual who is a Director or officer of the Corporation, or who, while a Director or officer of the Corporation, serves at the Corporation's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity, against liability asserted against or incurred by him or her in that capacity or arising from his or her status as a Director or officer, whether or not the Corporation would have power to indemnify or advance expenses to him or her against the same liability under this Article.

Section 8. Application of this Article.

(a) The Corporation shall not be obligated to indemnify or advance expenses to a Director or officer of a predecessor of the Corporation, pertaining to conduct with respect to the predecessor, unless otherwise specifically provided.

(b) This Article shall not limit the Corporation's power to (1) pay or reimburse expenses incurred by a Director or an officer in connection with his or her appearance as a witness in a proceeding at a time when he or she is not a party or (2) indemnify, advance expenses to or provide or maintain insurance on behalf of an employee or agent.

(c) The indemnification and advancement of expenses provided by, or granted pursuant to, this Article shall not be considered exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled.

(d) Each person who is or becomes a Director or officer shall be deemed to have served or to have continued to serve in such capacity in reliance upon the indemnity provided for in this Article. All rights to indemnification under this Article shall be deemed to be provided by a contract between the Corporation and the person who serves as a Director or officer of the Corporation at any time while these Bylaws and the relevant provisions of the MBCA are in effect. Any repeal or modification thereof shall not affect any rights or obligations then existing.

(e) If the laws of the Commonwealth of Massachusetts are hereafter amended from time to time to increase the scope of permitted indemnification, indemnification hereunder shall be provided to the fullest extent permitted or required by any such amendment.

ARTICLE VIII

FISCAL YEAR

The fiscal year of the Corporation shall be the year ending with December 31 in each year.

ARTICLE IX

AMENDMENTS

CONTINUATION SHEET VI

ARTICLE VI. Other lawful provisions:

1. Authority of Directors to Create New Classes and Series of Shares. The board of directors, acting without the shareholders, may (a) reclassify any unissued shares of any authorized class or series into one or more existing or new classes or series, and (b) create one or more new classes or series of shares, specifying the number of shares to be included therein, the distinguishing designation thereof and the preferences, limitations and relative rights applicable thereto, provided that the board of directors may not approve an aggregate number of authorized shares of all classes and series which exceeds the total number of authorized shares specified in the articles of organization approved by the shareholders.

2. Minimum Number of Directors. The board of directors may consist of one or more individuals, notwithstanding the number of shareholders.

3. Personal Liability of Directors to Corporation. No director shall have personal liability to the corporation or its shareholders for monetary damages for breach of his or her fiduciary duty as a director notwithstanding any provision of law imposing such liability, provided that this provision shall not eliminate or limit the liability of a director (a) for any breach of the director's duty of loyalty to the corporation or its shareholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) for improper distributions under Section 6.40 of Chapter 156D of the General Laws of Massachusetts, or (d) for any transaction from which the director derived an improper personal benefit. No amendment or repeal of this paragraph shall apply to or have any effect on the liability or alleged liability of any director of the corporation for or with respect to any acts or omissions of such director occurring prior to the date of such amendment or repeal.

4. Shareholder Vote Required to Approve Matters Acted on by Shareholders. The affirmative vote of the holders of a majority of all the shares in a voting group eligible to vote on a matter shall be sufficient for the approval of the matter, notwithstanding any greater vote on the matter otherwise required by any provision of Chapter 156D of the General Laws of Massachusetts.

5. Shareholder Action Without a Meeting by Less Than Unanimous Consent. Action required or permitted by Chapter 156D of the General Laws of Massachusetts to be taken at a shareholders' meeting may be taken without a meeting by shareholders having not less than the minimum number of votes necessary to take the action at a meeting at which all shareholders entitled to vote on the action are present and voting.

HOLISTIC INDUSTRIES, INC.

6. Authorization of Directors to Make, Amend or Repeal Bylaws. The board of directors may make, amend or repeal the bylaws in whole or in part, except with respect to any provision thereof which by virtue of an express provision in Chapter 156D of the General Laws of Massachusetts, the articles of organization or the bylaws requires action by the shareholders.

7. Indemnification of Directors and Officers. The following indemnification provisions shall apply to the persons enumerated below.

(a) Right to Indemnification of Directors and Officers. The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (an “**Indemnified Person**”) who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a “**Proceeding**”), by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys’ fees) reasonably incurred by such Indemnified Person in such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in subsection (c) of this Section 7(a), the Corporation shall be required to indemnify an Indemnified Person in connection with a Proceeding (or part thereof) commenced by such Indemnified Person only if the commencement of such Proceeding (or part thereof) by the Indemnified Person was authorized in advance by the board of directors, or an authorized committee of the board of directors.

(b) Prepayment of Expenses of Directors and Officers. To the extent permitted by law, the Corporation shall pay the expenses (including attorneys’ fees) incurred by an Indemnified Person in defending any Proceeding in advance of its final disposition, provided, however that, to the extent required by law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all amounts advanced if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Section 7 or otherwise.

(c) Claims by Directors and Officers. If a claim for indemnification or advancement of expenses under this Section 7 is not paid in full within 30 days after a written claim therefor by the Indemnified Person has been received by the Corporation, the Indemnified Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Indemnified Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

HOLISTIC INDUSTRIES, INC.

(d) Indemnification of Employees and Agents. The Corporation may indemnify and advance expenses to any person who was or is made or is threatened to be made or is otherwise involved in any Proceeding by reason of the fact that such person, or a person for whom such person is the legal representative, is or was an employee or agent of the Corporation or, while an employee or agent of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such person in connection with such Proceeding. The ultimate determination of entitlement to indemnification of persons who are non-director or officer employees or agents shall be made in such manner as is determined by the board of directors, or an authorized committee of the board of directors, in its sole discretion. Notwithstanding the foregoing sentence, the Corporation shall not be required to indemnify a person in connection with a Proceeding initiated by such person if the Proceeding was not authorized in advance by the board of directors, or an authorized committee of the board of directors.

(e) Advancement of Expenses of Employees and Agents. The Corporation may pay the expenses (including attorneys' fees) incurred by an employee or agent in defending any Proceeding in advance of its final disposition on such terms and conditions as may be determined by the board of directors, or an authorized committee of the board of directors.

(f) Non-Exclusivity of Rights. The rights conferred on any person by this Section 7 shall not be exclusive of any other rights which such person may have or hereafter acquire under any common law, statute, provision of these Articles of Organization, by-laws, agreement, vote of stockholders or disinterested directors or otherwise.

(g) Other Indemnification. The Corporation's obligation, if any, to indemnify any person who was or is serving at its request as a director, officer or employee of another corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise shall be reduced by any amount such person may collect as indemnification from such other corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise.

(h) Insurance. The board of directors may, to the full extent permitted by applicable law as it presently exists, or may hereafter be amended from time to time, authorize the Corporation to purchase and maintain at the Corporation's expense insurance: (i) to indemnify the Corporation for any obligation which it incurs as a result of the indemnification of directors, officers and employees under the provisions of this Section 7; and (ii) to indemnify or insure directors, officers and employees against liability in instances in which they may not otherwise be indemnified by the corporation under the provisions of this Section 7.

Business Plan

Our Business Plan was collaboratively developed by the leadership team of Holistic Industries, Inc. (“Holistic”) and it exemplifies our collective dedication to the systemic, streamlined and cost-effective operation of our facility. Our focus is pragmatic and based on the expertise of our core team, particularly those executives and managers with specific licensed marijuana business operations experience in many jurisdictions across the country. Advice from our in-house and third-party expert advisors assured our core strategies are not only compliant with MA regulations, but are in line with industry standards and best practices. Accordingly, we believe we are primed for success.

Organization

In 2015, Holistic was originally incorporated as a non-profit corporation pursuant to MGL Chapter 180 Section 4 but has recently converted to a for-profit corporation. After the conversion, the operational and executive team remain identical and current operations have not, and will not, be disrupted in any way as a result.

Our leadership team is comprised of marijuana business experts, many of whom have been running successful licensed marijuana businesses in highly regulated state programs. Together, our team brings the requisite business experience, operational know-how and financial discipline needed to successfully operate a business serving qualified adult-use customers in the Commonwealth of Massachusetts.

Mission and Background

At Holistic, our mission is to provide customers with the highest quality, safest marijuana products possible. As our name suggests, we care for the whole person, taking into consideration mental and social factors along with the physical symptoms of a disease or illness. This means our company develops and offers a wide range of proprietary strains that increase desired cannabinoids such as cannabidiol (“CBD”), with its low psychoactivity and lack of other side effects.

We offer top quality products at the lowest possible price for the customer. It is our promise to supply products grown using the most environmentally friendly techniques available. We grow our top-grade marijuana in a professional, controlled, and carefully monitored environment using a cutting edge cultivation system.

Our team comprises the nation’s most knowledgeable experts in cultivation, manufacturing and dispensing, along with professionals who are top of their fields in security, agriculture, real estate, and the legal distribution of other highly controlled substances. Our leadership includes

public servants, thought leaders, investors, and representatives of one of the most established agricultural companies in Maryland.

Founded in 2014, Holistic's affiliate was the first cultivation center to open in Washington D.C. and the first to bring CBD to market. Today we our network operates a total of seven medical marijuana facilities in four states and the District of Columbia – and we are growing. Holistic facilities include cultivation centers, where we grow the highest quality, safest marijuana available; manufacturing/processing centers, where we develop and package marijuana products; and dispensaries, where we ensure our customers have the treatments, products and formulations they need.

At Holistic, our top priority is to provide access to quality, safe marijuana within all of the markets we serve.

Leadership Team

Below are brief biographies of a cross-section of our leadership team. Note, this is not an exhaustive list.

Josh Genderson

Josh has become one of the luminaries in the medical marijuana industry, having grown Holistic into a national medical and consumer goods company and retail dispensary chain. He directly oversees our affiliate operations in Maryland, Massachusetts, Pennsylvania, Washington, D.C., and California. Josh's facilities in Washington, D.C. breed the high-CBD strains that parents have come to rely upon to treat their children's seizure disorders. Josh launched Holistic based on the expertise he gained serving as President of Schneider's of Capitol Hill, the Genderson's third-generation, family-owned liquor store that is a staple of Washington, D.C., He has worked alongside his father, Richard Genderson, and played an instrumental role in the company's growth. Similarly, Josh is a civic leader and generous contributor to charitable causes. He belongs to the Young Presidents Organization, and he serves as a Board Member of Hearts Delight, a subsidiary of the American Heart Association and American Stroke Association.

Barry Bass

Barry is primarily responsible for sourcing capital for our growth, helping to analyze and structure our various transactions and putting systems and controls in place to ensure accurate budgeting and reporting. Prior to joining Holistic, Barry was the Chief Business Officer at Willco, where he was involved in raising capital for a medical cannabis operation in Maryland, including the construction of a state-of-the-art cultivation and processing facility. Prior to Willco, Barry was the Chief Financial Officer of Carr Properties in Washington, D.C., and

before that he served as Chief Financial Officer of First Potomac Realty Trust (NYSE:FPO), where he helped the company complete its initial public offering.

Josh Bell

Josh oversees all of Holistic's operations, including the development and management of Holistic's cultivation, manufacturing and dispensary businesses. Prior to joining Holistic, Josh served as Vice President of Operations for another multi-state medical marijuana company where he was instrumental in leading its expansion from a single state operation to a national organization. In particular, Josh was responsible for successfully developing and opening six cultivation and processing operations, as well as leading operations teams in opening five New York State-licensed facilities in less than six months and a cultivation facility in Washington, D.C. in less than 60 days. This included hiring over 200 medical marijuana personnel in cultivation, retail, administrative, and finance positions. Josh was responsible for the day-to-day operations of ten medical dispensaries and over 100,000 square feet of controlled grow environments in six cultivation centers in Washington, D.C., Arizona, New York, Massachusetts, and Illinois.

Dr. Adam Kavalier

Adam leads Holistic's science, processing, manufacturing, research and development teams. With 10+ years of experience in analytical chemistry with specialties in medicinal plants and cancer pharmacology, Adam is especially focused on the purification and isolation of active compounds using optimized solvent extraction, chromatography and distillation. He has helped Holistic develop and validate Standard Operating Procedures and Good Manufacturing Processes that ensure safe and consistent manufacturing of pharmaceutical grade products. Adam holds a Ph.D. in plant chemistry from City University of New York and The New York Botanical Garden, and continued his research at Cornell Medical College, where he focused on cancer bioenergetics. Adam's research has resulted in more than 10 peer-reviewed publications and a patent.

Vince Canales

Vince designed and oversees top-tier, reliable protection and transport for Holistic's grow/process and retail locations in Maryland and directs the local safety and security protocol teams in Holistic's other markets, such as Massachusetts. Vince served six years in the United States Air Force (USAF) and was awarded the National Defense Medal for Service

during Operation Desert Storm. He is an alumnus of the prestigious Harvard Kennedy School Executive Education program.

Jamie Ware

Jamie ensures the compliance of Holistic's cultivation, processing and dispensing operations. Jamie writes and implements Holistic's Standard Operating Procedures, conducts compliance audits, and works with regulators across all markets. Prior to joining Holistic, Jamie worked with cannabis and healthcare companies as a government relations professional, ensuring their compliance with federal, state and local law. Jamie has received a number of awards for public interest work, has contributed to various publications, has presented at numerous national conferences, and serves on various community boards.

Organizational Principles

To maintain a clear focus on our mission to provide top quality marijuana at affordable prices, we have developed a core set of organizational principles to guide decision-making in our day-to-day operations, including:

- Maintaining adequate capital funding and sufficient cash reserves to ensure uninterrupted operations in strict adherence to our mandates. Holistic will never prioritize profits over the quality of our performance and our products.
- Maintaining a business model focused on strict regulatory compliance and continual improvement utilizing the newest technologies and research findings in healthcare, medicine, pharmacy, agriculture, genetic selections, environmental conservation, and cannabinoid science.

Holistic has engaged the most qualified team members in marijuana to bring unmatched expertise and access to proprietary intellectual property to our operations in order to speed up our learning curve, obviate common start-up errors, and eliminate preventable mistakes. Our team will ensure we adopt comprehensive policies and procedures addressing these areas as well as: cash management and accounting, adverse events and product recalls, regulatory compliance, contract procurement, emergency preparedness, environmentally conscientious policies, equipment and facility maintenance, incident management, inventory tracking and control, community outreach and communications, cultivation and production, quality assurance and quality control, recordkeeping, research and development, safety and security, staffing and training, strategic planning, secure product transportation, and waste management.

Compliance

Holistic demands 100% compliance with regulatory mandates at all times. We will maintain a regulatory compliance program, with guidance and oversight from Jamie Ware (a regulatory compliance expert with vast industry experience), that features:

- Two-agent verification for all critical tasks, audits, transportations, and data entry related to quality assurance and inventory control.
- Engagement of qualified local legal counsel to assist in municipal and state level legal matters.
- Independent audits and site inspections
- Annual compliance training for all employees and management to review governing laws and regulations and to provide all applicable updates, changes and amendments.

Security and Control

The safety of people and products is considered in every planning and operating decision we make. Holistic will maintain a security program, with guidance and oversight from Vince Canales (a retired law enforcement official), that features:

- State-of-the-art security systems and extensive security training for all agents, including regular refresher training and mandatory comprehension testing.
- On-site guard services and commercial security equipment vendors.
- Regular equipment inspections to gauge functionality and updates/enhancements

Quality Assurance and Quality Control

Our operating procedures were developed with a series of redundant quality assurance and quality control measures. Holistic will maintain a quality assurance program that features:

- Extensive quality assurance and quality control training for all agents including regular refresher courses and mandatory comprehension testing.
- Two-agent verification for all critical tasks and data entry related to quality assurance and inventory control.
- Multiple established quality assurance and quality control checkpoints whereby agents are required to inspect plants and products to ensure they meet our stringent standards
- An in-house team dedicated to the continual oversight and audit of the quality of our products.

Sources and Amount of Finances

Holistic's sole sources of finances are our current owners, as identified below.

Owner/Financial Contributor	Approx. Value of Capital Provided
Josh/Morgan Genderson	\$53,333.33
Staci Walkes	\$53,333.33
Richard Genderson	\$53,333.33
Avery Road LLC	\$5,000,000
Liberty Capital Partners	\$10,000,000
TOTAL	\$15,159,999.99

Note, based on our financial planning and projections, the available capital is more than sufficient to cover all anticipated capital expenses related to our business operations. Given our cost structure and access to capital, Holistic is capable of covering all capital and operational expenses for the foreseeable future without the need for further capital injections.

Marketing Plan

All product marketing will be compliant with Massachusetts and local law, rules and regulations. Specifically, Holistic will not market products through broadcast and instead will rely on the following:

- In-store signage and in-store print materials at dispensaries (i.e., daily product offerings will be marketed using a physical menu provided to in-store customers at our affiliated retail locations). No signage or print materials shall be visible from a public right of way.
- Online advertising through our permission-based website that will display photos and information on the day's product offerings at our dispensaries.
- Indirect online advertising through third-party dispensary review websites (e.g., Weedmaps and Leafly).
- Email blasts to customers who opt-in for such digital communications upon registering with our facility (frequency is expected to continue at 1-2 times per week).
- Word of mouth marketing from our customers.
- Printed/digital promotional and sales/marketing materials provided to independent dispensaries who wish to sell Holistic manufactured products.
- Sales team communicating directly with independent dispensary representatives who wish to sell Holistic manufactured products.

Green Practices

Throughout all our affiliate marijuana operations across the country, we employ sustainable green practices and use renewable energy sources with a preference for eco-friendly efforts in all our designs, builds and operations. With regards to operations, we wholeheartedly seek to

minimize waste and mitigate our facilities' environmental impact, which is in line with our corporate commitment to "do no harm."

Holistic has developed and refined numerous standard operating procedures as well as other policies focused on improving environmental efficiencies and reducing our resource demand. We have implemented these same methods in our MA facilities and will continue to introduce new and improved concepts in the future. Below are some examples:

- We only use VOC-free paint
- Wherever practical, we use motion-based lighting systems that automatically shut off after a pre-set period of time (e.g., in our bathrooms, vault, and private patient education/consultation room)
- All staff is encouraged to turn off lights and non-essential electrical devices as they leave a room that is unoccupied
- We provide re-usable food-grade totes for product storage within our vault
- We installed on-demand water heaters in our sinks
- We encourage all staff to walk, bicycle, use public transportation or share-riding services, and/or other green methods to get to work and we also encourage staff to use plug-in hybrid or electric vehicles
- To the extent permissible under current regulations, we strive to be a paperless facility (we create and store as many records as practical in a digital format, as opposed to keeping paper copies)
- We employ a recycling program for cans, cardboard, paper, and other typical office rubbish and use a dedicated recycling dumpster in the back of our facility
- We installed a commercial-grade HVAC system equipped with HEPA filters to reduce airborne contaminants
- We are exploring the possibility of hiring an environmental and sustainability expert to help us improve our facility designs and create and implement additional green policies and procedures

Aside from the above-mentioned green practices and strategies, we strongly prefer to introduce a product packaging recycling program which is currently not permitted under Commonwealth law. In this program, which we deploy in other jurisdictions where it is lawful, we encourage our customers to return product packaging for recycling and re-use purposes in exchange for a discount or other incentive. We then return the packaging to our product suppliers for inclusion in their recycling program (where the containers are cleaned, sanitized and re-used or are otherwise recycled and re-purposed).

Disadvantaged Persons and Local Resident Staffing

Holistic will continue to work side by side with the local community to employ a completely locally based management and staff and train them on our standard operating procedures and established work plans. All positions will be offered reasonable, living wages with benefits, including health care and retirement plans.

All prospective employees are properly screened during the application, interview and hiring process to ensure that they meet both the requirements set by CCC regulations, and our own stringent internal standards for qualifications, experience, character, and professionalism. Our staffing plan includes a job description for each position in the company's structure, and the desired level of education, training, core competencies, and experience required to fill each position. We will ensure that all hired employees are familiar with the company's hierarchy in order to understand the supervisory structure of our organization.

We believe that diversity and inclusion are critically important as core business strategies that contribute to the overall success of an operation locally. When a company's workforce reflects the community it serves, it is better able to understand and meet the needs of patients and the region at large. As many of us are deeply rooted in the MA community, we know firsthand how important this is in practice.

We will implement our mission to advance diversity and inclusion in four core areas of our operations:

1. Company leadership
2. Recruitment and hiring
3. Professional development and retention
4. Partnerships with vendors

We will promote this vision through diversity-oriented hiring events, contracting with companies owned/operated/staffed by disadvantaged groups to fulfil operational needs related to architectural, engineering, design, construction, construction management, security, legal, janitorial, and other supporting services.

In order to reflect diversity throughout our organization, including providing opportunities for leadership, we will establish hiring and placement goals based on labor force statistics in the region. Our official Affirmative Action Plan ("AAP") contains a number of action-oriented objectives which will ensure we reach our placement goals.

Diversity Goal: Recruitment and Hiring

We will strive for, achieve, and maintain employment participation for protected group members (including but not limited to racial minorities, women, veterans, disabled persons, and other disadvantaged local residents) throughout all job categories in proportion to the local labor force. Through active recruiting and careful development of job descriptions and training programs, we

will ensure that overly restrictive and unnecessary minimum requirements will not limit our ability to employ diverse and disenfranchised candidates.

Diversity Goal: Professional Development and Retention

We will maintain employment participation for protected group members by retaining diverse employees and ensuring equal opportunity for advancement. Emphasis will be placed on hands-on skill development, promoting from within, and continued education opportunities. We will implement an onboarding process to orient new employees, which will ensure full understanding of their rights and obligations under the company's equal opportunity, anti-discrimination, and anti-harassment policies. It will also apprise them of relevant provisions of the Americans with Disabilities Act.

Diversity Goal: Partnerships with Vendors

We will be seeking partnerships with reputable, high quality diverse vendors and suppliers to provide third-party services necessary to achieve our goals. With all qualifications being equal, we will give preference to engaging locally based certified disadvantaged-owned businesses for support services and supplies.

Restricting Access to Age 21 and Older

Holistic Industries, Inc. (“Holistic”) will leverage our experience operating licensed marijuana businesses across the U.S. to ensure our age verification processes, procedures and controls exceed Massachusetts regulatory requirements.

Holistic will implement strict measures to ensure only authorized persons are provided access to our cultivation/manufacturing facility premises. Holistic staff will be trained to follow our check-in and verification standard operating procedures (“SOPs”) requiring redundant review and verification of visitor identification documents and age upon arrival to our facility. This duplicative review and verification process includes the authentication of presented government identification documents using an identification scanner approved by the Massachusetts Cannabis Control Commission (“CCC”) to determine the validity of the card and confirmation that the visitor is of appropriate age to access our facility. Staff will be thoroughly trained on identification authentication measures and will be provided sophisticated identification verification equipment, as well as written guidelines, on the authentication procedure.

Our protocols will deter, prevent, and uncover any unauthorized attempts to gain access to our facilities. Our agents will first inspect the person’s proof of identification, in order to determine if they are 21 years of age or older. If the person is younger than 21 years old, they shall not be admitted. Our agents will refuse entry to any person’s who do not fulfill these requirements, *without exceptions*.

See below for detailed information on our age verification policies and procedures evincing our vast experience and operational knowhow.

Cultivation/Manufacturing Facility Access Policies

Strict measures to control access to, and within, Holistic’s cultivation/manufacturing facility allows for a streamlined, effective means to verify the authenticity of any presented identification documents. Our cultivation/manufacturing facility is access-controlled both internally and externally, particularly in sensitive areas including those which may contain marijuana using a pin pad and swiped-card reader so only those agents with proper credentials may enter. Agents will only be granted access to restricted areas depending on their particular job responsibilities and specific authorizations. Note, the Security Manager will immediately update security clearance for each agent upon advancements, demotions, suspensions and separations, as the case may be. Upon separation, agents must return their identification cards, keys and key codes, which will all be destroyed or wiped clean accordingly.

Accordingly, only those with proper credentials and authorization may enter. In accordance with MA regulations, only the following persons may enter our premises:

- A Holistic agent (who, according to policy, must be at least 21 years of age)
- An authorized representative of the CCC, the Commonwealth, the local government authority, the local and/or state law enforcement and the like
- Any person not listed above who is at least 21 years of age and is otherwise authorized to gain entry (e.g., a serviceman, a vendor, an authorized visitor, etc.)

Upon arriving, visitors will enter through our front door leading to a “man-trap” lobby area, meaning the door leading to the interior of the facility from the lobby area will remain locked until: a) the facility front door is completely and securely closed, and b) a Holistic agent buzzes the person into the second door after initial review of the person’s identification documents and approval of the purpose for the visit. Persons who do not provide the required identification documents (e.g., current, valid government-issued identification card with photograph showing that the visitor is at least 21 years old) will be asked to leave the premises immediately. Those who provide the required identification will be granted access to a waiting area while staff further verifies and authenticates the documentation provided.

Holistic will only accept identification documents that contain both an unobstructed photograph and date of birth of the person clearly indicating their age. Such identification documents must be valid and unexpired, as verified by careful review, including the use of an identification scanner approved by the CCC. The following forms of identification will be accepted:

- Driver’s license or instruction permit issued by the Commonwealth of Massachusetts or any other state or territory of the United States
- Identification card issued by the Commonwealth of Massachusetts or any other state or territory of the United States for the purpose of proof of age of the holder of the card
- United States military identification card
- A Merchant Marine Credential or other similar document issued by the United States Coast Guard
- A passport issued by the United States Government or a permanent resident card issued by the United States Citizenship and Immigration Services of the Department of Homeland Security, or
- A tribal identification card issued by a tribal government which requires proof of the age of the holder of the card for issuance

Our check-in procedure must be completed upon every visit without exception.

To ensure the safety of our facility, staff, and products, all persons who enter our facility are subject to security searches of their bags, purses and other personal effects, particularly upon reasonable suspicion of possession of illicit contraband or diverted product.

During all non-working hours, all entrances/exits to and from the facility must be securely locked. During the work day, all interior doors must remain locked to control access to each segregated area of the facility. Such doors can only be opened by authorized personnel and will only remain open for the limited time necessary to allow entry; once entry has been completed, the door must be shut closed again to prevent unauthorized access.

Verification Equipment

Over the years, Holistic has utilized several identification scanner equipment at our affiliated marijuana businesses across the country. For our agents tasked with age verification procedures, we will provide CCC-approved identification scanners. Our preference, if approved by the CCC, is the Intellicheck. Age ID® or a similar system. Key features include:

- Real time ID authentication and age calculation
- Easy to use software
- Authentication data includes highlighted fields in red, yellow, and green so the user is clearly alerted as to whether or not a sale should be completed
- Works on mobile devices (e.g., iOS and Android devices) and existing point-of-sale solutions, which is ideal for a brick and mortar store that also provides delivery services
- Manages do-not-serve and banned patron lists
- Used by countless restaurants, liquor stores, bar/nightclubs, national concession providers, distilleries, alcohol associations, and alcohol enforcement authorities across the nation
- Offers regulatory-compliant audit capabilities, such as capturing and recording a consumer's age and time of entry and it enables export of historical data
- Notifications alert system users if the same ID is used within a set amount of time
- Patented ID verification technology reads and authenticates more than 250 unique DMV barcode formats from every U.S. state and populated territories, all Canadian provinces, and all Mexican States where driver licenses include 2-D barcodes

Separating Recreational from Medical Operations

Physical Layout Changes to the Cultivation/Manufacturing Facility

Medical and adult-use marijuana plants are propagated, cultivated, harvested, processed, tested, packaged and stored in identical fashion with no physical separation of the two types of products until such products are eventually packaged for sale and labelled accordingly prior to transport to a product manufacturer customer or dispensary customer, as the case may be. As such, there will be **NO** physical alterations to the cultivation/manufacturing facility necessary upon award of an adult use license. When ultimately earmarked as medical or adult-use, finished product stored in the vault will be physically separated within the vault to facilitate tracking and shipping procedures.

Inventory Tracking Changes

To generate and maintain an unbroken chain of custody for all marijuana in our possession, Holistic Industries, Inc. (“Holistic”) will utilize the LeafLogix inventory tracking software system. Upon entering an item into the system, a unique product ID will be issued for tracking and recordkeeping purposes.

Holistic will use the LeafLogix electronic tracking system to track inventory production, sales, returns, recalls, disposal/destruction, transport, etc. We will also use the system to designate whether a product is for “medical” or “adult use,” once such determination has been made, using that designation to create a virtual separation of the products. All staff will be thoroughly trained on the use and functionality of the electronic tracking system.

NOTE: Applicant acknowledges that the only approved seed-to-sale tracking or inventory system is METRC. LeafLogix will be used as a secondary system. All applicable data entries and records stored identified in this document will be made to and recorded in METRC as well as LeafLogix.

Packaging & Labeling Changes

Once a designation has been assigned to a finished marijuana product, staff will ensure the product is packaged compliantly and affixed with a compliant label which clearly indicates whether the product is intended for medical or adult-use customers. We may decide to color code labels to facilitate quick recognition of medical vs adult use products.

Quality Control and Testing

Holistic has learned that designing and implementing a comprehensive quality assurance (QA) program is absolutely critical to ensure quality control (QC). We strive to create a systematic approach to cultivation that ensures uniformity, consistency and predictability from harvest to harvest, which in turn facilitates the production of uniform, consistent and predictable product for consumers. Our QA program consists of detail reviews, inspections and testing at key checkpoints during the cultivation process. So long as each member of our team is performing to expectations, particularly with regards to adhering to our QA protocol, we will produce products that meet our internal QC standards of excellence, which are pre-determined standards for each strain.

To verify the effectiveness of our QA program and to verify adherence to our internal QC standards, we test our marijuana plants and products both internally and externally (using an independent testing laboratory). Agents working in our cultivation department will be tasked with, among other things, analyzing plant materials throughout the production process to ascertain the safety, health, integrity, viability, stability and purity of our plants and products.

All staff will be required to immediately report to departmental managers any actual or potential QA violations and/or QC issues, including any matters affecting plant health, product integrity, facility cleanliness and sterility, tool and equipment functionality, storage conditions issues, and so on. All issues which may ultimately adversely affect consumers will be immediately rectified, which may include measures to quarantine, dispose and destroy contaminated or otherwise unsafe products that do not meet our standards of excellence. Further, the internal procedures will comply with the reporting, surveillance, isolation and quarantine requirements of 105 CMR 300.000.

Quality Assurance and Quality Control Policies & Procedures

Plant Inventory Management

As a critical component of our QA program, every action taken to plants throughout our systematic process is recorded in our electronic inventory tracking system, LeafLogix. Analyses of inventory reports by management are used for quality monitoring and quality improvement purposes. To implement this aspect of our program, every batch of marijuana seeds will be segregated by strain/variety and entered into LeafLogix and issued a unique batch tracking number. Once approved for continued vegetative growth in our cultivation program, each immature plant will be issued a unique plant identifier (stored via a barcode) which will be securely attached to the plant's container and tracked by both the individual plant and its harvest batch (i.e., all other plants of the same variety grown under the same conditions in the same room at the same time). Similarly, with regards to clones/cuttings, immature plants will be issued unique plant identifier and tracked by the individual plant and by its harvest batch once the clone is successfully rooted and approved for continued vegetative growth. The assigned bar code remains with the plant throughout the entire cultivation life cycle. All actions taken to plants, including all nutrient feeds, pruning, foliar applications, transplants, environmental conditions, etc., will be recorded in LeafLogix. Upon harvest, all data generated, including individual plant weight, harvest date, total plant wet weight, batch identifier, number of harvested plants, and general crop notes will also be recorded in LeafLogix.

These inventory tracking techniques facilitate our QA program by providing our team with detailed information on each plant/batch in our facility, including each agent who performed an action related to a subject plant and the agent who recorded such action in LeafLogix. Using this method, we are able to instantly create detailed reports for each and every plant grown onsite, which can then be analyzed by our QA team.

NOTE: Applicant acknowledges that the only approved seed-to-sale tracking or inventory system is METRC. LeafLogix will be used as a secondary system. All applicable data entries and records stored identified in this document will be made to and recorded in METRC as well as LeafLogix.

Quality Assurance Inspections

Authorized staff will be tasked with constantly analyzing and assessing all plants during every stage of cultivation and processing to prevent and/or mitigate any deficiencies, pest/disease outbreaks or other issues which could be detrimental to the safety and quality of our medicinal products. Redundant techniques include daily spot checks, staff and managerial inspections, and internal potency and purity testing.

Additional measures to ensure product quality and quality improvement as part of our QA program include: implementing clean room protocols (similar to pharmaceutical manufacturing and pharmacy standards), daily facility and equipment sterility and cleanliness protocols, utilizing HEPA filters and other filtration devices as appropriate, safe and adequate potable water supply, promoting staff hygiene, ensuring Good Agricultural Practices (GAP), Good Handling Practices (GHP), using process validation testing and confirmation prior to full adoption, and promoting a healthy workplace environment.

Inspection Schedules

Holistic will continuously perform visual inspections of growing plants, harvested plant material, and final adult-use marijuana products ready for distribution to ensure there is no visible mold, mildew, pests, rot, or grey or black plant material.

Integrated within our SOPs are regularly-scheduled inspections and scouting. Plants will undergo daily naked-eye scouting and weekly grow room inspections utilizing 40x or greater magnification lenses. Plant inspection starts at soil-level moving upward through the canopy. Agents will look underneath the leaves for pests and on the upper surface for signs of nutritional deficiencies. Any located pests or contagions are bagged and photographed for identification and archive records. Mineral deficiencies are reported to the cultivation manager and recorded in LeafLogix.

Similarly, all batches of products post-harvest must also undergo scheduled inspections. Staff will be instructed to carefully review each product/material for signs of contamination or other issues at key process checkpoints (e.g., immediately after the harvest process, during the drying/curing process, upon each transfer of product from one room to another, upon/during/after packaging, upon/during/after shipment preparation, upon/during/after product delivery, etc.).

Any products suspected of an issue will be transferred to quarantine immediately for further investigation.

Additionally, all room surfaces, air filters, and irrigation equipment are examined for evidence of pest and pathogen contagions. Remediation and corrective measures must be taken immediately to ensure a clean-room workplace environment.

Pre-Distribution Quality Assurance Measures

Below are some of Holistic's QA policies and procedures covering aspects of our QA program after the successful cultivation and post-harvest processing of plant materials.

- All plant materials cultivated must undergo multiple internal QC and regulatory compliance inspections prior to approval for release to an independent laboratory for testing and prior to approval for release to our customers after passing such independent testing.
 - The first such review will take place in the packaging room at the time of initial packaging and labeling by the employee responsible for the same.
 - Prior to the packaged products' transfer to the vault for storage, a manager, or authorized designee, will conduct the second inspection.
 - Thereafter, each time an item is transferred from the vault, its packaging and labeling will be inspected by the person responsible for the transfer.
- On the day of shipment, authorized agents will carefully transfer all itemized products identified on the transport manifest from the vault to the shipment preparation area for staging and a final audit/inspection prior to delivery.
 - As items are removed from storage, they will be carefully inspected and reviewed for packaging and labeling QA compliance, ensuring all items are compliant with MA regulations and meet our stringent internal QA standards. All QA inspections and confirmations will be recorded in LeafLogix.
- Once in the shipment preparation area, transportation personnel will carefully pack each item in the shipment into proper bulk shipment packaging (i.e., an unmarked, tamper-evident opaque box affixed with a copy of the transportation log and sealed with tamper-evident tape) while simultaneously conducting a physical audit, on a line item basis, against the transport manifest to ensure the shipment matches the log.

- At this time, items will undergo a redundant QA inspection, including product packaging and labeling compliance, to ensure they are undamaged, unexpired and otherwise qualified for distribution. All inspections and confirmations will again be recorded in LeafLogix.
- Marijuana may not be mishandled or mistreated.
- Unfit items failing QA inspection must be rejected and either corrected (e.g., relabeled or repackaged) or transferred for further inspection and/or destruction and disposal in accordance with company procedures.
 - All rejected items will be replaced with suitable products such that the shipment matches the transport manifest in all respects.
- Once placed in proper shipment packaging, the shipment packaging itself will be affixed with a label which clearly displays the unique shipment identification number, the description, including the weight, of each item, date and time of the sealing of the package for shipment, the name and ID number of the agent who prepared and sealed the package, and the name and address of Holistic. Shipment labels will also display the name and address of the approved recipient.
 - Transport agents will ensure the shipment label is conspicuously located on each package (i.e., must be of sufficient size, not obscured, and in a noticeable location).
 - All labels, including their placement on the package, must be inspected for QA compliance and approved prior to continuing to the next step in the transportation procedure. All inspections and confirmations will be recorded in LeafLogix.
- Prior to sealing any shipment packaging, transport agents must carefully inspect the packaged products and again cross-reference items with the transport manifest (which identifies all the products meant for shipment to the same recipient). Once confirmed, the agent will make a record of the inspection in LeafLogix and release the shipment for delivery.

Quarantine

Our cultivation facility is be equipped with a quarantine room for the inspection, and destruction/disposal (if necessary), of marijuana, including products whose packaging or labeling does not meet regulatory or internal QA standards. Our quarantine room is a separate, locked, alarmed and monitored limited-access area used exclusively for the storage and inspection of marijuana plants and adult-use products that are unfit, expired, damaged, deteriorated, mislabeled, contaminated, recalled or whose containers or packaging have been opened or breached.

Quarantine Transfers

All materials that have been deemed marijuana waste will first be collected into waste bins, which will be clearly marked “FOR QUARANTINE,” located in all operational rooms that contain plant materials at any stage of production. Once collected, such waste will be transferred to the quarantine room, where it will be carefully inspected by our QA team for any signs of contamination. Each batch of marijuana waste will be given a unique barcode for identification and tracking purposes, then the

waste batch's weight, contents and date of collection will be recorded in LeafLogix for recordkeeping purposes.

Upon confirmed determination as marijuana waste (or suspicion of qualification as waste), management will be immediately notified, and the subject materials will be further segregated and redundantly reviewed. Within the quarantine room, the inspected waste will be stored for no longer than 24 hours until destroyed or disposed of according to protocol. All quarantine product transfer procedures will be handled by a minimum of two authorized employees and will be conducted in the presence of security agents and within the view of our recording surveillance system.

Quarantine Protocol

After transfer to quarantine, authorized agents must inspect all quarantined materials (and their packaging, if applicable) to assess the integrity of the material, the likelihood of the spread of contamination throughout the facility or to other inventory (plants or products), and/or any other threats posed by the waste. They must also update LeafLogix to note the quarantine transfer and details of the inspection. Immediately following the safe transfer of all quarantined materials, employees will notify management. Once in quarantine, materials will be subject to redundant investigation, examination and testing by authorized QA staff. Quarantine materials will remain in the quarantine room until the marijuana is either salvaged (based on the results of the quarantine review and the nature and reason for quarantine), destroyed or otherwise disposed of in accordance with protocol.

Marijuana Product Handler Requirements

Employees must conform to best hygiene and sanitary practices while on duty, including:

- Maintaining adequate personal hygiene
- Wearing proper clothing, including gloves
- Washing hands thoroughly in an adequate hand-washing area before starting work and at any other time when hands may have become soiled or contaminated

Employees handling marijuana must utilize facemasks and gloves in good operable condition, as applicable to their job functions and must comply with the requirements for food handlers specified in 105 CMR 300.000: *reportable Diseases, Surveillance, and Isolation and Quarantine Requirements*. Employees preparing edible must comply with Minimum Sanitation Requirements for Food Establishments, in accord with 935 CMR 500.105(3)(c).

Employees must wash hands per established SOPs when handling marijuana. These requirements include washing hands with soap and hot water before beginning work, after using the lavatory and after meal breaks. Employees who are showing signs of illness, open wounds, sores or skin infections will be sent home and not allowed to handle marijuana until fully recovered. These instructions will be

posted in appropriate areas such as lavatories, kitchens, breakrooms and lunch areas, and in multiple languages, as needed.

All areas, including contact surfaces, will be maintained with the utmost attention to cleanliness. The facility will be regularly cleaned to prevent contamination and unsanitary conditions. All cleanings will be closely monitored to ensure that the marijuana plants are not contaminated or come into contact with cleaning solutions.

Those employees failing to follow marijuana product handler requirements will be subject to discipline, up to and including suspension or termination.

Prevention of Contaminants Entering the Facility

In accordance with 935 CMR 500.105(3)(b)4, Holistic will have sufficient equipment space necessary for sanitary operations, including space for placement of equipment and storage of materials (ie, supply and janitorial closets). Related, all toxic items will be identified, held, and stored in a manner that protects against contamination of marijuana products (they will be stored in a segregated storage closet designated for toxic item storage only).

In compliance with 935 CMP 500.105(3)(b)6, our facility, including all floors, walls and ceilings, is constructed in a manner allowing for adequate cleaning and repair. Related, the facility has compliant plumbing systems and compliant lavatory systems (employees are provided adequate, readily accessible toilet facilities that are maintained in a sanitary condition and in good repair), which was required to obtain our local C/O. Our plumbing is of adequate size and design, and is adequately installed and maintained to carry sufficient quantities of water to required locations throughout the facility. Plumbing properly conveys sewage and liquid disposable waste from the facility. There is no cross-connections between the potable and wastewater lines.

Holistic will monitor and control the access of people and materials entering and exiting the facility. All persons (employees, visitors, inspectors, law enforcement, etc.) entering the cultivation areas of the facility will be required to undergo a decontamination process before entering. After pre-admission decontamination protocols have been met, only security may clear the individuals seeking access beyond the common areas of the facility.

Within the operational zones of the facility, specific safety, security and sanitation standards of operation are strictly enforced to guide employees in the proper execution of their various work tasks and product handling. Staff will only have authorized access to the specific areas where they work, eliminating unnecessary employee traffic within the facility, thus reducing the likelihood of any contamination.

All interactions between agents and plants are recorded in LeafLogix and any potential source of problems must be recorded, reported and addressed before agents engage other daily duties.

Upon finding a potential problem that may cause a sanitation or other QA concern, the agent must immediately place a red magnetic triangle at the entrance door of the affected room. The triangle at the door acts as a visual notification for agents who may be coming to work on a new shift or are otherwise unaware of the triggering event. After proper recording, reporting and addressing of the problem, staff will affix a written warning notice to the room's door explaining the event so all staff who attempt to enter the room are aware of the situation and can adjust their procedures accordingly. All information on the notice will also be documented in our recordkeeping software. Once the event has been remedied, the warning triangle and the warning notice are removed.

To further guard against contamination, all materials entering our facility undergo a specific screening process. Prior to accepting a delivery, receiving agents will confirm that the delivery is expected, and the items being delivered match the order placed. After accepting the delivery, agents will separate the items from packaging materials. These packaging materials are potentially a source of contaminants and therefore will be discarded promptly outside of the facility and never allowed to enter the facility from beyond the shipment preparation area. The items delivered will be visually inspected for contaminants and cleaned with a sanitizing product. Only then will the delivery be approved for transfer to the interior of the facility (after a final visual inspection for contaminants).

Testing

Prior to approval for distribution to our customers (or for continued in-house processing if the materials are earmarked for marijuana product manufacturing), all products produced by Holistic are required to successfully pass both internal QC standards (including pre-determined strain and product specifications, within 95%-105% of set profile standards) and independent testing performed by a licensed and approved laboratory in MA.

Independent testing will be conducted after the materials have been dried, trimmed and cured according to protocol.

Representative samples of sufficient sizes/quantities will be selected randomly and provided to the independent lab. If our products pass testing, they will either be packaged for sale or transferred to the next phase in the production process, as the case may be. Note that all labels affixed to final products earmarked for distribution to patients will display the test results conducted by the independent laboratory.

If laboratory results indicate contaminate levels are above acceptable limited established levels set by DPH protocols, Holistic will comply with 935 CMR 500.160(2) and transfer the affected batch to quarantine and notify CCC within 72 hours (if the contamination cannot be remediated) in accord with 935 CMR 500.160(2). The notification itself will describe our proposed plan of action for both destruction of the contaminated product and the assessment of the source of contamination.

The quarantine area will be access-controlled. In compliance with 935 CMR 500.105(11)(b), the quarantine area will be used for the storage of marijuana that is expired, damaged, deteriorated, mislabeled, contaminated, recalled, returned, or whose containers or packaging have been opened or

breached, until such products are either a) salvaged and approved for safe dispensation or further processing (depending on the nature of the issue and the results of internal testing and quality assurance inspections), or b) destroyed or otherwise disposed of in accordance with 935 CMR 500.105(12).

Upon identifying a product batch that fails lab testing, management will be immediately notified and staff will commence the secure transfer of affected products to quarantine. Authorized agents tasked with quarantine transfers will:

- Inspect all quarantined products to assess:
 - The integrity of the containers/products
 - The likelihood of the spread of contamination to our facility or other inventory
 - Any other health, sanitation, safety, or security threats posed by such products
- Update LeafLogix reflecting the transfer

Once the above has been confirmed, agents will immediately transfer all affected products to the access-controlled quarantine room and carefully place the affected items in the appropriately designated secure, lockable air-tight storage bin for the safe and segregated storage of the quarantined products. These storage bins will be utilized as single-purpose, dedicated units for the secure storage of specific types of quarantined products, and will be color-coded and clearly labeled accordingly (e.g., there will be a blue bin specifically dedicated for “recalled products,” an orange bin specifically dedicated for “expired products,” a red bin specifically dedicated for “contaminated products,” and so on). The purpose of this segregation system is to:

- Allow for a proper investigation or examination of affected products without risk of confusion, cross-contamination, or other concerns which could affect the integrity of an investigation or examination
- Facilitate the organization of the quarantine area
- Facilitate the accuracy and integrity of any recall activities and related recordkeeping
- Facilitate the orderly destruction, disposal, and removal of unsalvageable products

All quarantine transfers will be handled by a minimum of two trained agents and will be conducted both in the presence of security agents and within the view of our recording surveillance system. Agents effectuating the quarantine procedures must wear appropriate protective gear (e.g., pharmaceutical-grade nitrile gloves, eye goggles, smocks/lab coats, etc.). Once a quarantine product transfer has been completed, agents will:

- Exit the quarantine room ensuring the door has been fully closed, secured, locked, and alarmed

- Update LeafLogix with all actions taken to the products
- Immediately notify management that all affected products have been safely transferred to quarantine

Once in quarantine, products will be subject to further investigation, examination, and testing by highly trained staff. Quarantine products will remain in quarantine until they are either:

- Salvaged (based strictly on the results of any investigation, examination, and/or testing and the nature and reason for the quarantine), or
- Destroyed or otherwise disposed of

Note, if a product can be safely salvaged, it must be re-tested by an independent laboratory and successfully pass all testing before approval for sale.

Record Keeping Procedures

Recordkeeping Processes and Policies

Holistic Industries, Inc. (“Holistic”) uses established recordkeeping procedures with strict protocols for the efficient and effective creation and maintenance all required reports, records, logs, recordings, and other important business data, information, and documentation. In conforming with these protocols, we will create and maintain written and/or electronic records, as appropriate, and securely store them for a period of at least 5 years.

Electronic Recordkeeping Software

To generate and maintain electronic records, including but not limited to inventory and sales records, Holistic utilizes the LeafLogix inventory tracking and recordkeeping software system.

LeafLogix is a widely utilized, proprietary seed-to-sale inventory tracking and recordkeeping system with the capability to track products through the entire cultivation, manufacturing and dispensing process, allowing for accurate real-time inventory records. Upon entering a product into the system, a unique product ID will be issued for tracking and recordkeeping purposes. All actions taken to inventory as whole, by grouping, or by individual product will be digitally recorded for instant and long-term analysis purposes. Moreover, detailed records can be stored for several years. LeafLogix also allows us to create precise inventory records at a moment’s notice, so any discrepancies or breaks in the chain of custody will become immediately apparent, igniting swift corrective measures to investigate and resolve issues.

Generally, we will use LeafLogix to track and record all actions/information/documentation related to cultivation, manufacturing, processing, production, extraction, infusion, shipping, receiving, packaging, labeling, handling, transferring, transporting, storing, stocking, disposing, returning and recalling adult-use marijuana products in accordance with all applicable MA laws, rules, and regulations.

All entries into the LeafLogix system will include the unique employee ID number of the staff member taking the relevant action and recording the information in the system so that we know who is/was responsible for each step in our integrated processes, including who created each record or report. All appropriately authorized staff members will be thoroughly trained in the use and functionality of the LeafLogix software system to ensure the accuracy and integrity of our recordkeeping system.

NOTE: Applicant acknowledges that the only approved seed-to-sale tracking or inventory system is METRC. LeafLogix will be used as a secondary system. All applicable data entries and records stored identified in this document will be made to and recorded in METRC as well as LeafLogix.

Records and Record Retention

Holistic uses best security practices for records storage, including but not limited to surveillance footage, security records, customer records, sales records, inventory records, and other business records. All physical records, except for surveillance footage, will be securely stored in a

manager's office (which will be access-controlled) within a commercial grade storage cabinet, closet, or other secure place to protect them from tampering or theft. Only authorized and properly credentialed agents may access the company's records.

All records will be available for inspection by the Commission upon request, and maintained in accordance with widely accepted accounting principles.

All electronic records will be stored in LeafLogix in a manner that is password protected, TLS/SSL encrypted, and accessible only to those authorized persons with proper credentials.

Our facility will have an electronic back-up system for *all* written and electronic records, including surveillance recordings. Duplicate records, including surveillance recordings, will be stored within an access-controlled facility maintained or recommended by our trusted commercial security monitoring service provider (e.g., Iron Mountain), if approved by the CCC. Holistic will require our offsite record storage location to be protected by 2 independent security alarm systems monitored by 2 independent commercial security monitoring services, if requested by the CCC.

Surveillance Recordings

Surveillance recordings will be stored onsite on password-protected hard drives, which will be secured within a limited-access security room to protect recordings from tampering or theft. Only the facility manager and security manager will have the passwords to the hard drives. The security room will remain locked, alarmed, and monitored at all times and will contain security and surveillance monitoring equipment. To ensure redundancy of protection, we will install a secondary security alarm system (separate from the facility's primary security system, but meeting the same specifications) covering the limited-access surveillance room where surveillance recordings are stored. This room will be accessible only to authorized security CCC members who are essential to maintaining security and surveillance operations. Additionally, we will grant access to the security room to federal, state, and local law enforcement who are on official duty, security surveillance system service employees (only for the limited time necessary to perform their job responsibilities), the CCC or its authorized agents, and other persons with the prior written approval of the CCC (which is not anticipated at this time).

Within one business day following a request, we will provide unaltered copies of a video surveillance recording to the CCC or its authorized agents, law enforcement or other federal, state or local government officials if necessary to perform the government officials' functions and duties. If we have been notified in writing by the CCC or its authorized agents, law enforcement or other federal, state, or local government officials of a pending criminal or administrative investigation for which a recording may contain relevant information, Holistic Industries will retain an unaltered copy of the recording for 5 years or until the investigation or proceeding is closed or the entity conducting the investigation or proceeding notifies the company that it is not necessary to retain the recording, whichever is longer.

Human Resources Records

Holistic's Human Resources Department will retain records of job applicants and employees, including but not limited to job applications, signed registration forms, signed employment

agreements, state and federal criminal background reports, annual reviews, initial and refresher training certificates of completion, etc., in accordance with our Human Resources policies. Human Resources will also retain electronic and hardcopy versions of all training materials and attendance records for at least 5 years. Diversity Plan Records

Holistic is committed to our Diversity Plan and will keep accurate records to ensure its implementation, ongoing improvements where needed, and reporting. We will maintain applicant and employment records that reflect recruiting activities, the number and characteristics of applicants and employees, and our employment practices, such as hires, transfers, promotions, compensation decisions, and terminations. This includes maintaining applicants' voluntary self-report form on race, ethnicity, and veteran, veteran-disabled, and disability status. This information will help us analyze whether we are attracting a diverse pool of applicants.

Additionally, we will keep materials evidencing our affirmative action efforts to ensure equity within Holistic. This includes items such as copies of documents that indicate employment policies and practices, copies of letters sent to suppliers and vendors stating the Affirmative Action Policy and copies of letters sent to recruitment sources and community organizations.

Furthermore, Holistic will maintain documentation of the following as part of our internal AAP/equity auditing and recordkeeping system:

- Compensation records

Holistic will report on the participation level, by percentage, of diverse groups as owners, managers, staff, contractors, and professional service providers. These reports will be in addition to anything explicitly required by the CCC.

Inspections, Servicing, Alteration, and Maintenance Records

Holistic will conduct maintenance inspections at least once every month to ensure all tools and equipment are in good working condition and that any repairs, alterations or upgrades to the alarm, security, and surveillance systems are made for the proper operation of the systems. Staff will keep written logs of all maintenance activities performed which record the dates, times, affected equipment, actions taken, and the name and employee ID number of the agent performing the maintenance. We will retain records of all inspections, servicing, alterations, and upgrades performed on the systems for at least 5 years and will make the records available to the CCC and its authorized agents within one business day following a request.

Visitor Records

Only authorized employees, authorized visitors and the CCC or its authorized agents, or other federal, state, or local government officials performing their official functions and duties may enter our facilities.

When admitting a visitor, Holistic will require the visitor to sign a visitor log upon entering and leaving any limited access area. In our staff training modules, trainees will be issued written (digital) materials and workbooks, undergo group and one-on-one training, be paired with an experience “mentor” who can provide ongoing advice and counsel even beyond the training period, perform situational drills to practice lessons under varying circumstances, watch instructional videos, shadow senior agents in action as they perform learned tasks at the facility and be tested on their retention of all pertinent information using multiple choice, open-ended question and/or oral examinations upon the completion of each training modules.

Our managers will oversee our training program. Generally, before being authorized to work at our facility, new hires must complete at least 25 hours of mandatory training. Additionally, staff will take at least 10 hours of annual on-going trainings. Mandatory training covers the following subjects:

- Instruction on the cultivation and post-harvest processing of marijuana
- Marijuana pests and diseases
- Marijuana storage guidelines
- Adult-use marijuana packaging and labeling procedures

Additional initial-hire training includes:

- Proper use of security equipment, measures and controls to prevent diversion, theft or loss of marijuana, including law enforcement and emergency responder interaction
- Legal requirements for maintaining status as a registered Holistic agent
- Duties and responsibilities of each staff position

As part of our commitment to keep staff current with advancements in training and education, staff will be offered elective training. Elective training subjects will be based on the employee's interest as well as skills needed to increase productivity and improve overall job performance. Included in such elective training will be advanced courses covering all previously identified topics.

All individuals engaged in operational activities must master all mandatory training modules. After completing this training, employees will be tested to qualify the information retained and ascertain whether they are ready to begin hands-on training. All module-specific test results will be retained in the employee's file. Records regarding responsible vendor training will be maintained for a minimum of five years and will be available to the Commission and other licensing authorities upon request.

Each training module consists of:

- *Prerequisites*: concepts, procedures and certifications required for the particular training module at hand.
- *Objectives*: goals and skills expected to be acquired and the concepts to be mastered upon completion of the module.
- *Course content*: topics, procedures and protocols covered in the specific module.
- *Instructor supporting materials*: packet that includes additional handouts and articles not yet incorporated in the module but considered of value in helping trainees achieve the stated objectives of the training module.
- *Supplemental reading*: list of books, articles, published papers and documents that could help the trainee retain the course information and expand their knowledge base.

- *Training Completion Documentation:* Certificate of Completion that must be completed and signed by the trainee and the instructor upon completion of the training module. This will be stored in the employee's file.
- *Evaluation:* series of quizzes and tests before and after attending a specific module to quantify how much program participants have improved their knowledge and skills on the topics covered. Trainees are also asked to evaluate their learning environment and the efficacy of our methods and instructors. This help us to improve our training program based on participant feedback. Examples include exit interviews, evaluation forms and focus groups.

Before engaging in hands-on training, trainees must have demonstrated proficiency on the topics covered in the training modules by having average test scores no lower than 75%. Once trainees have met this requirement, they will receive hands-on training in our facility from a manager or senior employee qualified to train new prospective employees.

This phase of our training program is very important and consists of four steps:

- *Step 1.* (Trainee watches, instructor performs the task). Trainees observe the instructor perform the tasks learned in the modules and may ask questions and take notes. After the trainee has observed the task being properly performed enough times, they move on to the next step.
- *Step 2.* (Trainee helps, instructor performs the task). In this stage, trainees provide help to the instructor in performing the task. After the instructor feels that the trainee has mastered the basics skills and procedures, the trainee moves to the next step.
- *Step 3.* (Trainee performs, instructor helps). Here, the roles are reversed and the trainee is now in charge of performing the specific task while still being helped by the instructor. Once the trainee and instructor are comfortable with the trainee's performance, they jointly decide to move to the next step.
- *Step 4.* (Trainee performs, instructor watches). At this point, the trainee is performing the task on his/her own under the supervision of the instructor who will correct the trainee if necessary but will try to avoid direct assistance.

After the trainee has repeated Step 4 enough times and the instructor is satisfied with their performance, the instructor will schedule an on-the-job-evaluation. The trainee is expected to perform the required duties at the level of a full-fledged employee. Trainees are encouraged not to rush as they are only given two chances to pass the evaluation. If a trainee fails both attempts, their training ends and they must either repeat Steps 1-4 or will be terminated from employment.

Responsible Vendor Training
