Greenbridge Technologies LLC

Plan for Positive Impact

Greenbridge Technologies LLC (the “**Company**”) is basing its headquarters in Tyngsborough MA, an area that has not been identified by the Commission as an area of disproportionate impact. However, Lowell abuts Tyngsborough, and have been identified as an area of disproportionate impact. Lowell shall be referred to herein as the “**Target Area**”. Accordingly, the Company intends to focus its efforts in the Target Area and on Massachusetts Residents who have, or have parents or spouses who have, past drug convictions.

During its first year of operations, the Company will implement the following goals, programs and measurements pursuant to this Plan for Positive Impact (the “**Positive Impact Plan**”).

Goals:

The Company’s goals for this Positive Impact Plan are as follows:

1. Hire, in a legal and non-discriminatory manner, at least 25% of its employees from Target Areas, and/or Massachusetts residents who have, or have parents or spouses who have, past drug convictions; and
2. Provide educational programs and informational sessions geared towards individuals from the Target Area and/or Massachusetts Residents who have, or have parents or spouses who have, past drug convictions that are interested in the cannabis industry, with specific focuses on marijuana cultivators, product manufactures or retailers and entrepreneurship, at least twice a year. Such educational events will specifically include, but not be limited to, information on licensing workshops (i.e., guidance on filing applications with the Commission), preparation of standard operating policies and procedures, Massachusetts cannabis market overview and METRC best practices.

Programs:

In an effort to reach the abovementioned goals, the Company shall implement the following practices and programs:

1. In an effort to ensure that the Company has the opportunity to interview, and hire, individuals from the Target Area or Massachusetts residents who have past drug convictions it shall post monthly notices for at least three (3) months during the hiring process at the municipal offices of the Target Areas and in newspapers of general circulation in the Target Areas, including but not limited to, the Lowell Sun. These notices will state, among other things, that the Company is specifically looking for Massachusetts residents who are 21 years or older and either (i) live in the Target Area or another area of disproportionate impact as defined by the Commission; or (ii) have past drug convictions, for employment.

Greenbridge Technologies LLC

Such residency, or prior drug conviction status, will be a positive factor in hiring decisions, but this does not prevent the Company from hiring the most qualified candidates and complying with all employment laws and other legal requirements.

2. In an effort to ensure that the Company provides opportunities for individuals from the Target Area and/or Massachusetts residents who have past drug convictions to attend its educational events the Company shall post weekly notices at least two (2) weeks prior to hosting said educational programs or informational sessions in newspapers of general circulation in the Target Areas including but not limited to, the Lowell Sun, and these notices will state, among other things, that the Company is specifically looking for Massachusetts residents who are 21 years or older and either (i) live in the Target Area or another area of disproportionate impact as defined by the Commission; or (ii) have past drug convictions to attend these events.

The Company respectfully submits that it will comply with the advertising, branding, marketing and sponsorship practices as outlined in 935 CMR 500.105(4). The abovementioned notices will not include any Company advertisements, marketing materials or branding. To the extent the Commission deems necessary, notices and event programming materials will be made available to the Commission for review and inspection prior to publishing.

Annual Review:

Each year, the Company will review the following criteria in an effort to measure the success of its Positive Impact Plan.

1. Identify the number of individuals hired who (i) came from Target Area, or other areas of disproportionate impact as defined by the Commission; or (ii) have past drug convictions; and
2. Identify the number of educational events or informational sessions it holds and attendance at the same.

The Company affirmatively states that it: (1) has confirmed that all of the abovementioned charities will accept donations and volunteers from the Company; (2) acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4), which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment; (3) any actions taken, or programs instituted, will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws; and (4) the Company will be required to document progress or success of this plan, in its entirety, annually upon renewal of its provisional license.

be charged with (c) the amount of cash and the fair market value of any other property distributed to such Member and (d) such Member's share of the Losses of the Company. It is the intention of the Members that the Capital Accounts be maintained in accordance with the provisions of Section 704(b) of the Code and the Treasury Regulations thereunder, that any liabilities be taken into account in accordance with the provisions of Section 752 of the Code and the Treasury Regulations thereunder, and that this Agreement be interpreted consistently therewith. D. In the event that the Company requires additional funds to carry out its purposes, to conduct its business, or to meet its obligations, the Company may borrow funds from such lender(s), including Members, and on such terms and conditions as are approved by the Managers.

E. No Member shall be obligated to make a loan to the Company, even if the failure to do so would result in a default of any of the Company's obligations or the loss or termination of all or any part of the Company's assets or business. The provisions of this Section 3.1 are not intended to be for the benefit of any creditor or other Person (other than a Member in its capacity as a Member) to whom any debts, liabilities or obligations are owed by (or who otherwise has any claim against) the Company or any of the Members. Moreover, notwithstanding anything contained in this Agreement, including specifically but without limitation this Article Three, no such creditor or other Person shall obtain any rights under this Agreement or shall, by reason of this Agreement, make any claim in respect of any debt, liability or obligation (or otherwise) against the Company or any Member.

Section 3.2 No Resignation or Withdrawal; Interest on Capital

No Member shall have the right to resign or withdraw and receive any distribution from the Company as a result of such resignation or withdrawal, and no Member shall have the right to receive the return of all or any part of its Capital Contributions or Capital Account, or to receive any interest on its Capital Contribution, or any other distribution, except as provided in this Agreement. No Member shall have any right to demand and receive property of the Company in exchange for all or any portion of its Capital Contributions or Capital Account, except as provided upon dissolution and liquidation of the Company.

ARTICLE FOUR
DISTRIBUTIONS; PROFITS AND LOSSES

Section 4.1 Allocation of Profits and Losses

A. Except as otherwise hereinafter provided, including without limitation the provisions of Section 4.5, Profits and Losses of the Company for each fiscal year or other relevant period shall, after giving effect to all Capital Account adjustments attributable to the Capital Contributions and distributions made with respect to such fiscal year (or portion thereof), be allocated among the Members in a manner such that the Capital Account of each Member, immediately after making such allocation, is, as nearly as possible, equal to (a) the distributions that would be made to such Member pursuant to Section 4.3 if the Company were dissolved, its affairs wound up and its assets sold for cash equal to their Book Value, all Company liabilities were satisfied (limited with respect to each nonrecourse liability to the Book Value of the assets securing such liability), and the net assets of the Company were distributed in accordance with Section 4.3 to the Members immediately after making such allocation, minus (b) such Member's share of Company Minimum Gain and Partner Minimum Gain, computed immediately prior to such hypothetical sale of assets.

B. Items comprising allocations shall be determined as follows:

(1) In the event that the Company has Profit for a Fiscal Year,

(a) for any Member as to whom the allocation pursuant to Section 4.1.A would reduce its Capital Account, such allocation shall be comprised of a proportionate share of each of the Company's items of expense or loss entering into the computation of Profit for such Fiscal Year; and

(b) the allocation pursuant to Section 4.1.A in respect of each Member (other than a Member referred to in Section 4.1.B(1)(a)) shall be comprised of a proportionate share of each Company item of income, gain, expense and loss entering into the computation of Profit for such Fiscal Year (other than the portion of each Company item of expense and loss, if any, that is allocated pursuant to Section 4.1.B(1)(a)).

(2) In the event that the Company has a Loss for a Fiscal Year,

(a) for any Member as to whom the allocation pursuant to Section 4.1.A would increase its Capital Account, such allocation shall be comprised of a proportionate share of the Company's items of income and gain entering into the computation of Loss for such Fiscal Year; and

(b) the allocation pursuant to Section 4.1.A in respect of each Member (other than a Member referred to in Section 4.1.B(2)(a)) shall be comprised of a proportionate

share of each Company item of income, gain, expense and loss entering into the computation of Loss for such Fiscal Year (other than the portion of each Company item of income and gain, if any, that is allocated pursuant to Section 4.1.B(2)(a)).

C. Notwithstanding anything to the contrary in this Section 4.1, the amount of items of Company expense and loss allocated pursuant to this Section 4.1 to any Member shall not exceed the maximum amount of such items that can be so allocated without causing such Member to have an Adjusted Capital Account Deficit at the end of any Fiscal Year, unless each Member would have an Adjusted Capital Account Deficit. All such items in excess of the limitation set forth in this Section 4.1.D shall be allocated first, to Members who would not have an Adjusted Capital Account Deficit, pro rata, in proportion to their Capital Account balances, adjusted as provided in clauses (i) and (ii) of the definition of Adjusted Capital Account Deficit, until no Member would be entitled to any further allocation, and thereafter, to all Members, pro rata, in proportion to their Percentage Interests.

Section 4.2 Distributions of Available Cash Prior to Liquidation

Distributions of Available Cash may be made from time to time at the discretion of the Managers. Except as expressly provided herein, the Managers shall make distributions of Available Cash to the Members first, to the Members in proportion to their respective Percentage Interests; provided, however, that no such distribution may exceed the positive Capital Account balance of the Member to whom the distribution is intended to be made.

Section 4.3 Distribution Upon Liquidation

Upon the liquidation of the Company, the following shall occur:

(i) first, assets of the Company shall be used to pay all current expenses, debts, and obligations;

(ii) second, there shall be made a final allocation pursuant to Sections 4.1 of Profits, Losses and other items of income, if any; and

(iii) third, the remaining assets shall, after the final allocation referred to in Section 4.3(ii), be distributed to the Members in accordance with Section 4.2.

Section 4.4 Distribution of Assets in Kind

No Member shall have the right to require any distribution of any assets of the Company in kind. If any assets of the Company are distributed in kind, such assets shall be distributed on the basis of their fair market value as reasonably determined by the Managers. Solely for the purpose of maintaining Capital Accounts, the amount by which the fair market value of any property to be distributed, as so determined, exceeds or is less than the adjusted basis of such property for book purposes shall be taken into account in determining Profit or Loss as if such

property had been sold at such fair market value. Any Member entitled to any interest in such assets shall, unless otherwise determined by the Managers, receive separate assets of the Company and not an interest as tenant-in-common with other Members so entitled, in each asset being distributed.

Section 4.5 Regulatory, Curative, Tax and Book Allocations

The Company shall make Regulatory Allocations, Curative Allocations, Tax Allocations and Book Allocations in accordance with the provisions set forth in Schedule 4.5.

Section 4.6 Tax Withholding

A The Company shall at all times be entitled to make payments with respect to any Member in amounts required to discharge any obligation of the Company to withhold from a distribution otherwise payable to such Member or with respect to amounts allocable to such Member or to make any other payments to any governmental authority with respect to any foreign, federal, state or local tax or withholding liability arising as a result of such Member's interest in the Company (a "Withholding Payment"). Any Withholding Payment made from funds withheld upon a distribution will be treated as distributed to such Member for all purposes of this Agreement. Any other Withholding Payment will be deemed to be a recourse loan by the Company to the relevant Member or, at the option of the Managers, in his discretion, any such other Withholding Payment may be withheld from future distributions to which the relevant Member is entitled. The amount of any Withholding Payment treated as a loan, plus interest thereon from the date of each such Withholding Payment until such amount is repaid to the Company at an interest rate per annum equal to the prime rate quoted in The Wall Street Journal from time to time, plus 2%, shall be repaid to the Company (a) upon demand by the Company, (b) by deduction from any distributions payable to such Member pursuant to this Agreement (with the amount of such deduction treated as distributed to the Member) as determined by the Managers in his discretion or (c) by earlier payment by the Member to the Company.

B. Any "imputed underpayment" within the meaning of Code Section 6225 paid (or payable) by the Company as a result of an adjustment with respect to any Company item, including any interest or penalties with respect to any such adjustment (collectively, an "Imputed Underpayment Amount"), shall be treated as if it were paid by the Company as a Withholding Payment with respect to the appropriate Members. The Managers shall reasonably determine the portion of an Imputed Underpayment Amount attributable to each Member or former Member. The portion of the Imputed Underpayment Amount that the Managers attribute to a Member shall be treated as a Withholding Payment with respect to such Member. The portion of the Imputed Underpayment Amount that the Managers attribute to a former Member of the Company shall be treated as a Withholding Payment with respect to both such former Member and such former Member's transferee(s) or assignee(s), as applicable, and the Managers may exercise the Company's rights pursuant to this Section 4.6 in respect of either or both of the former Member and its transferee or assignee. Imputed Underpayment Amounts treated as

Withholding Payments also shall include any imputed underpayment within the meaning of Code Section 6225 paid (or payable) by any entity treated as a partnership for U.S. federal income tax purposes in which the Company holds (or has held) a direct or indirect interest other than through entities treated as corporations for U.S. federal income tax purposes to the extent that the Company bears the economic burden of such amounts, whether by law or agreement.

Section 4.7 Distributions to Cover Members' Tax Liability

So long as the Company has sufficient Available Cash, the Managers shall distribute amounts to Members quarterly intended to cover all or a portion of the potential federal, state or local tax obligations of the Members on account of the cumulative allocation to them of taxable income in excess of tax losses pursuant to this Agreement. Such distributions shall be made with respect to each quarter prior to the date that United States calendar year individual taxpayers are required to make estimated federal tax payments with respect to such quarter. For purposes of the foregoing, such federal, state and local tax obligations of each Member shall be assumed to equal an effective combined federal and state income tax rate equal to the highest combined federal and state income tax rates applicable to any Member multiplied by the cumulative allocation to such Member of taxable income determined as described in the definition of Profits and Losses without the adjustments listed therein, and without regard to any cost recovery deduction attributable to Section 743 of the Code, with the result reduced by the cumulative amount previously distributed pursuant to this Section 4.7. Partial distribution made to the Members pursuant to this Section 4.7 shall be made in proportion to their respective amounts calculated under the previous sentence. Distributions made pursuant to this Section 4.7 shall be considered for all purposes of this Agreement as distributions to the Members pursuant to Section 4.2 hereof.

Section 4.8 Contributions to Cover Company Tax Liability

The Managers may, by delivering a written demand therefor to any Member or former Member, require any Member or former Member to make a payment of immediately available funds in such amount that the Managers reasonably determines is required by the Company to discharge its withholding tax or other tax liability in respect of such Member, including without limitation any tax imputed to the Company pursuant to Code Section 6225.

He may sign deeds, mortgages, bonds, contracts, or other instruments which the Members have authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Members to some other officer or agent of the Company or shall be required by law to be otherwise signed or executed; and, in general, shall perform all duties incident to his position as the highest-ranking officer of the Company.

B. Darryl Wickens has the right to remove any officer of the Company at any time.

Section 5.5 Indemnification. No Manager, officer or Member (each an “Indemnified Party”) shall be liable, responsible or accountable in damages or otherwise to the Company or any Member for any loss or damage incurred by reason of any act or omission performed or omitted by such Indemnified Party in good faith either on behalf of the Company or in furtherance of the interests of the Company and in a manner reasonably believed by such Person to be within the scope of the authority granted to such Person by this Agreement or by law or by the Managers in accordance with the provisions of this Agreement, provided that such Person was not guilty of gross negligence, willful misconduct or any other breach of duty with respect to such act or omission. To the fullest extent permitted by law, Indemnified Parties who in good faith rely on the opinions of counsel and other professional advisors shall, to the extent their actions are consistent with such opinions, be deemed not to be guilty of gross negligence, willful misconduct or any other breach of duty with respect to such act or omission. To the fullest extent permitted by law, the Company, out of its assets and not out of the assets of the Members, shall indemnify and hold harmless each Indemnified Party who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (including any action by or in the right of the Company), by reason of any act or omission or alleged act or omission arising out of such Person’s activities as a Manager, officer or Member if such activities were performed in good faith either on behalf of the Company or in furtherance of the interests of the Company, and in a manner reasonably believed by such Person to be within the scope of the authority conferred by this Agreement or by law or by the Managers in accordance with the provisions of this Agreement, against losses, damages, or expenses for which such Person has not otherwise been reimbursed (including attorneys’ fees, judgments, fines and amounts paid in settlement) actually and reasonably incurred by such Person in connection with such action, suit or proceeding so long as such Person was not guilty of gross negligence, willful misconduct or any other breach of duty with respect to such acts or omissions, and, with respect to any criminal action or proceeding, and had no reasonable cause to believe its conduct was unlawful and provided that the satisfaction of any indemnification and any holding harmless shall be from and limited to Company assets, and the Members shall not have any personal liability on account thereof.

Section 5.6 Insurance.

The Company may purchase and maintain insurance on behalf of the Indemnified Parties against any liability that may be asserted against or expense that may be incurred by such Person in connection with the Company's activities. Any indemnification from the Company provided for hereunder will be satisfied out of Company assets (including insurance proceeds) only.

ARTICLE SIX

Section 6.1 Events Causing Dissolution

The Company shall dissolve and its affairs shall be wound up upon the first to occur of the following events:

- A. the sale or disposition by the Company of all or substantially all of its assets;
- B. the Consent of Members; or
- C. the entry of decree of dissolution, judicial or otherwise, under the laws of the Commonwealth of Massachusetts.

Section 6.2 Liquidation

A. Upon dissolution of the Company, the Managers or, if one is appointed, an authorized liquidating trustee, shall wind up the Company's affairs. Upon termination and dissolution of the Company and liquidation of its assets, the Managers (or trustee, if applicable) shall apply the Company's assets to the payment of all liabilities owing to creditors in accordance with the applicable law. The Managers (or trustee, if applicable) shall set up such reserves as it deems reasonably necessary for any contingent or unforeseen liabilities or obligations of the Company. Said reserves may be paid by the Managers (or trustee, if applicable) upon dissolution to a bank or trust company to be held in escrow for the purpose of paying any such contingent or unforeseen liabilities or obligations and, at the expiration of such period or occurrence of such events as the Managers (or trustee, if applicable) may in establishing such reserves deem advisable, such reserves shall be distributed to the Members or their assigns in the manner set forth in this Section 6.2.

B. After paying liabilities and providing for reserves in accordance with Section 6.2A, the Managers (or trustee, if applicable) shall make a final allocation of Profit or Loss, as the case may be, and other items to the Members' Capital Accounts in accordance with Article Four, which allocation shall take into account any unrealized gains and losses with respect to assets to be distributed in kind in accordance with Sections 1.704-1(b)(2)(iv)(e) and 1.704-1(b)(2)(iv)(f) of the Treasury Regulations. The remaining assets of the Company shall then be distributed to and among the Members in accordance with Section 4.3. In the event that any part

of such remaining assets consists of property, securities or accounts receivable or other non-cash assets, the Managers (or trustee, if applicable) may, but need not, take such steps as it deems appropriate to convert such assets into cash or into any other form which would facilitate the distribution thereof. No Member shall have the right to demand or receive property or other assets other than cash in return for its contribution.

ARTICLE SEVEN AMENDMENTS

Except as otherwise specifically provided by law or by any other provision of this Agreement, this Agreement may be amended by the Managers with the Consent of the Members. The Managers shall, within a reasonable time after the adoption of any amendment to this Agreement, make any filings or publications if required by the laws of the Commonwealth of Massachusetts or desirable to reflect such amendment.

ARTICLE EIGHT BOOKS AND RECORDS; ACCOUNTING; TAX ELECTIONS; ETC.

Section 8.1 Books of Account

The Managers shall cause to be kept and maintained, in accordance with generally accepted accounting principles modified as agreed to by the Managers from time to time consistently applied from year to year, complete and accurate books, records and accounts of the Company. Such books shall be kept on the basis of a calendar year using the accrual method of accounting modified as determined by the Managers from time to time, and shall be closed and balanced at the end of each year. An accounting of all items of receipts, income, gains, credits, costs, expenses and losses arising out of or resulting from the ownership, management, and operation of the Company business shall be made by the Managers annually as of December 31st of each year, and in the event the Company is terminated, within ninety (90) days of the final liquidation of the Company.

Section 8.2 Inspection

All books, records and accounts of the Company, together with executed copies of this Agreement and any amendments thereto shall be kept at all times at the principal office of the Company. All Members and their duly authorized representatives shall have the right to examine such books, records and accounts at any and all reasonable times and to make copies or extracts therefrom.

Section 8.3 Accounts

The Managers shall determine the accounts to be opened by the Company, and the Managers shall be responsible for maintaining said accounts which shall be used for the payment

of the disbursements properly chargeable to the Company, and in which, to the extent permitted by law, shall be deposited the receipts and income received by the Company. All such income, receipts and amounts required by this Section 8.3 to be deposited in said accounts shall be and remain the property of the Company, and shall be received, held and disbursed by the Managers to be applied only for the purposes herein specified. There shall not be deposited in any accounts any funds other than those above specified, and no other funds shall be in any way commingled with such funds. Withdrawals shall be made from said accounts only for the purpose of making payment of expenditures of the Company and distributions herein authorized. The Managers shall designate the signatories for the Company accounts. All expenses incurred by the Company will be billed directly to and paid by the Company. No Member has any obligation to pay Company expenses out of its own funds.

Section 8.4 Reports

The Tax Matters Member, as defined in Section 11.1, shall cause to be prepared all federal, state and local income and other tax returns of the Company. The Tax Matters Member shall cause copies of all tax returns of the Company to be delivered to the Members for their review and approval at least thirty (30) days prior to the statutory date for filing thereof, including extensions of such filing deadlines, if any. If a Member shall fail to give its approval to any such return, within fifteen (15) business days of the receipt of such return, such dispute shall be submitted to the Company's independent tax consultant who shall resolve any disputes and whose determination as so made shall be conclusive and binding upon the Members.

Section 8.5 Elections

The Company shall make and revoke such elections under the Code and the Treasury Regulations (including, without limitation, those permitted by Sections 83, 704(b), 704(c), 709(b), 754, 6221(b) and 6226 of the Code), and state tax or similar laws, as the Managers reasonably and in good faith determines to be appropriate. Without limiting the foregoing, the Managers may cause the Company to elect (or revoke any election) to treat, for tax purposes, the fair market value of any Units transferred or issued in connection with the performance of services as the liquidation value of such Units to the extent permitted by applicable law. With respect to all Units transferred or issued in connection with the performance of services as to which an election is in effect to use liquidation value as fair market value, the Company and each of the Members, including the Member to whom such Units are transferred or issued, and their respective assignees shall comply with all of the requirements under the Code and the Treasury Regulations of the election (including, without limitation, under any safe harbor to which the election relates). The Company is authorized to deliver and file, and each Member having responsibility for federal income tax reporting by the Company is authorized to execute, such documents as the Managers determines are necessary or appropriate to give effect to the provisions of this Section 8.5.

ARTICLE NINE
RESTRICTIONS ON TRANSFER

Section 9.1 Transfer of Units

(a) Except as otherwise specifically provided in this Article 9 with respect to Permitted Transfers, no Member shall have the right to Transfer any of its Units unless the Managers consents to the Transfer in writing, which Consent the Managers may grant or withhold in his sole and absolute discretion. Each Member acknowledges the reasonableness of the restrictions on Transfer of Units imposed by this Agreement in view of the Company purposes and the relationship of the Members.

(b) No Transfer of the Units shall be made if, in the opinion of counsel to the Company, such Transfer (i) may not be effected without registration under the Securities Act, (ii) would result in the violation of any applicable state securities laws, (iii) would result in a termination of the Company under I.R.C. § 708, or (iv) would result in the treatment of the Company as an association taxable as a corporation or as a “publicly-traded limited partnership” for tax purposes.

(c) The Company shall not be required to recognize any Transfer until the instrument conveying such Units has been delivered to the Managers for recordation on the books of the Company. Unless an assignee becomes a substituted Member in accordance with the provisions of Section 9.2 below, it shall not be entitled to any of the rights granted to a Member hereunder, other than the right to receive all or part of the share of the Profits, Losses and Partner Nonrecourse Deductions (and items thereof), its distributions of cash or property or returns of capital to which its assignor would otherwise be entitled in respect of the Units Transferred.

Section 9.2 Substitute Member

(a) A Person who receives a Transfer of a Unit shall become a substituted Member entitled to the rights of a Member if, and only if:

- (i) the assignor gives the assignee such right;
- (ii) in the case of a Transfer by a Member, the Transfer has been approved by the Managers; and
- (iii) the assignee executes and delivers an instrument, in form and substance satisfactory to the Managers and counsel to the Company, as may be necessary, appropriate or desirable to confirm the agreement of the assignee to be bound by the terms and provisions of this Agreement.

(b) The Company, the Members and Managers shall be entitled to treat the record owner of any Units as the absolute owner thereof in all respects, and shall incur no liability for distributions of cash or other property made in good faith to such owner until such time as a written assignment of such Units has been received and approved by the Managers and recorded in the books of the Company.

Section 9.3 Restrictions as to Certain Matters

Any Transfer of Units permitted by this Article Nine shall be subject to the following restrictions and conditions:

(a) No Transfer of any Units may be made if such Transfer would cause or result in a breach of any agreement binding upon the Company or of then applicable rules and regulations of any governmental authority having jurisdiction over such Transfer. The Managers may require, as a condition of any Transfer, that the transferor furnish an opinion of counsel, satisfactory to the Company (both as to counsel and as to the substance of the opinion), that the proposed Transfer complies with applicable law, including federal and state securities laws, and does not cause the Company to be an investment company as such term is defined in the Investment Company Act of 1940, as amended.

(b) The Managers may require, as a condition to the admission to the Company as a Member of any transferee who is not a Member, that such transferee demonstrate to the satisfaction of the Managers that he, she or it is either a financially responsible person or has one or more financially responsible persons who have affirmatively assumed the financial obligations of the transferee under this Agreement, if any, on his, her or its behalf.

(c) Unless the Managers have specifically approved otherwise in writing, a transferor of Units (if the transferee is a Member hereunder or if the transferee becomes a Member pursuant to the provisions of this Agreement) shall not be relieved of liability under this Agreement with respect to the transferred Units arising or accruing on or after the effective date of the Transfer, except to the extent of the payments made in the transferor's place by any transferee of its Units; and the Company may proceed to collect any amount due from the transferor as and when due, together with interest thereon from the date for payment stated herein at the rate of twelve percent (12%) per annum, compounded monthly (but not exceeding the maximum rate permitted by law) and all costs and expenses of collection incurred by the Company (including reasonable fees and disbursements of counsel).

(d) Any person who acquires Units, whether or not such person has accepted and assumed in writing the terms and provisions of this Agreement or been admitted into the Company as a Member as provided in Section 9.2(b), shall be deemed, by acceptance of the acquisition thereof, to have agreed to be subject to and bound by all of the obligations of this

Agreement with respect to such Units and shall be subject to the provisions of this Agreement with respect to any subsequent Transfer of such Units.

(e) Any Transfer in contravention of any of the provisions of this Agreement shall be null and void and ineffective to transfer any Units, and shall not bind, or be recognized by, or be on the books of the Company, and any transferee or assignee in such transaction shall not be, or be treated as, or deemed to be a Member for any purpose. In the event any Member shall at any time Transfer Units in contravention of any of the provisions of this Agreement, then each other Member shall, in addition to all rights and remedies at law and equity, be entitled to a decree or order restraining and enjoining such transaction; and the offending Member shall not plead in defense thereto that there would be an adequate remedy at law, it being expressly hereby acknowledged and agreed that damages at law would be an inadequate remedy for a breach or threatened breach of the provisions of this Agreement concerning such transactions.

Section 9.4 Transfers to Other Members.

Notwithstanding any other term or provision of this Agreement, nothing shall prohibit the Transfer by any Member of its Units to another Member; provided, however, that the transferee(s) of such Units with respect to any such Transfer shall be subject in all respects, from and after the date of such Transfer, to the provisions of this Article Nine.

Section 9.5 Redemption Right upon Involuntary Transfer.

(a) The Company shall redeem (the “Redemption Right”) all of the Units owned by a Member (the “Redeemed Member”) upon the occurrence of any of the following events:

(i) the appointment of a trustee, receiver or conservator with respect to the Redeemed Member or his or her property, the commencement by or against the Redeemed Member of any proceeding under the United States Bankruptcy Code or any other federal or state bankruptcy, reorganization, receivership, insolvency or other similar law affecting the rights of creditors generally, provided however that no Member shall be deemed to have given a transfer notice to the Company unless an involuntary bankruptcy proceeding has not been dismissed within forty-five (45) days after the filing thereof;

(ii) if the Redeemed Member’s Units are subject to a transfer pursuant to (A) a final judgment, (B) a final court order, operation of law, by gift or otherwise without consideration (other than pursuant to a Permitted Transfer), or (C) a final award or judgment (other than a Permitted Transfer) issued in connection with a divorce or spousal separation for which all appeal rights have been exhausted; or

(iii) if the Redeemed Member attempts to otherwise transfer his Units (other than pursuant to a Permitted Transfer); or

(iv) the Redeemed Member is a “Defaulting Member” pursuant to Section 10.1 hereof.

(b) The Company shall exercise the Redemption Right by providing written notice to the Redeemed Member of such exercise at any time within ninety (90) days after the event that gives rise to the Redemption Right.

(c) Upon the exercise of a Redemption Right, the Company shall pay to the Redeemed Member the Book Value of such Member’s Units, as determined by the Company’s regularly engaged outside accounting firm (the “Redeemed Value”).

(d) Each Member acknowledges that the Redeemed Value is fair value for the Units and that no Member, his heirs, representatives or assigns, may challenge the adequacy or fairness of the Redeemed Value.

(e) To the extent permitted by law, for a two-year period following the Company’s purchase of the Redeemed Member’s Units, the Redeemed Member shall not, except with the prior written consent of the Company, directly or indirectly, individually or as an officer, director, employee, partner, stockholder, consultant, adviser, subsidiary, parent, affiliate, independent contractor of any business entity, (i) provide site work or concrete services to any person or entity who was a customer of the Company during the two-year period preceding the purchase of the Redeemed Member’s Units, (ii) interfere with the Company’s relationship with any person or entity who at any time during such period is a client of the Company, or (iii) induce directly or indirectly any professional employee of the Company to terminate his or her employment by the Company. Notwithstanding the foregoing, a Redeemed Member may continue any business conducted by such Member prior to such termination.

Section 9.6 Specific Performance

The Members acknowledge that the Units are unique and not obtainable elsewhere and that the breach or failure to perform any obligation, covenant or duty hereunder to be performed will cause the Members irreparable harm and damage for which there is no adequate remedy at law. Accordingly, the parties hereunder may institute and maintain a proceeding to compel specific performance of this Agreement by the Member in default. The defaulting Member also agrees to be responsible for all costs and reasonable attorneys’ fees incurred in the enforcement of such specific performance. It is further agreed that this Agreement shall not be abridged or abrogated because of other rights inuring to a Member of a closely held business under the law.

ARTICLE TEN DEFAULT

10.1 Default by a Member.

The occurrence of any one or more of the following events shall constitute an event of default by a Member hereunder (an “Event of Default”):

- (a) The violation by a Member of any material term of this Agreement or the failure by a Member to perform any of its material obligations under this Agreement, which violation or failure is not cured within thirty (30) days following the defaulting Member’s receipt of written notice of such violation or failure, provided that if such default is not capable of being cured within such thirty (30) day period, such thirty (30) day period shall be extended up to one additional thirty (30) day period if such Member has diligently prosecuted such cure during the initial thirty (30)-day period;
- (b) A Member’s attempted Transfer of all or any portion of its rights or obligations under this Agreement in contravention of the requirements of this Agreement;
- (c) If the Units of a Member become subject to a charging order or attempted Transfer not permitted hereunder;
- (d) A Member (i) admits in writing that it is unable to pay its debts as they come due, (ii) commences a bankruptcy action under Title 11 of the United States Code, §§ 101 *et seq.* or under a similar state insolvency statutory scheme, or (iii) has an involuntary proceeding under Title 11 of the United States Code, §§ 101 *et seq.* or under a similar state insolvency statutory scheme commenced against such Member, which proceeding is not dismissed within sixty (60) days;
- (e) A Member dissolves or otherwise terminates its existence;
- (f) A Member ceases to be an employee of the Company; or
- (g) A Member, or Person controlling a Member, (1) fails to perform and discharge his or its material duties and responsibilities; (2) engages in misconduct that is injurious to the Company or to the Member’s ability to perform his or its duties and responsibilities hereunder, as determined in the reasonable discretion of the senior management of the Company; (3) commits fraud, embezzlement or other acts of dishonesty with respect to the Company; (4) is convicted of, or enters a plea of guilty or *nolo contendere* to a felony; (5) is willfully away from work for a prolonged time, other than due to disability; or (6) breaches the confidentiality

provisions hereof.

10.2 Effect of Default.

During the existence of an Event of Default, the defaulting Member (“Defaulting Member”) shall not be entitled to any distributions or other payments from the Company, including any reimbursement of expenses, shall not be entitled to participate in the management of the Company or to Consent as a Member, but shall not be excused from any obligations hereunder. Upon an Event of Default, the Company shall redeem the Interests owned by the Defaulting Member pursuant to Section 9.5 hereof.

ARTICLE ELEVEN MISCELLANEOUS PROVISIONS

Section 11.1 Partnership Representative

A. *Appointment.* Darryl Wickens shall be the “partnership representative” within the meaning of Code Section 6223(a) (the “Tax Matters Member”), and each Member agrees that the Managers are authorized to take (or cause the Company to take) such other actions as may be necessary pursuant to Treasury Regulations or other Internal Revenue Service or Treasury guidance to cause the person named as such to be designated as the “partnership representative” if necessary.

B. *Tax Examination and Audits.* The Tax Matters Member will be authorized and required to represent the Company (at the Company’s expense) in connection with all examinations of the Company’s affairs by tax authorities, including resulting administrative and judicial proceedings, in its capacity as such and shall keep the Members reasonably informed of any such administrative and judicial proceedings, and will be authorized to expend Company funds for professional services and other expenses reasonably incurred in connection therewith. Each Member agrees to cooperate with the Company and to do or refrain from doing any or all things reasonably requested by the Company with respect to the conduct of such proceedings. Promptly following the written request of the Tax Matters Member, the Company, shall, to the fullest extent permitted by the Act, reimburse and indemnify the Tax Matters Member for all reasonable expenses, including reasonable legal and accounting fees, claims, liabilities, losses and damages incurred by the Tax Matters Member in connection with any administrative or judicial proceeding (i) with respect to the tax liability of the Company and/or (ii) with respect to the tax liability of the Members in connection with the operations or activities of the Company.

C. *Elections and Procedures.* In the event of an audit of the Company that is subject to the partnership audit procedures enacted under subchapter C of chapter 63 of the Code and the Treasury Regulations thereunder (the “Centralized Partnership Audit Regime”), the Tax Matters Member, in its sole discretion, shall have the right to make any and all elections and to take any actions that are available to be made or taken by the Tax Matters Member or the Company under

the Centralized Partnership Audit Regime (including any election under Code Section 6226). If an election under Code Section 6226(a) is made, the Company shall furnish to each Member for the year under audit a statement of the Member's share of any adjustment set forth in the notice of final partnership adjustment, and each Member shall take such adjustment into account as required under Code Section 6226(b).

D. Tax Returns and Tax Deficiencies. Each Member agrees that such Member shall not treat any Company item inconsistently on such Member's federal, state, foreign or other income tax return with the treatment of the item on the Company's return. To the extent that the Tax Matters Member does not make an election under Code Section 6221(b) or Code Section 6226, the Company shall use commercially reasonable efforts to (i) make any modifications available under Code Section 6225(c)(3), (4), and (5), and (ii) if requested by a Member, provide to such Member information allowing such Member to file an amended federal income tax return, as described in Code Section 6225(c)(2), to the extent such amended return and payment of any related federal income taxes would reduce any taxes payable by the Company.

Section 11.2 Notification

All communications provided for hereunder shall be in writing and shall be delivered or mailed prepaid by registered or certified mail or overnight air courier, or by facsimile communication, in each case addressed to a party at its address set forth on Schedule 1 hereto, or to such other address such party or its assignee shall designate to the other parties hereto in writing; provided, however, that a notice to a party by overnight air courier shall only be effective if delivered to such party at a street address designated for such purpose, and a notice to a party by facsimile communication shall only be effective if confirmed by transmission of a copy thereof by prepaid overnight air courier.

Section 11.3 Binding Provisions

The covenants and agreements contained herein shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and permitted assigns of the respective parties hereto.

Section 11.4 No Waiver. The failure of any Member to seek redress for violation, or to insist on strict performance, of any covenant or condition of this Agreement shall not prevent a subsequent act which would have constituted a violation from having the effect of an original violation.

Section 11.5 Legends

If certificates are issued evidencing Units, whether now or hereafter owned by the Members, such certificates shall be subject to the terms of this Agreement and shall have endorsed in writing, stamped or printed, thereon the following legend:

THE UNITS REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO THE TERMS AND CONDITIONS OF AN OPERATING AGREEMENT DATED AS OF November 19, 2020, AS SUCH AGREEMENT MAY BE AMENDED FROM TIME TO TIME, COPIES OF WHICH ARE ON FILE WITH THE COMPANY.

Section 11.6 Governing Law

This Agreement and the application or interpretation hereof shall be governed exclusively by, and construed exclusively in accordance with, the laws of the Commonwealth of Massachusetts, without regard to principles of conflicts of laws. Any action, suit or other legal proceeding with respect to this Agreement shall solely be brought in the Superior Courts for the Commonwealth of Massachusetts or in the United States District Court for the District of Massachusetts. The parties consent to and accept the jurisdiction of such courts and waive any objection (including any objection to venue or any objection based upon the grounds of forum *non conveniens*) which might be asserted against the bringing of any such action, suit or other legal proceeding in such courts.

Section 11.7 Severability of Provisions

Each provision of this Agreement shall be considered separable and if for any reason any provision or provisions of this Agreement, or the application of such provision to any Person or circumstance, shall be held invalid or unenforceable in any jurisdiction, such provision or provisions shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without invalidating the remaining provisions hereof, or the application of the affected provision to Persons or circumstances other than those to which it was held invalid or unenforceable, and any such invalidity or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

Section 11.8 Entire Agreement

This Agreement constitutes the entire agreement among the parties. This Agreement supersedes any prior agreement or understanding among the parties and may not be modified or amended in any manner other than as set forth herein or therein.

Section 11.9 Section Titles

Section titles are for descriptive purposes only and shall not control or alter the meaning of this Agreement as set forth in the text.

Section 11.10 Counterparts

This Agreement may be executed in several counterparts, all of which together shall constitute one agreement binding on all parties hereto notwithstanding that all the parties have not signed the same counterpart.

Section 11.11 Acknowledgement

Each Member warrants that such Member has read this Agreement, understands its contents, has freely and voluntarily entered into the same after having received legal advice from legal counsel of his own choosing as to his rights hereunder, and has not been influenced by any representation of any party or person or persons acting for or on behalf of any of the other parties hereto.

Section 11.12 Waiver of Partition

Each Member agrees that irreparable damage would be done to the Company if any Member brought an action in court to dissolve the Company. GREENBRIDGE TECHNOLOGIES LLC

Schedule 4.5

Regulatory, Curative and Tax and Book Allocations

A. **Regulatory Allocations.** Before any allocations are made pursuant to Section 4.1, the following allocations (the “Regulatory Allocations”) shall be made:

(i) **Qualified Income Offset.** If any Member unexpectedly receives any adjustment, allocation or distribution described in Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6) of the Treasury Regulations that causes it to have an, or increases the amount of its, Adjusted Capital Account Deficit, items of Company income and gain shall be allocated to such Member in an amount and manner sufficient to eliminate, to the extent required by the Treasury Regulations, such Member’s Adjusted Capital Account Deficit as quickly as possible, provided that an allocation pursuant to this paragraph A(i) shall be made to a Member only if and to the extent that such Member would have an Adjusted Capital Account Deficit after all other allocations provided for in Article Four have been tentatively made as if this paragraph A(i) were not in this Agreement. This paragraph A(i) is intended to constitute a “qualified income offset” as defined in Section 1.704-1(b)(2)(ii)(d) of the Treasury Regulations.

(ii) **Gross Income Allocation.** If any Member has an Adjusted Capital Account Deficit as of the end of any Fiscal Year or other accounting period of the Company that is in excess of any amounts such Member is deemed to be obligated to restore to its Capital Account pursuant to the penultimate sentences of Sections 1.704-2(g)(1) and 1.704-2(h)(5) of the Treasury Regulations, items of Company income and gain in the amount of such excess shall be allocated to such Member as quickly as possible, provided that an allocation pursuant to this paragraph A(ii) shall be made to a Member only if and to the extent that such Member would have an Adjusted Capital Account Deficit that is in excess of any amount such Member is deemed to be obligated to restore to its Capital Account pursuant to such penultimate sentences after all other allocations provided for in Article Four have been tentatively made as if this paragraph A(ii) were not in this Agreement. If there are insufficient items of Company income and gain to eliminate all such excesses, such allocations shall be made among all Members having such an excess in proportion to such excesses.

(iii) **Basis Adjustment.** To the extent an adjustment to the adjusted tax basis of any asset of the Company pursuant to Section 734(b) or Section 743(b) of the Code is required, pursuant to Section 1.704-1(b)(2)(iv)(m) of the Treasury Regulations, to be taken into account in determining Capital Accounts, the amount of such adjustment to the Capital Accounts shall be treated as an item of gain (if the adjustment increases the basis of the asset) or loss (if the adjustment decreases the basis of the asset), and such gain or loss shall be allocated to the Members in a manner that is consistent with the manner in which their Capital Accounts are

required to be adjusted pursuant to such Section of the Treasury Regulations.

(iv) Limitation on and Reallocation of Losses. A Loss allocation shall not be made to a Member if and to the extent that such allocation would cause such Member to have an, or increase the amount of its, Adjusted Capital Account Deficit at the end of any Fiscal Year or other accounting period. A Loss allocation that would be made to a Member but for this paragraph A(iv) shall instead be made to the other Members to the extent of and in proportion to the amounts of such Loss that they could then be allocated without themselves having Adjusted Capital Account Deficits and thereafter to the Members in proportion to their Percentage Interests.

(v) Minimum Gain Chargeback. If there is a net decrease in the Minimum Gain of the Company or in the Partner Minimum Gain attributable to Partner Nonrecourse Debt during any Fiscal Year or other accounting period, then items of income or gain of the Company for such Fiscal Year or other accounting period (and, if necessary, subsequent Fiscal Years or accounting periods) shall be allocated to each Member or to each Member who has a share of such Partner Minimum Gain (determined as set forth in Section 1.704-2(i) of the Treasury Regulations), as the case may be, in an amount equal to such Member's share of the net decrease in the Minimum Gain (determined in accordance with Sections 1.704-2(d)(1) and 1.704-2(g) of the Treasury Regulation) or in an amount equal to such Member's share of the net decrease in the Partner Minimum Gain (determined in accordance with Sections 1.704-2(i)(3) and 1.704-2(i)(5) of the Treasury Regulations), as the case may be.

(vi) Nonrecourse Deductions. Nonrecourse Deductions for any Fiscal Year or other accounting period (not including, any Partner Nonrecourse Deductions) shall be allocated among the Members in proportion to their respective Percentages Interests. Solely for purposes of determining each Member's proportionate share of the "excess nonrecourse liabilities" of the Company, within the meaning of Section 1.752-3(a)(3) of the Treasury Regulations, each Member's interest in Company Profits shall be equal to its Percentage Interest.

(vii) Partner Nonrecourse Deductions. Any Partner Nonrecourse Deductions for any Fiscal Year or other accounting period shall be allocated to the Member who bears the economic risk of loss with respect to the nonrecourse liability, as determined and defined under Section 1.704-2(b)(3) of the Treasury Regulations, to which such Partner Nonrecourse Deductions are attributable in accordance with Section 1.704-2(i)(1) of the Treasury Regulations.

B. Curative Allocations. The Regulatory Allocations set forth in paragraph A are intended to comply with certain requirements of Sections 1.704-1(b) and 1.704-2 of the Treasury Regulations. Notwithstanding any other provision of Article Four, the Regulatory Allocations shall be taken into account in making allocations of other items of income, gain, loss, deduction and expenditure among the Members so that, to the extent possible consistent with the Code and of the Treasury Regulations, and on a cumulative basis, the respective net amounts of such allocations of other items and the Regulatory Allocations to the Members are equal to the

respective net amounts that would have been allocated to the Members had no Regulatory Allocations been made. The Manager shall apply this paragraph B at such times and in whatever order, and shall divide allocations made pursuant to this paragraph B among the Members in such manner, as it determines is likely to minimize any economic distortions that might otherwise be caused by the Regulatory Allocations.

C. Tax Allocations. Tax allocations for each Fiscal Year or other accounting period of the Company shall be made consistent with the allocations of Profit or Loss and items specially allocated pursuant to paragraph A and paragraph B for such year or period, except that, solely for tax purposes, (i) items of income, gain, loss and deduction with respect to Company assets reflected hereunder in the Members' Capital Accounts and on the books of the Company at values that differ from the Company's adjusted tax basis in such assets shall be allocated among the Members so as to take account of those differences in such manner as the Manager reasonably determines is in accordance with the principles of Section 704(c) of the Code and with Sections 1.704-1(b)(2)(iv)(f), 1.704-1(b)(2)(iv)(g), 1.704-1(b)(4)(i) and 1.704-3 of the Treasury Regulations, (ii) adjustments made pursuant to Section 734(b) or Section 743(b) of the Code shall be taken into account, and (iii) allocations with respect to forfeitures of "substantially nonvested interests" in the Company transferred or issued in connection with the performance of services shall be taken into account.

D. Changes in Members' Interests. If during any Fiscal Year or other accounting period of the Company there is a change in any Member's Percentage Interest in the Company, the Manager shall allocate Profit or Loss to the Members in the Company in a manner that complies with the provisions of Section 706 of the Code and the Treasury Regulations thereunder.

E. Credits. All tax credits of the Company for a Fiscal Year or other accounting period (or portion thereof, if appropriate) shall be allocated among the Members in proportion to their Percentage Interests.

Plan for Positive Impact

Greenbridge Technologies LLC (the “**Company**”) is basing its headquarters in Tyngsborough MA, an area that has not been identified by the Commission as an area of disproportionate impact. However, Lowell abuts Tyngsborough, and have been identified as an area of disproportionate impact. Lowell shall be referred to herein as the “**Target Area**”. Accordingly, the Company intends to focus its efforts in the Target Area and on Massachusetts Residents who have, or have parents or spouses who have, past drug convictions.

During its first year of operations, the Company will implement the following goals, programs and measurements pursuant to this Plan for Positive Impact (the “**Positive Impact Plan**”).

Goals:

The Company’s goals for this Positive Impact Plan are as follows:

1. Hire, in a legal and non-discriminatory manner, at least 25% of its employees from Target Areas, and/or Massachusetts residents who have, or have parents or spouses who have, past drug convictions; and
2. Provide educational programs and informational sessions geared towards individuals from the Target Area and/or Massachusetts Residents who have, or have parents or spouses who have, past drug convictions that are interested in the cannabis industry, with specific focuses on marijuana cultivators, product manufactures or retailers and entrepreneurship, at least twice a year. Such educational events will specifically include, but not be limited to, information on licensing workshops (i.e., guidance on filing applications with the Commission), preparation of standard operating policies and procedures, Massachusetts cannabis market overview and METRC best practices.

Programs:

In an effort to reach the abovementioned goals, the Company shall implement the following practices and programs:

1. In an effort to ensure that the Company has the opportunity to interview, and hire, individuals from the Target Area or Massachusetts residents who have past drug convictions it shall post monthly notices for at least three (3) months during the hiring process at the municipal offices of the Target Areas and in newspapers of general circulation in the Target Areas, including but not limited to, the Lowell Sun. These notices will state, among other things, that the Company is specifically looking for Massachusetts residents who are 21 years or older and either (i) live in the Target Area or another area of disproportionate impact as defined by the Commission; or (ii) have past drug convictions, for employment.

Greenbridge Technologies LLC

Such residency, or prior drug conviction status, will be a positive factor in hiring decisions, but this does not prevent the Company from hiring the most qualified candidates and complying with all employment laws and other legal requirements.

2. In an effort to ensure that the Company provides opportunities for individuals from the Target Area and/or Massachusetts residents who have past drug convictions to attend its educational events the Company shall post weekly notices at least two (2) weeks prior to hosting said educational programs or informational sessions in newspapers of general circulation in the Target Areas including but not limited to, the Lowell Sun, and these notices will state, among other things, that the Company is specifically looking for Massachusetts residents who are 21 years or older and either (i) live in the Target Area or another area of disproportionate impact as defined by the Commission; or (ii) have past drug convictions to attend these events.

The Company respectfully submits that it will comply with the advertising, branding, marketing and sponsorship practices as outlined in 935 CMR 500.105(4). The abovementioned notices will not include any Company advertisements, marketing materials or branding. To the extent the Commission deems necessary, notices and event programming materials will be made available to the Commission for review and inspection prior to publishing.

Annual Review:

Each year, the Company will review the following criteria in an effort to measure the success of its Positive Impact Plan.

1. Identify the number of individuals hired who (i) came from Target Area, or other areas of disproportionate impact as defined by the Commission; or (ii) have past drug convictions; and
2. Identify the number of educational events or informational sessions it holds and attendance at the same.

The Company affirmatively states that it: (1) has confirmed that all of the abovementioned charities will accept donations and volunteers from the Company; (2) acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4), which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment; (3) any actions taken, or programs instituted, will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws; and (4) the Company will be required to document progress or success of this plan, in its entirety, annually upon renewal of its provisional license.

Such products shall not be considered to be homogenous if ten percent (10%) of the infused portion of the marijuana product contains more than twenty percent (20%) of the total THC contained within the entire marijuana product.

Greenbridge Technologies LLC

Single-servings of Marijuana Products tested for potency in accordance with 935 CMR 500.150(4)(a) shall not have a variance greater than plus/minus ten percent (+/-10%).

The Company shall ensure that daily sales of edible marijuana products to a retail customer do not contain more than a total of five grams or five hundred milligrams of active THC. Topicals and ointments are not subject to the aforementioned limitation on daily sales.

The Company will not sell or otherwise market marijuana or marijuana products for adult use that are not capable of being tested by Independent Testing Laboratories, except as allowed under 935 CMR 500.000: *Adult Use of Marijuana*. The Company will contract Independent Testing Laboratories to test its marijuana products in compliance with testing standards in 935 CMR 500.160 and the Company's *Quality Testing and Control Policy*, which shall be incorporated herein by reference.

Any Marijuana Products resubmitted for retesting prior to remediation shall be submitted to an Independent Testing Laboratory other than the laboratory which provided the initial failed result. Marijuana submitted for retesting after documented remediation may be submitted to the same Independent Testing Laboratory that produced the initial failed testing result prior to remediation. All marijuana products will be processed in the extraction room, kitchen, or processing and packaging room dependent on the type of marijuana product being manufactured as well as the stage of manufacturing.

Additional Operating Policies for Marijuana Product Manufacturing

All manufactured products from the Company will be prepared, handled, and stored in compliance with the sanitation requirements in 105 MCR 590.000: *State Sanitary Code Chapter X: Minimum Sanitation Standards for Food Establishments*, 105 CMR 500.000: *Good Manufacturing Practices for Food*, and with the requirements for food handlers specified in 105 CMR 300.000: *Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements*. Any marijuana product that is made to resemble a typical food or beverage product will be packaged and labelled in accordance with M.G.L. c. 94G, § 4(a½)(xxvi), 935 CMR 500.150(3), and 935 CMR 500.105(5) and (6).

The Company will extract marijuana oils in the extraction room via the Supercritical CO2 extraction process rather than through alternative methods to help mitigate the risk of finished product containing trace amounts of heavy metals and other contaminants. The CO2 extraction process allows compounds to be extracted with low toxicity. It utilizes a high-pressure vessel containing marijuana trim or ground marijuana flower to separate the plant matter from the cannabinoids. The resulting extract will then be "winterized" and placed in ethanol, then heated and finally frozen to filter out the undesirable by-products. The ethanol solution will be warmed to approximately 120 degrees F, and it's not frozen until all the solvent has evaporated. For proper winterization, the solution will be frozen for at least 24 hours at a minimum temperature of 32 degrees F. After this step, the alcohol solution will need to be filtered for removing the waxes. The extraction and refinement steps can be repeated several times, until a pure oil is obtained. Once the residual alcohol solution has been purged from the oil, the oil will be homogenized and

Greenbridge Technologies LLC

ready to be sent for laboratory testing and analysis before packaging the oil into cartridges to be used in vaporizers.

The refined and tested marijuana oil will also be used in the Company's edible products. The Company intends to produce the abovementioned products in compliance with 935 CMR 500.150(1) that are physically demarked in a way that enables a reasonable person to intuitively determine how much of the product constitutes a single serving of active THC. Each serving of any edible marijuana product produced by the Company will be easily separable in order to allow average persons 21 years of age or older to physically separate, with minimal effort, the individual servings of the product, and will be marked, stamped, or otherwise include an imprinted symbol or easily recognizable mark issued by the Commission that indicates the package contains marijuana product.

As a Marijuana Product Manufacturer, the Company shall meet all applicable environmental laws, regulations, permits and other applicable approvals, including, but not limited to, those related to water quality and quantity, wastewater, solid and hazardous waste management and air pollution control, including prevention of odor and noise pursuant to 310 CMR 7:00: *Air Pollution Control*. The Company will use additional best management practices as determined by the Commission in consultation with the working group established under St. 2017, c. 55 78(b) or applicable departments or divisions of the Executive Office of Energy and Environmental Affairs (the "EOEEA") to reduce energy and water usage, engage in energy conservation and mitigate other environmental impacts, including but not limited to:

- Identification of potential energy use reduction opportunities (such as natural lighting and energy efficiency measures), and a plan for implementation of such opportunities;
- Consideration of opportunities for renewable energy generation including, where applicable, submission of building plans showing where energy generators could be placed on the site, and an explanation of why the identified opportunities were not pursued, if applicable;
- Strategies to reduce electric demand (such as lighting schedules, active load management, and energy storage); and
- Engagement with energy efficiency programs offered pursuant to M.G.L. c. 25, § 21, or through municipal lighting plants.

If minimum standards or best management practices are not established by the time of an application for initial licensure, the Company will satisfy such standards or best management practices as a condition of license renewal, in addition to any terms and conditions of any environmental permit regulating the licensed activity.

In accordance with 935 CMR 500.130(4) the Company shall provide documentation of compliance or lack thereof, as the case may be, with the testing requirements of 935 CMR 500.160 and standards established by the Commission for the conditions, including time and temperature controls, necessary to protect marijuana products against physical, chemical, and microbial

The Company shall maintain records of the name and business address of the manufacturer of any cartridge, battery, atomizer coil, hardware or other component of Marijuana Vaporizer Products manufactured by the Company. Further, the Company shall, on request by the Commission, identify the materials used in the device's atomizer coil (e.g., titanium, titanium alloy, quartz, copper, nichrome, kanthal, or other specified material) or identify that such information cannot be reasonably ascertained, if applicable.

A copy of the Certificate of Analysis (as that term is defined in 935 CMR 500.000 *et. seq.*) for each thickening agent, thinning agent or terpene infused or incorporated into a Marijuana Vaporizer Device during production shall be retained by the Company and provided as a part of a wholesale transaction with any marijuana retailer, MTC or delivery operator.

To the extent that the Company wholesales Marijuana Vaporizer Devices to a marijuana retailer, MTC or delivery operator shall provide the recipient with the information insert required by 935 CMR 500.105(5)(c) or the necessary information to produce such an insert and the appropriate labeling information required by these regulations, provided, however, that white labeling of Marijuana Vaporizer Devices is explicitly prohibited.

In addition to the policies included herein, the Company also incorporates herein by reference its *Security Policy, Storage Policy, Safety Policy, Transportation of Marijuana Policy, Inventory Policy, Energy Compliance Policy, Quality Control and Testing Policy* and *Record Retention Policy* as evidence of policies for identifying, recording, and reporting diversion, theft, or loss; for correcting all errors and inaccuracies in inventories; for handling all voluntary or mandatory recalls due to any action initiated at the request or order of the Commission, and/or any voluntary action taken by the Company to remove defective or potentially defective marijuana products from the market, as well as any action undertaken to promote public health and safety; for ensuring that any outdated, damaged, deteriorated, mislabeled, or contaminated marijuana are segregated from other marijuana and destroyed; for transportation; for the reduction of energy in water usage and energy conservation practices and mitigation of environmental impacts; for the transfer, acquisition, or sale of marijuana between Marijuana Establishments; and compliance with the standards set forth in the *Massachusetts Comprehensive Fire Code*. .

The catalogue shall include a description of the product, photograph or illustration, packaging design, and dosage amounts, including expected cannabinoid profile. Such product catalogue shall be provided to the Commission prior to receiving a certificate to commence operations, and shall include the following:

Greenbridge Technologies LLC

Safety Plan

Greenbridge Technologies LLC (the “**Company**”) is committed to providing a safe workplace for its employees and promoting workplace safety policies and procedures consistent with the standards set forth under the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651, et seq., including the general duty clause under 29 U.S.C. § 654 (“**OSHA**”). The Company shall:

(a) shall furnish to each of its employees, employment, and a place of employment, free from recognized hazards that are causing, or are likely to cause, death or serious physical harm;

(b) in compliance with occupational safety and health standards promulgated under OSHA.

The Company expects that each of its employees will comply with occupational safety and health standards and all rules, regulations, and orders issued pursuant to 29 U.S.C. § 651, et seq., which are applicable to the employee's own actions and conduct.

All current and updated regulations and references at 29 CFR Parts 1903, 1904, 1910, 1915, 1917, 1918, 1926, 1928, and 1977 are incorporated by reference, and applicable to all places of employment covered by 935 CMR 500.000: *Adult Use of Marijuana*.

Furthermore, the Company intends to comply with the following safety procedures in connection with the manufacturing and production of marijuana products:

All manufactured products from the Company will be prepared, handled, and stored in compliance with the sanitation requirements in 105 MCR 590.000: *State Sanitary Code Chapter X: Minimum Sanitation Standards for Food Establishments*, 105 CMR 500.000: *Good Manufacturing Practices for Food*, and with the requirements for food handlers specified in 105 CMR 300.000: *Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements*. Any marijuana product that is made to resemble a typical food or beverage product will be packaged and labelled in accordance with M.G.L. c. 94G, § 4(a½)(xxvi), 935 CMR 500.150(3), and 935 CMR 500.105(5) and (6).

The Company will extract marijuana oils in the extraction room via the Supercritical CO2 extraction process rather than through alternative methods to help mitigate the risk of finished product containing trace amounts of heavy metals and other contaminants. The CO2 extraction process allows compounds to be extracted with low toxicity. It utilizes a high-pressure vessel containing marijuana trim or ground marijuana flower to separate the plant matter from the cannabinoids. The resulting extract will then be “winterized” and placed in ethanol, then heated and finally frozen to filter out the undesirable by-products. The ethanol solution will be warmed to approximately 120 degrees F, and it’s not frozen until all the solvent has evaporated. For proper winterization, the solution will be frozen for at least 24 hours at a minimum temperature of 32 degrees F. After this step, the alcohol solution will need to be filtered for removing the waxes. The extraction and refinement steps can be repeated several times, until a pure oil is obtained. Once the residual alcohol solution has been purged from the oil, the oil will be homogenized and ready to be sent for laboratory testing and analysis before packaging the oil into cartridges to be used in vaporizers.

Greenbridge Technologies LLC

The refined and tested marijuana oil will also be used in the Company's edible products. The Company intends to produce the abovementioned products in compliance with 935 CMR 500.150(1) that are physically demarked in a way that enables a reasonable person to intuitively determine how much of the product constitutes a single serving of active THC. Each serving of any edible marijuana product produced by the Company will be easily separable in order to allow average persons 21 years of age or older to physically separate, with minimal effort, the individual servings of the product, and will be marked, stamped, or otherwise include an imprinted symbol or easily recognizable mark issued by the Commission that indicates the package contains marijuana product.

The Company shall meet all applicable environmental laws, regulations, permits and other applicable approvals, including, but not limited to, those related to water quality and quantity, wastewater, solid and hazardous waste management and air pollution control, including prevention of odor and noise pursuant to 310 CMR 7:00: *Air Pollution Control*. The Company will use additional best management practices as determined by the Commission in consultation with the working group established under St. 2017, c. 55 78(b) or applicable departments or divisions of the Executive Office of Energy and Environmental Affairs (the "EOEEA") to reduce energy and water usage, engage in energy conservation and mitigate other environmental impacts, including but not limited to:

- Identification of potential energy use reduction opportunities (such as natural lighting and energy efficiency measures), and a plan for implementation of such opportunities;
- Consideration of opportunities for renewable energy generation including, where applicable, submission of building plans showing where energy generators could be placed on the site, and an explanation of why the identified opportunities were not pursued, if applicable;
- Strategies to reduce electric demand (such as lighting schedules, active load management, and energy storage); and
- Engagement with energy efficiency programs offered pursuant to M.G.L. c. 25, § 21, or through municipal lighting plants.

If minimum standards or best management practices are not established by the time of an application for initial licensure, the Company will satisfy such standards or best management practices as a condition of license renewal, in addition to any terms and conditions of any environmental permit regulating the licensed activity.

In accordance with 935 CMR 500.130(4) the Company shall provide documentation of compliance or lack thereof, as the case may be, with the testing requirements of 935 CMR 500.160 and standards established by the Commission for the conditions, including time and temperature controls, necessary to protect marijuana products against physical, chemical, and microbial contamination as well as against deterioration of finished products during storage and

The Company shall maintain records of the name and business address of the manufacturer of any cartridge, battery, atomizer coil, hardware or other component of Marijuana Vaporizer Products manufactured by the Licensee. Further, the Company shall, on request by the Commission, identify the materials used in the device's atomizer coil (e.g., titanium, titanium alloy, quartz, copper, nichrome, kanthal, or other specified material) or state if such information cannot be reasonably ascertained.

A copy of the Certificate of Analysis for each thickening agent, thinning agent or terpene infused or incorporated into a Marijuana Vaporizer Device during production shall be retained by a Product Manufacturer and provided as a part of a wholesale transaction with any Marijuana Retailer, MTC or Delivery Operator.

Safety Plan

Greenbridge Technologies LLC (the “**Company**”) is committed to providing a safe workplace for its employees and promoting workplace safety policies and procedures consistent with the standards set forth under the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651, et seq., including the general duty clause under 29 U.S.C. § 654 (“**OSHA**”). The Company shall:

(a) shall furnish to each of its employees, employment, and a place of employment, free from recognized hazards that are causing, or are likely to cause, death or serious physical harm;

(b) in compliance with occupational safety and health standards promulgated under OSHA.

The Company expects that each of its employees will comply with occupational safety and health standards and all rules, regulations, and orders issued pursuant to 29 U.S.C. § 651, et seq., which are applicable to the employee's own actions and conduct.

All current and updated regulations and references at 29 CFR Parts 1903, 1904, 1910, 1915, 1917, 1918, 1926, 1928, and 1977 are incorporated by reference, and applicable to all places of employment covered by 935 CMR 500.000: *Adult Use of Marijuana*.

Furthermore, the Company intends to comply with the following safety procedures in connection with the manufacturing and production of marijuana products:

All manufactured products from the Company will be prepared, handled, and stored in compliance with the sanitation requirements in 105 MCR 590.000: *State Sanitary Code Chapter X: Minimum Sanitation Standards for Food Establishments*, 105 CMR 500.000: *Good Manufacturing Practices for Food*, and with the requirements for food handlers specified in 105 CMR 300.000: *Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements*. Any marijuana product that is made to resemble a typical food or beverage product will be packaged and labelled in accordance with M.G.L. c. 94G, § 4(a½)(xxvi), 935 CMR 500.150(3), and 935 CMR 500.105(5) and (6).

The Company will extract marijuana oils in the extraction room via the Supercritical CO2 extraction process rather than through alternative methods to help mitigate the risk of finished product containing trace amounts of heavy metals and other contaminants. The CO2 extraction process allows compounds to be extracted with low toxicity. It utilizes a high-pressure vessel containing marijuana trim or ground marijuana flower to separate the plant matter from the cannabinoids. The resulting extract will then be “winterized” and placed in ethanol, then heated and finally frozen to filter out the undesirable by-products. The ethanol solution will be warmed to approximately 120 degrees F, and it’s not frozen until all the solvent has evaporated. For proper winterization, the solution will be frozen for at least 24 hours at a minimum temperature of 32 degrees F. After this step, the alcohol solution will need to be filtered for removing the waxes. The extraction and refinement steps can be repeated several times, until a pure oil is obtained. Once the residual alcohol solution has been purged from the oil, the oil will be homogenized and ready to be sent for laboratory testing and analysis before packaging the oil into cartridges to be used in vaporizers.

Greenbridge Technologies LLC

The refined and tested marijuana oil will also be used in the Company's edible products.
