## **Lunar Xtracts, Inc.**

### **Plan for Positive Impact**

Lunar Xtracts, Inc. (the “**Company**”) is basing its headquarters in the City of Taunton, Massachusetts, an area that has been identified by the Commission as an area of disproportionate impact, and the City of Taunton shall be referred to herein as the “**Target Area**”. Accordingly, the Company intends to focus its efforts in the Target Area and on Massachusetts Residents who have, or have parents or spouses who have, past drug convictions.

The Company will implement the following goals, programs and measurements pursuant to this Plan for Positive Impact (the “**Positive Impact Plan**”).

#### **Goals:**

The Company’s goals for this Positive Impact Plan are as follows:

1. Hire, in a legal and non-discriminatory manner, **at least 25% of its employees** from Target Areas, and/or Massachusetts residents who have, or have parents or spouses who have, past drug convictions, or individuals who are certified Economic Empowerment Recipients or Social Equity Program Participants. Since the Company anticipates initially having only 2-3 employees for the first year or two, this goal may not be reached until after the Company has been in operations for a number of years.
2. The Company shall contribute a minimum of **forty (40) hours** a year of volunteer time to charitable groups serving the Target Areas and/or who work with Massachusetts residents who have, or have parents or spouses who have, past drug convictions;
3. At least **one (1) time per year**, the Company shall provide educational programs and informational sessions located on site or at a location in the vicinity of the site, that is geared toward individuals interested in the cannabis industry, with a specific focus on product manufacturing, and entrepreneurship.
  - a. The context of the educational events will specifically include, but not be limited to, information on licensing workshops (i.e. guidance on filing applications with the Commission), preparation of standard operating policies and procedures, Massachusetts cannabis market overview, and METRC best practices.
  - b. Participation and attendance in and at the education events is expected to be at least 5-10 individuals.
  - c. Location: The Company plans to hold the educational programs on-site, provided the space allows for the responses to the notices of the programs. Alternatively,

## Lunar Xtracts, Inc.

the Company will rent a local hall in the area for the educational programs.

### **Programs:**

In an effort to reach the abovementioned goals, the Company shall implement the following practices and programs:

1. In an effort to ensure that the Company has the opportunity to interview, and hire, individuals from the Target Area or Massachusetts residents who have past drug convictions, once the Company is ready to further staff its facility and during its hiring process, the Company shall post monthly notices for at least two (2) months at the municipal offices of the Target Area and in newspapers of general circulation in the Target Area, including but not limited to, the Taunton Daily Gazette. These notices will state, among other things, that the Company is specifically looking for Massachusetts residents who are 21 years or older and either (i) live in the Target Area or another area of disproportionate impact as defined by the Commission; or (ii) have past drug convictions, or (iii) are certified Economic Empowerment Recipients or Social Equity Program Participants.

Such residency, or prior drug conviction status, will be a positive factor in hiring decisions, but this does not prevent the Company from hiring the most qualified candidates and complying with all employment laws and other legal requirements.

As noted above, because the Company anticipate employing only 2 or 3 personnel for the first year or two, and therefore, the Company may not reach its goal until after being operations for a number of years.

2. In an effort to ensure that it will meet its volunteering goals, the Company will encourage its employees to volunteer by providing work related incentives such **as up to two (2) paid volunteer days** with charitable groups serving the Target Areas.
3. In an effort to ensure that the Company provides opportunities for individuals from the Target Area and/or Massachusetts residents who have past drug convictions to attend its educational events, the Company shall post weekly notices at least two (2) weeks prior to hosting said educational programs or informational sessions in newspapers of general circulation in the Target Areas including but not limited to, the Taunton Daily Gazette, and these notices will state, among other things, that the Company is specifically looking for Massachusetts residents who are 21 years or older and either (i) live in the Target Area or another area of disproportionate impact as defined by the Commission; or (ii) have past drug convictions to attend these events.

The Company respectfully submits that it will comply with the advertising, branding, marketing and sponsorship practices as outlined in 935 CMR 500.105(4). The abovementioned notices will not include any Company advertisements, marketing materials or branding. To the extent the

## **Lunar Xtracts, Inc.**

Commission deems necessary, notices and event programming materials will be made available to the Commission for review and inspection prior to publishing.

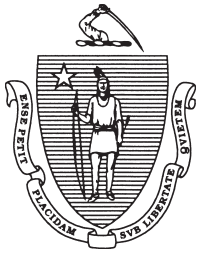

### **Company's Annual Internal Review:**

At least one (1) time per year, the Company will review the following criteria in an effort to measure the success of its Positive Impact Plan.

1. Identify the number of individuals hired who (i) came from Target Area, or other areas of disproportionate impact as defined by the Commission; (ii) have past drug convictions; or (iii) are certified Economic Empowerment Recipients or Social Equity Program Participants; and and
2. Identify the amount of volunteer support as well as the amount of charitable donations the Company has made during the positive impact plan year, and to which organizations those donations went (documentation from said charities about whether or not they serve the Target Areas or other areas of disproportionate impact, or residents with previous drug convictions, will be available for inspection by the Commission upon request); and
3. Identify the number of educational events or informational sessions it holds and attendance at the same.

The Company affirmatively states that it: (1) has confirmed that all of the abovementioned charities will accept donations and volunteers from the Company; (2) acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4), which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment; (3) any actions taken, or programs instituted, will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws; and (4) the Company will be required to document progress or success of this plan, in its entirety, annually upon renewal of its provisional license.

This policy may also be referred to by the Company as the “**Positive Impact Plan**”.

## **ARTICLE I**

### **SHAREHOLDERS**

- 1.1. Annual Meeting. The Corporation shall hold an annual meeting of shareholders at a time to be fixed by the President or Chief Executive Officer (“CEO”) and stated in the notice of the meeting, to be held within six (6) months after the end of the Corporation’s fiscal year. The purposes for which the annual meeting is to be held, in addition to those prescribed by the Articles of Organization, shall be for electing Directors, to the extent an election is necessary, and for such other purposes as shall be specified in the notice for the meeting, and only business within such purposes may be conducted at the meeting. In the event an annual meeting is not held at the time fixed in accordance with these Bylaws (“Bylaws”) or the time for an annual meeting is not fixed in accordance with these Bylaws to be held within thirteen (13) months after the last annual meeting, the Corporation may designate a special meeting as a special meeting in lieu of the annual meeting, and such meeting shall have all of the effect of an annual meeting.
- 1.2. Special Meetings. Special meetings of the shareholders may be called by the CEO or Board of Directors of the Corporation (the “Board” or “Board of Directors”). Only business within the purpose or purposes described in the meeting notice may be conducted at a special shareholders’ meeting.
- 1.3. Place of Meetings. All meetings of the shareholders shall be held at the principal office of the Corporation unless a different place is fixed by the CEO or Board of Directors and specified in the notice of the meeting, or the meeting is held solely by means of remote communication in accordance with Section 1.11 of these Bylaws.
- 1.4. Requirement of Notice. A written notice of the date, time, and place of each annual and special shareholders’ meeting describing the purposes of the meeting shall be given to shareholders entitled to vote at the meeting (and, to the extent required by law or the Articles of Organization, to shareholders not entitled to vote at the meeting) no fewer than seven nor more than 60 days before the meeting date. If an annual or special meeting of shareholders is adjourned to a different date, time or place, notice need not be given of the new date, time, or place if the new date, time or place, if any, is announced at the meeting before adjournment. If a new record date for the adjourned meeting is fixed, however, notice of the adjourned meeting shall be given under this Section to persons who are shareholders as of the new record date. All notices to shareholders shall conform to the requirements of Article III of these Bylaws.
- 1.5. Waiver of Notice. A shareholder may waive any notice required by law, the Articles of Organization or these Bylaws before or after the date and time stated in the notice. The waiver shall be in writing, be signed by the shareholder entitled to the notice, and be delivered to the Corporation for inclusion with the records of the meeting. A shareholder’s attendance at a meeting: (a) waives objection to lack of notice or defective notice of the meeting, unless the shareholder at the beginning of the meeting objects to holding the meeting or transacting business at the meeting; and (b) waives objection to consideration

of a particular matter at the meeting that is not within the purpose or purposes described in the meeting notice, unless the shareholder objects to considering the matter when it is presented.

1.6. Quorum.

- (a) Unless otherwise provided by law, or in the Articles of Organization, or these Bylaws, a majority of the votes entitled to be cast on the matter constitutes a quorum for action on that matter.

1.7. Voting and Proxies. Unless the Articles of Organization provide otherwise, each outstanding share, regardless of class, is entitled to one vote on each matter voted on at a shareholders' meeting. A shareholder may vote his, her or its shares in person or may appoint a proxy to vote or otherwise act for him, her or it by signing an appointment form, either personally or by his, her or its attorney-in-fact. An appointment of a proxy is effective when received by the Secretary or other officer or agent authorized to tabulate votes. Unless otherwise provided in the appointment form, an appointment is valid for a period of eleven (11) months from the date the shareholder signed the form or, if it is undated, from the date of its receipt by the officer or agent.

1.8. Action at Meeting. Members of the Board (each a "Director") are elected as set forth in Article 2 of these Bylaws. No ballot shall be required for such election unless requested by a shareholder present or represented at the meeting and entitled to vote in the election.

1.9. Action Without Meeting by Written Consent. Action taken at a shareholders' meeting may be taken without a meeting if the action is taken by all shareholders entitled to vote on the action. The action shall be evidenced by one or more written consents that describe the action taken, are signed by shareholders having the requisite votes, bear the date of the signatures of such shareholders, and are delivered to the Corporation for inclusion with the records of meetings within sixty (60) days of the earliest dated consent delivered to the Corporation as required by this Section 1.9. A consent signed under this Section 1.9 has the effect of a vote at a meeting.

1.10. Record Date. The Board of Directors may fix the record date in order to determine the shareholders entitled to notice of a shareholders' meeting, to demand a special meeting, to vote, or to take any other action. A record date fixed under this Section 1.10 may not be more than seventy (70) days before the meeting or action requiring a determination of shareholders.

1.11. Meetings by Remote Communication. Unless otherwise provided in the Articles of Organization, if authorized by the Board of Directors: any annual or special meeting of shareholders need not be held at any place but may instead be held solely by means of remote communication; and subject to such guidelines and procedures as the Board of Directors may adopt, shareholders and proxyholders not physically present at a meeting of shareholders may, by means of remote communication: (a) participate in a meeting of shareholders; and (b) be deemed present in person and vote at a meeting of shareholders whether such meeting is to be held at a designated place or solely by means of remote

communication, provided that: (1) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a shareholder or proxyholder; (2) the Corporation shall implement reasonable measures to provide such shareholders and proxyholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the shareholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings; and (3) if any shareholder or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the Corporation.

1.12. Form of Shareholder Action. Any vote, consent, waiver, proxy appointment or other action by a shareholder or by the proxy or other agent of any shareholder shall be considered given in writing, dated and signed, if, in lieu of any other means permitted by law, it consists of an electronic transmission that sets forth or is delivered with information from which the Corporation can determine (1) that the electronic transmission was transmitted by the shareholder, proxy or agent or by a person authorized to act for the shareholder, proxy or agent; and (2) the date on which such shareholder, proxy, agent or authorized person transmitted the electronic transmission. The date on which the electronic transmission is transmitted shall be considered to be the date on which it was signed. The electronic transmission shall be considered received by the Corporation if it has been sent to any address specified by the Corporation for the purpose or, if no address has been specified, to the principal office of the Corporation or to the President.

1.13. Shareholder List for Meeting.

- (a) After fixing a record date for a shareholders' meeting, the Corporation shall prepare an alphabetical list of the names of all its shareholders who are entitled to notice of the meeting. The list shall show the address of and number of shares held by each shareholder.
- (b) The list of shareholders shall be available for inspection by any shareholder, beginning two business days after notice is given of the meeting for which the list was prepared and continuing through the meeting: (1) at the Corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held; or (2) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting. If the meeting is to be held solely by means of remote communication, the list shall be made available on an electronic network.
- (c) A shareholder or his, her or its agent or attorney is entitled on written demand to inspect and, subject to the requirements of Section 6.2(c) of these Bylaws, to copy the list, during regular business hours and at his or her expense, during the period it is available for inspection.
- (d) The Corporation shall make the list of shareholders available at the meeting, and any shareholder or his, her or its agent or attorney is entitled to inspect the list at any time during the meeting or any adjournment.

- 1.14. Actions Requiring the Vote of Shareholders. Notwithstanding anything to the contrary contained elsewhere in these Bylaws, the Corporation is neither authorized to, nor shall it engage in, any of the following actions unless the Corporation has received the majority vote of the Corporation's shareholders:
- (a) Permit any sale, transfer, finance or refinance of any Corporation assets outside the ordinary course of business;
  - (b) Permit or cause the Corporation to purchase or invest in any real property, or buy any business in excess of \$100,000;
  - (c) Incur any obligation by or on behalf of the Corporation that varies from the approved annual budget by \$50,000;
  - (d) Make distributions or dividends or decide to accrue dividends required by the terms of outstanding securities;
  - (e) Issue, grant, sell or otherwise transfer any equity interests in any subsidiary of the Corporation;
  - (f) Borrow money outside the ordinary course of business in excess of \$100,000 outstanding at any time; or
  - (g) Expand the number of members of the Board of Directors.

## **ARTICLE II**

### **DIRECTORS**

- 2.1. Powers. Unless otherwise provided for herein, all corporate power shall be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, its Board of Directors.
- 2.2. Number and Election. Each shareholder agrees to vote all of his, her, or its shares of the Corporation having voting power (and any other shares of the Corporation over which he, she, or it exercises voting control), in connection with the election of the Directors and to take such other actions as are necessary so as to fix the number of Directors at no fewer than one (1) and no greater than five (5) and to elect and continue in office as Directors that person or those persons that are the then existing Managers (such term to be used herein as it is defined in that certain limited liability company Operating Agreement of Lunar Xtracts LLC, a Massachusetts limited liability company, dated as of June 16, 2022 (the "Operating Agreement"))).

Each Director shall be (a) at least 21 years of age, (b) be registered as a Marijuana Establishment Agent (as defined in 935 CMR 500.030) and (c) shall not be a Controlling Person or Person or Entity Having Direct Or Indirect Control with respect to any other CRB in Massachusetts or other state in which the Corporation, Lunar Xtracts LLC, and/or any of their subsidiaries or other affiliates are pursuing licensure. The Directors need not

be residents of the State of Massachusetts. The Directors shall be elected by the shareholders at any meeting of shareholders or written consent by the vote of those shareholders entitled to vote for a specific designee to the Board. Such vote shall be in accordance with this Section 2.2.

- 2.3. Vacancies. If a vacancy occurs on the Board of Directors, the Persons then entitled to nominate the applicable corresponding Manager (pursuant to the terms of the Operating Agreement), shall fill the vacancy pursuant to the terms set forth in Section 2.2. A vacancy that will occur at a specific later date may be filled before the vacancy occurs but the new Director may not take office until the vacancy occurs.
- 2.4. Subsidiaries. Notwithstanding anything contained herein to the contrary, the approval of the majority of the members of the Board of Directors shall be required in order to form or otherwise create any subsidiary of the Corporation. Unless otherwise approved by a majority of the members of the Board of Directors, each board of directors or managers (or other similar corporate governance body), as applicable, of any subsidiary of the Corporation shall consist of the same persons as the Board (as defined in the Operating Agreement) of Lunar Xtracts LLC. The Corporation shall comply with the provisions of the Operating Agreement applicable to each subsidiary of Lunar Xtracts LLC.
- 2.5. Tenure. Each Director shall serve until his or her successor shall be elected and shall qualify or until his or her earlier resignation or removal.
- 2.6. Chair of the Board. The shareholders may elect one of the Directors as a “Chair of the Board”, who need not be an employee or officer of the Corporation, by the affirmative vote or written consent of those shareholders owning a majority of the Corporation’s shares. Absent any such affirmative vote or written consent of the shareholders affecting the appointment of such Chair of the Board to the contrary, a majority of the Board of Directors may, by affirmative vote or written consent, appoint such Chair of the Board, subject to the shareholders’ ultimate authority to appoint, remove, or replace any Director holding such position. If the Board of Directors appoints a Chair of the Board, he or she shall perform such duties and possess such powers as are assigned to him or her by the Board of Directors and, if the Chair of the Board is also designated as the Corporation’s Chief Executive Officer, shall have the powers and duties of the Chief Executive Officer prescribed in Section 4.8 of these Bylaws. Unless otherwise provided by the Board of Directors, the Chair of the Board shall preside at all meetings of the Board of Directors and shareholders.
- 2.7. Resignation. A Director may resign at any time by delivering written notice of resignation to the Board of Directors, the Chair of the Board, or the Corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective date, in which case such resignation shall be effective as of the later date so specified.
- 2.8. Removal. A Director may be removed, whether or not for cause, and subsequently replaced by, the affirmative vote or written consent of those shareholders owning a majority of the Corporation’s shares. Notwithstanding anything contained in this Section 2.8 or elsewhere to the contrary, a Director shall be automatically removed from the positions of Director and, as the case may be, Chair of the Board in the event (a) of his or her non-compliance

with current regulations or rules of the Massachusetts Cannabis Control Commission (the “CCC”) or (b) that his or her status as Director and/or, as the case may be, Chair of the Board would cause any of the events set forth in the applicable sections and provisions of the Operating Agreement to occur or otherwise jeopardize the Corporation’s efforts to obtain licensure pursuant to 935 CMR 500 of the Commonwealth of Massachusetts.

- 2.9. Regular Meetings. Regular meetings of the Board of Directors may be held at such times and places as shall from time to time be fixed by the Chair of the Board without notice of the date, time, place or purpose of the meeting. The Corporation need only have one (1) annual meeting of the Board of Directors.
- 2.10. Special Meetings. Special meetings of the Board of Directors may be called by the Chair of the Board, a majority of the Directors, or one (1) Director if there is only one (1) Director.
- 2.11. Notice. Special meetings of the Board of Directors must be preceded by at least three (3) days’ notice of the date, time and place of the meeting. The notice need not describe the purpose of the special meeting unless these Bylaws otherwise require notice of the purpose of the meeting. All notices to Directors shall conform to the requirements of Article III of these Bylaws.
- 2.12. Waiver of Notice. A Director may waive any notice before or after the date and time of the meeting. The waiver shall be in writing, signed by the Director entitled to the notice, or in the form of an electronic transmission by the Director to the Corporation, and filed with the minutes or corporate records. A Director’s attendance at or participation in a meeting waives any required notice to him or her of the meeting unless the Director at the beginning of the meeting, or promptly upon his or her arrival, objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.
- 2.13. Quorum. Unless otherwise provided by law, the Articles of Organization or these Bylaws, a quorum of the Board of Directors consists of a majority of the Directors then in office, provided always that any number of Directors (whether one or more and whether or not constituting a quorum) constituting a majority of Directors present at any meeting or at any adjourned meeting may make an adjournment thereof.
- 2.14. Action at Meeting. If a quorum is present when a vote is taken, the affirmative vote of a majority of Directors present is the act of the Board of Directors unless the Articles of Organization or these Bylaws require the vote of a greater number of Directors. A Director who is present at a meeting of the Board of Directors when corporate action is taken is considered to have assented to the action taken unless: (a) he or she objects at the beginning of the meeting, or promptly upon his or her arrival, to holding it or transacting business at the meeting; (b) his or her dissent or abstention from the action taken is entered in the minutes of the meeting; or (c) he or she delivers written notice of his or her dissent or abstention to the presiding officer of the meeting before its adjournment or to the Corporation immediately after adjournment of the meeting. The right of dissent or abstention is not available to a Director who votes in favor of the action taken.

- 2.15. Action without Meeting. Any action required or permitted to be taken by the Directors may be taken without a meeting if the action is taken without a meeting by Directors having not less than the minimum number of votes necessary to take the action at a meeting at which all Directors entitled to vote on the action are present and voting. The action must be evidenced by one or more consents describing the action taken, in writing, signed by each Director, or delivered to the Corporation by electronic transmission, to the address specified by the Corporation for the purpose or, if no address has been specified, to the principal office of the Corporation, addressed to the Secretary or other officer or agent having custody of the records of proceedings of Directors, and included in the minutes or filed with the corporate records reflecting the action taken. Action taken under this Section 2.15 is effective when the last Director signs or delivers the consent, unless the consent specifies a different effective date. A consent signed or delivered under this Section 2.15 has the effect of a meeting vote and may be described as such in any document.
- 2.16. Meetings by Remote Communications. The Board of Directors may permit any or all Directors to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all Directors participating may simultaneously hear each other during the meeting. A Director participating in a meeting by this means is considered to be present in person at the meeting.
- 2.17. Compensation. The Board of Directors may fix the compensation of Directors.
- 2.18. Standard of Conduct for Directors.
- (a) A Director shall discharge his or her duties as a Director: (1) in good faith; (2) with the care that a person in a like position would reasonably believe appropriate under similar circumstances; and (3) in a manner the Director reasonably believes to be in the best interests of the Corporation. In determining what the Director reasonably believes to be in the best interests of the Corporation, a Director may consider the interests of the Corporation's employees, suppliers, creditors and customers, the economy of the state, the region and the nation, community and societal considerations, and the long-term and short-term interests of the Corporation and its shareholders, including the possibility that these interests may be best served by the continued independence of the Corporation.
  - (b) In discharging his or her duties, a Director who does not have knowledge that makes reliance unwarranted is entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, if prepared or presented by: (1) one or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and competent with respect to the information, opinions, reports or statements presented; (2) legal counsel, public accountants or other persons retained by the Corporation, as to matters involving skills or expertise the Director reasonably believes are matters (i) within the particular person's professional or expert competence or (ii) as to which the particular person merits confidence.
  - (c) Each Director must comply with the regulations and rules promulgated by the CCC.

- (d) A Director is not liable for any action taken as a Director, or any failure to take any action, if he or she performed the duties of his or her office in compliance with this Section 2.18.

2.19. Conflict of Interest.

- (a) A conflict of interest transaction is a transaction with the Corporation in which a Director of the Corporation has a material direct or indirect interest. A conflict of interest transaction is not voidable by the Corporation solely because of the Director's interest in the transaction if the transaction was fair and on market terms to the Corporation and fully disclosed to the Corporation's Board of Directors.
- (b) For purposes of this Section 2.19, and without limiting the interests that may create conflict of interest transactions, subject to the terms of the Operating Agreement, a Director of the Corporation has an indirect interest in a transaction if: (1) another entity in which he or she has a material financial interest or in which he or she is a general partner is a party to the transaction; or (2) another entity of which he or she is a director, officer or trustee or in which he or she holds another position is a party to the transaction and the transaction is or should be considered by the Board of Directors.

- 2.20. Conduct of Meetings. The Board of Directors may adopt by resolution such rules, regulations and procedures for the conduct of any meeting of the directors as it shall deem appropriate, including without limitation such guidelines and procedures as it may deem appropriate regarding the participation by means of remote communication of the directors and proxyholders not physically present at a meeting. Except to the extent inconsistent with such rules, regulations and procedures as adopted by the Board of Directors, the Chair of any meeting of the directors shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such Chair, are appropriate for the proper conduct of the meeting. Such rules, regulations or procedures, whether adopted by the Board of Directors or prescribed by the chairman of the meeting, may include, without limitation, the following: (a) the establishment of an agenda or order of business for the meeting; (b) rules and procedures for maintaining order at the meeting and the safety of those present; (c) limitations on attendance at or participation in the meeting to the directors, their duly authorized and constituted proxies or attorneys or such other persons as shall be determined; (d) restrictions on entry to the meeting after the time fixed for the commencement thereof; and (e) limitations on the time allotted to questions or comments by participants. Unless and to the extent determined by the Board of Directors or the chairman of the meeting, meetings of the directors shall not be required to be held in accordance with the rules of parliamentary procedure.

### **ARTICLE III**

#### **MANNER OF NOTICE**

- 3.1. Notices. All notices provided for under these Bylaws shall conform to the following requirements:

- (a) Notice shall be in writing unless oral notice is reasonable under the circumstances. Notice by electronic transmission is written notice.
- (b) Notice may be communicated in person; by telephone, voice mail, facsimile, teletype or other electronic means; by mail; by electronic transmission; or by messenger or delivery service.
- (c) Written notice, other than notice by electronic transmission, if in a comprehensible form, is effective upon deposit in the United States mail, if mailed postpaid and correctly addressed to the addressee's address shown in the Corporation's current records.
- (d) Written notice by electronic transmission, if in comprehensible form, is effective: (1) if by facsimile telecommunication, when directed to a number furnished by the addressee for the purpose; (2) if by electronic mail, when directed to an electronic mail address furnished by the addressee for the purpose; (3) if by a posting on an electronic network together with separate notice to the addressee of such specific posting, directed to an electronic mail address furnished by the addressee for the purpose, upon the later of (i) such posting and (ii) the giving of such separate notice; and (4) if by any other form of electronic transmission, when directed to the addressee in such manner as the addressee shall have specified to the Corporation. An affidavit of the President or the Secretary of the Corporation that the notice has been given by a form of electronic transmission shall, in the absence of fraud, be prima facie evidence of the facts stated therein.
- (e) Oral notice is effective when communicated if communicated in a comprehensible manner.

## **ARTICLE IV**

### **OFFICERS**

- 4.1. Enumeration. The Corporation may have a Chief Executive Officer, a Chief Operating Officer, President, a Treasurer, a Secretary and such other officers as may be appointed by the Board of Directors from time to time in accordance with these Bylaws. One person may have multiple officer titles.
- 4.2. Appointment. The officers shall be appointed by the Board of Directors. A duly appointed officer may appoint one or more officers if authorized by the Board of Directors. Each officer has the authority and shall perform the duties set forth in these Bylaws or, to the extent consistent with these Bylaws, the duties prescribed by the Board of Directors or by direction of an officer authorized by the Board of Directors to prescribe the duties of other officers. The appointment of an officer shall not itself create contract rights. The Board of Directors shall be deemed to have appointed as initial officers of the Corporation: Steven Brabant to the positions of President and Chief Executive Officer; Steven Brabant to the positions of Secretary and Chief Operating Officer; and Steven Brabant to the positions of Treasurer and Chief Financial Officer.

- 4.3. Qualification. The same individual may simultaneously hold more than one office in the Corporation. No officer need be a shareholder. Each officer must comply with the regulations and rules promulgated by the CCC.
- 4.4. Tenure. Except as otherwise provided by law, the Articles of Organization or these Bylaws, each officer shall, subject to any employment agreement between him or her and the Corporation, hold office until his or her successor is duly appointed, unless a different term is specified in the vote appointing him or her, or until his or her earlier death, resignation or removal.
- 4.5. Resignation. Subject to the terms of any separate written agreement between the Corporation and an Officer, an officer may resign at any time by delivering written notice of the resignation to the Corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective date. If a resignation is made effective at a later date and the Corporation accepts the future effective date, the Board of Directors may fill the pending vacancy before the effective date if the Board of Directors provides that the successor shall not take office until the effective date. An officer's resignation shall not affect the Corporation's contract rights, if any, with the officer.
- 4.6. Removal. If an officer either resigns or is removed by the Board of Directors, a replacement officer shall be proposed by the majority of the Board of Directors.
- 4.7. Vacancies. The Board of Directors may, subject to a confirmatory vote by the shareholders holding a majority of the shares, fill any vacancy occurring in any office for any reason and may, in its discretion, leave unfilled for such period as it may determine any offices other than those of President, Treasurer, and Secretary. Each such successor shall hold office for the unexpired term of his or her predecessor and until his or her successor is duly appointed, or until he or she sooner dies, resigns or is removed.
- 4.8. President; Chief Executive Officer. The President shall be the Chief Executive Officer. ### PROVISIONS RELATING TO SHARES

- 5.1 Issuance. The Board of Directors shall issue the number of shares of each class or series authorized by the Articles of Organization.
- 5.2 Share Certificates. If shares are represented by certificates, at a minimum each share certificate shall state on its face: (a) the name of the Corporation and that it is organized under the laws of the Commonwealth of Massachusetts; (b) the name of the person to whom issued; and (c) the number and class of shares and the designation of the series, if any, the certificate represents. Every certificate for shares of stock that are subject to any restriction on the transfer or registration of transfer of such shares pursuant to the Articles of Organization, these Bylaws, an agreement among shareholders or an agreement among shareholders and the Corporation, shall have conspicuously noted on the front or back of such certificate the existence of such restrictions. Each share certificate shall be signed, either manually or in facsimile, by the President and by the Treasurer or the Secretary, or any two officers designated by the Board of Directors, and may bear the corporate seal or its facsimile. If the person who signed, either manually or in facsimile, a share certificate no longer holds office when the certificate is issued, the certificate shall be nevertheless valid.
- 5.3 Uncertificated Shares. The Board of Directors may authorize the issue of some or all of the shares of any or all of the Corporation's classes or series without certificates. The authorization shall not affect shares already represented by certificates until they are surrendered to the Corporation. Within a reasonable time after the issue or transfer of shares without certificates, the Corporation shall send the shareholders a written statement of the information required by the Massachusetts Business Corporation Act, as in effect from time to time (the "MBCA") to be on certificates.
- 5.4 Transfers; Record and Beneficial Owners. Subject to the restrictions, if any, stated or noted on the stock certificates or otherwise, shares of stock may be transferred on the books of the Corporation by the surrender to the Corporation of the certificate representing such shares properly endorsed or accompanied by a written assignment or power of attorney properly executed, and with such proof of authority or the authenticity of signature as the Corporation may reasonably require. The Corporation shall be entitled to treat the record holder of shares as shown on its books as the owner of such shares for all purposes, including the payment of dividends and other distributions and the right to vote with respect thereto, regardless of any transfer, pledge or other disposition of such shares until the shares have been transferred on the books of the Corporation in accordance with the requirements of these Bylaws.
- 5.5 Replacement of Certificates. The Board of Directors may, subject to applicable law, determine the conditions upon which a new share certificate may be issued in place of any certificate alleged to have been lost, destroyed or wrongfully taken.
- 5.6 Restrictions on Transfer. Unless set forth in a separate written agreement between the

shareholders and the Corporation, no interest in the shares of the corporation may be transferred by operation of law or otherwise, whether voluntary or involuntary, except in accordance with the terms and conditions of these Bylaws absent the approval of shareholders owning at such time the majority of the then issued and outstanding shares of stock of the corporation. This includes, but is not limited to, transfers by purchase, sale, discount, negotiation, gift, trust, legacy, inheritance, pledge, mortgage, lien, creation of security interest, hypothecation, bankruptcy, or transfer pursuant to court order.

- (b) The Corporation may, if reasonable, satisfy the right of a shareholder to copy records under Section 6.2 of these Bylaws by furnishing to the shareholder copies by photocopy or other means chosen by the Corporation, including copies furnished through an electronic transmission.
  - (c) The Corporation may impose a reasonable charge, covering the costs of labor, material, transmission and delivery, for copies of any documents provided to the shareholder. The charge may not exceed the estimated cost of production, reproduction, transmission or delivery of the records.

## **ARTICLE VII**

### **INDEMNIFICATION**

- 7.1. Indemnification of Directors and Officers. Except as otherwise provided in this Section 7.1, the Corporation may indemnify to the fullest extent permitted by law an individual who is a party to a proceeding because he or she is a Director against liability incurred in the proceeding if: (1) (i) he or she conducted himself or herself in good faith; and (ii) he or she reasonably believed that his or her conduct was in the best interests of the Corporation or that his or her conduct was at least not opposed to the best interests of the Corporation; and (iii) in the case of any criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful; or (2) he or she engaged in conduct for which he or she shall not be liable under a provision of the Articles of Organization authorized by Section 2.02(b)(4) of the MBCA or any successor provision to such Section. The Corporation shall indemnify to the fullest extent permitted by law an individual who is a party to a proceeding because he or she is an officer against liability incurred in the proceeding, except for liability arising out of acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; provided, however, that the standard of conduct set forth in this sentence shall apply to a Director who is also an officer if the basis on which he or she is made a party to the proceeding is an act or omission solely as an officer. For the avoidance of doubt, conduct shall not be deemed to be intentional misconduct or a knowing violation of law solely for ongoing activity relating to cannabis or the cannabis industry, which may be a violation of federal law, so long as such activity is reasonably believed to be in compliance with applicable state and local laws.

7.2. Advance for Expenses. The Corporation may, before final disposition of a proceeding, advance funds to pay for or reimburse the reasonable expenses incurred by a Director or officer who is a party to a proceeding because he or she is a Director or officer if he or she delivers to the Corporation:

- (a) a written affirmation of his or her good faith belief that he or she has met the relevant standard of conduct described in Section 7.1 of these Bylaws or, if he or she is a Director and is a party to a proceeding because he or she is a Director, that the proceeding involves conduct for which liability has been eliminated under a provision of the Articles of Organization as authorized by Section 2.02(b)(4) of the MBCA or any successor provision to such Section; and
- (b) his or her written undertaking to repay any funds advanced if he or she is not wholly successful, on the merits or otherwise, in the defense of such proceeding and it is ultimately determined pursuant to Section 7.3 of these Bylaws or by a court of competent jurisdiction that he or she has not met the relevant standard of conduct described in Section 7.1 of these Bylaws.

Such undertaking must be an unlimited general obligation of the Director or officer but need not be secured and shall be accepted without reference to the financial ability of the Director or officer to make repayment.

7.3. Determination of Indemnification.

- (a) Except as set forth in subsection (b) of this Section 7.3, the determination of whether a Director has met the relevant standard of conduct set forth in Section 7.1 of these Bylaws shall be made either: (1) by special legal counsel selected by the Board of Directors, or (2) by a Super Majority Vote of the Board of Directors.
- (b) The determination of whether an officer has met the relevant standard of conduct set forth in Section 7.1 of these Bylaws shall be made by the Board of Directors. Notwithstanding the provisions of subsection (a) of this Section 7.3, the determination of whether a Director who is also an officer has met the relevant standard of conduct set forth in Section 7.1 of these Bylaws, shall be made in accordance with the provisions of this subsection (b) to the extent the basis on which he or she is made a party to a proceeding is an act or omission solely as an officer.

7.4. Authorization of Indemnification and Advances.

- (a) Authorization of indemnification and advances shall be made in the same manner as the determination that indemnification is permissible under Section 7.3 of these Bylaws; provided that, with respect to the authorization of indemnification and advances for a Director for acts or omissions as a Director, authorization of indemnification shall be made by the Board of Directors.
- (b) The Corporation shall indemnify a Director or officer who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he or she was a

party because he or she was a Director or officer of the Corporation against reasonable expenses incurred by him or her in connection with the proceeding.

7.5. Settlements. The Corporation shall not be required to indemnify the Indemnitee under this Article VII for any amounts paid in settlement of any proceeding unless authorized in the same manner as the determination that indemnification is permissible under Section 7.3 of these Bylaws; provided that, with respect to the authorization of indemnification for a Director for acts or omissions as a Director, authorization of indemnification shall be made by the Board of Directors. The Corporation shall not settle any proceeding in any manner that would impose any penalty or limitation on the Indemnitee without the Indemnitee's written consent. Neither the Corporation nor the Indemnitee will unreasonably withhold his, her or its consent to any proposed settlement.

7.6. Application of this Article.

(a) This Article VII shall not limit the Corporation's power to (1) pay or reimburse expenses incurred by a Director or officer in connection with his or her appearance as a witness in a proceeding at a time when he or she is not a party or (2) indemnify, advance expenses to or provide or maintain insurance on behalf of an employee or agent.

(b) If the laws of the Commonwealth of Massachusetts are hereafter amended from time to time to increase the scope of permitted indemnification, indemnification hereunder shall be provided to the fullest extent permitted or required by any such amendment.

7.7. Exculpation. Each Director and Officer of the Corporation shall not be liable to the Corporation or its shareholders for monetary damages for breach of fiduciary duty as a Director and/or Officer, except to the extent that exculpation from liability is not permitted under the MBCA as in effect when such breach occurred, and except (i) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, or (ii) for any transaction in connection with which such director or officer derived an improper personal benefit. No amendment or repeal of this paragraph shall apply to or have any effect on the liability or alleged liability of any Director or Officer of the Corporation for or with respect to any acts or omissions of such Director or Officer occurring prior to such amendment or repeal. For avoidance of doubt, conduct shall not be deemed to constitute intentional misconduct or a knowing violation of law solely for engaging in activity relating to cannabis, which may be a violation of federal law, so long as such activity is reasonably believed to be in compliance with applicable state law.

A. **LIMITATION OF DIRECTOR LIABILITY.** Except to the extent that Chapter 156D of the Massachusetts General Laws prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty, no director of the corporation shall be personally liable to the corporation or its stockholders for monetary damages for any breach of fiduciary duty as a director, notwithstanding any provision of law imposing such liability. No amendment to or repeal of this provision shall apply to or have any effect on the liability or alleged liability of any director of the corporation for or with respect to any acts or omissions of such director occurring prior to such amendment.

B. **SHAREHOLDER VOTE REQUIRED TO APPROVE MATTERS ACTED ON BY SHAREHOLDERS.** The affirmative vote of a majority of all the shares in a group eligible to vote on a matter shall be sufficient for the approval of the matter, notwithstanding any greater vote on the matter otherwise required by any provision of Chapter 156D of the General Laws of Massachusetts.

D. **AUTHORIZATION OF DIRECTORS TO MAKE, AMEND OR REPEAL BYLAWS.** The Board of Directors may make, amend or repeal the bylaws in whole or in part, except with respect to any provision thereof which by virtue of an express provision in Chapter 156D of the General Laws of Massachusetts, the Articles of Organization or the bylaws requires action by the stockholders.

E. **AUTHORITY OF DIRECTORS TO CREATE NEW CLASSES AND SERIES OF SHARES.** The Board of Directors, acting without the shareholders, may (a) reclassify any unissued shares of any authorized class or series into one or more existing or new classes or series, and (b) create one or more new classes or series of shares, specifying the number of shares to be included therein, the distinguishing designation thereof and the preferences, limitations and relative rights applicable thereto, provided that the Board of Directors may not approve an aggregate number of authorized shares of all classes and series which exceeds the total number of authorized shares specified in the Articles of Organization approved by the shareholders.

F. **INDEMNIFICATION.** The following indemnification provisions shall apply to the persons enumerated below.

1. **Right to Indemnification of Directors and Officers.** The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (an "**Indemnified Person**") who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal,

administrative or investigative (a "**Proceeding**"), by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such Indemnified Person in such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 3 of this Part F, the Corporation shall be required to indemnify an Indemnified Person in connection with a Proceeding (or part thereof) commenced by such Indemnified Person only if the commencement of such Proceeding (or part thereof) by the Indemnified Person was authorized in advance by the Board of Directors, or an authorized committee of the Board of Directors.

2. Prepayment of Expenses of Directors and Officers. To the extent permitted by law, the Corporation shall pay the expenses (including attorneys' fees) incurred by an Indemnified Person in defending any Proceeding in advance of its final disposition, provided, however, that, to the extent required by law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all amounts advanced if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Part F or otherwise.

3. Claims by Directors and Officers. If a claim for indemnification or advancement of expenses under this Part F is not paid in full within 30 days after a written claim therefor by the Indemnified Person has been received by the Corporation, the Indemnified Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Indemnified Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

4. Indemnification of Employees and Agents. The Corporation may indemnify and advance expenses to any person who was or is made or is threatened to be made or is otherwise involved in any Proceeding by reason of the fact that such person, or a person for whom such person is the legal representative, is or was an employee or agent of the Corporation or, while an employee or agent of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, limited liability company, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorney's fees) reasonably incurred by such person in connection with such Proceeding. The ultimate determination of entitlement to indemnification of persons who are non-director or officer employees or agents shall be made in such manner as is determined by the Board of Directors, or an authorized committee of the Board of Directors, in its sole discretion. Notwithstanding the foregoing sentence, the Corporation shall not be required to indemnify a person in connection with a Proceeding initiated by such person if the Proceeding was not authorized in advance by the Board of Directors, or an authorized committee of the Board of Directors.

5. Advancement of Expenses of Employees and Agents. 6. Non-Exclusivity of Rights. The rights conferred on any person by this Part F shall not be exclusive of any other rights which such person may have or hereafter acquire under any common law, statute, provision of these Articles of Organization, by-laws, agreement, vote of stockholders or disinterested directors or otherwise.

7. Other Indemnification. The Corporation's obligation, if any, to indemnify any person who was or is serving at its request as a director, officer or employee of another corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise shall be reduced by any amount such person may collect as indemnification from such other corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise.

8. Insurance. The Board of Directors may, to the full extent permitted by applicable law as it presently exists, or may hereafter be amended from time to time, authorize the Corporation to purchase and maintain at the Corporation's expense insurance: (a) to indemnify the Corporation for any obligation which it incurs as a result of the indemnification of directors, officers and employees under the provisions of this Part F; and (b) to indemnify or insure directors, officers and employees against liability in instances in which they may not otherwise be indemnified by the Corporation under the provisions of this Part F.

## Location

Lunar Xtracts will be located at 144 West Britannia Street, Taunton, Massachusetts 02780. The property is zoned industrial. Taunton requires marijuana businesses who are not dispensaries to operate in industrial zoned areas only. The Facility is more than 1,000 feet from any schools or parks, and within a factory that also houses other cannabis businesses. No retail stores are located on the property. Lunar Xtracts is renting approximately 4,123 square feet of space for its manufacturing processes, providing Lunar Xtracts with storage, vaults and processing rooms. Lunar's initial buildout will consume approximately 2,500 square feet with the intent to grow into the remaining 1,600 square feet. The property owner will allow us to design the spaces to meet our particular needs. The facility will be completely separate and separated from all other businesses located on the property with its own access and egress, and no other tenants will have access to the facility.

## **Compliance with Local Zoning**

The City of Taunton (the “City”), pursuant to Chapter 222 of the City’s Ordinance, amended its zoning code in September 2018, to allow for the product manufacturing of recreational marijuana for adult-use in the Industrial zoning district.

Lunar is proposing to develop and operate a Marijuana Establishment at 144 West Britannia Street. This site is in the Industrial zoning district, which permits the operation of a marijuana establishment, specifically a product manufacturing facility pursuant to Section 222.1 of the City’s Ordinance, subject to the granting of a License from the City of Taunton Municipal Council (the “**Council**”).

The Company has discussed its marijuana product manufacturing facility with City officials, including with the building department, police department and fire department, and has appeared before the Council to obtain a Host Community Agreement from the City. Moreover, the Company will appear back before the Council to obtain the aforementioned license once it has filed its application with the Commission.

The Company plans to continue to work with officials from the City to ensure the operations will have a positive impact on the community and will work diligently to obtain all necessary approvals and permitting.

## **Target Market**

Our target market consists of any establishment that has a license to sell or manufacturer marijuana products in the state of Massachusetts. Because we are a wholesale business, we will be selling products directly to distributors. In the cannabis industry most of the competitive dynamics center around the quality of cannabis cultivated, infused products produced and the services offered. Lunar Xtracts will always go above and beyond to deliver excellent product & client service. It is through top-notch products and client service that we can secure a fair share of the available market.

## **Competition & Competitive Advantage**

Because marijuana is still a growing industry in the state of Massachusetts, we expect our competition will continue to increase. We believe market demand for cannabis extract type products will remain dominant and continue to grow for several years.

- Extract market expected to remain dominant for several years with global cannabis extract market size expected to be valued at \$28.5 billion by 2027
- Concentrates are much more potent than flower in terms of THC percentage. Flower contains between 10-25 percent THC but concentrates typically fall around the 50-80 percent mark. Because of this, it takes a lot less concentrate than flower to achieve the desired effect.
- Extracts can be consumed in many other ways than just smoking, and a lot of these consumption methods are a lot more discreet than flower. Since extracts are refined to remove inactive plant material, they create a smooth and clean inhale when vaporized. Hash and cannabis oils are popular choices for vaporizing, dabbing, and smoking, while concentrates in shatter or wax form are primarily dabbed. For an especially discreet option edibles, tinctures and capsules are ingested orally.
- Award winning and well-known Massachusetts extraction specialists Jeremy Patria will lead our extraction operation. Jeremy has mastered various techniques of cannabis extraction, refinement, formulation, testing and packaging. We believe Jeremy's expertise and ability to produce top notch products will give us an advantage in the Massachusetts extract market.
- In tune to market and product trends by understanding most popular modes of cannabis consumption. We will produce a wide variety of extract products that will allow us to meet market trends and demand.

- Use of a thoughtful branding strategy. We intend to build a brand that reflects our company mission, vision and values. By using the right marketing and public relations campaigns we can influence how consumers perceive our brand. We intend to use marketing and branding practices that build trust and comfort with our customers. Understanding these are critical components of our business we intend to hire the right team of individuals to help in building a strong marketing strategy.

## **Sales & Marketing Strategy**

The most effective marketing & sales strategies for legal cannabis companies are direct marketing at industry conferences and other events, building communities around cannabis-related concerns such as health and wellness. The marketing and sales strategy of Lunar Xtracts will be based on generating long-term personalized relationships with distributors and retailers.

Marketing and advertising campaigns will include:

- Meeting with distributors and retailers
- E-mail Marketing
- Business events and conferences
- Business and industry associations
- Brand development
- Brochures
- Social media accounts
- Website development with search engine optimization
- Cannabis business directories and platforms

As a wholesale company, we will need to solicit feedback from dispensaries on our products. Because we will be a small company with low operating costs, we will have the flexibility to beat our competitors' prices if need be. Our plan is to be offered as a top shelf option for recreational consumers. Dispensaries should come to know our products as high quality.

Our product manufacture lines will be solely sold in the Commonwealth of Massachusetts Our prices will be consistent with current trends.

Lunar Xtracts shall ensure that all marketing is compliant with 935 CMR 500.105(4).

## **Operations**

Lunar will be operational 24 hours a day, 7 days a week, excluding legal holidays. As further referenced below and within Lunar's Product Manufacturing and Methods Used to Produce Product policies and procedures.

All manufactured products from Lunar will be prepared, handled, and stored in compliance with the sanitation requirements in 105 MCR 590.000: State Sanitary Code Chapter X: Minimum Sanitation Standards for Food Establishments, 105 CMR 500.000: Good Manufacturing Practices for Food, and with the requirements for food handlers specified in 105 CMR 300.000: Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements. Any marijuana product that is made to resemble a typical food or beverage product will be packaged and labelled in accordance with M.G.L. c. 94G, § 4(a½)(xxvi), 935 CMR 500.150(3), and 935 CMR 500.105(5) and (6).

Lunar will extract marijuana oils in the extraction room via the Supercritical CO2 extraction process rather than through alternative methods to help mitigate the risk of finished product containing trace amounts of heavy metals and other contaminants. The CO2 extraction process allows compounds to be extracted with low toxicity. It utilizes a high-pressure vessel containing marijuana trim or ground marijuana flower to separate the plant matter from the cannabinoids. The resulting extract will then be "winterized" and placed in ethanol, then heated and finally frozen to filter out the undesirable by-products. The ethanol solution will be warmed to approximately 120 degrees F, and it's not frozen until all the solvent has evaporated. For proper winterization, the solution will be frozen for at least 24 hours at a minimum temperature of 32 degrees F. After this step, the alcohol solution will need to be filtered for removing the waxes. The extraction and refinement steps can be repeated several times, until a pure oil is obtained. Once the residual alcohol solution has been purged from the oil, the oil will be

homogenized and ready to be sent for laboratory testing and analysis before packaging the oil into cartridges to be used in vaporizers.

The refined and tested marijuana oil will also be used in the Company's edible products. The Company intends to produce the abovementioned products in compliance with 935 CMR 500.150(1) that are physically demarked in a way that enables a reasonable person to intuitively determine how much of the product constitutes a single serving of active THC. Each serving of any edible marijuana product produced by the Company will be easily separable in order to allow average persons 21 years of age or older to physically separate, with minimal effort, the individual servings of the product, and will be marked, stamped, or otherwise include an imprinted symbol or easily recognizable mark issued by the Commission that indicates the package contains marijuana product.

## **Production**

As a Marijuana Product Manufacturer Lunar Xtracts will be an entity authorized to obtain, manufacture, process, and package marijuana and marijuana products. Lunar Xtracts intends to locate and source marijuana biomass from licensed Massachusetts cultivation facilities to be processed into a variety of concentrate type products.

Our extraction equipment is capable of processing 10lbs of cannabis biomass per hour. Taking into consideration cleanup times between processing we assume the ability to process up to 50lbs of cannabis biomass per day, 5 days per week. Assuming an average yield of 30-40% we can produce up to 70,000 grams of miscellaneous concentrate types weekly.

We intends to produce all types, forms, shapes, colors and flavors of marijuana products including, but not limited to, the following:

- Edibles (including, but not limited to, dark and milk chocolate bars and the following flavored cube gummies and lozenges: pomegranate, watermelon, raspberry, blueberry, mango and tangerine);
- Topicals;
- Lotions;
- Salves;
- Oils;

## **Lunar Xtracts LLC**

- Sprays;
- Waxes;
- Shatter;
- Vape Oil;
- Tinctures;
- Keif; and
- Pre-Rolled Cannabis Joints.

## **Product Sales**

We plan to manufacture a variety of concentrate type products for sales to licensed retail stores and product manufacturers. Our concentrate products will be offered at wholesale prices. Lunar Xtracts will cold call licensed dispensaries and product manufacturers to schedule sale appointments with potential customers. Lunar Xtracts will also use the services of cannabis consultants to expand distribution lines. Attending Marijuana events will allow us to make contacts that could lead to sales, while providing samples of our products to garner interest.

## **Insurance**

Lunar Xtracts will obtain quotes from the local MA insurance companies. We will quote the price to purchase, at a minimum, general liability, directors & officers liability and products liability coverage for Lunar Xtracts in the amounts required in 935 CMR 500.105(10). More specifically, general liability insurance coverage for no less than \$1,000,000 per occurrence and \$2,000,000 in aggregate, annually, and product liability insurance coverage for no less than \$1,000,000 per occurrence, and \$2,000,000 in aggregate, annually, with the deductible for each policy being no higher than \$5,000 per occurrence. Lunar Xtracts is prepared to purchase such coverage for the facility upon receiving a final license.

### Safety Plan

Lunar Xtracts, Inc. (the “**Company**”) is committed to providing a safe workplace for its employees and promoting workplace safety policies and procedures consistent with the standards set forth under the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651, et seq., including the general duty clause under 29 U.S.C. § 654 (“**OSHA**”). The Company shall:

(a) shall furnish to each of its employees, employment, and a place of employment, free from recognized hazards that are causing, or are likely to cause, death or serious physical harm;

(b) in compliance with occupational safety and health standards promulgated under OSHA.

The Company expects that each of its employees will comply with occupational safety and health standards and all rules, regulations, and orders issued pursuant to 29 U.S.C. § 651, et seq., which are applicable to the employee's own actions and conduct.

All current and updated regulations and references at 29 CFR Parts 1903, 1904, 1910, 1915, 1917, 1918, 1926, 1928, and 1977 are incorporated by reference, and applicable to all places of employment covered by 935 CMR 500.000: *Adult Use of Marijuana*.

Furthermore, the Company intends to comply with the following safety procedures in connection with the manufacturing and production of marijuana products:

All manufactured products from the Company will be prepared, handled, and stored in compliance with the sanitation requirements in 105 MCR 590.000: *State Sanitary Code Chapter X: Minimum Sanitation Standards for Food Establishments*, 105 CMR 500.000: *Good Manufacturing Practices for Food*, and with the requirements for food handlers specified in 105 CMR 300.000: *Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements*. Any marijuana product that is made to resemble a typical food or beverage product will be packaged and labelled in accordance with M.G.L. c. 94G, § 4(a½)(xxvi), 935 CMR 500.150(3), and 935 CMR 500.105(5) and (6).

The Company will extract marijuana oils in the extraction room via the Supercritical CO<sub>2</sub> extraction process rather than through alternative methods to help mitigate the risk of finished product containing trace amounts of heavy metals and other contaminants. The CO<sub>2</sub> extraction process allows compounds to be extracted with low toxicity. It utilizes a high-pressure vessel containing marijuana trim or ground marijuana flower to separate the plant matter from the cannabinoids. The resulting extract will then be “winterized” and placed in ethanol, then heated and finally frozen to filter out the undesirable by-products. The ethanol solution will be warmed to approximately 120 degrees F, and it’s not frozen until all the solvent has evaporated. For proper winterization, the solution will be frozen for at least 24 hours at a minimum temperature of 32 degrees F. After this step, the alcohol solution will need to be filtered for removing the waxes. The extraction and refinement steps can be repeated several times, until a pure oil is obtained. Once the residual alcohol solution has been purged from the oil, the oil will be homogenized and ready to be sent for laboratory testing and analysis before packaging the oil into cartridges to be used in vaporizers.

The Company intends to produce the abovementioned products in compliance with 935 CMR 500.150(1) that are physically demarked in a way that enables a reasonable person to intuitively determine how much of the product constitutes a single serving of active THC. Each serving of any edible marijuana product produced by the Company will be easily separable in order to allow average persons 21 years of age or older to physically separate, with minimal effort, the individual servings of the product, and will be marked, stamped, or otherwise include an imprinted symbol or easily recognizable mark issued by the Commission that indicates the package contains marijuana product.

The Company shall meet all applicable environmental laws, regulations, permits and other applicable approvals, including, but not limited to, those related to water quality and quantity, wastewater, solid and hazardous waste management and air pollution control, including prevention of odor and noise pursuant to 310 CMR 7:00: *Air Pollution Control*. The Company will use additional best management practices as determined by the Commission in consultation with the working group established under St. 2017, c. 55 78(b) or applicable departments or divisions of the Executive Office of Energy and Environmental Affairs (the "EOEEA") to reduce energy and water usage, engage in energy conservation and mitigate other environmental impacts, including but not limited to:

- Identification of potential energy use reduction opportunities (such as natural lighting and energy efficiency measures), and a plan for implementation of such opportunities;
- Consideration of opportunities for renewable energy generation including, where applicable, submission of building plans showing where energy generators could be placed on the site, and an explanation of why the identified opportunities were not pursued, if applicable;
- Strategies to reduce electric demand (such as lighting schedules, active load management, and energy storage); and
- Engagement with energy efficiency programs offered pursuant to M.G.L. c. 25, § 21, or through municipal lighting plants.

If minimum standards or best management practices are not established by the time of an application for initial licensure, the Company will satisfy such standards or best management practices as a condition of license renewal, in addition to any terms and conditions of any environmental permit regulating the licensed activity.

In accordance with 935 CMR 500.130(4) the Company shall provide documentation of compliance or lack thereof, as the case may be, with the testing requirements of 935 CMR 500.160 and standards established by the Commission for the conditions, including time and temperature controls, necessary to protect marijuana products against physical, chemical, and microbial contamination as well as against deterioration of finished products during storage and
