Hi Patrick,
Commonwealth Alternative Care would like to request a review of the attached test results for product.
A spreadsheet entitled, "sent to CCC" is attached with this email along with test reports.
Please refer to the file number listed on the spreadsheet, which is the prefix of the file number for each corresponding report for each METRC tag to assist with the review.
Please let me know if you have any questions.
Kind regards,
Ginger

Subject: Temporary Caregiver Cards
Date: Wednesday, October 23, 2019 11:51:34 AM
Attachments: Image from iOS.jpg

Hi Olivia
One of my coworkers wanted me to reach out and ask for your input on these temporary caregiver forms - in her words, she is concerned there is no way to validate the relationship between the patient and caregiver or the caregiver and thee state. I've attached a form she took a picture of. Would you please be able to provide any insight into the acceptance of these forms or, as long as the patient is in VG, are we good to sell to anyone with these forms.
Thanks.

Subject:	Updates Regarding Ginger Abraham-Freel from Commonwealth Alternative Care
Date:	Friday, August 2, 2019 6:31:03 PM

Hello Patrick, Katherine, and Olivia,
I would like to let you know that Ginger is no longer employed by Commonwealth Alternative Care. I wanted to reach out personally and introduce myself as Ginger's interim replacement. My name is Glenn McElfresh and I appreciate how much assistance your team provides to us. I'm looking forward to a strong relationship with each of you and the Cannabis Control Commission.

I'm in the process of reviewing the tickets that Ginger was managing with each of you. The most pressing issue appears to be an email thread between Patrick, Katherine, and Ginger starting 7/25/2019 titled: "URGENT (wholesale) RMD785-P CAC - METRC Testing Ticket #298936 continued" as it relates to our sending medical inventory into METRC.

First off, thank you for generously extending the timeline to receive medical inventory and test results into METRC. We completed a thorough inventory of our facility and we have 160 medical packages with test results that we'd like your team to review. It is our fault this backlog is so big; we sent small groups of excel spreadsheets over to your team as far back as 5/31 and haven't followed up as we should have. We apologize for that.

Additionally, we have some packages that we'd like to bring up with you before we take action on them. We have 13 packages with non-zero quantities that need to be zeroed out and finished in METRC, and another 4 packages that we'd like to green waste. We want to be as transparent as possible with you before we take action on them.

I appreciate that what needs reviewed is a lot of work on your end and it's also a Friday evening. If possible, I would great;y appreciate the opportunity to have a phone call with each of you sometime early next week to introduce myself to each of you as well as to understand the best possible way to review these test results. Please let me know if there is a good time for a phone call.

Thank you all so much for your hard work and I look forward to working with each of you. My cellphone number is in my signature in case you would like to get in touch with my by phone or text over the weekend.

Have a great weekend,

--

Hi Patrick,
This and the next list, are items that got stuck in our external transfer.
Commonwealth Alternative Care would like to request a review of the attached test results for product.
A spreadsheet entitled, "sent to CCC" is attached with this email along with test reports.
Please refer to the file number listed on the spreadsheet, which is the prefix of the file number for each corresponding report for each METRC tag to assist with the review.
Please let me know if you have any questions.
Kind regards,
Ginger
