Olivia,

Can you please assist us?

We did several external transfers on morning/afternoon of 6/15. Several of these went through without a hitch however there was an issue with the last two (will send another email shortly).

Te external transfer was set up and registered. All tag information was entered properly and the complete transfer button was entered and no error messages were given and showed that the transfer was completed. However these did not populate into our active packages. Tried to re-enter after this discovery only to find the external option gone in Metrc. We opened a METRC ticket regarding this matter and get these items in prior to the deadline. The items listed below were the items on the transfer in question, registered around 245 p.m.

See the email trail below. Please call me if you have any questions.

Kind regards,

Ginger

Hi Patrick,

Can you please advise us? We had 2 transfers that got held up in METRC on Saturday, and we opened tickets with METRC (the email trail is below). METRC has advised us to reach out to the state for guidance. We have since tried to transfer today, but the button is still not available. Please let us know what we can do.

Kind regards,
Ginger

Hi Patrick,

Commonwealth Alternative Care would like to request an expedited review of the attached test results to support a wholesale order.

A spreadsheet entitled, "sent to CCC" is attached with this email along with test reports.

Please refer to the file number listed on the spreadsheet, which is the prefix of the file number for each corresponding report for each METRC tag to assist with the review.

Please let me know if you have any questions.

Kind regards,

Ginger

Hi Patrick,
Commonwealth Alternative Care would like to request a review of the attached test results for product.
A spreadsheet entitled, "sent to CCC" is attached with this email along with test reports.
Please refer to the file number listed on the spreadsheet, which is the prefix of the file number for each corresponding report for each METRC tag to assist with the review.
Please let me know if you have any questions.
Kind regards,
Ginger

Subject: Introduction and METRC Questions
Date: Tuesday, April 2, 2019 10:12:59 AM

Hi Patrick,

I received your contact from a fellow CDA member and wanted to reach out for an introduction and some initial METRC questions.

My name is Michelle Kret and I'm the Compliance Manager at Commonwealth Alternative Care. Copied on this email is Ginger Abraham Freel - Chief Compliance Officer and John Costa - Assistant Compliance Manager.

We have received METRC tags and are in the process of entering inventory. As we use METRC and learn about its functionality, we have some questions that I believe are mostly related to integration between METRC and our secondary system (i.e. Leaf Logix). Please see our questions below:

1. What portions of METRC are RMD's required to use? For example, for shipping manifests, is the CCC going to require the use of the METRC shipping manifest template?
2. Integration: I spoke to Leaf Logix yesterday regarding the integration and how it works. The Leaf Logix representative mentioned that the only information Leaf Logix transfers to METRC is package info, batch ID's, and green waste. The representative was not sure about tracking Harvests. To your knowledge, is this accurate?
3. Depending on how the integration is set-up, could we use METRC specifically for harvest and track everything else in Leaf Logix? I ask this because we would like to use the "Manicure Plant" function in METRC but this is not available in Leaf Logix. If we need to use Leaf Logix as our primary seed-to-sale SOR, this is not an option for us.
 - I assume this will only work if METRC can transfer data to Leaf Logix.

We also plan to attend the in-person presentation on 4/9 to learn as much as we can. I appreciate any insight you can provide in the meantime!

Thank you,
Michelle

Hi Erin,

I have attached the correct report for #572 Jilly Bean.

The Metrc tag # for 581 is 1A40A0100000BBC000000248 (not ...001248).

Please let me know.

Kind regards,

Ginger

Hi Ginger,

In reviewing your lab reports I came across the following items that require additional information in order for processing:

- File #572 – Jilly Bean, Testing Sample ID CAR00189 – The test shows that it failed for microbials. Did you have it re-tested?
- File #581 – Watermelon Gelato – The Metrc tag # you included on the spreadsheet is associated with G13 buds in Metrc, not watermelon gelato. What is the correct Metrc tag # for the watermelon gelato?

Hi Patrick,

Commonwealth Alternative Care would like to request a review of the attached test results.

A spreadsheet entitled, "sent to CCC" is attached with this email along with test reports.

Please refer to the file number listed on the spreadsheet, which is the prefix of the file number for each corresponding report for each METRC tag to assist with the review.

Please let me know if you have any questions.

Kind regards,

Ginger

Thank you Patrick and totally understood.

We may have a few more left.

In a lot of cases, what happened is that smaller packages got moved before test passed and the test results do not follow in metrc.

Also someone the urgent list where submitted in June and the status had not been updated so I just resubmitted them to to help expedite the review.

We're Going to go over everything tomorrow and hopefully will just be one more list.

Thank you so much for your help and understanding best Ginger

All medical inventory was supposed to be in Metrc by April 1st. We have been very generous in extending that deadline, but it's almost August 1st. We will be shutting off the function to do this soon, so please send us any outstanding requests ASAP before you lose the ability to do so.

Hi Ginger,

For Item #905, there is no cannabinoid profile test. For Item #918, the CoA is only a cannabinoid profile. Please send the additional test results for these items so I can approve them.

Thanks!

Hi Patrick,

Commonwealth Alternative Care would like to request a review of the attached test results for product.

A spreadsheet entitled, "sent to CCC" is attached with this email along with test reports.

Please refer to the file number listed on the spreadsheet, which is the prefix of the file number for each corresponding report for each METRC tag to assist with the review.

Please let me know if you have any questions.

Kind regards,

Ginger

Hi Olivia

One of my coworkers wanted me to reach out and ask for your input on these temporary caregiver forms - in her words, she is concerned there is no way to validate the relationship between the patient and caregiver or the caregiver and the state. I've attached a form she took a picture of. Would you please be able to provide any insight into the acceptance of these forms or, as long as the patient is in VG, are we good to sell to anyone with these forms. Thanks.

Hi Katherine,

I'd greatly appreciate the opportunity for a call today. Do you have a time that works for you? I'll be traveling to the airport around 3PM ET, so I would prefer before then, if possible.

I share your same concern regarding the NotSubmitted packages and I'm committed to this being the final time we submit test result to your team.

I will send over a spreadsheet with test results later today and look forward to speak with you at your next convenience.

Hi Glen and nice to meet you.

As of last week and the week before, the "URGENT" tickets from Ginger were completed. After looking through your Metrc it looks like you still have 53 packages in your retail license showing as NotSubmitted, as well as hundreds in your cultivation and product manufacturing license. When Patrick and I took the additional labs on the 25th, Ginger mentioned "there were only a few left" so it's concerning you've found 160 additional packages. Patrick is out of the office until August 12th but I am available for a phone call today if you'd like. In the meantime, please send me the labs you have ready to go and I will begin reviewing them. Please ensure all testing is attached, including retests if applicable.

Thank you,

Katherine

Subject: Updates Regarding Ginger Abraham-Freel from Commonwealth Alternative Care

Hello Patrick, Katherine, and Olivia,

I would like to let you know that Ginger is no longer employed by Commonwealth Alternative Care. I wanted to reach out personally and introduce myself as Ginger's interim replacement. My name is Glenn McElfresh and I appreciate how much assistance your team provides to us. I'm looking forward to a strong relationship with each of you and the Cannabis Control Commission.

I'm in the process of reviewing the tickets that Ginger was managing with each of you. The most pressing issue appears to be an email thread between Patrick, Katherine, and Ginger starting 7/25/2019 titled: "URGENT (wholesale) RMD785-P CAC - METRC Testing Ticket #298936 continued" as it relates to our sending medical inventory into METRC.

First off, thank you for generously extending the timeline to receive medical inventory and test results into METRC. We completed a thorough inventory of our facility and we have 160 medical packages with test results that we'd like your team to review. It is our fault this backlog is so big; we sent small groups of excel spreadsheets over to your team as far back as 5/31 and haven't followed up as we should have. We apologize for that.

Additionally, we have some packages that we'd like to bring up with you before we take action on them. We have 13 packages with non-zero quantities that need to be zeroed out and finished in METRC, and another 4 packages that we'd like to green waste. We want to be as transparent as possible with you before we take action on them.

I appreciate that what needs reviewed is a lot of work on your end and it's also a Friday evening. If possible, I would greatly appreciate the opportunity to have a phone call with each of you sometime early next week to introduce myself to each of you as well as to understand the best possible way to review these test results. Please let me know if there is a good time for a phone call.

Thank you all so much for your hard work and I look forward to working with each of you. My cellphone number is in my signature in case you would like to get in touch with me by phone or text over the weekend.

Have a great weekend,

Hi Olivia

One of my coworkers wanted me to reach out and ask for your input on these temporary caregiver forms - in her words, she is concerned there is no way to validate the relationship between the patient and caregiver or the caregiver and the state. I've attached a form she took a picture of. Would you please be able to provide any insight into the acceptance of these forms or, as long as the patient is in VG, are we good to sell to anyone with these forms. Thanks.

CAREGIVER TEMPORARY REGISTRATION FORM

The patient Patrick Burke received a temporary patient registration card on 10/11/19 which expires on 10/24/19. This form entitles a patient to a limited 14-day supply of no more than 2.5 ounces of marijuana, or _____.

The patient identified above gives the caregiver Renee Burke the authority to purchase a temporary 14-day supply of marijuana for the patient. If the caregiver relies on this form to purchase marijuana on behalf of the patient, he or she must present one of the following forms of identification:

- current and valid U.S. passport,
- current and valid driver's license issued by the Massachusetts Registry of Motor Vehicles, with the caregiver's current address,
- current and valid state identification card issued by the Massachusetts Registry of Motor Vehicles,
- current and valid armed services identification card (commonly known as a military identification card) with an actual expiration date (identification cards with an "indefinite" expiration are not accepted).

In presenting this form to the MATC (formerly known as an RAMP), the caregiver must verbally represent to the MATC that they are using this form to make the purchase on behalf of the patient in a lawful manner.

Patient: Please sign and date this form and print your name. By signing this form, you, as a patient, certify that you are authorizing your caregiver to purchase only a 14-day supply of medical marijuana in a lawful manner.

Patient's name: Patrick Burke

Date: 10/3/19

Caregiver: Please sign and date this form and print your name. By signing and presenting this form, you, as a caregiver, certify that you have the legal authority to purchase medical marijuana on behalf of the patient in a lawful manner.

Caregiver's Full Name: Renee Sarah Burke

Caregiver's Organization, if applicable: N/A

Caregiver's date of birth: 05/12/1994

Address: 5 Margie St. Plymouth MA, 02360

Email: reneesarahburke@gmail.com

Phone: (508) 510-9145

Caregiver's Signature: Renee Burke

Date: 10/3/19

Patients and caregivers who misuse this form to purchase more than the limited 14-day supply or more than 2.5 ounces of marijuana, may be subject to criminal penalties and will likely be subject to disciplinary action including revocation of a temporary registration and denial of an annual registration. This card must be destroyed upon the receipt of an annual registration card.

PATIENT:

PLEASE RETAIN A COPY OF THIS COMPLETED FORM FOR YOUR RECORDS AND GIVE CAREGIVERS THE ORIGINAL FORM.

MATTC:

PLEASE ACCEPT FORMS WITH ORIGINAL SIGNATURES ONLY. DO NOT ACCEPT COPIES OR ELECTRONIC IMAGES.
IN PRESENTING THIS FORM TO THE MATTC, THE CAREGIVER MUST PRESENT IDENTIFICATION AND VERBALLY REPRESENT TO THE MATTC THAT THEY ARE USING THIS FORM TO MAKE THE PURCHASE ON BEHALF OF THE PATIENT IN A LAWFUL MANNER.

Hi Glen and nice to meet you.

As of last week and the week before, the "URGENT" tickets from Ginger were completed. After looking through your Metrc it looks like you still have 53 packages in your retail license showing as NotSubmitted, as well as hundreds in your cultivation and product manufacturing license. When Patrick and I took the additional labs on the 25th, Ginger mentioned "there were only a few left" so it's concerning you've found 160 additional packages. Patrick is out of the office until August 12th but I am available for a phone call today if you'd like. In the meantime, please send me the labs you have ready to go and I will begin reviewing them. Please ensure all testing is attached, including retests if applicable.

Thank you,
Katherine

Subject: Updates Regarding Ginger Abraham-Freel from Commonwealth Alternative Care

Hello Patrick, Katherine, and Olivia,

I would like to let you know that Ginger is no longer employed by Commonwealth Alternative Care. I wanted to reach out personally and introduce myself as Ginger's interim replacement. My name is Glenn McElfresh and I appreciate how much assistance your team provides to us. I'm looking forward to a strong relationship with each of you and the Cannabis Control Commission.

I'm in the process of reviewing the tickets that Ginger was managing with each of you. The most pressing issue appears to be an email thread between Patrick, Katherine, and Ginger starting 7/25/2019 titled: "URGENT (wholesale) RMD785-P CAC - METRC Testing Ticket #298936 continued" as it relates to our sending medical inventory into METRC.

First off, thank you for generously extending the timeline to receive medical inventory and test results into METRC. We completed a thorough inventory of our facility and we have 160 medical packages with test results that we'd like your team to review. It is our fault this backlog is so big; we sent small groups of excel spreadsheets over to your team as far back as 5/31 and haven't followed up as we should have. We apologize for that.

Additionally, we have some packages that we'd like to bring up with you before we take action on them. We have 13 packages with non-zero quantities that need to be zeroed out and finished in

METRC, and another 4 packages that we'd like to green waste. We want to be as transparent as possible with you before we take action on them.

I appreciate that what needs reviewed is a lot of work on your end and it's also a Friday evening. If possible, I would greatly appreciate the opportunity to have a phone call with each of you sometime early next week to introduce myself to each of you as well as to understand the best possible way to review these test results. Please let me know if there is a good time for a phone call.

Thank you all so much for your hard work and I look forward to working with each of you. My cellphone number is in my signature in case you would like to get in touch with me by phone or text over the weekend.

Have a great weekend,

--

Hi Olivia and Patrick,
We were wondering if you could assist us.

The mint listed below was assigned a serving size of 1.5 g by MCR, however the correct serving size is 0.5 g. This occurred because we use to sell two types of mints: 1) "Mint" at 1.5 g/serving and 2) "Shield Mint" at 0.5 g/serving. When we stopped producing the 1.5 g Mint we stopped labelling the Shield mint as so and labelled it simply as "Mint". Unfortunately, MCR was not aware of this change and assigned the Mint a 1.5 serving size.

I was told by MCR that the CCC must grant us permission to have MCR change the serving size to the appropriate amount of 0.5 g per serving. He suggested speaking with Chantelle Porter.
