In Attendance:

- Chair Shannon O'Brien
- Commissioner Nurys Z. Camargo
- Commissioner Ava Callender Concepcion
- Commissioner Kimberly Roy
- Commissioner Bruce Stebbins

Minutes:

1) Call to Order

- The Chair recognized a quorum and called the meeting to order.
- The Chair gave notice that the meeting is being recorded.
- The Chair gave an overview of the agenda.

2) Chair's Comments and Updates – 00:01:30

- Commissioner Camargo thanked the staff for their work to prepare Commissioners for the public meeting.
- Commissioner Concepcion noted that she spoke at the 2nd annual Boston While Black Summit and thanked staff for helping her prepare. She also thanked the staff for attending the summit. She noted the regulatory review process and that stakeholders have built the infrastructure related to the social consumption regulations. She expressed the importance of inclusion as it relates to the statutory mandate, specifically acknowledging the need to help individuals from communities harmed by cannabis prohibition and enforcement. She thanked Senator William Brownsberger and Dwan Packnett from Ayr Wellness. She noted that more work needed to be done to help people in the cannabis industry.
- The Chair thanked Commissioner Concepcion for representing the work of the Commission at the summit.
- Commissioner Roy noted that she and Commissioner Concepcion are leading the Host Community Agreement Working Group. She thanked the working group members for their work. She noted an engagement with Congressman Jim McGovern at Eskar Dispensary in Northbridge where they held a listening session for licensees. She also discussed an upcoming roundtable event with Congressman McGovern, Representative Dan Donahue, and State Senator Robyn Kennedy in May. She thanked the Massachusetts Municipal Association (MMA) for holding their stakeholder engagement with the Commission. She referenced the 4/20 National Cannabis holiday and thanked our Communications team for their 4/20 series of public service announcements.
- Commissioner Stebbins thanked the Commission staff for their work and leadership to prepare Commissioners for the public meeting. He noted his and Commissioner Carmargo's visit to Rooted in Dispensary on Newbury Street in Boston. He also noted that he and Commissioner Roy spoke with Massachusetts Cannabis Sustainability Coalition which is a group of cannabis executives working to share sustainability best practices across the state. He commented about his participation in the Market Participation Subcommittee of the Cannabis Advisory Board. He discussed a conference call with the MMA and thanked Commission staff for organizing the call. He raised a concern about not receiving topics in advance of the public meeting. He mentioned that this would allow for sufficient time to ask questions to staff or the Executive Director. He acknowledged that compliance with open meeting law presents challenges but is hopeful he and the other commissioners can find workable paths going forward. He reported that the Executive Director's

performance review was put on hold as he did not think it would allow sufficient time for the commissioners to review it, and the deadline was too close to the next public meeting. He noted that the Executive Director's performance review will be ready before the May public meeting. He consulted with the Executive Director, and he agreed with this decision. He provided an update on behalf of Commissioner Camargo and the Commission's Social Consumption Working Group. He noted his intention to have a conversation about the Municipal Pilot Program promulgated in the regulations. He noted that he cannot move ahead with full review without raising this topic with all commissioners. He noted preparing a memo that lays out the issue in more detail, and it will be available prior to the May public meeting. He expressed his excitement to Commissioner Concepcion for the response she received at the Boston While Black event around social consumption. He also noted that his working group is pulling together a survey which will go out to potential licensees and expressed his desire to give Boston While Black folks the opportunity to weigh in with their ideas for social consumption.

- The Chair thanked Commissioner Concepcion for her work and leadership in the Municipal Equity group. She also noted that she and Commissioner Concepcion have focused on incorporating equity in the decision-making of municipalities and noted upcoming guidance that will be produced by the working group. She thanked stakeholders for their feedback. She noted her desire to gauge impact related to the Cannabis Social Equity Trust Fund. The Chair commented that she and the Executive Director met with the Secretary of Economic Development to discuss setting up the fund. The Chair, Commissioner Camargo and Commissioner Concepcion met with other groups, and are looking forward to providing support in the equity space for struggling businesses and potential licensees.
- Commissioner Camargo thanked the Chair, the Executive Director, and staff, for their work in acquiring stakeholders' feedback. She also noted the work of former Commissioners in advocating for the equity fund. She discussed her role in the regulatory working group and regarding an upcoming meeting with the SEP team next month. She also noted that social equity is a team effort and credit should be given to those who came before her.
- Commissioner Stebbins noted the work of the Executive Office of Housing and Economic Development (EOHED) as well as feedback received from licensees and their interest in donating to the Cannabis Social Equity Trust Fund.
- The Chair noted the public comment period will focus on Chapter 180, municipal issues, and any others.

 - The Executive Director noted that four applications are awaiting initial review and the other 16 are returning to the application pool.
 - Commissioner Roy asked for clarification related to the 13 applicants for initial commission as well as to Final Licenses.
 - The Executive Director noted that the 16 applications have provisional licenses and are looking for a Final License and the other 13 are up for initial consideration.
 - Commissioner Roy noted that the language is confusing and commented about a possible change.
 - The Chair discussed the feedback received from stakeholders regarding the profitability of the exclusive licenses and noted the ongoing conversation being had within working groups and the open comment period.
 - Commissioner Roy commented about a Change of Ownership and noted the exclusivity period could hamper the ability of exclusive license types to sell their license.
 - Commissioner Concepcion thanked Commissioner Roy for her comment and noted that she had also received the same feedback from stakeholders.
 - The Executive Director explained the concern around the appropriate public policy balance of ensuring that a social equity business is truly owned and operated by a social equity licensee. He also explained that a lot of business owners build out their business with an established exit strategy plan. He mentioned that any benefits associated with a license-type should be enjoyed by the intended individuals. He noted looking forward to more conversations on this issue and welcomed input from the Commissioners and Chair.
 - Commissioner Concepcion expressed that the biggest concern for her in developing regulations is making sure these license-types are protected from predatory lending practices.
 - The Chair explained that there have been many robust conversations during the regulatory process and that open meetings are an opportunity to bounce off ideas. She also noted that an additional public meeting will be added going forward.

- Commissioner Roy noted that although she is not part of the Social Consumption group that the same trajectory could happen under that license-type.
- Commissioner Roy noted significant growth in canopy from 2020.
 - The Executive Director commented about the potential of canopy growth in making its way through the licensing phase. He noted that it is important to keep an eye on production and the Commission ought to consider regulatory controls.
- Commissioner Roy explained that there are challenges within the Microbusiness license type.
- The Executive Director gave an overview of the FY2024 budget request and the status of the request.
 - The Chair noted the need to reassess the Commission’s level of service and resources.
 - Commissioner Concepcion thanked the Executive Director for advocating for the budget on behalf of the Commission and noted her disappointment in the proposed budget. She asked if the Commission had completed any financial implications of implementing Chapter 180.
 - The Executive Director noted the lack of certainty regarding regulations but explained that the bulk of the impact will be faced by the Enforcement Counsel and licensing staff. He noted that if implementation in the regulations requires changes to the budget, he will present supplemental need to the Commission. He also noted some relief that a model HCA may provide.
 - The Chair expressed her desire to see the Commission conduct more webinar and educational seminars for licensees and noted that these types of resources could relate to public engagement.
 - Commissioner Concepcion commented that the Commission generates revenue and had established a history and reputation of being fiscally responsible.
 - Commissioner Roy noted that the Cannabis has outgrown cranberries as the largest cash crop in the Commonwealth. She explained that the Commission is a revenue generating agency and does not receive the support of a federal agency.
 - The Executive Director noted the history of the Commission being fiscally responsible.

Commissioner Roy moved to take a ten-minute recess.

- Commissioner Stebbins seconded the motion.
- The Chair took a roll call vote:

- The Commission unanimously approved taking a ten-minute recess, returning at 11:40 AM (01:30:10)
- The Executive Director gave an overview of Commission updates.
 - Commissioner Camargo asked a question related to the current stakeholder outreach and the fact that it is not the official regulatory comment period.
 - The Chair requested that the Executive Director explain the process of the official public comment period.
 - The Executive Director commented about the notice for stakeholder feedback on the website and gave an overview of the official public comment period.
 - The Chair clarified the Executive Director's comments relative to the process of the public comment period.
 - The Executive Director confirmed the Chair's comments.
 - Commissioner Camargo commented that it is good to hear from constituents and people in the industry. She explained that the feedback helps her role as a policymaker.
 - The Executive Director noted that he received a letter from a licensee, MCR Labs, which raised concerns relative to the conduct of the Commission's staff present during an unannounced inspection.
 - The Chair thanked the Executive Director for his work relative to the letter from MCR Labs, his outreach to licensees, and the ongoing Human Resources investigation into the matter.
 - The Executive Director explained that he remains available to staff and licensees if they would like to discuss any issues.
 - The Chair expressed that the Commission remains available to licensees for feedback regarding Commission staff.
 - Commissioner Roy noted Notice of Deficiencies (NODs) and common themes related to NOD. She encouraged the Commission's use of unannounced inspections.
 - The Chair noted her agreement with Commissioner Roy's comments relative to unannounced inspections.
 - The Executive Director referenced Commission regulations related to unannounced inspections.
- The Executive Director discussed the webinar from the Massachusetts Department of Agricultural Resources (MDAR) relative to pesticide use on marijuana and that the recording is available on the Commission's website.
- The Executive Director noted his release of a bulletin relative to a testing kit recall issued by Medicinal Genomics Corporation.
 - Commissioner Roy provided further insights into the genomics corporation testing kit recall.
 - The Executive Director explained the recalled testing kit is a PCR-type test.

- The Executive Director also noted that the Commission suspended three licenses for the company Elev8.
 - The Chair discussed the Commission’s awareness that some licensees are behind on their taxes and noted the Commission is engaging in conversations with the Executive Director on the issue.
 - The Executive Director noted his appreciation of the Department of Revenue (DOR) and his support of the agency’s ability to collect taxes.
 - Commissioner Roy noted the challenges within the cannabis industry, the lack of bankruptcy protections for licensees, and businesses’ inability to deduct taxes at the federal level.
 - The Executive Director noted the federal interest in the cannabis industry in relation to taxes and Occupational Safety and Health Administration (OSHA).
- The Director of Budgeting and Accounting May Nguyen (Director Nguyen) gave an overview of the FY2023 Quarterly Update.
 - Commissioner Roy asked a question related to the discrepancy between the FY23 Budget for consultants/contractors from the FY actual YTD.
 - Director Nguyen discussed the steps the Commission is required to take prior to moving forward with a procurement or contract.
 - The Executive Director noted an anticipated need in case of an emergency regarding financial investigations and lab testing. Noted the budget tends to be made available for either the medical or adult program.
 - Commissioner Roy discussed another way to look at the budget and reserves by potentially contracting with a vendor which could assist in providing patient and provider information instead of reserving that information for a worst-case scenario.
 - The Executive Director noted that consultants are sometimes necessary for the medical program and provided examples of where those funds are used. He also noted that funds may not be needed further in the fiscal year and may be reallocated.
 - Commissioner Roy expressed her desire to invest in the medical program.
 - The Executive Director explained how funds can be budgeted at the beginning and end of the fiscal year. He also noted two projects underway between the Adult-Use and Medical-Use programs.
 - The Chair noted that one of her goals was to dig deeper into the budget.
 - The Executive Director explained the potential savings from switching to digital medical badges.
 - The Chair noted the Commission's need to be more responsive to requests and feedback.
 - The Executive Director expressed his desire to be more responsive and commented about an ongoing project that requires digitizing paper-based records from the Department of Public Health (DPH).

- Commissioner Camargo thanked Director Nguyen for her work and leadership related to the budget.
 - The Executive Director discussed thinking ahead for FY24.
- Commissioner Roy thanked the Executive Director for his work related to the budget and noted the possible budget shortfall for FY24. She suggested that an investment be made in the Commission related to the unknown funding in the future.
 - The Executive Director explained that purchases need to be in the Commission's possession by the end of the fiscal date.
- Commissioner Roy suggested making prudent investments.
 - The Executive Director noted his focus on one-time expenses to avoid building structural cost.
- The Chair asked a question related to prior appropriation and asked the Executive Director to discuss how it was used in the past.
 - The Executive Director provided an explanation of the process.
- The Executive Director gave a hiring update.
 - The Chair requested Dynamics training.
 - Commissioner Roy asked a question related to the internships.
 - Executive Director noted that internships are in the works but have been prioritized behind other items.
 - The Chair asked a question related to a Fellowship program.
 - The Executive Director noted the Fellowship was programming combined with practical experience.
 - Commissioner Roy suggested an incubator program.
 - Commissioner Camargo noted her passion for establishing internships with the Commission.
 - Commissioner Stebbins noted the uniqueness of working for the Commission and the many different opportunities and departments offered for employment.
 - The Chair noted the need to reach out to community colleges and commented on Commissioner Camargo's work related to mentorships.
 - The Executive Director thanked the Chair and Commissioners for the conversation regarding internships and fellowships and noted that an incubator program is a social equity programming vision.

Memorandum

To: Commissioners
Cc: Shawn Collins, Executive Director; Cedric Sinclair, Chief Communications Officer
From: Matt Giancola, Director of Government Affairs and Policy
Date: June 8, 2023
Subject: **June 2023 Government Affairs Update**

Massachusetts State House Update

Commissioner Kimberly Roy, Executive Director Collins, and Government Affairs and Policy staff joined an event with Congressman Jim McGovern, State Senator Robyn Kennedy, and staff from the Office of Co-Chair Daniel Donahue to hear feedback from licensees located in the Second Congressional District.

Executive Branch Update

Commissioners Nurys Camargo and Bruce Stebbins met with staff from the Office of the Attorney General to share general updates on the Commission's work.

Municipal Law Unit

The Attorney General's Municipal Law Unit (MLU) issued [two marijuana-related decisions](#) this month:

Town of Dracut (Approved in part, Disapproved in part): The MLU approved the recodified zoning by-laws adopted at the Town's Annual Town Meeting in November 2022 but disapproved a provision relating to an updated definition of "Registered Marijuana Dispensary" (RMD) that required all RMDs to be non-profit facility and registered with the Massachusetts Department of Public Health. Municipal definitions and regulations shall not be inconsistent with state law.

Town of Sandisfield (Approved in part, Disapproved in part): The MLU approved and disapproved in part, articles adopted at the Town's Annual Town Meeting in May 2022. The disapproved amendments included a Sandisfield requirement that required all Medical Marijuana Treatment Centers to be not-for-profit entity, and a variation of Marijuana Cultivator setbacks and minimum lot sizes which were both deemed unreasonably impracticable. The MLU also issued additional comments on the proposed articles in regards to four items: (1) a ban on home delivery of products and how this may affect Delivery Operators, (2) the establishment of a Citizen Sub-Committee to advise the Special Permit Granting Authority (which was approved by the MLU so long as it did not create a separate special permit review process or impose any additional requirements), (3) a limitation on the number of Marijuana Retailers in the town as the provisions of G.L. c. 94G §3 may require the town to conduct a ballot vote within the town for this limitation to take effect and (4) to ensure special Energy Efficiency and Conservation conditions from the town are consistent with Commission regulations.

Commission Discussion & Votes

Commission Discussion & Votes

1. Regulatory Review Discussion on Next Round of Topics
2. Topics for Legislative and Executive Branch Outreach
 - i. Veterans' Access to Medical Marijuana

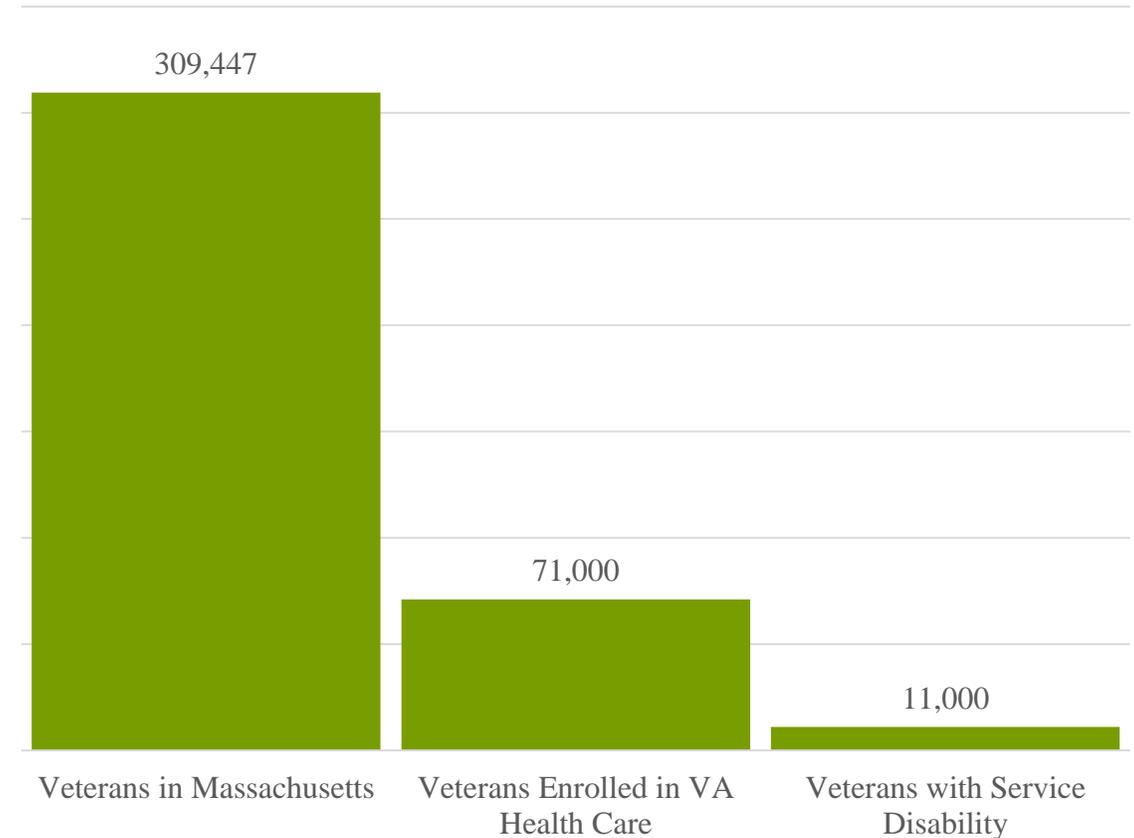

Background

Access to medical marijuana in the regulated industry for Veterans in Massachusetts continue to face significant barriers primarily due to the existing federal illegality of cannabis.

- The Veteran population of Massachusetts is 309,447.
 - Roughly 71,000 MA Veterans are enrolled in the VA health care system
 - Just under 11,000 have a 100% service-connected disability rating designating them as permanently and totally disabled.
- The Veterans Health Administration is the largest integrated health care system in the U.S., providing care at 1,298 health care facilities, including 171 medical centers and 1,113 outpatient sites of care, serving 9 million enrolled Veterans each year.

Veterans in Massachusetts

Veterans Healthcare Challenges

Veterans are more susceptible to opioid addiction as they are more likely to suffer from chronic pain. In addition, many veterans suffer from mental health problems like Post-Traumatic Stress Disorder (PTSD), making them more likely to abuse drugs and alcohol in an attempt to self-medicate.

According to the NIH:

1. U.S. military veterans have been heavily impacted by the opioid overdose crisis, with drug overdose mortality rates increasing by 53% from 2010–2019.
2. The risks for overdose that veterans face need to be understood as resulting from an ongoing interaction among biological/physiological, psychological, and social/structural factors.
3. Addressing drug overdose in the veteran population requires accessible and non-judgmental, low threshold, wraparound, and holistic solutions that recognize the complex etiology of overdose risk for veterans.

Legislative Outreach Focus

Today's Legislative Outreach discussion will be around expanding the definition of “**qualifying patient**” and “**debilitating medical condition**” to help reduce financial burdens and barriers to medical marijuana access for Massachusetts Veterans.

- “**Qualifying patient**”, (1) a person who has been diagnosed by a registered healthcare professional as having a debilitating medical condition, or (2) a veteran receiving their health care at a federal Veterans Administration facility provides their Veterans Administration "Blue Button Report Problem List" indicating an existing debilitating medical condition to the Commission.
- “**Debilitating medical condition**”, cancer, glaucoma, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, hepatitis C, amyotrophic lateral sclerosis, Crohn's disease, Parkinson's disease, multiple sclerosis, post-traumatic stress disorder, opioid use disorder, and other conditions as determined in writing by a registered qualifying patient's registered healthcare professional.

Blue Button Report

In August 2010 President Obama announced the creation of a new “**Blue Button**”—a web-based feature through which patients may easily download their medical histories and share it with health care providers, caregivers, and others they trust.

Other Jurisdiction Activity

Illinois and North Dakota passed legislation which requires Veterans to submit **12 months** of medical records to verify they are in ongoing treatment at a VA facility.

Statement of Commission Policy

The Cannabis Control Commission supports expanding the definition of “**Qualifying patient**” to include a veteran receiving their health care at a federal Veterans Administration facility who provides documentation that the Veterans Administration has diagnosed the veteran with an existing debilitating medical condition to the Commission. In addition, the Commission also supports the definition of “**Debilitating medical condition**” to be modified to include post-traumatic stress disorder and opioid use disorder.
