V. Commission Discussion and Votes – 00:16:23

1. Three-Day Commence Operations Waiting Period Update
    - The Chair noted the topic as a step to relieve businesses in terms of overburdensome regulations. Commissioner Roy expressed her desire to get rid of the requirement as the agency had matured. She added her want to investigate other regulations that no longer had utility. The Executive Director (ED) added context and noted that he had

reached out to the Cannabis Advisory Board (CAB) to ensure that the three-day period was not necessary anymore. He stated that there was no pushback on lifting the requirement and that they authorized it. He added that a bulletin was available. Commissioner Stebbins expressed appreciation for the outreach to the CAB.

- Commissioner Roy moved to approve the policy.
- Commissioner Stebbins seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes
    - Chair O'Brien – Yes
- The Commission unanimously approved the policy.

- The Chair stated they would circle back to Enforcement Actions.

VI. Enforcement Actions – 00:20:24

1. Boston Bud Factory, Inc.
    - Enforcement Counsel Timothy Goodin (EC Goodin) introduced the matter to the board. He proposed a Final Order and Stipulated Agreement to resolve an enforcement action related to Boston Bud Factory, Inc. and Mr. Franklyn Dailey. He explained that the matter was initiated through an unannounced inspection conducted on March 18, 2022, and noted that the findings were in the Stipulated Agreement. He stated that they engaged in a pre-hearing process with the Respondents and the parties simultaneously continued to negotiate which resulted in the Stipulated Agreement in front of the board. He gave an overview of the violations at issue and stated through the proposed agreement that the parties had agreed to resolve the matter through imposition of suspensions for the Licensee and Mr. Dailey as well as affirmative relief. He also provided an overview of the terms and conditions of the agreement. He recommended ratification of the agreement as an appropriate resolution of the violations to ensure compliance and represent significant deterrence for future violations. Commissioner Roy asked if the two suspensions ran concurrently or separately and EC noted that once a short-term operation plan was submitted within 10-days and approved, the suspensions would run concurrently. The Chair suggested guidelines to treat Licensees equally and mentioned the SAO report regarding being consistent with how they applied fines and penalties. EC Goodin explained how their goals and practices worked when dealing with Licensees noncompliance and that it was consistent with their prior practices. The Chair asked if there was anything they could do to make sure employees that were not involved stayed protected. EC Goodin explained that even though they would be suspended, it did not necessarily mean that every employee needed to go home and that Mr. Dailey was the only person being suspended in accordance with the agreement. Chief of Investigations and Enforcement Nomxolisi Jones (Chief Jones) stated they would be able to determine if Mr. Dailey would continue to be paid when they received their short-term operation plan and could report back. Commissioner Roy asked about aggravating and mitigating circumstances, and Chief Jones responded that they would not be able to

get into those details. Commissioner Roy noted similar concerns around employees being out of work and asked if they could remand the issue to work on it more. GC Chattopadhyay stated it was entirely an agreement between the parties and if it was not approved by the board, the parties could go back and renew their discussions. Commissioner Roy asked about rejection and if Boston Bud Factory, Inc. would still be able to operate and it was confirmed they would. She explained that she believed the agreement needed to be reworked to arrive at a resolution that worked for everyone. Commissioner Stebbins asked if Commissioners could review the short-term operational plan. Chief Jones noted that it would be inconsistent with other enforcement actions or investigations they had done in the past and sharing those materials would not be in the best interest. General Counsel Kajal Chattopadhyay (GC Chattopadhyay) noted G.L. c. 30A and cautioned when it came to sharing more information than what the board had before them. Commissioner Stebbins suggested that the Commission consider establishing a process for notifying a Host Community (HC) about any actions or steps the Commission may or may not be taking. EC Goodin noted they historically did not notify each HC when they resolved an action, but in terms of processes, they could take it under consideration. He mentioned that the agreements were public records. Commissioner Stebbins expressed that it would be a helpful tool for collaboration with municipalities. Commissioner Roy noted how important due process was and concerns around the ability to pay being a mitigating circumstance.

- Commissioner Roy moved to reject the agreement as it is currently drafted.
- Commissioner Stebbins seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes
    - Chair O'Brien – Yes
- The Commission unanimously rejected the agreement as it is currently drafted.

VII. Commission Discussion and Votes (Continued) – 00:56:50

2. Delegation of Acting Commission Chair
    - The Chair provided background on the topic. She noted she was putting together a standing letter delegating the authority to Commissioner Roy to serve as Acting Chair (AC) in the event of her absence. She expressed concerns around not having an appropriately delegated AC for the past two years and votes not being valid. She mentioned that the only person under the statute that could delegate AC authority was the Chair. GC Chattopadhyay referenced relative language from the statute and noted the Commission's Governance Charter. The Chair stated she would incorporate language from the Governance Charter into her delegation letter. Commissioner Roy cited the relevant language from the Governance Charter for the public. The Chair emphasized the desire to provide clarity and consistency.

3. Ch. 10 Sec. 76 (i) Designation

- The Chair read the relative language from the statute. She designated Associate General Counsel Steven Laduzinski (AGC Laduzinski) to investigate certain policies and procedures that she would like to be examined and to provide a report. She noted that because this employee shall have all the powers conferred upon a Commissioner, he would act as if he reported to the Chair. She clarified he was still a part of GC Chattopadhyay's Legal department. Commissioner Roy concurred.

4. Updates on 2025 Executive Director Goals
    - The ED gave an overview and provided updates on the twelve goals voted on in April 2025 by the Commissioners. The Chair asked when the Delivery Exclusivity deadline was, and The ED confirmed it was April 1, 2026. Commissioner Roy noted issues with data collection and her desire for no more extensions. The ED mentioned where the Commission had been affected by the budget. Commissioner Roy asked for more robust open data around testing and noted Connecticut. The Chair highlighted the need for more transparency around data. The ED mentioned upgraded Information Technology (IT) systems would allow them to significantly increase capacity on what they added to the open data platform. The ED highlighted regulation modernization suggestions from departments and a modernization process to benefit the industry and staff. The Chair expressed a desire for an ongoing streamlined process reviewing regulations and she recognized over regulation. Commissioner Roy asked about the tip-line position and the ED pointed out budget issues.

5. Working Group Sponsor Updates
    - The ED provided a general overview and background of working group sponsor updates. He named all the current working groups, when they were created, who led them, sponsoring Commissioners and their purpose. The Chair requested to be included in the legislative review working group and recommended reappointing Commissioner Roy to be the lead sponsor on the secret shopper working group. The Chair also sought to add herself to the Independent Testing Lab (ITL) listening sessions working group and wanted to appoint herself and Commissioner Roy to the audit review working group. Commissioner Stebbins outlined ethics concerns and overlapping responsibilities around external outreach.

6. Social Equity Program Period Extension
    - The ED gave an update on the Social Equity Program (SEP) application period extension and noted that the period closed on September 30th. He noted they had 192 submissions by the deadline. He stated that October would be dedicated to reviewing the applications and he would anticipate providing an update in November. The Chair asked how many people the Commission could support in the program. The ED shared they had 401 submissions last time and he could provide her with the number that was approved. The Chair asked how many SEP participants or Economic Empowerment Priority Applicants (EEAs) with Provisional Licensees were in the queue. The ED stated he would provide that information to Chair. The Chair asked how many Licenses are owned by SEP participants, EEAs, or People of color that

were running businesses in commence operations. The ED said he would provide the information at a later date.

VIII. New Business Not Anticipated at the Time of Posting – 01:49:05

- The Chair stated that there was business which was not anticipated at the time of posting. She noted that she was going to ask the previous Secretary to potentially serve in an interim role to assist with meeting minutes. Commissioner Stebbins agreed to serve as the interim Secretary of the Commission. The ED suggested taking the vote at the October 9th Public Meeting.

Commissioner Roy asked if they would be given the feedback from the surveys and the ED confirmed that information would be in the report. Commissioner Roy asked if the working group met regularly and the ED confirmed. He also noted that three Equitable Relief Requests were waiting on Fiscal Impact Analysis, and he would bring them before the board as soon as possible. He noted a meeting with the Chair to review votes from September 2023 to September 2025 under the Acting Chair (AC) and the Chair provided background. The Chair reported on the Attorney General's Office (AGO) meeting and handed the ED a letter making a standing delegation to follow the law and reduce confusion. 2. FY2027 Budget Development Update
    - Chief Financial and Accounting Officer Lisa Schlegel (CFAO Schlegel) started off by providing an update on the FY2026 budget. She stated that the Commission had spent 20% of the budget in the first quarter and that they submitted a supplemental budget the week prior for additional funding for staffing, cost of living adjustments (COLA), merit increases in January and filling the frozen positions in the hiring freeze. She added that they requested funding to continue the SEP program, product safety testing and lab testing protocols. She shared that they went to the Executive Office of Technology Services and Security (EOTSS) with a proposal to update or replace the MMJOS System. She mentioned that their IT infrastructure was their main concern. She anticipated they would receive the FY2027 final budget by October 31st and she would bring the full budget proposal back to the board for approval. She mentioned that the same things that were in the supplemental budget request would still be priority for FY2027 and that SC was a major ask in the FY2027 budget. She added that health and safety, IT infrastructure, and secret shopper were priorities. She noted they would come back to the board with final numbers. Commissioner Roy noted

20% of the budget spent as a positive thing and appreciated refocusing on priorities. Commissioner Roy voiced her concerns on outside legal counsel and the SEP being cut and expressed that it took away from their mission. The Chair asked about who made the determination on priorities and policies on where to cut and recommended a quarterly look into budget for mission. The ED gave insight on how they looked into priorities, and that they would provide updates to the board. The Chair mentioned joining regular meetings with Finance and Commissioner Roy as Treasurer. CFAO Schlegel noted that the FY2027 budget would not initially include anything proposed in House Bill 4206 (H.4206) and that it would be included in the supplemental budget.

3. Update on MMJOS Transitions
    - Chief Technology and Innovation Officer Paul Clark (CTIO Clark) presented an update on Medical Use of Marijuana Online System (MMJOS) transitions. He noted that the Commission had begun the process to transition industry functions for Medical Treatment Centers (MTCs) from MMJOS to Massachusetts Cannabis Industry Portal (MassCIP) and Metrc. He noted that the changes would not impact patients, caregivers or Healthcare Providers. He added that the changes were intended to improve workflow for MTCs and Commission staff. Commissioner Stebbins noted he was interested in seeing evolution in other jurisdictions. Commissioner Roy recommended leading with Americans with Disabilities Act (ADA) compliance and CTIO Clark stated they were compliant but not 2.1 compliant with the new Web Content Accessibility Guidelines (WCAG). He added they were working on a procurement to upgrade or replace the patient portal as one platform. General Counsel Kajal Chattopadhyay (GC Chattopadhyay) asked Director Koval if they were up for renewal at that time and she stated they were already renewed but the conditions that were placed had not been met. He stated that the recommendation was to revoke the License. He provided background on the HO's process and stated that once the board approved, it would be a final decision in accordance with G.L. c. 30A subject to the appellate rights. The Chair asked if this was delayed by not having a HO on staff and he responded that it was timely and that revocation was retroactive to the enforcement action rather than the date of the final decision. He added that any delay is corrected in the decision. Commissioner Roy flagged that they had an acting ED and asked if they needed to amend the language in the report. He stated they would take a look and if changes were necessary, they would do so. The Chair noted that the report was thorough and appropriate. Commissioner Roy thanked the Investigations and Enforcement (I&E) team and noted there was a lot of substance to this and their due diligence. Commissioner Roy stated I&E put a lot of time into this and the lack of compliance. The Chair asked if there was mandatory reporting if first responders came and GC Chattopadhyay confirmed there was a mandatory reporting requirement. XIV. Commission Discussion and Votes – 02:58:34

1. License Extensions for Host Community Agreement Compliance
    - The ED explained the agenda topic. He stated that the last time this topic came to the board, an extension was granted for 600 days. He noted that one Licensee would bump up against that extension at the end of the month. He added that during October 2025 and February of 2026, the number of Licensees impacted would increase dramatically. He stated that the question before them was whether the Commissioners were interested in a further extension or another path. Commissioner Stebbins expressed frustration with the reluctance of some communities to comply with the changes Chapter 180 required them to effectuate. He also noted a positive side was including continued interest in intervening in cases that would give a legal determination to the question of HCA's. He expressed that he did not want to force Licensees to close their doors and was interested in entertaining discussions for an extension up to one year. He added that he understood by granting an extension, they

would lose teeth they had to compel these communities to comply with the law and noted Great Barrington. He asked if they would run afoul of any opportunity or functionality to those requirements of going forward if they do offer an extension. The Chair asked GC Chattopadhyay about the process when they intervened in lawsuit and GC Chattopadhyay explained the process. He noted that the board at a previous meeting authorized the GC to intervene in matters as appropriate and that the GC has authority with the AGO to intervene. Commissioner Roy noted meetings with I&E and she provided motion language to grant 365 more days. She suggested a biennial renewal instead of a yearly renewal to help the industry and agency. The ED read the proposed motion language. CTIO Clark asked for clarification on whether the 600 days was only for HCAs or for all extensions historically. Commissioner Roy noted that August 11, 2022, was the first extension around a catchall for anything compliance, then subsequent extensions were pertaining to HCA compliance. She suggested two separate motions. Director Koval clarified how they had been using the extensions and how the process worked. Commissioner Roy mentioned it was helpful to add qualifiers that are not limited to HCA's but all compliance matters. Commissioner Stebbins asked about matters outside of the HCA matters. GC Chattopadhyay noted concerns about opening the floodgates to additional general-purpose extensions and challenges on the basis of being arbitrary and capricious. Commissioner Roy recommended voting on HCA matters and to come back with something for a catch-all at another meeting. GC Chattopadhyay expressed that he would be happy to explore, and ED confirmed they could do that. Commissioner Stebbins agreed with Commissioner Roy.

- The Chair moved to delegate to the Executive Director or his delegee the discretion to approve License extensions not to exceed an additional 365 calendar days for the exclusive purpose of HCA or HCA waiver compliance in furtherance of and addition to previous motions regarding extensions for Licensees approved at the Public Meetings held on May 23, 2024 and February 25, 2025 and under the authority of G.L. c. 10, § 76(j), G.L. c. 94G, § 6(a), and G.L. c. 94I, § 7 provided that Licensees shall be required to pay a prorated fee to cover the extension and provided further that the effective date of this motion shall be October 9, 2025.

    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes

2. Delegation for Petitions to Changes of Regulations
    - The ED noted the September 11, 2025, Public Meeting discussion on rescinding a previous delegation for petitions to changes of regulations to run through the ED's office. He mentioned GC Chattopadhyay's petition presentation on thirteen petitions. The ED proposed a suggestion to update the process for when a petition comes in for changes to regulations including an online form and a petitions mailbox. Also, all petitions would be routed to the Legal department to see if they were in compliance with 935 Code Mass. Regs. § 500.830 and the statute. He added that petitioners would receive acknowledgement or receipt and would be referred to the mailbox if they needed to provide additional information or seek updates. He also added that it would be shared with Commissioners that a petition was received and under review subject to OML. He explained that if a petition was found compliant that the petition with an executive summary from the Legal department would be brought to the ED and the ED would bring the petition to the Chair to consider putting it on a Public Meeting agenda at which the petitions would be provided to all Commissioners as background information in the Public Meeting Packet. He added that after the Public Meeting discussions, Commissioners could return a compliant petition to the ED for additional information or further staff review, approve it for consideration in future regulatory rounds or dismiss the petition at the will of the Commissioners. He added that a tracking document of any ongoing petitions within that process would be available to the Commissioners. Commissioner Stebbins suggested including 935 Mass. Code. Regs. § 501.830 for Medical regulation changes. He added that they would come up with a cadence of when they can get overviews of waivers that had been submitted. The ED added that there was good data within the waiver requests that Commissioners should have access to that could be periodically reported to Commissioners. Commissioner Roy stated she was fine with the quarterly report on waivers but needed live-time reports on petitions. The ED requested a five-minute break to draft motion language.

    - Commissioner Roy moved to take a recess returning at 2:15 PM.
    - Commissioner Stebbins seconded the motion.

    - The Commission took a brief recess. (Returned at 03:59:32.)

- The ED stated that the regulatory petition process he read earlier had been slightly updated due to the board's conversation and he read the amendments. Commissioner Roy asked about timeline for the online form and CTIO Clark recommended 30 days.
- Commissioner Stebbins moved to direct the Executive Director to implement the new regulatory petition review process as outlined in the October 9, 2025, Public Meeting within 30 days and to rescind the delegation related to petitions granted to the Executive Director on August 6, 2020.
- Commissioner Roy seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes

She shared the examples of simplifying badging and Responsible Vendor Training (RVT). She stated she would be proposing draft motion language to vote on the creation of a committee. She noted a conversation with the Executive Director (ED) about adding internal and external folks to the committee and stated they had a tentative list of who they would like to see on the committee. She added that this would move the Cannabis industry forward without jeopardizing public safety, health and welfare. The Chair asked General Counsel Kajal Chattopadhyay (GC Chattopadhyay) if they needed to take a vote and he responded that it was up to the Chair's discretion but suggested that a vote carried weight. The ED recommended a vote. Commissioner Roy read the proposed language. The Chair suggested adding "the Chair" to the language for her to work in partnership with the ED to assign internal staff and external stakeholders. Commissioner Stebbins supported the effort and the need to modernize regulations. He also mentioned the need to clarify regulations versus just reducing.     - Commissioner Stebbins moved to create a red tape removal committee comprised of both internal Commission members and external stakeholders that will review regulations for potential streamlining and report back to the Commission as a whole

no later than June 30, 2026. The Committee will include the Chair and Commissioner Roy as delegees further to direct the Executive Director in consultation with the Chair to assign at a minimum staff representatives from I&E, including Licensing, Legal, Equity Programming and Community Outreach, Government Affairs and Policy and Constituent Services, further to direct the Executive Director in consultation with the Chair working with GAP to identify and include representatives from the industry for Retail, Cultivation, Manufacturing, and ITLs as well as a representative from the Massachusetts Cannabis Business Association and the Massachusetts Cannabis Coalition.

- Commissioner Roy seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes
    - Chair O'Brien – Yes
- The Commission unanimously approved the motion.

3. Responsible Vendor Training Cadence
    - The ED noted the request to look at the ability to change the cadence of RVT from every year to some other cadence. GC Chattopadhyay noted that the requirements for RVT were in the regulations and could be changed through the regulation review and amendment process. Commissioner Roy asked if RVT met the threshold to be submitted with the SC draft regulations. Deputy General Counsel Michael Baker (DGC Baker) responded that it would be outside the scope to holistically amend RVT. Commissioner Roy asked if there were any tools at the ED's disposal that he could execute in the meantime to address RVT and GC Chattopadhyay noted there was nothing he was aware of that would allow for a blanket authority to override the regulations. Commissioner Stebbins agreed that they needed to update RVT and expressed that he wanted to see RVT not just as a compliance tool and more for professional development. The Chair suggested partnering with community colleges. Commissioner Roy also suggested that the training courses be more real-world and practical and that the certificate be portable.

    - Commissioner Roy moved to take a recess until 2:45 PM.
    - Commissioner Stebbins seconded the motion.
    - The Chair took a roll call vote:
        - Commissioner Roy – Yes
        - Commissioner Stebbins – Yes
        - Chair O'Brien – Yes
    - The Commission unanimously approved the motion.
    - The Commission took a brief recess. (Returned at 01:09:44.)

    - The Chair stated that Commissioner Roy had a friendly amendment to the last vote they took. Commissioner Roy shared that she received an email from Kevin Gilnack from Equitable Opportunities Now (EON) and suggested that the ED reach out to Mr. Gilnack to include him in the red tape removal committee or that they could include a

friendly amendment to add on EON to the motion language. GC Chattopadhyay recommended a motion to reconsider or amend.

- Commissioner Roy moved to reconsider the red tape removal discussion committee formation.
- Commissioner Stebbins seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes
    - Chair O'Brien – Yes
- The Commission unanimously approved to reconsider the red tape removal discussion committee formation.
- The ED asked the Chair if she would like to consider a fifth representative representing Medical Treatment Centers (MTC) and the Chair stated it was a good suggestion. Commissioner Stebbins suggested that the language not exclude additional folks they may want to include for flexibility. The Chair expressed the desire to not make the language overly complex and streamlined. Commissioner Roy read the updated proposed language.

- Commissioner Roy moved to create a red tape removal committee comprised of both internal Commission members and external stakeholders that will review regulations for potential streamlining and report back to the Commission as a whole no later than June 30, 2026. The Committee will include but not limited to the Chair and Commissioner Roy as delegees further to direct the Executive Director in consultation with the Chair to assign at a minimum staff representatives from I&E, including Licensing, Legal, Equity Programming and Community Outreach, Government Affairs and Policy and Constituent Services. Further to direct the Executive Director in consultation with the Chair working with GAP to identify and include representatives from the industry for Retail, Cultivation, Manufacturing, and ITLs as well as a representative from the Massachusetts Cannabis Business Association, Equitable Opportunities Now and the Massachusetts Cannabis Coalition.
- Commissioner Stebbins seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes
    - Chair O'Brien – Yes
- The Commission unanimously approved the motion.

4. Disproportionately Impacted Areas Map for Social Equity: Adoption of UMDI Report (March 2021)
    - The Chair provided context on the report. She asked the ED for the total cost of the report and the ED gave a cost breakdown. Commissioner Roy noted that they received the report in March 2021, and that they have had the report for many years. She added that conditions were being placed on Licensees for not fulfilling their PIP requirements, noting that many of the issues stemmed from them being

geographically confined. She mentioned Somerville and Provincetown not being recognized as DIA. The Chair mentioned that it was the second study completed to add a racial lens on the criminal conviction rates. Commissioner Roy expressed that it was time to expand the map to provide more opportunities. Commissioner Stebbins stated that he was not comfortable voting on the report that day and noted his concerns. He added that he had interest in reviewing how they used the Census tracks in three of the Commonwealth's largest cities and the limitations. The Chair asked him to walk them through his concerns. Commissioner Stebbins noted one concern around the recent court decision involving residency requirements. Commissioner Roy responded that there was not a final ruling on where it stood. She added that if that was upheld, their entire regulatory scheme around equity would be in question. Commissioner Roy noted it as a what-if scenario and expressed the importance of expanding opportunities. The Chair asked if the Commissioners were able to unilaterally add communities without any research being done and it was confirmed. Commissioner Stebbins noted his second concern as how this would fit into the entirety of the strategic plan for the Social Equity Program (SEP) program. He added his last concern around the review and use of just simply census tracks within Worcester, Boston and Springfield. He expressed again that he did not feel comfortable voting and accepting the report. Commissioner Roy read from the study and asked about his concern on the Census tracks. Commissioner Stebbins explained that he wanted to explore if they should talk to the cities to see if they should limit to just the Census tracks or potentially open it up to the whole city. The Chair asked if voting to accept the study precluded them from having those conversations and Commissioner Stebbins expressed that he would feel more comfortable voting on a report that expanded the data and how it aligned with those three cities. The Chair noted budget and asked GC Chattopadhyay if they adopted the report, if it precluded them from having additional conversations with municipalities. GC Chattopadhyay noted a wider conversation and that looking at this in a narrow way would not be helpful for the Commission.

- Commissioner Roy moved to accept the $200,000 4-year-old study that expands Disproportionately Impacted Areas maps so that we can better achieve our goal of expanding social equity in Massachusetts.
- The Chair seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – No
    - Chair O'Brien – Yes
- The Commission denied the motion by a vote of two in favor and one opposed.
- Commissioner Roy expressed disappointment. Commissioner Stebbins noted he would be happy to reconsider and all he wanted was to table the vote for that meeting. Commissioner Roy asked when he would be comfortable, and he shared he would be happy to rediscuss at the next month's Public Meeting. The Chair stated she would add the topic to the agenda for October 23rd.

5. General Matters Legal Billing
    - The Chair noted that the legal budget was tripled and noted that the majority of the billables were being referenced as "general matters." She asked GC Chattopadhyay during his tenure, the process of determining when to list items as "general matters." GC Chattopadhyay responded that the practice they followed was consistent with private and public sector in how they did their legal billing. He added that they had consulted with the Comptroller and other agencies who had endorsed the practice. The Chair noted the Commission's Enhanced Code of Ethics and GC Chattopadhyay noted there were certain matters for which legal protections were required, and it was a very established procedure to protect attorney-client privilege matters in the way legal matters were billed. Commissioner Roy mentioned she inquired with the Comptroller for more clarity and asked who decided when to use "general matters" and noted inconsistencies. The Chair asked GC Chattopadhyay if he was responsible for managing the legal budget and he responded that along with Chief People Officer (CPO), he had the authority to approve legal expenses. The Chair asked who was responsible for making sure they were living within the budget and GC Chattopadhyay stated that it was a combined responsibility of the ED, GC, CPO, and Chief Financial Accounting Officer (CFAO) as they looked at the needs of the Commission and the budget. GC Chattopadhyay mentioned that the tripling of the legal budget was before his arrival as an employee of the Commission and added that expenses have been thoroughly analyzed. The ED gave an overview of the whole process for stakeholders and the public. Commissioner Roy asked why the bills weren't uniformly applied and recommended coming to the board when they see they are going to exceed the budget. She also noted that in January they gave the GC the authority to file a motion to intervene in the Theory Wellness case and in August 2025, they revisited that to save the GC time having to go to the board each time if it was HCA related in conjunction with the ED and Attorney General's Office (AGO). She added that on May 29, 2025, the GC filed a motion to intervene unrelated to HCAs without the board's authority. The Chair asked CFAO Schlegel if this was fully transparent to her and she responded that initially the Finance department was only getting the summarized billings, but once they worked with the State Auditor's Office (SAO), she requested Finance to get the whole detailed billing from an audit perspective. Commissioner Roy asked when they started getting the detailed bills and she responded she believed it was around March 2025. Commissioner Roy asked again why it was not applied consistently. The ED noted that if there would be a significant amount of redaction to a bill, it was simpler administratively to have a "general matters" bill than requiring them to redact all of the information that may be requested through Public Records Requests (PRR) or for any other reason. The Chair asked if anyone had ever told outside counsel to submit bills as "general matters" or directed the GC to specifically use "general matters" versus a level of billing that had specificity and transparency. The ED responded that he was happy to look back to answer the question. The Chair mentioned the desire for an audit for 2021 to 2025 to see what percentage of bills were labeled "general matters." Commissioner Roy shared the need to learn from the past and the Chair noted the need for a heightened transparency standard.

6. Intervention Protocol Discussion
    - Commissioner Roy provided historical context. The Chair suggested establishing a protocol so that before the GC was involved in any sort of external litigation or litigation affiliated with the Commission, that the GC was required to seek approval by the Commission, except in emergency situations. She added that this would add greater transparency and accountability. Commissioner Roy expressed her want to include in regulation into equitable relief where Licensees could have the ability to appeal to the Commission to file a motion to intervene. GC Chattopadhyay noted that there was a vote to delegate legal matters under the supervision of the GC and that he was operating under that delegation. He also expressed that there was an issue presented under G.L. c. 66A and the Fair Information Practices that required the Commission to respond. He shared that the options were either to engage external counsel or the GC doing it himself. The Chair suggested looking more into this and coming up with a motion that they could approve in the future for a policy that clarified the authority of the Commissioners. The ED read the language from the August Public Meeting that delegated authority to the Chiefs of departments during the Acting ED period for context. Commissioner Roy requested a legal opinion on whether they could incorporate into equitable relief where Licensees could appeal to the Commission to have the GC file a motion to intervene.

VI. New Business Not Anticipated at the Time of Posting – 02:31:57
- The Chair stated that there was no new business which was not anticipated at the time of posting.

VII. Next Meeting Date – 02:32:06
- The Chair stated that the next meeting was scheduled for October 23, 2025.

VIII. Executive Session – 02:33:17
- Commissioner Stebbins moved to enter closed Executive Session pursuant to G. L. c. 30A, § 21(a)(3) to discuss strategy with respect to collective bargaining or litigation because the open meeting may have a detrimental effect on the bargaining or litigating position of the public body.
- Commissioner Roy seconded the motion.
- The Chair took a roll call vote:
    - Commissioner Roy – Yes
    - Commissioner Stebbins – Yes
    - Chair O'Brien – Yes
- The Commission unanimously approved the motion.

IX. Adjournment – 02:33:39
- The Chair stated that the Commission would not reconvene in Open Session and that the meeting was adjourned.

The most recent **Full Report** provided to Commissioners was after Q1 of FY2026 (thru Sept. 30, 2025) at the October 1, 2025 public meeting [link to materials].

The next Full Report is scheduled for January 2026.

Below are changes to approach, **where applicable**, based on collaboration of the Chair and the Executive Director, following the presentation of the Full Report at the October 1, 2025 Public Meeting:

Short-Term Goals (1-5):

- **(1) Governance Charter – Finalization**
    a. Original Goal Complete: May 22, 2025 approved
    b. 12/11/25 Update: RFQ for external counsel review of statute, closed Friday, Nov. 14, 2025; 1 response reviewed by Chair, Executive Director, CFAO, contract executed with Anderson Kreiger, first task order, not yet approved is to review 76(i)

- **(2) FY2026 Budget**
    a. Original Goal Complete: July 2025, but $19.7m approved was 66% of $30.0m request
    b. 12/11/25 Update: CFAO submitted supplemental FY2026 budget request on October 3 2025, no response to-date. CFAO submitted supplemental FY2026 Bond Bill request for MMJOS in September 2025, no response to-date.

- **(5) Establish Medical Program Working Group** (incl. recommendations on removal of Vertical Integration Requirement)
    a. Original Goal Complete: May 2025 WG Established
    b. 12/11/25 Update: Members of the Access to Medical Cannabis Working Group have actively engaged with the consulting team to solicit feedback on the proposed shift away from vertical integration within the Medical Use of Marijuana program. The feedback focused on the feasibility and implications of introducing standalone license types for medical marijuana establishments. In addition, the working group conducted a review of Senate Bill S. 2722, which includes provisions that directly impact the Medical Program, most notably, the prohibition of vertical integration and the introduction of out-of-state patient reciprocity. Preliminary discussions have been initiated with the IT department to evaluate the scope of technology upgrades that may be required to support these changes. This includes considerations around workflows, data systems, and patient verification processes.

Longer-Term Goals (6-12):

- **(6) Improve Lab Testing Guidelines**
    a. Goal: Present recommendations to Commissioners for updates
    b. 12/11/25 Target: Recommendations anticipated to Commissioners in December 2025 for review (discussed at ITL meeting on 11/17), including public meeting discussion on proposed changes to testing regulations, protocols, and policies, for a potential vote in January 2026 for changes:
        i. 12/11/25 Agenda Item X.5 – guest representative from Metrc to review the new ability (developed for Nevada) to add COAs to the product catalog
        ii. 12/11/25 Agenda Item X.6 – CTIO to review target of updating aggregate "raw" testing data on website with a target launch of February 2026 and then quarterly data releases thereafter

- **(#8a) Center for Cannabis Research & Policy (CCRP)**
    a. Goal: Create and implement the CCRP, an autonomous or semi-autonomous research center to fulfill all Massachusetts cannabis and cannabinoid statutory research mandates, bring in external grants to the Commonwealth, and continue as a national leader in objective applied cannabis research to guide evidence-based policy.
    b. 12/11/25 Target: Chief of Research to review updates to previous draft of CCRP Steering Group with Commissioner Sponsors, Executive Director, Chief People Officer, Chief Finance and Accounting Officer in December 2025, with planned establishment of Working Group that will approach execution and implementation of:
        i. Branding of CCRP for external dissemination
        ii. CCC research priorities and functions
        iii. Funding mechanisms and/or appropriation(s) for current and future grants, and other earmarked research/CCRP funding as granted by external parties, including the Legislature; create policies and financial controls compliant with Comptroller for grant management

- **(#8b) Open Data Platform**
    a. Goal: Expand Open Data Platform
    b. 12/11/25 Target (1): Following the creation of the Public Health & Safety Advisories Portal (August 2025), the next major target in the Commission's commitment to transparency is to include Certificates of Analysis (COAs) in the upcoming Metrc Product Catalog update, and separately to include "raw" testing data on the Open Data platform on a quarterly basis starting in February 2026.

c. 12/11/25 Target (2): The Data Team has completed building out the automation for processing the current Open Data reports, data, and visualizations, and is in final testing prior to operationalizing the process. This will result in savings of 3-4 hours per week and allow for a regular cadence of updates moving forward. Additionally, completion of the previously announced project to transition all MMJOS Licenses to MassCIP is substantially complete and will also improve efficiency and accuracy of licensing data. Additional changes required include transition of MMJ Agents from MMJOS to MassCIP, launch of the Patient Allotment Management within Metrc and transition of JD Software's data from report-based to data exports. These projects are dependent on our third-party platform providers to complete. Ultimately, additional improvements/replacement of the MMJOS and MassCIP systems are required to provide complete, robust data access and reporting.

d. Other Targets, Budget Dependent: Issuance of RFPs for the MMJ platform (MMJOS) and the Licensing Platform (MassCIP) are dependent on funding, referenced in Goal #2. Full implementation of the Data Lake and data automation are also limited by budget constraints to access all features and support available under the Microsoft expanded support agreement.

- **(#8c) Policymaking Support**
  a. Goal: Enhance efforts to track ongoing policy development
  b. 12/11/25 Target: Deliver Exclusivity timeline update provided on 9/11/25, draft report from UMass Donahue received as draft with completed document to be provided to Commissioners in December 2025 for decision with time allowed for potential promulgation, if needed, by April 2026

- **(#9) Equity Programming**
  a. Goal: Create 5-Year Strategic Plan
  b. 12/11/25 Target: Following the launch of EquityWorks Career Hub (June 16, 2025) and the completion of a 5th Social Equity Application Period (opened August 1, 2025 through Sept. 30, 2025) the ED and COS reviewed a draft 5-Year Strategic Plan with EPCO staff. As of 12/11/25, this discussion for future public meeting is on hold until the resolution of various topics:
     i. DIA Map (listening session held 11/6/25)
     ii. National case law review needed prior to finalization of Plan
  c. Other Considerations:
     i. Discussion should be held until January 2026 for inclusion of Director of EPCO.

- **(10) Regulatory Modernization *(Now Referred to as "Red Tape Removal")***
    a. Goal: Leverage Legislative action with regulatory changes to address challenges of Agency and industry
    b. 12/11/25 Target: At the time of goal-setting, assumption was completion of Social Consumption regs would be followed by a regulatory round focused on modernization and streamlining (internal priorities of Commissioners, I&E, Legal and external priorities of the industry); this approach has been adjusted to focus streamlining efforts through the **Red Tape Removal Working Group (RTR-WG):**
        i. RTR-WG is a group of internal and external representatives; the Working Group will compile a list of regulations and related policies that may be updated to streamline processes for the Agency, Industry and other stakeholders
        ii. Intent is for external stakeholders to review and make recommendations on additions to total list, then provide feedback on prioritization of list for next regulatory round of Commission
        iii. At the time of goal-setting, Legislative action was not anticipated. As of December 11, 2025, the MA Senate has taken up the MA House bill and is proceeding with activity that would require regulatory changes, including:
            1. New processes for Accounts Receivable that will require regulatory changes
            2. Removal of the Vertical Integration requirement for Medical, and addition of Medical Patient Reciprocity option for out of state card holders that will require new regulations
            3. Changes in ownership limits
            4. Other items to be reviewed in final product

- **(11) Social Consumption Regulations**
    a. Goal: Complete Social Consumption regulations and begin implementation
    b. 12/11/25 Target: Complete Social Consumption regulations by the end of the calendar year, will look as follows if voted on 12/11/25:
        i. Submit to Secretary of State by 12/19, regulations to be promulgated 1/2/26
    c. Numerous Working Groups have been established for implementation when regs complete:
        i. Implementation Working Group
        ii. Local Advisory Working Group
        iii. Public Awareness Working Group
        iv. RVT Working Group (Responsible Vendor Training)

Cannabis Control Commission
COMMONWEALTH OF MASSACHUSETTS

- **(12) Organizational Structure**
    a. Goal: Evaluate the organizational structure to ensure that Agency resources are used efficiently
    b. 12/11/25 Target: Given the delays in adequate funding within the FY2026 budget, the Executive Director provided a Management Summary by department and division including:
        i. Current Staffing Level, compared with FY2026 request and FY2027 request
        ii. Current Staffing Level, less positions within Hiring Freeze
        iii. Current Staffing Level, less current continuous leave

    This Summary will be used for planning of new mission-expansion discussions (e.g. implementation of Social Consumption regulations) as well as discussions of how resources should be prioritized and applied when the current budget shortfall is addressed. Proposed changes for consideration presented to Commissioners regarding Complaint Resolution Administrator (CRA) and Director of Testing. Certain changes are budget dependent.

Other considerations as of Dec. 11, 2025:

- Proposed regulatory expansion of the Agency's mission (e.g. Social Consumption License Types being created) will require changes to the approach for the budget (Goal 2) and organizational structure (Goal 12), among other impacts.
- A potential Legislative expansion of the Agency's mission (e.g. Accounts Receivable) will require changes to the approach for budget (Goal 2) organizational structure (Goal 12), among other impacts.

Note: the next Full Report, through Q2 of FY2026, is scheduled for January 2026. Link to FY2026 Q1 Full Report is above.

Memorandum

To:	Commissioners
Cc:	Travis Ahern, Executive Director
From:	Matt Giancola, Director of Government Affairs and Policy
Date:	December 25, 2025
Subject:	**December 2025 Government Affairs Update**

Legislative Update

Municipal Update

Municipal Law Unit

The Attorney General's Municipal Law Unit (MLU) issued one marijuana-related decision during the past month.

Town of Billerica: The MLU approved and disapproved in part the Town's new zoning-bylaws and provided comments on portions of the recodified by-laws related to medical marijuana treatment centers and adult-use marijuana establishments. The Town relocated existing provisions into new sections of the bylaws without updating substantive language but because both the medical and adult-use bylaws were originally adopted in 2014 and 2018 respectively, several provisions now conflict with updated Commission regulations. Key issues include outdated references to the former Department of Public Health and its rescinded regulations and buffer zone measurement requirements that differ from current Commission standards. Given these conflicts and relevant precedent confirming municipal preemption when bylaws impose requirements inconsistent with Commission regulations, the MLU advised the Town to consult counsel and consider future Town Meeting amendments to ensure alignment with state law.

Memorandum

To:	Chair, Commissioners
Cc:	Chief of Investigations and Enforcement, Nomxolisi Jones, Chief People Officer, Debra Hilton-Creek
From:	Executive Director, Travis Ahern
Date:	December 5, 2025
Subject:	Review of Director of Testing Vacancy – FOR INFORMATION

SUMMARY:

Exit interviews with three (3) recent and Directors of Testing (DOT) as well as debriefs with internal staff and external stakeholders illustrates the concern that the current job description for the DOT is in need of review. When the position was developed, the assumption was that the CCC would eventually have within its portfolio a state-run reference lab, and the Agency has recruited individuals with lab experience who have struggled to operate in an entirely regulatory (office) environment, leading to retention issues.

In the broader testing space, next steps for the CCC include reviewing and providing recommendations from 3rd party consultants to Commissioners on changes to testing regulations, protocols, and policies. As such, its reasonable to conclude that the primary **short-term** focus, to support the testing and lab space, is someone with a strong regulatory background, and the CCC can pursue the appropriate lab-experience in a candidate if/when an internal reference lab becomes a reality.

Three (3) scenarios below explain the necessity of pursuing a short-term option that achieves the immediate objectives of the CCC, while also preparing the organization for potential future expansion of the mission (e.g. creation of an internal reference lab with appropriate budget, statutory changes to move intoxicating hemp under the Agency, etc.).

Three (3) Scenarios:

1. Status Quo (Budget Constraints / Hiring Freeze, No Legislative Changes):
    a. Agency has filled the Director of Testing position twice since August 2024. Exit interviews and debriefs highlight issues with the expertise required in the job description. Significant recruitment efforts (time and resources) for short-lived tenures:

i. DOT left in August 2024
ii. DOT brought on in February/March 2025, left for lab opportunity
iii. DOT brought on in Sept. 2025, left for lab opportunity

b. Agency employs a Testing Manager and four (4) Lab & Testing Analysts that temporarily report to the Director of Enforcement Training during the vacancy.
c. Agency has already issued bulletins, administrative orders, and engaged in ITL listening sessions, monthly meeting and worked with two (2) consulting firms to review existing regulations, protocols and policies and make recommendations on modernization and standardization; I&E and Testing team set to bring proposals through CIE to ED to Commissioners in early 2026 for consideration/adoption.

2. Creation of an Internal Reference Lab
   a. Agency receives the funding to buy or lease laboratory space (via DCAMM procurement which will take time).
   b. A Director of Testing (or equivalent) would be required to lead the lab build out (working with procurement staff on scope of work), and ensure the Testing team was properly staffed and trained for this new workflow.
   c. Full procurement and build-out of space does not currently have a cost estimate, current cost estimate for additional staff (above current level) is $300,000 and is subject to change due to additional costs related to instrumentation, etc.

3. Legislative changes expanding the mission of the CCC with intoxicating hemp / other
   a. Senate bill (draft) would include annual review of testing protocols, requiring access to 3rd party consulting or the internal expertise for annual review of protocols.
      i. Working Group needed to develop a budget based on final Legislative package, specific to areas that expand current mission.
   b. Agency would receive significant funding with new legislative package and could build out new compliance mechanism(s) in the organizational chart that includes:
      i. Review of out-of-state laboratory reporting on hemp products based on newly developed protocols and SOPs applied to both in-state (potentially under joint jurisdiction with MDAR) and out-of-state.
      ii. Complaint Resolution Administrator (CRA) position can be placed under different management to avoid adding additional work to I&E.
      iii. QA/QC mechanisms further built out.
   c. Testing team expands, potentially requiring Director of Testing (or equivalent)

d. The creation of entirely new protocols for hemp are required, either requiring Director of Testing (or equivalent) or re-engagement with 3rd party consulting.
    i. Review the mirroring of the State of Minnesota's cannabis and hemp regulatory package.

Summary of Considerations and Challenges for Long Term Solutions:

- The Agency has been under-resourced from the beginning of its existence, leading to competition for resources in each department, including personnel and operating budgets. The end result was an organizational structure that developed organically over time. The current structure is not "right" or "wrong," but it is under review by the Executive Director so that the necessary adjustments can be made.
- Current budget constraints have, and will continue to, limit the opportunities for the Executive Director to provide holistic improvements to the organizational chart, but the planning for these changes and future opportunities is underway.
- Timing will become a major factor in the re-development of the organizational structure of the Agency. Recent recommendations from the OIG and the SAO lend credence to changes that support more checks and balances within the Agency's processes, but the timing is not supported by the current budget.
- Some changes to the organizational chart are needed to accommodate Agency growth based on expanded workload (e.g. Ch. 180's HCA review process and Social Consumption regulations for three new license types). This is contradicted by the current budget that has resulted in a hiring freeze impacting all departments of the Agency.
- Opportunities for organization-wide efficiencies include, but are not limited to, consolidation of certain functions and a significant investment in IT Infrastructure that would allow for greater automation of processes.
- The Executive Director's desired long-term approach is to move a variety of other positions/functions (such as the CRA) under a Chief position to-be developed (e.g. a Chief Operations Officer, COO), allowing the Chief of Investigations & Enforcement to oversee all elements of Licensing, Investigations and Enforcement. The Testing team, in this instance, may be assigned to a different Chief.
    - It must be noted again that investigatory functions related to Testing will remain within I&E, and separating Testing compliance will, by its nature, require an increase in headcount.
- Where this Chief position is not currently possible to be funded given the many critical needs being juggled within an unbalanced FY2026 budget, the Executive Director, in consultation with the Chief of Investigations and Enforcement and Chief People Officer have presented three (3) Short-Term options for consideration.

Options for Consideration [Short-Term]:

1. **Recruit (i.e. repost) the Director of Testing** with same job description, including minimum qualifications for lab experience and regulatory background:
    a. Pros: Capacity is built internally and in place if/when an internal reference lab is able to move forward with funding, or if/when intoxicating hemp regulations need to be built off of a new statutory mission. Budget neutral.
    b. Cons: History demonstrates that, prior to having internal reference lab needs, the current design of this job description has resulted in short-lived employment the last three times a candidate was hired due to the complex nature of the position, it requires compliance, regulatory/policy and scientific background.

2. **Change title "Director of Testing Compliance"** and adjust job description to focus on regulatory background and management experience, leading the Testing team through updates to the testing protocols recommended by 3rd party consultants and approved (TBD) by Commissioners:
    a. Pros: Addresses the concern that a Director of Testing position expected too much in terms of scientific/regulatory experience, focusing instead on the regulatory/compliance needs specifically. Budget neutral.
    b. Cons: Becomes an outdated position if/when the Agency moves ahead with an internal reference lab or expands with new mission focuses (e.g. hemp).

3. **Create a** "**Deputy Director of Investigations"** position within I&E that can manage the implementation of updated testing regulations, protocols, and policies:
    a. Pros: Supports the management capacity of I&E's largest division (under DOI) and can effectively act the same as the "Director of Testing Compliance" above, but pivot to being a standard #2 to the DOI if/when the Testing team is moved in the future with potential/known changes and growth (i.e. reference lab, hemp, etc.) It will also help with honing the testing team's compliance skills and create uniformity. Budget neutral, potential reduction.
    b. Cons: A short-term solution that requires moving the Testing team under the DOI (and proposed Deputy DOI), where the Testing team may then move under a different reporting structure with other potential/known changes (i.e. reference lab, hemp, etc.)

Lastly testing is a process of refinement, and legislative proposals for annual protocol revisions, the Commission would need to procure testing consultants on an ongoing basis.

Background Information for the December 11, 2025 Public Meeting

Proposals for Next Steps – Two Separate Agenda Items Under X. "Commission Discussion/Votes"

1. **Agenda Item X.5 "New Metrc Product Catalog with COA's" –** ***Metrc Rep***
    a. Metrc has changed its capabilities (and addressed previous concerns about additional cost), which will allow for COAs to be displayed in the product catalog. They've built this out for the State of Nevada and can be ready to launch this functionality when the Commission's team is ready with some policy changes (below) and preparatory work for linking the catalog to the Commission's website.
    b. **ACTION ITEM:** To accomplish this, the CCC would need to change its current data retention process by **creating a retention policy** that allows for old files to be removed from the catalog after a certain period of time to create space for COAs to be in the catalog – this could be done by February 2026 in time for a proposed launch of this new feature.
    c. Metrc will join the Commission at its public meeting on December 11, 2025, to discuss this new functionality.

2. **Agenda Item X.6 "Updates to Testing Data on the Commission Open Data Website" –** ***CTIO Clark***
    a. A proposal for quarterly releases of raw testing data from Metrc (on a 30-day lookback basis) is a planned for an agenda item at the December 11, 2025, Public Meeting, and is a commitment that has been made by the CTIO and Director of Data Analytics in terms of staff resources required to meet this proposed goal. Additional data related to various other testing fields (e.g. heavy metals) can also be added to future data releases on a quarterly basis.
    b. **ACTION ITEM:** It should be noted as well that a few items must be developed prior to the February 2026 target of updating the Open Data testing data quarterly:
        i. A comprehensive disclaimer should be developed and accompany said raw data, as external parties that use the data would not be doing so on behalf of the Commission
        ii. If the desire of the industry and the Commission is to go from anonymized to de-anonymized data (i.e. going from de-identified Testing Lab A, to identified Testing Labs, or adding Strain Name which is proprietary to the cultivator/manufacturer) then **the Commission will need to develop a waiver (including indemnification for the CCC) for Labs to allow this identification**, as otherwise this data is considered proprietary for multiple reasons, including confidential client lists. These actions (e.g. waivers, etc.) would need to be developed and disseminated (and waivers executed) prior to the new Open Data information launch, or the quarterly file would need to remain anonymized / de-identified until such time that this waiver process is completed.

  - **Consideration 3 – Hemp / MDAR**
    - **Pre-legal edit recommendations (Report version 10):** "Consideration 3: A better understanding of the hemp-derived cannabinoid market in Massachusetts and nationally may better inform how Massachusetts can ensure public health and safety in the evolving hemp and cannabis markets, as well as understanding hemp's impacts on cannabis markets. - **<u>Consideration #6 re: MA Regulations / Federal Standards</u>**
  - **Pre-legal edit recommendations (Report version 10):**
    - "Consideration 6: Sans federal testing mandates, standards, and practices, real-world ("applied") industry data are constructed for industry tracking (but not research evaluation and monitoring). Currently, we cannot discern the true scope of potency or contaminant testing issues using valid and reliable metrics due to the inability to discern true 0s vs. null 0s, biasing any quantitative analyses using Massachusetts data. Potency appears to be gradually increasing across legalized states nationally, which is important to monitor for licensee compliance and public health/safety. The goal should be to increase the accuracy of test results. Intermixing real vs. inflated or null results leads to inaccuracies in reporting and monitoring, and hampers the ability of regulators across the country to understand the true scope of potency and contaminant testing concerns, including both rising real potency and inflated test results."
  - **Post-legal edit recommendations (Report version 11):**
    - "Consideration 6: Sans federal testing mandates, standards, and practices, real-world ("applied") industry data are constructed for industry tracking (but not research evaluation and monitoring). Currently, there are challenges and limitations for researchers with the manner in which ITLs report and Metrc retains information (such as the issue of default or "null" 0s) which could be streamlined for research purposes. Potency appears to be gradually increasing across legalized states nationally, which is important to monitor for licensee compliance and public health/safety. Researchers would benefit from data that can be analyzed in a more straightforward manner. Intermixing real and "null" results hampers the ability of regulators and researchers across the country to continue improving policy."
      - Comment from Legal on Consideration 6: "Edited to try and reflect the research perspective without clashing with the testing compliance monitoring perspective."
  - **Post-legal edit recommendations (Report version 12):**

Historical Timeline of Data Requests from Research to Data Team:

Where it is clear that no data was removed from the 2025 Industry Report (see above), there has been other discussion on how data is requested by and provided to the Commission's Research Department.

Some proposed changes to this process are listed below in the Conclusion, but the history of Testing Data related to the 2025 Industry Report is as follows:

- 9/13/2022 COR Reached out to the CTIO requesting approval to meet with the Data Team to begin preparing for the Industry Report. CTIO responded with approval but requested to wait a couple of weeks as DDA was working on responses for the SAO Audit as Commission priority.
- 9/14/2022 Research Team reached out to the Data Team requesting meeting to begin preparing for the Industry Report
- Discussions continued between the Data Team and Research on data availability and began providing data for analysis. The focus of these conversations was around updated information from the previous Industry Report regarding patients, agents, demographics and other data from the Licensing system.
- 5/31/2023 COR sent email to CTIO on outlining data request for the Industry Report. This request outlined detailed lists of Industry Participation, Product Tracking/Seed to Sale focused on sales by product categories. Testing data related to THC and CBD was requested by product category, service size, it did not specify details nor other analytes.
- 8/30/2023 Meeting between Research and Data Team identifying outstanding items the Research Team requested for Industry Report, summary email was sent to team and Helpdesk #4571.
- 9/11/2023 A follow-up Helpdesk 4939 was sent with outstanding items requested for the Industry Report. This was merged with request 4571.
- 9/28/2023 COR sent follow up email to Licensing Analyst, CTIO and Helpdesk ticket 5376 highlighting outstanding data. Only items highlighted:
    - Seniority/role - board member, executive, director, manager, employee, etc.
    - EEA Status of place of employment
    - DBE status of place of employment
    - ADI status of place of employment

- 10/18/2023 First response to MCR PRR Request with Testing Data Apr 2021-Dec 2021 shared with requestor via ShareFile
- 11/17/2023 Second set of testing data covering 2022 shared with ProVerde and MCR via ShareFile
- 12/13/2023 Marianne sent email to Research alerting them that the PRR Testing Data for Apr 2021-Dec. 2022 was available on Tableau.
- 1/12/2024 Third set of testing data covering Jan-Jun 2023 shared with ProVerde and MCR via ShareFile
- 1/24/2024 Research team requested meeting with Data Team to review questions regarding testing data provided, confirming receipt of testing data in December 2023

- 3/11/2024 CTIO Clark gave Research access to a much larger, non-anonymized version of the dataset. This new dataset was both "wider" (containing far more columns with additional information about each test reported) and "longer" (extending through December 2023 instead of December 2022) than the PRR dataset we received in December 2023.
- Upon receiving this access, Research redid the analyses with this new dataset. The new data did not substantively alter any of the results or findings, beyond extending the timeframe, and Research did not use most of the additional columns present in this dataset.
- 10/9/2024 Dr. Sarkis informed Research that the dataset CTIO Clark provided was not intended for use outside the IT Department because it was non-anonymized, and that she would prefer Research use a cleaner, anonymized dataset.
- 10/15/2024 Research met with the AED, IT, and Director Curley to discuss whether and how to update the Testing section of the report. It was agreed that Research staff would redo the testing data analyses with the PRR dataset provided by Dr. Sarkis.
- 10/31/2024 Dr Sarkis provided Research on 10/31/2024 with the PRR dataset that had been sent to the Wall Street Journal in response to their inquiry earlier in the summer. Research staff noted that the updated data did not lead to a "substantive" change to our analyses and findings.

Conclusion:

Statements made at the Nov. 18, 2025, related to the removal of data from the 2025 Industry Report were misstated and/or misleading. No data was removed from the 2025 Industry Report. Changes were made to the Report during the standard iterative process that Research undertakes when producing documents, including feedback from colleagues and eventually Commissioners.

In terms of wording of "considerations," the changes have been laid out before-and-after suggested edits were incorporated, and the Board may choose to amend the Report if they feel wording may be improved. From the Executive Director's perspective, there is no need for any amendments to the 2025 Industry Report, as the "considerations" appear to have been improved for clarity through the standard review process undertaken by the Research team.

The Q&A from March 2025 notes that feedback outside of the stated review period created workflow issues for the Research team and was one cause of delays in delivery of work product, and moving forward the Executive Director will support the Research team by ensuring that timelines are adhered to by all departments that may provide feedback on the iterative process of document production.

Relating specifically to the question of data, which was raised by the misstatements on Nov. 18, 2025, the history here was covered previous to the Executive Director's arrival, but is summarized here for posterity:

The timeline of data requested from the Research team (via the Data team) illustrates the nature of the request prior to a PRR by an ITL (illustrated above), and supports the need for a process improvement by which a PRR for data that is answered by the Data team should, as a best practice, be provided to other Departments/Divisions within the Agency, such as the Research Department, I&E, etc. Outside of this potential process improvement, the data that was requested was provided, and moving towards a proactive process for

data dissemination from the seed-to-sale system is a natural next step given the significant improvements that have been made by Metrc in the last two (2) years with improvements to data access capabilities and documentation.

Memorandum

To: Chair, Commissioners
Cc: All Departments
From: Executive Director Travis Ahern
Date: December 3, 2025
Subject: Social Consumption Regulations – Implementation

Preliminary Outlook for Implementation of Social Consumption Regulations

Anticipating a potential final vote by Commissioners on December 4, 2025, the Executive Director will look to review the initial implementation approach (subject to change) and outline of timeline for accepting applications based on several factors, namely financial resources and a dependence on 3rd party vendors. The lessons learned from the implementation of Ch. 180 processes have informed this approach.

A summary of the approach is below, including the creation of Working Groups, the impacts of budget on resource availability and staff capacity, and potential outcomes for all three (3) license types.

Social Consumption – Working Groups:

Similar to past implementations of significant regulatory changes, various Working Groups with different anticipated life cycles have been established for specific purposes:

- Social Consumption Implementation – Sponsor: ED
  - Internal – I&E / IT focused, but inclusive of inter-disciplinary staff
  - Consults with other Working Groups
- SC Local Community Advisory – Sponsor: Chair O'Brien & Cmr. Benedon
  - Lead: Government Affairs & Policy (GAP)
  - Consulting: MMA, MA Mayors, AGO Local Gov, SoS, Community Officials
- SC Public Awareness – Sponsor: Cmr. Stebbins & Cmr. Benedon
  - Lead: Communications & Digital and Creative Services
  - Consulting: CAB, DPH, Local BOH, EOPPS, Highway, Gaming

    - Note: No specific funding was approved within the FY2026 budget for public awareness campaigns
- SC Responsible Vendor Training (RVT) – Sponsor: Chair O'Brien & Cmr. Stebbins
    - Lead: I&E, incl. Director of Enforcement Training
    - Consulting: CAB, MPTC, EOPSS, Mass Chiefs, ERS, DPH, BOH

Next Steps After Finalization of Regulations – Budget Impacts [Projections, not Actual]:

With three (3) new distinct license types, which all require their own robust SOPs and creation within our IT platforms (MassCIP, Metrc, etc.), the initial question is how to phase this workflow to get to the point where the CCC is prepared to accept license applications.

Within the current FY2026 budget environment and subsequent hiring freeze, below are two (2) scenarios for implementation. The first includes no additional resources prior to July 1, 2026 (FY2027) and the second assumes additional resources from the Legislature, which will also require time to recruit staff with those resources.

The FY2027 budget request (based on projections) for the Cannabis Control Commission includes an ask of $3.9 million in funding to allow for the implementation of the three (3) new license types for Social Consumption. This funding will allow for $1.5 million to be allocated for a public education campaign to prevent underage consumption, address the risks of high-potency products, raise awareness about cannabis-impaired driving, and educate constituents about responsible on-site social consumption. In the preliminary request, $1.7 million will be allocated to increase staffing levels in Investigations and Enforcement (I&E) to manage the increased workload attributed to licensing, regulating, and enforcing the Social Consumption license types, which may present new needs for staff availability at night and on weekends, in turn this would require that the Commission develops overtime pay and compensatory time policies. This funding will also provide staff with the required training and equipment needed to safely license and enforce the social consumption license type. An additional $700k is needed to enhance the internal IT platforms updates that will be required for an additional license type, updates will also be required within Metrc, the seed to sale inventory software utilized by staff and the Cannabis industry.

Specifically within the FY2027 request, by category, the staff costs are projected at $1.3 million for I&E Staff, $255,000 for IT Staff, and $175,000 for Legal Staff. The operational costs are projected at $2.1 million which includes the $1.5 million for public awareness.

An FY2026 supplemental budget request has been submitted to A&F, and the below scenarios may be updated when additional information is available.

Scenario 1 – Status Quo for Resources:

Without any additional resources, approaching the three (3) new distinct license types, will require (at a minimum) the development of distinct and robust SOPs as well as creation within our IT platforms (MassCIP, Metrc, etc.). To provide additional context, the last time a new license type was approved in regulation, Delivery Operator License, the regulations were approved in November 2020, the licensing software (MassCIP) began accepting those applications in May 2021, and the first commerce operations was in April 2022.

For these reasons, the Supplemental license type stands out as the focus out of the gate for a Phase 1, getting a license application up and running when the IT infrastructure is in place, followed by a Phase 2 for Hospitality and Event Organizer. It is important to note that certain Ch. 180 deliverables are still on hold due to IT Infrastructure upgrades not being funded in the FY2025 or FY2026 budgets.

The Supplemental License Type will include existing licensees who have gone through the HCA process with their host communities, the licensing process with the CCC, and will be proposing carve outs within space that has already been reviewed and approved by the CCC.

Scenario 2 – Additional Resources from Legislature:

From time to time, the Legislature will enact a supplemental budget, either closing out the previous fiscal year or supplementing the current budget. There is no limit to the number of supplemental budgets that can be adopted, but generally, we see one develop through the late Summer to late Fall, and one in the Winter/Spring. These supps can fund one or multiple departments, or focus on one or more issue-areas. They can also be debated for months or enacted very quickly in emergencies. To request supplemental funding, Commission staff send an email or formal request letter to our designated Senate and House Ways and Means Fiscal Analysts.

With additional resources, the organization would hire staff for Licensing (3 new license types), Investigations, and Training, as well as IT and legal support. Hiring these positions will take, on average, 2-3 months for recruitment, and additional time for onboarding. HR support, training support, and time are required for a successful process of staffing-up to new workflow.

Simultaneously, existing staff would begin to build out the IT systems with the 3 new license types, I&E would begin to develop new SOPs for these license types, and Responsible Vendor Training (RVT) curriculum would be developed for agents in the industry.

For these reasons, the Supplemental license type stands out as the focus out of the gate for a Phase 1, getting a license application up and running when the IT infrastructure is in place, followed by a Phase 2 for Hospitality and Event Organizer.

The Supplemental License Type will include existing licensees who have gone through the HCA process with their host communities, the licensing process with the CCC, and will be proposing carve outs within space that has already been reviewed and approved by the CCC.

Conclusion:

With a current assumption that the Social Consumption regulations will be completed on or about December 4, 2025, the Commission will immediately go about balancing the implementation of these new license types. However, it must be noted that the same impediments to the rollout of other regulatory changes (that came on the heels of Ch. 180) will face the Commission staff, namely the lack of resources to hire staff for new workflow, and the limitations of the Agency's IT Infrastructure which at this point, even if funded, will delay the roll-out of new license types as these new license processes must be built into existing technology platforms.

One option to offset the new workflow for Licensing is the potential to "freeze" new license applications for other license types, allowing for a focus on this new license opportunity.

The initial roll out of these license types will be organically limited by the number of host communities that "opt in" to Social Consumption, therefore limiting the number of potential applicants at the beginning of the process. The communities that have proactively engaged with the Agency to prepare for these new license types include, but is not limited to (alphabetical order):

- Cambridge
- Chelsea
- Fitchburg
- Haverhill
- Holyoke
- Provincetown
- Somerville
- Worcester

Additional communities that have discussed meetings to review the regulatory package include: Boston, Brockton, Easthampton, Northampton, Georgetown, Gardner, Pittsfield, Springfield and West Springfield.

(d) A Host Community shall negotiate the terms of an HCA in good faith.

(e) Each of the parties shall ensure that HCAs satisfy the following minimum acceptable requirements:

1. The parties shall ensure that references in an HCA to a License Applicant or Marijuana Establishment are consistent with both the business entity name certified and recorded with the Secretary of the Commonwealth and the business entity name stated either in a License Applicant's license application or on a Marijuana Establishment's license record as maintained by the Commission.

2. The parties shall ensure that HCAs set forth all of a Host Community's conditions for allowing a Marijuana Establishment or a License Applicant to operate in the community. A Host Community may not contract for any purpose, on any terms, or under any conditions inconsistent with any applicable provision of Massachusetts General Laws. No Host Community may impose an unreasonable condition or a term that is Unreasonably Impracticable in an HCA. A condition may be presumed reasonable if:

a. The condition is required under a Host Community's local rules, regulations, ordinances, or bylaws;

c. The condition has been deemed necessary to ensure public health and proposed by the chief public health authority in a Host Community with explanation and detail why the condition is necessary for public health.

d. The condition is a local requirement customarily imposed by a Host Community on other, non-cannabis businesses operating in the community;

e. The condition is required by law;

f. The condition does not conflict with other laws; or

g. The condition is otherwise deemed reasonable by the Commission based on particular circumstances presented by an HCA or contracting parties.

a. A provision requiring a Host Community to annually transmit its invoice of claimed impact fees to a Marijuana Establishment within one month of the anniversary of the date a Marijuana Establishment received final licensure;

b. A provision explicitly identifying any generally occurring fees to be charged by a Host Community. Generally occurring fees are customarily imposed on other non-cannabis businesses operating in a Host Community and shall not be considered a CIF (*e.g.*, routine water, property tax, sewer, trash pickup *etc*.).

4. The parties shall ensure that HCAs include the following information:

a. The specific Marijuana Establishment license operations permitted under the terms of the HCA;

b. The name, signature, and title of the individual(s) authorized to enter into HCAs

on behalf of a Host Community as a contracting authority;

c. The name, signature, and title of the individual(s) authorized to enter into HCAs on behalf of a License Applicant or a Marijuana Establishment as an authorized representative;

d. The date(s) of execution by both parties;

e. The effective date of an HCA; and

f. The duration of an HCA.

5. The parties shall ensure that HCAs provide clear, specific terms regarding a Host Community's assessment of a CIF if applicable, including, but not limited to, a provision requiring a Host Community to transmit its invoice of claimed impact fees to a Marijuana Establishment within one month of the anniversary of a Marijuana Establishment's final license date.

(f) The parties may include a clause in an HCA whereby the parties voluntarily agree to bring HCA disputes before a private mediator retained by the parties. Neither party may unilaterally compel private mediation.

(g) Approval of HCAs may be conditioned on a Host Community being in good compliance standing with the Commission relative to any HCA to which the Host Community is a contracting party.

(h) The Commission may deem a provision of an HCA invalid, and therefore unenforceable, based on a finding that the provision violates M.G.L. c. 94G, 935 CMR 500.000 or 935 CMR 501.000: *Medical Use of Marijuana*. The Commission may also declare an HCA or a provision of an HCA voidable upon deeming the HCA as a contract of adhesion.

(j) A Marijuana Establishment that seeks a name change pursuant to 935 CMR 500.104(1) after execution of an HCA must provide notice of the change to the Host Community in a form and manner determined by the Commission. A Marijuana Establishment that seeks a location change to another Host Community shall submit a new HCA to the Commission. A Marijuana Establishment that seeks a location change within the same Host Community after execution of an HCA may be required to provide an amended HCA to the Commission. A Marijuana Establishment that submits a Change of Ownership request for the transfer of a license may be required to submit a new or amended HCA to the Commission.

(k) Prohibitions.

1. No License Applicant, Marijuana Establishment, or Host Community shall enter into an HCA that includes a promise to make a future monetary payment, in-kind contribution, or charitable contribution. A License Applicant or Marijuana Establishment may voluntarily provide organizations with monetary payments, in-kind contributions and charitable contributions after executing an HCA, as long as a License Applicant or Marijuana Establishment's actions are not performed because of a condition imposed by a Host Community, whether explicitly or implicitly.

2. A contractual financial obligation, other than a CIF, that is explicitly or implicitly a factor considered in or included as a condition of an HCA is unenforceable, subject to the following exceptions:

a. References in an HCA to a Marijuana Establishment's obligations to pay any fees associated with sales tax, excise tax on Marijuana and Marijuana Products, optional local tax, or as otherwise provided in M.G.L. c. 94G, M.G.L. c. 64H, and M.G.L. c. 64N.

3. If the Commission substantiates an allegation of noncompliance with HCA regulatory requirements, then the Commission may take administrative or enforcement action against a Licensee or a Host Community including sending a notice of deficiency, requesting additional information, or otherwise taking action as provided under 935 CMR 500.000.

2. The Commission may make a final determination on Gross Annual Sales relying on the factors in 935 CMR 500.180(4)(c)3., and any additional information gathered. The Gross Annual Sales determined by the Commission, pursuant to 935 CMR 500.180(4)(c)3., shall be used for purposes of the CIF in circumstances where product was wholesaled or otherwise sold or transferred to other Licensees at no cost or reduced cost, and shall not be used for any other purposes related to other obligations, including tax filings, for a Marijuana Establishment.

2. In circumstances where a Host Community imposes a cap on the number of Marijuana Establishments or MTCs that may obtain local approval to operate, if a Host Community later decides to allow additional Marijuana Establishments or MTCs, at least 50% of those licenses, but no less than one license, above the previously-established cap shall be reserved for: License Applicants that are Social Equity Businesses; License Applicants that have been designated as Social Equity Program Participants, Economic Empowerment Priority Applicants, or both; or individuals or entities verified or pre-verified pursuant to 935 CMR 500.101(7), including pre-verified individuals or entities that have already been designated as Social Equity Businesses, Economic Empowerment Applicants, or both. (d) Prohibited practices.

1. No municipality or Host Community shall negotiate an HCA with an equity party through the use of undue influence, duress, coercion, intimidation, threats, or any strong-arm tactics.
2. No municipality or Host Community shall threaten loss of an equity party's position in its local application queue or delay to the processing of an equity party's application.

(2) The Commission may also delegate suitability determinations to the Executive Director, who may appoint a Suitability Review Committee (Committee) to advise the Executive Director.

(3) All suitability determinations will be made in accordance with the procedures set forth in 935 CMR 500.800.

(4) Suitability Review Process.

(a) Designated Enforcement staff (staff) shall conduct background checks and gather information and evidence applicable to a subject's suitability and make a recommendation as to suitability and, as appropriate, a cure. Staff may make an adverse suitability recommendation on finding information and evidence that would result in a Mandatory Disqualification, Presumptive Negative Suitability Determination or that would support a Negative Suitability Recommendation.

(b) Before making an adverse suitability recommendation, staff shall consult with the Executive Director or the Executive Director's delegee(s). The Executive Director may dispose of the matter or direct the Committee to institute a review of suitability or take any action consistent with M.G.L. c. 94G.

(c) If the Executive Director institutes a suitability review, the staff shall send the written

notice of an adverse suitability recommendation that identifies the Person or entity subject to suitability review, the particular offenses or conduct relied on and whether that the offenses or conduct results in a Mandatory Disqualification or Presumptive Negative Suitability Determination, or supports a Negative Suitability Recommendation, and reasons for that determination.

(d) The notice of an adverse suitability recommendation shall provide an opportunity to cure the suitability issue by removing the subject from its application. To the extent that an applicant can propose a cure, for example, by removing a subject from an application, the cure shall be done in a manner determined by the Commission.

(e) The notice of an adverse suitability recommendation shall provide the subject with the opportunity to request an informal proceeding before the Suitability Review Committee.

(f) A request for an informal proceeding shall be submitted in a form and manner determined by the Commission and no later than 14 business days following the effective date of the adverse suitability recommendation. Requests received after 14 business days may be considered at the discretion of the Executive Director or the Committee.

(g) On notification of an adverse suitability recommendation and receipt of an informal proceeding request, the Committee shall initiate a proceeding, make a recommendation and/or take other action(s) after consultation with the Executive Director.

(h) If an applicant or a subject does not make a timely request for an informal proceeding before the Committee, the Executive Director may forward the adverse suitability recommendation to the Committee for a review, make a suitability determination, or take any action consistent with M.G.L. c. 94G.

(5) The Committee shall:

(a) Consider and review whether offense(s) or information resulting in a Mandatory Disqualification or a Presumptive Negative Suitability Determination under 935 CMR 500.801: *Table A* and 935 CMR 500.802: *Tables B* through *D* and 935 CMR 500.803: *Table E*, as applied to the subject, renders the subject unsuitable for licensure or registration;

(b) Consider and review whether offense(s) or information not otherwise set forth in 935 CMR 500.801: *Table A* and 935 CMR 500.802: *Tables B* through *D* and 935 CMR 500.803: *Table E* would result in a Negative Suitability Recommendation and renders the subject unsuitable for licensure or registration; and

(c) Subsequent to its review of a suitability matter, make recommendations to the Executive Director, or the Commission, or a Commission Delegee(s).

(6) When reviewing an adverse suitability recommendation by staff that there is an offense resulting in a Mandatory Disqualification, the Commission shall consider credible and reliable information demonstrating that:

(a) The disqualifying event was based on erroneous information or evidence; and

(b) The subject can demonstrate that prior to the informal proceeding, the adverse suitability recommendation can no longer be supported because the error was corrected.

(7) When reviewing an offense resulting in a Presumptive Negative Suitability Determination, the committee shall take into consideration the following factors:

(a) Nature and Specific Circumstances of the Offense or Incident:

1. Time since the offense or incident;
2. Number of offenses or incidents;
3. If criminal, sentence imposed and length, if any, of incarceration;
4. If criminal, sentence imposed and length, if any, of parole or probation; and
5. Relationship of offense or incident to nature of work to be performed.

(b) Mitigating Factors:

1. Age of the subject at the time of the offense or incident; and
2. Whether offenses or incidents were committed in association with dependence on drugs or alcohol from which the subject has since recovered.

2. The subject's conduct and experience since the time of the offense including, but not limited to, professional or educational certifications obtained; and

(d) Any other relevant information, including information submitted by the subject to the Committee or requested by the Commission.

(8) The Committee may make a Negative Suitability Determination in the following circumstances:

(a) On the receipt of the staff's Negative Suitability Recommendation that there is credible

and reliable information:

1. The applicant's or Licensee's prior actions posed or would likely pose a risk to the public health, safety, or welfare if a License or registration is granted or renewed; and
2. The risk posed by the applicant's or Licensee's actions relates or would likely relate to the operation of a Marijuana Establishment.

(b) On review of this recommendation, the Committee shall consider whether the staff has carried its burden of demonstrating:

1. The applicant's or Licensee's prior actions posed or would likely pose a risk to the public health, safety, or welfare if a License or registration is granted or renewed; and
2. The risk posed by the applicant's or Licensee's actions relates or would likely relate to the operation of a Marijuana Establishment.

(9) Where a Marijuana Establishment Agent listed on the application for licensure in accordance with 935 CMR 500.101(1), is found to have no suitability issue under 935 CMR 500.801: *Table A*, or to have overcome any suitability issue, the agent shall not be subject to a subsequent suitability review under 935 CMR 500.802: *Tables B through D* and 935 CMR 500.803: *Table E*.

(a) Nothing in 935 CMR 500.800(9) relieves the requirement that the applicant or Licensee conduct background checks on its agents and disclose to the Commission's staff any suitability issue(s) that arise as a result of those checks.

(b) Any subsequent disclosure of background check information for a Marijuana Establishment Agent required to be listed and evaluated pursuant to 935 CMR 500.101(1), will be assessed pursuant to 935 CMR 500.801: *Table A*, or on other grounds for a Negative Suitability Determination only.

(c) Nothing in 935 CMR 500.800(9) precludes the Commission from initiating a suitability review based on background information received after the Commission's initial suitability review.

(10) The Executive Director in consultation with the Committee may determine that a subject's suitability warrants the Commission's consideration. The Executive Director may also remand a matter to staff for further investigation prior to making a determination. The Commission may consider the determination when acting on the application or renewal.

500.801: Suitability Standard for Licensure

(1) In accordance with M.G.L. c. 94G, § 5, the Commission is prohibited from licensing a Marijuana Establishment where an individual who is a Person Having Direct or Indirect Control has been convicted of a felony or offense in an Other Jurisdiction that would be a felony in the Commonwealth, except a prior conviction solely for a Marijuana offense or solely for a violation of M.G.L. c. 94C, § 34, unless the offense involved distribution of a controlled substance, including Marijuana, to a minor.

(e) Unless otherwise specified in 935 CMR 500.801: *Table A*, a criminal condition, offense or violation shall include both convictions, which include guilty pleas and pleas of *nolo contendere*, and dispositions resulting in continuances without a finding or other disposition constituting an admission to sufficient facts, but shall exclude other non-conviction dispositions.

(3) Licensees and Registered Agents shall remain suitable at all times a License or registration remains in effect. An individual subject to this section shall notify the Commission in writing of any charge or conviction of an offense that would result in a presumptive negative suitability determination or mandatory disqualification under 935 CMR 500.801: *Table A*, 935 CMR 500.802: *Tables B through D* and 935 CMR 500.803: *Table E* within ten days of such individual's arrest or summons, and within ten days of the disposition on the merits of the underlying charge. (1) 935 CMR 500.180 is governed by M.G.L. c. 94G § 3 (d)(1)-(5), as amended by St. 2022,

(2) General Requirements for Host Community Agreements. The Commission shall review and approve each HCA as part of a completed License application and at each License renewal. The parties to an HCA relative to an application for licensure are a License Applicant and a Host Community. The parties to an HCA relative to an application for renewal of licensure are a Host Community and a Marijuana Establishment.

(a) A License Applicant seeking a new License to operate a Marijuana Establishment or MTC shall negotiate and execute a compliant HCA with a Host Community, unless a compliant HCA Waiver has been submitted pursuant to 935 CMR 500.180(5). A compliant HCA or compliant HCA Waiver must be submitted in order for a License application to be deemed complete pursuant to 935 CMR 500.102.

(b) A Marijuana Establishment seeking renewal of a License to continue to operate in a Host Community shall have an HCA that complies with 935 CMR 500.180 unless a compliant HCA Waiver has been submitted pursuant to 935 CMR 500.180(5).

(c) An HCA submitted by a License Applicant or Marijuana Establishment which is determined to conform with the Model Host Community Agreement will be presumed compliant for purposes of this section.

(d) A Host Community shall negotiate the terms of an HCA in good faith.

(e) Each of the parties shall ensure that HCAs satisfy the following minimum acceptable requirements:

1. The parties shall ensure that references in an HCA to a License Applicant or Marijuana Establishment are consistent with both the business entity name certified and recorded with the Secretary of the Commonwealth and the business entity name stated either in a License Applicant's license application or on a Marijuana Establishment's license record as maintained by the Commission.

2. The parties shall ensure that HCAs set forth all of a Host Community's conditions for allowing a Marijuana Establishment or a License Applicant to operate in the community. A Host Community may not contract for any purpose, on any terms, or under any conditions inconsistent with any applicable provision of Massachusetts General Laws. No Host Community may impose an unreasonable condition or a term that is Unreasonably Impracticable in an HCA. A condition may be presumed reasonable if:

a. The condition is required under a Host Community's local rules, regulations, ordinances, or bylaws;

b. The condition has been deemed necessary to ensure public safety and proposed by the chief law enforcement authority and/or fire protection chief in a Host Community with explanation and detail why the condition is necessary for public safety.

c. The condition has been deemed necessary to ensure public health and proposed by the chief public health authority in a Host Community with explanation and detail why the condition is necessary for public health.

d. The condition is a local requirement customarily imposed by a Host Community on other, non-cannabis businesses operating in the community;

e. The condition is required by law;

f. The condition does not conflict with other laws; or

g. The condition is otherwise deemed reasonable by the Commission based on particular circumstances presented by an HCA or contracting parties.

3. The parties shall ensure that HCAs include a statement of all stipulated responsibilities between a Host Community and a License Applicant or between a Host Community and a Marijuana Establishment including, but not limited to, the following:

a. A provision requiring a Host Community to annually transmit its invoice of claimed impact fees to a Marijuana Establishment within one month of the anniversary of the date a Marijuana Establishment received final licensure;

b. A provision explicitly identifying any generally occurring fees to be charged by a Host Community. Generally occurring fees are customarily imposed on other non-cannabis businesses operating in a Host Community and shall not be considered a CIF (*e.g.*, routine water, property tax, sewer, trash pickup *etc*.).

4. The parties shall ensure that HCAs include the following information:

a. The specific Marijuana Establishment license operations permitted under the terms of the HCA;

b. The name, signature, and title of the individual(s) authorized to enter into HCAs on behalf of a Host Community as a contracting authority;

c. The name, signature, and title of the individual(s) authorized to enter into HCAs on behalf of a License Applicant or a Marijuana Establishment as an authorized representative;
d. The date(s) of execution by both parties;
e. The effective date of an HCA; and
f. The duration of an HCA.

5. The parties shall ensure that HCAs provide clear, specific terms regarding a Host Community's assessment of a CIF if applicable, including, but not limited to, a provision requiring a Host Community to transmit its invoice of claimed impact fees to a Marijuana Establishment within one month of the anniversary of a Marijuana Establishment's final license date.

(f) The parties may include a clause in an HCA whereby the parties voluntarily agree to bring HCA disputes before a private mediator retained by the parties. Neither party may unilaterally compel private mediation.

(g) Approval of HCAs may be conditioned on a Host Community being in good compliance standing with the Commission relative to any HCA to which the Host Community is a contracting party.

(h) The Commission may deem a provision of an HCA invalid, and therefore unenforceable, based on a finding that the provision violates M.G.L. c. 94G, 935 CMR 500.000 or 935 CMR 501.000: *Medical Use of Marijuana*. The Commission may also declare an HCA or a provision of an HCA voidable upon deeming the HCA as a contract of adhesion.

(i) The Commission may decline to approve an HCA on the basis of any other ground that serves the purposes of M.G.L. c. 94G, 935 CMR 500.000, or 935 CMR 501.000: *Medical Use of Marijuana*.

(j) A Marijuana Establishment that seeks a name change pursuant to 935 CMR 500.104(1) after execution of an HCA must provide notice of the change to the Host Community in a form and manner determined by the Commission. A Marijuana Establishment that seeks a location change to another Host Community shall submit a new HCA to the Commission. A Marijuana Establishment that seeks a location change within the same Host Community after execution of an HCA may be required to provide an amended HCA to the Commission. A Marijuana Establishment that submits a Change of Ownership request for the transfer of a license may be required to submit a new or amended HCA to the Commission.

(k) Prohibitions.

1. No License Applicant, Marijuana Establishment, or Host Community shall enter into an HCA that includes a promise to make a future monetary payment, in-kind contribution, or charitable contribution. A License Applicant or Marijuana Establishment may voluntarily provide organizations with monetary payments, in-kind contributions and charitable contributions after executing an HCA, as long as a License Applicant or Marijuana Establishment's actions are not performed because of a condition imposed by a Host Community, whether explicitly or implicitly.

2. A contractual financial obligation, other than a CIF, that is explicitly or implicitly a factor considered in or included as a condition of an HCA is unenforceable, subject to the following exceptions:

a. References in an HCA to a Marijuana Establishment's obligations to pay any fees associated with sales tax, excise tax on Marijuana and Marijuana Products, optional local tax, or as otherwise provided in M.G.L. c. 94G, M.G.L. c. 64H, and M.G.L. c. 64N.

4. A Host Community shall not demand a CIF exceeding 3% of the gross sales of a Marijuana Establishment as a term or condition of an HCA.

5. No License Applicant, Marijuana Establishment, or Host Community will use Inducements to negotiate or execute an HCA. 1. A provision that discourages any party from bringing a civil cause of action or other legal challenge relative to an HCA or to an individual term or provision of an HCA;
2. A provision that requires a License Applicant or Marijuana Establishment to make upfront payments as a condition for operating in the Host Community;
3. A provision that affords a Host Community sole and absolute discretion on how a Host Community will spend a CIF;
4. A provision waiving a Marijuana Establishment's ability to dispute whether impact fees claimed by a Host Community are Reasonably Related and properly due and payable as a CIF;
5. A provision that categorically deems a Host Community's claimed impact fees to be reasonably related or that otherwise excuse a Host Community from calculating impact fees based on the actual operations of a Marijuana Establishment;
6. A provision that imposes legal, overtime, or administrative costs or any costs other than a CIF on a Marijuana Establishment with the exception of a Marijuana Establishment's tax obligations or its responsibility for paying routine, generally occurring municipal fees;
7. A provision that obligates a Marijuana Establishment to set aside money in an escrow, bond, or other similar account for a Host Community's use or purposes;
8. A provision that requires a Marijuana Establishment to make any additional payments or obligations including but not limited to monetary payments, in-kind contributions, providing staffing, advance payments, or charitable contributions by a Marijuana Establishment to a Host Community or any other organization.

(3) Review and Certification of Host Community Agreements. The Commission, through its Executive Director or the director's delegee, shall review an HCA submitted by a License Applicant or a Marijuana Establishment and make a determination certifying whether the HCA, in whole or in part, satisfies Commission requirements.

(a) The Commission shall complete its review of an HCA within 90 days of receiving an HCA from a Marijuana Establishment. The Commission may request additional information or send a determination notice identifying deficiencies in an HCA. Submission of an amended HCA resets the 90-day period of Commission review.

(b) Review of HCAs Submitted by License Applicants.

1. All applications for initial licensure submitted on or after March 1, 2024, must include an HCA that complies with 935 CMR 500.000 or a compliant HCA Waiver.

4. If the Commission determines that a Marijuana Establishment's HCA does not comply with 935 CMR 500.180, then the HCA determination notice shall provide the following:

identification of the noncompliant term(s), condition(s), or provision(s) of the HCA, if applicable;

A Host Community shall not discontinue relations with a Marijuana Establishment in bad faith. On receipt of a notice of discontinuance from a Host Community, the Marijuana Establishment shall notify the Commission. On receipt of a notice of discontinuance, an ME may submit a request for equitable relief to the Commission consistent with 935 CMR 500.180(3)(c)6.

6. If a Host Community discontinues relations with an ME, or on submission of a mutual abrogation agreement executed by both a Host Community and an ME, an ME may submit a request for equitable relief to the Commission.

a. A Marijuana Establishment's request for equitable relief must identify facts, information, and any documentation to support why a Marijuana Establishment should be considered for equitable remedies. A Marijuana Establishment shall ensure that the request for equitable relief includes a Host Community's notice under 935 CMR 500.180(3)(c)5.

b. Commission Staff will conduct a paper review of the petition and make a recommendation to the Commission.

3. If the Commission substantiates an allegation of noncompliance with HCA regulatory requirements, then the Commission may take administrative or enforcement action against a Licensee or a Host Community including sending a notice of deficiency, requesting additional information, or otherwise taking action as provided under 935 CMR 500.000.

The Commission will not certify any impact fees attributable to dates outside of the applicable invoice period.

6. A Host Community seeking to assess a CIF shall transmit an itemized invoice to a Marijuana Establishment in a form and manner determined by the Commission documenting claimed impact fees arising from the preceding year of a Marijuana Establishment's operations.

4. No Host Community may rely on other written instruments, contracts, or agreements to assess Community Impact Fees. No Host Community may include additional

payments or obligations in its invoice of claimed impact fees, including but not limited to monetary payments, in-kind contributions and charitable contributions by a Marijuana Establishment to a Host Community or any other organization.

(1) Pursuant to M.G.L. c. 94G, §§ 4(a)(xii), (xiv), and 21(a), the Commission may make, in an exercise of its discretion, a suitability or cure determination based on a factual basis.

(2) The Commission may also delegate suitability determinations to the Executive Director, who may appoint a Suitability Review Committee (Committee) to advise the Executive Director.

(3) All suitability determinations will be made in accordance with the procedures set forth in 935 CMR 500.800.

(4) Suitability Review Process.

(a) Designated Enforcement staff (staff) shall conduct background checks and gather information and evidence applicable to a subject's suitability and make a recommendation as to suitability and, as appropriate, a cure. Staff may make an adverse suitability recommendation on finding information and evidence that would result in a Mandatory Disqualification, Presumptive Negative Suitability Determination or that would support a Negative Suitability Recommendation.

(b) Before making an adverse suitability recommendation, staff shall consult with the Executive Director or the Executive Director's delegee(s). The Executive Director may dispose of the matter or direct the Committee to institute a review of suitability or take any action consistent with M.G.L. c. 94G.

(c) If the Executive Director institutes a suitability review, the staff shall send the written notice of an adverse suitability recommendation that identifies the Person or entity subject

to suitability review, the particular offenses or conduct relied on and whether that the offenses or conduct results in a Mandatory Disqualification or Presumptive Negative Suitability Determination, or supports a Negative Suitability Recommendation, and reasons for that determination.

(d) The notice of an adverse suitability recommendation shall provide an opportunity to cure the suitability issue by removing the subject from its application. To the extent that an applicant can propose a cure, for example, by removing a subject from an application, the cure shall be done in a manner determined by the Commission.

(e) The notice of an adverse suitability recommendation shall provide the subject with the opportunity to request an informal proceeding before the Suitability Review Committee.

(f) A request for an informal proceeding shall be submitted in a form and manner determined by the Commission and no later than 14 business days following the effective date of the adverse suitability recommendation. Requests received after 14 business days may be considered at the discretion of the Executive Director or the Committee.

(g) On notification of an adverse suitability recommendation and receipt of an informal proceeding request, the Committee shall initiate a proceeding, make a recommendation and/or take other action(s) after consultation with the Executive Director.

(h) If an applicant or a subject does not make a timely request for an informal proceeding before the Committee, the Executive Director may forward the adverse suitability recommendation to the Committee for a review, make a suitability determination, or take any action consistent with M.G.L. c. 94G.

(5) The Committee shall:

(a) Consider and review whether offense(s) or information resulting in a Mandatory Disqualification or a Presumptive Negative Suitability Determination under 935 CMR 500.801: *Table A* and 935 CMR 500.802: *Tables B* through *D* and 935 CMR 500.803: *Table E*, as applied to the subject, renders the subject unsuitable for licensure or registration;

(b) Consider and review whether offense(s) or information not otherwise set forth in 935 CMR 500.801: *Table A* and 935 CMR 500.802: *Tables B* through *D* and 935 CMR 500.803: *Table E* would result in a Negative Suitability Recommendation and renders the subject unsuitable for licensure or registration; and

(c) Subsequent to its review of a suitability matter, make recommendations to the Executive Director, or the Commission, or a Commission Delegee(s).

(6) When reviewing an adverse suitability recommendation by staff that there is an offense resulting in a Mandatory Disqualification, the Commission shall consider credible and reliable information demonstrating that:

(a) The disqualifying event was based on erroneous information or evidence; and

(b) The subject can demonstrate that prior to the informal proceeding, the adverse suitability recommendation can no longer be supported because the error was corrected.

(7) When reviewing an offense resulting in a Presumptive Negative Suitability Determination, the committee shall take into consideration the following factors:

(a) Nature and Specific Circumstances of the Offense or Incident:

1. Time since the offense or incident;
2. Number of offenses or incidents;
3. If criminal, sentence imposed and length, if any, of incarceration;
4. If criminal, sentence imposed and length, if any, of parole or probation; and
5. Relationship of offense or incident to nature of work to be performed.

(b) Mitigating Factors:

1. Age of the subject at the time of the offense or incident; and
2. Whether offenses or incidents were committed in association with dependence on drugs or alcohol from which the subject has since recovered.

(c) Conduct Since Time of the Offense or Incident:

1. If criminal, any relevant evidence of rehabilitation or lack thereof, such as information about compliance with conditions of parole or probation, including orders of no contact with victims and witnesses;
2. The subject's conduct and experience since the time of the offense including, but not limited to, professional or educational certifications obtained; and

(d) Any other relevant information, including information submitted by the subject to the Committee or requested by the Commission.

(8) The Committee may make a Negative Suitability Determination in the following circumstances:

(a) On the receipt of the staff's Negative Suitability Recommendation that there is credible and reliable information:

1. The applicant's or Licensee's prior actions posed or would likely pose a risk to the public health, safety, or welfare if a License or registration is granted or renewed; and
2. The risk posed by the applicant's or Licensee's actions relates or would likely relate to the operation of a Marijuana Establishment.

(b) On review of this recommendation, the Committee shall consider whether the staff has carried its burden of demonstrating:

1. The applicant's or Licensee's prior actions posed or would likely pose a risk to the public health, safety, or welfare if a License or registration is granted or renewed; and
2. The risk posed by the applicant's or Licensee's actions relates or would likely relate to the operation of a Marijuana Establishment.

(9) Where a Marijuana Establishment Agent listed on the application for licensure in accordance with 935 CMR 500.101(1), is found to have no suitability issue under 935 CMR 500.801: *Table A*, or to have overcome any suitability issue, the agent shall not be subject to a subsequent suitability review under 935 CMR 500.802: *Tables B through D* and 935 CMR 500.803: *Table E*.

(a) Nothing in 935 CMR 500.800(9) relieves the requirement that the applicant or Licensee conduct background checks on its agents and disclose to the Commission's staff any suitability issue(s) that arise as a result of those checks.

(b) Any subsequent disclosure of background check information for a Marijuana Establishment Agent required to be listed and evaluated pursuant to 935 CMR 500.101(1), will be assessed pursuant to 935 CMR 500.801: *Table A*, or on other grounds for a Negative Suitability Determination only.

(c) Nothing in 935 CMR 500.800(9) precludes the Commission from initiating a suitability review based on background information received after the Commission's initial suitability review.

(10) The Executive Director in consultation with the Committee may determine that a subject's suitability warrants the Commission's consideration. The Executive Director may also remand a matter to staff for further investigation prior to making a determination. The Commission may consider the determination when acting on the application or renewal.

2. An interested person may file a complaint with the Commission alleging noncompliance with an HCA requirement under 935 CMR 501.180. Nothing in this subdivision shall be construed to prevent an MTC or a Host Community from bringing a private breach of contract action in a court of competent jurisdiction regarding an alleged breach of specific promises mutually agreed to in the parties' HCA.

3. If the Commission substantiates an allegation of noncompliance with HCA regulatory requirements, then the Commission may take administrative or enforcement action against a Licensee or a Host Community including sending a notice of deficiency, requesting additional information, or otherwise taking action as provided under 935 CMR 501.000.

The Commission will not certify any impact fees attributable to dates outside of the applicable invoice period.

b. A Host Community shall transmit its impact fee invoice to an MTC no later than one month after the anniversary of the date the MTC received a final license from the Commission. A Host Community's failure to transmit the impact fee invoice to an MTC within the prescribed time shall result in a forfeiture of any CIF for the applicable year of operations.

4. No Host Community may rely on other written instruments, contracts, or agreements to assess Community Impact Fees. No Host Community may include additional payments or obligations in its invoice of claimed impact fees, including but not limited to monetary payments, in-kind contributions and charitable contributions by an MTC to a Host Community or any other organization.

2. The Commission may make a final determination on Gross Annual Sales relying on the factors in 935 CMR 501.180(4)(c)3., and any additional information gathered. The Gross Annual Sales determined by the Commission, pursuant to 935 CMR 501.180(4)(c)3., shall be used for purposes of the CIF in circumstances where product was wholesaled or otherwise sold or transferred to other Licensees at no cost or reduced cost, and shall not be used for any other purposes related to other obligations, including tax filings, for an MTC.

6. After a CIF dispute has resolved, an MTC must provide proof of payment of the certified CIF with its renewal application. If an MTC prevails in a CIF dispute, an MTC must also provide proof that its CIF payment obligation has been eliminated.

(5) Waiver of Host Community Agreements.

(a) A Host Community may waive the regulatory requirement to have a compliant HCA by submitting an HCA Waiver to the Commission that complies with 935 CMR 501.180(5).

(b) An HCA Waiver constitutes a total relinquishment of the requirement that an Applicant or MTC enter into an HCA with a Host Community. No party to an HCA may use an HCA Waiver to waive individual provisions of an HCA.

(c) An HCA Waiver may be submitted relative to an application for licensure or an application for renewal of licensure. A Host Community and an Applicant or MTC may also submit an HCA Waiver after both parties have executed an HCA.

(d) Acceptance of an HCA Waiver is limited to the specific application or license number(s) stated in the HCA Waiver request.

(3) All suitability determinations will be made in accordance with the procedures set forth in 935 CMR 501.800.

(4) Suitability Review Process.

(a) Designated Enforcement staff (staff) shall conduct background checks and gather information and evidence applicable to a subject's suitability and make a recommendation as to suitability and, as appropriate, a cure. Staff may make an adverse suitability recommendation on finding information and evidence that would result in a Mandatory Disqualification, Presumptive Negative Suitability Determination or that would support a Negative Suitability Recommendation.

(b) Before making an adverse suitability recommendation, staff shall consult with the Executive Director or the Executive Director's delegee(s). The Executive Director may dispose of the matter or direct the Committee to institute a review of suitability or take any action consistent with M.G.L. c. 94G.

(c) If the Executive Director institutes a suitability review, the staff shall send the written notice of an adverse suitability recommendation that identifies the Person subject to suitability review, the particular offenses or conduct relied on and whether that the offenses or conduct results in a Mandatory Disqualification or Presumptive Negative Suitability Determination, or supports a Negative Suitability Recommendation, and reasons for that determination.

(d) The notice of an adverse suitability recommendation shall provide an opportunity to cure the suitability issue by removing the subject from its application. To the extent that an applicant can propose a cure, for example, by removing a subject from an application, the cure shall be done in a manner determined by the Commission.

(e) The notice of an adverse suitability recommendation shall provide the subject with the opportunity to request an informal proceeding before the Suitability Review Committee.

(f) A request for an informal proceeding shall be submitted in a form and manner determined by the Commission and no later than 14 business days following the effective date of the adverse suitability recommendation. Requests received after 14 business days may be considered at the discretion of the Executive Director or the Committee.

(h) If an applicant or a subject does not make a timely request for an informal proceeding before the Committee, the Executive Director may forward the adverse suitability recommendation to the Committee for a review, make a suitability determination, or take any

action consistent with M.G.L. c. 94G.

(5) The Committee shall:

(a) Consider and review whether offense(s) or information resulting in a Mandatory Disqualification or a Presumptive Negative Suitability Determination under 935 CMR 501.801: *Table A*, 935 CMR 501.802: *Table B* and 935 CMR 501.803: *Table C*, as applied to the subject, renders the subject unsuitable for licensure or registration;

(b) Consider and review whether offense(s) or information not otherwise set forth in 935 CMR 501.801: *Table A*, 935 CMR 501.802: *Table B* and 935 CMR 501.803: *Table C* would result in a Negative Suitability Recommendation and renders the subject unsuitable for licensure or registration; and

(c) Subsequent to its review of a suitability matter, make recommendations to the Executive Director, or the Commission, or a Commission Delegee.

(6) When reviewing an adverse suitability recommendation by staff that there is an offense resulting in a Mandatory Disqualification, the Commission shall consider credible and reliable information demonstrating that:

(a) The disqualifying event was based on erroneous information or evidence; and

(b) The subject can demonstrate that prior to the informal proceeding, the adverse suitability recommendation can no longer be supported because the error was corrected.

(7) When reviewing an offense resulting in a Presumptive Negative Suitability Determination, the committee shall take into consideration the following factors:

(a) Nature and specific circumstances of the offense or incident:

1. Time since the offense or incident;
2. Number of offenses or incidents;
3. If criminal, sentence imposed and length, if any, of incarceration;

(d) Any other relevant information, including information submitted by the subject to the Committee or requested by the Commission.

(8) The Committee may make a Negative Suitability Determination in the following circumstances:

(a) On the receipt of the staff's Negative Suitability Recommendation that there is credible and reliable information:

1. The applicant's or Licensee's prior actions posed or would likely pose a risk to the public health, safety, or welfare if a License or registration is granted or renewed; and
2. The risk posed by the applicant's or Licensee's actions relates or would likely relate to the operation of an MTC.

(b) On review of this recommendation, the Committee shall consider whether the staff has carried its burden of demonstrating:

1. The applicant's or Licensee's prior actions posed or would likely pose a risk to the public health, safety, or welfare if a License or registration is granted or renewed; and
2. The risk posed by the applicant's or Licensee's actions relates or would likely relate to the operation of an MTC.

(9) Where an MTC Agent listed on the application for licensure in accordance with 935 CMR 501.101(1) is found to have no suitability issue under 935 CMR 501.801: *Table A*, or to have overcome any suitability issue, the Agent shall not be subject to a subsequent suitability review under 935 CMR 501.802: *Table B* and 935 CMR 501.803: *Table* C.

(a) Nothing in 935 CMR 501.800 relieves the requirement that the applicant or Licensee conduct background checks on its agents and disclose to the Commission's staff any suitability issue(s) that arise as a result of those checks.

(b) Any subsequent disclosure of background check information for an MTC Agent required to be listed and evaluated pursuant to 935 CMR 501.101(1), will be assessed pursuant to 935 CMR 501.801: *Table A* or on other grounds for a Negative Suitability Determination only.

(c) Nothing in 935 CMR 501.800 precludes the Commission from initiating a suitability review based on background information received after the Commission's initial suitability review.

(10) The Executive Director in consultation with the Committee may determine that a subject's suitability warrants the Commission's consideration. The Executive Director may also remand a matter to staff for further investigation prior to making a determination. The Commission may consider the determination when acting on the application or renewal.

501.801: Suitability Standard for Licensure

(1) In accordance with M.G.L. c. 94I and M.G.L. c. 94G, § 5, the Commission is prohibited from licensing an MTC where an individual who is a Person Having Direct or Indirect Control has been convicted of a felony or offense in an Other Jurisdiction that would be a felony in the Commonwealth, except a prior conviction solely for a Marijuana offense or solely for a violation of M.G.L. c. 94C, § 34, unless the offense involved distribution of a controlled substance, including Marijuana, to a minor.

(e) Unless otherwise specified in Table, a criminal condition, offense or violation include both convictions, which include guilty pleas and pleas of *nolo contendere*, and dispositions resulting in continuances without a finding or other disposition constituting an admission to sufficient facts, but shall exclude other non-conviction dispositions.

(3) Licensees and Registered Agents shall remain suitable at all times a License or registration remains in effect. An individual subject to this section shall notify the Commission in writing of any charge or conviction of an offense that would result in a presumptive negative suitability determination or mandatory disqualification under 935 CMR 501.801: *Table A*, 935 CMR 501.802: *Table B* and 935 CMR 501.803: *Table C* within ten days of such individual's arrest or summons, and within ten days of the disposition on the merits of the underlying charge. In addition to these contaminant tests, final ready-to-sell Marijuana Vaporizer Products shall be screened for heavy metals and Vitamin E Acetate (VEA) in accordance with the Protocol for Sampling and Analysis of Finished Marijuana and Marijuana Products for Marijuana Establishments, Medical Marijuana Treatment Centers and Colocated Marijuana Operations issued by the Commission.

(3) The Commission may, at its discretion, require additional testing where necessitated to safeguard public health or safety and so identified by the Commission.

(4) An MTC shall have a written policy for responding to laboratory results that indicate contaminant levels are above acceptable limits established in the protocols identified in 935 CMR 501.160(1). Such policy shall be available to Registered Qualifying Patients and Personal Caregivers.

(a) Any such policy shall include:

1. Notifying the Commission within 72 hours of any laboratory testing results indicating that the contamination cannot be remediated and disposing of the Production Batch submission of any information regarding contamination immediately upon request by the Commission; and

2. Notifying the Commission of any information regarding contamination as specified by the Commission or immediately upon request by the Commission.

(b) The notification shall be from both the MTC and the Independent Testing Laboratory, separately and directly.

(c) The notification from the MTC shall describe a proposed plan of action for both the destruction of the contaminated product and the assessment of the source of contamination.

(5) An MTC shall maintain the results of all testing for no less than one year. Testing results shall be valid for a period of one year. Marijuana and Marijuana Products with testing dates in excess of one year shall be deemed expired and may not be dispensed, sold, Transferred or otherwise conveyed until retested.

(6) The sale of seeds is not subject to these testing provisions.

(7) Clones are subject to these testing provisions, but are exempt from testing for metals.

(9) All storage of Marijuana and Marijuana Products at a laboratory providing Marijuana testing services shall comply with 935 CMR 501.105(11).

(10) All excess Marijuana and Marijuana Products shall be disposed of in compliance with 935 CMR 501.105(12), either by the Independent Testing Laboratory returning excess Marijuana or Marijuana Products to the source MTC for disposal or by the Independent Testing Laboratory disposing of it directly;

(11) No Marijuana or Marijuana Product shall be sold or otherwise marketed for adult use that has not first been tested by an Independent Testing Laboratory and deemed to comply with the standards required under 935 CMR 501.160; and

(12) A Licensee that receives notice that Marijuana or a Marijuana Product it has submitted for testing has failed any test for contaminants shall either reanalyze the Marijuana or Marijuana Product without remediation, take steps to remediate the identified contaminants or dispose of the Marijuana or Marijuana Product.

(a) Reanalysis by a Second ITL. If the Licensee chooses to reanalyze the sample, a sample from the same batch shall be submitted for reanalysis at the ITL that provided the initial failed result. If the sample passes all previously failed tests at the initial ITL, a sample from the same batch previously tested shall be submitted to a second ITL other than the original ITL for a Second Confirmatory Test. To be considered passing and therefore safe for sale, the sample shall have passed the Second Confirmatory Test at a second ITL. Any Marijuana and Marijuana product that fails the Second Confirmatory Test may not be sold, transferred or otherwise dispensed to Consumers, Patients or Licensees without first being remediated. Otherwise, the MTC shall dispose of any such product.

(b) Remediation. If the Licensee chooses to remediate, a new test sample shall be submitted to any licensed ITL, which may include the initial ITL, for a full-panel test. Any failing Marijuana or Marijuana product may be remediated a maximum of two times. Any Marijuana or Marijuana product that fails any test after the second remediation attempt may not be sold, transferred or otherwise dispensed to Consumers, Patients or Licensees. 501.170: Municipal Requirements

(1) An MTC and Independent Testing Laboratory and their agents shall comply with all local rules, regulations, ordinances, and bylaws.

(2) Nothing in 935 CMR 501.000 shall be construed to prohibit lawful local oversight and regulation, including fee requirements, that does not conflict or interfere with the operation of 935 CMR 501.000.

501.180: Host Community Agreement Requirements for License Applicants, MTCs, and Host Communities

(1) 935 CMR 501.180 is governed by M.G.L. c. 94G § 3(d)(1) through (5), as amended by St. 2022, c. 180 which went into effect on November 9, 2022. Pursuant to M.G.L. c. 94G, § 4(a), the Commission is authorized to review, regulate, enforce, and approve HCAs and to develop a Model Host Community Agreement.

(2) General Requirements for Host Community Agreements. The Commission shall review and approve each HCA as part of a completed License application and at each License renewal. The parties to an HCA relative to an application for licensure are a License Applicant and a Host Community. The parties to an HCA relative to an application for renewal of licensure are a Host Community and an MTC.

(a) A License Applicant seeking a new License to operate an MTC shall negotiate and execute a compliant HCA with a Host Community, unless a compliant HCA Waiver has been submitted pursuant to 935 CMR 501.180(5). A compliant HCA or compliant HCA waiver must be submitted in order for a License application to be deemed complete pursuant to 935 CMR 501.102.

(b) An MTC seeking renewal of a License to continue to operate in a Host Community shall have an HCA that complies with 935 CMR 501.180 unless a compliant HCA Waiver has been submitted pursuant to 935 CMR 501.180(5).

(c) An HCA submitted by a License Applicant or Medical Marijuana Treatment Center which is determined to conform with the Model Host Community Agreement will be presumed compliant for purposes of this section.

(d) A Host Community shall negotiate the terms of an HCA in good faith.

(e) Each of the parties shall ensure that HCAs satisfy the following minimum acceptable requirements:

1. The parties shall ensure that references in an HCA to a License Applicant or MTC are consistent with both the business entity name certified and recorded with the Secretary of the Commonwealth and the business entity name stated either in a License Applicant's license application or on an MTC's license record as maintained by the Commission.

2. The parties shall ensure that HCAs set forth all of a Host Community's conditions for allowing an MTC or a License Applicant to operate in the community. A Host Community may not contract for any purpose, on any terms, or under any conditions inconsistent with any applicable provision of Massachusetts General Laws. No Host Community may impose an unreasonable condition or a term that is Unreasonably Impracticable in an HCA. A condition may be presumed reasonable if:

a. The condition is required under a Host Community's local rules, regulations, ordinances, or bylaws;

b. The condition has been deemed necessary to ensure public safety and proposed by the chief law enforcement authority and/or fire protection chief in a Host Community with explanation and detail why the condition is necessary for public safety.

c. The condition has been deemed necessary to ensure public health and proposed by the chief public health authority in a Host Community with explanation and detail why the condition is necessary for public health;

d. The condition is a local requirement customarily imposed by a Host Community on other, non-cannabis businesses operating in the community;

e. The condition is required by law;

f. The condition does not conflict with other laws; or

g. The condition is otherwise deemed reasonable by the Commission based on particular circumstances presented by an HCA or contracting parties.

3. The parties shall ensure that HCAs include a statement of all stipulated responsibilities between a Host Community and a License Applicant or between a Host Community and an MTC including, but not limited to, the following:

a. A provision requiring a Host Community to annually transmit its invoice of claimed impact fees to an MTC within one month of the anniversary of the date an MTC received final licensure;

b. A provision explicitly identifying any generally occurring fees to be charged by

a Host Community. Generally occurring fees are customarily imposed on other non-cannabis businesses operating in a Host Community and shall not be considered a CIF (*e.g.*, routine water, property tax, sewer, trash pickup *etc*.).

4. The parties shall ensure that HCAs include the following information:
   a. The specific MTC license operations permitted under the terms of the HCA;
   b. The name, signature, and title of the individual(s) authorized to enter into HCAs on behalf of a Host Community as a contracting authority;
   c. The name, signature, and title of the individual(s) authorized to enter into HCAs on behalf of a License Applicant or an MTC as an authorized representative;
   d. The date(s) of execution by both parties;
   e. The effective date of an HCA; and
   f. The duration of an HCA.
5. The parties shall ensure that HCAs provide clear, specific terms regarding a Host Community's assessment of a CIF if applicable, including, but not limited to, a provision requiring a Host Community to transmit its invoice of claimed impact fees to an MTC within one month of the anniversary of an MTC's final license date.

(f) The parties may include a clause in an HCA whereby the parties voluntarily agree to bring HCA disputes before a private mediator retained by the parties. Neither party may unilaterally compel private mediation.

(g) Approval of HCAs may be conditioned on a Host Community being in good compliance standing with the Commission relative to any HCA to which the Host Community is a contracting party.

(h) The Commission may deem a provision of an HCA invalid, and therefore unenforceable, based on a finding that the provision violates M.G.L. c. 94G, 935 CMR 500.000: *Adult Use of Marijuana* or 935 CMR 501.000. The Commission may also declare an HCA or a provision of an HCA voidable upon deeming the HCA as a contract of adhesion.

(i) The Commission may decline to approve an HCA on the basis of any other ground that serves the purposes of M.G.L. cc. 94G and 94I, 935 CMR 500.000, or 935 CMR 501.000.

(j) An MTC that seeks a name change pursuant to 935 CMR 501.104(1) after execution of an HCA must provide notice of the change to the Host Community in a form and manner determined by the Commission. An MTC that seeks a location change to another Host Community shall submit a new HCA to the Commission. An MTC that seeks a location change within the same Host Community after execution of an HCA may be required to provide an amended HCA to the Commission. An MTC that submits a Change of Ownership request for the transfer of a license may be required to submit a new or amended HCA to the Commission.

(k) Prohibitions.

1. No License Applicant, MTC, or Host Community shall enter into an HCA that includes a promise to make a future monetary payment, in-kind contribution, or charitable contribution. A License Applicant or MTC may voluntarily provide organizations with monetary payments, in-kind contributions and charitable contributions after executing an HCA, as long as a License Applicant or MTC's actions are not performed because of a condition imposed by a Host Community, whether explicitly or implicitly.
2. A contractual financial obligation, other than a CIF, that is explicitly or implicitly a factor considered in or included as a condition of an HCA is unenforceable, subject to the following exceptions:
   a. References in an HCA to an MTC's obligations to pay any fees associated with sales tax, excise tax on Marijuana and Marijuana Products, optional local tax, or as otherwise provided in M.G.L. c. 94G, M.G.L. c. 64H, and M.G.L. c. 64N.
   b. References in an HCA to an MTC's obligations to pay a Host Community for generally occurring fees associated with operating in a Host Community (*e.g.*, water, sewer, property tax, *etc*.).
3. No Host Community may mandate or otherwise require that the CIF be a certain percentage of an MTC's total or gross sales as a term or condition of an HCA.
4. A Host Community shall not demand a CIF exceeding 3% of the gross sales of an MTC as a term or condition of an HCA.
5. No License Applicant, MTC, or Host Community will use Inducements to negotiate or execute an HCA. No municipality or Host Community shall negotiate or renegotiate an HCA through the use of undue influence, duress, coercion, intimidation, threats, or any strong-arm tactics including by threat of dissolution of the HCA.
6. No Host Community may rely on other written instruments, contracts, or agreements to impose terms or conditions on a License Applicant, Marijuana Establishment, or Medical Marijuana Treatment Center outside of an HCA.

(l) The following terms, conditions, or clauses are prohibited in an HCA:

1. A provision that discourages any party from bringing a civil cause of action or other legal challenge relative to an HCA or to an individual term or provision of an HCA;

2. A provision that requires a License Applicant or MTC to make upfront payments as a condition for operating in the Host Community;
3. A provision that affords a Host Community sole and absolute discretion on how a Host Community will spend a CIF;
4. A provision waiving an MTC's ability to dispute whether impact fees claimed by a Host Community are Reasonably Related and properly due and payable as a CIF;
5. A provision that categorically deems a Host Community's claimed impact fees to be reasonably related or that otherwise excuse a Host Community from calculating impact fees based on the actual operations of an MTC;
6. A provision that imposes legal, overtime, or administrative costs or any costs other than a CIF on an MTC with the exception of an MTC's tax obligations or its responsibility for paying routine, generally occurring municipal fees;
7. A provision that obligates an MTC to set aside money in an escrow, bond, or other similar account for a Host Community's use or purposes;
8. A provision that requires an MTC to make any additional payments or obligations including, but not limited to, monetary payments, in-kind contributions, providing staffing, advance payments, or charitable contributions by an MTC to a Host Community or any other organization.
9. A provision including or otherwise deeming good faith estimates, unquantifiable costs, generalized expenses, or pro-rated expenses as a CIF.

(3) Review and Certification of Host Community Agreements. The Commission, through its Executive Director or the director's delegee, shall review an HCA submitted by a License Applicant or an MTC and make a determination certifying whether the HCA, in whole or in part, satisfies Commission requirements.

(a) The Commission shall complete its review of an HCA within 90 days of receiving an HCA from an MTC. The Commission may request additional information or send a determination notice identifying deficiencies in an HCA. Submission of an amended HCA resets the 90-day period of Commission review.

(b) Review of HCAs Submitted by License Applicants.

1. All applications for initial licensure submitted on or after March 1, 2024, must include an HCA that complies with 935 CMR 501.000 *et seq*. or a compliant HCA Waiver.
2. The Commission may request additional information from a License Applicant or a Host Community in connection with its review.
3. The Commission shall send a notice of its HCA determination to both a License Applicant and a Host Community within 90 days of receipt of an HCA.
4. If the Commission determines that a License Applicant's HCA does not comply with 935 CMR 501.180, then the HCA determination notice shall state the following:
   a. The factual basis for the Commission's finding of noncompliance, including identification of the noncompliant term(s), condition(s), or provision(s) of the HCA, if applicable;
   b. The parties' option to correct the noncompliance and submit an amended HCA; and
   c. The parties' option to submit an HCA Waiver that complies with 935 CMR 501.180(5); and
5. Failure to submit a compliant HCA or a compliant HCA Waiver with an application for licensure may result in an application remaining incomplete pursuant to 935 CMR 501.102.

(c) Review of HCAs Submitted by an MTC.

1. All renewal applications submitted on or after March 1, 2024, must include an HCA that complies with 935 CMR 501.000 *et seq*. or a compliant HCA Waiver.
2. The Commission may request additional information from an MTC or a Host Community in connection with its review.
3. The Commission shall send a notice of its HCA determination to both an MTC and a Host Community within 90 days of receipt of the HCA. The determination notice shall identify whether the HCA, in whole or in part, complies with 935 CMR 501.180.
4. If the Commission determines that an MTC's HCA does not comply with 935 CMR 501.180, then the HCA determination notice shall provide the following:
   a. The factual basis for the Commission's finding of noncompliance, including identification of the noncompliant term(s), condition(s), or provision(s) of the HCA, if applicable;
   b. The parties' option to correct the noncompliance and submit an amended HCA;
   c. The parties' option to submit an HCA Waiver that complies with 935 CMR 501.180(5); and
   d. The parties' option to proceed under an executed HCA that conforms with the Commission's Model Host Community Agreement, to be relied on in the interim until the parties come to an agreement;

5. A Host Community shall notify an MTC if it no longer intends to continue as a Host Community for an MTC. A Host Community shall not discontinue relations with an MTC in bad faith. On receipt of a notice of discontinuance from a Host Community, the MTC shall notify the Commission. On receipt of a notice of discontinuance, an MTC may submit a request for equitable relief to the Commission consistent with 935 CMR 501.180(3)(c)(6).

6. If a Host Community discontinues relations with an MTC, or on submission of a mutual abrogation agreement executed by both a Host Community and an MTC, an MTC may submit a request for equitable relief to the Commission.

a. An MTC's request for equitable relief must identify facts, information, and any documentation to support why an MTC should be considered for equitable remedies. An MTC shall ensure that the request for equitable relief includes a Host Community's notice under 935 CMR 501.180(3)(c)5.

b. Commission Staff will conduct a paper review of the petition and make a recommendation to the Commission.

c. The Commission may exercise its discretion whether to grant one or more of the following equitable remedies to an MTC:

(i) Extension of a License expiration date without incurring additional prorated fees;

(ii) Waiver of a Change of Location fee;

(iii) institution of procedures for winding down an MTC's operations at the licensed Premises;

(iv) Other equitable relief as determined by the Commission.

d. If the Commission grants or denies equitable relief to an MTC, the agency will provide notice of its decision to an MTC and a Host Community. A Host Community or an MTC may seek relief from a court of competent jurisdiction.

7. Failure to submit a compliant HCA or compliant HCA Waiver may constitute grounds for denial of a renewal application.

8. Any action subsequently taken to deny an MTC's renewal application due to failure to produce a compliant HCA or a compliant HCA Waiver shall afford MTCs a right to hearing pursuant to 935 CMR 501.500.

a. If an MTC elects a hearing pursuant to 935 CMR 501.500, the administrative proceeding must be conducted pursuant to 801 CMR 1.01, Formal Rules.

b. A Host Community may seek intervention as a party to the hearing.

(d) Complaints Alleging Noncompliance with 935 CMR 501.180

1. Consistent with its power to enforce HCAs, the Commission may, at its discretion, investigate any complaint alleging noncompliance with the requirements in this section and take enforcement action as provided in 935 CMR 501.000.

2. An interested person may file a complaint with the Commission alleging noncompliance with an HCA requirement under 935 CMR 501.180. Nothing in this subdivision shall be construed to prevent an MTC or a Host Community from bringing a private breach of contract action in a court of competent jurisdiction regarding an alleged breach of specific promises mutually agreed to in the parties' HCA.

3. If the Commission substantiates an allegation of noncompliance with HCA regulatory requirements, then the Commission may take administrative or enforcement action against a Licensee or a Host Community including sending a notice of deficiency, requesting additional information, or otherwise taking action as provided under 935 CMR 501.000.

4. Failure by a Host Community to correct the noncompliant conduct may result in one or more of the following:

a. Issuance of sanctions pursuant to 935 CMR 501.360;

b. Loss of a Host Community's good compliance standing for purposes of 935 CMR 501.180(2)(e);

c. Identification of a Host Community lack of good compliance standing in a form and manner determined by the Commission; or

d. Abstaining from consideration of any new license applications affiliated with a Host Community until a Host Community's good compliance standing is restored.

(4) Community Impact Fees.

(a) General Requirements. Pursuant to M.G.L. c. 94G, § 4(a½), the Commission is charged with establishing criteria for reviewing, certifying, and approving CIFs.

1. To qualify as a CIF, an impact fee alleged by a Host Community must be Reasonably Related.

2. On certification by the Commission, a CIF becomes properly due and payable unless disputed by an MTC consistent with 935 CMR 501.180(4)(c)4.a.

3. A Host Community may assess a CIF as a condition of allowing a License Applicant or an MTC to operate or continue to operate in its community. A Host Community may also opt not to assess a CIF.

4. A Host Community may also opt not to assess a CIF.

5. A Host Community shall ensure that the initial invoice period of claimed impact fees covers a one-year period that starts from the date the Commission grants an MTC a final license. A Host Community shall further ensure that all subsequent, one-year invoice periods are consistent with the anniversary of an MTC's final license date. The Commission will not certify any impact fees attributable to dates outside of the applicable invoice period.

6. A Host Community seeking to assess a CIF shall transmit an itemized invoice to an MTC in a form and manner determined by the Commission documenting claimed impact fees arising from the preceding year of an MTC's operations.

a. Sunshine Requirement: A Host Community shall ensure that impact fee invoices include a specific description of how the claimed impact fees were spent, including each line item for each good or service charged stating its cost, purpose, and relation to an MTC's operations.

b. A Host Community shall transmit its impact fee invoice to an MTC no later than one month after the anniversary of the date the MTC received a final license from the Commission. A Host Community's failure to transmit the impact fee invoice to an MTC within the prescribed time shall result in a forfeiture of any CIF for the applicable year of operations.

c. A Host Community shall ensure that the impact fee invoice is restricted to the license number(s) operating from the licensed Premises alleged to have impacted the community. For CMOs, a Host Community shall transmit an impact fee invoice to a Marijuana Establishment and an MTC.

7. Within 30 calendar days of receiving a Host Community's invoice of claimed impact fees, an MTC shall submit the invoice and any supporting documentation, if applicable, to the Commission in a form and manner determined by the Commission.

8. An MTC that has agreed to pay a CIF under its HCA shall annually pay any undisputed CIF no later than the end of the current fiscal year or within 90 days of the date of the Commission's CIF certification, whichever is later. This subdivision shall not be construed to require an MTC to pay a CIF if an MTC's payment obligation is the subject of a nonfrivolous legal dispute either through the Commission's administrative hearing process or before a court of competent jurisdiction.

(b) Prohibited Practices.

1. A Host Community shall not attempt to collect impact fees relating to any operations occurring prior to the date an MTC is granted a final license by the Commission.

2. A Host Community shall not attempt to collect impact fees from any MTC that has held a final license for more than nine years.

3. In circumstances where the licensed Premises is the site of multiple final licenses, no Host Community may amplify its assessment of claimed impact fee(s) by assigning the same impact fee(s) to each final license operating from the licensed Premises without regard to the distinct operations of each licensed entity.

4. No Host Community may rely on other written instruments, contracts, or agreements to assess Community Impact Fees. No Host Community may include additional payments or obligations in its invoice of claimed impact fees, including but not limited to monetary payments, in-kind contributions and charitable contributions by an MTC to a Host Community or any other organization.

5. A Host Community shall not include any legal costs incurred by a Host Community to defend against a lawsuit brought by an MTC in its invoice of claimed impact fees.

6. No Host Community may modify the effective date of a preexisting CIF for any final license that becomes subject to an ownership or control change under 935 CMR 501.104(1).

(c) Commission Review and Certification of CIFs. The Commission, through its Executive Director, shall review a Host Community's invoice of claimed impact fees and make a determination certifying, in whole or in part, the CIF that may be assessed for the preceding year of an MTC's operations based on a finding that an impact fee(s) is Reasonably Related to an MTC's operations.

1. An MTC shall provide verification of its Gross Annual Sales, including wholesale revenue generated by Marijuana Cultivators and Marijuana Product Manufacturers, to the Commission with its transmission of a Host Community's invoice of claimed impact fees.

a. An MTC shall submit a summary of all sales of Marijuana, Marijuana Products, Marijuana Accessories and MTC Branded Goods for that license to patients and other Licensees, as applicable.

b. If product was wholesaled or otherwise sold or transferred to other Licensees at no cost or reduced cost, an MTC shall apply the average cost per gram or milligram to the amount sold or transferred to establish and report the fair market value of the product, and include that amount in its summary submission.

2. The Commission may make a final determination on Gross Annual Sales relying on the factors in 935 CMR 501.180(4)(c)3., and any additional information gathered. The

Gross Annual Sales determined by the Commission, pursuant to 935 CMR 501.180(4)(c)3., shall be used for purposes of the CIF in circumstances where product was wholesaled or otherwise sold or transferred to other Licensees at no cost or reduced cost, and shall not be used for any other purposes related to other obligations, including tax filings, for an MTC.

3. The Commission may determine the Gross Annual Sales of an MTC using the following factors:

a. Patient Sales as represented by an MTC;

b. Patient Sales as represented by the Commission Seed-to-sale System of Record;

c. Fair Market Value of wholesaled or transferred Marijuana, Marijuana Products, Marijuana Accessories and MTC Branded Goods;

d. Any wholesaled or transferred Marijuana, Marijuana Products, Marijuana Accessories and MTC Branded Goods that has been refunded or is otherwise the subject of a voided sale;

e. Value of services rendered, wholesaled or transferred Marijuana, Marijuana Products, Marijuana Accessories and MTC Branded Goods as represented by the Commission Seed-to-sale System of Record; and

f. Other factors as determined necessary by the Commission to calculate the Gross Annual Sales by the licensee in the absence of available information as listed in 935 CMR 501.180(4)(c)2.

4. The Commission shall provide notice of its CIF determination to an MTC and a Host Community. The Commission's notice will provide an MTC with the following options:

a. An MTC may request an administrative hearing before an independent Hearing Officer of the Commission pursuant to 935 CMR 501.500 to challenge the findings of fact and conclusions of law. Any administrative proceeding elected by an MTC must be conducted pursuant to 801 CMR 1.01: *Formal Rules*. The Host Community may seek intervention as a party to the hearing; or

b. A Licensee may seek court intervention to independently review a Host Community's claimed impact fees by bringing a breach of contract action against a Host Community in a court of competent jurisdiction.

5. The parties may elect to bring a dispute between the parties before a private mediator retained by the parties at any time if such mediation is a term of the HCA or is voluntarily elected by the parties. Neither party may unilaterally compel private mediation.

6. After a CIF dispute has resolved, an MTC must provide proof of payment of the certified CIF with its renewal application. If an MTC prevails in a CIF dispute, an MTC must also provide proof that its CIF payment obligation has been eliminated.

(5) Waiver of Host Community Agreements.

(a) A Host Community may waive the regulatory requirement to have a compliant HCA by submitting an HCA Waiver to the Commission that complies with 935 CMR 501.180(5).

(b) An HCA Waiver constitutes a total relinquishment of the requirement that an Applicant or MTC enter into an HCA with a Host Community. No party to an HCA may use an HCA Waiver to waive individual provisions of an HCA.

(c) An HCA Waiver may be submitted relative to an application for licensure or an application for renewal of licensure. A Host Community and an Applicant or MTC may also submit an HCA Waiver after both parties have executed an HCA.

(d) Acceptance of an HCA Waiver is limited to the specific application or license number(s) stated in the HCA Waiver request.

(e) The Commission shall determine whether an HCA Waiver complies with 935 CMR 501.180(5).

(f) An HCA Waiver that sets an expiration date or any conditions is deemed noncompliant.

(g) An HCA Waiver determined to be the result of an Inducement is deemed noncompliant.

(h) If a Host Community elects to submit an HCA Waiver, a Host Community's submission shall be in a form and manner determined by the Commission and include, at minimum, the following information:

1. Identification of the specific application or license number intended to be exempt from the requirement to have a compliant HCA;

2. Identification of a License Applicant or MTC in a manner consistent with both the business entity name certified and recorded with the Secretary of the Commonwealth of Massachusetts and the business entity name stated either in a License Applicant's license application or on an MTC's license record as maintained by the Commission.

3. Printed name and signature of the individual(s) authorized to represent and act on behalf of a Host Community;

4. Printed name and signature of the individual(s) authorized to represent and act on behalf of an Applicant or MTC;

5. The date of each parties' signature; and

6. An attestation that the HCA Waiver was mutually agreed upon by both parties and

executed in good faith.

(i) An HCA Waiver that is executed and recorded with the Commission remains in full force and effect until such time as it is rescinded. An HCA Waiver may only be rescinded on Commission approval of an HCA subsequently executed and submitted by the parties.

(j) An HCA waiver is not subject to review under the criteria in 935 CMR 501.850 regarding general waivers.

501.181: Minimum Acceptable Equity Standards Governing Municipalities and Host Communities

(1) 935 CMR 501.181 is governed by M.G.L. c. 94G §§ 3 and 4, as amended by St. 2022, c. 180. Pursuant to M.G.L. c. 94G § 3, the Commission must establish minimum acceptable standards for Host Communities to promote and encourage full participation in the regulated Marijuana industry by people from communities that were disproportionately harmed by Marijuana prohibition and enforcement and to positively impact those communities.

(2) M.G.L. c. 94G § 4(a)(xxxi) and (xxxii) empowers the Commission to establish procedures for municipalities to promote and encourage full participation in the regulated Marijuana industry during negotiations of HCAs with Social Equity Businesses and to develop minimum acceptable standards governing HCA negotiations with Social Equity Businesses. The Commission is further authorized to develop best practices for HCA negotiations between municipalities and License Applicants that have been designated as Social Equity Program Participants or Economic Empowerment Priority Applicants.

(3) Equity Standards for Host Communities to Promote and Encourage Full Participation in the regulated Marijuana industry.

(a) Municipalities are presumed to have met the Commission's minimum acceptable equity standards for promoting and encouraging full participation in the regulated Marijuana industry by taking one of the following actions:

1. Adopting an ordinance or bylaw to exclusively permit Social Equity Businesses for 3 years or until the goals of the exclusivity period have been met;
2. Adopting the Model Ordinance or Bylaw created by the Commission to permit Social Equity Businesses; or
3. Creating a Local Approval Process for equity applicants that is administered on a 1:1 basis, where a General Applicant may be approved only after a Social Equity Business has commenced operations. Host Communities may choose to administer a 1:1 Local Approval Process until such time as 50% of the Licensees operating in the Host Community are Social Equity Businesses.

(b) Notwithstanding 935 CMR 501.181(3)(a), a Host Community shall adopt, but not be limited to, the following transparent practices to promote and encourage full equity participation:

(3) All suitability determinations will be made in accordance with the procedures set forth in 935 CMR 501.800.

(4) Suitability Review Process.

(a) Designated Enforcement staff (staff) shall conduct background checks and gather information and evidence applicable to a subject's suitability and make a recommendation as to suitability and, as appropriate, a cure. Staff may make an adverse suitability recommendation on finding information and evidence that would result in a Mandatory Disqualification, Presumptive Negative Suitability Determination or that would support a Negative Suitability Recommendation.

(b) Before making an adverse suitability recommendation, staff shall consult with the Executive Director or the Executive Director's delegee(s). The Executive Director may dispose of the matter or direct the Committee to institute a review of suitability or take any action consistent with M.G.L. c. 94G.

(c) If the Executive Director institutes a suitability review, the staff shall send the written notice of an adverse suitability recommendation that identifies the Person subject to suitability review, the particular offenses or conduct relied on and whether that the offenses or conduct results in a Mandatory Disqualification or Presumptive Negative Suitability Determination, or supports a Negative Suitability Recommendation, and reasons for that determination.

(d) The notice of an adverse suitability recommendation shall provide an opportunity to cure the suitability issue by removing the subject from its application. To the extent that an applicant can propose a cure, for example, by removing a subject from an application, the cure shall be done in a manner determined by the Commission.

(e) The notice of an adverse suitability recommendation shall provide the subject with the opportunity to request an informal proceeding before the Suitability Review Committee.

(h) If an applicant or a subject does not make a timely request for an informal proceeding before the Committee, the Executive Director may forward the adverse suitability recommendation to the Committee for a review, make a suitability determination, or take any action consistent with M.G.L. c. 94G.

(c) Subsequent to its review of a suitability matter, make recommendations to the Executive Director, or the Commission, or a Commission Delegee.

(6) When reviewing an adverse suitability recommendation by staff that there is an offense resulting in a Mandatory Disqualification, the Commission shall consider credible and reliable information demonstrating that:
(a) The disqualifying event was based on erroneous information or evidence; and
(b) The subject can demonstrate that prior to the informal proceeding, the adverse suitability recommendation can no longer be supported because the error was corrected.

(7) When reviewing an offense resulting in a Presumptive Negative Suitability Determination, the committee shall take into consideration the following factors:
(a) Nature and specific circumstances of the offense or incident:
