Measurements

The Managing Member will administer the Plan and will be responsible for developing measurable outcomes to ensure RC Cultivation continues to meet its commitments. Such measurable outcomes, in accordance with RC Cultivation's goals and programs described above, include:

- Ensuring that at least 10% of the staff is from a Commission-designated census tract in Worcester by providing regular staffing audits of employees hired, retained, and promoted who are past or present residents from the aforementioned census tracts in Worcester;
- Documenting the number of employees who have past drug convictions and Massachusetts residents with parents or spouses who have drug convictions; and
- Documenting compliance for each employee with the community service requirements, which will be tracked and include the date when the community service was performed.

In the event that RC Cultivation is not meeting its commitments, RC Cultivation will donate an additional \$5,000.00 annually to Girls, Inc., and will document such donation in accordance with its recordkeeping policies and generally accepted accounting principles.

Beginning upon receipt of RC Cultivation's first Provisional License from the Commission to operate a marijuana establishment in the Commonwealth, RC Cultivation will utilize the proposed measurements to assess its Plan and will account for demonstrating proof of success or progress of the Plan upon the yearly renewal of the license.
