Plan to Remain Compliant with Local Zoning

Hampshire Hemp LLC (“Company”) will remain compliant at all times with the local zoning requirements set forth in the City of Northampton’s Zoning Ordinance. In accordance with Zoning Ordinance, Company’s proposed Marijuana Retailer facility is located in the Highway Business Zoning District that allows for a Marijuana Storefront Retailer facility. The facility is not within 500 feet of a licensed daycare center, public library, public park or playground, nor is it within a 500-foot radius of another Marijuana Storefront Retailer.

In compliance with 935 CMR 500.110(3), the property is not located within 500 feet of an existing public or private school providing education to children in kindergarten or grades 1 through 12.

Company is not required to apply for a Special Permit from the local Planning Board. Company will apply for any other local permits required to operate a Marijuana Retailer facility at the proposed location.

Company has already attended several meetings with various municipal officials and boards to discuss Company’s plans for a proposed Marijuana Retailer facility and has executed a Host Community Agreement with the City of Northampton. Company will continue to work cooperatively with various municipal departments, boards, and officials to ensure that Company’s Marijuana Retailer facility remains compliant with all local laws, regulations, rules, and codes with respect to design, construction, operation, and security.

Company has also retained a law firm to assist with ongoing compliance with local zoning requirements.

Plan to Positively Impact Areas of Disproportionate Impact

Hampshire Hemp LLC (“Company”) is dedicated to serving and supporting those areas that are classified as areas of disproportionate impact. Marijuana businesses have an obligation to the health and well-being of their customers as well as the communities that have had historically high rates of arrest, conviction, and incarceration related to marijuana crimes. It is Company’s intention to be a contributing, positive force in areas of disproportionate impact and to assist in changing the perception of those associated with marijuana use.

Company will comply with the requirements of 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment. Any actions taken, or programs instituted, by Company will not violate the Commission’s regulations with respect to limitations on ownership or control or other applicable state laws.

The specifically named organization has been contacted and can receive the donations we plan on making and will work with the Company in the furthering of its goals. A letter from this organization is attached to this Positive Impact Plan.

PROGRAMS

1. Recruitment and Hiring Program

Company is planning to employ individuals who reside in areas of disproportionate impact. Company’s Principals all reside in “areas of disproportionate impact” specifically Holyoke and Springfield and our prospective team consists of individuals who have previously held positions in organizations that serve areas of disproportionate impact or where primary responsibilities included economic education, resource provision, or empowerment to disproportionately impacted individuals or communities.

Company plans to use several strategies to employ individuals who reside in areas of disproportionate impact which includes giving hiring preference to:

- Past or present residents of the geographic “areas of disproportionate impact,” specifically the Cities of Holyoke and Springfield;
- Commission-designated Social Equity Program participants;
- Massachusetts residents who have past drug convictions; and
- Massachusetts residents with parents or spouses who have drug convictions.

We will take the following measures in pursuit of this program:

- Company will engage with the MassHire Holyoke and Springfield Career Centers and the Greater Holyoke Chamber of Commerce’s FutureWorks to promote and post all of our employment opportunities;
- We will host a career fair approximately 60 days before our expected opening and additional job fairs as needed;
- All of our job postings and career fair materials will clearly outline our hiring priority for individuals who meet the above listed criteria;
- In an effort to reach applicants from areas of disproportionate impact, Company will assist with transportation to and from the workplace on a daily basis. This program will provide opportunities for applicants that otherwise wouldn’t have been able to apply and obtain transportation on their own; and

- To the extent possible and allowable, Company will source information from the Commission regarding contact information or other resources to contact Commission-designated Social Equity Program participants. With this information we will send job postings and career fair information to these individuals.

This Program will be instituted 60 days prior to our expected opening date.

Goals- The goals for Company's Recruitment and Hiring Program are as follows:

- 50% of our workforce will be: 1) Past or present residents of the geographic areas of disproportionate impact; 2) Commission-designated Social Equity Program participants; 3) Massachusetts residents who have past drug convictions; and 4) Massachusetts residents with parents or spouses who have drug convictions.

Measurements- Our Human Resources Manager will track and report following metrics that will be used to measure the success of this Program.

- Employment data, including the number and percentage of all applicants and hires that meet the following criteria: 1) Past or present residents of the geographic areas of disproportionate impact; 2) Commission-designated Social Equity Program participants; 3) Massachusetts residents who have past drug convictions; and 4) Massachusetts residents with parents or spouses who have drug convictions;
 - The salaries for all hires; and
 - Recruitment information including the number of all job postings, where they were posted and the number and percentage of all applicants and hires generated by each posting.
-

2. Community Partnership Program

Company has chosen to partner with Margaret's Pantry, a full service food pantry operated by the Sisters of Providence Ministries of Holyoke <http://www.provministries.org/locations/margarets-pantry/>. Margaret's Pantry is located in the City of Holyoke which is an area of disproportionate impact. Margaret's Pantry provides food to residents of Holyoke and the surrounding area. Presently the pantry provides food to upward of 180 families each month and average approximately 1,000,000 pounds per month which is distributed to the needy of the community. We have met with Margaret's Pantry and they have agreed to accept Company's donation of money and time (See attached letter).

Our partnership with Margaret's Pantry will include monetary donations from Company as well as a donation of volunteer hours from our executive management staff and employees. We will also participate in four food drives at our Retail Marijuana Establishment. Our first food drive will take place within 60 days after our opening date and every quarter thereafter. Our first monetary donation of \$5,000 will take place within 90 days of our receipt of Final Licensure from the Commission. The amount and timing of additional donations will be dependent on Company finances.

Goals- The goals for Company's Community Partnership Program are as follows:

- Donate a minimum for \$5,000 annually to Margaret's Pantry;
- Company employees will each donate 8 community service hours to Margaret's Pantry; and
- Company will hold at least 4 food drives annually to help further the goals of Margaret's Pantry

Measurements- Our Human Resources Manager will track and report following metrics that will be used to measure the success of this Program.

- The number and amounts of monetary donations to Margaret's Pantry;
 - The number of volunteer hours that Company employees have donated to Margaret's Pantry; and
 - The number and dates of donation, clothing and/or food drives held by Company along with the amounts of donations received and/or the approximate value of donations received at any clothing or food drive.
-

REPORTING

60 days prior to the Company's License Renewal the Company will draft a comprehensive report that will be presented to the Commission for review during the License Renewal Process. This report will include the metrics outlined in the two Programs outlined in this Plan along with an analysis of each Program and the success, or progress of each Programs goals.

Additionally, the Company will report on the following:

- Internal and external communications in support of the goals of the Plan;
- Information regarding the internal reporting systems that measure the effectiveness of programs designed to support a company culture that promotes positive impact on areas of disproportionate impact;
- A review of the Company's internal and external job postings to ensure information is in compliance with Company's Positive Impact Plan

The Human Resources Manager will be responsible for an audit report setting forth the Company's performance in fulfilling the goals of the Plan. This will include:

- A comprehensive description of all efforts made by Company to monitor and enforce the Positive Impact Plan;
- Other information deemed necessary or desirable by the Commission to ensure compliance with the regulations; and
- A workforce utilization report including the following information for each job category at Company:
 - The number of persons employed;
 - The number and percentage of Past or present residents of the geographic "areas of disproportionate impact," specifically the Cities of Holyoke and Springfield who are employed by the Company;
 - The number and percentage of Commission-designated Social Equity Program participants employed by the Company;
 - The number and percentage of Massachusetts residents who have past drug convictions that are employed by the Company; and
 - The number and percentage of Massachusetts residents with parents or spouses who have drug convictions that are employed by the Company.

Mr. Nicholas Yee, Manager
Hampshire Hemp LLC
41 Briarwood Dr.
Holyoke, MA 01040

Dear Mr. Yee:

Thank you for your interest in supporting Providence Ministries. In 1980 Our Founder, Sr. Margaret McCleary, had the idea of a community kitchen that would serve a warm meal to anyone, no questions asked and opened Kate's Kitchen. Over the past 39 years, what started with a simple idea, has blossomed into Providence Ministries, one of the largest networks of social services in the Pioneer Valley. Our food pantry alone distributes over 1,000,000 pounds of food annually to families in the region.

We are excited about the opportunities that the cannabis industry will bring to Western Mass and would gladly accept any donation your company offers. We would also love the opportunity to give you a tour of our programs, so you can see first-hand the work we do every day. Please let me know if you have any questions.

Sincerely,

Rory Casey

Members

Section 1. Membership. The incorporators shall fix the number of, and elect, the members of the corporation and thereafter the members, annually at their annual meeting, shall fix the number of members and shall elect new members to fill any vacancies; or they may decrease the number of members but only to the extent of any vacancies caused by resignation, removal, disqualification or death of one or more members. Unless the members otherwise designate, there shall be no qualifications for members. No such designation shall disqualify a member in office when the designation is made.

Section 2. Annual Meeting. The date and hour of the annual meeting of the members shall be fixed by the Directors. The purposes for which the annual meeting is to be held, in addition to those prescribed by law, by the Articles of Organization or by these By-Laws, may be specified by the members, Directors or the President in the notice of meeting. In the event that no date for the annual meeting is established or if no annual meeting is held in accordance with the foregoing provisions, a special meeting may be held in lieu thereof, and any action taken at such meeting shall have the same effect as if taken at the annual meeting.

Section 3. Special Meetings. Special meetings of the members may be called by the President or by the Directors and shall be called by the Clerk, or in case of the death, absence, incapacity or refusal of the Clerk, by any other officer, upon written application of three or more members entitled to vote thereat. In case none of the officers is able and willing to call a special meeting, three or more members may petition the Supreme Judicial or Superior Court of The Commonwealth of Massachusetts to authorize one or more members to call a meeting by giving such notice as is required by law.

Section 4. Place of Meetings. All meetings of members shall be held at the principal office of the corporation unless a different place (within the United States) is specified in the notice of the meeting.

Section 5. Notices. A written notice, stating the place, day and hour of all meetings of members shall be given by the Clerk or Assistant Clerk (or the person or persons calling the meeting), at least seven days before the meeting, to each member entitled to vote thereat and to each member who, by law, the Articles of Organization, or these By-Laws, is entitled to such notice, by leaving such notice with him or at his residence or usual place of business, or by mailing it, postage prepaid, and addressed to such member at his address as it appears upon the books of the corporation. Such notice, if the meeting is called otherwise than by the Clerk, may be a copy of the call of the meeting. Such notice given by the Clerk shall constitute a call of the meeting

by him. Notices of all meetings of members may state the purposes for which the meetings are called. No notice need be given to any member if a written waiver of notice, executed before or after the meeting by the member or his attorney, thereunto authorized is filed with the records of the meeting.

Section 6. Quorum. Unless the Articles of Organization otherwise provide, at any meeting of members a quorum for the transaction of business shall consist of one or more individuals appearing in person and/or as proxies and owning and/or representing a majority of the members of the corporation entitled to vote, provided that less than such quorum shall have power to adjourn the meeting from time to time.

Section 7. Voting and Proxies. Each member entitled to vote at a meeting shall have one vote. Members may vote either in person or by written proxy dated not more than six months before the meeting named therein. Proxies shall be filed with the Clerk before being voted at any meeting or any adjournment thereof. except as otherwise limited therein, proxy shall entitle the person named therein to vote at the meeting specified therein and at any adjourned session of such meeting but shall not be valid after final adjournment of the meeting. A proxy purporting to be executed by or on behalf of a member shall be deemed valid unless challenged at or prior to its exercise and the burden of proving invalidity shall rest upon the challenger.

Section 8. Action at Meeting. Action of the members on any matter properly brought before a meeting shall require, and may be effected by, the affirmative vote of a majority of the members present or represented and voting on such matter, provided that such majority shall be a least a majority of the members required to constitute a quorum for action on such matter; except where a different vote is required by law, the Articles of Organization or these By-Laws. Any election by members shall be determined by a plurality of the votes cast by the members entitled to vote at the election. No ballot shall be required for such election unless requested by a member present or represented at the meeting and entitled to vote in the election.

Section 9. Action without Meeting by Written Consent. Any action by members may be taken without a meeting if all members entitled to vote on the matter consent to the action by a writing filed with the records of the meetings of members. Such consent shall be treated for all purposes as a vote at a meeting.

ARTICLE II

Directors

Section 1. Powers. The Board of Directors, subject to any action at any time taken by the members of the corporation, shall have the entire charge, control and management of the corporation and its property and may exercise all or any of its powers.

Section 2. Number and Election. Except as otherwise provided by these By-Laws or in the Articles of Organization, the number of Directors that shall constitute the whole Board of Directors shall be fixed, and the Directors elected, by the members at the annual meeting. No

Director need be a member.

Section 3. Vacancies. Any vacancy at any time, existing in the Board of Directors may be filled by the Board of Directors at any meeting. The members having voting power may, at a special meeting called at least in part for the purpose, choose a successor to a Director whose office has become vacant, and the person so chosen shall displace any successor chosen by the Directors.

Section 4. Enlargement of the Board of Directors. The number of the Board of Directors may be increased and one or more additional Directors may be elected at any meeting of the members.

Section 5. Tenure. Except as otherwise provided by law, by the Articles of Organization or by these By-Laws, Directors shall hold office until the next annual meeting of members and thereafter until their successors are chosen and qualified.

Section 6. Resignation. Any Director may resign by delivering his written resignation to the corporation at its principal office or to the President or Clerk. Such resignation shall be effective upon receipt unless it is specified to be effective at some other time or upon the happening of some other event.

Section 7. Removal. A Director may be removed from office (a) with or without cause by vote of a majority of the members entitled to vote in the election of Directors or (b) for cause by vote of a majority of the Directors then in office. A Director may be removed for cause only after reasonable notice and opportunity to be heard before the body proposing to remove him.

Section 8. Annual Meeting. Immediately after each annual meeting of members, or the special meeting held in lieu thereof, and at the place thereof, if a quorum of the Directors is present, there shall be a meeting of the Directors without notice; but if such a quorum of the Directors is not present, or, if present, does not proceed immediately thereafter to hold a meeting of the Directors, the annual meeting of the Directors shall be called in the manner hereinafter provided with respect to the call of special meetings of Directors.

Section 9. Regular Meetings. Regular meetings of the Directors may be held at such times and places as shall from time to time be fixed by resolution of the Board and no notice need be given of regular meetings held at times and places so fixed, provided, however, that any resolution relating to the holding of regular meetings shall remain in force only until the next annual meeting of members, or the special meeting held in lieu thereof, and that if at any meeting of Directors, at which a resolution is adopted fixing the times or place or places for any regular meetings, any director is absent, no meeting shall be held pursuant to such resolution until either each such absent Director has in writing or by telegram approved the resolution or seven days have elapsed after a copy of the resolution certified by the Clerk has been mailed postage prepaid, addressed to each such absent Director at his last known home or business address.

Section 10. Special Meetings. Special meetings of the Directors may be called by the President, by the Clerk, by the Secretary, by any two Directors, or by one Director in the event that

Notices of any special meeting of the Directors shall be given to each Director by the Clerk or Secretary (a) by mailing, postage prepaid, and addressed at address as registered on the books of the Corporation, or if none at the last known home or business address, a written notice of such meeting at least four days before the meeting or (b) by delivering such notice by hand or by telegram, telecopy or telex to him at least forty-eight hours before the meeting at such address, notice of such meeting or (c) by giving notice to such Director in person or by telephone at least forty-eight hours in advance of the meeting. Such notice, if the meeting is called otherwise than by the Clerk or Secretary, may be a copy of the call of the meeting; and if the meeting is not so otherwise called, such notice given by the Clerk or Secretary shall constitute a call of the meeting by him. If the Clerk or Secretary refuses or neglects for more than 24 hours after receipt of a call to give notice of such special meeting, or if the offices of Clerk and Secretary are vacant or the Clerk and Secretary are absent from the Commonwealth of Massachusetts or incapacitated, such notice may be given by the officer or one of the Directors calling the meeting. Notice need not be given to any Director if a written waiver of notice, executed by him before or after the meeting, is filed with the records of the meeting, or to any Director who attends the meeting without protesting prior thereto or at its commencement the lack of notice to him. A notice or waiver of notice of a Directors' meeting need not specify the purposes of the meeting.

Section 12. Quorum. At any meeting of the Directors, a majority of the Directors then in office shall constitute a quorum for the transaction of business; provided always that any number of Directors (whether one or more and whether or not constituting a quorum) present at any meeting or at any adjourned meeting may make any reasonable adjournment thereof.

Section 13. Action at Meeting. At any meeting of the Directors at which a quorum is present, the action of the Directors on any matter brought before the meeting shall be decided by vote of a majority of those present, unless a different vote is required by law, the Articles of Organization, or these By-Laws.

Section 14. Action by Written Consent. Any action by the Directors may be taken without a meeting if a written consent thereto is signed by all the Directors and filed with the records of the Directors' meetings. Such consent shall be treated as a vote of the Directors for all purposes.

Section 15. Committees. The Directors may, by vote of a majority of the number of Directors then in office, elect from their number an executive or other committees and may, by like vote, delegate thereto some or all of their powers except those which by law, the Articles of Organization or these By-Laws they are prohibited from delegating. Except as the Directors may otherwise determine, any such committee may make rules for the conduct of its business, but unless otherwise provided by the Directors or in such rules, its business shall be conducted as nearly as possible in the same manner as provided by these By-Laws for the Directors. The Directors shall have the power to fill vacancies in, change the membership of, or disband, any such committee.

Section 16. Telephone Conference Meetings. The Directors or the members of any committee may participate in a meeting of the Directors of such committee by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time, and participation by such means shall constitute presence in person at a meeting.

The corporation shall, to the extent legally permissible, indemnify any person serving or who has served as a Director, officer, employee or other agent of the corporation, or at its request as a Director, officer, employee or other agent of any organization, or at its request in any capacity

with respect to any employee benefit plan, against all liabilities and expenses, including amounts paid in satisfaction of judgments, in compromise or as fines and penalties, and counsel fees, reasonably incurred by him in connection with the defense or disposition of any action, suit or other proceeding, whether civil or criminal, in which he may be involved or with which he may be threatened, while in office or other after, by reason of his being or having been such a Director or officer (or in any capacity with respect to any employee benefit plan), except with respect to any matter as to which he shall have been adjudicated in any proceeding not to have acted in good faith in the reasonable belief that his action was in the best interests of the corporation (or, to the extent that such matter relates to service with respect to an employee benefit plan, in the best interest of the participants or beneficiaries of such employee benefit plan); provided, however, that as to any matter disposed of by a compromise payment by such person, pursuant to a consent decree or otherwise, no indemnification either for said payment or for any other expenses shall be provided unless such compromise and indemnification therefor shall be approved:

- (i) by a majority vote of a quorum consisting of disinterested Directors;
- (ii) if such a quorum cannot be obtained, then by a majority vote of a committee of the Board of Directors consisting of all the disinterested Directors;
- (iii) if there are not two or more disinterested Directors in office, then by a majority of the Directors then in office, provided they have obtained a written finding by special independent legal counsel appointed by a majority of the Directors to the effect that, based upon a reasonable investigation of the relevant facts as described in such opinion, the person to be indemnified appears to have acted in good faith in the reasonable belief that his action was in the best interests of the corporation (or, to the extent that such matter relates to service with respect to an employee benefit plan, in the best interests of the participants or beneficiaries of such employee benefit plan);
- (iv) by a majority vote of the members which majority may include interested members, Directors and officers; and

If both the corporation and any person to be indemnified are parties to an action, suit or proceeding (other than an action or suit by or in the right of the corporation to procure a judgment in its favor), counsel representing the corporation therein may also represent such indemnified person (unless such dual representation would involve such counsel in a conflict of interest in violation of applicable principles of professional ethics), and the corporation shall pay all fees and expenses of such counsel incurred during the period of dual representation other than those, if any, as would not have been incurred if counsel were representing only the corporation; and any allocation made in good faith by such counsel of fees and disbursements payable under this paragraph by the corporation versus fees and disbursements payable by any such indemnified person shall be final and binding upon the corporation and such indemnified person.

The right of indemnification hereby provided shall not be exclusive of or affect any other rights to which any such indemnified person may be entitled. Nothing contained in this Article shall affect any rights to indemnification to which corporate personnel other than the persons designated in this Article may be entitled by contract, by vote of the Board of Directors, or otherwise under law.

Executive Summary

Hampshire Hemp LLC will be located in Northampton, MA. We have been able to lease a facility for 5 years with the option of acquiring the property once the property is put up for sale.

The facility is well positioned and it matches the ideal picture of a community dispensary store. We are not going to spend much to face lift the facility. Before taking over the facility, it was used as a retail shop and remains in new condition. The business will be launching with just one outlet in Northampton, but we have plans to open other outlets in key locations around Massachusetts.

Hampshire Hemp will be involved in the retailing of recreational marijuana once we are able to secure the required license.

We are in recreational marijuana dispensary business as permitted by the law in Massachusetts. Our employees will be trained and qualified to handle the wide range of customers. Hampshire Hemp will be a 7 day a week dispensary store. We are in business to service walk – in customers. Our work force is going to be well trained to operate within the framework of our company's culture and also to meet the needs of all our customers.

Hampshire Hemp will ensure that all our customers are given first class treatment whenever they visit our store. We have a CRM software that will

enable us manage one on one relationships with our customers no matter how large the number of our customer base grows.

Hampshire Hemp is a local business that is managed by Nicholas Yee.

Our Vision Statement

Our vision is to become a reliable and safe dispensary for the surrounding areas of Western Massachusetts

Our Mission Statement

Our mission is to establish a first class recreation marijuana dispensary store that will sell a top quality product to the new recreational market.

Business Structure

Hampshire Hemp is a business that will be built on a solid foundation. From the outset, we have decided to recruit only qualified people to man various job positions in our organization. We are quite aware of the rules and regulations governing the recreation industry, which is why we decided to recruit experienced and qualified employees to be the foundational staff of

the organization. We hope to leverage on their expertise to build our business brand as a premiere marijuana dispensary within the local area.

When hiring, we will look for applicants that are not just qualified and experienced, but honest, customer centric and willing to put in the hours it takes to help us build a prosperous business that will benefit all stake holders (the owners, workforce, and customers).

Market Analysis

Market Trends

The market trend in the recreation industry of which the marijuana dispensary business falls under is directly influenced by a country's healthcare reform policies. The fact that the pharmaceutical industry is highly regulated means that any entrepreneur who wants to run a marijuana dispensary business must be ready to play by the book or they will be out of business.

Several other factors influence market trends in the industry and it is normal to see bigger marijuana dispensary stores.

Undoubtedly, the industry will continue to grow and become more profitable due to the aging baby-boomer generation in the United States which is projected to drive increasing demand for marijuana.

Marijuana dispensary stores are now making use of technology to effectively manage their business by plugging financial leakages which happens to be one of the biggest challenges that retail businesses faces. The use of technology, i.e. CRM software is very effective in helping retail businesses manage their clientele base.

Our Target Market

Hampshire Hemp is in business to service a wide range of customers. We will ensure that we target self – pay customers and walk in customers.

The fact that we are going to open our doors to a wide range of customers does not in any way stop us from demanding and screening patrons as required by the law. Our staff is trained to effectively service our customers and still play by the rules governing the industry.

Our customers can be categorized into the following categories;

- Households
- Corporate Executives
- Business People
- Elderly people
- Sports Men and Women
- Students over the age of 21
- Middle aged people – who are usually working stressed from work and may have insomnia

Our Competitive Advantage

In every business there is competition, however, we believe we possess several strengths that will allow us to remain visible on the business radar at all times. The recreational industry is known to be highly competitive in the U.S. In this industry, most of the competitive dynamics center around the quality of cannabis dispensed, the service offered, the location where the dispensary is at, discounts offered for the products, and to some extent, the branding of the business plays a significant role. Even though competition is stiff especially from the big, well-backed enterprises, smaller enterprises can still get their fair share of the market if they stay true to the competitive dynamics.

Hampshire Hemp is entering into the market well prepared to favorably compete in the industry. Our store is well positioned and visible. We have plenty of parking space available with good security. Our management staff is well groomed in retail market and all of our employees are trained to provide customized customer service to all of our clients.

Organization & Management

The following managing structure at Hampshire Hemp;

- Mark Cutting- President
- Peter Picknelly- Investor
- Nicholas Yee- General Manager

Products

Our core product as a dispensary will be marijuana which will come in a variety of different strains. Hampshire Hemp will retail a wide range of cannabis from different manufacturing brands to customers who are based in Massachusetts.

At Hampshire Hemp, we will ensure that we have a wide range of products. It will be difficult for customers to visit our store and not find the product that they are looking for. One of our business goals is to make our recreation marijuana dispensary store a one stop shop.

- 1.) Topical Salves
- 2.) Creams/Lotions
- 3.) Patches
- 4.) Oral Mucosal/Sublingual Dissolving Tablets
- 5.) Tinctures
- 6.) Sprays
- 7.) Inhalation Ready to us C02 Extracted Hash Oils
- 8.) Pre-Dosed Oil Vaporizers
- 9.) Ingestion Capsules
- 10.) Food/Beverages.

Sales

The sales strategy of Hampshire Hemp will be based on generating long-term personalized relationships with customers. All of our employees will be well trained and equipped to provide excellent and knowledgeable customer service. We know that if we are consistent with offering high quality marijuana and excellent customer service, we will increase the number of our customers by more than 25% for the first year and then more than 30% subsequently.

Before choosing a location for our marijuana dispensary store, we conducted a market survey and feasibility studies in order for us to be able to penetrate the available market and become the preferred choice for residence of Northampton. We have detailed information and data that we were able to utilize to structure our business to attract the numbers of customers we want to attract at a given time.

We have hired experts who have a solid understanding of the retail industry to help us develop strategies that will allow us to achieve our business goal of winning a larger percentage of the available market in Northampton.

Payment Options

At Hampshire Hemp, our payment policy is all inclusive because we are quite aware that different people prefer different payment options as it suits

them. Here are the payment options that will be available in all of our outlets;

- Payment by cash
- Payment via Point of Sale (POS) Machine
- Payment via online bank transfer (online payment portal)
- Payment via Mobile money

In light of the above, we have chosen banking platforms that will help us achieve our payment plans without any hitches. This is very vital so that we do not lose focus.

Growth

It is the wish of any business to become so successful that there is a good succession plan to act upon. More often than not, having a good succession plan will help you know the direction your business is headed. As such, the future of a business lies in the number of loyal customers, the capacity and competence of the employees, their investment strategy and the business structure.

One of our major goals in starting Hampshire Hemp is to build a business that will survive off its own cash flow without the need for injecting finances from external sources once the business is running. We know that one of the ways of gaining approval and winning customers over is to sell a superior product than what is currently obtainable in the market. We are well prepared to survive on lower profit margin.

Hampshire Hemp will make sure the correct foundation, structures and processes are put in place to ensure that our staff is well taken of. Our company's corporate culture is designed to drive our business to greater heights and training and re – training of our workforce is top of mind.

Financial Projections

Sources of Income

We know that it is vital to state and act on the ways through which we have decided to raise funds. Our source of income will be primarily in the retailing of marijuana.

Sales Forecast

One of the true marks of an effective entrepreneur is being able to forecast sales based on the magnitude of work that has been put into the business. It is important to state that our sales forecast is based on the data gathered during our feasibility studies, market survey and also some of the assumptions readily available in the field.

Below are the sales projections that we were able to come up with for the first three years of operations;

First Year-: \$100,000

Second Year-: \$250,000

Third Year-: \$500,000

N.B: This projection is done based on what is obtainable in the industry and with the assumption that there won't be any major economic downturn within the period stated above. Please note that the above projection might be lower but may also be higher.

Start – Up Expenditure (Budget)

From research, it can be deduced that starting a medical marijuana dispensary business isn't something that comes cheap, neither is it for those that are faint of heart. The first set of money to be spent just to make an application before entering this business is usually non-refundable and is always in thousands of dollars. The start-up cost also depends on the requirements of the state one would be operating in. Some states require that you have a cultivation location while others do not.

The items listed below are the basics that we would need when starting our own medical marijuana dispensary business in the United States, although costs might vary slightly;

- The Total Fee for Registering the Business in Massachusetts – 300
- Cost for Computer and Software (Accounting Software, Payroll Software, CRM Software, Microsoft Office, QuickBooks Pro – 1,000
- Insurance (general liability, workers' compensation and property casualty) coverage at a total premium – 5,000
- Cost for payment of rent for 3 month - 15,000
- Construction of racks and shelves – 30,000
- Operational cost for the first 3 months (salaries of employees, payments of bills et al) – 50,000
- The cost for Start-up inventory – 50,000
- Cost of purchase and installation of CCTVs: 2,000
- Miscellaneous: 2,000

We would need an estimate of 155,300 to successfully set up our recreation marijuana dispensary store in Northampton. Please note that this amount includes the salaries of all of the staff for the first month of operation.

Standards of Conduct

Company is committed to maintaining an environment conducive to the health and well-being of customers and employees. Company will not tolerate harassment or discrimination on the basis of sex, race, color, national origin, age, religion, disability, sexual orientation, gender identity, gender expression, or any other trait or characteristic protected by any applicable federal, state, or local law or ordinance. Harassment or discrimination on the basis of any protected trait or characteristic is contrary to Company's values and is a violation of the Company Code of Conduct. Harassment is a form of discrimination. There is a broad range of

behavior that could constitute harassment. In general, harassment is any verbal or physical conduct that:

- Has the purpose or effect of creating an intimidating, hostile, or offensive working environment;
- Has the purpose or effect of unreasonably interfering with an individual's work performance; or
- Adversely affects an individual's employment opportunities.

At-will employment implies that employer and employee alike may terminate the work relationship at any given moment and for any legitimate purpose. Wrongful termination may be more difficult to prove in an at-will arrangement because of the freedom that each party has to end the employment. However, there are still many instances wherein a termination or discharge can be called wrongful, even in an at-will employment.

The required attire for registered agents at Company varies based upon required duties. New hire training and the onboarding process will go over the workplace attire specific to each role and the department manager will be responsible for ensuring compliance with all requirements is met.

Job Status

Job Classifications

Positions at Company are categorized by rank and by department. The executive management team oversees the overall success of mission of the company; the CEO is responsible for implementation of the mission and the executive management team as a whole is responsible for ensuring that all departments are properly executing their functions and responsibilities. Job classification is comprised of three rank tiers: Executive Management, Management, and Non-Management Employee.

Work Schedules

Work schedules will be either part-time, full-time, or salaried, depending of the specific position. Schedules will be set according to the needs of each department as determined by the department

manager and the executive manager they report to. It is the department manager's responsibility to develop and implement a work schedule that provides necessary duty and personnel coverage but does not exceed what is required for full implementation of operations. It is also the department manager's responsibility to ensure that adequate coverage occurs on a daily basis and does not lead to unnecessary utilization of overtime coverage.

Mandatory Meetings and Community Service Days

There will be a mandatory, reoccurring company-wide meeting on a monthly basis. All personnel will be notified if their attendance is required. Certain personnel, such as housekeeping staff, may not be required to attend. Each department will have a mandatory weekly meeting scheduled by the department manager. The department managers will provide agendas for all meetings and will report to their executive manager.

Breaks

Daily breaks, including lunch breaks, will comply with the laws of the Commonwealth.

Performance Reviews

Performance reviews will be conducted by executive or department managers. Reviews will be conducted following a 90 day probationary period, and semi-annually thereafter. A written synopsis must be provided to, and signed by, the employee under review. Reviews must be retained in each employee's employment file. Performance reviews must take into account positive performance factors and areas requiring improvement. Scoring systems may be utilized to help reflect an employee's overall performance.

Leave Policies

Leave policies will comport with all state and federal statutes.

All full-time employees will receive two 40-hour weeks of paid vacation per annum. Additional leave must be requested at least two weeks in advance and approved by the employee's department manager. Company will determine which holidays will be observed and which departments will not be required to work. Additional leave will not be paid and must be approved by the department manager.

Company anticipates observing the following holidays:

- New Year's Day;
- Martin Luther King Day;
- Presidents' Day;
- Memorial Day;
- Independence Day;
- Labor Day;
- Thanksgiving; and
- Christmas Day.

Disciplinary Policies

Purpose

Company's progressive discipline policies and procedures are designed to provide a structured corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. The steps outlined below of Company's progressive discipline policies and procedures have been designed consistent with Company's organizational values, best practices, and state and federal employment laws.

Company reserves the right to combine or skip steps depending upon the facts of each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling, and/or training; the employee's work record; and the impact the employee's performance, conduct and/or attendance issues have on Company as an organization.

Procedure

Step 1: Counseling and Verbal Warning

Step 1 creates an opportunity for the immediate supervisor to schedule a meeting with an employee to bring attention to the existing performance, conduct, or attendance issue. The supervisor should discuss with the employee the nature of the problem and/or violation of company policies and procedures. The supervisor is expected to clearly outline expectations and steps the employee must take to improve performance or resolve the problem.

Within five business days, the supervisor will prepare written documentation of a Step 1 meeting. The employee will be asked to sign the written documentation. The employee's signature is needed to demonstrate the employee's understanding of the issues and the corrective action needed.

Step 2: Written Warning

While it is hoped that the performance, conduct, or attendance issues that were identified in Step 1 have been corrected, Company recognizes that this may not always be the case. A written warning involves a more formal documentation of the performance, conduct, or attendance issues and consequences.

During Step 2, the immediate supervisor and a department manager or director will meet with the employee and review any additional incidents or information about the performance, conduct, or attendance issues as well as any prior relevant corrective action plans. Management will outline the consequences for the employee of his or her continued failure to meet performance, conduct and/or attendance expectations. A formal performance improvement plan (PIP) requiring the employee's immediate and sustained corrective action will be issued within five business days of a Step 2 meeting. A warning outlining that the employee may be subject to additional discipline up to and including termination if immediate and sustained corrective action is not taken may also be included in the PIP.

Step 3: Suspension and Final Written Warning

There may be performance, conduct, or safety incidents so problematic and harmful that the most effective action may be the temporary removal of the employee from the workplace. When immediate action is necessary to ensure the safety of the employee or others, the immediate supervisor may suspend the employee pending the results of an investigation.

Suspensions that are recommended as part of the normal progression of the progressive discipline policies and procedures are subject to approval from a next-level manager and the Human Resources Manager.

Depending upon the seriousness of the infraction, an employee may be suspended without pay in full-day increments consistent with federal, state and local wage-and-hour employment laws. Nonexempt/hourly employees may not substitute or use an accrued paid vacation or sick day in lieu of the unpaid suspension. Due to Fair Labor Standards Act (FLSA) compliance issues, unpaid suspension of salaried/exempt employees is reserved for serious workplace safety or conduct issues. The Human Resources Manager will provide guidance so that discipline is administered without jeopardizing the FLSA exemption status.

Pay may be restored to an employee if an investigation of the incident or infraction absolves the employee.

Step 4: Recommendation for Termination of Employment

The last and most serious step in the progressive discipline procedures is a recommendation to terminate employment. Generally, Company will try to utilize the progressive steps of this policy by first providing warnings, a final written warning, and/or suspension from the workplace before proceeding to a recommendation to terminate employment. However, Company reserves the right to combine and skip steps depending upon the circumstances of each situation and the nature of the offense, and an employee may be terminated without prior notice or disciplinary action.

Management's recommendation to terminate employment must be approved by the Human Resources Manager and department manager or designee. Final approval may be required from the CEO or designee.

Nothing in this policy provides any contractual rights regarding employee discipline or counseling nor should anything in this policy be read or construed as modifying or altering the employment-at-will relationship between Company and its employees.

Appeal Process

Any employee subject to a disciplinary action will have the opportunity to present information on their own behalf that may challenge information management relied upon in making the decision to issue the disciplinary action. The purpose of this appeal process is to provide insight

into extenuating circumstances that may have contributed to the employee's performance, conduct and/or attendance issues, while allowing for an equitable solution.

If an employee does not present information on their own behalf during a step meeting, they will have five business days after the meeting to present such information to the supervisor who conducted the meeting.

Performance and Conduct Issues Not Subject to Progressive Discipline

Behavior that is illegal is not subject to progressive discipline and may be reported to local law enforcement. Theft, intoxication at work, fighting and other acts of violence are also not subject to progressive discipline and may be grounds for immediate termination.

Documentation

Any employee subject to progressive discipline will be provided with copies of all relevant documentation related to the progressive discipline process, including all PIPs. The employee will be asked to sign copies of this documentation attesting to their receipt and understanding of the corrective action outlined in these documents. Copies of these documents will be placed in the employee's official personnel file.

Separation of Employment

Separation of employment within an organization can occur for several different reasons. Employment may end as a result of resignation, retirement, release (end of season or assignment), reduction in workforce, or termination. When an employee separates from Company, the employee's supervisor must contact the Human Resources Manager to schedule an exit interview, which will typically take place on the employee's last workday.

Types of Separation

1. Resignation

Resignation is a voluntary act initiated by the employee to end employment with Company. The employee must provide a minimum of two (2) weeks' notice prior to resignation. If an employee does not provide advance notice or fails to actually work the remaining two weeks, the employee will be ineligible for rehire. The resignation date must not fall on the day after a holiday.

2. Retirement

An employee who wishes to retire is required to notify their department director and the Human Resources Manager in writing at least one (1) month before planned retirement date. It is the practice of Company to give special recognition to employees at the time of their retirement.

3. Job Abandonment

An employee who fails to report to work or contact their supervisor for two (2) consecutive workdays will be considered to have abandoned their job without notice effective at the end of the employee's normal shift on the second day. The department

manager will notify the Human Resources Manager at the expiration of the second workday and initiate the paperwork to terminate the employee. Employees who are separated due to job abandonment are ineligible for rehire.

4. Termination

Employees of Company are employed on an at-will basis, and the company retains the right to terminate an employee at any time.

5. Reduction in Workforce

An employee may be laid off due to changes in duties, organizational changes, lack of funds, or lack of work. Employees who are laid off may not appeal the layoff decision through the appeal process.

6. Release

Release is the end of temporary or seasonal employment. The Human Resources Manager, in consultation with the department manager, will inform the temporary or seasonal worker of their release according to the terms of the individual's temporary employment.

Exit Interview

The separating employee will contact the HR department as soon as notice is given to schedule an exit interview. The interview will be held on the employee's last day of work or another day, as mutually agreed upon.

Return of Property

The separating employee must return all company property at the time of separation, including but not limited to, uniforms, cell phones, keys, computers, and identification cards. Failure to return certain items may result in deductions from the employee's final paycheck. All separating employees will be required to sign a Wage Deduction Authorization Agreement, allowing Company to deduct the costs of such items from their final paycheck.

Termination of Benefits

An employee separating from Company is eligible to receive benefits as long as the appropriate procedures are followed as stated above. Two weeks' notice must be given, and the employee must work the full two work weeks. Accrued vacation leave will be paid in the last paycheck. Accrued sick leave will be paid in the last paycheck.

Health Insurance

Health insurance terminates on the last day of the month of employment, unless employee requests immediate termination of benefits. Information about the Consolidated Omnibus Budget Reconciliation Act (COBRA) continued health coverage will be provided. Employees will be required to pay their share of the dependent health and dental premiums through the end of the month.

Rehire

Former employees who left in good standing and were classified as eligible for rehire may be considered for reemployment. An application must be submitted to the Human Resources Manager, and the applicant must meet all minimum qualifications and requirements of the position, including any qualifying exam, when required.

Department managers must obtain approval from the Human Resources Manager or designee prior to rehiring a former employee. Rehired employees begin benefits just as any other new employee. Previous tenure will not be considered in calculating longevity, leave accruals, or any other benefits.

An applicant or employee who is terminated for violating policy or who resigned in lieu of termination from employment due to a policy violation will be ineligible for rehire.

Compensation

As an employer, Company believes that it is in the best interest of both the organization and Company's employees to fairly compensate its workforce for the value of the work provided. It is Company's intention to use a compensation system that will determine the current market value of a position based on the skills, knowledge, and behaviors required of a fully-competent incumbent. The system used for determining compensation will be objective and non-discriminatory in theory, application and practice. The company has determined that this can best be accomplished by using a professional compensation consultant, as needed, and a system recommended and approved by the executive management team.

Selection Criteria

1. The compensation system will price positions to market by using local, national, and industry specific survey data.
2. The market data will primarily include marijuana-related businesses and will include survey data for more specialized positions and will address significant market differences due to geographical location.
3. The system will evaluate external equity, which is the relative marketplace job worth of every marijuana industry job directly comparable to similar jobs at Company, factored for general economic variances, and adjusted to reflect the local economic marketplace.
4. The system will evaluate internal equity, which is the relative worth of each job in the organization when comparing the required level of job competencies, formal training and experience, responsibility and accountability of one job to another, and arranging all jobs in a formal job-grading structure.
5. Professional support and consultation will be available to evaluate the compensation system and provide on-going assistance in the administration of the program.
6. The compensation system must be flexible enough to ensure that the company is able to recruit and retain a highly-qualified workforce, while providing the structure necessary to effectively manage the overall compensation program.

Responsibilities

The executive management team will give final approval for the compensation system that will be used by Company.

1. On an annual basis the executive management team will review and approve, as appropriate, recommended changes to position-range movement as determined through the vendor's market analysis process.
2. As part of the annual budgeting process, the executive management team will review and approve, as appropriate, funds to be allocated for total compensation, which would include base salaries, bonuses, variable based or incentive-based pay, and all other related expenses, including benefit plans.

Management Responsibility

1. The CEO is charged with ensuring that Company is staffed with highly-qualified, fully-competent employees and that all programs are administered within appropriate guidelines and within the approved budget.
2. The salary budget will include a gross figure for the following budget adjustments, but the individual determinations for each employee's salary adjustment will be the exclusive domain of the CEO: determining the appropriate head count, titles, position levels, merit and promotional increases and compensation consisting of salary, incentive, bonus, and other discretionary pay for all positions.
3. The CEO will ensure that salary ranges are updated at least annually, that all individual jobs are market priced at least once every two years, and that pay equity adjustments are administered in a fair and equitable manner.

Agent Background Checks

- In addition to completing the Commission's agent registration process, all agents hired to work for Company will undergo a detailed background investigation prior to being granted access to a Company facility or beginning work duties.
- Background checks will be conducted on all agents in their capacity as employees or volunteers for Company pursuant to 935 CMR 500.100 and will be used by the Director of Security, who will be registered with the Department of Criminal Justice Information Systems pursuant to 803 CMR 2.04: iCORI Registration and the Commission for purposes of determining the suitability of individuals for registration as a marijuana establishment agent with the licensee.
- For purposes of determining suitability based on background checks performed in accordance with 935 CMR 500.101(1), Company will consider:

 - All criminal disqualifying conditions, offenses, and violations include the crimes of attempt, accessory, conspiracy, and solicitation. Juvenile dispositions will not be considered as a factor for determining suitability.

- Suitability determinations will be made in accordance with the procedures set forth in 935 CMR 500.800. In addition to the requirements established in 935 CMR 500.800, Company will:
 - Comply with all guidance provided by the Commission and 935 CMR 500.802: Tables B through D to determine if the results of the background are grounds for Mandatory Disqualification or Presumptive Negative Suitability Determination.
 - Consider whether offense(s) or information that would result in a Presumptive Negative Suitability Determination under 935 CMR 500.802. In the event a Presumptive Negative Suitability Determination is made, Company will consider the following factors:
 - Time since the offense or incident;
 - Age of the subject at the time of the offense or incident;
 - Nature and specific circumstances of the offense or incident;
 - Sentence imposed and length, if any, of incarceration, if criminal;
 - Penalty or discipline imposed, including damages awarded, if civil or administrative;
 - Relationship of offense or incident to nature of work to be performed;
 - Number of offenses or incidents;
 - Whether offenses or incidents were committed in association with dependence on drugs or alcohol from which the subject has since recovered;

 - Any other relevant information, including information submitted by the subject.
 - Consider appeals of determinations of unsuitability based on claims of erroneous information received as part of the background check during the application process in accordance with 803 CMR 2.17: Requirement to Maintain a Secondary Dissemination Log and 2.18: Adverse Employment Decision Based on CORI or Other Types of Criminal History Information Received from a Source Other than the DCJIS.
- Upon adverse determination, Company will provide the applicant a copy of their background screening report and a pre-adverse determination letter providing the applicant with a copy of their right to dispute the contents of the report, who to contact to do so and the opportunity to provide a supplemental statement.
 - After 10 business days, if the applicant is not disputing the contents of the report and any provided statement does not alter the suitability determination, an adverse action letter will be issued providing the applicant information on the final determination made by Company along with any legal notices required.

- All suitability determinations will be documented in compliance with all requirements set forth in 935 CMR 500 et seq. and guidance provided by the Commission.
- Background screening will be conducted by an investigative firm holding the National Association of Professional Background Screeners (NAPBS®) Background Screening Credentialing Council (BSCC) accreditation and capable of performing the searches required by the regulations and guidance provided by the Commission.
- References provided by the agent will be verified at the time of hire.
- As deemed necessary, individuals in key positions with unique and sensitive access (e.g. members of the executive management team) will undergo additional screening, which may include interviews with prior employers or colleagues.
- As a condition of their continued employment, agents, volunteers, contractors, and subcontractors are required to renew their Program ID cards annually and submit to other background screening as may be required by Company or the Commission.
