By GREG BEACHAM

Associated Press

THOUSAND OAKS, Calif. (AP) — Jared Goff was 7 years old when Tom Brady beat the Rams to win his first Super Bowl in early 2002. The kid has been a fan of the superstar ever since.

Goff is now 24, the same age as Brady was then. When Brady plays in his ninth Super Bowl next weekend in Atlanta for the New England Patriots, Goff will be on the other sideline for Los Angeles, neither star-struck nor cocky.

Their 17-year age gap is the biggest between starting quarterbacks in Super Bowl history. Yet the passing years apparently mean little to Brady, and they're just as unimportant to Goff, who sees no advantage in his youth and no disadvantage in his inexperience.

"It's a guy that you've looked up to for so long," Goff said Thursday. "Now I get a chance to play in one with him. We do respect him, but I'm going to go out there and do my best and be the best I can be, and hopefully come out with a win."

Both quarterbacks will be under a relentless spotlight in the next week. Brady lives his life under that glare, while Goff is still getting used to it after just three years of being a No. 1 overall pick who stumbled early, but grew quickly into a successful quarterback.

Goff doesn't admit to seeing this Super Bowl as a chance to step into Brady's echelon as one of the league's elite passers, even if that's what much of the football world is telling him. But

after Goff led the Rams to 24 wins and two playoff victories over the past two years, the Rams already think he's there.

"We're very confident in his ability to lead us, knowing that it's a big game," Rams coach Sean McVay said. "I think Jared will be himself, which is exactly what we want him to be."

Goff and Brady are from different generations, but the quarterbacks have a few things in common.

They're both from the Bay Area, with Brady growing up on the Peninsula and Goff in Marin County. Neither was a can't-miss NFL prospect heading into college, but neither let it stop him.

Already the winningest quarterback in NFL history, Brady will play in his 40th playoff game in Atlanta. Goff is playing in his fourth, but he is riding the momentum of his first two career postseason victories in the past two games.

Goff didn't have many plays on his shoulders two weeks ago when the Rams' ground game ran over the Dallas Cowboys. He played a larger role in the Rams' wild victory over the Saints, and he emerged with the renewed respect of his coaches and teammates.

Goff clearly has the arm and the ability to succeed in McVay's offense. In New Orleans last weekend, he demonstrated his ability to do more.

"It's big, I think, anytime you can go into an atmosphere like that, go down 13 (points) early, and then show the poise and perseverance and get through adversity the way we did and be able to come out on top late in the game," Goff said.

It wasn't his best performance of the season, but it was probably the most satisfying.

Goff went 25 of 40 for 297 yards with one touchdown and one interception against the Saints. More importantly, he calmly rallied the Rams from an early 13-point deficit, and he made enough big plays down the stretch to keep the Rams in contention in that topsy-turvy game.

"What stood out was the way that he was able to weather the storm," McVay said. "The mental toughness was displayed by the team as a whole, and Jared kind of personified that with the way that he handled the game, his overall command, making big throws when we needed it the most. ... Jared (showed) his ability to be at his best when his best was required. The competitive greatness showed up in a big way."

Goff and Brady have only faced each other once before. In December 2016, Brady became the NFL's career victories leader in a 26-10 victory at New England, while Goff threw two interceptions in his third career start.

Goff met Brady for the first time at that game. They're friendly, but not yet close.

When asked if it feels surreal to be heading toward a Super Bowl showdown with the mighty Patriots and a quarterback who has been winning championships for his entire life, Goff stifled a grin.

"No," he replied. "I've played these guys before."

Heka Incorporated

Plan to Positively Impact Areas of Disproportionate Impact

Based on the locations of Heka Incorporated's ("Heka") proposed co-located medical and adult use marijuana establishments, Heka will focus its positive impact efforts in the communities of West Springfield and Pittsfield by achieving the following goals:

Goal #1

- To reduce barriers to entry in the adult-use cannabis industry through the provision of informal and educational resources and by conducting an inclusive and informed hiring process.

Program

- Heka will sponsor informational meetings in the Pittsfield and West Springfield communities which will include curricula specific to the cannabis industry. Heka will aim to hold two (2) meetings per year (one each in Pittsfield and West Springfield). The specific curricula will include topics such as: (1) how to obtain a position within the marijuana industry; and (2) what cannabis companies are looking for in potential employees, including assistance with interview preparation.
 - The meetings will be hosted by a combination of Heka employees and/or guest speakers and geared towards assisting people in areas of disproportionate impact in learning about the industry and identifying a pathway towards entry into it. Heka will provide an informational packet for each participant, including contact information for Heka management staff.
 - Heka anticipates a minimum attendance of twenty (20) participants in each informational meeting.
- In conjunction with its Diversity Plan, Heka will post half of all employment advertisements in local newspapers to ensure such opportunities are widely disseminated in the Pittsfield and West Springfield communities. Heka will work with the *Berkshire Eagle* in Pittsfield and *The Republican*, which covers the West Springfield region.
- Heka will set a goal to recruit 25% of all potential candidates from areas of disproportionate impact in its first full year of operation. Specifically, Heka will set a goal to hire 50% of all potential candidates responding to the above-mentioned employment advertisements. Measurements
- At each informational meeting, Heka will document meeting turn-out rates with sign-in sheets, addresses, contact information and the dates of all meetings for reporting purposes.
- Heka anticipates a minimum attendance of twenty (20) participants in each informational meeting and will maintain a log of individuals hired through connections made within the informational meetings held in Pittsfield and West Springfield to ensure Heka is meeting its recruitment goals. The log will include the employee's name, hire date, position and continued growth and advancement within the company..

- Heka will track and document all follow-up correspondence with attendees, including progress data regarding entry into the cannabis industry.
- In its first full year of operation, Heka will set a goal of posting at least half of its employment advertisements in *The Berkshire Eagle* and *The Republican*. Heka will track the number of advertisements posted, the number of applications received as a result of such advertisements, and the number of respondent applicants successfully hired. Heka will use this tracking system to measure whether it has met its goal of recruiting 25% of all potential candidates from areas of disproportionate impact.

Goal #2

- To provide opportunities and resources for those individuals in areas of disproportionate impact in order to provide a path towards entry into the cannabis industry.

Program

- Heka will utilize connections with individuals introduced through the informational meetings to identify potential candidates (through an application process) in the communities of Pittsfield and West Springfield, and, in its first full year of operation, award grants for a total of ten (10) residents from the communities of Pittsfield and West Springfield for enrollment in the Cannabis Training University's ("CTU") online cannabis classes, providing the opportunity to acquire a certification and newly acquired knowledge towards entry into the Massachusetts cannabis industry. Heka will seek out and hire a minimum of four of the top candidates from the online trainings offered to participants. Heka plans to allocate \$3,500.00 per year to the grant program.

Measurement

- In its first full year of operation, Heka will discuss the grant program and make applications available at each informational meeting. Heka will review the applications submitted and award ten (10) grants. Heka will use the contact information obtained from applications for the Cannabis Training University program to maintain and continue communications with applicants selected to receive the grants for said online classes.
- Heka will mentor, track and document each student's progress towards completion of the courses and entry into the Massachusetts cannabis industry by conducting quarterly progress checks for each student while participating in the program and yearly progress checks upon completion.

Goal #3

- To provide monetary donations to identified local non-profits and charities that provide services to individuals in need in the community of Pittsfield Massachusetts.

Program

- Heka will partner with local non-profits, including Berkshire Interfaith Organizing, Inc., ("BIO") to provide monetary donations to support services to individuals in areas of disproportionate impact, beginning with a minimum donation of \$3,000.00 per year to BIO of Berkshire County. BIO is a non-profit organization which brings people in the Berkshires together across lines of class, race, and

religion to create a strong and united community. BIO's institutional goals include working to increase public and private transportation options for Berkshire county, increasing access to jobs, medical care, and affordable, nutritious food for low-income citizens.

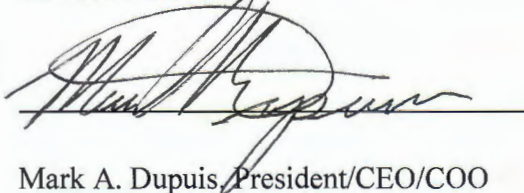

Measurement

- In its first full year of operation, Heka will set a goal of providing a monetary donation of at least three thousand dollars (\$3,000.00) to BIO. Heka will continue to partner with organizations to assist in bolstering programming for individuals residing in areas of disproportionate impact. Heka will obtain tangible confirmation, including monetary amount, from BIO and/or any other organizations that Heka partners with. Heka will provide documentation to the CCC as part of its reporting requirements.

Assessment and Acknowledgements

- Heka will assess the performance of this plan annually and will report on its positive impact efforts and the identified metrics above to the Commission in accordance with its annual marijuana establishment licensure renewal in accordance with 935 CMR 500.103(4)(a).
- Heka further acknowledges the following regarding the implementation of this plan:
 - All specifically named organizations in this plan have been contacted and have agreed to receive the contemplated monetary and/or in-kind donations discussed herein or have agreed to partner with Heka to implement the identified goals and programs stated herein, as applicable.
 - In carrying out this plan, Heka will adhere to the requirements concerning prohibited advertising, branding, marketing, and sponsorship practices of every marijuana establishment in accordance with 935 CMR 500.105(4).
 - Any actions taken, or programs instituted by Heka in connection with this plan will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

SHAREHOLDERS

Section 1. Annual Meeting. The Corporation shall hold an annual meeting of shareholders at a time fixed by the Directors. The purposes for which the annual meeting is to be held, in addition to those prescribed by the Articles of Organization, shall be for electing directors and for such other purposes as shall be specified in the notice for the meeting, and only business within such purposes may be conducted at the meeting. In the event an annual meeting is not held at the time fixed in accordance with these Bylaws or the time for an annual meeting is not fixed in accordance with these Bylaws to be held within 13 months after the last annual meeting was held, the Corporation may designate a special meeting held thereafter as a special meeting in lieu of the annual meeting, and the meeting shall have all of the effect of an annual meeting.

Section 2. Special Meetings. Special meetings of the shareholders may be called by the President, the Chairman of the Board of Directors or by a majority of the Directors, and shall be called by the Secretary, or in case of the death, absence, incapacity or refusal of the Secretary, by another officer, if the holders of at least 51 percent of all the votes entitled to be cast on any issue to be considered at the proposed special meeting sign, date, and deliver to the Secretary one or more written demands for the meeting describing the purpose for which it is to be held. Only business within the purpose or purposes described in the meeting notice may be conducted at a special shareholders' meeting.

Section 3. Place of Meetings. All meetings of shareholders shall be held at the principal office of the Corporation unless a different place is specified in the notice of the meeting or the meeting is held solely by means of remote communication in accordance with Section 11 of this Article.

Section 4. Requirement of Notice. A written notice of the date, time, and place of each annual and special shareholders' meeting describing the purposes of the meeting shall be given to shareholders entitled to vote at the meeting (and, to the extent required by law or the Articles of Organization, to shareholders not entitled to vote at the meeting) no fewer than seven nor more than 60 days before the meeting date. If an annual or special meeting of shareholders is adjourned to a different date, time or place, notice need not be given of the new date, time or place if the new date, time or place, if any, is announced at the meeting before adjournment. If a new record date for the adjourned meeting is fixed, however, notice of the adjourned meeting shall be given under this Section to persons who are shareholders as of the new record date. All notices to shareholders shall conform to the requirements of Article III.

Section 5. Waiver of Notice. A shareholder may waive any notice required by law, the Articles of Organization, or these Bylaws before or after the date and time stated in the notice. The waiver shall be in writing, be signed by the shareholder entitled to the notice, and be delivered to the Corporation for inclusion with the records of the meeting. A shareholder's attendance at a meeting: (a) waives objection to lack of notice or defective notice of the meeting, unless the shareholder at the beginning of the meeting objects to holding the meeting or transacting business at the meeting; and (b) waives objection to consideration of a particular matter at the meeting that

is not within the purpose or purposes described in the meeting notice, unless the shareholder objects to considering the matter when it is presented.

Section 6. Quorum.

(a) Unless otherwise provided by law, or in the Articles of Organization, these Bylaws or a resolution of the Directors requiring satisfaction of a greater quorum requirement for any voting group, a majority of the votes entitled to be cast on the matter by a voting group constitutes a quorum of that voting group for action on that matter. As used in these Bylaws, a voting group includes all shares of one or more classes or series that, under the Articles of Organization or the Massachusetts Business Corporation Act, as in effect from time to time (the “MBCA”), are entitled to vote and to be counted together collectively on a matter at a meeting of shareholders.

(b) A share once represented for any purpose at a meeting is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless (1) the shareholder attends solely to object to lack of notice, defective notice or the conduct of the meeting on other grounds and does not vote the shares or otherwise consent that they are to be deemed present, or (2) in the case of an adjournment, a new record date is or shall be set for that adjourned meeting.

Section 7. Voting and Proxies. Unless the Articles of Organization provide otherwise, each outstanding share entitled to vote, is entitled to one vote on each matter voted on at a shareholders’ meeting. A shareholder who is entitled to vote may vote his or her shares in person or may appoint a proxy to vote or otherwise act for him or her by signing an appointment form, either personally or by his or her attorney-in-fact. An appointment of a proxy is effective when received by the Secretary or other officer or agent authorized to tabulate votes. Unless otherwise provided in the appointment form, an appointment is valid for a period of 11 months from the date the shareholder signed the form or, if it is undated, from the date of its receipt by the officer or agent. An appointment of a proxy is revocable by the shareholder unless the appointment form conspicuously states that it is irrevocable and the appointment is coupled with an interest, as defined in the MBCA. An appointment made irrevocable is revoked when the interest with which it is coupled is extinguished. The death or incapacity of the shareholder appointing a proxy shall not affect the right of the Corporation to accept the proxy’s authority unless notice of the death or incapacity is received by the Secretary or other officer or agent authorized to tabulate votes before the proxy exercises his or her authority under the appointment. A transferee for value of shares subject to an irrevocable appointment may revoke the appointment if he or she did not know of its existence when he or she acquired the shares and the existence of the irrevocable appointment was not noted conspicuously on the certificate representing the shares or on the information statement for shares without certificates. Subject to the provisions of Section 7.24 of the MBCA and to any express limitation on the proxy’s authority appearing on the face of the appointment form, the Corporation is entitled to accept the proxy’s vote or other action as that of the shareholder making the appointment.

Section 8. Action at Meeting. If a quorum of a voting group exists, favorable action on a matter, other than the election of Directors, is taken by a voting group if the votes cast within the group favoring the action exceed the votes cast opposing the action, unless a greater number of affirmative votes is required by law, or the Articles of Organization, these Bylaws or a resolution

of the Board of Directors requiring receipt of a greater affirmative vote of the shareholders, including more separate voting groups. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. No ballot shall be required for such election unless requested by a shareholder present or represented at the meeting and entitled to vote in the election.

Section 9. Action without Meeting by Written Consent.

(a) Action taken at a shareholders' meeting may be taken without a meeting if the action is taken either: (1) by all shareholders entitled to vote on the action; or (2) to the extent permitted by the Articles of Organization, by shareholders having not less than the minimum number of votes necessary to take the action at a meeting at which all shareholders entitled to vote on the action are present and voting. The action shall be evidenced by one or more written consents that describe the action taken, are signed by shareholders having the requisite votes, bear the date of the signatures of such shareholders, and are delivered to the Corporation for inclusion with the records of meetings within 60 days of the earliest dated consent delivered to the Corporation as required by this Section. A consent signed under this Section has the effect of a vote at a meeting.

(b) If action is to be taken pursuant to the consent of voting shareholders without a meeting, the Corporation, at least seven days before the action pursuant to the consent is taken, shall give notice, which complies in form with the requirements of Article III, of the action (1) to nonvoting shareholders in any case where such notice would be required by law if the action were to be taken pursuant to a vote by voting shareholders at a meeting, and (2) if the action is to be taken pursuant to the consent of less than all the shareholders entitled to vote on the matter, to all shareholders entitled to vote who did not consent to the action. The notice shall contain, or be accompanied by, the same material that would have been required by law to be sent to shareholders in or with the notice of a meeting at which the action would have been submitted to the shareholders for approval.

Section 10. Record Date. The Directors may fix the record date in order to determine the shareholders entitled to notice of a shareholders' meeting, to demand a special meeting, to vote, or to take any other action. If a record date for a specific action is not fixed by the Board of Directors, and is not supplied by law, the record date shall be the close of business either on the day before the first notice is sent to shareholders, or, if no notice is sent, on the day before the meeting or, in the case of action without a meeting by written consent, the date the first shareholder signs the consent. A record date fixed under this Section may not be more than 70 days before the meeting or action requiring a determination of shareholders. A determination of shareholders entitled to notice of or to vote at a shareholders' meeting is effective for any adjournment of the meeting unless the Board of Directors fixes a new record date, which it shall do if the meeting is adjourned to a date more than 120 days after the date fixed for the original meeting.

Section 11. Meetings by Remote Communications. Unless otherwise provided in the Articles of Organization, if authorized by the Directors: any annual or special meeting of shareholders need not be held at any place but may instead be held solely by means of remote communication; and subject to such guidelines and procedures as the Board of Directors may adopt, shareholders and proxyholders not physically present at a meeting of shareholders may, by means of remote communications: (a) participate in a meeting of shareholders; and (b) be deemed

present in person and vote at a meeting of shareholders whether such meeting is to be held at a designated place or solely by means of remote communication, provided that: (1) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a shareholder or proxyholder; (2) the Corporation shall implement reasonable measures to provide such shareholders and proxyholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the shareholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings; and (3) if any shareholder or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the Corporation.

Section 12. Form of Shareholder Action.

(a) Any vote, consent, waiver, proxy appointment or other action by a shareholder or by the proxy or other agent of any shareholder shall be considered given in writing, dated and signed, if, in lieu of any other means permitted by law, it consists of an electronic transmission that sets forth or is delivered with information from which the Corporation can determine (i) that the electronic transmission was transmitted by the shareholder, proxy or agent or by a person authorized to act for the shareholder, proxy or agent; and (ii) the date on which such shareholder, proxy, agent or authorized person transmitted the electronic transmission. The date on which the electronic transmission is transmitted shall be considered to be the date on which it was signed. The electronic transmission shall be considered received by the Corporation if it has been sent to any address specified by the Corporation for the purpose or, if no address has been specified, to the principal office of the Corporation, addressed to the Secretary or other officer or agent having custody of the records of proceedings of shareholders.

(b) Any copy, facsimile or other reliable reproduction of a vote, consent, waiver, proxy appointment or other action by a shareholder or by the proxy or other agent of any shareholder may be substituted or used in lieu of the original writing for any purpose for which the original writing could be used, but the copy, facsimile or other reproduction shall be a complete reproduction of the entire original writing.

Section 13. Shareholders List for Meeting.

(a) After fixing a record date for a shareholders' meeting, the Corporation shall prepare an alphabetical list of the names of all its shareholders who are entitled to notice of the meeting. The list shall be arranged by voting group, and within each voting group by class or series of shares, and show the address of and number of shares held by each shareholder, but need not include an electronic mail address or other electronic contact information for any shareholder.

(b) The shareholders list shall be available for inspection by any shareholder, beginning two business days after notice is given of the meeting for which the list was prepared and continuing through the meeting: (1) at the Corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held; or (2) on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting. If the meeting is to be held solely by means of remote communication, the list shall be made available on an electronic network.

(c) A shareholder, his or her agent, or attorney is entitled on written demand to inspect and, subject to the requirements of Section 2(c) of Article VI of these Bylaws, to copy the list, during regular business hours and at his or her expense, during the period it is available for inspection.

(d) The Corporation shall make the shareholders list available at the meeting, and any shareholder or his or her agent or attorney is entitled to inspect the list at any time during the meeting or any adjournment.

ARTICLE II

DIRECTORS

Section 1. Powers. All corporate power shall be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, its Board of Directors.

Section 2. Number and Election. The Board of Directors shall consist of one or more individuals with the number fixed by the shareholders entitled to vote at the annual meeting or at a special meeting, but unless otherwise provided in the Articles of Organization, if the Corporation has more than one shareholder the number of Directors shall not be less than three, except that whenever there shall be only two shareholders, the number of Directors shall not be less than two. Except as otherwise provided in these Bylaws or the Articles of Organization, the Directors shall be elected by the shareholders entitled to vote at the annual meeting.

Section 3. Vacancies. If a vacancy occurs on the Board of Directors, including a vacancy resulting from an increase in the number of Directors, the shareholders entitled to vote shall fill the vacancy at an annual meeting or special meeting. A vacancy that will occur at a specific later date may be filled before the vacancy occurs but the new Director may not take office until the vacancy occurs.

Section 4. Change in Size of the Board of Directors. The number of Directors may be fixed or changed from time to time at the annual meeting or a special meeting by the shareholders entitled to vote at such meeting.

Section 5. Tenure. The terms of all Directors shall expire at the next annual shareholders' meeting following their election. A decrease in the number of Directors does not shorten an incumbent Director's term. The term of a Director elected to fill a vacancy shall expire at the next shareholders' meeting at which Directors are elected. Despite the expiration of a Director's term, he or she shall continue to serve until his or her successor is elected and qualified or until there is a decrease in the number of Directors.

Section 6. Resignation. A Director may resign at any time by delivering written notice of resignation to the Board of Directors, its chairman, or to the Corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective date.

Section 7. Removal. The shareholders entitled to vote may remove one or more Directors with or without cause. A Director may be removed for cause by the Directors by vote of a majority of the Directors then in office. A Director may be removed by the shareholders or the Directors only at a meeting called for the purpose of removing him or her, and the meeting notice must state that the purpose, or one of the purposes, of the meeting is removal of the Director.

Section 8. Regular Meetings. Regular meetings of the Board of Directors may be held at such times and places as shall from time to time be fixed by the Chairman of the Board of Directors, or by a majority Board of Directors, without notice of the date, time, place or purpose of the meeting.

Section 9. Special Meetings. Special meetings of the Board of Directors may be called by the President, by the Chairman of the Board of Directors, by the majority of the Board of Directors, or by one Director in the event that there is only one or two Directors.

Section 10. Notice. Special meetings of the Board must be preceded by at least two days' notice of the date, time and place of the meeting. The notice need not describe the purpose of the special meeting. All notices to directors shall conform to the requirements of Article III.

Section 11. Waiver of Notice. A Director may waive any notice before or after the date and time of the meeting. The waiver shall be in writing, signed by the Director entitled to the notice, or in the form of an electronic transmission by the Director to the Corporation, and filed with the minutes or corporate records. A Director's attendance at or participation in a meeting waives any required notice to him or her of the meeting unless the Director at the beginning of the meeting, or promptly upon his or her arrival, objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

Section 12. Quorum. A quorum of the Board of Directors consists of a majority of the Directors then in office, provided always that any number of Directors (whether one or more and whether or not constituting a quorum) constituting a majority of Directors present at any meeting or at any adjourned meeting may make any reasonable adjournment thereof.

Section 13. Action at Meeting. If a quorum is present when a vote is taken, the affirmative vote of a majority of Directors present is the act of the Board of Directors. A Director who is present at a meeting of the Board of Directors or a committee of the Board of Directors when corporate action is taken is considered to have assented to the action taken unless: (a) he or she objects at the beginning of the meeting, or promptly upon his or her arrival, to holding it or transacting business at the meeting; (b) his or her dissent or abstention from the action taken is entered in the minutes of the meeting; or (c) he or she delivers written notice of his or her dissent or abstention to the presiding officer of the meeting before its adjournment or to the Corporation immediately after adjournment of the meeting. The right of dissent or abstention is not available to a Director who votes in favor of the action taken.

Section 14. Action Without Meeting. Any action required or permitted to be taken by the Directors may be taken without a meeting if the action is taken by the unanimous consent of the members of the Board of Directors. The action must be evidenced by one or more consents describing the action taken, in writing, signed by each Director, or delivered to the Corporation by

electronic transmission, to the address specified by the Corporation for the purpose or, if no address has been specified, to the principal office of the Corporation, addressed to the Secretary or other officer or agent having custody of the records of proceedings of Directors, and included in the minutes or filed with the corporate records reflecting the action taken. Action taken under this Section is effective when the last Director signs or delivers the consent, unless the consent specifies a different effective date. A consent signed or delivered under this Section has the effect of a meeting vote and may be described as such in any document.

Section 15. Telephone Conference Meetings. The Board of Directors may permit any or all Directors to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all Directors participating may simultaneously hear each other during the meeting. A Director participating in a meeting by this means is considered to be present in person at the meeting.

Section 16. Committees. The Board of Directors may create one or more committees and appoint members of the Board of Directors to serve on them. Each committee may have one or more members, who serve at the pleasure of the Board of Directors. The creation of a committee and appointment of members to it must be approved by a majority of all the Directors in office when the action is taken. Article III and Sections 10 through 15 of this Article shall apply to committees and their members. To the extent specified by the Board of Directors, each committee may exercise the authority of the Board of Directors. A committee may not, however: (a) authorize distributions; (b) approve or propose to shareholders action that the MBCA requires be approved by shareholders; (c) change the number of the Board of Directors, remove Directors from office or fill vacancies on the Board of Directors; (d) amend the Articles of Organization; (e) adopt, amend or repeal Bylaws; or (f) authorize or approve reacquisition of shares, except according to a formula or method prescribed by the Board of Directors. The creation of, delegation of authority to, or action by a committee does not alone constitute compliance by a Director with the standards of conduct described in Section 18 of this Article.

Section 17. Compensation. The Board of Directors may fix the compensation of Directors.

Section 18. Standard of Conduct for Directors.

(a) A Director shall discharge his or her duties as a Director, including his or her duties as a member of a committee: (1) in good faith; (2) with the care that a person in a like position would reasonably believe appropriate under similar circumstances; and (3) in a manner the Director reasonably believes to be in the best interests of the Corporation. In determining what the Director reasonably believes to be in the best interests of the Corporation, a Director may consider the interests of the Corporation's employees, suppliers, creditors and customers, the economy of the state, the region and the nation, community and societal considerations, and the long-term and short-term interests of the Corporation and its shareholders, including the possibility that these interests may be best served by the continued independence of the Corporation.

(b) In discharging his or her duties, a Director who does not have knowledge that makes reliance unwarranted is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by: (1) one or more officers or employees of the Corporation whom the Director reasonably believes to be reliable and

competent with respect to the information, opinions, reports or statements presented; (2) legal counsel, public accountants, or other persons retained by the Corporation, as to matters involving skills or expertise the Director reasonably believes are matters (i) within the particular person's professional or expert competence or (ii) as to which the particular person merits confidence; or (3) a committee of the Board of Directors of which the Director is not a member if the Director reasonably believes the committee merits confidence.

(c) A Director is not liable for any action taken as a Director, or any failure to take any action, if he or she performed the duties of his or her office in compliance with this Section.

Section 19. Conflict of Interest.

(a) A conflict of interest transaction is a transaction with the Corporation in which a Director of the Corporation has a material direct or indirect interest. A conflict of interest transaction is not voidable by the Corporation solely because of the Director's interest in the transaction if any one of the following is true:

(1) the material facts of the transaction and the Director's interest were disclosed or known to the Board of Directors or a committee of the Board of Directors and the Board of Directors or committee authorized, approved, or ratified the transaction;

(2) the material facts of the transaction and the Director's interest were disclosed or known to the shareholders entitled to vote and they authorized, approved, or ratified the transaction; or

(3) the transaction was fair to the Corporation.

(b) For purposes of this Section, and without limiting the interests that may create conflict of interest transactions, a Director of the Corporation has an indirect interest in a transaction if: (1) another entity in which he or she has a material financial interest or in which he or she is a general partner is a party to the transaction; or (2) another entity of which he or she is a director, officer, or trustee or in which he or she holds another position is a party to the transaction and the transaction is or should be considered by the Board of Directors of the Corporation.

(c) For purposes of clause (1) of subsection (a), a conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the Directors on the Board of Directors (or on the committee) who have no direct or indirect interest in the transaction, but a transaction may not be authorized, approved, or ratified under this Section by a single Director. If a majority of the Directors who have no direct or indirect interest in the transaction vote to authorize, approve, or ratify the transaction, a quorum is present for the purpose of taking action under this Section. The presence of, or a vote cast by, a Director with a direct or indirect interest in the transaction does not affect the validity of any action taken under clause (1) of subsection (a) if the transaction is otherwise authorized, approved, or ratified as provided in that subsection.

(d) For purposes of clause (2) of subsection (a), a conflict of interest transaction is authorized, approved, or ratified if it receives the vote of a majority of the shares entitled to be counted under this subsection. Shares owned by or voted under the control of a Director who has

{K0708468.1}

a direct or indirect interest in the transaction, and shares owned by or voted under the control of an entity described in clause (1) of subsection (b), may not be counted in a vote of shareholders to determine whether to authorize, approve, or ratify a conflict of interest transaction under clause (2) of subsection (a). The vote of those shares, however, is counted in determining whether the transaction is approved under other Sections of these Bylaws. A majority of the shares, whether or not present, that are entitled to be counted in a vote on the transaction under this subsection constitutes a quorum for the purpose of taking action under this Section.

Section 20. Loans to Directors. The Corporation may not lend money to, or guarantee the obligation of a Director of, the Corporation unless: (a) the specific loan or guarantee is approved by a majority of the votes represented by the outstanding voting shares of all classes, voting as a single voting group, except the votes of shares owned by or voted under the control of the benefited Director; or (b) the Corporation's Board of Directors determines that the loan or guarantee benefits the Corporation and either approves the specific loan or guarantee or a general plan authorizing loans and guarantees. The fact that a loan or guarantee is made in violation of this Section shall not affect the borrower's liability on the loan.

ARTICLE III

MANNER OF NOTICE

All notices hereunder shall conform to the following requirements:

(a) Notice shall be in writing unless oral notice is reasonable under the circumstances. Notice by electronic transmission is written notice.

(b) Notice may be communicated in person; by telephone, voice mail, telegraph, teletype, or other electronic means; by mail; by electronic transmission; or by messenger or delivery service. If these forms of personal notice are impracticable, notice may be communicated by a newspaper of general circulation in the area where published; or by radio, television, or other form of public broadcast communication.

(c) Written notice, other than notice by electronic transmission, if in a comprehensible form, is effective upon deposit in the United States mail, if mailed postpaid and correctly addressed to the shareholder's address shown in the Corporation's current record of shareholders.

(d) Written notice by electronic transmission, if in comprehensible form, is effective: (1) if by facsimile telecommunication, when directed to a number furnished by the shareholder for the purpose; (2) if by electronic mail, when directed to an electronic mail address furnished by the shareholder for the purpose; (3) if by a posting on an electronic network together with separate notice to the shareholder of such specific posting, directed to an electronic mail address furnished by the shareholder for the purpose, upon the later of (i) such posting and (ii) the giving of such separate notice; and (4) if by any other form of electronic transmission, when directed to the shareholder in such manner as the shareholder shall have specified to the Corporation. An affidavit of the Secretary or an Assistant Secretary of the Corporation, the transfer agent or other agent of

the Corporation that the notice has been given by a form of electronic transmission shall, in the absence of fraud, be prima facie evidence of the facts stated therein.

(e) Except as provided in subsection (c), written notice, other than notice by electronic transmission, if in a comprehensible form, is effective at the earliest of the following: (1) when received; (2) five days after its deposit in the United States mail, if mailed postpaid and correctly addressed; (3) on the date shown on the return receipt, if sent by registered or certified mail, return receipt requested; or if sent by messenger or delivery service, on the date shown on the return receipt signed by or on behalf of the addressee; or (4) on the date of publication if notice by publication is permitted.

(f) Oral notice is effective when communicated if communicated in a comprehensible manner.

ARTICLE IV

OFFICERS

Section 1. Enumeration. The Corporation shall have a President, a Treasurer, a Secretary and such other officers as may be appointed by the Board of Directors from time to time in accordance with these Bylaws. The Board may appoint one of its members to the office of Chairman of the Board and from time to time define the powers and duties of that office notwithstanding any other provisions of these Bylaws.

Section 2. Appointment. The officers shall be appointed by the Board of Directors. A duly appointed officer may appoint one or more officers or assistant officers if authorized by the Board of Directors. Each officer has the authority and shall perform the duties set forth in these Bylaws or, to the extent consistent with these Bylaws, the duties prescribed by the Board of Directors or by direction of an officer authorized by the Board of Directors to prescribe the duties of other officers.

Section 3. Qualification. The same individual may simultaneously hold more than one office in the Corporation.

Section 4. Tenure. Officers shall hold office until the first meeting of the Directors following the next annual meeting of shareholders after their appointment and until their respective successors are duly appointed, unless a shorter or longer term is specified in the vote appointing them.

Section 5. Resignation. An officer may resign at any time by delivering notice of the resignation to the Corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective date. If a resignation is made effective at a later date and the Corporation accepts the future effective date, the Board of Directors may fill the pending vacancy before the effective date if the Board of Directors provides that the successor shall not take office until the effective date. An officer's resignation shall not affect the Corporation's contract rights, if any, with the officer.

Section 6. Removal. The Board of Directors may remove any officer at any time with or without cause. The appointment of an officer shall not itself create contract rights. An officer's removal shall not affect the officer's contract rights, if any, with the Corporation.

Section 7. President. The President when present shall preside at all meetings of the shareholders and, if there is no Chairman of the Board of Directors, of the Directors. He or she shall be the chief executive officer of the Corporation except as the Board of Directors may otherwise provide. The President shall perform such duties and have such powers additional to the foregoing as the Directors shall designate.

Section 8. Treasurer. The Treasurer shall, subject to the direction of the Directors, have general charge of the financial affairs of the Corporation and shall cause to be kept accurate books of accounts. He or she shall have custody of all funds, securities, and valuable documents of the Corporation, except as the Directors may otherwise provide. The Treasurer shall perform such duties and have such powers additional to the foregoing as the Directors may designate.

Section 9. Secretary. The Secretary shall have responsibility for preparing minutes of the Directors' and shareholders' meetings and for authenticating records of the Corporation. The Secretary shall perform such duties and have such powers additional to the foregoing as the Directors shall designate.

Section 10. Standards Of Conduct For Officers. An officer shall discharge his or her duties: (a) in good faith; (b) with the care that a person in a like position would reasonably exercise under similar circumstances; and (c) in a manner the officer reasonably believes to be in the best interests of the Corporation. In discharging his or her duties, an officer, who does not have knowledge that makes reliance unwarranted, is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by: (1) one or more officers or employees of the Corporation whom the officer reasonably believes to be reliable and competent with respect to the information, opinions, reports or statements presented; or (2) legal counsel, public accountants, or other persons retained by the Corporation as to matters involving skills or expertise the officer reasonably believes are matters (i) within the particular person's professional or expert competence or (ii) as to which the particular person merits confidence. An officer shall not be liable to the Corporation or its shareholders for any decision to take or not to take any action taken, or any failure to take any action, as an officer, if the duties of the officer are performed in compliance with this Section.

ARTICLE V

PROVISIONS RELATING TO SHARES

Section 1. Issuance and Consideration. The Board of Directors may issue the number of shares of each class or series authorized by the Articles of Organization. The Board of Directors may authorize shares to be issued for consideration consisting of any tangible or intangible property or benefit to the Corporation, including cash, promissory notes, services performed, contracts for services to be performed, or other securities of the Corporation. Before the

Corporation issues shares, the Board of Directors shall determine that the consideration received or to be received for shares to be issued is adequate. The Board of Directors shall determine the terms upon which the rights, options, or warrants for the purchase of shares or other securities of the Corporation are issued and the terms, including the consideration, for which the shares or other securities are to be issued.

Section 2. Share Certificates. If shares are represented by certificates, at a minimum each share certificate shall state on its face: (a) the name of the Corporation and that it is organized under the laws of The Commonwealth of Massachusetts; (b) the name of the person to whom issued; and (c) the number and class of shares and the designation of the series, if any, the certificate represents. If different classes of shares or different series within a class are authorized, then the variations in rights, preferences and limitations applicable to each class and series, and the authority of the Board of Directors to determine variations for any future class or series, must be summarized on the front or back of each certificate. Alternatively, each certificate may state conspicuously on its front or back that the Corporation will furnish the shareholder this information on request in writing and without charge. Each share certificate shall be signed, either manually or in facsimile, by the President or a Vice President and by the Treasurer or an Assistant Treasurer, or any two officers designated by the Board of Directors, and shall bear the corporate seal or its facsimile. If the person who signed, either manually or in facsimile, a share certificate no longer holds office when the certificate is issued, the certificate shall be nevertheless valid.

Section 3. Uncertificated Shares. The Board of Directors may authorize the issue of some or all of the shares of any or all of the Corporation's classes or series without certificates. The authorization shall not affect shares already represented by certificates until they are surrendered to the Corporation. Within a reasonable time after the issue or transfer of shares without certificates, the Corporation shall send the shareholder a written statement of the information required by the MBCA to be on certificates.

Section 4. Record and Beneficial Owners. The Corporation shall be entitled to treat as the shareholder the person in whose name shares are registered in the records of the Corporation or, if the Board of Directors has established a procedure by which the beneficial owner of shares that are registered in the name of a nominee will be recognized by the Corporation as a shareholder, the beneficial owner of shares to the extent of the rights granted by a nominee certificate on file with the Corporation.

Section 5. Lost or Destroyed Certificates. The Board of Directors of the Corporation may, subject to Massachusetts General Laws, Chapter 106, Section 8-405, determine the conditions upon which a new share certificate may be issued in place of any certificate alleged to have been lost, destroyed, or wrongfully taken. The Board of Directors may, in its discretion, require the owner of such share certificate, or his or her legal representative, to give a bond, sufficient in its opinion, with or without surety, to indemnify the Corporation against any loss or claim which may arise by reason of the issue of the new certificate.

ARTICLE VI

CORPORATE RECORDS

Section 1. Records to be Kept.

(a) The Corporation shall keep as permanent records minutes of all meetings of its shareholders and Board of Directors, a record of all actions taken by the shareholders or Board of Directors without a meeting, and a record of all actions taken by a committee of the Board of Directors in place of the Board of Directors on behalf of the Corporation. The Corporation shall maintain appropriate accounting records. The Corporation or its agent shall maintain a record of its shareholders, in a form that permits preparation of a list of the names and addresses of all shareholders, in alphabetical order by class of shares showing the number and class of shares held by each. The Corporation shall maintain its records in written form or in another form capable of conversion into written form within a reasonable time.

(b) The Corporation shall keep within The Commonwealth of Massachusetts a copy of the following records at its principal office or an office of its transfer agent or of its Secretary or Assistant Secretary or of its registered agent:

(i) its Articles or Restated Articles of Organization and all amendments to them currently in effect;

(ii) its Bylaws or restated Bylaws and all amendments to them currently in effect;

(iii) resolutions adopted by its Board of Directors creating one or more classes or series of shares, and fixing their relative rights, preferences, and limitations, if shares issued pursuant to those resolutions are outstanding;

(iv) the minutes of all shareholders' meetings, and records of all action taken by shareholders without a meeting, for the past three years;

(v) all written communications to shareholders generally within the past three years, including the financial statements furnished under Section 16.20 of the MBCA for the past three years;

(vi) a list of the names and business addresses of its current Directors and officers; and

(vii) its most recent annual report delivered to the Massachusetts Secretary of State.

Section 2. Inspection of Records by Shareholders.

(a) A shareholder is entitled to inspect and copy, during regular business hours at the office where they are maintained pursuant to Section 1(b) of this Article, copies of any of the records of the Corporation described in said Section if he or she gives the Corporation written

notice of his or her demand at least five business days before the date on which he or she wishes to inspect and copy.

(b) A shareholder is entitled to inspect and copy, during regular business hours at a reasonable location specified by the Corporation, any of the following records of the Corporation if the shareholder meets the requirements of subsection (c) and gives the Corporation written notice of his or her demand at least five business days before the date on which he or she wishes to inspect and copy:

(1) excerpts from minutes reflecting action taken at any meeting of the Board of Directors, records of any action of a committee of the Board of Directors while acting in place of the Board of Directors on behalf of the Corporation, minutes of any meeting of the shareholders, and records of action taken by the shareholders or Board of Directors without a meeting, to the extent not subject to inspection under subsection (a) of this Section;

(2) accounting records of the Corporation, but if the financial statements of the Corporation are audited by a certified public accountant, inspection shall be limited to the financial statements and the supporting schedules reasonably necessary to verify any line item on those statements; and

(3) the record of shareholders described in Section 1(a) of this Article.

(c) A shareholder may inspect and copy the records described in subsection (b) only if:

(1) his or her demand is made in good faith and for a proper purpose;

(2) he or she describes with reasonable particularity his or her purpose and the records he or she desires to inspect;

(3) the records are directly connected with his or her purpose; and

(4) the Corporation shall not have determined in good faith that disclosure of the records sought would adversely affect the Corporation in the conduct of its business.

(d) For purposes of this Section, “shareholder” includes a beneficial owner whose shares are held in a voting trust or by a nominee on his or her behalf.

Section 3. Scope of Inspection Right.

(a) A shareholder’s agent or attorney has the same inspection and copying rights as the shareholder represented.

(b) The Corporation may, if reasonable, satisfy the right of a shareholder to copy records under Section 2 of this Article by furnishing to the shareholder copies by photocopy or other means chosen by the Corporation including copies furnished through an electronic transmission.

ARTICLE VII

INDEMNIFICATION

Section 1. Definitions. In this Article the following words shall have the following meanings unless the context requires otherwise:

"Corporation", includes any domestic or foreign predecessor entity of the Corporation in a merger.

"Director" or "officer", an individual who is or was a Director or officer, respectively, of the Corporation or who, while a Director or officer of the Corporation, is or was serving at the Corporation's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity. A Director or officer is considered to be serving an employee benefit plan at the Corporation's request if his or her duties to the Corporation also impose duties on, or otherwise involve services by, him or her to the plan or to participants in or beneficiaries of the plan. "Director" or "officer" includes, unless the context requires otherwise, the estate or personal representative of a Director or officer.

"Disinterested Director", a Director who, at the time of a vote or selection referred to in Section 4 of this Article, is not (i) a party to the proceeding, or (ii) an individual having a familial, financial, professional, or employment relationship with the Director whose indemnification or advance for expenses is the subject of the decision being made, which relationship would, in the circumstances, reasonably be expected to exert an influence on the Director's judgment when voting on the decision being made.

"Expenses", includes counsel fees.

“Liability”, the obligation to pay a judgment, settlement, penalty, fine including an excise tax assessed with respect to an employee benefit plan, or reasonable expenses incurred with respect to a proceeding.

“Party”, an individual who was, is, or is threatened to be made, a defendant or respondent in a proceeding.

“Proceeding”, any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, arbitrative, or investigative and whether formal or informal.

Section 2. Indemnification of Directors and Officers.

(a) Except as otherwise provided in this Section, the Corporation shall indemnify to the fullest extent permitted by law an individual who is a party to a proceeding because he or she is a Director or officer against liability incurred in the proceeding if: (1) (i) he or she conducted himself or herself in good faith; and (ii) he or she reasonably believed that his or her conduct was in the best interests of the Corporation or that his or her conduct was at least not opposed to the best interests of the Corporation; and (iii) in the case of any criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful; or (2) he or she engaged in conduct for which he or she shall not be liable under a provision of the Articles of Organization authorized by Section 2.02(b)(4) of the MBCA or any successor provision to such Section.

(b) A Director’s or officer’s conduct with respect to an employee benefit plan for a purpose he or she reasonably believed to be in the interests of the participants in, and the beneficiaries of, the plan is conduct that satisfies the requirement that his or her conduct was at least not opposed to the best interests of the Corporation.

(c) The termination of a proceeding by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent, is not, of itself, determinative that the Director or officer did not meet the relevant standard of conduct described in this Section.

(d) Unless ordered by a court, the Corporation may not indemnify a Director or officer under this Section if his or her conduct did not satisfy the standards set forth in subsection (a) or subsection (b).

Section 3. Advance for Expenses. The Corporation shall, before final disposition of a proceeding, advance funds to pay for or reimburse the reasonable expenses incurred by a Director or officer who is a party to a proceeding because he or she is a Director or officer if he or she delivers to the Corporation:

(a) a written affirmation of his or her good faith belief that he or she has met the relevant standard of conduct described in Section 2 of this Article or that the proceeding involves conduct for which liability has been eliminated under a provision of the Articles of Organization as authorized by Section 2.02(b)(4) of the MBCA or any successor provision to such Section; and

(b) his or her written undertaking to repay any funds advanced if he or she is not wholly successful, on the merits or otherwise, in the defense of such proceeding and it is ultimately determined pursuant to Section 4 of this Article or by a court of competent jurisdiction that he or

{K0708468.1}

she has not met the relevant standard of conduct described in Section 2 of this Article. Such undertaking must be an unlimited general obligation of the Director or officer but need not be secured and shall be accepted without reference to the financial ability of the Director or officer to make repayment.

Section 4. Determination of Indemnification. The determination of whether a Director officer has met the relevant standard of conduct set forth in Section 2 shall be made:

(a) if there are two or more disinterested Directors, by the Board of Directors by a majority vote of all the disinterested Directors, a majority of whom shall for such purpose constitute a quorum, or by a majority of the members of a committee of two or more disinterested Directors appointed by vote;

(b) by special legal counsel (1) selected in the manner prescribed in clause (a); or (2) if there are fewer than two disinterested Directors, selected by the Board of Directors, in which selection Directors who do not qualify as disinterested Directors may participate; or

(c) by the shareholders, but shares owned by or voted under the control of a Director who at the time does not qualify as a disinterested Director may not be voted on the determination.

Section 5. Notification and Defense of Claim; Settlements.

(a) In addition to and without limiting the foregoing provisions of this Article and except to the extent otherwise required by law, it shall be a condition of the Corporation's obligation to indemnify under Section 2 of this Article (in addition to any other condition provide in these Bylaws or by law) that the person asserting, or proposing to assert, the right to be indemnified, must notify the Corporation in writing as soon as practicable of any action, suit, proceeding or investigation involving such person for which indemnity will or could be sought, but the failure to so notify shall not affect the Corporation's objection to indemnify except to the extent the Corporation is adversely affected thereby. With respect to any proceeding of which the Corporation is so notified, the Corporation will be entitled to participate therein at its own expense and/or to assume the defense thereof at its own expense, with legal counsel reasonably acceptable to such person. After notice from the Corporation to such person of its election so to assume such defense, the Corporation shall not be liable to such person for any legal or other expenses subsequently incurred by such person in connection with such action, suit, proceeding or investigation other than as provided below in this subsection (a). Such person shall have the right to employ his or her own counsel in connection with such action, suit, proceeding or investigation, but the fees and expenses of such counsel incurred after notice from the Corporation of its assumption of the defense thereof shall be at the expense of such person unless (1) the employment of counsel by such person has been authorized by the Corporation, (2) counsel to such person shall have reasonably concluded that there may be a conflict of interest or position on any significant issue between the Corporation and such person in the conduct of the defense of such action, suit, proceeding or investigation or (3) the Corporation shall not in fact have employed counsel to assume the defense of such action, suit, proceeding or investigation, in each of which cases the fees and expenses of counsel for such person shall be at the expense of the Corporation, except as otherwise expressly provided by this Article. The Corporation shall not be entitled, without the consent of such person, to assume the defense of any claim brought by or in the right of the

Corporation or as to which counsel for such person shall have reasonably made the conclusion provided for in clause (2) above.

(b) The Corporation shall not be required to indemnify such person under this Article for any amounts paid in settlement of any proceeding unless authorized in the same manner as the determination that indemnification is permissible under Section 4 of this Article, except that if there are fewer than two disinterested Directors, authorization of indemnification shall be made by the Board of Directors, in which authorization Directors who do not qualify as disinterested Directors may participate. The Corporation shall not settle any action, suit, proceeding or investigation in any manner which would impose any penalty or limitation on such person without such person's written consent. Neither the Corporation nor such person will unreasonably withhold their consent to any proposed settlement.

Section 6. Insurance. The Corporation may purchase and maintain insurance on behalf of an individual who is a Director or officer of the Corporation, or who, while a Director or officer of the Corporation, serves at the Corporation's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity, against liability asserted against or incurred by him or her in that capacity or arising from his or her status as a Director or officer, whether or not the Corporation would have power to indemnify or advance expenses to him or her against the same liability under this Article.

Section 7. Application of this Article.

(a) The Corporation shall not be obligated to indemnify or advance expenses to a Director or officer of a predecessor of the Corporation, pertaining to conduct with respect to the predecessor, unless otherwise specifically provided.

(b) This Article shall not limit the Corporation's power to (1) pay or reimburse expenses incurred by a Director or an officer in connection with his or her appearance as a witness in a proceeding at a time when he or she is not a party or (2) indemnify, advance expenses to or provide or maintain insurance on behalf of an employee or agent.

(c) The indemnification and advancement of expenses provided by, or granted pursuant to, this Article shall not be considered exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled.

(d) Each person who is or becomes a Director or officer shall be deemed to have served or to have continued to serve in such capacity in reliance upon the indemnity provided for in this Article. All rights to indemnification under this Article shall be deemed to be provided by a contract between the Corporation and the person who serves as a Director or officer of the Corporation at any time while these Bylaws and the relevant provisions of the MBCA are in effect. Any repeal or modification thereof shall not affect any rights or obligations then existing.

(e) If the laws of the Commonwealth of Massachusetts are hereafter amended from time to time to increase the scope of permitted indemnification, indemnification hereunder shall be provided to the fullest extent permitted or required by any such amendment.

ARTICLE VIII

FISCAL YEAR

The fiscal year of the Corporation shall be the year ending with December 31 in each year.

ARTICLE IX

AMENDMENTS

(a) The power to make, amend or repeal these Bylaws shall be in the shareholders entitled to vote. If authorized by the Articles of Organization, the Board of Directors may also make, amend or repeal these Bylaws in whole or in part, except with respect to any provision thereof which by virtue of an express provision in the MBCA, the Articles of Organization, or these Bylaws, requires action by the shareholders entitled to vote.

(b) Not later than the time of giving notice of the meeting of shareholders next following the making, amending or repealing by the Board of Directors of any By-Law, notice stating the substance of the action taken by the Board of Directors shall be given to all shareholders entitled to vote on amending the Bylaws. (d) A By-Law dealing with quorum or voting requirements for shareholders, including additional voting groups, may not be adopted, amended or repealed by the Board of Directors.

(e) A By-Law that fixes a greater or lesser quorum requirement for action by the Board of Directors, or a greater voting requirement, than provided for by the MBCA may be amended or repealed by the shareholders entitled to vote, or by the Board of Directors if authorized pursuant to subsection (a).

(f) If the Board of Directors is authorized to amend the Bylaws, approval by the Board of Directors of an amendment to the Bylaws that changes or deletes a quorum or voting requirement for action by the Board of Directors must satisfy both the applicable quorum and voting requirements for action by the Board of Directors with respect to amendment of the Bylaws, and also the particular quorum and voting requirements sought to be changed or deleted.

At any time when shares of Series A Convertible Preferred Stock or Series B Convertible Preferred Stock are outstanding, the Corporation shall not take any corporate action or otherwise amend its Articles of Incorporation or By-laws without the approval by vote or written consent of the holders of at least Fifty One Percent (51%) of the then outstanding shares of Series A Convertible Preferred Stock or Series B Convertible Preferred Stock or voting or consenting separately as a class, if such corporate action or amendment would:

(i) amend, alter or repeal (whether by merger, consolidation, combination, reclassification or otherwise) (i) any of the provisions of the Articles of Incorporation or By-laws of the Corporation in a manner that would adversely affect the rights, preferences, privileges of, or limitations provided for herein for the benefit of, the Series of Convertible Preferred Stock or (ii) any of the rights, preferences, privileges of, or limitations provided for herein for the benefit of the Series of Convertible Preferred Stock;

(ii) increase or decrease (other than by redemption or conversion as expressly provided for in this Certificate of Incorporation) the authorized number of shares of the Preferred Stock;

(iii) redeem or otherwise acquire any shares of any equity securities of the Corporation except as expressly authorized in the Articles of Incorporation; or

(iv) amend any provisions of this paragraph.

PART B COMMON STOCK

The rights, preferences, privileges and restrictions and other matters relating to the Common Stock are as follows:

1. General. The dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights of the holders of the Series A Convertible Preferred Stock and Series B Convertible Preferred Stock,

2. Voting. The holders of the Class A Common Stock are entitled to one vote for

each share held at all meetings of stockholders (and written actions in lieu of meetings). Except as provided in the Massachusetts Business Corporation Act, Class B Common Stock shall not be entitled to vote on any matter at any meeting of the Shareholders.

3. Dividends. Subject to Section 3 of Part A of this Article, immediately following the payment of the Conversion A Amount and the conversion of all Series A Preferred Stock to Class B Common Stock and the payment of the Conversion B Amount and the conversion of all Series B Preferred Stock to Class B Common Stock, on a Quarterly basis, all Common Stockholders, on a pro-rata basis, shall be paid dividends equal to Fifty Per Cent (50%) of the Company's Free Cash Flow ("Common Dividend Payments").

Each Common Dividend Payment shall be payable to the holders of record of shares of Common Stock, as they appear on the stock records of the Corporation at the close of business on the record date, not more than sixty (60) days nor less than ten (10) days preceding the applicable dividend payment date as shall be fixed by the Board of Directors (the "Common Dividend Payment Date").

4. Liquidation. Upon the Liquidation of the Corporation, whether voluntary or involuntary, holders of Common Stock will be entitled to receive all assets of the Corporation available for distribution to its stockholders, subject to any preferential rights of any then outstanding Preferred Stock.

CONTINUATION SHEET 5A

Permissive Imposition of Restrictions on Stock Transfer

In the event that either (i) any two or more stockholders or subscribers to stock of the Corporation shall enter into any agreement abridging, limiting or restricting the rights of any one or more of them to sell, assign, transfer, mortgage, pledge or hypothecate any or all of the stock of the Corporation held by any one or more of them, and if a copy of such agreement shall be filed with the Corporation or if the Corporation shall be a party to such agreement, or (ii) the incorporators or the stockholders entitled to vote shall adopt any by-law provision abridging, limiting or restricting such rights of any stockholders, then and in either of such events, a reference to such abridgements, limitations or restrictions shall be endorsed on all certificates of stock of stockholders subject to such restrictions by an officer of the Corporation, and such stock shall not thereafter be transferred on the books of the Corporation except in accordance with the terms and provisions of such agreement or by-law, as the case may be; provided, however, the lack of such endorsement shall not invalidate or render unenforceable any such restrictions.

Continuation Sheet 6-A

(a) Personal liability of directors to corporation. No director shall have personal liability to the corporation for monetary damages for breach of his or her fiduciary duty as a director notwithstanding any provision of law imposing such liability, provided that this provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) for acts of omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for improper distributions under Section 6.40 of Chapter 156D of the General Laws of Massachusetts, or (iv) for any transaction from which the director derived an improper personal benefit. Any repeal or modification of this provision, directly or indirectly, such as by adoption of an inconsistent provision of these Articles of Organization, shall not adversely affect any right or protection of a Director of the Corporation existing at the time of such repeal or modification.

(b) Authorization of directors to make, amend, or repeal bylaws. The board of directors may make, amend or repeal the bylaws in whole or in part, except with respect to any provision thereof which by virtue of an express provision in Chapter 156D of the General Laws of Massachusetts, these Articles of Organization or the bylaws requires action by the shareholders.

(c) Shareholder action without a meeting by less than unanimous consent. Action required or permitted by Chapter 156D of the General Laws of Massachusetts to be taken at a shareholders' meeting may, pursuant to Section 7.04 of Chapter 156D, be taken without a meeting by shareholders having not less than the minimum number of votes necessary to take the action at a meeting at which all shareholders entitled to vote on the action are present and voting.

(d) Shareholder vote required to approve matters acted on by shareholders. The affirmative vote of a majority of all the shares in a voting group eligible to vote on a matter shall be sufficient for the approval of the matter, notwithstanding any greater vote on the matter otherwise required by any provision of Chapter 156D of the General Laws of Massachusetts.

(e) Minimum number of directors. The board of directors may consist of one or more individuals, notwithstanding the number of shareholders.

(f) Indemnification

1. Definitions. For purposes of this Provision:

(a) A "Director" or "Officer" means any person serving as a director of the Corporation or in any other office filled by appointment or election by the directors or the stockholders and also includes (i) a Director or Officer of the Corporation serving at the request of the Corporation as a director, officer, employee, trustee, partner or other agent of another organization, and (ii) any person who formerly served as such a Director or Officer;

(b) "Expenses" means (i) all expenses (including attorney's fees and disbursements) actually and reasonably incurred in defense of a Proceeding, in being a witness

in a Proceeding, or in successfully seeking indemnification under this Provision, (ii) such expenses incurred in connection with a Proceeding initiated by a Director or Officer as may be approved by the Board of Directors, and (iii) any judgments, awards, fines or penalties paid by a Director or Officer in connection with a Proceeding or reasonable amounts paid in settlement of a Proceeding; and

(c) A "Proceeding" means any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and any claim which could be the subject of a Proceeding.

2. Right to Indemnification. Except as limited by law, the Corporation shall indemnify its Directors and Officers against all Expenses incurred by them in connection with any Proceedings in which they are involved as a result of their service as a Director or Officer, except that (i) no indemnification shall be provided for any Director or Officer regarding any matter as to which it shall be adjudicated or determined pursuant to paragraph 5 of this Provision that he did not act in good faith and in the reasonable belief that his action was in the best interests of the Corporation, or, with respect to a criminal matter, that he had reasonable cause to believe that his conduct was unlawful, and (ii) no indemnification shall be provided for any Director or Officer with respect to any Proceeding by or in the right of the Corporation or alleging that a Director or Officer received an improper personal benefit if he is adjudged liable to the Corporation in such Proceeding or, in the absence of such an adjudication, if he is determined to be ineligible for indemnification under the circumstances pursuant to paragraph 5 of this Provision; provided, however, that indemnification of Expenses incurred by a Director or Officer in connection with a Proceeding alleging that he received an improper personal benefit as a result of his status as such may be paid if and to the extent authorized by the Board of Directors, if the Director or Officer is successful on the merits in the defense of such Proceeding.

3. Settled Proceedings. If a Proceeding is compromised or Settled in a manner which imposes any liability or obligation upon a Director or Officer, no indemnification shall be provided to him with respect to any Proceeding unless a court having jurisdiction determines that indemnification is reasonable and proper under the circumstances, or if no such judicial determination has been made, a determination is made pursuant to paragraph 5 of this Provision on the basis of the circumstances known at the time of such determination (without further investigation) that said Director or Officer is ineligible for indemnification.

4. Advance Payments. Except as limited by law, Expenses incurred by a Director or Officer in defending any Proceeding, including a Proceeding by or in the right of the Corporation, shall be paid by the Corporation to said Director or Officer in advance of final disposition of the Proceeding upon receipt of his written undertaking to repay such amount if he is determined pursuant to paragraph 5 of this Provision or adjudicated to be ineligible for indemnification, which undertaking shall be an unlimited general obligation but need not be secured and may be accepted without regard to the financial ability of such person to make repayment; provided, however, that no such advance payment of Expenses shall be made if it is determined pursuant to paragraph 5 of this provision on the basis of the circumstances known at the time of such advance (without further investigation) that said Director or Officer is ineligible for indemnification.

5. Determinations; Payments. The determination of whether a Director or Officer is eligible or ineligible for indemnification under this Provision shall be made in each

instance by (a) a majority of the Directors or a committee thereof composed of Directors who are not parties to the Proceeding in question, (b) independent legal counsel appointed by a majority of such Directors, or if there are none, by a majority of the Directors in office, or (c) a majority vote of the stockholders who are not parties to the Proceeding in question. Notwithstanding the foregoing, a court having jurisdiction (which need not be the court in which the Proceeding in question was brought) may grant or deny indemnification in each instance under the Provisions of law and this Provision. The Corporation shall be obliged to pay indemnification applied for by a Director or Officer unless there is an adverse determination (as provided above) within 45 days after the application. If indemnification is denied, the applicant may seek an independent determination of his right to indemnification by a court, and in such event the Corporation shall have the burden of proving that the applicant was ineligible for indemnification under these provisions.

6. Insurance. The Corporation shall have power to purchase and maintain insurance on behalf of any agent, employee, Director or Officer against any liability or cost incurred by him in any such capacity or arising out of his status as such, whether or not the Corporation would have power to indemnify him against such liability or cost.

7. Responsibility With Respect to Employee Benefit Plan. If the Corporation or any of its Directors or Officers sponsors or undertakes any responsibility as a fiduciary with respect to an employee benefit plan, then for purposes of indemnification of such persons under this Provision (i) a "Director" or "Officer" shall be deemed to include any Director or Officer of the Corporation who serves at its request in any capacity with respect to said plan, (ii) such Director or Officer shall not be deemed to have failed to act in good faith in the reasonable belief that his action was in the best interests of the Corporation if he acted in good faith in the reasonable belief that his action was in the best interests of the participants or beneficiaries of said plan, and (iii) "Expenses" shall be deemed to include any taxes or penalties imposed on such Director or Officer with respect to said Plan under applicable law.

8. Heirs and Personal Representatives. The indemnification provided by this Provision shall inure to the benefit of the heirs and personal representatives of a Director or Officer.

9. Non-Exclusivity. This Provision shall not be construed to limit the power of the Corporation to indemnify its Directors or Officers to the full extent permitted by law or to enter into specific agreements, commitments or arrangements for indemnification permitted by law. In addition, the Corporation shall have power to indemnify any of its agents or employees who are not Directors or Officers on any terms not prohibited by law which it deems to be appropriate. The absence of any express provisions for indemnification herein shall not limit any right of indemnification existing independently of this Provision.

10. Amendment. This Provision may be amended or repealed by the stockholders; however, no amendment or repeal of this Provision or any part hereof which adversely affects the rights of a Director or Officer under this Provision with respect to his acts or omissions at any time prior to such amendment or repeal shall apply to him without his consent.

(g) Interested Parties.

The Corporation may enter into contracts or transact business with one or more of its

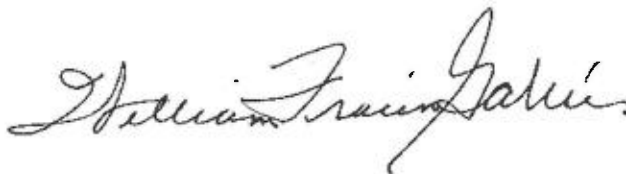

Directors, Officers or stockholders or with any corporation, organization or other concern in which any one or more of its Directors, Officers or stockholders are directors, officers, stockholders or are otherwise interested and may enter into other contracts or transactions in which any one or more of its Directors, Officers or stockholders is in any way interested; and, in the absence of fraud, no such contract or transaction shall be invalidated or in any way affected by the fact that such Directors, Officers or stockholders of the Corporation have or may have interests which are or might be adverse to the interest of the Corporation even though the vote or action of Directors, Officers or stockholders having such adverse interests may have been necessary to obligate the Corporation upon such contract or transaction. At any meeting of the Board of Directors of the Corporation (or of any duly authorized committee thereof) at which any such contract or transaction shall be authorized or ratified, any such Director or Directors may vote or act thereat with like force and effect as if he had no such interest, provided in such case the nature of such interest shall be disclosed or shall have been known to the Directors or a majority thereof. A general notice that a Director or Officer is interested in any corporation or other concern of any kind above referred to shall be a sufficient disclosure as to the nature of such interest of such Director or Officer with respect to all contracts and transactions with such corporation or other concern. No Director shall be disqualified from holding office as Director or Officer of the Corporation by reason of any such adverse interest, unless the Board of Directors shall determine that such adverse interest is detrimental to the interests of the Corporation.

Heka Business Plan Summary
“Start of Operations”
September 12, 2019

Heka Business Plan Summary

Heka Incorporated’s (“Heka”) Massachusetts Business Plan is to own and operate the maximum allowed Massachusetts Medical Marijuana and Adult Use Marijuana Cultivation, Processing and Dispensary facilities.

As part of this plan, Heka’s mission is to build and operate its facilities to the highest standard possible, with aspirations of being recognized, nationally, in the top 10. Heka also believes that its branding will be embraced as one of the most well thought-out and reliable brands to date.

Heka has moved forward with its Business Plan by identifying and executing its deployment in the following locations.

1. Westfield – 98 Sgt. TM Dion Way, Westfield, Massachusetts 01085 (40,000 S.F.)
 - a. Local Permitting – Complete
 - b. Cultivation Canopy – approximately 23,000 S.F. (200 lbs./week usable cannabis)
 - c. Processing – approximately 15,000 S.F. (Full processing and kitchen)
 - d. Dispensary – approximately 6,500 S.F. (Medical & Adult Use)
 - e. Considering location of additional cultivation facilities 2020
2. Pittsfield – 745 East Street, Pittsfield, Massachusetts 01201
 - a. Local Permitting – Complete
 - b. Dispensary – approximately 6,500 S.F. (Medical & Adult Use)
 - c. Considering location of additional cultivation facilities 2020
3. Palmer – 289 Wilbraham Road, Palmer, Massachusetts 01069
 - a. Local Permitting – Under way (good local support)
 - b. Dispensary – approximately 6,500 S.F. (Medical & Adult Use)
 - c. Considering location of additional cultivation facilities 2020

Awaiting approvals from the Massachusetts Cannabis Commission, Heka should be prepared for Final Inspection in mid-2019 to begin cultivation and processing at the Westfield facility by early 2020, with retail sales from the Westfield and Pittsfield Dispensaries commencing shortly after. Based on current local permitting timelines, Heka is working to begin retail sales from the Palmer Dispensary in mid to late 2020.

Heka’s Westfield Cultivation and Processing Facility will have the capability to supply Heka’s 3 anticipated Dispensaries with all products at full capacity, with additional wholesale supply available for other Massachusetts RMDs and Adult Use Dispensaries.

Based on current Massachusetts market conditions and due to the vast majority of Adult Use Dispensaries looking to open with no cultivation or processing capabilities of their own, a significant shortfall in wholesale supply will occur for a few years. Due to the fact that Heka currently holds 3 Medical Marijuana Provisional Certificates and Adult Use priority registration status, Heka anticipates the need for more than one cultivation facility and looks to begin construction of a 2nd 75,000 sq. ft. canopy cultivation and processing facility in mid-2020. The marijuana and marijuana products from this facility will be sold to the Massachusetts Medical and Adult Use wholesale marketplace, likely under long-term supply agreements.

PROCEDURE

I. GENERAL PROCEDURES

1. Heka is responsible for having all marijuana cultivated at its facility tested in accordance with the requirements of 935 CMR 500.160 and 935 CMR 501.105(3)(b).
2. Marijuana shall be tested for the cannabinoid profile and for contaminants as specified by the Commission, including but not limited to mold, mildew, heavy metals, plant-growth regulators, and the presence of non-organic pesticides. Additional testing will be conducted as requested by the Commission. 935 CMR 501.105(3)(b)(1).
3. All marijuana testing must be conducted by an independent laboratory that is:
 - a) *Accredited to International Organization for Standardization (ISO) 17025* by a third party accrediting body such as A2LA or ACLASS; or
 - b) Certified, registered, or accredited by an organization approved by the Commission. 935 CMR 501.105(3)(b)(4)
4. Heka shall arrange for marijuana testing to be conducted in accordance with the frequency required by the Commission. 935 CMR 501.105(3)(b)(5).
5. Heka maintains all marijuana testing results for a minimum of one (1) year. 935 CMR 501.160(3); 935 CMR 501.105(3)(b)(2).

In accordance with the requirements under 935 CMR 500.160 and 935 CMR 501.105(3)(b)(3), when the independent testing laboratory results indicate unacceptable contaminant levels, all marijuana with the same batch number as the contaminated sample will be promptly removed from the applicable cultivation or storage area and transferred to the disposal room. The unacceptable contaminant levels will be noted in the LeafLogix system and inventory records adjusted accordingly. In accordance with 935 CMR 500.160 and 935 CMR 501.105(3)(b), the President/CEO/COO and the Director of Cultivation will review the data package provided by the testing laboratory concerning the marijuana sample, cultivation records for that batch number, including the type of growing media, pesticides used, employees who handled the marijuana, etc., to assess the source of contamination. Video surveillance tapes may also be reviewed as necessary to assist in this process. Identified sources and circumstances of the contamination will be noted in the LeafLogix system and additional employee training will be provided when indicated. 19. Heka maintains sufficient space for placement of equipment and storage of materials as is necessary for the maintenance of sanitary operations.
20. Litter and waste are properly removed, disposed of to minimize the development of odor and the potential for the waste attracting and harboring pests. The operating systems for waste disposal shall be maintained in an adequate manner pursuant to 935 CMR 500.105(12) and 935 CMR 501.105(10).

II. SAMPLING

1. Heka's contracted independent analytical laboratories will sample all products to be certified using Quartering method appropriate for the material sampled. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. Any product that fails specified requirements may be retested once and upon a second failure, must be destroyed according to the Commission's guidelines. Upon passing the required testing, labels will be produced and the products will be released for sale.
2. If necessary, each flower batch will be broken into TESTING LOTS of up to 2 kg of flower. The testing lot will be separated into equal quadrants. Each quadrant will be quartered. Opposite quadrants will be quartered and random samples from each will be collected to reach the volume necessary for the sample required.

3. Due to the inhomogeneity of raw plant material, multiple 2-gram samples will be collected from each lot, depending on the size of the lot to be tested. For the 2-kg lot size, 5 sub-samples will be collected. For lot sizes smaller than 1 kg, 3 sub-samples will be sufficient.

In each case, the sub-samples will be composited for testing.

4. After sampling, flower will be placed in containers and sealed with security tape and quarantined while awaiting testing results. For chain of custody, total weight and sample weight will be witnessed and recorded. Crop batch data along with batch ID will also be collected.
5. All material will be sent to the lab to be tested for: PESTICIDES, PGR's and HEAVY METALS.
6. Upon passing the testing requirements, the lot will be available for further processing, or for additional testing if flower is intended for direct consumption.
7. All flower material for direct consumption will also be tested for:
BACTERIA, FUNGI, MYCOTOXINS, CANNABINOIDS: THCA, CBDA, CBGA, CBD, D8-THC, D9-THC, CBG, CBC, and CBN.
8. Upon passing the testing requirement, the batch will be certified and released for sale with labeling information. Labels will be designed within the lab to meet requirements. By following this protocol, product dispensed will be able to be sold as TESTED & CERTIFIED and labeled as such.

III. CANNABIS RESINS

1. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. After samples have been taken the product will be quarantined and placed in a tamper proof location until test results are processed. Upon passing the required testing, labels will be produced and the products will be released for sale.
2. If cannabis resins can be adequately homogenized, then a single 0.5-gram random sample will be collected and sent to the lab for testing of HEAVY METALS. For cannabis resins to be dispensed as resins, an additional 1.5-gram random sample will be collected and sent to the lab for testing for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS. All cannabis resins that are being used to create MIP's will be further tested in the post-MIP production for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS.

IV. CANNABIS CONCENTRATES

1. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. After samples have been taken the product will be quarantined and placed in a tamper proof location until test results are processed.
2. If concentrate can be adequately homogenized, then a single 0.5-gram random sample will be

collected and sent to the lab for testing of HEAVY METALS and SOLVENTS. For concentrates to be dispensed as concentrates, an additional 1.5 grams random sample will be collected and sent to the lab for testing for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS. All concentrates that are being used to create MIP's will further be tested post-MIP production for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS.

V. MARIJUANA PRODUCTS

1. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. After samples have been taken the product will be segregated and placed in a tamper proof location until test results are processed. Upon passing the required testing, labels will be produced and the products will be released for sale.
2. Random samples will be collected in individual serving size units and sent to the lab for testing of BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS.

VI. Testing Methodologies

1. Analytical procedures for determining cannabinoid profiles will follow the methods described in AHP 2013.
2. Quantification of metals will be performed with a validated method such as provided by the FDA USP, Chapter 233.
3. Pesticides residues and plant growth regulator testing will attempt to analyze as many compounds on the USDA target analyte list as possible, using methods that are consistent with the following sections of the National Organic Program Handbook: Guidance and Instructions for Accredited Certifying Agents and Certified Operations – NOP 2611, NOP 2611-1 and NOP 2613.
4. Methods for identifying microbiological contaminants will be consistent with USP chapters 61, 62 and 561.

POLICY: SAFETY AND DEVISING MARIJUANA PRODUCTS

POLICY

Heka Inc. ("Heka") devises marijuana products, including, but not limited to, tinctures, beverages, edibles and salves, in accordance with industry best practices using only post-sampling certified marijuana production batches. Production of medical-use edible marijuana products will comply with the requirements set forth in 935 CMR 501.105(3)(e) and (f), and production of adult-use edible marijuana products will comply with the requirements set forth in 935 CMR 500.150.

PROCEDURE

1. Post-sampling production batches, used to develop marijuana products, are transferred from inventory held in the Vault Room, to separate and specific secure marijuana product processing rooms with independent environment controls.
2. All Heka staff involved in devising marijuana products in the Processing Department are required to change into scrubs, wear protective hair and foot coverings, and wear gloves.
3. Heka utilizes the following processing methods for generation of marijuana product tinctures, edibles and salves:
 - a) Tinctures
 - Vegetable Glycerin Tincture is created in drop form. 1/8 ounce of well-ground, high quality marijuana and 1/8 cup of food-grade vegetable glycerin are combined and stirred in a sealable jar.
 - The sealed jar is then placed into a simmering pot of water for 6 hours. After, the mixture in the jar is poured through cheesecloth and stored at room temperature in sealed jars in a secured, locked vault.
 - Tinctures are packaged in opaque bottles containing droppers by the liquid ounce and labeled with clear instructions for patient use.
 - b) Edibles
 - Cannabis oil extraction for use in edible marijuana products is completed by either of the following methods:
 - i) Production batches of cannabis plant part will be trimmed as needed and placed in an Apeks Supercritical CO2 System for Botanical Oil Extraction machine; or
 - ii) Production batches will be processed using the Ethanol Extraction Protocol described in Attachment 1.

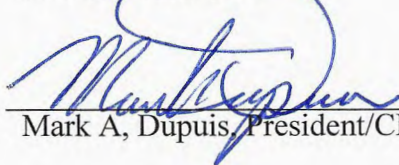

- Individual marijuana products are generated using recipes developed by Heka and its consultants.
 - Once Cannabis Oil is produced, edible MIPs are assembled in a similar manner to tincture MIPs as described above (combined, heated, cooled and packaged).
 - Heka uses cannabis oil, uniformly blended with food-based materials to produce edible MIPs in the form of chocolates, brownies and cookies, and other food based products. Recipes for these edibles are time tested and use the highest quality organic ingredients.
 - All edible MIPs are dispensed fresh or frozen and are individually packaged and sold in 5, 10, 20, 25, 50, 75 or 100 milligram total cannabinoid dosage with clear instructions for patient use.
 - Cannabis oil is considered a potentially hazardous food item under the U.S. Food and Drug Administration Safe Practices for Food Processes and requires time/temperature controls for food safety. Cannabis oil shall be stored in locked medication refrigerators at a temperature of 41°F or below and will be kept for no longer than thirty (30) days. Any oil remaining past the 30-day expiration date will be inventoried and logged into a destruction log book and transferred to the Heka disposal room for proper disposal.
- c) Salves (ointment)
- Marijuana is placed in a tight bundled cheesecloth and put into a simmering pot of olive oil for 24 hours, then removed and drained thoroughly.
 - After the Marijuana is rendered into the olive oil, bees wax is then slowly added. Once the bees wax has melted, vitamin E and Arnica oils are infused and thoroughly blended, then the product is poured into open jars and left to cool for 12 hours in a secured, locked refrigerator.
 - Salves are packaged in sealed, opaque jars with clear instructions for patient use.
4. All edible marijuana products are assembled and processed in the kitchen area of the secured Processing department, then inventoried in locked refrigerators located in the Vault Room.
 5. All non-edible marijuana products are produced in product specific rooms located in the secured Processing Department, then inventoried in the Vault Room located in the Processing Department.
 6. All marijuana products will be processed in Heka's Marijuana Products Rooms which are separate, secure, clean, and environmentally-controlled rooms.
 7. All marijuana products are handled on food-grade stainless steel tables and developed, handled and stored in compliance with the requirements set forth under 935 CMR

500.105(3) and 500.105(11) and the sanitation requirements contained in 105 CMR 500.000: *Good Manufacturing Practices for Food*; and with requirements for food handlers specified in 105 CMR 300.000: *Reportable Diseases, Surveillance and Isolation and Quarantine Requirements*.

8. Any edible MIP that is made to resemble a typical food or beverage product will be packaged in an opaque package and labeled as required by 935 CMR 501.105(5)(c).
9. Finished marijuana products are sent out to Heka's independent analytical laboratory for marijuana product post-production sampling and analysis prior to being offered for consumption. Refer to Heka's Sampling and Analysis of Production Batches Policy. Heka maintains the records of such sampling and analysis for a minimum of one (1) year.
10. Finished products will bear the same Heka logo as currently used on finished marijuana products dispensed for medical use.
11. Heka will abide by the adult-use dosing limitations set forth under 935 CMR 500.150(4), not alter the use-by date or label once affixed to packaging, and will ensure the following information is included on all adult-use edible marijuana product packaging, in addition to the information included in the Product Packaging and Labeling Policy:

 - e. A warning that the impairment effects of the edible marijuana product may be delayed by two hours or more.
12. Heka will ensure each single serving of an adult-use edible marijuana product is clearly marked on the label to enable a reasonable person to determine the amount of the product constituting a single serving of active THC, as required by 935 CMR 500.150(3)(c), and, if the product is packaged in multiple servings, Heka will ensure the products are easily separable and each single serving is clearly marked, stamped, or otherwise imprinted with a easily recognizable mark issued by the Cannabis Control Commission to indicate that the package contains marijuana product, as required by 935 CMR 500.150(3)(d)-(e).
13. Heka will ensure that any adult-use edible marijuana product made to resemble a food or beverage product is packaged and labeled as required by M.G.L. c. 94G, § 4(a)(1/2)(xxvi) and 935 CMR 500.105(5) and (6). Heka will not manufacture or sell edible marijuana products in the distinct shape of a human, animal, or fruit or a shape bearing the likeness or characteristics of a realistic or fictional human, animal, or fruit, including artistic, caricature, or cartoon renderings.

14. Heka is, on an ongoing basis, engaged in the process of reviewing its product manufacturing techniques and identifying opportunities and methods for reducing its energy and water usage and other environmental impacts during such activities in accordance with the Commission's energy efficiency and equipment standards established under 935 CMR 500.130(3).

ATTACHMENT 1

Ethanol Extraction Protocol

- Take cured plant material and place it in an oven with a set temperature of 200 degrees Fahrenheit.
- Take plant material out of oven every fifteen (15) minutes to check crispness. Once material is slightly brittle, place material in a mason jar and freeze.
- Once material is frozen, pour minus 15 degrees, 98 percent food-grade ethanol over material until it is covered by one inch of ethanol.
- Shake for several minutes and place back into freezer for twelve (12) hours. Shaken several times through its soaking period.
- Strain material through a stainless-steel strainer and then through a 20-micron filter system.
- Once you have a filtered wash, pour into a countertop distillation unit to reclaim ethanol.
- When 85 percent of original ethanol has been reclaimed stop distillation process and pour remaining solution into a weighed beaker and place on a magnetic stirring device. Set plate temperature to 170 degrees, set probe temperature to 112 degrees, and set spin speed to 110.
- Once temperature reaches 80 degrees Celsius most ethanol has been removed. When temperature reaches 100 degrees Celsius all water and ethanol have been removed and decarboxylation has started. When the product has gone five (5) minutes with no bubbles decarboxylation is complete.

PROCEDURE

I. GENERAL PROCEDURES

Additional testing will be conducted as requested by the Commission. 935 CMR 501.105(3)(b)(1).
3. All marijuana testing must be conducted by an independent laboratory that is:
 - a) *Accredited to International Organization for Standardization (ISO) 17025* by a third party accrediting body such as A2LA or ACLASS; or

II. SAMPLING

1. Heka's contracted independent analytical laboratories will sample all products to be certified using Quartering method appropriate for the material sampled. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. Any product that fails specified requirements may be retested once and upon a second failure, must be destroyed according to the Commission's guidelines. Upon passing the required testing, labels will be produced and the products will be released for sale.
2. If necessary, each flower batch will be broken into TESTING LOTS of up to 2 kg of flower. The testing lot will be separated into equal quadrants. Each quadrant will be quartered. Opposite quadrants will be quartered and random samples from each will be collected to reach the volume necessary for the sample required.

3. Due to the inhomogeneity of raw plant material, multiple 2-gram samples will be collected from each lot, depending on the size of the lot to be tested. For the 2-kg lot size, 5 sub-samples will be collected. For lot sizes smaller than 1 kg, 3 sub-samples will be sufficient.

In each case, the sub-samples will be composited for testing.

4. After sampling, flower will be placed in containers and sealed with security tape and quarantined while awaiting testing results. For chain of custody, total weight and sample weight will be witnessed and recorded. Crop batch data along with batch ID will also be collected.
5. All material will be sent to the lab to be tested for: PESTICIDES, PGR's and HEAVY METALS.
6. Upon passing the testing requirements, the lot will be available for further processing, or for additional testing if flower is intended for direct consumption.
7. All flower material for direct consumption will also be tested for: BACTERIA, FUNGI, MYCOTOXINS, CANNABINOIDS: THCA, CBDA, CBGA, CBD, D8-THC, D9-THC, CBG, CBC, and CBN.
8. Upon passing the testing requirement, the batch will be certified and released for sale with labeling information. Labels will be designed within the lab to meet requirements. By following this protocol, product dispensed will be able to be sold as TESTED & CERTIFIED and labeled as such.

III. CANNABIS RESINS

1. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. After samples have been taken the product will be quarantined and placed in a tamper proof location until test results are processed. Upon passing the required testing, labels will be produced and the products will be released for sale.
2. If cannabis resins can be adequately homogenized, then a single 0.5-gram random sample will be collected and sent to the lab for testing of HEAVY METALS. For cannabis resins to be dispensed as resins, an additional 1.5-gram random sample will be collected and sent to the lab for testing for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS. All cannabis resins that are being used to create MIP's will be further tested in the post-MIP production for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS.

IV. CANNABIS CONCENTRATES

1. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. After samples have been taken the product will be quarantined and placed in a tamper proof location until test results are processed.
2. If concentrate can be adequately homogenized, then a single 0.5-gram random sample will be

collected and sent to the lab for testing of HEAVY METALS and SOLVENTS. For concentrates to be dispensed as concentrates, an additional 1.5 grams random sample will be collected and sent to the lab for testing for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS. All concentrates that are being used to create MIP's will further be tested post-MIP production for BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS.

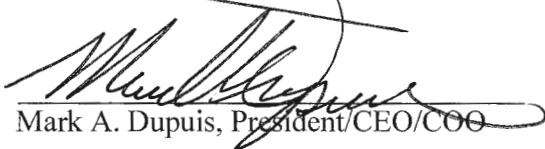

V. MARIJUANA PRODUCTS

1. All sampling will be in accordance with Sections 5.0-5.3 in the DPH Protocol for Sampling and Analysis of Finished Marijuana Products. After samples have been taken the product will be segregated and placed in a tamper proof location until test results are processed. Upon passing the required testing, labels will be produced and the products will be released for sale.
2. Random samples will be collected in individual serving size units and sent to the lab for testing of BACTERIA, FUNGI, MYCOTOXINS and CANNABINOIDS.

VI. Testing Methodologies

1. Analytical procedures for determining cannabinoid profiles will follow the methods described in AHP 2013.
2. Quantification of metals will be performed with a validated method such as provided by the FDA USP, Chapter 233.
3. Pesticides residues and plant growth regulator testing will attempt to analyze as many compounds on the USDA target analyte list as possible, using methods that are consistent with the following sections of the National Organic Program Handbook: Guidance and Instructions for Accredited Certifying Agents and Certified Operations – NOP 2611, NOP 2611-1 and NOP 2613.
4. Methods for identifying microbiological contaminants will be consistent with USP chapters 61, 62 and 561.
5. Methods for determining residual solvent concentrations will be performed in accordance with USP chapter 467.

Diversity Policy & Plan

Heka, Inc. ("Heka") is an equal opportunity employer and does not discriminate against applicants for employment based on race, age, color, religion, gender or gender identity, sexual orientation, pregnancy, marital status, veteran status, national origin, physical and mental disability, or any other protected status recognized under applicable federal and state law. Heka believes its success is dependent on a qualified and diverse workforce. Heka's compliance team and human resources department will be responsible for implementing the activities identified in this plan on an ongoing basis.

Goal #1

- To seek out and hire individuals with diverse backgrounds from demographics designated by the Cannabis Control Commission ("the Commission").

Programs

- Heka will work with local newspapers, including the *Berkshire Eagle* and *The Republican*, to identify candidates for employment from diverse backgrounds. In its first full year of operation, Heka will set a goal to recruit 40% of all potential candidates from the following Commission-designated demographics: minorities; women; veterans; people with disabilities; and people of all gender identities and sexual orientations. Specifically, Heka will set a goal to hire 50% of all potential candidates from Commission-designated demographic groups responding to the above-mentioned employment advertisements.
- In its first full year of operation, Heka will participate in at least two (2) job fairs with the aim of hiring individuals from diverse backgrounds.

Measurement

- In its first full year of operation, Heka will set a goal of posting at least half of its employment advertisements in *The Berkshire Eagle* and *The Republican*. Heka will track the number of advertisements posted, the number of applications received as a result of such advertisements, and the number of respondent applicants successfully hired. Heka will use this tracking system to measure whether it has met its goal of recruiting 40% of all potential candidates from demographics designated by the Commission.
- Heka will participate in at least two (2) job fairs. Heka will track and record contacts made at the job fairs and follow-up within one month of the job fair.

Goal #2

- To provide educational opportunities to all employees.

Programs

- Heka will seek out, identify and implement a reputable training program to educate all employees on diversity in the workplace. The course will be required of all newly hired employees, and will be offered at least once every three (3) months to ensure timely compliance.
 - Beyond weekly staff update/informational meetings, Heka will offer educational sessions in order to afford opportunities to all employees to grow and advance their knowledge of the cannabis industry and the company. These opportunities will assist employees in gaining the

knowledge and skills to advance within the company's employment divisions. In order to provide mentorship and opportunities to grow, Heka will ensure that at least one manager from each employment division (retail, cultivation, product manufacturing) are available to provide guidance in conjunction with the educational sessions. The informational sessions will be held at least once every three (3) months. Heka will provide two (2) weeks' notice to all employees regarding educational sessions, including date, time, and topic to be covered. Heka will ensure participation rates do not conflict with staffing and daily operations by limiting participation to 25% of staff. Notices and sign-up sheets will be posted on the employee information board, as well as in all breakrooms. Managers will also make announcements at employee staff meetings.

Measurement

- Heka will hold diversity training for new employees at least once every three (3) months to ensure timely compliance. Heka will track participation in accordance with its personnel and employee training policies.
- Heka will offer educational sessions at least once every three (3) months and will maintain records of all meetings and educational sessions, including sign-in attendance sheets and participant surveys. In addition, Heka will ensure that there will be a manager from the corresponding employment division available at each quarterly educational session according to the subject matter of each session (i.e. a quarterly session on cultivation and innovation will include a cultivation manager prepared to mentor interested employees). In addition to assigned quarterly training, Heka will set a goal of having each division manager devote a total of one (1) hour per month to mentoring interested employees. Heka will track all logged hours in each division manager's personnel record to ensure compliance.

Annual Assessment and Acknowledgments

- Heka will conduct a review of this policy annually and will report on its efforts and the identified metrics and corresponding goals above to the Commission in accordance with its annual marijuana establishment licensure renewal in accordance with 935 CMR 500.103(4)(a). HEKA INCORPORATED

POLICY: ENERGY EFFICIENCY & CONSERVATION

POLICY

Heka Inc. ("Heka") operates a Massachusetts vertical marijuana cultivation, processing and retail operation housed in a 42,000 sq. ft. facility and located at 98 Sgt. TM Dion Way, Westfield Massachusetts 01085 ("Facility"). This Facility was built using innovative energy efficient materials, processes and equipment that are sustainably suited for New England weather and environmental conditions.

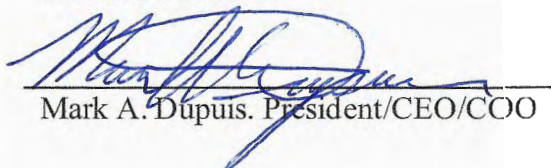

In accordance with the requirements under 935 CMR 501.105 (q), and in cooperation with M.G.L. c. 25. 21., Heka shall operate the Facility, using best practices to conserve and limit unnecessary use of electricity and natural gas ("Energy") and to identify processes, methods and equipment to further reduce, or more efficiently use Energy to operate the Facility.

PROCEDURE

1. **REDUCE** - Heka has identified a few areas at its Facility to reduce future use of Energy in its operations at the facility as follows:
 - a. *Cultivation HVAC* - The Facility uses "chill water" HVAC systems to operate its cultivation facility. This system is currently designed to provide 40-degree water to 50 independent air handlers that supply cooling to 20 "air tight" cultivation rooms. The water in the chill water system is cooled using energy efficient compressors/chillers and free air coils, which use the outside air to cool the water when it is less than 40 degrees outside. Over the next 2 years, Heka will work to increase the efficiencies of the Chill Water System.
 - Increase the designed temperature of the chill water loop to operate at 60 degrees (currently 40 degrees) to allow for cooling of the chill water to be made by the outside air when 55 degrees or less.
 - Purchase additional free air coils to further support the avoidance of using the compressor/chiller equipment to cool the chill water systems.
 - b. *Cultivation LED Lighting* - The Facility uses new LED lights that meet the current regulations for Energy use. A substantial portion of the heat produced by the LED lights that is emitted into the cultivation room and requiring the HVAC system to cool the rooms, comes from the LED "Drivers/Transformers". Over the last couple years, LED technology developments have now allowed for the LED Drivers to be connected to the LED light at a distance that would allow for the drivers to be located outside of the cultivation rooms. This technology and equipment has the potential to reduce the cooling requirements of the HVAC system by up to 40%. Over the next years 3, Heka will work to reduce the cooling needs of its cultivation rooms.
 - Purchase LED lights that are capable of remote location of the LED Drivers.
 - Install remote LED drivers in a location that will allow the outside air to keep the LED Drivers cool.

2. **RENEWABLES** - Heka believes that using renewable energy to subsidize the Energy used at the Facility is possible. Once Heka achieves full operations during 2022, and has the financial resources to act, Heka intends on exploring the use of renewable energy.
- a. *Outdoor Solar Panels* - Heka looks to bring in solar panel contractors and related energy contractors to provide proposals that will include the capital cost for the installation of solar panels at the Facility.
 - b. *Indoor Solar Panels* - Heka believes that the significant light used in the cultivation rooms has the potential to produce Energy using solar panels. Heka looks to identify solar panels that can be wall mounted to use the light in the cultivation rooms to produce energy.
3. **DEMAND** - Heka believes that it may be possible, to some extent, to manage use of Energy at the Facility "off peak". Once Heka achieves full operations during 2022, and has the financial resources to act, Heka intends on exploring the use of Energy "off peak".
- a. *Off Peak Energy Use* - Due to the fact that nights are cooler than days, the use of Heka's "free air coils" in its HVAC System would be better utilized if Heka can operate the cultivation lighting cycles after dark, during "off peak" hours. Heka looks to explore a cultivation lighting cycle that operates during "off peak" hours.
4. **ENERGY EFFICIENCY PROGRAMS** - Heka is located in Westfield, Massachusetts and all of the Facility's Energy is provided from a municipal Energy provider, Westfield Gas and Electric ("WG&E"). Once Heka achieves full operations during 2022, and has the financial resources to act, Heka intends on engaging WG&E, with the effort to develop programs that support their mandate to participate in M.G.L. c. 25. 21. Since Heka will be WG&E's 2nd or 3rd largest user of Energy in the City of Westfield, Heka anticipates that a good working relationship will be embraced.
- a. *Replacement of LED Lighting* - Heka will pursue WG&E to participate in the capital cost to replace Heka's LED lighting with externally installed LED Drivers as discussed in Section #1(b) above.
 - b. *Solar Panels* - Heka will pursue WG&E to participate in the capital cost to install solar panels as discussed in Section #2 (a) and (b) above.
 - c. *Off Peak Energy Use* - Heka will pursue WG&E to participate in a program that will provide Heka with financial benefits to operate during "off peak" hours as discussed in #3(a) above.
 - d. *WG&E Proposals* - Heka will pursue any opportunity to work with WG&E to meet their obligations under M.G.L. c. 25. 21
