COMPLIANCE WITH POSITIVE IMPACT PLAN

Progress or Success Goal 1

Description of Progress or Success: Mission MA received commence operations approval in August 2020.

1) Pay our employees a livable wage with full benefits

Mission's current starting wage is \$15-16/hour and full-time employees receive full benefits including health insurance (vision, dental, and life insurance) and PTO accrual.

2) Donate at least \$50,000 over five years to charitable organizations in the Worcester area whom are working to assist individuals and businesses facing systemic barriers

Since May 2020, MMA has donated \$20,000 to the Worcester chapter of Habitat for Humanity

3) Hold at least 10 career training seminars over two years for individuals in areas of disproportionate impact

Due to the COVID-19 crisis in 2020, MMA did not conduct training on these topics due to the facility closing during the State of Emergency, limited staff when reopened, and the limit on gatherings. We will be hosting annual trainings on this matter starting in 2021.

4) Participate in 60 person-hours per year of charitable activities in the Worcester area

Due to the COVID-19 crisis in 2020, MMA was unable to participate in in-person charitable activities. MMA will resume charitable activities now that State of Emergency has been lifted.

COMPLIANCE WITH DIVERSITY PLAN

Diversity Progress or Success 1

Description of Progress or Success: Mission MA received commence operations approval in August 2020. Due to the COVID-19 crisis in 2020, MMA was not able to reach all of its Diversity Plan goals. However, Mission MA will continue to make progress toward its goals in 2021

Mission encourages employees from diverse groups to refer applicants for employment by placing ads in the Worcester gazette and other local publications

Mission has developed relationships with Egmont Housing Authority and plans to hold employment fairs in partnership with them.

Mission ensures job openings are sent to the Worcester Gazette and posted on websites including LinkedIn and Indeed

Mission utilizes its in-house Human Resources department to ensure that career coaching is available for all employees, including a welcome pamphlet that explains the employees opportunities upon hire.

Mission utilizes 90-day and quarterly check ins to help employees set and achieve their career goals.

Mission instructs its managers and supervisors to refer employees seeking career counseling to the Human Resources manager.

In addition, Mission uses best efforts to purchase goods and services from vendors, contractors, and professional service providers that are owned and operated by individuals that have cultural and ethnically diverse characteristics.

Mission also participates in employment and business notifications programs through its membership with the Worcester Chamber of Commerce

Mission has developed Equal Employment Opportunity (EEO) policies and internal and external communication procedures in support of the goals of the Diversity Plan

As part of its ongoing effort to meet all Diversity Plan goals, Mission reviews its Diversity Plan with management to ensure the Plan is understood.

Mission ensures that internal and external job postings are in compliance with Mission's diversity policies and procedures by instructing its recruitment team to look at zip codes to ensure they are areas of disproportionate impact.

Of 12 promotions since April 2021, 5 of the 12 were from a minority group.

To Whom It May Concern,

Please see the attached notice I am submitting on behalf of Mission Massachusetts, a registered marijuana dispensary at 640 Lincoln Street that is an applicant for adult use marijuana licenses with the Cannabis Control Commission. Regulations passed by the Commission require applicants to hold a outreach meeting in the community that which they plan on operating in, and applicants must submit notice regarding the meeting to the City Clerk, Planning Board, the contracting authority for the municipality, and the local licensing authority for the adult use of marijuana.

The meeting will be conducted on April 24th at 11am at the Worcester Public Library, 3 Salem Street. Mission Massachusetts intends to apply for the following Adult-use Marijuana Establishment licenses: Marijuana Retail (brick and mortar); Marijuana Cultivator; Marijuana Product Manufacturer.

Please note that this notice does not require any official action on behalf of the city at this time. Abutters and other nearby residents have already been sent notice of this meeting by the applicant, as is required by Cannabis Control Commission regulations. The applicant is aware of the other state and municipal approvals they must obtain before becoming operational as an adult use facility.

Please contact me with any questions.

Regards,

Mission MA, Inc. Plan to Comply with Worcester Zoning

The City of Worcester has established its own requirements regarding siting of Marijuana Establishments. The City has established a Request for Interest (RFI) to prospective Marijuana Establishment operators. Mission MA will be submitting its response to this RFI concurrently with its application with the Commission.

Worcester's Marijuana Ordinance states that shall not be construed to prevent the conversion of a medical marijuana treatment center licensed or registered no later than July 1, 2017 engaged in the cultivation, manufacture or sale of marijuana or marijuana products to a Marijuana Establishment, provided, however, any such medical marijuana treatment center obtains a special permit pursuant to this Section for any such conversion to an adult use Marijuana Establishment. Mission plans to complete the special permit and local licensing process following approval of its RFI submission to the City.

Our CEO is responsible for ensuring ongoing compliance with all municipal codes, ordinances, and bylaws and obtaining all licenses, permits, and approvals required for the operation of our facilities. We will remain in contact with local officials to keep an open line of communication.

Request for Records of Costs - Attestation

Mission MA attests that no response has been received from the Host Community regarding its request for records of costs.

PLAN TO POSITIVELY IMPACT AREAS OF DISPROPORTIONATE IMPACT

Overview

Mission MA, Inc. ("Mission") is dedicated to serving and supporting the areas around it, particularly the census designated areas in Worcester and Boston (for our Brookline location) which are classified as areas of disproportionate impact in the Commission's *Guidance for Identifying Areas of Disproportionate Impact*. Marijuana businesses have an obligation to support the health and well-being of their customers as well as the communities that have had historically high rates of arrest, conviction, and incarceration related to marijuana crimes. It is Mission's intention to be a contributing, positive force in areas of disproportionate impact and to assist in changing the perception of those associated with marijuana use.

Communities for Planned Positive Impact

In compliance with the Commission's interpretation of 935 CMR 500.101(1)(a), Mission plans to positively impact the following communities:

- Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its *Guidance for Identifying Areas of Disproportionate Impact*
- Massachusetts residents who have past drug convictions

Positive Impact Plan Goals

1. Increase the percentage of its employees who reside in an area of disproportionate impact or have lived for five of the preceding ten years in an area of disproportionate impact to at least 10% in 2 years and 20% in 5 years.
2. Hire at least one individual with a drug-related CORI (who is otherwise legally employable in a cannabis-related enterprise) per year for each of the next two years and at least 2 such individuals per year in years 3-5.

Positive Impact Plan Programs

The Dispensary Manager will administer the Plan to Positively Impact Areas of Disproportionate Impact (the "Plan"). The Dispensary Manager will be responsible for developing measurable outcomes and ensuring Mission continues to meet its commitment to provide support and make positive contributions to areas of disproportionate impact. They will explore opportunities to form philanthropic partnerships in the community to implement and enhance the Plan.

To provide continuing service and reinvestment into areas of disproportionate impact, Mission is committed to programming, restorative justice, jail diversion, workforce development, industry specific technical assistance, and mentoring services in areas of disproportionate impact.

Mission is committed to hosting and participating in events in areas of disproportionate impact of Worcester and Boston; such events will include community service days, charity events, and educational seminars. In alignment with Mission's Diversity Plan, Mission will focus hiring and education efforts on diverse populations including individuals from Black, African American, Hispanic or Latino descent and will add questions to our employment application to immediately identify and prioritize these candidates for in-person interviews.

Mission will require all executives, managers, and employees to participate quarterly in a community service day at each location. Each community service day will be organized with a charitable or local organization that serves individuals that are over the age of 21 in an area of disproportionate impact in Worcester or Boston.

Plans for specific programming include the following:

- Conducting at least two industry-specific educational/recruitment seminars annually in areas of disproportionate impact that will cover one or more of the following topics:
 - marijuana cultivation
 - marijuana product manufacturing
 - marijuana retailing, or
 - marijuana business training
- Instituting hiring practices, in alignment with Mission's Diversity Plan, that prioritize the hiring of individuals from disproportionately impacted areas of Worcester and Boston; including incorporating a questionnaire into our employment application to identify and prioritize these candidates
- Offering assistance to individuals coming from areas of disproportionate impact
- Having quarterly in-store donation drives, including direct giving and ongoing food, toiletries and clothing drives to benefit charities based near our Worcester and Brookline locations
- In order to ensure local residents are notified of openings, each time a position becomes available, Mission Massachusetts will:
 - Send a copy of the job posting and application form to the Worcester City Manager's Workforce Central Career Center for distribution to various employment and training agencies in the City's network.
 - Advertise the position(s) in the Worcester Telegram and Gazette.
 - Notify local individuals previously trained by the Commission's Social Equity Program Incubator or accelerator programs
- Mission will consult with organizations that provide job placement for individuals with drug convictions, such as Community Reentry for Women (C.R.E.W.) and the New England Center for Homeless Veterans

Measurement and Accountability

In order to ensure that Mission is both meeting its community impact goals and ascertaining that the goals are having the desired impact, the company will take the following measurement and accountability steps:

- Management will meet at least twice annually to assess community impact hiring goals
 - The assessment will also include a remediation plan to meet the goals if the company is not on track to meet them by the specified time period; or
 - If the company has met the goal early, determine if the goals need to be increased
- Survey employees to ensure that community impact and diversity goals are being met and identify potential issues or areas of concern
- Review the advancement of employees from areas of disproportionate impact and those with drug convictions to ensure that they are receiving earned promotions in the company

Acknowledgments

Mission will adhere to the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment. Any actions taken, or programs instituted, by Mission will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

The Corporation will retain all appropriate records and make them available for inspection by request as required by 105 CMR 725.105(I).

ARTICLE II: SHAREHOLDERS

Section 2.1. PLACE OF MEETING. Meetings of the shareholders shall be held either at the principal office of the Corporation or at any other place designated by the Board of Directors, either within or without the Commonwealth of Massachusetts, as shall be designated in the notice of the meeting or executed waiver of notice. The Board of Directors may, in its discretion, determine that the meeting may be held solely by means of remote communication as set out in Section 2.2 below.

Section 2.2. MEETINGS OF SHAREHOLDERS BY REMOTE COMMUNICATION.

If authorized by the Board of Directors, and subject to any guidelines and procedures adopted by the Board of Directors, shareholders not physically present at a meeting of shareholders may participate in a meeting of shareholders by means of remote communication, and such shareholders may be considered present in person and may vote at a meeting of shareholders, whether held at a designated place or solely by means of remote communication, subject to the conditions imposed by applicable law. The Board of Directors may, in its discretion, determine that a shareholders' meeting may be held solely by means of remote communication.

At a meeting in which shareholders can participate by means of remote communication, the Corporation shall implement reasonable measures to:

- a. Verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a shareholder or proxy holder;
- b. Allow shareholders and proxy holders participating by remote communication to either read or hear the proceedings as they take place and to participate in the meeting and vote on matters submitted to the shareholders; and
- c. Maintain a record of the vote or other action taken by shareholders at the meeting by means of remote communication.

Section 2.3. ANNUAL MEETING. An annual meeting of shareholders, for the purpose of electing directors and transacting any other business as may be brought before the meeting, shall be held on March 31, if not a legal holiday in the place where the meeting is to be held, and if a legal holiday in such place, then on the next full business day following such date/the date and time set by the Board of Directors and stated in the notice of the meeting.

Failure to hold the annual meeting at the designated time shall not affect the validity of any action taken by the Corporation. If the Board of Directors fails to call the annual meeting, any shareholder may make demand in writing to any officer of the Corporation that an annual meeting be held.

Section 2.4. SPECIAL SHAREHOLDERS' MEETINGS. Special meetings of the shareholders may be called:

- a. by the Board of Directors;

OR

- b. upon the demand of the holders of at least forty percent (40%) of all the votes entitled to be cast on any issue proposed to be considered at the proposed special meeting.

In order for the shareholders to demand a special meeting, the shareholders of the required percentage of shares must sign, date, and deliver to the Corporation's Secretary one or more written demands for the meeting, describing the purposes for which the meeting is to be held.

Only business within the purposes described in the Corporation's meeting notice may be conducted at a special meeting of the shareholders.

Section 2.5. FIXING THE RECORD DATE. For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, the record date shall be the date specified by the Board of Directors in the notice of the meeting. If no date is specified by the Board of Directors, the record date shall be the close of business on the day before the notice of the meeting is mailed to shareholders. If no notice is sent, the record date shall be the date set by the law applying to the type of action to be taken for which a record date must be set.

In the case of action by written consent of the shareholders without a meeting, the record date shall be (a) the date fixed by the board of directors or (b) the date that the first shareholder signs the written consent if no date has been fixed by the board.

A record date fixed under this Section may not be more than seventy (70) days before the meeting or action requiring a determination of shareholders. A determination of shareholders entitled to notice of or to vote at a shareholders' meeting is effective for any adjournment of the meeting unless the Board of Directors fixes a new record date.

Section 2.6. NOTICE OF SHAREHOLDERS' MEETING. Written or printed notice stating the place, day and hour of the meeting, the means of any remote communication by which shareholders may be considered present and may vote at the meeting, and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be given not less than seven (7) days nor more than sixty (60) days before the date of the meeting. Notice shall only be required to be made to shareholders entitled to vote at the meeting unless the purpose of the meeting is for the transaction of business for which notice to all shareholders is required by law.

Notice shall be given to a by personal delivery, by electronic transmission if consented to by a shareholder, or by mail, by or at the direction of the President, the Secretary, or the officer or person calling the meeting. If mailed, the notice shall be deemed to be given when deposited in the United States mail addressed to the shareholder at the shareholder's address as it appears on the share transfer records of the Corporation, with postage thereon prepaid.

Any person entitled to notice of a meeting may sign a written waiver of notice either before or after the time of the meeting. The participation or attendance at a meeting of a person entitled to notice constitutes waiver of notice, except where the person attends for the specific purpose of objecting to the lawfulness of the convening of the meeting.

Section 2.7. VOTING LISTS. The officer or agent having charge of the share transfer records for shares of the Corporation shall prepare an alphabetical list of all shareholders entitled to notice of the meeting, arranged by voting group and by class and series of share, with the address of and the number of shares held by each shareholder. The list shall be available for inspection by any shareholder beginning two (2) business days after notice of the meeting is given at the principal place of business of the Corporation or if the meeting will be held at another location, at a place in the city where the meeting will be held, which shall be identified in the meeting notice.

The list shall also be produced and kept open at the time and place of the meeting and shall be subject to the inspection of any shareholder during the whole time of the meeting. If any shareholders are participating in the meeting by means of remote communication, the list must be open to examination by the shareholders for the duration of the meeting on a reasonably accessible electronic network, and the information required to access the list must be provided to shareholders in the meeting notice. The Corporation shall take reasonable steps to ensure that the information is available only to shareholders of the Corporation.

Section 2.8. QUORUM OF SHAREHOLDERS. A quorum shall be present for action on any matter at a shareholder meeting if a majority of the votes entitled to be cast on the matter by a voting group is represented at the meeting in person or by proxy. A voting group includes all shares of one or more classes or series that are entitled, by law or the Articles of Organization, to vote and to be counted together collectively on a matter at a meeting of shareholders.

Once a quorum for a voting group has been established at a meeting, the shareholders in that voting group represented in person or by proxy at the meeting are deemed present for quorum purposes for the remainder of the meeting and for any adjournment unless:

a. The shareholder attends the meeting solely to object to defective notice or the conduct of the meeting on other grounds and does not vote the shares or take any other action at the meeting.

b. The meeting is adjourned and a new record date is set for the adjourned meeting.

The shareholders in a voting group represented in person or by proxy at a meeting of shareholders, even if not comprising a quorum, may adjourn the meeting as to the voting group until a time and place as may be determined by a vote of the holders of a majority of the shares of the voting group represented in person or by proxy at that meeting. If the meeting is adjourned for more than 120 days after the date fixed for the original meeting, a new record date must be fixed by the Board of Directors; notice of the meeting must be given to the shareholders who are members of the voting group as of the new record date, and a new quorum for the meeting must be established.

Section 2.9. CONDUCT OF MEETINGS. The Board of Directors of the Corporation may adopt by resolution rules and regulations for the conduct of meetings of the shareholders, as it deems appropriate. At every meeting of the shareholders, the President, or in his or her absence or inability to act, a director or officer designated by the Board of Directors, shall act as the presiding officer of the meeting. The Secretary or, in his or her absence or inability to act, the person whom the chair of the meeting shall appoint secretary of the meeting, shall act as secretary of the meeting and keep the minutes thereof.

The presiding officer shall determine the order of business and, in the absence of a rule adopted by the Board of Directors, shall establish rules for the conduct of the meeting. The presiding officer shall announce the close of the polls for each matter voted upon at the meeting, after which no ballots, proxies, votes, changes or revocations will be accepted. Polls for all matters before the meeting will be deemed to be closed upon final adjournment of the meeting.

Section 2.10. VOTING OF SHARES. Each outstanding share, regardless of class, shall be entitled to one vote on each matter submitted to a vote at a meeting of shareholders, except to the extent that the Articles of Organization provides for more or less than one vote per share or limits or denies voting rights to the holders of the shares of any class or series.

If a quorum of a voting group exists, favorable action on a matter, other than the election of Directors, will be approved by a voting group if the votes cast within the group favoring the action exceed the votes cast opposing the action, unless a greater or lesser number of votes is required by law or a greater vote is required by the Articles of Organization, these Bylaws or a resolution of the Board of Directors requiring receipt of a greater affirmative vote of the shareholders, including more separate voting groups.

Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present.

No ballot shall be required for the election of directors unless requested by a shareholder present or represented at the meeting and entitled to vote in the election.

Section 2.11. VOTING BY PROXY OR NOMINEE. Shares of the Corporation's stock owned by the Corporation itself or by another corporation or entity, the majority of the voting stock or interest of which is owned or controlled by the Corporation, shall not be voted, directly or indirectly, at any meeting, and shall not be counted in determining the total number of outstanding shares at any given time. Nothing in this section shall be construed as limiting the right of the Corporation or any domestic or foreign corporation or other entity to vote shares, held or controlled by it in a fiduciary capacity, or with respect to which it otherwise exercises voting power in a fiduciary capacity.

A shareholder may vote either in person or by proxy executed in writing by the shareholder or his or her attorney-in-fact. An appointment of a proxy is effective when received by the Secretary or other officer or agent authorized by the Corporation to tabulate votes. No proxy shall be valid after eleven (11) months from the date of its execution unless otherwise provided in the proxy. A proxy shall be revocable unless the proxy form conspicuously states that the proxy is irrevocable and the proxy is coupled with an interest as defined in the Massachusetts Business Corporations Act. An appointment made irrevocable is revoked when the interest with which it is coupled is extinguished. The death or incapacity of the shareholder appointing a proxy shall not affect the right of the Corporation to accept the proxy's authority unless notice of the death or incapacity is received by the Secretary or other officer or agent authorized to tabulate votes before the proxy exercises his or her authority under the appointment.

Shares owned by another corporation, domestic or foreign, may be voted by any officer, agent, or proxy as the bylaws of that corporation may authorize or, in the absence of authorization, as the Board of Directors of that corporation may determine.

An administrator, executor, guardian, or conservator may vote shares held in that fiduciary capacity if the shares forming a part of an estate are in the possession and forming a part of the estate being served by the fiduciary, either in person or by proxy, without a transfer of the shares into the fiduciary's name. A trustee may vote shares standing held in trustee's name, either in person or by proxy, but no trustee shall be entitled to vote shares held by him or her without a transfer of the shares into his or her name as trustee.

A receiver may vote shares standing in the name of a receiver and may vote shares held by or under the control of a receiver without the transfer thereof into the receiver's name if authority so to do be contained in an appropriate order of the court by which the receiver was appointed.

A shareholder whose shares are pledged shall be entitled to vote the shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee shall be entitled to vote the shares transferred, subject to any agreements containing restrictions on the hypothecation, assignment, pledge, or voluntary or involuntary transfer of shares.

The Board of Directors may establish a procedure by which the beneficial owner of shares that are registered in the name of a nominee may be recognized by the Corporation as the shareholder to the extent provided by the procedure. The procedure may set forth the types of nominees to which it applies, the rights or privileges that the Corporation recognizes in a beneficial owner, the manner in which the procedure is selected by the nominee, a requirement for the certification by the nominee of the beneficial owner, the information to be provided when the procedure is selected, the period for which selection of the procedure is effective, and other aspects of the rights and duties created.

Section 2.12. WRITTEN CONSENT OF SHAREHOLDERS WITHOUT A MEETING.

Any action required or permitted to be taken at any annual or special meeting of shareholders may be taken without a meeting, if a consent or consents in writing, setting forth the action so taken, shall have been signed by the holder or holders of all the shares entitled to vote with respect to the action that is the subject of the consent or by shareholders not having less than the minimum number of votes necessary to take the action at a meeting at which all shareholders entitled to vote on the action are present and voting. The action shall be evidenced by one or more written consents that describe the action taken, are signed by shareholders having the requisite votes, bear the date of the signatures of such shareholders, and are delivered to the

Corporation for inclusion with the records of meetings within sixty (60) days of the earliest dated consent delivered to the Corporation.

If the action to be taken pursuant to the consent of voting shareholders without a meeting is one for which notice to all shareholders would be required by law if the action were to be taken at a meeting, then the Corporation shall give notice, in the manner specified by Section 2.6, at least seven (7) days before the action is taken, to all nonvoting shareholders.

ARTICLE III: DIRECTORS

Section 3.1. POWERS. All corporate power shall be exercised by or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, the Board of Directors, except such powers expressly conferred upon or reserved to the shareholders, and subject to any limitations set forth by law, by the Articles of Organization or by these Bylaws.

Section 3.2. NUMBER OF DIRECTORS. The Board of Directors shall consist of at least one (1) but no more than seven (7) directors with the number fixed from time to time by resolution adopted by the Board of Directors or the shareholders. No decrease in the number of directors shall have the effect of decreasing the number of directors below the minimum number of individuals permitted by law, nor shall have the effect of shortening the term of any incumbent director.

Section 3.3. TERM OF OFFICE. At the first annual meeting of shareholders and at each annual meeting thereafter, the holders of shares entitled to vote in the election of directors shall elect directors to hold office until the next succeeding annual meeting. Despite the expiration of a director's term, he or she shall continue to serve until his or her successor is elected and qualified or until there is a decrease in the number of directors.

Section 3.4. VACANCIES. Vacancies and newly created directorships, whether resulting from an increase in the size of the board of directors, from the death, resignation, disqualification or removal of a director or otherwise, may be filled by election at an annual or special meeting of shareholders called for that purpose or by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board of Directors. A director elected to fill a vacancy shall be elected for the unexpired term of his or her predecessor in office. All appointed directors must complete the appropriate background checks as required by the Massachusetts Department of Health, and the Department must be notified regarding any changes to the Board.

Section 3.5. REMOVAL. Directors may be removed from office at any time with or without cause by the shareholders entitled to elect them. A director may be removed by shareholders or directors only at a meeting called for that purpose, for which the notice must state that the purpose, or one of the purposes, of the meeting is removal of the director or directors.

Section 3.6. RESIGNATION. A director may resign by providing notice in writing to the Corporation. The resignation shall be effective upon the later of the date of receipt of the notice of resignation or the effective date specified in the notice. Acceptance of the resignation shall not be required to make the resignation effective.

Section 3.7. MEETINGS OF DIRECTORS. A regular meeting of the newly-elected Board of Directors shall be held without other notice immediately following each annual meeting of shareholders, at which the board shall elect officers and transact any other business as shall come

before the meeting. The board may designate a time and place for additional regular meetings, within or outside Massachusetts, by resolution, without notice other than the resolution.

Special meetings of the Board of Directors may be called by the President, by the Chairman of the Board, if any, by the Secretary, by any two directors, or by one director in the event that there is only one director.

Section 3.8. PARTICIPATION BY REMOTE COMMUNICATION. The Board of Directors may permit any or all directors to participate in any meeting by, or conduct the meeting through the use of, any means of communication by which all directors participating may simultaneously hear each other during the meeting. A director participating in a meeting by this means is considered to be present in person at the meeting.

Section 3.9. NOTICE OF DIRECTORS' MEETINGS. All special meetings of the Board of Directors shall be held upon not less than two (2) days' notice stating the purpose, date, place and time of the meeting given to each director.

Notice may be given to each personally, by telephone or voice mail, by mail, by electronic transmission if consented to by the director, or by messenger or delivery service. Notice to each director shall also be given by electronic transmission at the director's last known e-mail address.

A written waiver of the required notice signed by a director entitled to the notice, before or after the meeting, is the equivalent of giving notice to the director who signs the waiver. A director's attendance at any meeting shall constitute a waiver of notice of the meeting, except where the director attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called or convened.

Section 3.10. QUORUM AND ACTION OF DIRECTORS. A majority of the number of directors shall constitute a quorum for the transaction of business. The act of the majority of the directors present at a meeting at which a quorum is present at the time of the act shall be the act of the Board of Directors, unless the act of a greater number is required by law, the Articles of Organization, or these Bylaws. The directors at a meeting for which a quorum is not present may adjourn the meeting until a time and place as may be determined by a vote of the directors present at that meeting.

Section 3.11. COMPENSATION. Directors shall not receive any stated salary for their services, but by resolution of the Board of Directors a fixed sum and expenses of attendance, if any, may be allowed for attendance at any meeting of the Board of Directors or committee thereof. A director shall not be precluded from serving the Corporation in any other capacity and receiving compensation for services in that capacity.

Section 3.12. ACTION BY DIRECTORS WITHOUT A MEETING. Any action required or permitted to be taken at a meeting of the Board of Directors or any committee thereof may be taken without a meeting if all members of the Board of Directors or committee consent in writing or by electronic transmission and the writings or electronic transmissions are filed with the minutes of the proceedings of the Board of Directors.

Section 3.13. COMMITTEES OF THE BOARD OF DIRECTORS. The Board of Directors, by resolution adopted by a majority, may designate one or more directors to constitute one or more committees, to exercise the authority of the Board of Directors to the extent provided in the resolution of the Board of Directors and allowed under the law of the Commonwealth.

A committee of the Board of Directors does not have the authority to:

- a. Authorize distributions;
- b. Approve or propose to shareholders action that this chapter requires be approved by shareholders, including an amendment to the Articles of Organization;
- c. Change the number of the Board of Directors, remove directors from office or fill vacancies on the Board of Directors, or

The officers of the Corporation shall be appointed by the Board of Directors and shall be a President, a Treasurer, a Secretary, and any other officers, including assistant officers and agents, as may be deemed necessary by the Board of Directors. The Assistant Treasurers in the order of their seniority shall, in the absence or disability of the Treasurer, perform the duties and exercise the powers of the Treasurer, and they shall perform other duties as the Board of Directors shall prescribe.

Except as otherwise expressly provided by law, the rights and obligations of the holders of uncertificated shares and the rights and obligations of the holders of certificates representing shares of the same class and series shall be identical.

No share shall be issued until the consideration therefor, fixed as provided by law, has been fully paid.

Section 6.2. TRANSFERS OF SHARES. Shares of the Corporation shall be transferable in the manner prescribed by law and in these Bylaws. No Director shall have personal liability to the Corporation for monetary damages for breach of his or her fiduciary duty as a Director notwithstanding any provision of law imposing such a liability, provided that this provision shall not eliminate or limit the liability of the Director (a) for any breach of the Director's duty of loyalty to the Corporation or its shareholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (c) for improper distributions under Section 6.40 of Chapter 156D of the General Laws of Massachusetts, or (d) for any transaction from which the Director derived an improper personal benefit.

Business Plan

About Us

Co-founded by Kris Krane and Josh Rosen in 2011, 4Front provides license procurement, compliance and operations services to cannabis dispensary operators and cultivators. 4Front provides unparalleled support and access to the best practices and people within the rapidly evolving marijuana industry. 4Front is committed to providing advanced levels of professionalism and integrity, working only with those who wish to operate a best-in-class marijuana organization.

4Front has developed the most comprehensive set of operating policies and procedures available by leveraging the best practices of leading medical marijuana facility operators. 4Front has invested heavily in its support capabilities to ensure clients are operating most efficiently, while maintaining compliance with local regulations. These solutions have been developed by tailoring principles followed by some of the country's most successful retail chains to the marijuana industry.

The talents of the 4Front team demonstrate a breadth of industry and professional experience. The team is intentionally multifaceted with expertise in regulatory compliance, legislative policy development, retail and business operations, project management, and management training. We have been intimately involved in the day-to-day operations of two of the nation's premier medical marijuana dispensaries. The 4Front staff's operational knowledge is the key to ensuring that partners are provided with the best resources available.

Our Operations

In 2015, partners in 4Front, a leading consulting, management and investment firm in the medical cannabis industry, made the strategic business decision to launch **Mission Partners**, a patient-focused medical marijuana company. While the company still supports partners in an advisory capacity, we are compelled to leverage our industry expertise and resources to bring best-in-class medical marijuana operations to markets around the country.

Mission Illinois

Mission Illinois' dispensary is located at 8554 S. Commercial Ave. in Chicago. This 4,200-square-foot storefront opened in 2017, and serves around 100 patients per week. The dispensary is located on the southside of Chicago, and serves as a model for using the cannabis industry to provide access to high quality medicine, as well as opportunities for employment and economic advancement, to communities that have been both underserved by the industry to date and disproportionately impacted by cannabis prohibition.

Mission Maryland

Mission is also currently licensed to operate one medical cannabis dispensary in Maryland. In addition, Mission has entered into licensing agreements with three additional locations in Maryland. These locations are expected to open in Fall of 2018 and Winter 2019.

Mission Massachusetts

About Us

Mission MA is led by an exceptional team who have come together with the common goal of operating a best-in-class legal marijuana establishment. Along with 4Front, Mission MA will engage national experts who share the vision of helping others and providing medical marijuana in a safe and transparent manner. Mission MA will operate a clean, modern facility that emphasizes health, wellness and responsibility.

We believe the Commonwealth's legal marijuana regulatory framework provides a unique opportunity for Mission MA – not simply to provide medical and adult use marijuana, but to become the leading provider of cannabis in the Massachusetts market by providing the best possible product at the best possible level of service for the most reasonable cost available to the state's patients and adult consumers.

Mission Statement

Mission Massachusetts is committed to creating a professional legal cannabis company with a clear orientation toward providing patient-forward care and services. Our policies and procedures for cultivating, processing, and dispensing marijuana and providing personalized patient experiences ensure safe products and a secure, warm environment to meet the unique needs of patients and consumers. Our Standard Operating Procedures have been reviewed by Americans for Safe Access (ASA) and are compliant with their industry standard for Patient Focused Certification (PFC). We will add value to our community through acts of service, educational offerings, charitable donations, active civic participation and providing medicine at low costs to patients who have limited financial means.

Company Goals and Objectives

Mission MA is committed to:

- ❖ best-in-class standard operating procedures (SOPs) focused on patient access and safety that are compliant with the industry standard for Patient Focused Certification (PFC) through Americans for Safe Access,
- ❖ prudent financial planning and adequate capital resources based upon significant experience and analysis of existing regulated marijuana markets,
- ❖ unparalleled patient forward service, safety and community building to the patients and surrounding community of our center,
- ❖ industry-leading, battle-tested HR policies to optimize operational efficiency and performance, and
- ❖ a highly competent management team and group of advisors with significant marijuana, security, retail, and general business experience.

As outlined in this business plan, Mission MA is committed to maximizing the likelihood of our success. Based upon significant investment in upfront diligence and planning, we are confident in the merits of our strategy and our capabilities to execute our plan. We have successfully executed similar plans and have a comprehensive understanding of what it takes to provide a safe and secure environment for patients and the community.

The hours of operation for Mission's retail stores will be from 10am-7pm, seven days a week.

Personnel

We understand the important role a robust Human Resources platform plays in achieving success. Staffing our facility with the right people provides the greatest opportunity to prevent theft and diversion and provide the highest level of products and services to our guests and safety for the guests and to the community.

We are committed to providing the best possible climate for maximum development and goal achievement for all employees. Our practice is to treat each employee as an individual. We seek to develop a spirit of teamwork: individuals working together to attain a common goal.

In order to maintain an atmosphere where these goals can be accomplished, we provide a comfortable and progressive workplace. Most importantly, we have a workplace where communication is open and problems can be discussed and resolved in a mutually respectful atmosphere. We take into account individual circumstances and the individual employee.

We have a comprehensive staffing plan in place to guide the recruitment, hiring, training and management of our employees. Highlights of the plan feature:

Precise definitions of responsibility, including job descriptions and employment contracts;

Clearly understood chains of authority, including an organizational chart and supervisory duties (specified in our job descriptions);

Well-paid, well-qualified and well-trained personnel;

Professional recruiting practices;

Thorough training of new hires;

A strong commitment to employee safety and wellness;

A robust and highly documented performance management system, including systematic performance reviews and resolution of performance issues up to and including termination.

Staffing schedules will be based around the needs of our organization and our clients, with attention paid to creating positive working conditions for our employees. Staffing schedules, combined with installed security systems and facility design, will provide a safe and secure environment.

As stated in our Employee Handbook, feedback on job performance is expected to occur regularly. Once each year, an employee's department manager will formally review an employee's job progress within the organization and help set new job performance plans which will be reviewed with the employees, and the employees will acknowledge receipt.

We firmly believe that with direct communication, we can continue to resolve any difficulties that may arise and develop a mutually beneficial relationship. Especially critical to this philosophy is our use of counseling and progressive discipline for employee performance improvement.

We will hire local members of the community to work within our facility. We will provide a living wage as well as a quality benefits package for our workers. Being a responsible employer will help ensure good community relations.

All full time employees will receive medical, vision, and dental insurance coverage in accordance with applicable laws from a reputable carrier that we have selected. We have selected a plan that will afford the most coverage to our employees while also complying with the Affordable Healthcare Act.

We also will put in place a retirement program consisting of a 401(k) savings plan available to all regular employees who have completed six months of employment. We also will offer Workers Compensation coverage for our employees, based on conversations with local insurance providers.

We will employ stringent human resources (HR) compliance practices and documentation relating to our operations and training. With the aid of HR legal counsel, we have developed customized tools and processes to ensure effective hiring, interviewing, managing human resource files and confidentiality, orientation training, completing new hire paperwork, and ensuring understanding of company policies and procedures.

All agents will be hired on a ninety-day probationary status. During this period, they will participate in a rigorous training process, and be evaluated for suitability in a restricted-access medical environment. As

referenced earlier, we have engaged the services of 4Front Advisors to help build our company compliance and training platform.

All training will be documented and filed in each employee's human resource file securely located in the management office. It is the responsibility of our General Manager to ensure that all necessary employee training is conducted and appropriately memorialized in our system of record. It is the further responsibility of our General Manager to ensure that any necessary remedial training is conducted and recorded. All training records will be internally reviewed and audited at least once a year, but can be as needed.

Financial Projections

Accurately quantifying the size of the market is challenging, yet we believe we have developed realistic financial projections based upon the feedback we have received from our advisors, our existing operations and from analyzing the size of similar state-legal medical marijuana markets. We forecast the financial performance of our projects using a monthly, demand-driven model.

After deriving an estimate for the total market size for medical marijuana in Massachusetts, we implemented a plan to optimize our productions based on our available square footage which will enable us to be a sufficient supplier to the market in the early years of the program. Our plan and past cultivation experience will allow us to avoid the over-building of cultivation capacity we have witnessed in other emerging markets, which puts an overall financial and operational strain on the industry at a time we believe the market should be more focused on quality medical marijuana access.

To determine revenue projections, we forecasted month-over-month penetration growth rates for the Massachusetts service area. We then took historical consumption metrics in existing markets for adult use/medical marijuana products and adjusted them for Massachusetts regulatory and business environment. Combining these consumption estimates with our price forecast allows us to estimate monthly sales for the

Massachusetts market as well as our dispensaries' share of those sales. The key assumptions driving our financial model are outlined below.

Plan for Separating Adult Use from Medical Operations

Mission MA, Inc. ("Mission") has developed comprehensive plans to ensure virtual and physical separation between medical and adult use operations, in accordance with 935. CMR.500.101(2)(e)(4).

Mission will utilize its Point of Sale (POS) software to virtually separate medical and adult-use operations by designating at the point of sale whether a particular marijuana product is intended for sale as a medical product or as an adult use product.

In order to ensure compliance with 935 CMR 500.140(10), Mission will ensure that registered patients have access to a sufficient quantity and variety of marijuana and marijuana products to meet their medical needs. For the first six months of operations, 35% of Mission's inventory will be marked for medical use and reserved for our registered patients. Following this six month period, a quantity and variety of marijuana products for patients that is sufficient to meet the demand indicated by an analysis of sales data collected during the preceding six months will be marked and reserved for registered patients. Products reserved for registered patients will be kept either on site or at another Mission location from which it can be transferred from within 48 hours.

Mission will provide physical separation between the area designated for sales of medical marijuana products to patients/caregivers and the area designated for sales of adult-use marijuana products to individuals 21 years of age or older. This separation will take the form of divider which creates a separate dedicated queue for medical transactions. The line will be reserved only for patients with a valid Medical Use of Marijuana Program ID Card. While this queue will be reserved for medical purchases, patients are free to utilize any queue while making purchases, and are not only restricted to the medical purchase queue.

Mission retail facilities also feature a private area separate from the sales floor where medical patients can receive consultation regarding medical marijuana use and our available medical cannabis products.

Plan for Restricting Access to Ages 21 and Older

Pursuant to 935 CMR 500.050(5)(b), Mission MA, Inc. ("Mission") will only be accessible to consumers 21 years of age or older with a verified and valid, government-issued photo ID or in possession of a Program ID Card demonstrating the individual is a registered and active qualifying patient with the Medical Use of Marijuana Program.

Upon entry into the premises of the marijuana establishment by an individual, a Mission registered agent will immediately inspect the individual's proof of identification and determine the individual's age, in accordance with 935 CMR 500.140(2).

In the event Mission learns of its agents intentionally or negligently sold marijuana to an individual under the age of 21, the agent will be immediately terminated and the Commission will be promptly notified, pursuant to 935 CMR 500.105(1)(l). Mission will not hire any individuals who are under the age of 21 or who have been convicted of distribution of controlled substances to minors, pursuant to 935 CMR 500.030(1).

In accordance with 935 CMR 500.105(4)(b)(13), the website for Mission will require all online visitors to verify they are 21 years of age or older prior to accessing the page.

Pursuant to 935 CMR 500.105(4), Mission will not engage in any marketing, advertising, or branding practices that are targeted to, deemed to appeal to or portray minors under the age of 21. Mission will also ensure that, pursuant to 935 CMR 500.150(1)(b), no edible products that are manufactured or sold will feature realistic or fictional human, animal, or fruit, including artistic, caricature or cartoon renderings, and that all packaging for any marijuana or marijuana products will not use bright colors, resemble existing branded products, feature cartoons or celebrities commonly used to market products to minors, feature images of minors or other words that refer to products commonly associated with minors or otherwise be attractive to minors.

Standards of Conduct

Mission is committed to maintaining an environment conducive to the health and well-being of customers and employees. It is Mission's mission to provide a professional workplace free from harassment and discrimination for employees. Mission will not tolerate harassment or discrimination on the basis of sex, race, color, national origin, age, religion, disability, sexual orientation, gender identity, gender expression, or any other trait or characteristic protected by any applicable federal, state, or local law or ordinance. Harassment or discrimination on the basis of any protected trait or characteristic is contrary to Mission's values and is a violation of the Company Code of Conduct. Harassment is a form of discrimination. There is a broad range of behavior that could constitute harassment. In general, harassment is any verbal or physical conduct that:

- Has the purpose or effect of creating an intimidating, hostile, or offensive working environment;
- Has the purpose or effect of unreasonably interfering with an individual's work performance; or
- Adversely affects an individual's employment opportunities.

At-Will Employment

In the state of Massachusetts, employment is assumed to be at-will unless otherwise stated. At-will employment implies that employer and employee alike may terminate the work relationship at any given moment and for any legitimate purpose. Wrongful termination may be more difficult to prove in an at-will arrangement because of the freedom that each party has to end the employment. However, there are still many instances wherein a termination or discharge can be called wrongful, even in an at-will employment.

Workplace Attire

The required attire for registered agents at Mission varies based upon required duties. New hire training and the onboarding process will go over the workplace attire specific to each role and the department manager will be responsible for ensuring compliance with all requirements is met.

Daily breaks, including lunch breaks, will comply with the laws of the Commonwealth.

Performance Reviews

Performance reviews will be conducted by executive or department managers. Reviews will be conducted at three-month for new employees during the first year and annually thereafter. A written synopsis must be provided to, and signed by, the employee under review. Reviews must be retained in each employee's employment file. Performance reviews must take into account positive performance factors and areas requiring improvement. Scoring systems may be utilized to help reflect an employee's overall performance.

Leave Policies

Mission leave policies will comport with all state and federal statutes. All full-time employees will receive two 40-hour weeks of paid vacation per annum. Additional leave must be requested at least two weeks in advance and approved by the employee's department manager. Mission will determine which holidays will be observed and which departments will not be required to work. Mission will offer paid maternity leave. Additional leave will not be paid and must be approved by the department manager.

Mission anticipates observing the following holidays:

- New Year's Day;
- Martin Luther King Day;

- Presidents' Day;
- Memorial Day;
- Independence Day;
- Labor Day;
- Thanksgiving; and
- Christmas Day.

Disciplinary Policies Purpose

Mission's progressive discipline policies and procedures are designed to provide a structured corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. The steps outlined below of Mission's progressive discipline policies and procedures have been designed consistent with Mission's organizational values, best practices, and state and federal employment laws.

Mission reserves the right to combine or skip steps depending upon the facts of each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling, and/or training; the employee's work record; and the impact the employee's performance, conduct and/or attendance issues have on Mission as an organization.

Procedure

Step 1: Counseling and Verbal Warning Step 1 creates an opportunity for the immediate supervisor to schedule a meeting with an employee to bring attention to the existing performance, conduct, or attendance issue. The supervisor should discuss with the employee the nature of the problem and/or violation of company policies and procedures. The supervisor is expected to clearly outline expectations and steps the employee must take to improve performance or resolve the problem.

Within five business days, the supervisor will prepare written documentation of a Step 1 meeting. The employee will be asked to sign the written documentation. The employee's signature is needed to demonstrate the employee's understanding of the issues and the corrective action needed.

Step 2: Written Warning While it is hoped that the performance, conduct, or attendance issues that were identified in Step 1 have been corrected, Mission recognizes that this may not always be the case. A written warning involves a more formal documentation of the performance, conduct, or attendance issues and consequences.

During Step 2, the immediate supervisor and a department manager or director will meet

with the employee and review any additional incidents or information about the performance, conduct, or attendance issues as well as any prior relevant corrective action plans. Management will outline the consequences for the employee of his or her continued failure to meet performance, conduct and/or attendance expectations. A formal performance improvement plan (PIP) requiring the employee's immediate and sustained corrective action will be issued within five business days of a Step 2 meeting. A warning outlining that the employee may be subject to additional discipline up to and including termination if immediate and sustained corrective action is not taken may also be included in the PIP.

Step 3: Suspension and Final Written Warning There may be performance, conduct, or safety incidents so problematic and harmful that the most effective action may be the temporary removal of the employee from the workplace. When immediate action is necessary to ensure the safety of the employee or others, the immediate supervisor may suspend the employee pending the results of an investigation.

Suspensions that are recommended as part of the normal progression of the progressive discipline policies and procedures are subject to approval from a next-level manager and the Human Resources Manager.

Depending upon the seriousness of the infraction, an employee may be suspended without pay in full-day increments consistent with federal, state and local wage-and-hour employment laws. Nonexempt/hourly employees may not substitute or use an accrued paid vacation or sick day in lieu of the unpaid suspension. Due to Fair Labor Standards Act (FLSA) compliance issues, unpaid suspension of salaried/exempt employees is reserved for serious workplace safety or conduct issues. The Human Resources Manager will provide guidance so that discipline is administered without jeopardizing the FLSA exemption status.

Pay may be restored to an employee if an investigation of the incident or infraction absolves the employee.

Step 4: Recommendation for Termination of Employment The last and most serious step in the progressive discipline procedures is a recommendation to terminate employment. Generally, Mission will try to utilize the progressive steps of this policy by first providing warnings, a final written warning, and/or suspension from the workplace before proceeding to a recommendation to terminate employment. However, Mission reserves the right to combine and skip steps depending upon the circumstances of each situation and the nature of the offense, and an employee may be terminated without prior notice or disciplinary action.

Management's recommendation to terminate employment must be approved by the Human Resources Manager and department manager or designee. Final approval may be required from the CEO or designee.

Nothing in this policy provides any contractual rights regarding employee discipline or counseling nor should anything in this policy be read or construed as modifying or altering the employment-at-will relationship between Mission and its employees.

Appeal Process

Any employee subject to a disciplinary action will have the opportunity to present information on their own behalf that may challenge information management relied upon in making the decision to issue the disciplinary action. The purpose of this appeal process is to provide insight into extenuating circumstances that may have contributed to the employee's performance, conduct and/or attendance issues, while allowing for an equitable solution.

If an employee does not present information on their own behalf during a step meeting, they will have five business days after the meeting to present such information to the supervisor who conducted the meeting.

Performance and Conduct Issues Not Subject to Progressive Discipline

Behavior that is illegal is not subject to progressive discipline and may be reported to local law enforcement. Theft, intoxication at work, fighting and other acts of violence are also not subject to progressive discipline and may be grounds for immediate termination.

Documentation

Any employee subject to progressive discipline will be provided with copies of all relevant documentation related to the progressive discipline process, including all PIPs. The employee will be asked to sign copies of this documentation attesting to their receipt and understanding of the corrective action outlined in these documents. Copies of these documents will be placed in the employee's official personnel file.

Separation of Employment

Separation of employment within an organization can occur for several different reasons. Employment may end as a result of resignation, retirement, release (end of season or assignment), reduction in workforce, or termination. When an employee separates from Mission, the employee's supervisor must contact the Human Resources Manager to schedule an

exit interview, which will typically take place on the employee's last workday.

Types of Separation

1. Resignation

Resignation is a voluntary act initiated by the employee to end employment with Mission. The employee must provide a minimum of two (2) weeks' notice prior to resignation. If an employee does not provide advance notice or fails to actually work the remaining two weeks, the employee will be ineligible for rehire. The resignation date must not fall on the day after a holiday.

2. Retirement

An employee who wishes to retire is required to notify their department director and the Human Resources Manager in writing at least one (1) month before planned retirement date. It is the practice of Mission to give special recognition to employees at the time of their retirement.

3. Job Abandonment

An employee who fails to report to work or contact their supervisor for two (2) consecutive workdays will be considered to have abandoned their job without notice effective at the end of the employee's normal shift on the second day. The department manager will notify the Human Resources Manager at the expiration of the second workday and initiate the paperwork to terminate the employee. Employees who are separated due to job abandonment are ineligible for rehire.

4. Termination

Employees of Mission are employed on an at-will basis, and the company retains the right to terminate an employee at any time.

5. Reduction in Workforce

An employee may be laid off due to changes in duties, organizational changes, lack of funds, or lack of work. Employees who are laid off may not appeal the layoff decision through the appeal process.

6. Release

Release is the end of temporary or seasonal employment. The Human Resources Manager, in consultation with the department manager, will inform the temporary or seasonal worker of their release according to the terms of the individual's temporary employment.

Exit Interview

The separating employee will contact the HR department as soon as notice is given to schedule an exit interview. The interview will be held on the employee's last day of work or another day, as mutually agreed upon.

Return of Property

The separating employee must return all company property at the time of separation, including but not limited to, uniforms, cell phones, keys, computers, and identification cards. Failure to return certain items may result in deductions from the employee's final paycheck. All separating employees will be required to sign a Wage Deduction Authorization Agreement, allowing Mission to deduct the costs of such items from their final paycheck.

Termination of Benefits

An employee separating from Mission is eligible to receive benefits as long as the appropriate procedures are followed as stated above. Two weeks' notice must be given, and the employee must work the full two work weeks. Accrued vacation leave will be paid in the last paycheck. Accrued sick leave will be paid in the last paycheck.

Health Insurance

Health insurance terminates on the last day of the month of employment, unless employee requests immediate termination of benefits. Information about the Consolidated Omnibus Budget Reconciliation Act (COBRA) continued health coverage will be provided. Employees will be required to pay their share of the dependent health and dental premiums through the end of the month.

Rehire

Former employees who left in good standing and were classified as eligible for rehire may be considered for reemployment. An application must be submitted to the Human Resources Manager, and the applicant must meet all minimum qualifications and requirements of the position, including any qualifying exam, when required.

Department managers must obtain approval from the Human Resources Manager or designee prior to rehiring a former employee. Rehired employees begin benefits just as any other new employee. Previous tenure will not be considered in calculating longevity, leave accruals, or any other benefits.

An applicant or employee who is terminated for violating policy or who resigned in lieu of termination from employment due to a policy violation will be ineligible for rehire.

Compensation As an employer, Mission believes that it is in the best interest of both the organization and Mission's employees to fairly compensate its workforce for the value of the work provided. It is Mission's intention to use a compensation system that will determine the current market value of a position based on the skills, knowledge, and behaviors required of a fully-competent incumbent. The system used for determining compensation will be objective and non-discriminatory in theory, application and practice. The company has determined that this can best be accomplished by using a professional compensation consultant, as needed, and a system recommended and approved by the executive management team.

Selection Criteria

1. The compensation system will price positions to market by using local, national, and industry specific survey data.
2. The market data will primarily include marijuana-related businesses and will include survey data for more specialized positions and will address significant market differences due to geographical location.
3. The system will evaluate external equity, which is the relative marketplace job worth of every marijuana industry job directly comparable to similar jobs at Mission, factored for general economic variances, and adjusted to reflect the local economic marketplace.
4. The system will evaluate internal equity, which is the relative worth of each job in the organization when comparing the required level of job competencies, formal training and experience, responsibility and accountability of one job to another, and arranging all jobs in a formal job-grading structure.
5. Professional support and consultation will be available to evaluate the compensation system and provide on-going assistance in the administration of the program.
6. The compensation system must be flexible enough to ensure that the company is able to recruit and retain a highly-qualified workforce, while providing the structure necessary to effectively manage the overall compensation program.

Responsibilities

The executive management team will give final approval for the compensation system that will be used by Mission.

1. On an annual basis the executive management team will review and approve, as appropriate, recommended changes to position-range movement as determined through the vendor's market analysis process.
2. As part of the annual budgeting process, the executive management team will review and approve, as appropriate, funds to be allocated for total compensation, which would include base salaries, bonuses, variable based or incentive-based pay, and all other related expenses, including benefit plans.

Management Responsibility

1. The CEO is charged with ensuring that Mission is staffed with highly-qualified, fully-competent employees and that all programs are administered within appropriate guidelines and within the approved budget.
2. The salary budget will include a gross figure for the following budget adjustments, but the individual determinations for each employee's salary adjustment will be the exclusive domain of the CEO: determining the appropriate head count, titles, position levels, merit and promotional increases and compensation consisting of salary, incentive, bonus, and other discretionary pay for all positions.
3. The CEO will ensure that salary ranges are updated at least annually, that all individual jobs are market priced at least once every two years, and that pay equity adjustments are administered in a fair and equitable manner.

Agent Background Checks

- In addition to completing the Commission's agent registration process, all agents hired to work for Mission will undergo a detailed background investigation prior to being granted access to a Mission facility or beginning work duties.
- Background checks will be conducted on all agents in their capacity as employees or volunteers for Mission pursuant to 935 CMR 500.100 and will be used by the Director of Security, who will be registered with the Department of Criminal Justice Information Systems pursuant to 803 CMR 2.04: iCORI Registration and the Commission for purposes of determining the suitability of individuals for registration as a marijuana establishment agent with the licensee.
- For purposes of determining suitability based on background checks performed in accordance with 935 CMR 500.101(1), Mission will consider:
 - a. All conditions, offenses, and violations are construed to include Massachusetts law or like or similar law(s) of another state, the United States or foreign jurisdiction, a military, territorial or Native American tribal authority, or any other jurisdiction.
 - b. All criminal disqualifying conditions, offenses, and violations include the crimes of attempt, accessory, conspiracy, and solicitation. Juvenile dispositions will not be considered as a factor for determining suitability.
 - c. Where applicable, all look back periods for criminal conditions, offenses, and violations included in 935 CMR 500.802 commence upon the date of disposition; provided, however, that if disposition results in incarceration in any institution, the look back period will commence upon release from incarceration.
- Suitability determinations will be made in accordance with the procedures set forth in 935 CMR 500.800. In addition to the requirements established in 935 CMR 500.800, Mission will:

a. Comply with all guidance provided by the Commission and 935 CMR 500.802:

Tables B through D to determine if the results of the background are grounds for Mandatory Disqualification or Presumptive Negative Suitability Determination.

b. Consider whether offense(s) or information that would result in a Presumptive Negative Suitability Determination under 935 CMR 500.802. In the event a Presumptive Negative Suitability Determination is made, Mission will consider the following factors:

- i. Time since the offense or incident;
- ii. Age of the subject at the time of the offense or incident;
- iii. Nature and specific circumstances of the offense or incident;
- iv. Sentence imposed and length, if any, of incarceration, if criminal;
- v. Penalty or discipline imposed, including damages awarded, if civil or administrative;
- vi. Relationship of offense or incident to nature of work to be performed;
- vii. Number of offenses or incidents;
- viii. Whether offenses or incidents were committed in association with dependence on drugs or alcohol from which the subject has since recovered;
- ix. If criminal, any relevant evidence of rehabilitation or lack thereof, such as information about compliance with conditions of parole or probation, including orders of no contact with victims and witnesses, and the subject's conduct and experience since the time of the offense including, but not limited to, professional or educational certifications obtained; and
- x. Any other relevant information, including information submitted by the subject.

c. Consider appeals of determinations of unsuitability based on claims of erroneous information received as part of the background check during the application process in accordance with 803 CMR 2.17: Requirement to Maintain a Secondary Dissemination Log and 2.18: Adverse Employment Decision Based on CORI or Other Types of Criminal History Information Received from a Source Other than the DCJIS.

- Upon adverse determination, Mission will provide the applicant a copy of their background screening report and a pre-adverse determination letter providing the applicant with a copy of their right to dispute the contents of the report, who to contact to do so and the opportunity to provide a supplemental statement.

- After 10 business days, if the applicant is not disputing the contents of the report and any provided statement does not alter the suitability determination, an adverse action letter will be issued providing the applicant information on the final determination made by Mission along with any legal notices required.

- All suitability determinations will be documented in compliance with all requirements set

forth in 935 CMR 500 et seq. and guidance provided by the Commission.

- Background screening will be conducted by an investigative firm holding the National Association of Professional Background Screeners (NAPBS®) Background Screening Credentialing Council (BSCC) accreditation and capable of performing the searches required by the regulations and guidance provided by the Commission.
- References provided by the agent will be verified at the time of hire.
- As deemed necessary, individuals in key positions with unique and sensitive access (e.g. members of the executive management team) will undergo additional screening, which may include interviews with prior employers or colleagues.
- As a condition of their continued employment, agents, volunteers, contractors, and subcontractors are required to renew their Program ID cards annually and submit to other background screening as may be required by Mission or the Commission.

All Mission employees will be required to complete the diversity awareness training program during employee orientation. Training will begin upon hiring, and all new employees will be required to participate in an orientation program that will introduce and stress the importance of the Diversity Plan.

In selecting potential contractors, subcontractors, vendors and suppliers, Mission will first attempt to contract with small and diverse businesses. Mission's goal is to maintain diverse organization, vendor, and contractor spending. At

Additional members of the Committee may be added at the discretion of Mission's executive management team. The Committee will meet at least twice per year and will be responsible for:
