Good morning Neil,

I hope all is well with you. We are in the process of renewing our annual license with the Cannabis Control Commission. As part of the renewal checklist we need to send you this correspondence with regards to the cost of the Town in relation to our operation. Considering we aren't even in operation yet I would assume this to be \$0 but nonetheless it is required I formally request your response to the following:

As a requirement for our annual renewal of our licenses the Cannabis Control Commission requires us to request records from the Town of any cost to the town reasonably related to the operation of the establishment. These costs can include actual and anticipated costs associated with the operation of the establishment.

Can you respond to this email when you have a moment?

If we don't get a chance to connect I wish you a Happy 4th of July.

Best,

George & Brad

Plan For Positive Impact

I. Intent

Root & Bloom, LLC (hereinafter referred to as Root & Bloom) is committed to positively impacting residents of disproportionate impact areas through our cannabis cultivation and manufacturing operation. The city of Haverhill is the closest of the 29 communities designated as “areas of disproportionate impact” to our Salisbury location.

II. Purpose

Through regulations, the Commonwealth of Massachusetts and the Cannabis Control Commission requires the promotion and encouragement of full participation in the marijuana industry by people from communities that have been disproportionately harmed by marijuana prohibition and enforcement and to positively impact those communities. To this end, Root & Bloom is committed to employing, working with, and providing programs that will help reverse the negative impacts that marijuana prohibition has had on populations of disproportionate impact.

In the geographic area of the Root & Bloom’s cannabis cultivation and manufacturing establishment, there are several communities that have been determined to be “Areas of Disproportionate Impact” by the Commission. Root & Bloom has identified Haverhill as the community that we will primarily engage with to fulfill our positive impact plan.

Root & Bloom will comply with the requirements of 935 CMR 500.105(4), which outlines both the permitted and the prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.

Any actions taken, or programs instituted by Root & Bloom will not violate the Commission’s regulations with respect to limitations on ownership or control or other applicable state laws.

Plan Populations:

The programs in this plan will be aimed to positively impact the following populations:

1. Past or present residents of “areas of disproportionate impact,” which have been defined by the Commission, specifically within the community of Haverhill.
2. Commission-designated Economic Empowerment Priority applicants;
3. Commission-designated Social Equity Program participants;
4. Massachusetts residents who have past drug convictions; and
5. Massachusetts residents with parents or spouses who have drug convictions.

III. Goals

1. Form a nonprofit that provides monetary donations to social service programs for residents of areas of disproportionate impact, specifically Haverhill and other populations from Planned Populations.
2. Donate time and money to help nonprofits and social service programs in areas of disproportionate impact further their goals. Specifically, our goal is to donate at least \$1,000 and 100 hours. We will also give a \$1,000 scholarship.
3. Create jobs and training for people from areas of disproportionate impact with a progressive compensation structure, employee benefits, and growth opportunities that provide a living wage and encourage consumer spending. Specifically, our goal is to have 15% of our workforce to fall into one or more of the five populations identified in Section II - Plan Populations.

IV. Programs

Charitable Foundation

Root & Bloom will create a charitable, 501(c)(3) nonprofit organization (to be named LocalBloom), which will be fully funded through Root & Bloom. LocalBloom will be established and incorporated within 90 days of Root & Bloom's receipt of a Provisional License from the Commission.

Through LocalBloom, Root & Bloom will fund our donation program and commitments to areas of disproportionate impact, specifically Haverhill.

Donation Program

Root & Bloom will provide time and finances to programs with goals of improving the quality of life for residents in disproportionately impacted areas, specifically Haverhill. Root & Bloom, through LocalBloom charitable foundation, will fund our commitment to areas of disproportionate impact, specifically Haverhill.

Root & Bloom, through the LocalBloom charitable foundation, will donate money and time to programs whose goals are to improve disproportionately impacted areas, including:

1. \$1,000 annually to Career Resources Corporation, located in and serving residents of Haverhill, MA, an area of disproportionate impact.
 - a. Career Resources Corporation is a 501(c)(3) nonprofit organization supporting people with disabilities and those with significant challenges living in and around Haverhill. They offer vocational services, family support programs, and Latino Medical and Family Support Services, among other programs.
 - b. The \$1,000 donation will be made within 180 days of receipt of our Provisional License from the Commission.
2. One hundred hours/yearly of committed community service by Root & Bloom employees within an area of disproportionate impact, specifically Haverhill.
 - a. These community service hours will begin within 180 days of receipt of our Provisional License from the Commission.
3. \$1,000 scholarship for health and wellness to a Haverhill resident who is a survivor of domestic violence.
 - a. Local Bloom will advertise this scholarship with the Jeanne Geiger Crisis Center which is a 501(c)(3) nonprofit organization empowering individuals and engaging communities to end domestic violence. They serve women and families who are residents of Haverhill.

Recruitment and Hiring Program

Expanding opportunities for gainful employment is a key driver in helping populations disproportionately affected by marijuana prohibition.

Root & Bloom will implement our recruitment and hiring program, as follows:

1. Promote our Positive Impact Plan on recruitment websites, our social media presence and traditional hiring platforms. We will target our job postings to the community of Haverhill, which is an area of disproportionate impact.
 - a. We will give hiring priority to individuals who meet the Plan Populations and post all employment opportunities with MassHire - North Shore Career Center, and Career Resources Corporation. This organization is a One Stop Career Center that serves Haverhill. In addition to posting employment opportunities with this organization, we will also promote our job fairs through this organization.
 - i. We plan to implement this program within 180 days of receipt of our Provisional License from the Commission by holding our job fair, job postings and the industry groups outlined in this program.
 - ii. Our first job fair will be held within 180 days of receipt of our Provisional License from the Commission.
 - iii. Second and subsequent job fairs will be held as needed – with a minimum of one job fair held every year
 - iv. We will participate in additional job fairs and events sponsored by organizations promoting access to the industry by individuals who meet the plan populations including

the Mass CBA, Massachusetts Recreational Consumer Council and Elevate New England.

1. Job postings and our hiring preferences will be submitted to these organizations.
- v. All job postings will clearly promote the hiring priorities of this plan and encourage individuals who fall into the Plan Populations to apply.
2. Train residents in areas of disproportionate impact, specifically in Haverhill, and other populations from Plan Populations to participate in the Marijuana Industry.
 - a. Trainings will be held yearly
3. Hiring preference will be given to individuals who meet the criteria of the Plan Populations that are outlined in Section II.

IV. Plan Measurement

Root & Bloom values measurement and evaluation. We will perform an ongoing and comprehensive evaluation of this plan to ensure that it accomplishes our three goals (section III).

We will analyze the progress towards our positive impact goals quarterly and will produce a full report annually which outlines this policy, data collected, whether the goals have been met, and if any changes are necessary.

This report, at a minimum, will include:

1. The demographics of all employees and applicants;
2. Attempts to hire, actual hires, from where they came, their training, pay, benefits, and advancement;
3. Documentation of the formation of LocalBloom;
4. Documentation of all job postings;
5. Documentation and reports of all time and money donations made to Career Resources Corporation through LocalBloom;
6. Documentation of the \$1,000 scholarship disbursement; and
7. Conclusions and recommendations

Root & Bloom managers and appropriate community stakeholders will meet to discuss the report and make any necessary adjustments.

60 days prior to License renewal, and annually thereafter, Root & Bloom will produce a comprehensive report on our Goals and Programs which will outline the metrics for each program and whether we have met our goals. This report will be made available to the Commission.

(iv) **Risk Factors Acknowledgment.** Each Member hereby represents and warrants that s/he/it understands the Risk Factors set forth herein and in all Disclosure Documents, including the following:

(A) **Speculative.**

There are also numerous other risks associated with Company's business, including the fact that established and/or other start-up companies such as the Company engaged in growing cannabis similar to those of the Company which may be better funded than the Company and/or have greater access to funds than the Company.

The Company's services may be imitated by others, and similar products/services may be offered by others at substantially lower prices.

(3) **Performance.** The successful performance of the Company is **not assured**. Monies contributed by Members and/or the availability of borrowed monies and/or revenues hopefully to be derived from operations of the Company is not assured, but rather is speculative. The Company may need additional funds,

from time to time, but may not be able to secure same on the same terms and conditions hereunder or by which any Member secured. Moreover, the Company may not be able to secure needed funds. The Company has also committed to contributing annually not less than 3% of Available Cash flow to Local Bloom (“Local Bloom Contribution”), a not-for-profit, Massachusetts corporation, formed by George Haseltine and Brad Kutcher, affiliates of GBH Inc.

(5) **Restrictions on Transferability; No Market for the Percentage Interests.** The Percentage Interests are not, and not intended to be, registered under the Securities Act of 1933, as amended (the “1933 Act”). The Percentage Interests may not be resold unless permitted hereunder and consistent with applicable state and federal securities laws, and the stock legend. **There is no existing public or other market for the Percentage Interests. It is not anticipated that any such market will develop which would enable the sale of such Percentage Interests to be made. Consequently, investors may not be able to liquidate their investment in the Percentage Interests for an emergency or for any other reason.**

(6) **Management/Participation.** GBH Inc. has been designated as Manager(s) responsible for the day-to-day management of the Company while Members may participate, consistent with Participant Covenant (as hereinafter defined) so as to position the Company to effect a reasonable return on investment upon sale of all or substantially all of the assets of the Company. GBH Inc. is not required, and has not undertaken, to devote full time or sole attention to the business of the Company.

(7) **Expulsion.** Each Member is subject to Expulsion under Section 2.10 and upon demand Mandatory Redemption, involving payment of a Redemption Fee if and when any buy back of his/her Percentage Interests.

(ii) **No Fiduciary Obligations.** No Member or Manager shall be a fiduciary of, or have any fiduciary obligations to, Members and/or Manager(s) in connection with the LLC, this Agreement, or performance of his/her/its obligations under this Agreement; and each Member hereby waives to the fullest extent permitted by applicable law any such rights s/he/it may have to claim any breach of fiduciary obligation under this Agreement or in connection with the LLC with respect to any Member and/or Manager.

If any Related Person is entitled to indemnification from any source other than the Company, including, without limitation or any insurance policy by which such Person is covered, then the Manager(s) shall use their reasonable best efforts to cause such Related Person to seek indemnification from such other source simultaneously while seeking indemnification from the Company, and the amount recovered by such Related Person from such other source shall reduce the amount of the Company's indemnification hereunder. Such attorneys' fees and expenses shall, in the sole discretion of the Manager(s), be paid by the Company as they are incurred upon receipt, in each case, of a written undertaking by or on behalf of the Related Person on whose behalf such expenses are incurred to repay such amounts if it is finally adjudicated by a court of competent jurisdiction that indemnification is not permitted by law or this Agreement.

In furtherance thereof, the Company shall indemnify any Person who was or is a party, or is threatened to be made a party, to any pending, threatened or completed action, suit or proceeding, whether criminal, civil, administrative or investigatory, by reason of the fact that such Person is or was a Manager, or officer or counsel of the Company, or is or was serving at the request of the Company or the Manager as a partner, director, officer, principal, counsel or trustee of another corporation or business entity, or benefit plan or trust, against expenses, judgments, fines, and amounts paid in settlement actually and reasonably incurred by such Person in connection with such action, suit or proceeding, unless the Person seeking indemnification is determined to have been guilty of some gross negligence, fraud or willful misconduct, or otherwise not to have acted in good faith in the reasonable belief that his actions or omissions were in the best interests of the Company; *provided, however*, that the standard of conduct set forth in this sentence shall apply to a Manager who is also an officer if the basis on which he or she is made a party to the proceeding is an act or omission solely as an officer. For the avoidance of doubt, conduct shall not be deemed to be willful misconduct for engaging in activity related to cannabis or the cannabis industry that may be a violation of federal law, so long as the conduct or activity is reasonably believed to be in compliance with applicable state laws. Indemnification may include payment by the LLC of expenses in defending a civil or criminal action or governmental proceeding as well as appeal(s) therefrom and with respect to the Manager acting by Consent of Manager(s) (but where GBH Inc. is not Manager,

knowing violation of law. The indemnification provisions of this Section 4.01 may be asserted and enforced by, and shall be for the benefit of, each indemnified person, and each indemnified person is hereby specifically empowered to assert and enforce such right, provided that any indemnified person who fails to take such actions as the Manager(s) acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members) may reasonably request in defending any claim or who enters into a settlement of any proceeding without the prior approval of the Manager(s) (which shall not be unreasonably withheld) shall not be entitled to indemnification provided in this section. (iii) **Exception To Indemnification.** Notwithstanding anything to the contrary, however:

(A) no indemnification shall be provided: (1) for any person with respect to any matter as to which she/he/it shall have been adjudicated in any proceeding not to have acted in foregoing good faith in the reasonable belief that his/her/its action was consistent with said best interests of the LLC; (2) for any losses, liabilities or expenses arising from or out of a violation of federal or state securities laws or any other intentional or criminal wrongdoing other than occasioned by violation of ~~acknowledged federal law prohibiting and/or governing cultivation and~~ production of cannabis or otherwise related to purpose and business of the Company; (3) regarding his/her/its Expulsion or Mandatory Redemption; or (4) for any losses, liabilities, expenses and/or claims arising out of, or related to, his/her acting as an adversary of the LLC and/or GBH Inc. in any proceeding.

the proportion the total capital of the Company (exclusive of the balance in the indemnified person's Capital Account (which, for purposes of this Section 4.01, in the case of a indemnified person which is not a Member, shall mean the Manager(s)' Capital Account, if any, if the indemnified person is an Affiliate thereof)) bears to the total capital of the Company (including the balance in the indemnified person's Capital Account), which contribution shall be treated as an expense of the Company.

(d) **Assets of the Company; Insurance.**

(i) **Insurance.** The LLC shall have power to purchase and maintain insurance on behalf of any Manager, officer, agent or employee against any liability or cost incurred by such person in any such capacity or arising out of its status as such, whether or not the LLC would have power to indemnify against such liability or cost.

The LLC shall not incur the cost of that portion of any insurance, other than public liability insurance, that insures any party against any liability as to which such party is herein prohibited from being indemnified.

(B) The LLC's obligation to provide indemnification hereunder shall be offset to the extent of any other source of indemnification or any otherwise applicable insurance coverage.

(e) **Not Liable for Return of Capital.** Neither the Manager(s) nor any other Related Person shall be personally liable for the return of the Capital Contributions of any Member or any portion thereof or interest thereon, and such return shall be made solely from available Company assets, if any.

4.02. Advance, ETC.

(a) **Advance Payment.** If authorized in the manner provided herein, expenses, including counsel fees, reasonably incurred by any such indemnified person in connection with the defense or disposition of any such action, suit or other proceeding, may be paid from time to time by the LLC in advance of the final disposition thereof

upon receipt of (A) an affidavit of such individual of his/her/its good faith that s/he has met the standard of conduct necessary for indemnification under this Section, (B) an undertaking by such individual to repay the amounts so paid by the LLC if it is ultimately determined that indemnification for such expenses is not authorized by law or under this Article, which undertaking may be accepted without reference to the financial ability of such person to make repayment, and (C) approval by Consent of Manager(s) (but where GBH Inc. is not Manager, or if no Manager or if involving a Manager, then by a majority in Percentage Interests of disinterested Member(s)).

For avoidance of doubt this Section 5.04 does not apply to GBH Inc., its affiliates and their affiliates but instead Sections 5.01 and 5.02 apply solely to GBH Inc. and its affiliates.

(c) **Further Assurances.** Each Member covenants and agrees that it will cooperate with all reasonable requests from the Company to provide such information, disclosures, or other materials or take any other actions required to comply with current applicable regulations or rules as well as concerning any Permissible Activities and/or Impermissible Activities and/or businesses hereunder.

No Member shall be obligated, or have the right, to make capital contributions to the Company in excess of its Capital Contribution commitment.

6.03 Capital Accounts. A Capital Account shall be maintained for each Member in accordance with Section 704 of the Code and the Treasury Regulations adopted thereunder. Without limitation of the foregoing, each such Capital Account shall be increased pursuant to the terms hereof, with the Member's Capital Contributions and with its share of the Profits, shall be decreased by its share of Losses and distributions, and shall otherwise appropriately reflect transactions of the Company and the Members. No Member shall have any liability for the repayment of the Contribution of any other Member and each Member shall look only to the assets to the LLC for return of its Contribution.

(c) **Return of Capital Contributions.** No Member shall have the right to demand a return of his/her/its Contributions, except as otherwise provided herein or as permitted by the Manager(s). No Member shall be personally liable for the return of any portion of any other Member’s Contributions, if any, and return of Contributions shall be made solely from the assets of the Company.

6.04 Issuance of Percentage Interests and Other Securities

The Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members), are authorized, subject to the provisions of applicable law, the Company's Certificate and this Agreement, to issue from time to time any Percentage Interests. In addition to the foregoing, the Manager(s), acting by Consent of Manager(s), (but where GBH Inc. is not Manager, then by Consent of Members) may from time to time issue equity and/or debt securities, options or warrants to acquire Percentage Interests, and securities convertible into such Percentage Interests, all on such terms and conditions as the Manager(s), acting by Consent of Manager(s), determines in its business judgment. In the absence of actual fraud, the judgment of the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members), as to the value of consideration shall be conclusive. Notwithstanding anything to the contrary contained herein, the actions and/or decisions of the Manager(s), acting by Consent of Manager(s), under this Section 6.04 shall be made in such manner and on such terms and conditions as the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members), determines to be reasonable, appropriate and in the best interests of the Company.

6.05 Additional Capital from Existing Members; Admission of New Members; Other Capital Raises; Dilution.

(a) **Capital Calls; Pre-emptive Right.** If the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), determines in good faith that additional capital is required by the Company upon terms and conditions as shall be determined in the exercise of the business judgment of Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), who may determine to raise capital through a capital call, in which case the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), shall so notify the Members in writing, together with a statement of the amount of capital required, the reasons therefor and the terms upon which the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), desires to raise such capital. Each of the Members may, but shall not be required to, contribute additional capital to the Company on a *pro rata* basis. If less than all of the requested additional capital is contributed by the Members, then the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), may, in its sole discretion, in addition to or in lieu of such capital call, and upon terms and conditions as shall be determined in the exercise of its business judgment, raise capital through an issuance of Percentage Interests or other securities pursuant to Section 6.04 consistent with the provisions of this Agreement. Capital contributions shall be due and payable within the period specified in the Manager's, acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), written notice to the Members, or on such other terms as the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), may reasonably determine to be necessary and appropriate.

(b) **Other Capital Raises.** If all of the requisite capital is not committed to or if the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members) determines not to raise capital through a capital call pursuant to Section 6.05(a) by existing Members, then the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), may determine to raise capital in the manner as determined by the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), upon terms and conditions determined in the business judgment of the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), to be commercially reasonable, which may include the issuance of Percentage Interests, Class A, any new class, and/or other securities in the Company. To the extent such capital raise involves the issuance of Percentage Interests, acquiring persons shall become new (as applicable) Additional Members of the Company upon compliance with all applicable provisions of this Agreement.

(c) **Pre-emptive Right for Percentage Interests Issuances.** With respect to any capital raising transaction under this Agreement that involves the issuance of additional Percentage Interests or other securities of the Company, each Member shall

have a right of first refusal to purchase its *pro rata* share of any such Percentage Interests or other securities. For purposes hereof, “*pro rata*” means the number of Percentage Interests equal to the ratio of (i) the number of Percentage Interests held by such Member immediately prior to the issuance of such securities to (ii) the total number of Percentage Interests outstanding immediately prior to the issuance of such securities. If the Company proposes to issue any such additional Percentage Interests or other securities, it shall give each Member written notice of such intention, describing such Percentage Interests or other securities, the price and terms and conditions upon which the Company proposes to issue the same. Each Member shall have thirty (30) days from the receipt of such notice to agree to purchase its *pro rata* share of such Percentage Interests or other securities for the price and upon the terms and conditions specified in the notice by giving written notice to the Company and stating therein the number of Percentage Interests or other securities to be purchased. To the extent any Member specifies a number in excess of his, her or its *pro rata* share, he, she or it may purchase additional offered Percentage Interests or other securities to the extent they are not purchased by other prospective purchasers.

(d) **Exceptions.** Notwithstanding the foregoing, in no event shall this Section 6.05 apply to (i) any issuance by the Company of indebtedness to institutional or commercial lenders, (ii) any grant by the Company of Percentage Interests or options to purchase Percentage Interests to employees, consultants, Manager(s) or directors of the Company or its subsidiaries for compensatory purposes, (iii) any issuance of Percentage Interests or other securities of the Company issued pursuant to acquisitions or strategic transactions approved by the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is no longer Manager, then by Consent of Members), pursuant to this Agreement, *provided that* any such issuance shall only be to a person (or to the equity holders of a person) which is, itself or through its subsidiaries, an operating company or an owner of an asset in a business synergistic with the business of the Company and shall provide to the Company additional benefits in addition to the investment of funds, but shall not include a transaction in which the Company is issuing securities primarily for the purpose of raising capital or to an entity whose primary business is investing in securities and (iv) any issuance by the Company of securities or rights, whether debt or equity, convertible into Percentage Interests, any simple agreement for future equity, or options or warrants to purchase Percentage Interests, or any combination of the foregoing.

The Manager(s) shall not be required to consider the personal circumstances of the Members in making a determination of the estimated combined federal and state income tax liability of the Members and shall make an assumption as to the "tax bracket" applicable to the Members as a group as provided. The amount of any distribution made to a Member pursuant to this Section 7.02(a)(i)(A) shall be deducted from the amount of any current or future distributions that would otherwise be made to such Member pursuant to ARTICLES VII or IX. The Manager(s) may withhold from distributions to any Member any amount required to be withheld pursuant to the Code or any other law, rule or regulation. Any amount so withheld shall be treated as a distribution to the affected Member.

(B) **Available Cash for Distribution.** As contemplated by this Agreement, except as otherwise provided upon dissolution, distributions to Members are made only from Available Cash [(i.e., only from net) available from cash flow of Company as determined by Consent of Manager(s) (but where GBH Inc. is not Manager, then as approved by Consent of Members)], from time to time.

(ii) **No Payment Upon Expulsion or Other Withdrawal.** No Member shall be entitled to any distribution or payment with respect to his/her/its Percentage Interests in the LLC upon the resignation or, Expulsion in or other withdrawal of such Member, except to the extent that the LLC exercises its option to purchase the Percentage Interests of such Member under Section 8.05. (b) **Final Distribution.** The final distributions following dissolution of the Partnership shall be made in accordance with the provisions of ARTICLE IX.

7.02. Allocations of Profits and Losses. All items of LLC income, gain, loss and deduction as determined for book purposes shall be allocated among the Members and credited or debited to their respective Capital Accounts in accordance with Treasury Regulations Section 1.704-1(b)(2)(iv), as the same may be adjusted to accommodate cannabis industry and applicable Treasury Regulation, so as to ensure to the extent possible (i) that such allocations satisfy the economic effect equivalence test of Treasury Regulations Section 1.704-1(b)(2)(ii)(i) (as provided hereinafter) and (ii) that all allocations of items that cannot have economic effect (including credits and nonrecourse deductions) are allocated to the Members in accordance with the Members' Percentage Interests in the LLC, which, unless otherwise required by Code Section 704(b) and the Treasury Regulations promulgated thereunder, as the same may be adjusted to accommodate cannabis industry and applicable Treasury Regulation, shall be in proportion to their Percentage Interests. To the extent possible, items that can have economic effect shall be allocated in such a manner that the balance of each Member's Capital Account at the end of any taxable year (increased by the sum of (a) such Member's "share of partnership minimum gain" as defined in Treasury Regulations Section 1.704-2(g)(1) and (b) such Member's "share of partner nonrecourse debt minimum gain" as defined in Treasury Regulations Section 1.704-1(i)(5)) would be positive to the extent of the amount of cash that such Member would receive (or would be negative to the extent of the amount of cash that such Member would be required to contribute to the LLC) if the LLC sold all of its property for an amount of cash equal to the book value (as defined pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)) of such property (reduced, but not below zero, by the amount of nonrecourse debt to which such property is subject) and all of the cash of the LLC remaining after payment of all liabilities (other than nonrecourse liabilities) of the LLC were distributed in liquidation following the end of such taxable year in accordance with Section 7.01.

7.03. Distribution of Assets in Kind. No Member shall have the right to require any distribution of any assets of the LLC to be made in cash or in kind. If the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then as approved by Consent of Members) determines to distribute assets of the LLC in kind, such assets shall be distributed on the basis of their fair market value as determined by the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then as approved by Consent of Members). Any Member entitled to any interest in such assets shall, unless otherwise determined by the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then as approved by Consent of Members), receive separate assets of the LLC, and not an interest as tenant-in-common with other Members so entitled in each asset being distributed. Distributions in kind need not be made on a pro-rata basis but may be made on any basis which the Manager(s) determine to be reasonable under the circumstances.

ARTICLE VIII – Transfers of Interests/Repurchase of Interest

8.01. General Restrictions on Transfer.

(a) No Transfer.

(i) **General.** Except as permitted in Sections 8.04 and 8.05 and with respect to permitted transfer(s) set forth in this ARTICLE VIII no Member may sell, assign, give, pledge, hypothecate, encumber or otherwise transfer, including, without limitation, any assignment or transfer by operation of law or by order of court, such Member's Percentage Interests in the LLC or any part thereof, or in all or any part of the assets of the LLC, without the written consent of the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members). Such approval can be withheld or denied for any reason or no reason, and any purported assignment without such consent shall be null and void and of no effect whatsoever.

(ii) **Transfer.** Transfer as used herein shall mean "Transfer" (whether used as a noun or a verb) and refer to any sale, exchange, issuance, redemption, distribution, encumbrance, hypothecation, gift, pledge, retirement, resignation, transfer, withdrawal, disposition or alienation in any way (whether voluntarily, involuntarily or by operation of law) as to any interest as a Member and/or Percentage Interests in the Company. Transfer shall specifically without limitation to the above, include assignments and distributions resulting from death, incompetency, bankruptcy, liquidation and dissolution.

(iii) **Void Transfer.** Any transfer in violation of any provisions of this Agreement shall be null and void and ineffective to transfer any Percentage Interests in the LLC and shall not be binding upon or be recognized by the LLC, and any such transferee shall not be treated as or deemed to be a Member for any purpose, but rather an unadmitted assignee. In the event that any Member shall at any time transfer its interest in violation of any of the provisions of this Agreement, the LLC and the other Members, in addition to all rights and remedies at law and equity, shall have and be entitled to an order restraining or enjoining such transaction, it being expressly acknowledged and agreed that damages at law would be an inadequate remedy for a transfer in violation of this Agreement.

(iv) **Permitted Transfer.** A "Permitted Transfer" shall be any transfer by any Member during life and/or at death, in a single or series of transactions as well as applied to any party(ies) permitted by this ARTICLE VIII or as otherwise approved by Manager acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members), provided further that the applicable provisions of this Article VIII are satisfied, the Conditions of Transfer are satisfied unless otherwise waived or amended by Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members) and the applicable transferee executes and delivers a counterpart of this Agreement or Instrument of Adherence or the like and such other documents that disinterested Manager(s) may reasonably require in order to confirm such Permitted Transferee's qualifications as such and his/her obligation to be bound by the terms of this Agreement in the same manner and to the same extent as existing Members, including, without limitation to make any Percentage Interests available for repurchase and redemption by the Company and/or Members

pursuant to this ARTICLE VIII, and the Permitted Transferee delivers the following information to the LLC: (x) the Permitted Transferee's taxpayer identification number; and (y) the Permitted Transferee's initial tax basis in the transferred Percentage Interests.

(b) **Additional Member/Substitute Member.** In no event may any party(ies) obtaining an interest, Percentage Interests or otherwise, in the LLC by Transfer, assignment, transfer, pledge or other means from an existing Member be admitted as a successor Member ("Substitute Member" or "substitute Member") or any party(ies) be admitted as an additional Member, without the approval of the Manager, acting by Consent of Manager(s), (but where GBH Inc. is not Manager, then by Consent of Members), which approval in either case may be withheld or denied for any reason or for no reason.

(c) **Record.** The LLC and its Manager(s) and Members shall be entitled to treat the record owner of Percentage Interests in the LLC as the absolute owner thereof in all respects, and shall incur no liability for distributions of cash or other property made in good faith to such owner until such time as a written assignment of such Percentage Interests has been received and accepted by the Manager, acting by Consent of Manager(s), (but where GBH Inc. is not Manager, then by Consent of Members) and recorded on the books of the LLC. The Manager, acting by Consent of Manager(s), (but where GBH Inc. is not Manager, then by Consent of Members) may refuse to accept and record an assignment until the end of the next successive quarterly accounting period of the LLC.

8.02. Requirements for Transfer. Except with respect to Permitted Transfer(s) or Permitted Transfers governed by Section 8.04 and Transfers subject to Consent of disinterested Members under Section 8.01, every transfer of Percentage Interests in the LLC permitted hereunder, including transfers permitted by Section 8.04 shall be subject to satisfying the Conditions of Transfer.

8.03. Effect of Transfer.

(a) If a Transferee is admitted as an Additional Member hereunder or is already a Member, the Member so transferring his/her/its Percentage Interests shall be relieved of liability with respect to the transferred Percentage Interests arising or accruing under this Agreement on or after the effective date of the transfer, unless the transferor affirmatively assumes such liability; provided, however, that the transferor shall not be relieved of any liability for prior distributions and unpaid Contributions unless the Permitted Transferee affirmatively assumes such liabilities.

(b) Any person who acquires in any manner Percentage Interests or any part thereof in the LLC, whether or not such person has accepted and assumed in writing the terms and provisions of this Agreement or been admitted as a Substitute Member and/or Additional Member, shall be deemed by the acquisition of such Percentage Interests to have agreed to be subject to and bound by all of the provisions of this Agreement with

respect to such interest, including without limitation, the provisions hereof with respect to any subsequent transfer of such Percentage Interest.

Note, even if Percentage Interests are not purchased or redeemed by Company and/or other Members, all Purchase Price Deductible Amounts must be paid in full by any Member subject to Termination and/or Involuntary Transfer.

8.04. Permitted Transfers. The following Transfers of Percentage Interests in the LLC may be permitted but shall be subject to the requirements of Sections 8.02 and 8.03 hereof and the following:

(iii) **Withdrawing Member/Mandatory Offer.** In the event a Member is subject to Involuntary Transfer, such withdrawing member and his/her legal representative (“Withdrawing Member”) shall offer for sale all of his/her Percentage Interests as provided below for the Transfer Purchase Price (as hereinafter defined) and pay the costs and expenses of determining the Transfer Purchase Price as set forth below and subject to all of the provisions governing an assignee not qualifying as a Member hereunder unless and until the Transfer Price is paid.

(iv) **Optional Buy-out in Event of Involuntary Transfer.** In the event of any Involuntary Transfer of any Member(s) governed by this Section 8.04(a), the Withdrawing Member and his/her legal representative shall be deemed to offer for sale to the LLC (the “Transfer Offer”), the Percentage Interests owned of record and beneficially by such Member

(“Transfer Interest”) subject to Involuntary Transfer (the “Transfer Interest”). The buy-out provisions of this Section 8.04(a) shall be in lieu of any buy-out rights the Withdrawing Member may have from the LLC pursuant to the Act or otherwise.

(A) The Transfer Offer shall be and remain irrevocable for a period ending at 11:59 P.M., local time at the LLC’s principal office on or before the 270th day following the date (the “Transfer Offer Period”) of the transfer to a Legal Representative or other designee in the applicable Involuntary Transfer to the extent the Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members) elect to continue the LLC as determined by Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members). At any time during the Transfer Offer Period, the LLC may accept the Transfer Offer by notifying the Withdrawing Member and his/her Legal Representative (the “Transfer Notice”) of its acceptance. The Withdrawing Member shall not be deemed a Member for the purpose of the vote or Consent of disinterested Members on whether the LLC shall accept the Transfer Offer.

(B) If the LLC accepts the Transfer Offer and the Conditions of Transfer are satisfied or waived by LLC as evidenced by Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members), the Transfer Notice shall fix a closing date (the “Transfer Closing Date”) for the purchase which shall be within ninety (90) days after the expiration of the Transfer Offer Period.

(C) If the LLC accepts the Transfer Offer, the LLC shall purchase the Transfer Interest for a price equal to the **lesser of**: Redemption Value of Percentage Interests of amount the Withdrawing Member or equal to what Withdrawing Member would receive if the LLC were liquidated and available for distribution to the Members, in each instance, **less** applicable Purchase Price Deductible Amounts and all other amounts attributable to, and/or due from, such Withdrawing Member (the “Transfer Purchase Price”). The Transfer Purchase Price shall be paid pursuant to Buy-Out Promissory Note, attached hereto as **Exhibit B**, on the Transfer Closing Date or as otherwise determined by Manager(s), acting by Consent of Manager(s) (but where GBH Inc. is not Manager, then by Consent of Members).

(D) If the LLC fails to accept the Transfer Offer, then the Withdrawing Member or his/her successor, as the case may be, upon the expiration of the Transfer Offer Period, thereafter shall be

The Members acknowledge and agree that actual damages for any breach are difficult to ascertain, and therefore the consideration of the Breach

Price represents a reasonable forecast of the value of the Percentage Interest based upon damages to the Company in the event of such breach.

IN WITNESS WHEREOF, the undersigned have caused this Certificate of Valuation to be executed and delivered as of the date first above written.

EXECUTIVE SUMMARY

Recreational retail cannabis launched in Massachusetts in November of 2018. Between November 2018 and November 2019, gross cannabis sales in Massachusetts topped \$364 million, according to the Cannabis Control Commission. And all indications are that it's just the tip of the iceberg for the cannabis market in Massachusetts.

Estimates project Massachusetts recreational cannabis market to reach \$2 billion by 2023, according to a recent analysis by the Brightfield Group, a Chicago-based cannabis market research firm.

Root & Bloom, Inc. ("Root & Bloom") is entering the cannabis market as an adult-use cultivation and product manufacturing company with a focus on creating high-quality products while prioritizing sustainability, innovation, and giving back to the local community.

Housed in a custom-built, state-of-the-art, 40,000+- square foot facility in Salisbury, Massachusetts, Root & Bloom is scheduled to be fully operational in Fall of 2021.

The Root & Bloom cultivation facility will have the capacity to produce and cultivate unique strains of cannabis to meet the needs and preferences of the market.

In addition to flower, our in-house manufacturing facility will produce a range of manufactured products, including but not limited to: tinctures, resins, infused edible products, extracted oils, and vape cartridges (if approved to be produced sold).

We anticipate the following sales:

	\$	Year 1	Year 2	Year 3
Total Revenues		6,099,363	10,215,710	11,010,130
Total Cost of Goods Sold		-1,394,096	-1,776,142	-1,909,338

Root & Bloom's target markets the recreational users across a range of cannabis consumers – from

novice to experienced. Focusing on the Massachusetts’ market, we aim to provide a variety of expertly-crafted and unique products to licensed dispensaries across the state.

We anticipate cultivating and manufacturing a full complement of cannabis products. We will cultivate highly-sought-after cannabis strains which will be sold as white label flower and pre-rolls to dispensaries at a premium price. In addition, the raw cannabis will be used to create an array of branded Root & Bloom manufactured products (such as tinctures, sublingual sprays, edibles, pre-dosed oil vaporizers (if approved), shatter, wax, hash, resins, and other products) that are known for their consistency and quality of experience.

Our target markets for raw, white label cannabis will include a range of consumers – from those looking for craft-quality flower to those looking for preroll, which will include a mix of top quality flower and less potent shake or trim.

Our target markets for manufactured products span generations, but are bound by a loyalty to quality, consistency, and discreet enjoyment. We anticipate our top two markets to be personas we’ve identified as “The Parent” and “The Boomer.” (See Marketing section for details.)

Root & Bloom’s product will stand apart from the competition through our hallmark of exceptional quality, reputation for consistency, and benefits-focused branding. Our clean and clear branding, tied directly into the benefits of the products, will attract our target audience looking for a discreet, consistent experience. Our products will be both driven by market demand, as well as intensely innovated with an R & D arm to catch and forge upcoming trends.

Co-owners George Haseltine and Brad Kutcher are local business leaders who, combined, have 30+ years running profitable, multi-million dollar companies.

As local residents and business owners, our commitment to our community runs deep. Our “doing good through cannabis” model is setting the standard for socially-responsible cannabis companies and includes: generous percentages of profits back to our community; local hiring, education, and training priorities; a vast array of community service projects; and LocalBloom, a non-profit foundation established to support healthy families in our area; among others.

Lead by an experienced team using some of the most modern technology available, Root & Bloom is poised to be an innovator in the fast-growing Massachusetts cannabis industry.

OWNERS & LEADERSHIP

George Haseltine

Co-Founder, Root & Bloom
Newburyport, MA

With a passion for sustainability and innovation, George is a natural-born entrepreneur and disrupter looking to expand the cannabis industry.

Learning the business from the ground up, George founded two residential construction companies that have been responsible for over \$100 million in revenue. And was personally responsible for raising over \$20 million in funding capital for the acquisition of cost of goods sold (COGS).

His companies are well-known for their forward-thinking approach to sustainability and design. Throughout George's fifteen years in real estate development and general contracting, he has pioneered state-of-the-art solutions to create environmentally sound and financially responsible building projects.

While George has innovated in a highly competitive construction industry, he credits his success to being able to seek out and surround himself with the best people for the job. A skilled leader, George doesn't only build businesses, he builds – and retains – teams of smart, motivated, successful employees. Last year, George's business reached revenues of over \$4.5 mil and is on a \$3 million annual run rate of revenue for service based residential construction projects, including renovations to existing homes and ground-up builds.

George is a corporator at the Newburyport Bank, one of the top lending institutions on the North Shore, coastal NH and southern Maine. George lives in Newburyport with his wife and two children. He has his undergraduate degree from University of New Hampshire and graduate credits from Bentley University.

An Innovator for the Industry

The cannabis industry is ripe for innovation. And George, with his finger on the pulse of technology, is poised to capitalize on this unique moment.

Cannabis cultivation and manufacturing is on the brink of leaping from old-fashioned farming to state-of-the-art production. Extraction processes using Supercritical CO₂, bleeding-edge sustainability solutions, and constantly innovating R and D arms, among many others, ensure that technology is threaded into every aspect of Root & Bloom.

And while disruption is a core value of George's, so is healing. And at Root & Bloom, George has made it his mission to find a way to give back through cannabis. As a local resident, business owner, and father, George's investment in the community extends far beyond Root & Bloom. Local Bloom, a nonprofit foundation, will be a new model for cannabis philanthropy, with a focus on helping local families in need thrive.

Brad Kutcher

Co-Founder, Root & Bloom
West Newbury, MA

With decades of experience building companies, Brad is steady and seasoned businessman with deep roots in the community.

Brad is the president of a general contracting and development firm with over thirty years in business. Based out of Amesbury, Brad works extensively in residential and commercial development and specializes in large, multi-faceted projects.

CANNABIS INDUSTRY & PROJECTED GROWTH

“Retail sales of medical and recreational cannabis in the United States are on pace to eclipse \$12 billion by the end of 2019 – an increase of roughly 35% over 2018 – and could rise as high as \$30 billion by 2023.” – 2019 Marijuana Business Factbook

The cannabis industry is big business – and getting bigger.

Recreational retail cannabis launched in Massachusetts in November of 2018. From November 2018 to November 2019, gross cannabis sales in Massachusetts topped \$364 million, as recorded by the Cannabis Control Commission. Estimates by cannabis market research firm the Brightfield Group project Massachusetts recreational cannabis market, alone, to reach \$2 billion by 2023.

- from Cannabis Control Commission, Gross Sales Total Since Retailers Opened, 11/1/2018-11/12/2019

The Massachusetts market is different. With higher median household income (\$77,000, which is \$15,000 above US median), Massachusetts consumers are not only able to pay for premium product, they are looking for a more premium experience. The proliferation of Massachusetts colleges and universities also means a more educated population, with consumers thoughtful about what they choose to buy and how they choose to consume cannabis.

The differences in Massachusetts don't stop at income. Massachusetts cannabis regulations are among the strictest in the country. Cannabis and cannabis-related companies face significant hurdles:

- Massachusetts financial institutions have rebuffed cannabis businesses for fear of falling afoul of federal regulations on what remains a Schedule 1 substance. Many cannabis businesses are forced to rely on a small number of state-chartered institutions or function as cash-only businesses.
- Host Community Agreements, where municipalities request “community impact fee” of up to 3% of gross sales can add financial strains.

While barriers to entry impact entrants to the industry, companies like Root & Bloom, who are able to finance privately and to work through regulations, benefit from:

- Fewer competitors
- Increased pricing power
- Higher profit margins
- Lower ongoing capital-expenditure requirements

OPPORTUNITIES AND CHALLENGES

Root & Bloom will supply Massachusetts dispensaries with flower and manufactured product.

Price

As of October 2019, wholesale supply does not meet the current demand in the Massachusetts market.

As more cultivators open in the years to come, the supply of flower will increase and we anticipate the wholesale price to drop accordingly. This shift will put pressure on wholesale margins.

Both an opportunity and a challenge will be maintaining and securing strong viable wholesale distribution lines with the licensed retail dispensaries in the Commonwealth.

Newness to Market

The nascent state of the Massachusetts cannabis market means there is still uncertainty as to how it will evolve and take shape.

Many industry experts agree that additional future Federal governmental oversight and compliance requirements will be required – thereby tightening many facility and operational standards.

Additionally, there are many new businesses looking to gain entry into the field, to navigate regulations, and to distinguish themselves.

In order to thrive in the long run, we are focusing on meeting demand now – as well as for the future. We are preparing for additional regulations throughout our building and planning processes.

Additionally, we are investing heavily with our R & D arm to:

- stay ahead of the curve with products, product development
- continuously improve on meeting the demands of new customers

Hiring

Root & Bloom's goal is to build a high-performing, diverse workforce based on mutual acceptance and trust. However, the tight labor market will make finding and hiring required labor a challenge. It will be critical to find, hire, and retain qualified employees.

Expanding opportunities for gainful employment is a key driver in helping populations disproportionately affected by marijuana prohibition, and that is something that Root & Bloom is committed to. Through a variety of outreach, we will be seeking to hire employees from the community of Haverhill, which is an area of disproportionate impact. While, at the same time It is also our policy to select the best qualified applicant for the job, regardless of race, gender, disability, sexual orientation, or any other non-merit factor.

To help achieve our hiring goals, we have put into place a top-notch team to run our Human Resources. With extensive training, competitive salaries and benefits, and formalized performance review systems, we are building to hire (and keep) the best employees in the field.

OPERATIONAL AND COMPLIANCE PLAN

We are committed to building a state-of-the-art cultivation and product manufacturing facility that is compliant with, or will exceed, all local and state laws. Our proposed 40,000+- square foot facility will set the standards in the industry – being both advanced and nimble enough to grow and adapt to ever-changing technology and future governmental regulations.

Facility

We are building our facility from the ground up. The new build allows us to work with award-winning architectural firm Anderson Porter Design to create one of the most innovative and efficient cannabis cultivation and manufacturing facilities in the state.

The sleek and modern building will contain a highly innovative cultivation facility that will yield over 5,500 pounds in flower available for recreational wholesale. We will be implementing the latest technology and grow practices in order to maximize the most efficient yield possible. Our technology and growing practices will also allow us to precisely measure inputs such as fertigation, CO2 and light to help allow the operation team adjust for maximum efficiency of product. We will be able to stagger volume of planting schedules, flattening out labor variances, lowering labor cost while helping us better service the demand from our buyers.

Rooms pertinent to grow are:

- Mother Room
- Vegetative Room(s)
- Flower Room(s)
- Trim Room
- Dry Rooms(s)
- Cure Room

The facility will also contain a manufacturing facility with the following capabilities but not limited to:

- State of the art extraction lab setup utilizing the latest extraction equipment and methodology
- Full post processing setup that will include:
 - Kitchen capable of producing a wide variety of consumables and other edible creations
 - Infusion equipment for bottles and cartridges
 - Labeling and packaging plant
 - Complete dry and cure flower processing setup
 - Innovation lab for extensive Research & Development

The facility will also contain the following rooms:

- Vault storage and other conditioned storage environments for post processed and packaged goods ready for wholesale
- Training & conference rooms
- Offices
- Break rooms and locker rooms with showers
- Laundry and Gowning
- Integrated Pest Management Control Room
- Fertigation Control Room
- Quarantine Room
- Security Room
- Pot Washing Room
- Janitorial Room(s)
- Other mechanical rooms essential for the operation of the facility

At Root & Bloom, we're not just thinking about today, but are planning well into the future. Our facility is designed to execute current industry best manufacturing methodologies, as well to be adaptable to future regulation that industry is sure to face, including Good Manufacturing Process (GMP), Good Agricultural and Collection Practices (GACP), OSHA compliance, Adoption of SOPs, and FDA compliance.

In addition to being prepared for forthcoming regulations, these best practices will help us develop and maintain a more consistent product for our customers and end users.

Sustainability & Efficacy

While the facility will be cutting-edge in innovation, it will also be cutting-edge in sustainability. What separates Root & Bloom cultivation from competitors is the investment – up front– we have made in order to drive our operational costs of growing flower down while significantly reducing our carbon footprint.

One of the largest drivers of cost in any cultivation facility is energy use, which equates to approximately ⅓ of all operational cost. Our growing solution will allow us to grow at a much higher efficiency and lower per unit cost than many of our competitors. This is an especially critical point due to the expected increase in wholesale flower supply resulting in an expected drop in wholesale flower price over time - as recent history has shown in other state markets where cannabis has been regulated. In addition to being cost effective and allow us greater flexibility in the marketplace, this solution is sustainable, too – also allowing us to significantly reduce energy usage related to light, cooling and dehumidification, substantially reducing our carbon footprint.

We will be recycling up to 80% of our water usage by capturing and reusing almost all of the water discharged through the dehumidification process. The water will be treated and reinserted back into the vegetation fertigation system. This will significantly reduce our water usage and thus our tax on the municipality water supply. In addition to the above, we will be using a specialized growing medium that will allow for targeted water and fertilizer, reducing our requirement for both of these inputs -further driving down operational costs.

We also have an edge with our brand-new building over many of our competitors. By building to our own specifications, we can use the most effective layout to create a more efficient operation.

Many of our competitors are retro-fitting older, existing structures and/or are using antiquated grow technology. These competitors will face real challenges related to the newer energy conscious regulations currently being implemented in the Commonwealth, they will be forced to potentially go through costly retro-fit event to their existing operation to meet the more restrictive energy requirements being regularly adopted by the CCC. Inefficiencies with existing building layouts yielding less efficient mechanical designs result in higher operational costs. This in turn leads to added financial pressure for our competition with regards to future falling wholesale prices of the bud.

Neighbors & Concerns

We're not just building to maximize cannabis output, we're also building to be good neighbors.

Odor Control: Our facility is being specially built to mitigate any outside odor detection as it abuts a residential neighborhood. Our state of the art facility will also give us the ability to have a two stop gap odor control. Each egress will have its own independent air-lock system which will keep the environments on either side independent of each other. We will also be implementing a state of the art facility odor control system – filtering and treating all the air leaving the facility – reducing our liability with odor pollution – an often-mentioned neighborhood concern.

Noise Control: Root & Bloom has designed the facility with noise reduction in mind. The proposed layout of the facility and exterior mechanical equipment minimizes sound pollution created from the operation of the facility. Additional provisions such mature plantings, topographical screening, and sound fencing will meet or exceed ambient sound pollution laws.

Aesthetics: We are committed to building a facility that the neighborhood, local community, and the municipality will be proud of. Designed by Boston architects Anderson Porter, our facility will have a welcoming facade, housing the most cutting-edge equipment available. We envision the Root & Bloom facility as a catalyst for the revitalization of the Rt. 1 corridor and a model for future development in the Lafayette Main Commercial District in Salisbury, Massachusetts.

Security

The Cannabis Control Commission (CCC), a state agency regulating cannabis in Massachusetts, has strict guidelines for security that govern a range of measures, including exterior lighting and surveillance, multiple layers of locking storage, and emergency plans and procedures.

In addition to meeting the CCC regulations, we are hiring a security consulting firm that has experience in the regulated cannabis industry in order to integrate a best-practice design that adheres to the requirements of the Town of Salisbury and the CCC.

Software

There's a surprising amount of technology needed in cultivating and manufacturing cannabis and we are hiring a team of information technology professionals to implement state-of-the-art systems to both keep us in compliance with regulations and to transparently and efficiently manage our processes. These systems will include, but not be limited to, yield forecasting, seed to sale tracking using METRC as required by the CCC, investor reporting, and compliance regulations.

Hiring & Training

We anticipate rapid growth as we scale our cannabis cultivation and manufacturing operation. Early stage hiring estimates are up to 20-30 full and part time staff at the time of opening, including the following positions but limited to:

- *Executive Function*
 - Human Resources Officer
 - Financial Services Officer or Chief Financial Officer
 - Information Technology lead
 - Compliance Officer
 - Chief Market and Sales Officer
 - Director of Operations
- *Cultivation*
 - Master grower and cultivation assistants
- *Extraction*
 - Head Extractor and extraction technicians
- *Processing*
 - Trimmers
 - Packaging and Labeling technician
- *Facility Management*
 - Custodial
 - Grounds and maintenance

Root & Bloom is looking to be the best in the business – and will hire for it. We plan on compensating

employees at the high end of industry standards while providing competitive benefits packages available, including medical, dental and company-matched retirement programs.

We are also committed to hiring locally, and are implementing an extensive human resources plan to ensure we are giving opportunity to local residents and residents in areas of disproportionate impact.

Getting hired is only the beginning at Root & Bloom. Education is core to our business, and our training program is currently being designed by a leading executive education team, with an eye to continual learning. All staff will be required to satisfy specific training requirements, as well as team-building community service commitments.

Federal Regulations

With the possibility of legalization of cannabis on a Federal level at some point in the future, we are confident that we are poised to take full advantage of our position in the industry.

The exacting standards that the Commonwealth of Massachusetts has already implemented, along with our commitment to constructing a new, state-of-the-art facility that will already meet or exceed the standards of the FDA from a Federal compliance standpoint, puts Root & Bloom in a strong position.

In addition to meeting or exceeding expected federal regulations at our manufacturing facility, we will adhere to strict manufacturing standards and processes such as: Good Manufacturing Process (GMP), Good Agricultural and Collection Practices (GACP).

We feel strongly that as industry standards change to meet new Federal guidelines, our proactive approach in building our facility to meet these future standards will position us well ahead of our competitors. While existing facilities will have to make substantial and costly upgrades and improvements to operate in the new environment, we will be able to seamlessly continue to operate with minimal upgrades expenses with little or no down time. This also makes us more attractive to potential investors in the future.

PRODUCTS

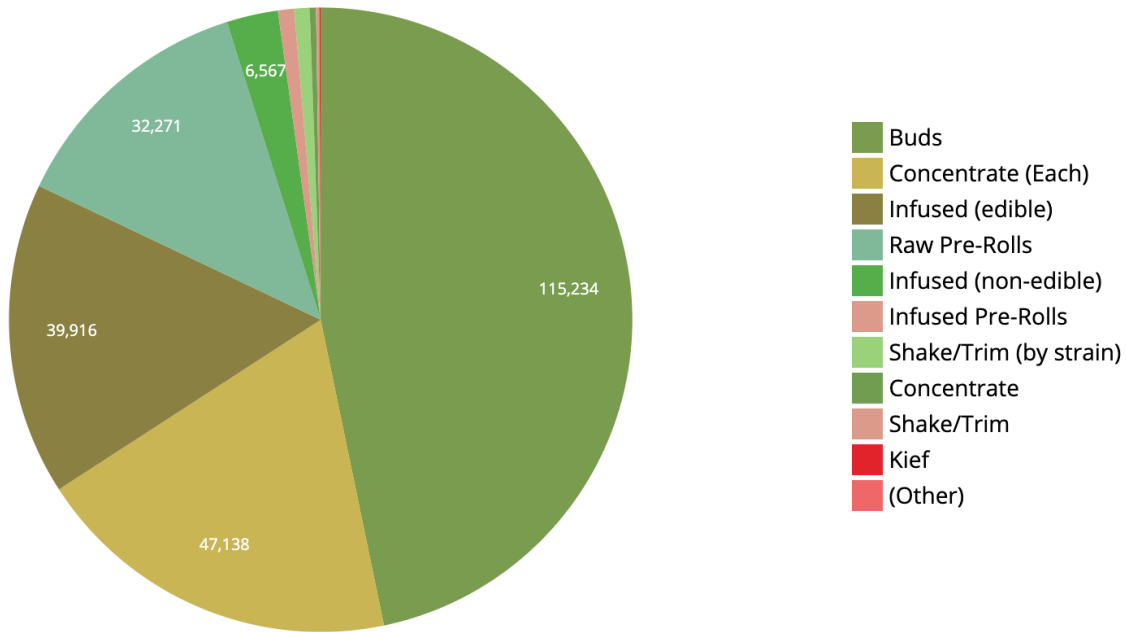

Root & Bloom will produce craft-quality cannabis flower and manufactured products to serve customers with various needs and preferences.

Our branded wholesale and manufactured goods will initially be distributed and sold to retail dispensaries throughout the Commonwealth. While management is looking into the acquisition or opening of a retail store, it is our goal to provide multiple dispensaries across the state with high quality and consistent products for sale.

Products we intend to offer include, but will not be limited to:

- Flower and prerolls
- Tinctures and other highly water soluble products
- Sublingual sprays
- Resin, shatter, wax, hash
- Pre-Dosed Oil Vaporizers (if approved)
- Edibles
- Other distillate based products

While we will cultivate and sell wholesale flower that stays true to its natural state, we will also use our manufacturing equipment, skills, and knowledge to isolate specific strains, terpenes, cannabinoids, and flavinoids that will deliver the consistent and predictable experiences in our manufactured products.

Wholesale Flower

Root & Bloom will produce multiple strains of high-quality recreational cannabis flower such as bud, pre rolls, and other flower-related, processed goods that we will wholesale to licensed dispensaries in the Commonwealth.

Based on our projections, we will have the capability of producing over 5,500 pounds of cannabis flower annually.

Currently, as of late 2019 the market rate for mid-rated flower is between \$3,300-\$4,200/lb.

While we do expect the price to come down in the coming years (reflecting what has happened in other states that have regulated retail cannabis production and sales), we believe that due to high barriers to entry and operational standards in the Commonwealth (vs. the rest of the legalized states) the wholesale price of cannabis will continue to stay at existing pricing levels for an extended period of time.

Additionally, we project that the cost of cannabis will stabilize at a higher level than other states with legalized cannabis.

Wholesale Flower – Sales forecast

Wholesale flower and pre rolls: We expect prices for wholesale flower to barely keep up with demand for several years. While we do expect the market price for wholesale to dip in the foreseeable future, we recognize that while margins fall on this product line we must continue to produce flower to meet customer demand and to fuel our own manufactured goods division.

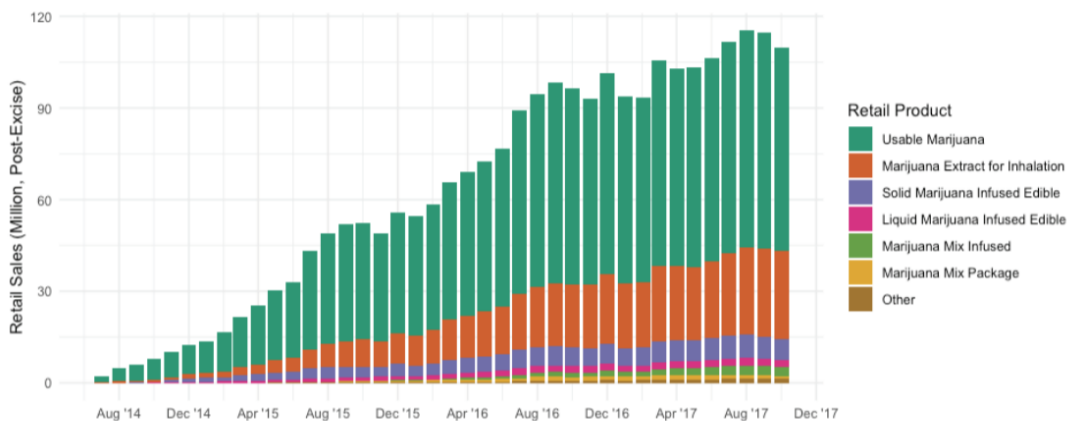

Manufactured Goods

In addition to growing cannabis flower for wholesale consumption, we will be focused on manufacturing and producing high quality cannabis products, including but not limited to: tinctures, resins, infused edible products, extracted oils, and vape cartridges (if approved).

Based on Massachusetts sales (see snapshot, above), the legal cannabis consumption in the Commonwealth is split roughly 70/30 between flower and manufactured product.

As seen in figure below from a Rand Corporation report on Washington State, the manufactured goods market is gaining market share – while the percentages are small for the years reported, they are growing at significant rates year over year, and it continues to trend upward as a percentage of sales.

Figure 2.5. Retail Sales Revenue (Post-Excise Tax, Millions)

- Assessing Cannabis Supply and Demand in Washington State, Rand Corporation

We believe there are two main reasons why.

1. **Older and wiser:** New customers entering the legalized cannabis market tend to be older. According to a comprehensive 2018 study by EAZE on California consumers, Baby Boomers are one of the fastest growing segments, increasing by 25% over the past year. Plus, 51% of cannabis consumers surveyed have a college or postgraduate degree, compared to state average of 39%.

2. **Female consumers:** With female consumers nearly doubling, the growth of women entering the market outpaced men and continued the trend of increasing female participation. With women now 38% of cannabis consumers, equal gender representation is expected in 2022. (EAZE Report, 2018)
3. **Discretion:** Consumers are looking to use cannabis more discreetly. They are also more aware of the negative health effects of smoking. Manufactured products such as oils, tinctures, and edibles offer more discreet and perceived healthier consumption.
4. **Consistency:** Due to processing methods, manufactured goods deliver a more consistent experience over flower. Highly-regulated manufactured goods require significant testing and labeling, leading to a more consistent experience across purchases. The result? Customers can now confidently choose cannabis products based on their specific needs and desired effect.

The growth and quality of the manufactured goods is directly linked to the evolution of the cannabis market.

The acceleration of growth for manufactured goods will continue to outpace the growth of flower for the foreseeable future. As manufactured goods continue to go through the R & D revolution, more and more manufactured products will continue to hit the market, further increasing the demand for such products.

Root & Bloom is focused on capitalizing on this market trend. We will be dedicating over four thousand square feet of our facility for the purposes of manufacturing. We will be installing a state of the art extraction lab in order to create high quality and unique processed cannabis. We will also invest in a bottling plant in order to bottle and brand our own products such as tinctures and sprays. In addition we will be producing pre-filled cartridges for pen and vaping vehicles. Additionally we will be constructing a state of the art kitchen to produce edibles such as chocolates, gummies, and other edible products.

Manufactured goods - Sales forecast

While margins will slide with flower in the future, we believe the way forward for high margin cannabis sales is with manufactured goods. We do believe there is a significant void in the market with availability of consistent, well labeled, quality manufactured products. There is still considerable confusion on the consumer side when it comes to product consistency with regards to type of target effect, strength and identification.

As with all our products, our manufactured goods will have a simple and benefits-forward approach that will help customers easily see and associate the effects with their desired effect or ailments. This will make the buying experience more enjoyable for the customer and the

customer will associate Root & Bloom with a clear and identifiable product that can be trusted to purchase and yield the desired effect.

We expect gross margin on manufactured goods to be between 75 and 85%. Our margins will be significantly higher than other facilities who just manufacture and have to import their own wholesale flower, as Root & Bloom will be growing our own supply.

In short, manufactured goods not only provide a hedge, but will be a core business driver for Root & Bloom. And though a trend of manufactured goods will continue to gain market share over wholesale flower, based on other state sales, we project that wholesale flower demand will continue to grow steadily, just not as quickly as manufactured goods.

MARKETING

Unique Selling Proposition & Branding

In the highly-competitive field of cannabis sales, Root & Bloom will stand apart from the competition with product known for its exceptional quality, innovative delivery, and simple, benefits-focused branding for patients and consumers.

What does benefits-focused branding mean? Using consistent branding across all products, we will identify dominant attributes of the cannabis product and make its recommended use simple and crystal clear to the consumer. The consumer will be able to identify what the desired effect of the product is within 30 seconds of reading the label. This type of clear branding will allow everyone, including patients and consumers who have never tried cannabis before, have an enjoyable, controlled experience.

For example, for customers and patients who visit a dispensary looking for a product to use at the gym, we may have a branded product line named “Energy.” The “Energy” line may span multiple delivery types (edibles, resin, etc.) and will provide a consistent and invigorating experience across all products. For other users looking for a product for calming and sleep, we may create a product line named “Dream.” And so forth.

This simple, clear straight forward branding strategy eliminates confusion for all consumers, while allowing an easy and welcoming entry-point for new-to-cannabis consumers – a market segment expected to skyrocket as Massachusetts residents become more familiar with dispensaries.

Cannabis dispensary customers know the desired benefit they’re looking for when they walk into a store. But they are often faced with a menu of meaningless names (ie- Gorilla Glue, Herijuana, Middlefork, Strawberry Cough) and a hit-or-miss chance to get guidance from the budtender.

Our brand strategy will allow our customers to choose what they want quickly, bringing novice users into our product line, reducing the stress of product information overload, and intimidation and decision fatigue, overall. This approach will also be a breath of fresh air to our more experienced customers, too.

Our branding, combined with calibrated dosing guidelines, will create a consistent experience that is sorely lacking in today’s products.

Anticipated Customer Profile

Root & Bloom will be servicing dispensaries in Massachusetts.

We will be targeting a broad market base of consumers who appreciate quality of product, ease of product selection, and consistency.

Priced at the mid to higher end of the market with a distinctively simple, benefits-driven brand and consistently high quality product, we are targeting the following customer profiles within the larger spectrum of cannabis users.

The Novice	The Parent	The Boomer	The Elitist
Ages 25-35	Ages 35-50	Ages 55-75	Ages 25-45
Values: Novelty & Guidance	Values: Consistency, brand loyalty, discretion	Values: Consistency, predictability, reliability	Values: Quality & Socially conscious company
Mid income level	Mid to higher income level	Mid to high income	Mid to high income level
Moderately inelastic	Relatively high price elasticity	Slightly inelastic	Relatively high price elasticity
Vaping	Edibles, Tinctures, water solubles, sublinguals (spray and distillate)	Edibles, Tinctures, water solubles, sublinguals (distillate)	Flower, Resin

A “one-size-fits-all” approach will fail. But identifying our core consumers, and reaching them with exceptional product, consistent and easy-to-understand benefits branding, and innovative delivery methods, we’ll create a pathway for long-term brand loyalty.

Root & Bloom is committed to cultivating healthy, high quality, and disease-free marijuana. Contaminants such as mold, fungus, bacterial diseases, rot, pests, pesticides not in compliance with 500.120(5) for use on marijuana and mildew are the biggest threat to a marijuana cultivation facility and its products. Root & Bloom is committed to utilizing Best Management Practices (“BMP”) for the prevention and treatment of possible contaminants using the safest and least invasive means.

Root & Bloom will also implement an industry standard Integrated Pest Management (“IPM”) program focusing on preventing pest problems. Preventing pest problems in our cultivation facility will entail minimizing pest access to the facility and the food and shelter available to it. Consequently, IPM relies heavily on the cooperation and participation of all employees. Also, quality control and the testing of marijuana products are essential for the operation of Root & Bloom’ cultivation facility. Root & Bloom will utilize best industry practices when it comes to quality control and product testing.

 - c. Sample collection documentation should identify the sample collection date and start time, participating personnel and locations sampled, relevant environmental conditions, a description of the sampling procedures and equipment decontamination/cleaning used.
 - d. Sample collection personnel shall identify or determine the number and location of water samples to be collected
 - i. Sample locations must be recorded in the sample collection logbook. Record the sample location identifier (location ID) for each sample so that it can be utilized to identify the physical location of the sample location within the facility.
 - ii. Location identifiers should be consistent across sampling events to allow tracking of repeated sample locations. The location IDs will be included on sample labels (unless the grab samples are used in a composite sample).
 - iii. In addition to the location ID, create a unique sample ID for each sample. Sample identifiers should be unique for a given sample event. Record the location and sample IDs in the sample collection logbook or forms as well as the volume of the sample, preservation, and associated sample containers.
 - e. Any tools that contact the samples should be made of stainless steel or other inert material to avoid potential contamination of the sample. In addition, all tools that come in contact with the sample media should be rinsed with deionized water between samples to reduce potential cross contamination.
 - f. Preparing sample labels and affixing them to sample containers immediately before sampling.

- e. Open the pre-labeled sample containers appropriate for the analyses taking care to not allow errant drips or splashes off other surfaces to enter the caps or containers.
- f. Samples for all analyses may be collected directly into sample containers or into a larger, inert vessel then poured into containers. During sample collection, make sure than the tap or spigot does not contact the sample container.
- g. Record the time each sample was collected and record any difficulties, inconsistencies with the sampling plan, or other remarks (e.g., environmental conditions) that might be relevant to data analysis or quality assurance.
- h. Samples should be refrigerated or maintained on ice until shipped to the analytical laboratory.
- i. Chain-of-custody paperwork should be completed immediately prior to shipment.

- c. In addition, protect the samples from excessive light exposure to minimize photochemical degradation. Samples can be protected from light by using an amber sample container, storing the samples in a closed box or other amber container, or in a dark storage location.
- d. To be considered valid, all samples must be analyzed prior to expiration of the technical holding time as defined in each analytical method. Note that the holding time for some biological components is very short; 24 to 48 hours from the time of collection.

Quality Control (QC)

- 1. Field duplicate samples shall be collected at least annually and one (1) for every twenty (20) field samples of the solid samples collected.

This policy prohibits unlawful discrimination based on the perception that anyone has any of those characteristics or is associated with a person who has or is perceived as having any of those characteristics. This policy applies to all aspects of employment, including, but not limited to, hiring, job assignment, working conditions, compensation, promotion, benefits, scheduling, training, discipline, and termination.

Root & Bloom expects all employees to support our equal employment opportunity policy, and to take all steps necessary to maintain a workplace free from unlawful discrimination and harassment and to accommodate others in line with this policy to the fullest extent required by law. For example, Root & Bloom will make reasonable accommodations for employees' observance of religious holidays and practices unless the accommodation would cause an undue hardship on Root & Bloom operations. If an employee desires religious accommodation, they are required to make the request in writing to their manager as far in advance as possible. Employees requesting accommodations are expected to attempt to find co-workers who can assist in the accommodation (e.g. trade shifts) and cooperate with Root & Bloom in seeking and evaluating alternatives.

Moreover, in compliance with the Americans with Disabilities Act (ADA), Root & Bloom provides reasonable accommodations to qualified individuals with disabilities to the fullest extent required by law. Root & Bloom may require medical certification of both the disability and the need for accommodation. Keep in mind that Root & Bloom can only seek to accommodate the known physical or mental limitations of an otherwise qualified individual. Therefore, it is the employees' responsibility to come forward if they are in need of accommodation. Root & Bloom will engage in an interactive process with the employee to identify possible accommodations if any will help the applicant or employee perform the job.

Root & Bloom seeks to promote a workplace that is free from discrimination and harassment, whether based on race, color, gender, age, religion, creed, national origin, ancestry, sexual orientation, marital status or disability. Inappropriate interference with the ability of Root & Bloom employees to perform their expected job duties is not tolerated. The creation of an intimidating, hostile, or offensive working environment may include but is not limited to such actions as persistent comments on an employee's sexual preferences, the display of obscene or sexually-oriented photographs or drawings, or

the telling of sexual jokes. Conduct or actions that arise out of a personal or social relationship and that are not intended to have a discriminatory employment effect may not be viewed as harassment. Root & Bloom will determine whether such conduct constitutes sexual harassment, based on a review of the facts and circumstances of each situation.

Root & Bloom will not condone any sexual harassment of its employees. All employees, including supervisors and managers, will be subject to severe discipline, up to and including discharge, for any act of sexual harassment they commit. Root & Bloom will not condone sexual harassment of its employees by non-employees, and instances of such harassment should be reported as indicated below for harassment by employees.

If an employee feels victimized by sexual harassment they are instructed to report the harassment to their manager immediately. If their immediate manager is the source of the alleged harassment, they should report the problem to the Human Resources Department. Managers who receive a sexual harassment complaint should carefully investigate the matter, questioning all employees who may have knowledge of either the incident in question or similar problems. The complaint, the investigative steps and findings, and disciplinary actions (if any) should be documented as thoroughly as possible. Any employee who makes a complaint, or who cooperates in any way in the investigation of the same, will not be subjected to any retaliation or discipline of any kind.

In addition to the above, if an employee believes they have been subjected to sexual harassment, they may file a formal complaint with either or both of the government agencies set forth below. Recruitment and Hiring Program

Root & Bloom looks to recruit and hire diverse employees and plans to promote equity among minorities, women, veterans, people with disabilities, and people who are LBGTQ+ in the operation of our company.

To promote diversity and equity Root & Bloom will:

1. Give hiring preference to individuals who meet the criteria of the Plan Populations that are outlined above.
2. Institute a “blind hiring” policy that anonymizes or “blinds” demographic-related information about a candidate from the recruiter or hiring manager that can lead to bias about the candidate.
 - a. Blind hiring reduces biases during the talent acquisition process by removing information like name, gender, religion, or socioeconomic background. It also removes things like academic qualifications or experience, meaning candidates are judged based on skills—not where they came from. Theoretically, when the characteristics that may lead to a biased hire are removed from the equation, companies can guarantee they’re selecting the top talent for their open positions. Therefore, if implemented thoughtfully, blind hiring can increase diversity and help make stronger hires.
3. Train Human Resource Hiring Managers to address unconscious bias and cultural sensitivity.
 - a. Our Hiring Manager(s) will receive this training at least 60 days prior to our projected opening date and prior to the hiring of any employees for our Marijuana Establishment
4. Promote our Diversity Hiring policy on recruitment websites, our social media presence and traditional hiring platforms. We will target our job postings to the community of Haverhill, an area with higher populations of people of color, with the goal of attracting and retaining a qualified and diverse workforce.
5. We will post all employment opportunities with MassHire - North Shore Career Center. This organization is a One Stop Career Centers that serves Haverhill. Haverhill has the most diverse population in our area.
 - a. Our first employment postings will occur within 180 days of our receipt of Provisional License from the Commission.

6. In addition to posting employment opportunities with the aforementioned Center, we will also promote our job fairs through with Career Resource Corporation out of Haverhill.
 - a. Our first job fair will be held approximately within 180 of receipt of our Provisional License from the Commission.
 - b. Second and subsequent job fairs will be held as needed.
 - c. We will participate in additional job fairs and events sponsored by organizations promoting diversity in the cannabis workplace including the Mass CBA, Massachusetts Recreational Consumer Council, and Elevate New England. We will also post jobs to these organizations.
 - i. All job postings will clearly promote our hiring priorities and encourage individuals who fall into the Plan Populations to apply.
7. We will work directly with local veteran organizations, including the Haverhill Veterans Services and Career Resources Corporation, to notify their members of any and all hiring fairs and open positions and will actively recruit veterans.

Root & Bloom’s recruitment and hiring goals are to hire and retain 50% of our workforce are female, and 30% of our workforce meet the criteria of the Plan Population outlined above excluding gender.

Of the 30% that meet the Plan Population excluding gender, our goal is that 70-80% will be minorities, 5-10% will be Veterans, 5-10 will be people with disabilities and 5-10% will Be LBGTQ+

Root & Bloom is committed to utilizing, to the extent possible, minority-owned, women-owned, veteran-owned, disabled-owned, LGBTQ+-owned businesses, as suppliers, contractors and business providers. Root & Bloom recognizes that sourcing products and services from previously under-represented suppliers helps to sustain and progressively transform a company's supply chain, thus quantitatively reflecting the demographics of the communities in which we operate by recording transactions with diverse suppliers.

- Our building envelope will meet the minimum Massachusetts Building Code requirements and all Massachusetts amendments (780 CMR: State Building Code), International Energy Conservation Code (IECC) Section C402 or The American Society of Heating, Refrigerating and Air-conditioning Engineers (ASHRAE) Chapters 5.4 and 5.5 as applied or incorporated by reference in 780 CMR: State Building Code;
 - Root and Bloom will provide documentation required under 935 CMR 500.120(11)(a) in the form of an Energy Compliance Letter as part of the Architectural Review which will include a narrative confirming compliance with the building envelope requirements and the output from COMcheck™ software used to show building envelope compliance with Massachusetts Building Code, 780 CMR.
- Our Horticulture Lighting Power Density (HLPD) will not exceed 36 watts per square foot;

- Root and Bloom will provide documentation required under 935 CMR 500.120(11)(b) in the form of an Energy Compliance Letter as part of the Architectural Review which will include:
 - A narrative explanation of how the facility complies with 935 CMR 500.120(11)(b) or 501.120(12)(b), supported by copies of the facility lighting schedule, square footage of canopy, description of HLE, number, type, and wattage of all HLE as well as the calculations that show compliance with the HLPD requirements;
 - Cutsheets for all HLE to be submitted as part of the Architectural Review;
 - Detailed identification of the stamped plans showing the layout of all HLE, which means any lighting equipment (e.g. fixtures, bulbs, ballasts, controls, etc.) that uses energy for the cultivation of plants, at any stage of growth (e.g. germination, cloning/mother plants, propagation, vegetation, flowering, and harvest);
 - Detailed identification of the stamped plans showing the areas considered as HLSF;
 - Description of an eye safety plan that includes the following:
 - Safety protocols related to eye safety for those exposed to horticultural lighting;
 - Communication plan for how eye safety protocols will be communicated to employees;
 - Description of how protective eyewear will be provided for anyone coming in to contact with active horticultural lights;
 - Description of signage that will be used to remind workers of eye safety;
 - Affirmation that the safety protocols will be reviewed and updated by the Cultivation Facility on an annual basis.
- Our Heating Ventilation and Air Condition (HVAC) and dehumidification systems will meet Massachusetts Building Code requirements and all Massachusetts amendments (780 CMR State Building Code), IECC Section C403 or ASHRAE Chapter 6 as applied or incorporated by reference in (780 CMR: State Building Code)
 - Root and Bloom will provide documentation required under 935 CMR 500.120(11)(c) in the form of an Energy Compliance Letter as part of the Architectural Review which will include:
 - A certification from a Massachusetts Licensed Mechanical Engineer that the HVAC and dehumidification systems meet Massachusetts building code as specified in this 935 CMR 500.120(11)(c) and that such systems have been evaluated and sized for the anticipated loads of the facility.
 - Total of tons of refrigeration (TR), thousands of British thermal units (BTUs) per hour (MBH), and a listing of all HVAC equipment to be installed. The information provided in the letter must be supported by equipment data sheets available immediately upon request.
 - Total of tons of dehumidification (TD), and a listing of all dehumidification equipment to be installed, supported by equipment data sheets.

- Details about energy recovery equipment installed as part of the ventilation system.
- A listing of all odor mitigation equipment to be installed. The information provided in the letter must be supported by equipment data sheets available immediately upon request.

Additionally, Root and Bloom will work closely with our local utility companies to create and execute interactive Energy Savings Plans, by means of:

- Understanding how we use energy through analysis generation;
- Compare our operation with similar businesses and act accordingly;
- Intake customized energy improvement recommendations from professionals; and
- Utilize cost incentives through utility energy performance.

Our construction administrators, superintendents, project managers, and their subcontracted team of architects, designers, and engineers will execute the buildout processes through pre-construction, construction, and review construction phases within preliminary planning guidelines that ensure the highest capacity of energy efficiency, both on the job and throughout the reasonable lifespan of the operation, including but not limited to:

- The purchase and installation of the highest R-Value insulation materials, that actively resist the conductive flow of heat, wherever applicable on site;
- The purchase and installation of LED lighting systems;
- The removal and disposal of outdated HVAC systems, with the purchase and installation of advanced HVAC systems and all associated ductwork.

Further practices to maintain energy efficiency throughout daily operations include:

- Using power strips to power all devices, and turning off all power strips at the conclusion of the closing process (excludes security systems);
- Using communal printers, coffee makers, microwave ovens, and refrigerators;
- Turning off monitors when leaving for more than one hour;
- Save paper by only photocopying what is absolutely needed, and always using the second side of sheets by either printing on both sides or using the blank side as scratch paper;
- Report any obvious energy waste or material deficiencies such as broken heaters or air leaks up the chain of command;
- Close or tilt window blinds to block direct sunlight to reduce cooling needs during warmer months;
- Prohibiting the use of individual space heaters;
- Using Energy Star labeled appliances.
