Plan to Positively Impact Areas of Disproportionate Impact

Overview

Solar Therapeutics INC. (“Solar Thera”) is dedicated to serving and supporting the areas around it, particularly those that are classified as areas of disproportionate impact. Marijuana businesses have an obligation to the health and well-being of their customers as well as the communities that have had historically high rates of arrest, conviction, and incarceration related to marijuana crimes. It is Solar Thera's intention to be a contributing, positive force in areas of disproportionate impact and to assist in changing the perception of those associated with marijuana use.

Solar Thera’s Team

Solar Thera’s board members and executive team is made up of 20% individuals from Black, African American, Native American, Hispanic, or Latino descent. Solar Thera’s team consists of 20% of individuals who have previously held positions in organizations that primarily serve areas of disproportionate impact or where primary responsibilities included economic education, resource provision, or empowerment to disproportionately impacted individuals or communities.

Past experience of board member Michael Maxim includes assisting a Native American Community by administering support programs that nurture the positive social and academic development of tribal members. For the sustainability of the community, youth leadership skills were promoted and cultivated while, deepening their understanding of tribal history, culture, and the natural environment.

The Tribe strives to increase the number of tribal members, who enroll, matriculate in, and successfully complete college and graduate school programs. The Tribe maintains their mission by working with schools, colleges and other educational cultural and social institutions to meet our common objectives by exploring avenues and approaches to provide holistic, creative community-based educational programs.

As Solar Thera expands, Solar Thera’s goal will be to maintain 20% of individuals that currently reside in an area of disproportionate impact or have lived for five of the preceding ten years in an area of disproportionate impact. Solar Thera will also strive to maintain a staff comprised of at least 10% of individuals that have a drug-related CORI but are otherwise legally employable in a cannabis-related enterprise. In alignment with Solar Thera’s Diversity Plan, Solar Thera will focus hiring and education efforts on diverse populations including individuals from Black, African American, Native American, Hispanic or Latino descent.

Plan Administration

The Chief Operation Officer (“COO”) will administer the Plan to Positively Impact Areas of Disproportionate Impact (the “Plan”). The COO will be responsible for developing measurable outcomes and ensure Solar Thera continues

to meet its commitment to the community. The COO will also be responsible for forming philanthropic partnerships in the community to implement and enhance the Plan.

Continuing Efforts

To provide continuing service and reinvestment into areas of disproportionate impact, Solar Thera is committed to programming, restorative justice, jail diversion, workforce development, industry-specific technical assistance, and mentoring services in areas of disproportionate impact. Solar Thera is committed to hosting and participating in events that will support Mansfield and other areas of disproportionate impact such as community service days, charity events, and educational seminars. Solar Thera will require all executives, managers, and employees to participate quarterly in a community service day. Each community service day will be organized with a charitable or local organization in an area of disproportionate impact. Further plans to reach the goal of positively affect areas of disproportionate impact may include the following:

No business shall be transacted at a special meeting unless its general nature shall have been specified in the notice of such meeting; *provided, however*, that any business may be validly transacted if the requirements for such validity, as provided in Section 2.12 of these Bylaws, are met.

Section 2.04 Shareholder Nominations and Proposals. For business (including, but not limited to Director nominations) to be properly brought before an annual or special meeting by a shareholder, the shareholder or shareholders of record intending to propose the business (the "Proposing Shareholder") must have given written notice of the Proposing Shareholder's nomination or proposal, either by personal delivery or by the United States mail to the Secretary of the Corporation. In the case of an annual meeting, the Proposing Shareholder must give such notice to the Secretary of the Corporation no earlier than one hundred and twenty (120) calendar days and no later than ninety (90) calendar days before the date such annual meeting is to be held. If the current year's meeting is called for a date that is not within thirty (30) days of the anniversary of the previous year's annual meeting, notice must be received not later than ten (10) calendar days following the day on which public announcement of the date of the annual meeting is first made. In no event will an adjournment or postponement of an annual meeting of shareholders begin a new time period for giving a Proposing Shareholder's notice as provided above.

For business to be properly brought before a special meeting of shareholders, the notice of meeting sent by or at the direction of the person calling the meeting must set forth the nature of the business to be considered. A shareholder or shareholders who have made a written request for a special meeting pursuant to Section 2.03 of these Bylaws may provide the information required for notice of a shareholder proposal under this Section 2.04 simultaneously with the written request for the

meeting submitted to the Secretary or within ten (10) calendar days after delivery of the written request for the meeting to the Secretary.

A Proposing Shareholder's notice shall include as to each matter the Proposing Shareholder proposes to bring before either an annual or special meeting:

- (a) The name(s) and address(es) of the Proposing Shareholder(s).
- (b) The classes and number of shares of capital stock of the Corporation held by the Proposing Shareholder.
- (c) If the notice regards the nomination of a candidate for election as Director:
 - (i) The name, age, business and residence address of the candidate;
 - (ii) The principal occupation or employment of the candidate; and
 - (iii) The class and number of shares of the Corporation beneficially owned by the candidate.
- (d) If the notice is in regard to a proposal other than a nomination of a candidate for election as Director, a brief description of the business desired to be brought before the meeting and the material interest of the Proposing Shareholder of such proposal.

Section 2.05 Notice of Shareholders' Meeting. Except as otherwise provided by law, written notice stating the place, day and hour of the meeting, and, in case of a special meeting, the nature of the business to be transacted at the meeting, shall be given at least ten (10) days (or, if sent by third class mail, thirty (30) days) and not more than sixty (60) days before the meeting. In the case of an annual meeting, notice will include matters the Corporation's Board of Directors intends, at the time of the giving of the first of such notices, to present to the shareholders for action, and in the case of a meeting at which Directors are to be elected, the names of nominees that the Board of Directors, at the time of the giving of the first of such notices, intends to present to the shareholders for election. Proof that notice was given shall be made by affidavit of the Secretary, assistant Secretary, transfer agent or Director, or of the person acting under the direction of any of the foregoing, who gives such notice, and such proof of notice shall be made part of the minutes of the meeting. Such affidavit shall be prima facie evidence of the giving of such notice. It shall not be necessary to state in a notice of any meeting of shareholders as a purpose thereof any matter relating to the procedural aspects of the conduct of such meeting.

Notice shall be given personally, by electronic transmission or by mail, by or at the direction of the Secretary, or the officer or person calling the meeting, to each shareholder entitled to vote at the meeting. If remote participation in the meeting has been authorized by the Board of Directors, the notice shall also provide a description of the means of any electronic transmission by and to the Corporation or electronic video screen communication by which shareholders may be considered present and may vote and otherwise participate at the meeting.

If mailed, the notice shall be deemed to be given when deposited in the United States mail addressed to the shareholder at the shareholder's address as it appears on the share transfer records

of the Corporation, with postage thereon prepaid. Notice may be given to the shareholder by electronic transmission with the consent of the shareholder. Notice by electronic transmission is deemed given when the notice satisfies any of the following requirements:

- (a) Transmitted to a facsimile number provided by the shareholder for the purpose of receiving notice.
- (b) Transmitted to an electronic mail address provided by the shareholder for the purpose of receiving notice.
- (c) Posted on an electronic network, with a separate notice sent to the shareholder at the address provided by the shareholder for the purpose of alerting the shareholder of a posting.
- (d) Communicated to the shareholder by any other form of electronic transmission consented to by the shareholder.

Notice shall not be given by electronic transmission to a shareholder after either (i) the Corporation is unable to deliver two consecutive notices to such shareholder by such means or (ii) the inability to deliver such notices to such shareholder becomes known to any person responsible for giving such notices. Any person entitled to notice of a meeting may file a written waiver of notice with the Secretary either before or after the time of the meeting. The participation or attendance at a meeting of a person entitled to notice constitutes waiver of notice, except where the person objects, at the beginning of the meeting, to the lawfulness of the convening of the meeting and except that attendance is not a waiver of any right to object to conducting business at a meeting that is required to be included in the notice of the meeting, but not so included.

Section 2.06 Persons Entitled to Vote. Except as otherwise provided by law, and except when a record date has been fixed, only persons in whose names shares entitled to vote stand on the stock records of the Corporation at the close of business on the business day next preceding the day on which notice is given shall be entitled to notice of a shareholders' meeting, or to vote at such meeting. In the event notice is waived, only persons in whose names shares entitled to vote stand on the stock records of the Corporation at the close of business on the business day next preceding the day on which the meeting is held shall be entitled to vote. If no record date has been fixed, the record date shall be:

- (a) For determining shareholders entitled to give consent to action by the Corporation without a meeting, the day on which the first written consent is given.
- (b) For determining shareholders for any other purpose, the later of (i) the day on which the Board of Directors adopts the resolution relating thereto, or (ii) the sixtieth (60th) day prior to the date of such other action.

Section 2.07 Fixing the Record Date. The Board of Directors may fix a time in the future as a record date to determine the shareholders entitled to notice of, and to vote at, any meeting of shareholders or give written consent to action by the Corporation without a meeting or entitled to receive any dividend or distribution, or to any change conversion, or exchange of shares.

A record date fixed under this Section 2.07 may not be more than sixty (60) days or less than ten (10) days before the meeting or more than sixty (60) days before any other action requiring a determination of shareholders. When a record date is so fixed, only shareholders of record at the close of business on that date are entitled to notice of and to vote at the meeting or to receive the dividend, distribution or allotment of rights, or to exercise the rights, as the case may be, notwithstanding any transfer of any shares on the books of the Corporation after the record date. In the event any meeting of shareholders is adjourned for more than forty-five (45) days from the date set for the original meeting, the Board shall fix a new record date for purposes of giving notice of, and determining the holders of shares entitled to vote at, such adjourned meeting.

Section 2.08 Quorum of and Action by Shareholders. The presence at a meeting in person or by proxy of the persons entitled to vote a majority of the voting shares constitutes a quorum for the transaction of business. The shareholders present at a duly called or held meeting at which a quorum is present may continue to do business until adjournment notwithstanding the withdrawal of such number of shareholders so as to leave less than a quorum, if any action taken, other than adjournment, is approved by at least a majority of the shares required to constitute a quorum, except as otherwise provided by law. Except as otherwise provided by law, herein or in the Articles of Entity Conversion, the affirmative vote of a majority of the shares represented at a meeting at which a quorum is present, shall be the act of the shareholders.

Section 2.09 Adjourned Meetings and Notice Thereof. Any shareholders' meeting, annual or special, whether or not a quorum is present, may be adjourned from time to time by a vote of the majority of the shares present, in person or proxy. When a meeting is adjourned for forty-five (45) days or more, or if a new record date for the adjourned meeting is fixed by the Board of Directors, notice of the adjourned meeting shall be given to such shareholders of record entitled to vote at the adjourned meeting, as in the case of any original meeting. When a meeting is adjourned for less than forty-five (45) days, and a new record date is not fixed by the Board of Directors, it shall not be necessary to give any notice of the time and place of the adjourned meeting, means of electronic transmission or electronic video screen communication, if any, or of the business to be transacted thereat other than by announcement at the meeting at which the adjournment is taken, provided only business that might have been transacted at the original meeting may be conducted at such adjourned meeting.

Section 2.10 Conduct of Meetings. The Board of Directors may adopt by resolution rules and regulations for the conduct of meetings of the shareholders as it shall deem appropriate. At every meeting of the shareholders, the President, or in his or her absence or inability to act, a Director or officer designated by the Board of Directors, shall serve as the presiding officer. The Secretary or, in his or her absence or inability to act, the person whom the presiding officer of the meeting shall appoint secretary of the meeting, shall act as secretary of the meeting and keep the minutes thereof.

The presiding officer shall determine the order of business and, in the absence of a rule adopted by the Board of Directors, shall establish rules for the conduct of the meeting. The presiding officer shall announce the close of the polls for each matter voted upon at the meeting, after which no ballots, proxies, votes, changes or revocations will be accepted. Polls for all matters before the meeting will be deemed to be closed upon final adjournment of the meeting.

Section 2.11 Voting of Shares. Unless otherwise provided by law or in the Articles of Entity Conversion, each shareholder entitled to vote is entitled to one (1) vote for each share of Common Stock. Any holder of shares entitled to vote on any matter may vote part of such shares in favor of the proposal and refrain from voting the remaining shares or vote them against the proposal. If a shareholder fails to specify the number of shares such shareholder is voting affirmatively, it will be conclusively presumed that the shareholder's approving vote is with respect to all shares such shareholder is entitled to vote.

Section 2.12 Consent of Absentees. The transactions of any meeting of shareholders, however called or noticed, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice, or a consent to the holding of such meeting, or an approval of the minutes thereof. The waiver, notice or consent need not specify the business transacted or purpose of the meeting, except as required by Chapter 156D. All such waivers, consents or approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 2.13 Voting by Proxy or Nominee. Every person entitled to vote or execute consents may do so either in person or by one (1) or more agents authorized by a written proxy executed by the person or such person's duly authorized agent and filed with the Secretary of the Corporation. A proxy is not valid after the expiration of eleven (11) months from the date of its execution, unless the person executing it specifies therein the length of time for which it is to continue in force. Except as set forth below, any proxy duly executed is not revoked, and continues in full force and effect, until an instrument revoking it, or a duly executed proxy bearing a later date, executed by the person executing the prior proxy and presented to the meeting, is filed with the Secretary of the Corporation, or unless the person giving the proxy attends the meeting and votes in person, or unless written notice of the death or incapacity of the person executing the proxy is received by the Corporation before the vote by such proxy is counted. A proxy that states on its face that it is irrevocable will be irrevocable for the period of time specified in the proxy, if held by a person (or nominee of a person) specified by law to have sufficient interest to make such proxy irrevocable and only so long as he shall have such interest, subject to G.L. c. 156D, § 7.22.

Section 2.14 Action by Shareholders Without a Meeting. Any action, that, under any provision of Chapter 156D may be taken at a meeting of the shareholders, may be taken without a meeting and without prior notice if a consent in writing, setting forth the action so taken, shall be signed by the holders of the outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares are entitled to vote thereon were present and voted; *provided, however*, that unless the consents of all shareholders entitled to vote have been solicited in writing, notice shall be given (in the same manner as notice of meetings is to be given), and within the time limits prescribed by law, of such action to all shareholders entitled to vote who did not consent in writing to such action; and *provided, further*, that Directors may be elected by written consent only if such consent is unanimously given by all shareholders entitled to vote, except that action taken by shareholders to fill one (1) or more vacancies on the Board other than a vacancy created by the removal of a Director, may be taken by written consent of a majority of the outstanding shares entitled to vote.

ARTICLE III: DIRECTORS

Section 3.01 Number of Directors; Identity of Initial Directors. The authorized number of Directors of the Corporation shall be three (3) until changed by an amendment to these Bylaws duly adopted in accordance with these Bylaws by the vote or written consent of a majority of the outstanding shares entitled to vote. The initial Directors shall be:

- (a) Edward Dow III.;
- (b) Ronald Rapoport; and
- (c) Michael Maxim;

Section 3.02 Powers. All corporate power shall be exercised by, or under the authority of, and the business and affairs of the Corporation shall be managed under the direction of, the Board of Directors, except such powers expressly conferred upon or reserved to the shareholders, and subject to any limitations set forth by law, by the Articles of Entity Conversion or by these Bylaws.

Without limiting the generality of the foregoing, and subject to the same limitations, it is hereby expressly declared that the Directors shall have the power and, to the extent required by law, the duty to:

(a) Appoint and remove at pleasure of the Board all officers, managers, management companies, agents and employees of the Corporation, prescribe their duties in addition to those prescribed in these Bylaws, supervise them, fix their compensation and require from them security for faithful service. Such compensation may be increased or diminished at the pleasure of the Directors;

(b) Conduct, manage and control the affairs and business of the Corporation, make rules and regulations not inconsistent with the Articles of Entity Conversion or applicable law or these Bylaws, make all lawful orders on behalf of the Corporation and prescribe in the manner of executing the same;

(c) Incur indebtedness and borrow money on behalf of the Corporation and designate from time to time the person or persons who may sign or endorse checks, drafts or other orders of payment of money, notes or other evidences of indebtedness, issued in the name of, or payable to, the Corporation, and prescribe the manner of collecting or depositing funds of the Corporation and the manner of drawing checks thereon;

(d) Appoint by resolution of a majority of the authorized number of Directors an executive committee and other committees and delegate to the executive committee any of the powers and authorities of the Board in the management of the business and affairs of the Corporation, except the powers to (i) fill vacancies on the Board or any committee, (ii) fix compensation of Directors; (iii) adopt, amend or repeal these Bylaws; (iv) amend or repeal resolutions of the Board that are expressly non-amendable or not able to be repealed; (v) declare a dividend or distribution to shareholders or authorize the repurchase of the Corporation's shares except at a rate, in a periodic amount or within a range,

determined by the Board; (vi) establish other committees of the Board; or (vii) approve any action that in addition to Board approval requires shareholder approval. The executive committee shall be composed of two (2) or more Directors. The provisions of these Bylaws regarding notice and meetings of Directors shall apply to all committees;

(e) Authorize the issuance of stock of the Corporation from time to time, upon such terms as may be lawful; and

(f) Prepare an annual report to be sent to the shareholders after the close of the fiscal or calendar year of this Corporation, which report shall comply with the requirements of law. To the extent permitted by law, the requirements that an annual report be sent to shareholders and the time limits for sending such reports are hereby waived, the Directors, nevertheless, having the authority to cause such report to be sent to shareholders.

Section 3.03 Term of Office. Directors shall hold office until the next annual meeting of shareholders and until their successors are elected.

Section 3.04 Vacancies and Newly Created Directorships. A vacancy on the Board of Directors exists in case of the occurrence of any of the following events:

(a) The death, resignation or removal of any Director.

(b) The removal or declaration of vacancy by the Board of Directors of a Director who has been declared of unsound mind by a court order or convicted of a felony.

(c) The Director is a member who is divested from ownership of the marijuana business resulting from a decision by either the state or local licensing authority.

(d) The authorized number of Directors is increased.

(e) At any annual, regular or special meeting of shareholders at which any Director is elected, the shareholders fail to elect the full authorized number of Directors to be voted for at that meeting.

All vacancies may be filled by the approval of the Board of Directors or, if there is less than a quorum of Directors, by (i) a vote of the majority of the remaining Directors at a meeting held pursuant to notice or waivers of notice complying with G.L. c. 156D, (ii) unanimous written consent or (iii) a sole remaining Director. Each Director so elected shall hold office until his successor is elected at an annual, regular or special meeting of the shareholders. The shareholders may, by vote or written consent of a majority of outstanding shares entitled to vote in the election of Directors, elect a Director at any time to fill any vacancy not filled by the Directors. The shareholders may, by vote of a majority of outstanding shares entitled to vote in the election of Directors or unanimous written consent, elect a Director at any time to fill any vacancy created by removal of a Director, except that a vacancy created pursuant to clause (b) of this Section 3.04 may be filled by the Board of Directors. If the Board of Directors accepts the resignation of a Director tendered to take effect at a future time, the Board or the shareholders may elect a successor to take office when the resignation becomes effective. A reduction of the authorized number of Directors does not remove any Director prior to the expiration of that Director's term of office.

Section 3.05 Removal. The Board of Directors may declare vacant the office of a Director who has been declared of unsound mind by an order of the court or convicted of a felony, or who has been barred from ownership of a marijuana business by a final decision of an applicable state or local licensing authority, or otherwise in a manner provided by law.

Any or all of the Directors may be removed from office at any duly called meeting without cause by a vote of the shareholders entitled to elect them. If one (1) or more Directors are so removed at a meeting of shareholders, the shareholders may elect new Directors at the same meeting.

Section 3.06 Resignation. A Director may resign effective on giving written notice to the President, unless the notice specifies a later effective date.

Section 3.07 Meetings of Directors.

(a) **Regular Meetings.** A regular annual meeting of the Board shall be held immediately after, and at the same place as, the annual meeting of shareholders for the purpose of electing officers and transacting any other business. The Board may provide for other regular meetings from time to time by resolution.

(b) **Special Meetings.** Special meetings of the Board for any purpose or purposes may be called at any time by the President, the Secretary, by any two (2) Directors or by one (1) Director in the event that there is only one (1) Director. Notice of the time and place of special meetings shall be delivered by mail, electronic delivery or orally. If notice is mailed, it shall be deposited in the United States mail at least four (4) days before the time of the meeting. In the case the notice is delivered either orally or by electronic delivery shall be delivered at least forty-eight (48) hours before the time of the meeting. Any oral notice given personally or by telephone may be communicated either to the Director or to a person at the office of the Director whom the person giving notice has reason to believe will promptly communicate it to the Director. The notice need not specify the purpose of the meeting nor the place if it is to be held at the principal office of the Corporation.

(c) **Place of Meetings.** Meetings of the Board may be held at any place within or without the Commonwealth of Massachusetts that has been designated in the notice. If a place has not been stated in the notice or there is no notice, meetings shall be held at the principal office of the Corporation unless another place has been designated by a resolution duly adopted by the Board.

Section 3.08 Electronic Participation. Members of the Board may participate in a meeting through conference telephone, electronic video screen communication or other electronic transmission by and to the Corporation. Participation in a meeting by conference telephone or electronic video screen communication constitutes presence in person as long as all Directors participating can hear one another. Participation by other electronic transmission by and to the Corporation (other than conference telephone or electronic video screen communication) constitutes presence in person at the meeting as long as participating Directors can communicate with other participants concurrently, each Director has the means to participate in all matters before the Board, including the ability to propose or object to a specific corporate action, and the

Corporation implements some means of verifying that each person participating is entitled to participate and all votes or other actions are taken by persons entitled to participate.

Section 3.09 Quorum of and Action by Directors. A majority of the authorized number of Directors constitutes a quorum of the Board for the transaction of business. Every act or decision done or made by a majority of the Directors present at a meeting duly held at which a quorum is present is the act of the Board of Directors, unless G.L. c. 156D or the Articles of Entity Conversion require a greater number. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, if any action is approved by at least a majority of the Directors who constitute the required quorum for such meeting. A quorum of the Directors may adjourn any Directors' meeting to meet again at a stated time and place. In the absence of quorum, a majority of the Directors present may adjourn from time to time. Notice of the time and place of a meeting that has been adjourned for more than twenty-four (24) hours shall be given to the Directors not present at the time of the adjournment.

Section 3.10 Compensation. Directors may receive compensation for their services, and the Board of Directors may authorize payment of a fixed fee and expenses of attendance, if any, for attendance at any meeting of the Board of Directors or committee thereof. A Director shall not be precluded from serving the Corporation in any other capacity and receiving compensation for services in that capacity. The Directors may, from time to time, establish compensation policies of the Corporation consistent with this Section 3.10.

Section 3.11 Action by Directors Without a Meeting. Any action required or permitted to be taken by the Board of Directors or any committee thereof under G.L. c. 156D may be taken without a meeting if, prior or subsequent to the action, a consent or consents thereto by all of the Directors in office, or all the committee members then appointed, is filed with the Secretary to be filed with the minutes of the proceedings of the Board of Directors. Such action by written consent shall have the same force and effect as a unanimous vote of such Directors.

Section 3.12 Committees of the Board of Directors. The Board of Directors, by resolution adopted by a majority of authorized Directors, may designate one (1) or more committees, each consisting of two (2) or more Directors, to serve at the pleasure of the Board and to exercise the authority of the Board of Directors to the extent provided in the resolution establishing the committee and permitted by law. The Board of Directors may adopt governance rules for any committee consistent with these Bylaws. The provisions of these Bylaws applicable to meetings and actions of the Board of Directors shall govern meetings and actions of each committee, with the necessary changes made to substitute the committee and its members for the Board of Directors and its members.

A committee of the Board of Directors does not have the authority to:

- (a) Approve actions that require approval of the shareholders or the outstanding shares.
- (b) Fill vacancies on the Board or in any committee.
- (c) Fix compensation of the Directors for serving on the Board or on any committee.

- (d) Amend or repeal bylaws or adopt new bylaws.
- (e) Amend or repeal any resolution of the Board of Directors that by its terms is not so amendable or repealable.
- (f) Make a distribution to shareholders, except at a rate, in a periodic amount or within a price range set forth in the Articles of Entity Conversion or determined by the Board.
- (g) Appoint other committees or Board members.

The Board of Directors, by resolution adopted by the majority of authorized Directors, may designate one (1) or more Directors as alternate members of any committee who may replace any absent or disqualified member at any meeting of the committee or for the purposes of any written action by the committee.

The designation of a committee of the Board of Directors and the delegation thereto of authority shall not operate to relieve the Board of Directors, or any member thereof, of any responsibility imposed by law.

ARTICLE IV: OFFICERS

Section 4.01 Positions and Election. The officers of the Corporation shall be elected by the Board of Directors and shall be a President, a Secretary, a Treasurer and all other officers as may from time to time be determined by the Board of Directors. At the discretion of the Board of Directors, the Corporation may also have other officers, including but not limited to one (1) or more Vice Presidents or assistant Vice Presidents, one (1) or more assistant Secretaries, a Chief Financial Officer and a Chief Operations Officer, as may be appointed by the Board of Directors, with such authority as may be specifically delegated to such officers by the Board of Directors. Any two (2) or more offices may be held by the same person.

Officers shall be elected annually at the meeting of the Board of Directors held after each annual meeting of shareholders. Each officer shall serve until a successor is elected and qualified or until the earlier death, resignation or removal of that officer. Vacancies or new offices shall be filled at the next regular or special meeting of the Board of Directors.

Section 4.02 Removal and Resignation. Any officer elected or appointed by the Board of Directors may be removed with or without cause by the affirmative vote of the majority of the Board of Directors. Removal shall be without prejudice to the contract rights, if any, of the officer so removed.

Any officer chosen by the Board of Directors may resign at any time by giving written notice to the Corporation. Unless a different time is specified in the notice, the resignation shall be effective upon its receipt by the President, the Secretary or the Board.

Section 4.03 Powers and Duties of Officers. The powers and duties of the officers of the Corporation shall be as provided from time to time by resolution of the Board of Directors or by direction of an officer authorized by the Board of Directors to prescribe the duties of other

officers. In the absence of such resolution, the respective officers shall have the powers and shall discharge the duties customarily and usually held and performed by like officers of corporations similar in organization and business purposes to the Corporation subject to the control of the Board of Directors.

ARTICLE V: INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 5.01 Indemnification of Officers or Directors. The Corporation shall, to the extent permitted by G.L. c. 156D, indemnify all persons who have served or may serve at any time as officers or Directors of the Corporation and their heirs, executors, administrators, successors and assigns, from and against any and all loss and expense, including amounts paid in settlement before or after suit is commenced, and reasonable attorney's fees, actually and necessarily incurred as a result of any claim, demand, action, proceeding or judgment that may have been asserted against any such persons, or in which these persons are made parties by reason of their being or having been officers or Directors of the Corporation. This right of indemnification shall not exist in relation to matters as to which it is adjudged in any action, suit or proceeding that these persons are liable for negligence or misconduct in the performance of duty.

Section 5.02 Non-Exclusivity of Indemnification Rights and Authority to Insure. The foregoing rights of indemnification and advancement of expenses shall be in addition to and not exclusive of any other rights to which any person may be entitled pursuant to any agreement with the Corporation, or under any statute, provision of the Articles of Entity Conversion or any action taken by the Directors or shareholders of the Corporation.

The Corporation may buy and maintain insurance to protect itself and any agent against any expense asserted against them or incurred by an agent, whether or not the Corporation could indemnify the agent against the expense under applicable law or the provisions of this Article V.

ARTICLE VI: SHARE CERTIFICATES AND TRANSFER

Section 6.01 Share Certificates. Shares of the Corporation may, but need not, be represented by certificates. Each certificate issued shall bear all statements or legends required by law to be affixed thereto. For all shares issued or transferred without certificates, the Corporation shall within a reasonable time after such issuance or transfer send the shareholder a written statement of the information required on share certificates pursuant to G.L. c. 156D, § 6.25(b) & (c) and § 6.27. Shareholders can request and obtain a statement of rights, restrictions, preferences and privileges regarding classified shares or a class of shares with two (2) or more series, if any, from the Corporation's principal office. Each certificate issued shall bear all statements or legends required by law to be affixed thereto.

Every certificate for shares shall be signed by (i), the President, or a Vice President and (ii) the Chief Financial Officer, an assistant Treasurer, the Secretary or any assistant Secretary.

Section 6.02 Transfers of Shares. Transfer of shares of the Corporation shall be made only on the books of the Corporation by the registered holder thereof or by such other person as may under law be authorized to endorse such shares for transfer, or by such shareholder's attorney thereunto authorized by power of attorney duly executed and filed with the Secretary or transfer agent of the Corporation. Except as otherwise provided by law, upon surrender to the Corporation

or its transfer agent of a certificate for shares duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the Corporation to issue a new certificate to the person entitled thereto, cancel the old certificate and record the transaction upon its books.

Section 6.03 Registered Shareholders. The Corporation may treat the holder of record of any shares issued by the Corporation as the holder in fact thereof, for purposes of voting those shares, receiving distributions thereon or notices in respect thereof, transferring those shares, exercising rights of dissent with respect to those shares, exercising or waiving any preemptive right with respect to those shares, entering into agreements with respect to those shares in accordance with the laws of the Commonwealth of Massachusetts or giving proxies with respect to those shares.

Section 6.04 Lost, Stolen, or Destroyed Certificates. The Board of Directors may issue a new share certificate in place of any certificate it previously issued that the shareholder alleges to have been lost, stolen or destroyed provided that the shareholder or the shareholder's legal representative of the lost, stolen or destroyed certificate shall give the Corporation a bond or other adequate security sufficient to indemnify the Corporation against any potential claim against the Corporation because of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate.

ARTICLE VII: CORPORATE RECORDS AND INSPECTION

Section 7.01 Records. The Corporation shall maintain adequate and correct books and records of account, minutes of the proceedings of the shareholders, Board of Directors and committees of the Board of Directors, and a record of its shareholders, including names and addresses of all shareholders and the number and class of shares held, along with any other records required by law. The Corporation shall keep such record of its shareholders at its principal office, as fixed by the Board of Directors from time to time, or at the office of its transfer agent or registrar. The Corporation shall keep its books and records of account and minutes of the proceedings of the shareholders, Board of Directors and committees of the Board of Directors at its principal office, or such other location as shall be designated by the Board of Directors from time to time.

Section 7.02 Inspection of Books and Records. The Corporation's accounting books and records and minutes of proceedings of the shareholders, Board of Directors and committees of the Board of Directors shall, to the extent provided by law, be open to inspection of Directors, shareholders and voting trust certificate holders, in the manner provided by law.

Section 7.03 Certification and Inspection of Bylaws. The Corporation shall keep in its principal office the original or a copy of these Bylaws as amended or otherwise altered to date, which shall be open to inspection by the shareholders at all reasonable times during office hours.

ARTICLE VIII: MISCELLANEOUS

Section 8.01 Checks, Drafts, Etc. All checks, drafts or other instruments for payment of money or notes of the Corporation shall be signed by an officer or officers or any other person or persons as shall be determined from time to time by resolution of the Board of Directors.

Section 8.02 Conflict with Applicable Law or Articles of Entity Conversion. Unless the context requires otherwise, the general provisions, rules of construction and the definitions of G.L. c. 156D shall govern the construction of these Bylaws. These Bylaws are adopted subject to any applicable law and the Articles of Entity Conversion. Whenever these Bylaws may conflict with any applicable law or the Articles of Entity Conversion, such conflict shall be resolved in favor of such law or the Articles of Entity Conversion.

Section 8.03 Invalid Provisions. 7.2 CEO / COO / CFO

Edward Dow III: (Chief Executive Officer and Chief Operating Officer)

Edward is a graduate of University of New Hampshire, and is actively pursuing his Master's in Business at University of Massachusetts. Edward has a diverse professional background, ranging from engineering, to sales management, and corporate management.

Currently Edward steers Dow Capital Partners, an investment firm comprised of a diverse group of professionals that controls over \$7 million in assets. He also directs Solar Therapeutics, an innovative 67,000 square foot marijuana establishment that will supply both medical and recreational marijuana products upon completion of build-out. Solar Therapeutics is designed based on all industry best-practices while employing extensive green-initiative equipment including solar fields, natural gas cogeneration units, as well as battery storage and rain water collection. There are no known comparable grow facilities within the country.

Edward has an extensive engineering background, formerly working for Woods Hole Oceanographic Institution (WHOI). Originally an engineering assistant at the Advanced Engineering Labs, he was responsible for managing production and build schedule for commercial sensors and instrumentation. Duties evolved to design and lead to his eventual title of Engineer with the Deep Submergence Laboratory (DSL). At DSL, Edward was able to travel the world mobilizing ROV Jason, a remotely operated underwater vehicle. Extensive mechanical and electrical systems were routinely assembled and disassembled on ships around the world. Assembly and transport required extensive logistical shipping, management between contractors, routine heavy equipment and crane operations, as well as hard 'shipping out' deadlines.

While designing parts and equipment at WHOI, Edward realized a supply gap within the engineered metal finishing space. It was clear that engineers were specifying consistent, hard anodized finishes that required tighter tolerances than local industry provided. It was then Edward began the design and construction of Bay State Metal Finishing (BSM) in January 2012. BSM provides engineered metal finishes used within multiple high-tech industries including oceanography, aeronautics, and automated machinery. Duties involved design and construction of an industrial processing facility while working with all relevant local and federal zoning authorities, permitting boards, along with engineers, contractors, and local municipalities. Special variances were routinely worked through, as well as continual collaboration with regulatory authorities. Facility includes advanced process equipment, gantry cranes, automated HVAC systems, and on-site water treatment plant. Bay State Metal still serves the underwater science and exploration industry.

Additionally, Edward completed a year-long corporate management training program, and subsequently worked in all aspects of commercial sales within the construction industry for Wolesly PLC (Now Ferguson PLC) for the following two years prior to WHOI.

Edward will leverage his multi-faceted experience to implement the strategy and operations of Solar Therapeutics.

In Massachusetts, cannabis-related sales are expected to increase from \$106 million in 2017 to \$457 millions in 2018, and eventually to \$1.4 billion in 2025. Solar Thera is prepared to position itself well in this market and contribute to this growth through a highly experienced team of successful operators working under an established framework of high quality standard operating procedures, research and development plans, and growth strategies. In doing so, Solar Thera looks forward to working cooperatively with all the municipalities in which it is operating to help spread the benefits this market will yield.

Plan for Separating Recreational from Medical Operations

Solar Therapeutics Inc. (“Solar Thera”) has developed plans to ensure virtual and physical separation between medical and adult use marijuana operations in accordance with 935 CMR 500.101(2)(e)(4).

Using a sophisticated and customized seed-to-sale and Point of Sale (POS) software system approved by the Commission, Solar Thera will virtually separate medical and adult-use operations by designating at the point of sale whether a particular marijuana product is intended for sale to a registered patient/caregiver or a verified consumer 21 years of age or older. All inventory and sales transactions will be carefully tracked and documented in these software systems.

In compliance with 935 CMR 500.140(10), Solar Thera will ensure that registered patients have access to a sufficient quantity and variety of marijuana and marijuana products to meet their medical needs at Solar Thera’s retailer establishments (if granted separate licenses by the Commission). For the first 6 months of operations, 35% of Solar Thera’s marijuana product inventory will be marked for medical use and reserved for registered patients. Thereafter, a quantity and variety of marijuana products for patients that is sufficient to meet the demand indicated by an analysis of sales data collected during the preceding 6 months will be marked and reserved for registered patients.

Marijuana products reserved for registered patients will be either: (1) maintained on site in an area separate from marijuana products intended for adult use, or (2) easily accessible at another Solar Thera location and transferable to Solar Thera’s retailer location within 48 hours. Solar Thera may transfer a marijuana product reserved for medical use to adult use within a reasonable period of time prior to the product’s date of expiration.

In addition to virtual separation, Solar Thera will provide for physical separation between the area designated for sales of medical marijuana products to patients/caregivers, and the area designated for sales of adult-use marijuana products to individuals 21 years of age or older. Within the sales area, a temporary or semi-permanent barrier, such as a stanchion or other divider, will be installed to create separate, clearly marked lines for patients/caregivers and adult-use consumers. Trained marijuana establishment agents will verify the age of all individuals, as well the validity of any Medical Use of Marijuana Program ID Cards, upon entry to the facility and direct them to the appropriate queue.

Access to the adult-use marijuana queue will be limited to individuals 21 years of age or older, regardless if the individual is registered as a patient/caregiver. Registered patients under the age of 21 will only have access to the medical marijuana queue. Registered patients/caregivers 21 years of age or older will be permitted to access either queue and will not be limited only to the medical marijuana queue.

Solar Thera will have a private area separate from the sales floor to allow a registered

patient/caregiver to meet with a trained marijuana establishment agent for confidential consultations about the medical use of marijuana.

Plan for Restricting Access to Age 21 and Older

Access to Solar Therapeutics Inc.'s ("Solar Thera") cultivation facility is limited to authorized Solar Thera agents, representatives of the Commission, representatives of other state agencies of the Commonwealth, emergency responders in the course of responding to an emergency, and any other state or local officials acting in accordance with their authorized responsibilities. Any authorized individual granted access to the cultivator facility must be 21 years of age and older. Upon entry into the premises of the marijuana establishment by an authorized individual, a Solar Thera agent will immediately inspect the individual's proof of identification and determine the individual's age, in accordance with 935 CMR 500.140(2).

In the event Solar Thera discovers any of its agents intentionally or negligently diverted marijuana to an individual under the age of 21, the agent will be immediately terminated, and the Commission will be promptly notified, pursuant to 935 CMR 500.105(1)(l). Solar Thera will not hire any individuals who are under the age of 21 or who have been convicted of distribution of controlled substances to minors, pursuant to 935 CMR 500.030(1).

Pursuant to 935 CMR 500.105(4), Solar Thera will not engage in any marketing, advertising or branding practices that are targeted to, deemed to appeal to or portray minors under the age of 21. Solar Thera will not engage in any advertising, marketing and branding by means of television, radio, internet, mobile applications, social media, or other electronic communication, billboard or other outdoor advertising, including charitable, sporting or similar events, unless at least 85% of the audience is reasonably expected to be 21 years of age or older as determined by reliable and current audience composition data. Solar Thera will not manufacture or sell any edible products that resemble a realistic or fictional human, animal or fruit, including artistic, caricature or cartoon renderings, pursuant to 935 CMR 500.150(1)(b). In accordance with 935 CMR 500.105(4)(a)(5), any marketing, advertising and branding materials for public viewing will include a warning stating, **"For use only by adults 21 years of age or older. Keep out of the reach of children. Marijuana can impair concentration, coordination and judgment. At-Will Employment

In the state of Massachusetts, employment is assumed to be at-will unless otherwise stated. At-will employment implies that employer and employee alike may terminate the work relationship at any given moment and for any legitimate purpose. Wrongful termination may be more difficult to prove in an at-will arrangement because of the freedom that each party has to end the employment. However, there are still many instances wherein a termination or discharge can be called wrongful, even in an at-will employment.

The required attire for registered agents at Solar Thera varies based upon required duties. New hire training and the onboarding process will go over the workplace attire specific to each role and the department manager will be responsible for ensuring compliance with all requirements is met.

Job classification is comprised of three rank tiers: Executive Management, Management, and Non-Management Employee.

Work Schedules

Work schedules will be either part-time, full-time, or salaried, depending of the specific position. Schedules will be set according to the needs of each department as determined by the department manager and the executive manager they report to. It is the department manager's responsibility to develop and implement a work

It is also the department manager's responsibility to ensure that adequate coverage occurs on a daily basis and does not lead to unnecessary utilization of overtime coverage.

Mandatory Meetings and Community Service Days

There will be a mandatory, reoccurring company-wide meeting on a monthly basis. All personnel will be notified if their attendance is required. Certain personnel, such as housekeeping staff, may not be required to attend. Each department will have a mandatory weekly meeting scheduled by the department manager. Daily breaks, including lunch breaks, will comply with the laws of the Commonwealth.

Performance Reviews

Performance reviews will be conducted by executive or department managers. Reviews will be conducted at three-month intervals for new employees during the first year and at six-month intervals thereafter. Disciplinary Policies

Purpose

Solar Thera's progressive discipline policies and procedures are designed to provide a structured corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. The steps outlined below of Solar Thera's progressive discipline policies and procedures have been designed consistent with Solar Thera's organizational values, best practices, and state and federal employment laws.

Solar Thera reserves the right to combine or skip steps depending upon the facts of each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling, and/or training; the employee's work record; and the impact the employee's performance, conduct and/or attendance issues have on Solar Thera as an organization.

Procedure

Step 1: Counseling and Verbal Warning

Step 1 creates an opportunity for the immediate supervisor to schedule a meeting with an employee to bring attention to the existing performance, conduct, or attendance issue. The supervisor should discuss with the employee the nature of the problem and/or violation of company policies and procedures. The supervisor is expected to clearly outline expectations and steps the employee must take to improve performance or resolve the problem.

Within five business days, the supervisor will prepare written documentation of a Step 1 meeting. The employee will be asked to sign the written documentation. The employee's signature is needed to demonstrate the employee's understanding of the issues and the corrective action needed.

Step 2: Written Warning

While it is hoped that the performance, conduct, or attendance issues that were identified in Step 1 have been corrected, Solar Thera recognizes that this may not always be the case. A written warning involves a more formal documentation of the performance, conduct, or attendance issues and consequences.

During Step 2, the immediate supervisor and a department manager or director will meet with the employee and review any additional incidents or information about the performance, conduct, or attendance issues as well as any prior relevant corrective action plans. Management will outline the consequences for the employee of his or her continued failure to meet performance, conduct and/or attendance expectations. A formal

performance improvement plan (PIP) requiring the employee's immediate and sustained corrective action will be issued within five business days of a Step 2 meeting. A warning outlining that the employee may be subject to additional discipline up to and including termination if immediate and sustained corrective action is not taken may also be included in the PIP.

Step 3: Suspension and Final Written Warning

There may be performance, conduct, or safety incidents so problematic and harmful that the most effective action may be the temporary removal of the employee from the workplace. When immediate action is necessary to ensure the safety of the employee or others, the immediate supervisor may suspend the employee pending the results of an investigation.

Suspensions that are recommended as part of the normal progression of the progressive discipline policies and procedures are subject to approval from a next-level manager and the Human Resources Manager.

Depending upon the seriousness of the infraction, an employee may be suspended without pay in full-day increments consistent with federal, state and local wage-and-hour employment laws. Nonexempt/hourly employees may not substitute or use an accrued paid vacation or sick day in lieu of the unpaid suspension. Due to Fair Labor Standards Act (FLSA) compliance issues, unpaid suspension of salaried/exempt employees is reserved for serious workplace safety or conduct issues. The Human Resources Manager will provide guidance so that discipline is administered without jeopardizing the FLSA exemption status.

Pay may be restored to an employee if an investigation of the incident or infraction absolves the employee.

Step 4: Recommendation for Termination of Employment

The last and most serious step in the progressive discipline procedures is a recommendation to terminate employment. Generally, Solar Thera will try to utilize the progressive steps of this policy by first providing warnings, a final written warning, and/or suspension from the workplace before proceeding to a recommendation to terminate employment. However, Solar Thera reserves the right to combine and skip steps depending upon the circumstances of each situation and the nature of the offense, and an employee may be terminated without prior notice or disciplinary action.

Management's recommendation to terminate employment must be approved by the Human Resources Manager and department manager or designee. Final approval may be required from the CEO or designee.

Nothing in this policy provides any contractual rights regarding employee discipline or counseling nor should anything in this policy be read or

construed as modifying or altering the employment-at-will relationship between Solar Thera and its employees.

Appeal Process

Any employee subject to a disciplinary action will have the opportunity to present information on their own behalf that may challenge information management relied upon in making the decision to issue the disciplinary action. The purpose of this appeal process is to provide insight into extenuating circumstances that may have contributed to the employee's performance, conduct and/or attendance issues, while allowing for an equitable solution.

If an employee does not present information on their own behalf during a step meeting, they will have five business days after the meeting to present such information to the supervisor who conducted the meeting.

Performance and Conduct Issues Not Subject to Progressive Discipline

Behavior that is illegal is not subject to progressive discipline and may be reported to local law enforcement. Theft, intoxication at work, fighting and other acts of violence are also not subject to progressive discipline and may be grounds for immediate termination.

Documentation

Any employee subject to progressive discipline will be provided with copies of all relevant documentation related to the progressive discipline process, including all PIPs. The employee will be asked to sign copies of this documentation attesting to their receipt and understanding of the corrective action outlined in these documents. Copies of these documents will be placed in the employee's official personnel file.

Separation of Employment

Separation of employment within an organization can occur for several different reasons. Employment may end as a result of resignation, retirement, release (end of season or assignment), reduction in workforce, or termination. When an employee separates from Solar Thera, the employee's supervisor must contact the Human Resources Manager to schedule an exit interview, which will typically take place on the employee's last workday.

Types of Separation

1. Resignation

Resignation is a voluntary act initiated by the employee to end employment with Solar Thera. The employee must provide a minimum of two (2) weeks' notice prior to resignation. If an employee does not provide advance notice or fails to actually work the remaining two weeks, the employee will be ineligible for rehire. The resignation date must not fall on the day after a holiday.

2. Retirement

An employee who wishes to retire is required to notify their department director and the Human Resources Manager in writing at least one (1) month before planned retirement date. It is the practice of Solar Thera to give special recognition to employees at the time of their retirement.

3. Job Abandonment

An employee who fails to report to work or contact their supervisor for two (2) consecutive workdays will be considered to have abandoned their job without notice effective at the end of the employee's normal shift on the second day. The department manager will notify the Human Resources Manager at the expiration of the second workday and initiate the paperwork to terminate the employee. Employees who are separated due to job abandonment are ineligible for rehire.

4. Termination

Employees of Solar Thera are employed on an at-will basis, and the company retains the right to terminate an employee at any time.

5. Reduction in Workforce

An employee may be laid off due to changes in duties, organizational changes, lack of funds, or lack of work. Employees who are laid off may not appeal the layoff decision through the appeal process.

6. Release

Release is the end of temporary or seasonal employment. The Human Resources Manager, in consultation with the department manager, will inform the temporary or seasonal worker of their release according to the terms of the individual's temporary employment.

Exit Interview

The separating employee will contact the HR department as soon as notice is given to schedule an exit interview. The interview will be held on the employee's last day of work or another day, as mutually agreed upon.

Return of Property

The separating employee must return all company property at the time of separation, including but not limited to, uniforms, cell phones, keys, computers, and identification cards. Failure to return certain items may result in deductions from the employee's final paycheck. All separating employees will be required to sign a Wage Deduction Authorization Agreement, allowing Solar Thera to deduct the costs of such items from their final paycheck.

Termination of Benefits

An employee separating from Solar Thera is eligible to receive benefits as long as the appropriate procedures are followed as stated above. Two weeks' notice must be given, and the employee must work the full two work weeks. Accrued vacation leave will be paid in the last paycheck. Accrued sick leave will be paid in the last paycheck.

Health Insurance

Health insurance terminates on the last day of the month of employment, unless employee requests immediate termination of benefits. Information about the Consolidated Omnibus Budget Reconciliation Act (COBRA) continued health coverage will be provided. Employees will be required to pay their share of the dependent health and dental premiums through the end of the month.

Rehire

An applicant or employee who is terminated for violating policy or who resigned in lieu of termination from employment due to a policy violation will be ineligible for rehire.

Compensation

As an employer, Solar Thera believes that it is in the best interest of both the organization and Solar Thera's employees to fairly compensate its workforce for the value of the work provided. It is Solar Thera's intention to use a compensation system that will determine the current market value of a position based on the skills, knowledge, and behaviors required of a fully-competent incumbent. The system used for determining compensation will be objective and non-discriminatory in theory, application and practice. The company has determined that this can best be accomplished by using a professional compensation consultant, as needed, and a system recommended and approved by the executive management team.

Selection Criteria

1. The compensation system will price positions to market by using local, national, and industry specific survey data.

2. The market data will primarily include marijuana-related businesses and will include survey data for more specialized positions and will address significant market differences due to geographical location.
3. The system will evaluate external equity, which is the relative marketplace job worth of every marijuana industry job directly comparable to similar jobs at Solar Thera, factored for general economic variances, and adjusted to reflect the local economic marketplace.
4. The system will evaluate internal equity, which is the relative worth of each job in the organization when comparing the required level of job competencies, formal training and experience, responsibility and accountability of one job to another, and arranging all jobs in a formal job-grading structure.
5. Professional support and consultation will be available to evaluate the compensation system and provide on-going assistance in the administration of the program.
6. The compensation system must be flexible enough to ensure that the company is able to recruit and retain a highly-qualified workforce, while providing the structure necessary to effectively manage the overall compensation program.

Responsibilities

The executive management team will give final approval for the compensation system that will be used by Solar Thera.

1. On an annual basis the executive management team will review and approve, as appropriate, recommended changes to position-range movement as determined through the vendor's market analysis process.
2. As part of the annual budgeting process, the executive management team will review and approve, as appropriate, funds to be allocated for total compensation, which would include base salaries, bonuses, variable based or incentive-based pay, and all other related expenses, including benefit plans.

Management Responsibility

1. The CEO is charged with ensuring that Solar Thera is staffed with highly-qualified, fully-competent employees and that all programs are administered within appropriate guidelines and within the approved budget.
2. The salary budget will include a gross figure for the following budget adjustments, but the individual determinations for each employee's salary adjustment will be the exclusive domain of the CEO: determining the appropriate head count, titles, position levels, merit and promotional increases and compensation consisting of salary, incentive, bonus, and other discretionary pay for all positions.
3. The CEO will ensure that salary ranges are updated at least annually, that all individual jobs are market priced at least once every two years, and that pay equity adjustments are administered in a fair and equitable manner.

- Suitability determinations will be made in accordance with the procedures set forth in 935 CMR 500.800. In addition to the requirements established in 935 CMR 500.800, Solar Thera will:
 - a. Comply with all guidance provided by the Commission and 935 CMR 500.802: Tables B through D to determine if the results of the background are grounds for Mandatory Disqualification or Presumptive Negative Suitability Determination.
 - b. Consider whether offense(s) or information that would result in a Presumptive Negative Suitability Determination under 935 CMR 500.802. In the event a Presumptive Negative Suitability Determination is made, Solar Thera will consider the following factors:
 - i. Time since the offense or incident;
 - ii. Age of the subject at the time of the offense or incident;
 - iii. Nature and specific circumstances of the offense or incident;

 - ix. If criminal, any relevant evidence of rehabilitation or lack thereof, such as information about compliance with conditions of parole or probation, including orders of no contact with victims and witnesses, and the subject's conduct and experience since the time of the offense including, but not limited to, professional or educational certifications obtained; and
 - x. Any other relevant information, including information submitted by the subject.
- c. Consider appeals of determinations of unsuitability based on claims of erroneous information received as part of the background check during the application process in accordance with 803 CMR 2.17: Requirement to Maintain a Secondary Dissemination Log and 2.18: Adverse Employment Decision Based on CORI or Other Types of Criminal History Information Received from a Source Other than the DCJIS.
- Upon adverse determination, Solar Thera will provide the applicant a copy of their background screening report and a pre-adverse determination letter providing the applicant with a copy of their right to dispute the contents of the report, who to contact to do so and the opportunity to provide a supplemental statement.
 - After 10 business days, if the applicant is not disputing the contents of the report and any provided statement does not alter the suitability determination, an adverse action letter will be issued providing the applicant information on the final determination made by Solar Thera along with any legal notices required.
- All suitability determinations will be documented in compliance with all requirements set forth in 935 CMR 500 et seq. and guidance provided by the Commission.
- Background screening will be conducted by an investigative firm holding the National Association of Professional Background Screeners (NAPBS®) Background Screening Credentialing Council (BSCC) accreditation and capable of performing the searches required by the regulations and guidance provided by the Commission.
- References provided by the agent will be verified at the time of hire.

- As deemed necessary, individuals in key positions with unique and sensitive access (e.g. members of the executive management team) will undergo additional screening, which may include interviews with prior employers or colleagues.
- As a condition of their continued employment, agents, volunteers, contractors, and subcontractors are required to renew their Program ID cards annually and submit to other background screening as may be required by Solar Thera or the Commission.
