COMPLIANCE WITH POSITIVE IMPACT PLAN

Progress or Success Goal 1

Description of Progress or Success: Sira Naturals hereby submits this progress statement on implementation of its Positive Impact Plan. We would note however, that the submission of the Positive Impact Plan with our applications for the licenses up for renewal in this application (license numbers MC281252, MP281303, and MX281310) occurred early in the Commission's licensing process and the Plan was therefore not required to include detailed targets and a timeline for meeting those targets. Sira Naturals subsequently submitted an application for license number MCN282015 (still in process and not yet provisionally licensed), for which it included a more detailed Positive Impact Plan. We believe that the more recently submitted Positive Impact Plan that includes benchmarks and timelines is a more appropriate document to base progress on. We have attached that Plan to this renewal application, and the outline of steps taken below are based on that Positive Impact Plan.

The successful launch and continued operation of the Sira Accelerator program demonstrates compliance with Sira Naturals' Positive Impact Plan. The program has taken on two applicants that meet our program criteria. One of these applicants, 612 Studios, has completed the program and launched a product it controls into the regulated market. This historic event marked the very first, and as far as we know still the only, capital inflow from operations into an Economic Empowerment company in the Commonwealth.

We are also gratified to see other cannabis companies starting their own accelerator-type programs. For example, Garden Remedies started its "Catalyst" program, Revolutionary Clinics launched its "ASPIRE" program and Theory Wellness has launched its "Theory Social Equity Program." We believe that if it were not for the Sira Accelerator, none of these follow on programs would exist.

- a. Number of groups accepted to the Program that meet the Goal criteria (Plan Groups): 2.
- b. Progress of Plan Groups through various stages of the Program: 1 complete, 1 in-process.
- c. Number of Plan Groups that successfully complete the Program: 1.
- d. Qualitative surveys of Program participants to gauge their perceptions of the Program:
- e. Number of cannabis licenses given to Program participants: 0
- f. Number of businesses owned or controlled by Program Groups: Several.

We have also attached for the Commission's review a Sira Accelerator Progress Report to demonstrate how we interact with our Sira Accelerator participants and some of the goals and measurements we implement internally.

COMPLIANCE WITH DIVERSITY PLAN

Diversity Progress or Success 1

Description of Progress or Success: DIVERSITY PLAN

Sira Naturals hereby submits this progress statement on implementation of its Diversity Plan. We would note however, that the submission of the Diversity Plan with our applications for the licenses up for renewal in this application (license numbers MC281252, MP281303, and MX281310) occurred early in the Commission's licensing process and the Plan was therefore not required to include detailed targets and a timeline for meeting those targets. Sira Naturals subsequently submitted an application for license number MCN282015 (still in process and not yet provisionally licensed), for which it included a more detailed Diversity Plan. We believe that the more recently submitted Diversity Plan that includes benchmarks and timelines is a more appropriate document

to base progress on. We have attached that Plan to this renewal application, and the outline of steps taken below are based on that Diversity Plan. As you can see from the summary below, Sira Naturals has made material progress toward its diversity goals and is set to achieve them by the target date.
