Re: Decision of the Zoning Board of Appeals to grant a six (6) month extension to Witch City Gardens of special condition #3 in the August 1, 2018 Board Decision granting a special permit per Sections 6.10.4 and 6.10.9 to operate a licensed retail marijuana establishment and marijuana cultivation facility at 38 Jefferson Avenue.

The Salem Zoning Board of Appeals met on Wednesday, October 16, 2019 to discuss your request for a twelve (12) month extension of special condition #3 in the August 1, 2018 Board Decision granting a special permit per Sections 6.10.4 and 6.10.9 to operate a licensed retail marijuana establishment and marijuana cultivation facility at 38 Jefferson Avenue. Special condition #3 stated: "The applicant shall be issued a state license within six (6) months of issuance of this special permit. A six (6) month extension can be granted by the Board of Appeals if good cause is shown." This was a special condition for both the retail marijuana facility and the marijuana cultivation facility.

On October 2, 2019, Tim Haigh, Chief Operating Officer of Witch City Gardens, requested a twelve (12) month project extension, which would expire August 1, 2020. Witch City Gardens was previously granted a six (6) month extension to August 1, 2019.

Witch City Gardens applied for a license from the Cannabis Control Commission (CCC) on January 22, 2019 and has not yet received their provisional license due to significant delays in processing applications by the CCC. Witch City Gardens is in the process of responding to requests for information from the CCC. The Board of Appeals found that the delays from the CCC constitute good cause for extension of the requirement to obtain a state license. The Board decided to grant a six (6) month extension rather than the twelve (12) month extension that was requested. The original decision dated August 1, 2018 set forth the possibility of a six (6) month extension upon a finding of good cause. This extension would commence (retroactively) August 1, 2019 and expire February 1, 2020.

The Zoning Board of Appeals voted five (5) in favor (Mike Duffy (Chair), Peter A. Copelas, Paul Viccica, Jimmy Tsitsinos, and Jimmi Heiserman) and none (0) opposed to grant the approval of a six-month extension. This determination shall become part of the record for this project.

If you require further information, please contact Brennan Corrison, Staff Planner, in the Department of Planning & Community Development at 978-619-5685.

Decision

City of Salem Board of Appeals

Petition of WITCH CITY GARDENS, seeking a Special Permit per Sec. 6.10.4 and Sec. 6.10.9 Requirements Specific to Cultivation Facilities of the Salem Zoning Ordinance, to operate a licensed retail marijuana establishment and marijuana cultivation facility at 38 JEFFERSON AVENUE (Map 25 Lot 388)(B-4 and ECOD Zoning Districts)

A public hearing on the above Petition was opened on May 9, 2018 pursuant to M.G.L. Ch. 40A, § 11 and continued on June 20, 2018 and July 18, 2018 with the following Salem Board of Appeals members present: Peter A. Copelas, Mike Duffy, Chris Drucas, Paul Viccica, and Jimmy Tsitsinos)

The Petitioner seeks a Special Permit per Sec. 6.10.4 and Sec. 6.10.9 *Requirements Specific to Cultivation Facilities* of the Salem Zoning Ordinance, to operate a licensed retail marijuana establishment and marijuana cultivation facility.

Statements of fact:

1. In the petition date-stamped March 28, 2018, the Petitioner requested a Special Permit per Sec. 6.10.4 and Sec. 6.10.9 *Requirements Specific to Cultivation Facilities* of the Salem Zoning Ordinance, to operate a licensed retail marijuana establishment and marijuana cultivation facility.
2. James McMahon of McMahon Strategic Development presents the petition.
3. The property is split lot located in the R-2, B-4 and Entrance Corridor Overlay Zoning Districts.
4. The property abuts commercial and residential properties.
5. The property is not located within five hundred (500) feet of a pre-existing public or private school providing education in kindergarten or any of grades 1 through 12, or within five hundred (500) feet of houses of worship and funeral homes, or within one thousand (1,000) feet from institutions of higher education. The site is located within five hundred (500) feet of a pre-school.
6. As required by the state statute, the petitioner held a community outreach meeting that was held on April 4, 2018.
7. Witch City Gardens is a newly established business that is not a currently licensed operator of marijuana facilities.
8. There are two buildings located on this property including a 1,423 +/- square foot free standing structure with frontage along Jefferson Avenue and a second building that is approximately 14,678 +/- square feet. The petitioner is proposing to locate a retail marijuana facility and marijuana cultivation facility on this site.

9. The petitioner is proposing to locate a retail marijuana facility in the entire +/-1,423 square foot building along Jefferson Ave known as Facility A. This facility will have exterior aesthetic improvements, including new paint, landscaping, and security enhancements. The structure will not be expanded.
10. The petitioner is also proposing to locate a marijuana cultivation facility at the property known as Facility B. This cultivation facility is located in a 12,445 square foot portion of a second building on the property that is shared with two (2) other tenants. This square footage includes the use of the first floor and basement of the area designated for Tenant B, as shown on the site plan by Seger Architects, Inc, titled "Witch City Gardens", dated July 9, 2018. The building also will include an office use for T.E. Andresen, Inc. "Tenant A" and an electrical contractor space as shown on the site plan "Tenant C." All tenant spaces are fully separated from one another.
11. In the original application dated March 28, 2018, the petitioner proposed installing a solar energy generation system on up to 11,500 square feet of roof to significantly offset the electric power drawn from the cultivation facility. Further, the petitioner proposed to install batteries that will allow the retail operation to also run on 100% renewable energy.
12. At the May 9, 2018 public hearing, the Zoning Board requested additional information including a preliminary structural engineering assessment to understand whether the solar that was proposed was feasible on the structure. In a letter dated June 5, 2018, to the Board, the petitioner updated petition materials with all references to on-site solar power generation to be removed. The company re-evaluated the expiry date of potential solar tax credits and incentives against their development timeline and made a decision to forego on-site solar power generation.
13. The anticipated growing production will be 5,000 square feet of canopy space which is considered a Tier 2 facility. The cultivation facility will have 133 1,000 watt light fixtures lighting the flowering rooms. The power consumption for the entire cultivation facility will require 133,000 kW Hours per day of electricity totaling 29.12 Watts per square foot. Massachusetts cannabis regulations require that the petitioner use less than 50 watts per day for this size cultivation facility. Each of the 1,000 plants will be potted and will occupy approximately 3-4 square feet. The anticipated water usage is approximately 130 gallons of water.
14. The site currently has two (2) existing curbcuts along Jefferson Avenue including one that is approximately forty (40) feet wide, and a second opening that is over 100 feet wide. Currently, there is a moving company that utilizes moving vans that are 90-90 feet long and back into the property to access loading docks. This movement to allow moving trucks to back into the site closes both sides of Jefferson Avenue and obstructs traffic flow for 1-2 minutes at a time. The moving company employs 50-75 employees during peak summer months and the moving company is estimated to generate 50-100 daily trips entering and exiting the site during peak hours.
15. An initial traffic investigation letter dated May 8, 2018 was submitted with the following recommendation; a) the sidewalks along the site frontage will require replacement as a result of the modifications to the curb cuts. These should be constructed in accordance with Americans with Disabilities Act (ADA) compliant slopes and wheelchair ramps as necessary, b) Driveways should be a minimum of 20 feet in width for two-way vehicle travel and be able to accommodate the City of Salem emergency vehicles as determined by the Salem Fire Department; c) the driveways should also be placed under STOP-sign control where they intersect Jefferson Avenue, with painted STOP-bars on the driveways at the STOP-sign locations; 4) Any landscaping or

building features should not exceed 24 inches in height or should be placed out of the lines of sight for motorists exiting the site and those approaching the driveways on Jefferson Avenue.

16. The petitioner is proposing to install new concrete sidewalks and reduce the existing curbcuts. Specifically, the south curbcut will be reduced to from 28' feet to 23' feet and the north curbcut will be reduced from 100+ feet to 24' feet in accordance with the plot plans titled "Witch City Gardens", page A-1.1, dated July 9, 2018.
17. A transportation impact assessment was subsequently prepared by Vanasse & Associates, Inc. and dated June 2018. A supplemental letter dated July 9, 2018 with revised trip general and parking calculations was submitted. It is anticipated that the retail and cultivation facilities will generate approximately 488 weekday daily trips with approximately 52 additional vehicle trips expected during the weekday evening peak-hour. On Saturday, the project is expected to generate an increase of approximately 396 vehicle trips with approximately 58 additional vehicle trips on Saturday midday.
18. The petitioner is proposing to have thirty-six (36) parking spaces including eighteen (18) spaces required for the retail and cultivation facility. The other spaces will be utilized an office, retail marijuana facility, marijuana cultivation facility, and electrical contractor space. The zoning ordinance requires a total of thirty-three (33) parking spaces for this mix of uses.
19. The petitioner will utilize a fraud detecting scanner to verify government issued identification for the retail marijuana facility. For both marijuana businesses, the petitioner plans to install interior and exterior cameras, install perimeter lighting, have restricted access areas with coded RFID security badges, and live camera tie-in to the Salem Police Department among other security measures.
20. The petitioner met with the Salem Chief of Police and received a letter dated June 1, 2018 in to confirm the receipt and review of the proposed security plan that was submitted to the Salem Police Department.
21. The petitioner also submitted an Emergency Response Plan to the Salem Fire Department. The Department submitted a letter to the petitioner dated April 25, 2018 with a confirmation of preliminary review.
22. The Board of Health submitted a letter to the Board of Appeals dated July 18, 2018, with concerns about potential public nuisance that may be caused by the operation of the cultivation facility. In particular, the Board of Health requested that the cultivation facility comply with MS. DEP regulations 310.700 to specifically not create a public nuisance in relation to odors, waste handling, or noise from mechanical ventilation units.
23. It is anticipated that there will be approximately fifteen (15) to twenty (20) employees and the company will offer a preference to Salem residents and local people for employment.
24. At the public hearing, (7) members of the public spoke in favor, and eighty (80) members of the public spoke in opposition to the petition.

The Salem Board of Appeals, after careful consideration of the evidence presented at the public hearing, and after thorough review of the petition, including the application narrative and plans, and the Petitioner's presentation and public testimony, makes the following **findings** that the proposed project meets the provisions of the City of Salem Zoning Ordinance:

General Special Permit findings:

1. There are social, economic, and community needs served by the proposal. The retail establishment will be extensively regulated by the Cannabis Control Commission, which was created to regulate the industry as approved by a popular vote in 2016. Pursuant to the popular vote, the proposed establishment will meet community needs expressed by such vote and Massachusetts General Laws c.94G.
2. Traffic flow and safety, including parking and loading is adequate.
3. Utilities and other public services are adequate and the use will not result in significant additional service demand.
4. There will be no negative impacts to the natural environment, including drainage.
5. The property use proposed is a business use and is consistent with the commercial character of the neighborhood.
6. The potential fiscal impact, including impact on City tax base and employment is positive.

Findings for Marijuana Establishments:

The Board finds that the applicant has demonstrated that the following specific criteria for retail marijuana establishments will be met and is in accordance with Section 6.10.4 of the Salem Zoning Ordinance:

1. The applicant demonstrates that the marijuana establishment will meet all of the permitting requirements of all applicable agencies within the Commonwealth of Massachusetts and will be in compliance with all applicable state laws and regulations including, but not limited to M.G.L. c.94G, Section 12 General Marijuana Establishment Operations.
2. The applicant has satisfied all of the conditions and requirements of this section and other applicable sections of the Zoning Ordinance and any applicable city ordinances.
3. The facility provides adequate security measures to ensure that there are not direct threats to the health or safety of employees, staff, or members of the public.

On the basis of the above statements of facts and findings, the Salem Board of Appeals voted five (5) in favor, (Peter A. Copelas, Mike Duffy, Paul Viccica, Jimmy Tsitsinos, Chris Drucas) and none opposed to approve a Special Permit per Sec. 6.10.4 and Sec. 6.10.9 *Requirements Specific to Cultivation Facilities* of the Salem Zoning Ordinance, to operate a licensed retail marijuana establishment and marijuana cultivation facility subject to the following terms, conditions and safeguards:

Standard Conditions:

1. The Petitioner shall comply with all city and state statutes, ordinances, codes and regulations.
2. All construction shall be done as per the plans and dimensions submitted to and approved by the Building Commissioner.
3. All requirements of the Salem Fire Department relative to smoke and fire safety shall be strictly adhered to.

4. Petitioner shall obtain a building permit prior to beginning any construction.
5. Exterior finishes of new construction shall be in harmony with the existing structure.
6. A Certificate of Inspection shall be obtained.
7. A Certificate of Occupancy shall be obtained.
8. Petitioner is to obtain approval from any City Board or Commission having jurisdiction including, but not limited to, the Planning Board.

Special Conditions for Retail Marijuana Facility:

1. The applicant shall not operate until the issuance and submission of a copy of the issued state license by the Commonwealth and all other state and local requirements are met.
2. A community host agreement shall be executed with the City within six (6) months of issuance of this special permit. A six (6) month extension can be granted by the Board of Appeals if good cause is shown.
3. The applicant shall be issued a state license within six (6) months of the issuance of this special permit. A six (6) month extension can be granted by the Board of Appeals if good cause is shown.
4. No on-site consumption will take place on the premises.

Special Conditions Marijuana Cultivation Facility:

1. The applicant shall not operate until the issuance and submission of a copy of the issued state license by the Commonwealth and all other state and local requirements are met.
2. A community host agreement shall be executed with the City within six (6) months of issuance of this special permit. A six (6) month extension can be granted by the Board of Appeals if good cause is shown.
3. The applicant shall be issued a state license within six (6) months of the issuance of this special permit. A six (6) month extension can be granted by the Board of Appeals if good cause is shown.
4. The petitioner shall use high-efficiency lights and equipment to limit energy and water usage demand.
5. The petitioner shall use LEDs for all fixtures except for those that are used in flowering rooms. High Pressure Sodium grow lights may be used for no more than fifty percent (50%) of the total square footage of the cultivation area to maximize flowering conditions and limit electricity demand.
6. No more than one-half of the marijuana plants may be mature flowering plants.
7. No pesticides, insecticides, or other chemicals shall be used in the cultivation of marijuana.
8. The petitioner shall comply with all regulations that may be promulgated by the Cannabis Control Commission.

1.0 PURPOSE

To outline how Witch City Gardens, LLC (WCG) is and will remain compliant with local codes, ordinances and bylaws for the company's Adult-Use Marijuana Cultivation and Retail Sales Establishments at 38 Jefferson Avenue, Salem, MA.

2.0 REFERENCES

- 2.1 935 CMR 500.101(1): Application Requirements, New Applicants
- 2.2 City of Salem, MA Zoning Ordinance 6.10: Special Regulations, Marijuana Establishments
- 2.3 City of Salem, MA Zoning Ordinance 9.4: Administration and Procedures, Special Permits

3.0 BACKGROUND

- 3.1 The City of Salem enacted Zoning Ordinance 6.10: Marijuana Establishments that established zoning restrictions for Marijuana Establishments. Marijuana establishments are permitted in the Business Wholesale and Automotive District (B-4) and the Entrance Corridor Overlay District (ECOD) pursuant to Special Permit and Site Plan approval.
- 3.2 WCG has conferred with the City of Salem and it has been determined that the company's location is fully compliant with the requirements outlined in the Ordinance.

4.0 ZONING ORDINANCE COMPLIANCE

4.1 Security Plan Approval

In accordance with Ordinance 6.10.6.1.a: General Provisions – Security, WCG's Facility Security Plan was submitted and approved by the City of Salem Chief of Police on June 1, 2018.

4.2 Operation and Management Plan Approval

In accordance with Ordinance 6.10.6.1.a: General Provisions – Operation and Management Plan, WCG’s Operation and Management Plan was submitted and approved by the City of Salem Building Department on August 1, 2018.

4.3 Emergency Response Plan Approval

In accordance with Ordinance 6.10.6.1.c: General Provisions – Emergency Response Plan, WCG’s Emergency Response Plan was submitted and received initial approval by the City of Salem Fire Department on April 25, 2018. Final approval of the Emergency Response Plan is pending approval of facility architectural drawings and fire protection system design and approval.

4.4 Operation and Management Plan

In accordance with Ordinance 6.10.6.1.a: General Provisions – Operation and Management Plan, WCG’s Operation and Management Plan was submitted and approved by Building Department, City of Salem, MA on June 1, 2018.

4.5 Required Setbacks

WCG’s Adult Use Marijuana Cultivation and Retail Sales facilities meet all required setbacks for Marijuana Establishments.

4.6 Limiting Energy and Water Usage Demand

- a) WCG will not use High Pressure Sodium grow lights for marijuana plant cultivation.
- b) WCG has designed for and selected only high-efficiency equipment in their planning, including the use of LED vegetative lighting and extremely low wattage Light Emitting Plasma (LEP) flowering lighting.
- c) WCG has found a manufacturer for production of their custom-designed lighting fixtures; designed specifically to be as high-efficiency and low-resource draw as possible.
- d) In all non-cultivation areas, LED’s are used for all task and overhead lighting, along with low-flow plumbing fixtures, and the use of sustainable design elements and materials throughout the site. By growing in soil, WCG wholly

avoids the exponentially larger water use of similarly-sized hydroponic cultivation facilities.

- e) The Resource Minimization System calls for the use of heat pumps, dehumidifiers, and other recapture systems to reuse as much energy and water as possible. Employees will receive training and support in resource management.

4.7 Limits on Flowering Marijuana Plants

- a) No more than one-half ($\frac{1}{2}$) of the marijuana plants in the cultivation facility will be mature, flowering plants.
- b) WCG will use the Seed-to-Sale tracking and inventory system to ensure that no more than $\frac{1}{2}$ (50%) of the marijuana plants onsite are mature, flowering plants.
- c) Witch City Gardens will operate 4000 +/- square feet of Flowering Rooms in the cultivation facility.
- d) WCG will also operate a 1000 +/- square foot Vegetation Room lit with high-efficiency LED's for the developing plants. These LED's have also been custom designed to provide the necessary wavelength spectrum for plant growth while remaining very low wattage. Similar to the LEP fixtures, they will allow for silent operation and minimal heat production.
- e) Growth cycles will be staggered to operate on a rolling basis to ensure that the freshest possible product is available to bring to market based upon client demand and each strain's characteristics. In addition to the mature, flowering plants, the remaining plants will be in various immature and non-flowering states, including vegetative plants under development, recently-transplanted clones, and mother plants, which serve as a genetic repository.

4.8 Prohibition on Pesticides, Insecticides or Chemicals

- a) As described in the company's Operations and Management Plan – Cultivation Practices document, no pesticides, insecticides, or other chemicals will be used in the cultivation of marijuana.

- b) Any soil used for cultivation will meet the U.S. Agency for Toxic Substances and Disease Registry's Environmental Media Evaluation Guidelines for residential soil levels.
- c) Cultivation areas will be under an Integrated Pest Management Plan that includes least risk protocols for preventing and managing pests.
- d) The design of the facility itself has features designed to remove the need for pesticides, insecticides, or other chemicals, especially through the use of Insect screening, HEPA, and carbon filters to prevent pest and microbial contaminants from entering through vents and exhaust from the outside. Additionally, mantrap entrances help prevent insects and microbial contaminants from entering the building when doors are in use, and foot baths and sticky mats are strategically placed throughout the facility to collect pest and contaminants from footwear.
- e) Starting at the time of first transplant beneficial insects and predators are released to minimize any potential threat of insect or mite pest.
- f) All cultivation employees shall be trained on environmental controls, crop care, pest prevention, pest management, pest detection, and pest treatments.

4.9 Noxious Odors

WCG's HVAC systems are designed to ensure no odors from its marijuana establishments will be noxious or cause a public nuisance.

4.10 Business Signage

All business signage has been designed to meet the requirements promulgated by the Cannabis Control Commission and the requirements of City of Salem Code of Ordinances, Sections 4-31 through 4-60.

5.0 SPECIAL PERMIT REQUIREMENTS

- a) WCG has obtained a City of Salem Special Permit for its Adult Use Marijuana Cultivation and Retail Sales Establishments. The Special Permit is issued for a six (6) month period and may be extended for an addition six (6) months upon approval of the Zoning Board of Appeals. The current Special Permit expires on August 1, 2020.

- b) WCG shall obtain all required building permits prior to the renovation or retrofit contractions projects on or within its property or buildings.
- c) Certificates of Inspection and Occupancy Permits shall be obtained prior to WCG buildings being occupied or opened for business.

6.0 PLAN TO REMAIN COMPLIANT

- a) WCG shall comply with all regulations that may be promulgated by the Cannabis Control Commission.
- b) WCG will remain compliant with all relevant local codes, and ordinances applicable to Adult Use Marijuana Cultivation and Retail Sales Establishments. To this extent, the company's executive management team and General Counsel will continuously engage with the City of Salem to remain up to date with local building codes, zoning ordinances, and by-laws to remain fully compliant.
- c) No less than thirty (30) days prior to any business or building permit expiring, WCG management shall take steps to apply for permit extensions in accordance with applicable building codes and zoning ordinances.

Positive Impact Plan

Witch City Gardens, LLC

38 Jefferson Avenue
Salem, MA 01970

1.0 PURPOSE

To outline the Witch City Gardens, LLC (WCG) plan to positively impact persons and businesses in areas of disproportionate impact as defined in 935 CMR 500.101(1): Application Requirements, New Applicants.

3.0 STATEMENT OF AFFIRMATION

- 2.1 WCG acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment; and
- 2.2 Any actions taken, or programs instituted by the Company in this plan, will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

4.0 PLAN DEMOGRAPHICS

- 4.1 Past or present residents of the geographic "areas of disproportionate impact," which have been defined by the Commission and identified in its Guidance for Identifying Areas of Disproportionate Impact, specifically the City of Lynn.
- 4.2 Commission-designated Economic Empowerment Priority Applicants;
- 4.3 Commission-designated Social Equity Program Participants;
- 4.4 Massachusetts residents who have past drug convictions; and
- 4.5 Massachusetts residents with parents or spouses who have drug convictions.

5.0 GOALS

- 5.1 WCG is committed to providing employment and contractor opportunities to people and businesses who meet the plan demographics. To this extent, WCG's goals are to:
 - a) Hire at least 20% of its employee workforce that meet the plan demographics.
 - b) Secure at least 20% of its business service contracts from businesses located in Lynn, MA and/or other areas of disproportionate impact.

6.0 PROGRAMS

- 6.1 Employee Recruitment and Hiring
 - a) WCG will conduct targeted job postings in the City of Lynn, MA. Position openings will be posted on/in:
 - i. Local newspaper Help Wanted ads; and
 - ii. North Shore Career Center-Lynn.

- b) During the hiring process, preference will be given to applicants who meet the plan demographics, and who possess the skills of the required position(s), or demonstrate an ability to be trained for the position they are applying for.
- c) In the event sufficient applicants are not received from Lynn, MA, the company will expand its recruitment to other areas of disproportionate impact to increase the applicant pool to meet WCG's hiring goals.

6.2 Business Service Contracts

- a) 100% of WCG's invitations to solicit bids on business services and/or requests for proposals (RFP) will include invitations to qualified businesses located in Lynn, MA.
- b) WCG will solicit invitations to bid in local newspapers, trade associations, and/or through direct interaction with businesses located in Lynn, MA.
- c) All prospective bidders will be given an opportunity to meet with WCG management and, where necessary, participate in a walkthrough of the property and/or premises prior to their RFP submission.
- d) Where two (2) or more companies meet WCG's contractor service and budgetary requirements, preference will be given to the business that meets the plan demographic.
- e) In the event sufficient bids are not received from Lynn, MA, the company will expand its RFP invitations to other areas of disproportionate impact to increase the bidder pool to meet WCG's contract procurement goals.

7.0 MEASUREMENTS

7.1 Employee Recruitment and Hiring

7.1.1 Recruitment

- a) Recruitment efforts will be measured by comparing total job vacancies against job postings in Lynn, MA and/or other areas of disproportionate impact.
- b) Recruitment will be considered 100% successful if all job postings, regardless of position, were posted in Lynn, MA and/or other areas of disproportionate impact.

7.1.2 Hiring

- a) Hiring efforts will be measured by comparing total hires against total hires of applicants from Lynn, MA and/or people who meet the plan demographic.
- b) Hiring efforts will be considered successful if 20% of all new hire employees meet the plan demographic.

7.2 Business Service Contracts

7.2.1 Invitations to Bid on Business Service Contracts

- a) Invitations to bid will be measured by comparing total bid invitations or RFP requests, against total communications of intent to bid and/or RFP responses received from qualified businesses located in Lynn, MA and/or that meet the plan demographic.
- b) Invitation to bid efforts will be considered successful if 100% of all invitations/RFP requests included businesses located in Lynn and/or meet the plan demographic.

7.2.2 Contract Procurement

- a) Contract procurement will be measured by comparing total intent to bid/RFPs received against contracts signed with businesses located in Lynn, MA and/or meet the plan demographic.
- b) Contract procurement efforts will be considered successful if 25% of all contracts have been awarded to businesses located in Lynn, MA and/or businesses that meet the plan demographic.

8.0 REPORTING

- 8.1 WCG will conduct quarterly reviews of its Positive Impact Plan to monitor plan success and identify areas for improvement, where necessary.
- 8.2 WCG will prepare an annual metrics report providing detailed graphic information on its programs and measurements, and program improvement efforts (as necessary).
- 8.3 WCG shall submit its Positive Impact Plan metrics to the Commission with its annual licensure renewal application, and each year thereafter.

OPERATING AGREEMENT
of
Witch City Gardens, LLC

THIS OPERATING AGREEMENT (the "Agreement") is made and entered into effective as of the 23 day of December, 2018, by and between **Elizabeth Childs and Kevin Talbot** (collectively, the "Members").

The parties to this Agreement, desiring to form a limited liability company known as **Witch City Gardens, LLC** (the "Company") pursuant to the provisions of the Massachusetts Limited Liability Company Act, Massachusetts General Laws, Chapter 156C (the "Act"), hereby constitute themselves a limited liability company for the purposes and on the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual promises of the parties, and of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is mutually agreed by and among the parties as follows:

ARTICLE I - DEFINITIONS

1.1 Definitions. Capitalized terms used in this Agreement and not otherwise defined shall have the meanings assigned to them below:

(a) "Agreement" means this Operating Agreement, as amended, modified, supplemented or restated from time to time.

(b) "Certificate of Formation" means the Certificate of Formation of the Company and any and all amendments thereto and restatements thereof filed on behalf of the Company with the Commonwealth of Massachusetts Secretary of State's Office pursuant to the Act.

(c) "Member" means a member of the Company identified on Schedule A attached hereto, as the same may be amended from time to time.

(d) "Percentage Interest" shall refer to the percentage ownership interest of each Member in the Company. The Percentage Interests of the Members are set forth on Schedule A attached hereto and incorporated herein for all purposes by this reference, as the same may be amended from time to time.

ARTICLE II - THE COMPANY

2.1 Formation.

(a) The Members hereby agree to form the Company as a limited liability company under and pursuant to the provisions of the Act and agree that the rights, duties and liabilities of the Members shall be as provided in the Act, except as otherwise provided herein.

(b) The name and mailing address of each Member of the Company shall be listed on Schedule A, along with their Percentage Interest at formation, and upon execution of this Agreement shall be Members of the Company.

2.2 Name; Principal Place of Business. The name of the Company shall be Witch City Gardens, LLC. A short form of the name, "Witch City Gardens" shall also be acceptable for use in appropriate settings. The principal office of the Company shall be located at 38 Jefferson Avenue, Salem, MA 01970 or at such other place as the Members may from time to time determine.

2.3 Term. The term of the Company shall commence on the date of the filing of the Certificate of Formation in the Massachusetts Secretary of State's Office and shall continue in perpetuity unless dissolved in accordance with the provisions of this Agreement.

2.4 Registered Agent. The Company's registered agent and office in Massachusetts shall be as set forth in the Certificate of Formation of the Company filed with Massachusetts Secretary of State's Office, as the same may from time to time be amended.

2.5 Fiscal Year. The Company's fiscal year (the "Fiscal Year") shall be the calendar year.

ARTICLE III - PURPOSE AND POWERS OF THE COMPANY

3.1 Nature of Business. The business of the Company shall be to invest in, develop, improve, operate, manage, and/or lease certain real estate located at 38 Jefferson Avenue, Salem, MA 01970, known as the "Premises". The Company shall also engage in such other activities as may be necessary or incidental to the foregoing business activities, including but not limited to the operation of a Adult Use Cannabis Retail Establishment operated under M.G.L. Chapter 94G and Chapter 55 of the Acts of 2017 at the Premises

3.2 Powers of the Company. The Company shall have the power and authority to take any and all actions necessary, appropriate, proper, advisable,

convenient or incidental to or for the furtherance of the purpose set forth in Section 3.1, including, but not limited to the powers permitted under the Act.

ARTICLE IV - CAPITAL CONTRIBUTIONS AND ACCOUNTS

4.1 Capital Contributions. Each Member has transferred and contributed to the capital of the Company the capital amounts (the "Capital Contributions") set forth on Schedule A.

4.2 Capital Accounts; Assets. An individual capital account (each a "Capital Account") shall be established and maintained for each Member in accordance with applicable regulations under the Internal Revenue Code of 1986 as from time to time amended (the "Code"). A Member shall not be entitled to interest on his or her Capital Contribution or Capital Account, or to withdraw any part of his or her Capital Contribution or Capital Account. No Member shall have any right in or to any asset or property of the Company, but shall only have a right to the distributions as and when provided for in Sections 8.2 and 9.2 hereof.

4.3 Maintenance of Capital Accounts. To the extent consistent with such regulations, there shall be credited to each Member's Capital Account the amount of any contribution of capital made by such Member to the Company, and such Member's share of the net profits of the Company, and there shall be charged against each Member's Capital Account the amount of all distributions to such Member, and such Member's share of the net losses of the Company.

4.4 Contribution to Operating Account. In recognition that the Company may not receive income sufficient to pay for insurance, real estate taxes, maintenance and the like, the Members agree to contribute annually as needed to an Operating Account for such purposes as may be assessed from year to year.

ARTICLE V - MEMBERS

5.1 Powers of Members. The Members shall have the power to exercise any and all rights or powers granted to the Members pursuant to the express terms of this Agreement. All Members shall constitute one class or group of Members of the Company for all purposes of the Act.

5.2 Admission of Members. No person shall be admitted as a Member of the Company after the date of formation of the Company without the unanimous written consent or approval of all the Members at the time of such admission, regardless of whether such person has previously acquired any rights in any existing Member's interest in the Company by assignment, sale or otherwise. A

Member's admission to the Company shall become effective upon such Member's execution of a counterpart of this Agreement, or such other instrument as the Members may require, to evidence his or her admission.

5.3 Transfer of Company Interest. No Member may transfer, sell, assign, pledge, mortgage, or dispose of or grant a security interest in his or her interest in the Company (each, a "Transfer") without the prior unanimous written consent of all the Members at the time of such Transfer. Any purported Transfer in contravention of this Section 5.3 shall be null and void.

5.4 Rights and Obligations of Assignee. The purchaser or other transferee of a Member's interest in the Company shall have only the right to receive the distributions and allocations of profits or losses to which the Member would have been entitled, and the obligation to contribute to the Operating Account under this Agreement with respect to the transferred interest and shall not have or enjoy any right to participate in the management of the Company or to receive any financial information or reports relating to the Company or any other rights of a Member unless and until the purchaser or transferee is admitted as a Member pursuant to Section 5.2.

5.5 Allowed Transfer of Company Interest. Notwithstanding the foregoing regarding admission of Members and transfer of Company interest, a Member may transfer during life or at death a Company interest without the prior written consent of other Members, to lineal descendants or to a trust for the benefit of a spouse for life and then to lineal descendants or another Member, or to a trust for lineal descendants or another Member, and on receipt of a transfer, such persons shall become Members. Beneficiaries of a trust shall be responsible for assessments made to Members in the event a trust holding an interest fails to contribute an assessment when due.

5.6 Transfer on Death. Except as provided above, a transferee from an estate or trust on the death of a Member shall not become a Member. Surviving Members shall have the right to purchase, pro rata, the whole of the Company interest of the deceased Member. Election to purchase shall be made within three (3) months of the appointment of an executor or administrator ("estate representative"), or if the Company interest is held in trust, four (4) months from the date of death, and the term "estate representative" will include trustees. The value of a Membership shall be determined by an appraisal of the Premises, as adjusted under ARTICLE IV of this Agreement. The value of the Premises shall be determined by a fair market value appraisal by a registered appraiser. If the purchaser or purchasers cannot agree upon an acceptable appraiser within thirty (30) days of notice of the exercise of the option to purchase, the estate representative and the purchaser or purchasers shall each select an independent appraiser and said independent appraisers so selected shall (by majority vote) select

a third appraiser, who shall be qualified as aforesaid. Said third appraiser shall appraise the Premises. Notwithstanding the foregoing, if either the estate representative or purchaser fails to select an appraiser within the above 30-day period, then the appraiser selected by the other shall make the required appraisal. The appraisal shall be conclusive and binding upon the estate representative and the purchaser or purchasers. The expenses of said appraisal shall be paid one-half by the estate representative and one-half by the purchaser or purchasers.

In the event the whole of a Company interest is not purchased by other Members, the person to whom the interest was left shall become a Member.

5.7 Partition. Each Member waives any and all rights that he or she may have to maintain an action for partition of the Company's property, and any Transferee who is not a Member shall, by acceptance of a transferred interest in the Company, be deemed to have waived such rights of partition.

5.8 Sale of Company Interest. A Member may sell a Company interest, first by obtaining unanimous written consent at a price negotiated between the selling Member and the buyer, and second, by offering to the remaining Members a right to purchase, pro rata, the whole of the interest at the negotiated price, such right be exercised within one (1) month of the date of the written consent. In the event the whole of the interest is not purchased by the remaining Members, the selling Member may sell to the buyer at the price negotiated.

5.9 Sale of Company Interest, No Buyer. In the event a Member wishing to sell an interest in the Company ("retiring Member") does not have a buyer, and no other Member wishes to purchase, the retiring Member may, upon unanimous written consent of the Members, deliver the Company interest to the Company to be held in escrow, except, however, only upon delivery to the Company of an agreement of another Member to pay all assessments that will become due during the escrow period on the account of such interest. The said agreement to pay assessments may include recovery against the Capital Account and assignment of the use of the property of the retiring Member to the paying Member. In the event the property is sold during an escrow period, the share to be distributed to the retiring Member shall be valued as of the date the interest is sold. During an escrow period, the retiring Member shall have no membership rights under ARTICLE VI and ARTICLE VII, below, but shall have the continuing right to sell the Company interest.

ARTICLE VI - MANAGEMENT

6.1 Management, Duties, and Restrictions.

(a) General Management. The management and control of the operations of the Company and the maintenance, development, sale and leasing of the property of the Company shall rest with the Members.

(b) Powers of Members. Subject to such limitations as may be imposed pursuant to the terms of this Agreement, the Act or by operation of law, the Members are and shall be authorized and empowered to carry out and implement the purposes of the Company. In that connection, the powers of the Members shall include, but not be limited to, the following:

(1) to engage personnel, attorneys, accountants, or such other persons as may be deemed necessary or advisable;

(2) to authorize or approve all actions with respect to distributions by the Company, dispositions of the assets of the Company or its nominee, execution of leases, mortgage contracts, bonds, promissory notes, loan agreements and other instruments on behalf of the Company or its nominee, and to execute any agreements, instruments or documents relating to or affecting such matters;

(3) to acquire, mortgage, improve and convey real property and interests therein, including, but not limited to, easements and rights-of-way, and to execute any agreements, instruments or documents relating to or affecting such matters;

(4) to open, maintain, and close bank accounts and to draw checks and other orders for the payment of money; and

(5) to take such other actions and to incur such reasonable expenses on behalf of the Company as may be necessary or advisable in connection with the conduct of the affairs of the Company.

(c) Liability of Members. In carrying out their duties, the Members shall not be liable to the Company or to any other Members for any actions taken in good faith and reasonably believed to be in the best interest of the Company or which are taken upon the written advice of legal counsel for the Company.

(d) Reliance on Act of Members. Third parties dealing with the Company shall be entitled to rely conclusively upon the power and authority of each of the Members. Any persons other than a member may and shall be entitled to rely on certificates, instructions, agreements or assignments signed or purporting to be signed by a Member for or on behalf of the Company, and on the statements and agreements set forth therein, without inquiry as to the due authorization thereof or

the authority of the person signing or purporting to sign such certificates, instructions, agreements or assignments.

(e) Delegation, Manager. The Members may appoint individuals with such titles as they may elect, including the titles of President, Vice President, Treasurer and Secretary, to act on behalf of the Company with such power and authority as the Members may delegate in writing to any such person, and the Members shall also appoint a manager or Managers to act on behalf of the Members as aforesaid for the purpose of executing instruments which are to be filed with the Massachusetts Secretary of State or a Registry of Deeds in a county in which the Company shall own real estate.

(f) Books and Records. The Company's books and records shall be maintained in accordance with good record keeping practices and federal and state income tax laws and regulations. All books and records of the Company shall be maintained at the principal office of the Company, and each of the Members shall have access thereto to review the same at any time upon reasonable notice and during normal business hours.

(g) Reimbursement of Members. The Members shall be reimbursed by the Company for all reasonable costs and expenses (including attorney and accountant fees) incurred or paid by them for or on behalf of the Company.

ARTICLE VII - VOTING, MEMBER CONSENTS AND MEETINGS

7.1 Voting. Each Member shall be entitled to vote in proportion to his or her Percentage Interest in the Company from time to time. Such vote may be exercised by written or oral notification, including telephonic, by a Member to the other Members.

7.2 Member Consents. The amendment of this Agreement, admission of a new Member, and transfer of Company interest, shall require the vote and unanimous approval of all the Members. All other actions taken by the Company shall require the vote and approval of Members owning fifty-one percent (51%) or more of the Percentage Interests at the time of such vote.

7.3 Meetings of the Members. The Members may, but shall not be required to, meet from time to time to consider the affairs of the Company and to take any action permitted to be taken by the Members by law or under this Agreement. Meetings of the Members may be called at any time by any Member. Notice of any meeting shall be given to all Members not less than fourteen (14) days nor more than thirty (30) days prior to the date of such meeting. **This notice period may be waived by the written consent of all members.** Attendance at

meetings may be via telephone conference. Each Member may authorize any person to act for it by proxy on all matters on which a Member is entitled to participate, including waiving notice of any meeting, or voting or participating at the meeting. Every proxy must be signed by the Member or his or her attorney-in-fact. A quorum for each meeting shall be one more than one-half the number of all Members.

ARTICLE VIII - ALLOCATIONS AND DISTRIBUTIONS

8.1 Allocation of Profits and Losses. The net profits, net losses, net cash flow and net proceeds of any sale of any property of the Company or upon liquidation of the Company shall be allocated among the Members according to the Percentage Interests of each Member. Net profits and net losses shall, for both accounting and tax purposes, be net profits and net losses as determined for reporting on the Company's federal income tax return. For tax purposes, all items of depreciation, gain, loss, deduction or credit shall be determined in accordance with the Code and, except to the extent otherwise required by the Code, allocated to and among the Members in the same percentages in which the Members share in net profits and net losses.

8.2 Distribution to Members. The Members shall receive, in proportion to their respective Percentage Interests in the Company, as much of the Company's Net Cash From Operations as the Members may from time to time determine. For the purposes hereof, the term "Net Cash From Operations" shall mean the gross cash proceeds from Company operations less the portion thereof used to pay or establish reserves for Company expenses, debt payments, capital improvements, replacements, guaranteed payments and contingencies, all as determined by the Members. "Net Cash From Operations" shall not be reduced by depreciation, amortization, cost recovery deductions, or similar non-cash allowances, but shall be increased by any reductions of reserves previously established.

ARTICLE IX - DISSOLUTION AND TERMINATION OF COMPANY

9.1 Events of Dissolution. The Company shall be dissolved and its affairs shall be wound up upon the occurrence of any of the following events:

- (a) the sale or disposition of all or substantially all of the assets of the Company;
- (b) the written consent of the Members owning eighty percent (80%) or more of the Percentage Interests in the Company; or

(c) the entry of a decree of judicial dissolution in accordance with the provisions of the Act.

9.2 Winding Up. Upon the dissolution of the Company, a Member selected by the remaining Members (in either case, the "Liquidating Members"), shall proceed with the winding up of the Company and apply and distribute the Company's assets as provided in this Section 9.2. The assets shall first be applied to the payment of the liabilities of the Company (other than any loans that may have been made by the Members to the Company) and to the expenses of liquidation. A reasonable time shall be allowed for the orderly liquidation of the Company and for the discharge of liabilities to creditors, so as to enable the Liquidating Member to minimize the normal losses attendant to a liquidation. The remaining assets shall next be applied to the repayment of any loans made by the Members to the Company. All assets then remaining shall be distributed to the Members in accordance with their respective Capital Accounts after giving effect to all contributions, distributions and allocations for all periods. Notwithstanding any of the foregoing, the Liquidating Member may retain a sum deemed necessary by him or her as a reserve for any contingent liabilities, expenses and obligations of the Company. Upon the final distribution of assets to the Members, each of the Members shall be furnished with a statement which sets forth the assets and liabilities of the Company as of the date of the complete liquidation.

ARTICLE X - LIABILITY AND INDEMNIFICATION

10.1 Liability. Except as otherwise provided in the Act, the debts, obligations and liabilities of the Company, whether arising in contract, tort, or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Member shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member.

10.2 Indemnification. The Company shall indemnify and hold harmless the Members and their respective employees and authorized agents from and against any loss, damage or claim incurred by reason of any act or omission performed or omitted by such Member, employee or authorized agent in good faith on behalf of the Company and reasonably believed to be within the scope of authority conferred by this Agreement, except that no Member, employee or authorized agent shall be entitled to be indemnified or held harmless from or against any loss, damage or claim incurred by reason of such member's, employee's or authorized agent's gross negligence or willful misconduct; provided, however, that any indemnity under this Section 10.2 shall be provided out of and to the extent of Company assets only, and no Member shall have any personal liability on account there.

ARTICLE XI - MISCELLANEOUS

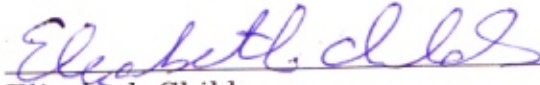

11.1 Governing Law. The Company and this Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Massachusetts.

11.2 Agreement Binding. This Agreement shall inure to the benefit of, and be binding upon, the parties hereto and their respective next-of-kin, legatees, administrators, executors, legal representatives, successors, and assigns.

11.3 Notices. Notices to the Members or to the Company to be furnished hereunder shall be deemed to have been given when mailed, by prepaid registered or certified mail, or when deposited with an express courier service, addressed to the address set forth on Schedule A or as set forth in any notice of changes of address previously given in writing by the addressee to the addressor.

IN WITNESS whereof, the Members acknowledge that they have executed this Operating Agreement on the date written below:

I. Background

Executive Summary

“Citizens of Salem providing safe, secure, and sensible Salem-Grown Cannabis to the Salem Community”

Witch City Gardens is poised to become the premier Adult-Use Cannabis Retail site in the City of Salem, serving both local residents and those of surrounding communities in a safe, sensible, and responsible fashion. Witch City Gardens is committed to providing their clients with the widest range of top quality products with a constant theme of patient safety and education.

Drawing off years of experience as business owners within the City of Salem, the executive team of Witch City Gardens is prepared to enter into a robust and durable relationship with the City and its residents in a manner reflective of their longstanding ties to the community. The Applicant is prepared to meet or exceed all regulatory requirements from both the City of Salem and the Cannabis Control Commission.

Structure & Experience

Elizabeth Childs, Kevin Talbot and Tim Haigh are the founders of Witch City Gardens, LLC, a Massachusetts limited liability company. Between the three of them, they have 30+ years experience owning and operating businesses in the City of Salem. They have vast experience in developing, implementing, and maintaining procedures within regulated industries, whether it be compliance with building codes, food and workplace safety regulations, or responsibly managing multiple alcohol and event permits.

The partners are poised to do the same for the cannabis industry within Salem, beginning through investment in an area of Salem that is currently dominated by automotive and other commercial uses along with unused or underutilized buildings. Through development of a world-class cannabis establishment, Witch City Gardens intends to diversify uses in the zone, increase property tax rates for the city, and offer numerous other aesthetic and quality of life improvements.

Elizabeth Childs is currently the manager at Bambolina Restaurant, and has been involved since before opening. Ms. Childs is currently responsible for all operations, including the staffing, training, and BPH office operations including paying local and state taxes, processing payroll, insurance compliance, licensing compliance, scheduling, and procurement and receiving.

Kevin Talbot has owned and operated Talbot Electric for 25+ years, with a history of quality, diligent work and highly satisfied clients. In addition to his past work within the city of Salem as an assistant electrical inspector, Mr. Talbot also has a general contractors license, making him no stranger to building codes and local and federal ordinances. He will be overseeing the renovation and installation of equipment at the Witch City Gardens facilities.

Tim Haigh owns and operates Bambolina and Kokeshi restaurants in Salem, which have created 44+ jobs for the local community. Mr. Haigh holds a beer and wine license at Bambolina, and a full liquor license at Kokeshi, and is no stranger to operating a state regulated business under the highest degree of scrutiny. In the exceedingly competitive restaurant industry, where an overwhelming majority of new restaurants are not successful, Mr. Haigh is

proud to say that both restaurants are in great health. In the time the restaurants have been open, they have received many accolades and awards, but are most proud of their contributions to the city of Salem and its growing dining scene, including being an instrumental part in the revitalization of the Derby Street Corridor.

Operational Overview

Witch City Gardens will be applying for a Marijuana Retail license and Marijuana Cultivator License in compliance with all regulations put forth in M.G.L. Chapter 94g as well as Chapter 55 of the Acts of 2017, and all other relevant regulations as promulgated by the Cannabis Control Commission and the City of Salem. The Retail license will be operated in a separate facility within the same lot as the Marijuana Cultivation facility license under application by Witch City Gardens.

The facilities, planned as a model of secure, discreet cannabis development, will be located at 38 Jefferson Avenue, a space currently utilized by Andreesen Movers. The current site will not be expanded or have any exterior alterations aside from a new coat of paint, revitalization of landscaping in existing beds, and discreet installation of additional security features, including sensors and cameras.

Facility A will consist solely of the retail space, and is designed to reflect industry standards for both Class A retail spaces and secure cannabis retail sites, including total video coverage, panic alarms, and other such features. Facility B will be the cultivation and packaging space, and will be wholly separated from Facility A.

Employees will be tracked between the two facilities, and there will be no ability to cross between the two sites in the ordinary course of business. No customers or visitors will be allowed within the limited access area encompassing the rear of Facility A and the entirety of Facility B under any circumstances. After obtaining all necessary approvals and a period of interior renovation, Witch City Gardens intends to commence retail operations before the close of 2018.

All Employees will be vetted and undergo a thorough background check process prior to hire, and will receive both Responsible Vendor Training and supplementary trainings throughout their tenure. Witch City Gardens expects to employ 15+ Salem residents in the first year of operations, and eventually grow to a total size of more than 20 employees.

In Facility A, the Adult-Use Retail Facility, no cannabis or cannabis infused products will be grown, processed, or packaged within its footprint, nor will any on-site consumption by either employees or clients be tolerated.

Witch City Gardens intends to operate a strict retail-only facility in Facility A, with all cannabis entering the facility via secure transfer in individually packaged, opaque, and hermetically sealed containers. Cannabis will be initially sourced from a variety of local registered and licensed cultivators, and must undergo multiple rounds of rigorous purity testing prior to its release for sale. Pending approval of Facility B, Witch City Gardens intends to transition into the sale of self-produced cannabis as soon as feasible, but will supplement this offering through use of local registered and licensed cultivators as necessary. All cannabis offered for sale will be managed through seed-to-sale tracking to ensure client safety and regulatory compliance.

Approximately one week's supply of prepared cannabis shall be on site in Facility A at any one time. During operational hours, this cannabis will be stored in secure, video-recorded display units; outside of regular hours all cannabis will be stored in a climate-controlled vault system.

Customers shall enter Facility A's retail environment through a "mantrap" entry, allowing for detailed age verification to proceed before access is granted, preventing diversion to minors. Once entered, customers shall be directed to a waiting area until a Dispensary Agent is prepared to assist in their purchase. The perimeter of the lot, as well as all entries will have dedicated video surveillance and access control. A variety of industry-standard access control and tracking measures, including the use of cameras, sensors, RIFD and keypads will be used for internal security according to the Security Plan.

The customer and Agent shall discuss the different offerings available, their responsible use and any potential risks, the regulations involved in possession and transportation of Adult-Use cannabis, and methods for the safe disposal of any unwanted cannabis, among other relevant topics. All sales shall be tracked according to regulatory requirements, and customers shall be issued educational materials along with all required warning labels at point of sale. After purchase, the customer will be escorted to the exit and be given another opportunity to ask any remaining questions of the Agent. There will be no lounge facility or other encouragement of loitering after purchase.

Facility B shall consist of all cultivation, and all non-retail functions of the marijuana establishment. The entirety of Facility B shall have complete video coverage of the perimeter and all interior spaces where cannabis is present. Facility B shall be considered a Limited Access Area, and will be off-limits at all times to all non-authorized employees and any visitors.

As Facility B becomes operational, cannabis cultivated on-site will be offered to customers after being repeatedly tested for purity. The growth methods and processing systems will be in compliance with the Cannabis Control Commission regulations and all local ordinances, including forbidding the use of artificial fertilizers or pesticides, utilizing plant-by-plant low-input watering techniques, and achieving the lowest feasible degree of energy use for lighting and HVAC systems. Cannabis will be planted, germinated, grown, harvested, cured, and trimmed for sale on site in accordance with the latest product safety and environmental efficiency standards.

Once tested product is packaged in opaque, hermetically sealed containers, the prepared cannabis shall be transferred to a climate-controlled storage vault under video surveillance until ready for use. All waste products shall be rendered unusable according to Cannabis Control Commission regulations through admixture with organic solids, and disposed of under contract with a composting service.

Benefits to the City of Salem

In addition to signing a Host Community Agreement with the City of Salem to include a 3% revenue share as a Community Impact Fee, designed specifically to offset and mitigate any possible deleterious effects of their operation, Witch City Gardens is proud to offer numerous other benefits to the City of Salem and its residents, in light of their longstanding connections to the area and their passion for local development.

Witch City Gardens is working with energy companies for HVAC to design a system around the highest efficiency air and heat pumps.

Witch City Gardens expects to create between 10 to 12 full time jobs in the retail store. Additionally, approximately ten jobs will be created in the cultivation facility, pending separate approval. Employees shall be trained in all regulatory requirements, and have numerous opportunities for growth and development within the organization.

As current residents and business owners in Salem, the partners are proud to announce utilizing a “Advertise Local - Hire Local” strategy, where open positions shall first be advertised in media of general circulation within the City of Salem prior to greater distribution. Utilizing Kevin Talbot’s longstanding ties to the Salem trades community, the partners intend to bid as much work as possible to local companies during the build phase, and continue this system while in operation for any service needs.

Witch City Gardens looks forward to close and transparent collaboration with the City of Salem Police Department and other public safety officials in identifying and executing best practices for the responsible and sustainable operation of a safe, secure place for adult customers to purchase marijuana. In addition, Witch City Gardens is prepared to offer their extensive knowledge and experience with the subject matter as a resource to the City of Salem’s public safety officials in their determination of ongoing cannabis regulatory and enforcement needs and other relevant matters.

Finally, Witch City Gardens will identify a Community Outreach Coordinator to identify opportunities to give back to the communities they serve and function as the primary point of contact for ongoing beneficial impact. This position will include oversight and management of charitable donations, support of appropriate local events, and provision of relevant community health and safety education.

II. Project Description

Witch City Gardens is prepared to commence site preparation and enter the building process immediately upon successful receipt of a Special Permit and obtaining all necessary building and utility permits.

Due to its smaller size and less demanding retrofit, Facility A will be completed prior to Facility B. Witch City Gardens anticipates having the Retail Facility ready to open within four to six weeks of receiving the building permit. Facility A shall undergo exterior aesthetic improvements, including new paint, revitalized plantings, and security enhancements, but shall not be expanded from its current size or site. It will not require any utility upgrades. Facility A shall undergo an interior remodel to enhance client and employee security, meet all regulatory requirements, and to present itself as a world-class cannabis retail environment. Facility A consists of approximately 1500 Square Feet of space, with approximately 700 intended for retail areas, and was built in 1900.

Facility B, the cultivation facility, will require a retrofit to sanitize the space and prepare it for cannabis cultivation. Witch City Gardens anticipates Facility B to be completed within three months of obtaining the building permit. The electric service will require an upgrade to 600 amps. Facility B shall also undergo exterior aesthetic improvements, including new paint, revitalized plantings, and security enhancements, but again, shall not be expanded from its current size or site. Facility B shall undergo an interior remodel to create contamination barriers, secure handling and storage spaces, and to facilitate the provision of sustainable energy options. Facility B consists of approximately 15,000 Square Feet of space, of which approximately 10,000 will be used for cultivation, and was built in 1900.

III. Legal Argument

The applicant satisfies the general requirements for the approval of a Marijuana Retailer, as set forth in Section 6.10 of the Ordinance as follows:

The Salem City Council adopted an amendment to the Ordinance defining and permitting Marijuana Retailers by Special Permit in the B4 Zoning District pursuant to various requirements and standards. The Applicant has outlined such requirements herein and further identified its compliance with the same.

The Applicant satisfies the general requirements for a Marijuana Retailer as set forth in Section 6.10.5 of the Ordinance as follows:

1. It shall be unlawful for any person to operate a marijuana establishment without obtaining a special permit to operate pursuant to the requirements of this Ordinance.

Pursuant to this Application, the Applicant is hereby requesting a Special Permit from the Board.

2. A separate special permit is required for each different marijuana establishment detailed in section 6.10.3, above. In the case that one or more different types of marijuana establishments are proposed, each establishment type shall require a special permit from the Zoning Board of Appeals.

The Applicant is proposing to utilize the Property as both a Marijuana Retailer, and Marijuana Cultivation Facility, and accordingly each establishment shall seek a Special Permit from the Board. As such, the Applicant will comply with this requirement.

3. The special permit requirements set forth in this chapter shall be in addition to, and not in lieu of, any other licensing and permitting requirements imposed by any other federal, state, or local law.

The Applicant agrees to this requirement and will be filing the appropriate state applications for a Marijuana Retailer (and Marijuana Cultivation Facility), as soon as such applications are available.

4. The issuance of a special permit pursuant this chapter does not create an exception, defense, or immunity to any person or entity in regard to any potential criminal liability the person or entity may have for the production, distribution, or possession of marijuana.

The Applicant agrees to this provision.

5. A special permit issued for a marijuana establishment is not transferable or assignable to a different location or a different type of marijuana establishment.

The Applicant agrees to this condition.

The Applicant satisfies the General Provisions for Marijuana Establishments, as set forth in Section 6.10.6 of the Ordinance as follows:

1. Security, Operations, and Emergency Plans. All marijuana establishments shall file a security plan, operation and management plan, and emergency plan with the Salem Police Department:
 - a. Security Plan
 - i. The petitioner shall submit a security plan to the Salem Police Department and Department of Planning and Community Development, in conformance with the requirements of the Salem Police Department, to demonstrate that there is limited undue burden on city public safety officials as a result of the proposed business prior to the issuance of a certificate of occupancy.
 - ii. The security plan shall include the details of all security measures for the site and the transportation of marijuana and marijuana products to and from off-site premises to ensure the safety of employees and the public and to protect the premises property from theft or other criminal activity.

The Applicant has employed Art Crow of Oppaset Security Consulting to act as its Security Director. Art is a results-oriented security professional with 35+ years combined law enforcement and security management, including experience as head of security for Massachusetts-based pharmaceuticals company Millennium Pharmaceuticals. Mr. Crow brings a proven track record of success in security program design, policy and procedure development, security systems design and administration, business continuity and disaster recovery, investigations, personnel development and team building.

The Applicant hereby submits that it will comply with this requirement and submit a detailed security plan to the Salem Police Department for review and approval.

- b. Operation and Management Plan

All marijuana establishments shall submit an operation and management plan to the Building Department which shall include, but not be limited to the following elements: Organizational Structure, Location, Property Description, Hours of Operation and Staffing, description of proposed operations, distribution practices, employee safety, general compliance, fire prevention, sanitation requirements, electrical system overview, proposed energy demand and proposed electrical demand off-sets, ventilation system and air quality, proposed water system and utility demand prior to the issuance of a building permit.

The Applicant hereby submits that it will comply with this requirement and will submit an operation and management plan to the Building Department prior to obtaining a building permit.

c. Emergency Response Plan

All marijuana establishments shall meet with the Salem Fire Department and the Salem Police Department to discuss and identify emergency plans/contingency plans for the site prior to the issuance of a certificate of occupancy. A written Emergency Response Plan shall be filed with the Salem Fire Department and the Salem Police Department pursuant to M.G.L. c. 94G, §12.

The Applicant is committed to operating a safe and secure marijuana establishment in Salem, MA and will work with the Salem Police Department and the Salem Fire Department to identify emergency plans/contingency plans for the site prior to the issuance of a certificate of occupancy.

2. A marijuana establishment may only be involved in the use permitted by its definition. Retail marijuana establishments may only be located in buildings with other uses, including other types of marijuana establishments, only if the marijuana establishment is separated by full walls from the other use.

The Applicant hereby submits that it will comply with this requirement. Facility A and Facility B will each be separated by full walls.

3. All marijuana establishments shall be within a fully enclosed building.

The Applicant hereby submits that it will comply with this requirement. WCG will be entirely contained within a fully enclosed building.

4. Marijuana establishments shall not be located in mobile structures.

The Applicant hereby submits that it will comply with this requirement. WCG will be entirely contained within a fully enclosed, permanent building.

5. Pursuant to M.G.L. c. 94G §5(b)(3), a marijuana establishment shall not be located within 500 feet of a pre-existing public or private school providing education in kindergarten or any of grades 1 through 12, or within 500 feet of houses of worship and funeral homes, or within 1,000 feet from institutions of higher education, colleges or universities.

The Applicant hereby submits that it will comply with this requirement. The proposed location is currently not within 500 feet of a pre-existing public or private school providing education in kindergarten or any of grades 1 through 12, or within 500 feet of houses of worship and funeral homes, or within 1,000 feet from institutions of higher education, colleges or universities.

6. Marijuana establishments shall, at a minimum, meet the requirements imposed on registered marijuana dispensaries for storage.

The Applicant hereby submits that it will comply with all requirements for Registered Marijuana Dispensaries for storage.

7. No odor from marijuana establishments may be noxious or cause a public nuisance.

The Applicant hereby submits that it will comply with this requirement.

8. No retail marijuana establishment shall be managed by any person other than the licensee or their assign. Such licensee or assign shall be on the premises during regular business hours of operation and responsible for all activities within the licensed business and shall provide up to date emergency contact information for the Salem Police Department to have on file.

The Applicant hereby submits that it will comply with this requirement.

9. All waste disposal, shall at a minimum, meet the requirements imposed on registered marijuana dispensaries for disposal to prevent exposure to the public or create a nuisance.

The Applicant hereby submits that it will comply with all requirements for Registered Marijuana Dispensaries for disposal.

10. The marijuana establishment shall remove all material, plants, equipment, and any other retail marijuana establishment items upon ceasing its operation.

The Applicant hereby submits that it will comply with this requirement.

11. All business signage shall be subject to the requirements to be promulgated by the Cannabis Control Commission and the requirements of Sections 4-31 through 4-60 of the Code of Ordinances.

The Applicant hereby submits that it will comply with this requirement.

12. No marijuana shall be smoked, eaten, or otherwise consumed or ingested within any type of licensed marijuana establishment.

The Applicant hereby submits that it will comply with this requirement.

13. Hours of operation for marijuana retailers shall be consistent with those of package stores licensed under M.G.L. c. 138.

The Applicant hereby submits that it will comply with this requirement.

The Applicant has satisfied the Application Procedure and Submission Requirements, as set forth in Section 6.10.7 of the Ordinance as follows:

The Applicant submits that it has submitted a standard petition form and materials of the ZBA as follows:

1. Notice from the City shall be sent by mail, postage prepaid to “parties of interest” as used in M.G.L. c. 40A within five hundred feet of the property line of the petitioner as they appear on the most recent applicable tax list.

The Applicant hereby submits that it will comply with this requirement.

2. Applicant shall submit proof of approval from the Commonwealth of Massachusetts for the proposed marijuana establishment by submitting copies of all required registrations, licenses and permits issued to the applicant by the state and any of its agencies for the facility as well as the letter of support or non-opposition issued by the city.

The Applicant respectfully requests a waiver from the Board for this requirement, or in the alternative it shall be deemed invalid by operation of law, in that the Act prescribes that Applicants shall have received confirmation from the municipality that it is in compliance with local zoning bylaws or ordinances, and accordingly Special Permit approval is a condition precedent to state application. The CCC, acting as the regulatory body for the State of Massachusetts, is in the process of promulgating a regulatory framework to implement the adult use of marijuana and has not yet finalized its application and licensing process for the same. Accordingly, the Applicant does not have any registrations, licenses or permits issued for the proposed Marijuana Retailer.

Accordingly, the Applicant requests a waiver from the Board for this requirement or have this provision deemed invalid, as it would not, nor would any other prospective Marijuana Retailer be, capable of satisfying such requirements.

3. The Applicant shall submit proof of site control and right to use the premises proposed for the marijuana establishment and may include a deed, notarized statement from the property owner and a copy of the lease agreement, or real estate contract contingent upon successful licensing, or a letter of intent by the owner of the premises indicating intent to lease the premises to the petitioner contingent upon successful permitting.

The Applicant has submitted a letter of intent for the Property.

4. In addition to complying with any other state or city requirement related to good character and criminal background, any person or entity proposed to have interests in the license to operate a marijuana establishment shall not have committed any marijuana licensing violation affecting public safety, or received any suspension or revocation of any other state or local marijuana business licenses.

The Applicant hereby submits that it is in compliance with this requirement.

5. A statement signed by the organization’s chief executive officer disclosing all of its designated owners, including officers, directors, partners, managers, or other similarly situated individuals. If any of the above are entities rather than persons, the Applicant must disclose the identity and current contact information of all responsible individuals.

Please see the attached Tab 4 for the abovementioned statement.

6. A detailed description of the proposed activities to occur on site in relation to the standard special permit criteria set out in Section 9.4 of the Salem Zoning Ordinance and specific requirements set forth in this chapter.

The Applicant will supplement this filing with additional materials and/or provide additional information at the hearing.

7. The petitioner shall submit a security plan to the Salem Police Department and the Department of Planning and Community Development, in conformance with the requirements of the Salem Police Department, to demonstrate that there is a limited undue burden on city public safety officials as a result of the proposed business prior to the issuance of a certificate of occupancy.

The Applicant hereby submits that it will comply with this requirement and submit a detailed security plan to the Salem Police Department for review and approval prior to the issuance of a certificate of occupancy.

8. The petitioner shall submit an operation and management plan to the Salem Police Department and the Department of Planning and Community Development.

The Applicant submits that it will comply with this requirement prior to the issuance of a certificate of occupancy.

9. The petitioner shall submit a copy of an Emergency Response Plan to the Salem Police Department, the Salem Fire Department, and the Department of Planning and Community Development.

The Applicant submits that it will comply with this requirement.

10. The petitioner shall submit proof that it provided notification in writing to all churches, libraries, institutions of higher education, licensed daycares, nursery schools, or playgrounds within 500 feet of its proposed location to provide them with the opportunity to comment at the Board Appeals.

The Applicant submits that it will comply with this requirement.

The Applicant has met the requirements for the Special Permit Findings for Marijuana Retailers, as set forth in Section 6.10.8, as follows:

1. The applicant demonstrates that the marijuana establishment will meet all of the permitting requirements of all applicable agencies within the Commonwealth and will be in compliance with all applicable state laws and regulations, including, but not limited to M.G.L. c. 94G §12 *General Marijuana Establishment Operation*.

The Applicant shall satisfy the applicable state laws and regulations set forth in M.G.L. c. 94G §12 and all other applicable and relevant statutes as follows:

The Applicant shall secure every entrance to the establishment so that access to areas containing marijuana is restricted to employees and others permitted by the marijuana establishment to access the area and to agents of the commission or state and local law enforcement officers and emergency personnel; and secure its inventory and equipment during and after operating hours to deter and prevent theft of marijuana products and marijuana accessories.

The Applicant will not cultivate, test, store, or manufacture marijuana products at any location other than at a physical address approved by the CCC and within an area that is enclosed and secured in a manner that prevents access by persons not permitted by the marijuana establishment to access the area.

The Applicant will not allow cultivation, manufacture, sale or display of marijuana or marijuana products to be visible from a public place without the use of binoculars, aircraft or other optical aids.

The Applicant will not refuse representatives of the CCC the right at any time of operation to inspect the entire licensed premises or to audit the books and records of the marijuana establishment.

The Applicant will not allow any person under 21 years of age to volunteer or work for the marijuana establishment.

The Applicant will not cultivate, manufacture, sell or otherwise transact business with any products containing cannabinoids other than those that were produced, distributed and taxed in compliance with this chapter.

The Applicant will not operate a marijuana establishment without an operations certificate issued by the CCC.

The Applicant will file an emergency response plan with the fire department and police department of the City of Salem.

2. The applicant has satisfied all of the conditions and requirements of this section and other applicable sections of the Zoning Ordinance and any applicable city ordinances.

The Applicant is seeking a Special Permit from the Board. Upon granting of such Special Permit, the Applicant will comply with this section and other applicable sections of the Ordinance.

3. The facility provides adequate security measures to ensure that there are not direct threats to the health or safety of employees, staff, or members of the public and that storage and location of cultivation is adequately secured.

The Applicant hereby submits that it will provide adequate security measures to ensure that there are not direct threats to the health or safety of employees, staff or members of the public, including but not limited to the use of cameras, sensors, silent and audible alarm systems, signage, and access control measures such as keypads and/or RFID.

The Applicant has satisfied the requirements Specific to Marijuana Retailers, as set forth in Section 6.10.12 of the Ordinance, as follows:

1. As defined in M.G.L. c. 94G, and as established in section 24-30 of the Code of Ordinances, the number of marijuana retailers shall be limited to no more than 20% of the number of licenses issued within the city for the retail sale of alcoholic beverages not to be drunk on premises where sold under M.G.L. c. 138, §15.

Currently, there are no adult-use marijuana retailers within the City of Salem. The Applicant submits that it will be in compliance with this requirement.

2. All marijuana retail establishments shall comply with all regulations that may be promulgated by the Cannabis Control Commission.

The Applicant submits that it will comply with all regulations promulgated by the Cannabis Control Commission.

The Applicant satisfies the criteria for the granting of a Special Permit, as set forth in Section 9.4.2 of the Ordinance, as follows:

1. Social, economic, or community needs served by the proposal;

In addition to signing a Host Community Agreement with the City of Salem to include a 3% revenue share Community Impact Fee, designed specifically to offset and mitigate any possible deleterious effects of their operation, Witch City Gardens is proud to offer numerous other benefits to the City of Salem and its residents, in light of their longstanding connections to the area and their passion for local development.

Witch City Gardens expects to create between 10 to 12 full time jobs in the retail store. As current residents and business owners in Salem, the partners are proud to announce utilizing a “Advertise Local - Hire Local” strategy, where open positions shall first be advertised in media of general circulation within the City of Salem prior to greater distribution. Utilizing Kevin Talbot’s longstanding ties to the Salem trades community, the partners intend to bid as much work as possible to local companies during the build phase, and continue this system while in operation for any service needs.

Witch City Gardens looks forward to close and transparent collaboration with the City of Salem Police Department and other public safety officials in identifying and executing best practices for the responsible and sustainable operation of a safe, secure place for adult customers to purchase marijuana. In addition, Witch City Gardens is prepared to offer their extensive knowledge and experience with the subject matter as a resource to the City of Salem’s public safety officials in their determination of ongoing cannabis regulatory and enforcement needs and other relevant matters.

Finally, Witch City Gardens will identify a Community Outreach Coordinator to identify opportunities to give back to the communities they serve and function as the primary point of contact for ongoing beneficial impact. This position will include oversight and management of charitable donations, support of appropriate local events, and provision of relevant community health and safety education.

2. Traffic flow and safety, including parking and loading;

The current configuration meets our anticipated needs for off-street parking and loading. The site is currently used for a moving and shipping company, which requires the use of multiple trucks and vans in addition to the employee’s personal vehicles. At Witch City Gardens, there will be no regular use of trucks or vans, as all cannabis will be grown and transferred in on site. In the event of a delivery of cannabis, there are existing loading bays to quickly and securely transfer the product. The existing parking will more than adequately provide coverage for employees and clients. If client demand shows an unexpected spike, an appointment system will be utilized until adequate mitigation measures are completed. Signage will be utilized to direct traffic within the lot and create a rational flow of vehicles in to and off the site.

Witch City Gardens is committed to increasing pedestrian safety and access within their neighborhood, and intends to seek measures to calm traffic and encourage walkability to improve quality of life for all residents.

3. Adequacy of utilities and other public services;

The Applicant will not require any additional utilities or public services beyond any other non-cannabis related retail facility for Facility A. The utilities and public services available at the facility are adequate for a marijuana retailer.

For Facility B, the cultivation and packaging facility, the only upgrade to utilities will be the electric service, which will require an upgrade to 600 amps.

Witch City Gardens is working with energy companies for HVAC to design a system around the highest efficiency air and heat pumps.

4. Neighborhood character;

The Applicant chose this location for its proximity to the central business district, and placement on an entrance corridor in the city. It will improve the character of the neighborhood by updating and refurbishing an existing underutilized building, accentuating the architectural characteristics of the location. Witch City Gardens is prepared to accentuate the aesthetic features of the building through use of Salem-appropriate paint colors, coordinated landscape styles, and careful design to ensure the discretion of security features. The Neighborhood currently consists of industrial uses- cider house, automotive repair, recycling center, and Witch City Gardens is a natural addition and extension of such existing uses. Witch City Gardens plans to employ a Community Outreach Coordinator who will organize activities to directly benefit their closest neighbors, such as neighborhood cleanups, and charity drives.

5. Impacts on the natural environment, including drainage;

The proposed Marijuana Retailer will be located within an existing building on a previously developed site. This will not require any change to the natural environment from the existing conditions.

For Cultivation Operations, all marijuana will be grown in soil, and through careful composition of natural absorbent materials, shall leave no excess water to treat after use. Black Earth Compost, LLC, will compost used soil and other organic waste. For retail operations, standard office waste is the only expected impact, and all non-recyclable materials will be disposed of by contracted waste hauling services.

All waste disposals shall at a minimum meet the requirements imposed on registered marijuana dispensaries for disposal to prevent exposure to the public or create a nuisance under both City of Salem and Cannabis Control Commission requirements.

6. Potential fiscal impact, including impact on City tax base and employment.

The most direct means of providing beneficial fiscal impact include signing a Host Community Agreement with the City of Salem to include a 3% revenue share as a Community Impact Fee, designed specifically to offset and mitigate any possible deleterious effects of their operation

Witch City Gardens expects to create between 10 to 12 full time jobs in the retail store. As current residents and business owners in Salem, the partners are proud to announce utilizing a “Advertise Local - Hire Local” strategy, where open positions shall first be advertised in media of general circulation within the City of Salem prior to greater distribution. Utilizing Kevin Talbot’s longstanding ties to the Salem trades community, the partners intend to bid as much work as possible to local companies during the build phase, and continue this system while in operation for any service needs.

The Applicants proposed Marijuana Retailer is within purview of, and satisfies the Statutory and Regulatory Framework for, Adult Use Marijuana in Massachusetts as follows:

The applicant has met or will meet all statutory and regulatory criteria required for eligibility to apply for a Marijuana Retailer as outlined in M.G.L. Chapter 94G, especially Sections 5, 9, and 12; and Chapter 55 of the Acts of 2017, in addition to all regulations promulgated by the Cannabis Control Commission and all other relevant entities, through diligent and careful execution of the strategies, systems, and plans outlined within this application.

Recordkeeping

Witch City Gardens

I. Intent

Policy To provide clear and concise instructions for Witch City Gardens, LLC. employees who will be involved with recordkeeping operations that are in compliance with the current Adult Use Marijuana regulations set forth by the Commonwealth of Massachusetts.

II. General Requirements

Procedure

WITCH CITY GARDENS will maintain and track all records in a secure manner but accessible to CCC at upon request. These records include patient records, purchases, denials of sale, any delivery options, confidentiality and retention. WITCH CITY GARDENS records are maintained as required in any section of 935 CMR 500.000. Specifically, WITCH CITY GARDENS will maintain the following records:

1. Operating procedures including security measures, employee security policies, storage of marijuana, recordkeeping and inventory protocols, plans for staffing and quality control, emergency procedures, drug-free workplace policies, patient education description, pricing standards and procedures, production and distribution policies and procedures, as required by 935 CMR 500.101(c)(7)
2. Inventory records as required by 935 CMR 500.101(1)(g)
3. Seed-to-sale tracking records for all marijuana and MIPs as required in 935 CMR 500.101(9)(c)
4. Personnel records that include job descriptions, a personnel record for each dispensary agent that includes a copy of the dispensary agent application submitted to CCC, performance evaluations, documentation of all required training and verification of reference, a staffing plan, personnel policies and procedures, and all CORI reports obtained in accordance with 935 CMR 500.101(9)(d)

Diversity Plan

Witch City Gardens, LLC

38 Jefferson Avenue
Salem, MA 01970

1.0 PURPOSE

To provide guidelines on Witch City Gardens, LLC (WCG; the Company) Diversity Plan to promote equality and equity in its workplace and business operations.

2.0 STATEMENT OF AFFIRMATION

- 2.1 WCG acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment; and
- 2.2 Any actions taken, or programs instituted by the Company in this plan, will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

3.0 PLAN DEMOGRAPHICS

- 3.1 Minorities,
- 3.2 Women,
- 3.3 Veterans,
- 3.4 People with disabilities; and
- 3.5 People of non-normative gender identities and LGBTQ sexual orientations.

4.0 GOALS

- 4.1 WCG will strive to achieve a workplace demographic that is comprised of:
 - a. 10 - 15% persons with disabilities;
 - b. 40% persons who are minorities, veterans, and people of non-normative gender identities, and LGBTQ; and
 - c. 50% women.
- 4.2 Increase the number of individuals in the aforementioned demographics in supervisory and management level positions.

5.0 PROGRAMS

- 5.1 Recruitment and Hiring Program
 - 5.1.1 To promote equality within WCG's recruitment and hiring program, the Company will target recruitment and hiring efforts to people identified in the plan demographics. To this extent, the Company will, in addition to posting job openings on its website and other media, provide job posting information to diverse organizations, including but not limited to:
 - a. MassHire North Shore Career Center – Salem and Lynn;

- b. Disabled American Veterans - MA;
 - c. Northeast Arc (letter at Attachment A); and
 - d. New England Diversity Council.
 - e. In the event sufficient applicants are not received through the company's aforementioned hiring and recruitment program, WCG will expand its recruitment efforts to other areas/organizations to increase the applicant pool to meet company's diversity plan goals.
- 5.1.2 During the hiring process, preference will be given to employment candidates falling into the aforementioned demographics, who possess the work experience/skills of the position(s) they are applying for, or demonstrate an ability to be trained for the position.
- 5.2 Ensuring Equity in Outcomes
- To promote equity within the workplace and provide all employees with the tools necessary to achieve success and advance to supervisory and management level positions, WCG will:
- a. Institute an employee review process focused on job skills and performance, with positive recommendations for improvement, where necessary;
 - b. Provide regular coaching and counseling to employees who demonstrate leadership skills and/or express a desire to advance to supervisory or management level positions.
 - c. Provide continuing training opportunities through paid attendance to conferences or career development workshops; with a goal of at least 2 of non-supervisory/management level employees in the aforementioned plan demographics attending these events annually.
 - d. Where two (2) or more employees apply for a supervisory/management level position opening and they possess equal experience/skills/background for the position, preference will be given to the employee who falls into one of the aforementioned plan demographics.
 - e. Provide unconscious bias training to all employees regarding inclusion in the workplace.

6.0 PLAN MEASUREMENTS

6.1 Recruitment and Hiring Program

- a. Conduct quarterly job posting reviews to ensure all open positions are posted with all organizations listed in paragraph 5.1.1 Recruitment and Hiring Program, above.
- b. Conduct quarterly workplace demographic reviews to determine the makeup of the workforce in percentages of minorities, women, veterans, people with disabilities, and people who are LBGTQ and/or identify as a non-normative gender identity; and identify areas for improvement (if necessary).

- c. Conduct quarterly reviews of applications –v– new hires to determine if persons falling into the aforementioned demographics were given hiring preference when all other experience/skills were equal among two (2) or more applicants; and identify areas for improvement (if necessary).
- d. Recruitment and hiring efforts will be rated individually as a percentage of the whole workforce. The scores will then be combined and divided by 2 to determine an overall score for the program. A score of 90% or greater in either area will mean that efforts were successful for that area. A combined score of 90% or higher will mean the recruitment and hiring program was successful.

6.2 Ensuring Equity in Outcomes

- a. Conduct annual reviews of the employee performance review process to ensure all employees were given their annual performance review in a timely manner. Percentage rating on how many employees received timely reviews. A rating of 90% is considered successful.
- b. Conduct annual anonymous employee surveys to determine if employees feel welcome in the workplace and that they feel management has provided them with the coaching, counseling and the tools necessary to be successful. Percentage rating. If 80% of employees feel welcome and that they have been presented with the tools to become successful, the area will be considered successful.
- c. Review annual employee paid attendance at training workshops and/or conferences. A minimum of two (2) non-management level employees in the aforementioned demographics should attend paid trainings per year. Measures in actual attendance numbers.
- d. Review internal promotions to determine how many employees applied for a supervisory/management level position opening and how many in the aforementioned plan demographics were promoted to supervisory/management level positions. Percentage rating based on number of supervisory positions –v– number of employees in the aforementioned plan demographics who were promoted to these positions. The program will be considered successful if 50% of promotions are people who fall within the plan demographics.

6.3 Reporting

- a. WCG will conduct quarterly reviews of its Diversity Program efforts to monitor plan success and identify areas for improvement, where necessary.
- b. WCG will prepare an annual metrics report providing detailed graphic information on its programs and measurements, and program improvement efforts (as necessary).
- c. WCG shall submit its Diversity Plan metrics to the Commission with its annual licensure renewal application, and each year thereafter.

November 27, 2019

Tim,

Thank you for reaching out to the Northeast Arc in regards to our Employment Programs.

Northeast changes the lives of over 15,000 people with intellectual and developmental disabilities and autism each year. One program Northeast Arc offers is to assist people through our Employment Training, Placement and Support Services. Northeast Arc is currently actively supporting over 200 people in the greater Salem area in identifying job opportunities, developing job skills and providing hands-on training to people recently hired into businesses.

Northeast Arc welcomes opportunities to introduce prospective employees with employers. Many of the job duties and responsibilities described at Witch City Gardens pair with skills of the people we support, and would require minimal training time.

Northeast Arc Job Development Staff would work with Witch City Gardens once job descriptions are developed and needs identified. Job Developers will introduce prospective candidates for interview process. Our Job Coaches will help with the employment process, including required trainings and background checks. They also will provide hands on training to people supported until both they and supervisors are comfortable with skill level and task completion. This is of no charge to the business.

Thank you for thinking of people supported at the Northeast Arc and I look forward to working with Witch City Gardens in the future.
