JOLO CAN LLC
Positive Impact Plan Proposal
Version 1.3
Updated July 2, 2019

Foreword

Note Regarding D/B/A Registration: JOLO CAN LLC (“JOLO CAN”) has filed three applications with the Cannabis Control Commission (“Commission”) – MCN281502, MPN281369, and MRN281308 – related to a vertically-integrated, adult-use marijuana facility to be located at 80 Eastern Avenue in Chelsea, MA. On July 2, 2019, JOLO CAN received notices from the Commission requesting that it list “Harbor House Collective” as a D/B/A in its applications, or, alternatively, remove references thereto from its Diversity and Positive Impact Plans. As explained in the Business Plan submitted with each application, JOLO CAN is interested in registering and doing business as Harbor House Collective. JOLO CAN has not registered this D/B/A with the City of Chelsea because it has not yet received a Certificate of Occupancy for the 80 Eastern Avenue property. Accordingly, JOLO CAN is resubmitting its Diversity and Positive Impact Plans, which now reflect the name of the applicant (JOLO CAN) instead of its anticipated D/B/A (Harbor House Collective).

Background

The Cannabis Control Commission (“Commission”) has identified Chelsea, MA as an area of disproportionate impact. Significantly, 65.6% of the population identifies as Hispanic, and 69.1% speak a non-English language. Located in Chelsea, JOLO CAN LLC will be focusing its positive impact and diversity goals around access, inclusivity, and opportunity to the local multicultural community. Chelsea is also near two other areas of disproportionate impact identified by the Commission. Chelsea abuts both Revere, MA and Boston, MA. Although JOLO CAN LLC intends to focus its efforts on improving the local community in Chelsea, it will also seek to educate, empower and engage residents of Boston and Chelsea and remove barriers to entry in the adult-use cannabis industry for residents of all three communities.

Positive Impact Goals

JOLO CAN LLC will aim to positively impact the community by providing employment opportunities, training, and education through real-life experience, to residents of Chelsea, Revere and Boston with the ultimate goal of providing opportunities for advancement in the adult-use cannabis industry. More specifically, JOLO CAN LLC will target for employment opportunities residents in the three proximate areas of disproportionate impact who have past marijuana-related drug convictions (to the extent permitted by law and Commission regulations) and/or parents or spouses with drug convictions. JOLO CAN LLC recognizes that these classes of individuals may have been stigmatized in past hiring experiences and recognize the importance of empowering and including these individuals in the blossoming adult-use cannabis industry.

Positive Impact Programs

JOLO CAN LLC will direct its efforts in two avenues: regular employment opportunities and its proposed Leadership and Education training program. In an effort to instill a sense of ownership by the local community in Chelsea, Revere or Boston, JOLO CAN LLC will exert efforts and resources to ensure a majority of the non-executive staff are residents of Chelsea, Revere and Boston, with priority given to qualified applicants who are residents of those communities and who have marijuana-related CORIs and/or parents or spouses with drug convictions.

JOLO CAN LLC intends to identify community organizations (which are currently expected to include the Chelsea Chamber of Commerce and Chelsea Cultural Council) in one or more of the communities to assist the company in identifying residents with past marijuana-related CORIs or parents or spouses with drug convictions who are interested in exploring employment opportunities in the adult-use cannabis industry. Furthermore, JOLO CAN LLC intends to regularly hold/participate in local job fairs bi-annually in order to ensure a pipeline of (either full or part-time) candidates from the three proximate areas of disproportionate impact.

In addition to its community outreach efforts, JOLO CAN LLC will be developing a Leadership and Education training program, where a number of employees, with specific priority given to residents of Chelsea, Revere and Boston¹ who have marijuana-related CORIs or parents/spouses with drug convictions, will undergo a training program detailing the cannabis industry from seed-to-sale and its various aspects.

This training program will be JOLO CAN LLC's most effective tool for removing barriers to entry to the adult-use cannabis industry for residents of the local communities of Chelsea, Revere and Boston. Two employees will be granted this opportunity annually. Through an exhaustive 4 week series of lectures and demonstrations, applicants are given the opportunity to learn about the adult-use industry from seed to sale and gain practical experience. Subject matter includes but is not limited to:

- I. Introduction to Cannabis
- II. Terminology and Origins
- III. Safety and Compliance
- IV. Genetic Variety
- V. Cannabinoids, Terpenes, and Effects
- VI. Introduction to Cultivation
 - a. The JOLO CAN LLC Method
- VII. Drying/Curing
- VIII. Packaging and post-processing
- IX. Introduction to Manufacturing
 - a. Methods
- X. Introduction to Retail

¹ Only certain neighborhoods of Boston are considered by the Commission to be Areas of Disproportionate Impact. JOLO CAN LLC will ensure that only residents of those identified neighborhoods are given priority in hiring decisions.

- a. Inventory Management
- b. Compliance
- c. Sales

At the conclusion of the training, participants will be given guidance and mentoring in order to further their careers at JOLO CAN LLC and/or the industry at large. Exemplary completion of the program will be given prioritized consideration for advancement opportunities and leadership roles. With education and experience, training program members will gain a greater understanding of the industry and JOLO CAN LLC, and in turn further their success in their current roles and provide equitable growth.

This training program will help build a pipeline of well-qualified individuals from the three proximate areas of disproportionate impact and entrench JOLO CAN LLC as a community partner in practical cannabis education. The training program will be reevaluated annually based on our capacity and needs, with the short-term goal of providing education and training to local employees through a number of skills-based positions, and a long-term goal of providing opportunity for leadership positions and different functional roles within adult-use cannabis.

Positive Impact Measurement

In terms of measuring results, JOLO CAN LLC intends to closely track and analyze its goal of positively impacting Chelsea, Revere and Boston and empowering residents of those communities who have marijuana-related CORIs or parents/spouses with drug convictions.

First, in tandem with its community organization partners, JOLO CAN LLC will track the employment applications from residents of Chelsea, Revere and Boston, with the intention that applications steadily increase during JOLO CAN LLC's first 5 years of operation. JOLO CAN LLC will also record and document its participation at its bi-annual local job fairs and pledges to steadily increase its participation at local job fairs over the first 5 years of operation. This process will include recording and following-up with local residents who express interest in employment opportunities at JOLO CAN LLC during the various job fairs. JOLO CAN LLC will document how many of these local residents ultimately apply for either full-time positions or part-time positions. This documentation will enable JOLO CAN LLC to measure its reach into the local community.

The Leadership and Education training program will be evaluated annually based on the number of qualified applicants JOLO CAN LLC receives compared to the total number of qualified employees local to disproportionately impacted areas and/or related to CORI convictions. Our goal is 10% participation within the first year, and 25% in subsequent years. Additionally, the program will be evaluated based upon total candidates for promotion relative to their participation in the program to gain a sense of the success of the material. Finally, the program will annually reevaluate the number of spaces given.

JOLO CAN LLC's long-term goal is a minimum of 51% local (i.e., residents of Chelsea, Revere and Boston²) and/or disproportionately impacted (i.e., individuals with marijuana-related CORIs or parents/spouses with drug convictions) individual employment across the entire company by year 5 of operations. The Human Resources Administrator will oversee progress toward this long-term hiring goal by obtaining, at least annually, employee data through self-identifying surveys. This will permit the Human Resources Admin to measure JOLO CAN LLC's progress toward its hiring goals and assess its overall Plan to Positively Impact Areas of Disproportionate Impact. The Human Resources Admin will annually report progress to the executive team and ensure that JOLO CAN LLC meets its long-term hiring goal. Furthermore, the Human Resources Manager is responsible for ensuring that JOLO CAN LLC meets the following intermediate goals in years 1-4 of operation:

Commencement of Operations: minimum 25% local and/or disproportionately impacted individual employment.

End of Year 1: minimum 30% local and/or disproportionately impacted individual employment.

End of Year 2: minimum 35% local and/or disproportionately impacted individual employment.

End of Year 3: minimum 40% local and/or disproportionately impacted individual employment.

End of Year 4: minimum 45% local and/or disproportionately impacted individual employment.

These short-term metrics and oversight by the Human Resources Manager will ensure that JOLO CAN LLC is regularly evaluating progress toward its hiring goals and employing corrective actions if intermediary targets are not met.

Positive Impact Plan Acknowledgments

JOLO CAN LLC pledges to adhere to the requirements set forth in 935 CMR 500.105(4)(a) which provides the permitted advertising, branding, marketing and sponsorship practices for all Marijuana Establishments. JOLO CAN LLC likewise pledges not to employ any of the prohibited practices articulated in 935 CMR 500.105(4)(b). Finally, none of the actions taken or programs instituted by JOLO CAN LLC will violate the Commission's regulations with respect to limitations on ownership or control or any other applicable state laws.

Each Member shall promptly notify the Company of any change in the information required to be set forth for such Member on Schedule A. Any Manager may update Schedule A from time to time as necessary to accurately reflect the information therein. Any such revision to Schedule A shall not be deemed an amendment to this Agreement. Any reference in this Agreement to Schedule A shall be deemed a reference to Schedule A as in effect from time to time. The Members shall have only such rights with respect to the Company as specifically provided in this Agreement and as required by the Massachusetts Act (other than waivable provisions of the Massachusetts Act that conflict with the rights expressly granted to such Members under this Agreement). No Person shall be admitted as a new Member of the Company unless and until the Board of Managers has approved the admission of such Person as a new Member and such Person has executed this Agreement or a counterpart hereto and such other documents or agreements as the Board of Managers may request reasonably in connection with such admission.

Section 3.2 Limited Liability Company Interests Generally.

Except as otherwise specifically provided herein, no Member shall (i) be entitled to receive any interest or other return on such Member’s Capital Contributions, (ii) be entitled to withdraw all or any portion of any Capital Contribution or to receive any distribution from the Company, (iii) have the status of a creditor with respect to distributions from the Company, (iv) have the right to demand or receive property other than cash in return for its Capital Contributions, or (v) have any priority over any other Member with respect to the return of Capital Contributions, allocations of profits and losses or distributions. No property of the Company shall be deemed to be owned by any Member individually, but shall be owned by and title thereto shall be vested solely in the Company. The Units shall constitute personal property. The rights and interest of each Member in and to the future profits and income of the Company are limited to those set forth in this Agreement.

Section 3.3 Voting and Management Rights.

(a) No Member, in his, her, or its capacity as such, shall have (i) the right to vote or to participate in the management, operation or control of the business affairs of the Company or to vote to have the Company dissolved and its affairs wound up, except as expressly provided for herein, or (ii) any right, power or authority to transact any business in the name of the Company, to act for or on behalf of the Company or in its name, or to bind the Company.

(b) Except as otherwise expressly provided herein, no action of the Company or the Managers shall require approval by the Members. To the fullest extent permitted by the Massachusetts Act, to the extent that the Massachusetts Act would require a consent or approval

by the Members, the consent or approval of the Managers pursuant to the terms of this Agreement shall be sufficient and no consent or approval by the Members shall be required.

(c) Whenever action is required or permitted by this Agreement to be taken by the Members, including any consent or approval thereof, unless otherwise specified herein, such action shall be deemed valid if and only if taken by Member Approval.

Section 3.4 Liability of Members.

(a) A Member who receives a distribution made in violation of the Massachusetts Act shall be liable to the Company for the amount of such distribution to the extent, and only to the extent, provided by the Massachusetts Act.

(b) Except as provided under the Massachusetts Act, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Member shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member. Without limiting the foregoing, (i) no Member in its capacity as such shall have any liability to restore any negative balance in such Member's Capital Account and (ii) the failure of the Company to observe any formalities or requirements relating to exercise of the Company's powers or management of its business or affairs under this Agreement or the Massachusetts Act shall not be grounds for imposing personal liability on any Member for liabilities of the Company.

Section 3.5 Powers of Members.

Except as otherwise expressly provided herein, no Member shall in his or her capacity as a Member take part in the day-to-day management, operation or control of the business and affairs of the Company or have any right, power or authority to transact any business in the name of the Company or to act for, or on behalf of, or to bind the Company.

Section 3.6 No Right to Division of Assets.

Each Member waives all rights, at law, in equity or otherwise, to require a partition or division into individually owned interests of all or any portion of the assets of the Company.

Section 3.7 Member's Investment.

Each Member hereby represents and warrants to the Company and acknowledges that (a) it has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of an investment in the Company and making an informed investment decision with respect thereto, (b) it is able to bear the economic and financial risk of an investment in the Company for an indefinite period of time and understands that, except in connection with a Permitted Transfer in accordance with the applicable terms of this Agreement, it has no right to withdraw and/or have its Units repurchased by the Company, (c) it has acquired or is acquiring Units in the Company for investment only and not with a view to, or for resale in connection with, any distribution to the public or public offering thereof, (d) it understands that the Units in the Company have not been registered under the securities laws of any jurisdiction and cannot be disposed of unless they are subsequently registered and/or qualified under applicable securities

laws, or in accordance with an applicable exemption therefrom, and the provisions of this Agreement have been complied with, and (e) the execution, delivery and performance of this Agreement does not require it to obtain any consent or approval that has not been obtained and do not contravene or result in a default under any provision of any existing law or regulation applicable to it, any provision of its charter, by-laws or other governing documents (if applicable) or any agreement or instrument to which it is a party or by which it is bound.

ARTICLE 4. CAPITAL STRUCTURE

Section 4.1 Units.

The Members' share of the profits and losses of the Company and their right to receive distributions of the Company's assets, as well as certain other rights of the Members in the Company (which rights, collectively shall be the equivalent of each such Member's "limited liability company interest" in respect of the Company under the Massachusetts Act), shall be represented by "Units" (each, a "Unit" and, collectively, the "Units").

Section 4.2 Authorized Capital.

(a) The total number of Units that the Company shall have the authority to issue is 1,000,000, all of which are hereby designated as Common Units.

(b) Subject to the restrictions set forth herein, any unissued Units shall be available for issuance as may be authorized by the Board of Managers from time to time pursuant to, and in accordance with, the terms and conditions of an Investor Unit Subscription Agreement.

(c) The Board of Managers may authorize the Company to create and, for such consideration as the Board of Managers may deem appropriate, issue such Units or additional classes or series of Units, having such designations, preferences and relative, participating or other special rights, powers and duties, as the Board of Managers shall determine, including, without limitation: (i) the right of any such class or series of Units to share in distributions from the Company; (ii) the allocation to any such class or series of Units of items of Company income, gains, losses and deductions; (iii) the rights of any such class or series of Units upon dissolution or liquidation of the Company; and (iv) the right of any such class or series of Units to vote on matters relating to the Company and this Agreement. The Members understand and agree that rights afforded to any additional classes or series of Units (including, without limitation, rights to distributions from the Company) may result in a reduction and/or dilution in the rights of then outstanding Units. The Board of Managers may, subject to Article 8 and Section 15.3 of this Agreement, amend any provision of this Agreement, and authorize any Person to execute, swear to, acknowledge, deliver, file and record, if required, such documents, to the extent necessary or desirable to reflect the admission of any additional Member to the Company or the authorization and issuance of such class or series of Units, and the related rights and preferences thereof.

Section 4.3 Incentive Units

(a) If the Board of Managers intends that the grant of Common Units to a Person providing services to the Company qualify as a "profits interest" for tax purposes (each

such Common Unit, an “Incentive Unit”), the Company and each Member agree to treat such Incentive Units as a separate “profits interest” within the meaning of Rev. Proc. 93-27, 1993-2 C.B. 343 or any future Internal Revenue Service guidance or other authority that supplements or supersedes the foregoing Revenue Procedure, and it is the intention of the Members that distributions to each Incentive Unit under this Agreement, including pursuant to Article 7 and Article 12, shall be limited to the extent necessary so that the Incentive Units of such Member qualify as a “profits interest” under Rev. Proc. 93-27, and this Agreement shall be interpreted accordingly.

(b) Upon the grant of Incentive Units to a Member in connection with the performance of services by such Member, the Gross Asset Value of all Company assets shall be adjusted to equal their respective gross Fair Market Values, as provided in the definition of Gross Asset Value, and the Company’s Profit and Company’s Loss arising from such adjustment shall be allocated to the existing Members in accordance with the Allocation Exhibit. The foregoing is intended to reflect the intent of the parties hereto that such grant (aside from the portion of the new interest acquired in exchange for any Capital Contribution made by such Member) shall be treated as the issuance of a profits interest for United States federal income tax purposes.

(c) In connection with the issuance of any Incentive Unit, the Board of Managers shall set a threshold dollar amount with respect to such Incentive Unit (each, “Threshold Amount”). The Threshold Amount with respect to each Incentive Unit will be determined by the Board of Managers and will be an amount equal to the value of each Common Unit that is not an Incentive Unit as of the grant of such Incentive Unit, determined based upon the amount of distributions that the holders of such a Common Unit would be entitled to receive in a hypothetical liquidation of the Company on the date of issuance of such Incentive Unit in which the Company sold its assets for their Fair Market Value, satisfied its liabilities (excluding any nonrecourse liabilities to the extent the balance of such liabilities exceeds the Fair Market Value of the assets that secure them) and distributed the net proceeds to the holders of Units in liquidation of the Company. The determination of the Board of Managers of the Threshold Amount shall be final, conclusive and binding on all Members.

(d) In accordance with Rev. Proc. 2001-43, 2001-2 CB 191, the Company shall treat a Member holding Incentive Units as the owner of such Incentive Units from the date they are granted, and shall file its Internal Revenue Service Form 1065, and issue appropriate Schedule K-1s to such Member, allocating to such Member his or her distributive share of all items of income, gain, loss, deduction and credit associated with such Incentive Units as if they were fully vested. Each Member agrees to take into account such distributive share in computing his or her United States federal income tax liability for the entire period during which he or she holds any Incentive Units. The Company and each Member agree not to claim a deduction (as wages, compensation or otherwise) for the fair market value of such Incentive Units issued to a Member, either at the time of grant of the Incentive Units or at the time the Incentive Units become substantially vested. The undertakings contained in this paragraph shall be construed in accordance with Section 4 of Rev. Proc. 2001-43.

(e) The Board of Managers shall have the right to amend this Agreement without the approval of any Member upon publication of final regulations in the Federal Register (or other official pronouncement) to (i) direct and authorize the election of a “safe harbor” under

Proposed Treasury Regulation Section 1.83-3(l) (or any similar provision) under which the fair market value of a membership interest that is transferred in connection with the performance of services is treated as being equal to the liquidation value of that interest, (ii) to provide for an agreement by the Company and all of its Members to comply with all the requirements set forth in such regulations and Notice 2005-43 (and any other guidance provided by the Internal Revenue Service with respect to such election) with respect to all interests transferred in connection with the performance of services while the election remains effective, and (iii) to provide for any other related amendments; provided, in any case that (x) such amendment shall not change the relative economic interest of the Members, reduce any Member's share of distributions, or increase any Member's liability hereunder and (y) the Company shall provide a copy of such amendment to the Members at least ten (10) days prior to the effective date of any such amendment.

(f) Without limitation of any other provision herein, no transfer of any Incentive Units in the Company by a Member, to the extent permitted by this Agreement, shall be effective unless prior to such transfer, the transferee, assignee or intended recipient of such Incentive Units shall have agreed in writing to be bound by the provisions of this Agreement relating to Incentive Units, in form satisfactory to the Board of Managers.

(g) The foregoing provisions relating to the grant of Incentive Units, together with any grant document pursuant to which Incentive Units are issued to a Member in such Person's capacity as an employee or service provider of the Company, are intended to qualify as a compensatory benefit plan within the meaning of Rule 701 of the Securities Act and the issuance of Incentive Units pursuant hereto is intended to qualify for the exemption from registration under the Securities Act provided by Rule 701; provided that the foregoing shall not restrict or limit the Company's ability to issue any Incentive Units pursuant to any other exemption from registration under the Securities Act available to the Company and to designate any such issuance as not being subject to Rule 701.

(h) Incentive Units may be issued subject to vesting, forfeiture and repurchase pursuant to separate agreements, the provisions of which may be determined, altered or waived (unless otherwise specified in such agreements) in the sole discretion of the Board of Managers. Any Person holding a Unit subject to a vesting arrangement, including, without limitation, any Incentive Unit, shall make a timely Code Section 83(b) election in accordance with Treasury Regulation 1.83-2 with respect to each such Unit (to the extent applicable).

(i) Distributions pursuant to Article 7 shall be made with respect to all Incentive Units, whether vested or unvested. Any distributions pursuant to Section 7.3 (excluding, for the avoidance of doubt, Tax Distributions that are treated as advances on distributions pursuant to Section 7.3) with respect to unvested Incentive Units shall be held by the Company until such Incentive Units vest, at which time any such retained distributions shall be released to the holder of such then vested Incentive Units. Any retained distributions pursuant to the foregoing sentence that are forfeited as a result of the forfeiture without vesting of the applicable Incentive Units shall thereafter be distributed under Section 7.3.

ARTICLE 5.
MANAGEMENT OF THE COMPANY

Section 5.1 Managers.

(a) The business of the Company shall be managed by a Board of Managers (the “Board of Managers”) who may exercise all the powers of the Company, except as otherwise provided by law or by this Agreement, and by any committees that the Board of Managers may from time to time establish. Each member of the Board of Managers shall be a “Manager” for all purposes under the Massachusetts Act. Subject to the terms and conditions of this Agreement, at least a majority of the Board of Managers then in office must vote or consent in favor of an action in order to bind the Company with respect to such action. Subject to Section 5.2(b), each individual Manager shall have any right, power or authority to bind the Company, including to the extent such Manager has been designated as an officer of the Company, such Manager acting in his or her capacity as an officer shall have the authority to bind the Company for limited liability company actions under such officer’s control. A Manager shall be held to the same standards of fiduciary duty with respect to the Company to which a director of a corporation organized under the laws of The Commonwealth of Massachusetts is held with respect to such corporation. Any determination of whether a Manager has breached his or her fiduciary duty to the Company shall be made by reference to whether, under Massachusetts law as it then exists, a director of a Massachusetts corporation would be held to have breached his or her fiduciary duty to such corporation under similar facts. Notwithstanding the foregoing, or any other provision of this Agreement to the contrary (but subject to any particular written agreement between the Company and any Manager), it is expressly understood and agreed that a Manager shall not be required to devote his entire time or attention to the business of the Company.

(b) The Board of Managers shall consist of one or more Managers. As of the Effective Date, the authorized number of Managers shall be three. In the event of a vacancy in the Board of Managers, the remaining Managers, except as otherwise provided by law, may exercise the powers of the full Board of Managers until the vacancy is filled, provided that in the event of a vacancy in one of the seats appointed pursuant to Section 5.1(c)(i) or Section 5.1(c)(ii), such seat may only be filled by a Manager designated by the parties entitled pursuant to such Section to designate a Manager to fill such seat.

(c) From and after the date of this Agreement, each Member shall vote, or cause to be voted, all Units and all other voting securities of the Company presently owned or hereafter acquired by such Member, or over which such Member has voting control, at any meeting of the Members called for the purpose of filling positions on the Board of Managers, or to execute a written consent in lieu of a meeting of the Members, for purpose of filling positions on the Board of Managers and to elect and continue in office as Managers the following:

(i) for so long as Miguel F. Londono holds not less than 100,000 Common Units, one individual designated by Miguel F. Londono, who shall be Miguel F. Londono unless otherwise agreed in writing by Miguel F. Londono and Herbert Jordan;

(ii) for so long as Herbert Jordan holds not less than 100,000 Common Units, one individual designated by Herbert Jordan, who shall be Herbert Jordan unless otherwise agreed in writing by Miguel F. Londono and Herbert Jordan; and

(iii) one individual appointed by holders of a majority of then-outstanding Units and mutually agreeable to Miguel F. Londono and Herbert Jordan.

(d) In the event that the Member or Members that has or have the right to designate a Manager pursuant to clause Section 5.1(c) requests that the Manager so designated by such Member or Members be removed (with or without cause), by written notice to the other holders of Units, then in such case, such Manager shall be removed and each Member hereby agrees to vote all Units, and all other voting securities of the Company over which such Member has voting control, to effect such removal upon such request. Any Manager may be removed by the affirmative vote or written consent of holders of a majority of the Common Units then outstanding, provided that no Manager specified in either Section 5.1(c)(i) or Section 5.1(c)(ii) may be removed without the consent of the Members who have the right pursuant to such Section to designate such Manager, so long as such Members hold such right. Each Member agrees not to vote any Units, or any voting securities over which such Member has voting control, to remove any Manager other than in accordance with this Section 5.1(d).

(e) Except as otherwise provided by law or by this Agreement, Managers shall hold office until their successors are elected and duly qualified or until their earlier death, disability, resignation or removal. Any Manager may resign by delivering his written resignation to the Company. Such resignation shall be effective upon receipt unless it is specified to be effective at some other time or upon the happening of some other event.

Section 5.2 Powers and Duties of the Managers.

(a) Subject to the provisions of Section 5.2(b), the Board of Managers shall have and may exercise on behalf of the Company all of its rights, powers, duties and responsibilities under Section 5.1 or as otherwise provided by law or this Agreement:

(i) to manage the business and affairs of the Company and for this purpose to employ, retain or appoint any officers, employees, consultants, agents, brokers, professionals or other Persons in any capacity with the Company for such compensation and on such terms as the Board of Managers deems necessary or desirable and to delegate to such Persons such of its duties and responsibilities as the Board of Managers shall determine, and to remove such Persons or revoke their delegated authority on such terms or under such conditions as the Board of Managers shall determine;

(ii) to merge or consolidate the Company or any Subsidiary with or into any other entity or otherwise effect the sale of the Company and its business;

(iii) to acquire or invest in other entities or businesses;

(iv) to enter into, execute, deliver, acknowledge, make, modify, supplement or amend any documents or instruments in the name of the Company;

(v) to borrow money or otherwise obtain credit and other financial accommodations on behalf of the Company on a secured or unsecured basis and to perform or cause to be performed all of the Company's obligations in respect of its indebtedness or guarantees and any mortgage, lien or security interest securing such indebtedness; and

(vi) to issue additional Units or other rights or other interests in the Company and to designate additional classes of interest in the Company as provided herein.

(b) Notwithstanding the foregoing, the Company shall not take the following actions without having first obtained the consent of the Board of Managers, which consent must include the consent of the Managers elected pursuant to Sections 5.2(c)(i) and (ii):

(i) pledge or grant a security interest in any assets of the Company or any Subsidiary, except in the ordinary course of business when all such pledges or grants in the ordinary course of business (excluding pledges or grants provided for in the Operating Plan) do not secure indebtedness of more than \$50,000 in the aggregate;

(ii) issue any Units;

(iii) enter into any agreements, including but not limited to leases, that obligate the Company or any Subsidiary to make aggregate annual payments in excess of \$50,000, unless provided for in the Board-approved operating plan of the Company;

(iv) establish or amend any employee incentive plan or similar equity compensation plan (except as set forth in this Agreement) or grant any equity compensation;

(v) acquire any asset or assets with a value in excess of \$50,000 in a single transaction or a series of related transactions, unless provided for in the Board-approved operating plan of the Company;

(vi) make any loan or advance to any person, including, any employee or manager, except advances and similar expenditures in the ordinary course of business or under the terms of an employee equity compensation plan approved by the Board of Managers;

(vii) incur any aggregate indebtedness in excess of \$50,000 that is not already included in the operating plan of the Company approved by the Board of Managers, other than trade credit incurred in the ordinary course of business;

(viii) change the principal business of the Company, enter new lines of business, or exit the current line of business; or

(ix) enter into any corporate strategic relationship involving the payment, contribution or assignment by the Company or to the Company of assets greater than \$50,000.

Section 5.3 Reliance by Third Parties.

Any Person dealing with the Company, the Managers or any Member may rely upon a certificate signed by all of the Managers as to: (i) the identity of any Managers or Members; (ii) any factual matters relevant to the affairs of the Company; (iii) the Persons who are authorized to execute and deliver any document on behalf of the Company; or (iv) any action taken or omitted by the Company, the Managers or any Member.

Section 5.4 Board Voting Rights; Meetings; Quorum.

(a) Each Manager shall be entitled to one (1) vote with respect to any matter before the Board of Managers or committee thereof. At any meeting of the Board of Managers, the presence of a majority of the total number of Managers then in office shall constitute a quorum.

(b) Regularly scheduled meetings of the Board of Managers may be held at such time, date and place as a majority of the Managers may from time to time determine. Special meetings of the Board of Managers may be called, orally, in writing or by means of electronic communication, by any Manager, designating the time, date and place thereof.

(c) Notice of the time, date and place of all meetings of the Board of Managers shall be given to each Manager by the appropriate officer of the Company or one of the Managers calling the meeting. Notice shall be given to each Manager in person or by telephone, facsimile or electronic mail sent to his business or home address or email address, as applicable, at least twenty-four (24) hours in advance of the meeting, or by written notice mailed to his business or home address at least seventy-two (72) hours in advance of the meeting. The attendance of a Manager at a meeting shall constitute a waiver of notice of such meeting by such Manager, except where a Manager attends a meeting for the express purpose of objecting at the beginning of the meeting to the transaction of any business because such meeting is not lawfully called or convened. A notice or waiver of notice of a meeting of the Board of Managers need not specify the purposes of the meeting.

Section 5.5 Actions of the Board of Managers.

(a) Except as provided in this Agreement, or required by law, any vote or approval of a majority of the Managers present at any meeting of the Board of Managers at which a quorum is present shall be the act of the Board of Managers.

(b) Any action required or permitted to be taken at any meeting of the Board of Managers may be taken without a meeting if a written consent thereto is signed (including by means of an authorized electronic, stamped or other facsimile signature or email message) by all of the Managers then in office and filed with the records of the meetings of the Board of Managers. Such consent shall be treated as a vote of the Board of Managers for all purposes.

Section 5.6 Reimbursement of Managers.

The Company shall promptly reimburse in full each Manager who is not an employee of the Company or any Subsidiary for all such Manager's reasonable out-of-pocket expenses incurred in

connection with attending any meeting of the Board of Managers or a committee thereof or any Board of Managers or committee thereof of any Subsidiary.

Section 5.7 Transactions with Interested Persons.

Unless entered into in bad faith, no contract or transaction between the Company or any Subsidiary and one of its or their Managers, officers or Members or Affiliates of the foregoing, or between the Company or any Subsidiary and any other Person or Affiliates of such Person in which one or more of its or any Subsidiary's Managers, officers or Members have a financial interest or are directors, managers, partners, members, stockholders, officers or employees, shall be voidable solely for this reason or solely because said Member, Manager or officer was present or participated in the authorization of such contract or transaction if (i) the material facts as to the relationship or interest of said Person and as to the contract or transaction were disclosed or known to the Board of Managers and the contract or transaction was authorized by a majority of the votes held by disinterested members of the Board of Managers (if any) or (ii) the contract or transaction was entered into on terms and conditions that were fair and reasonable to the Company as of the time it was authorized, approved or ratified. Subject to compliance with the provisions of this Section 5.7, no Member, Manager or officer interested in such contract or transaction, because of such interest, shall be considered to be in breach of this Agreement or liable to the Company, any other Member, Manager or other Person for any loss or expense incurred by reason of such contract or transaction or shall be accountable for any gain or profit realized from such contract or transaction.

Section 5.8 Limitation of Liability of Managers.

No Manager shall be obligated personally for any debt, obligation or liability of the Company or of any Member, whether arising in contract, tort or otherwise, by reason of being or acting as Manager of the Company. A Manager shall be fully protected in relying in good faith upon the Company's records and upon such information, opinions, reports or statements by any of the Company's Members, Managers, employees, consultants, advisors or agents, or by any other Person as to matters such Manager reasonably believes are within such other Person's professional or expert competence and who has been selected in good faith and with reasonable care by such Manager, including, without limitation, information, opinions, reports or statements as to the value and amount of the assets, liabilities, profits or losses of the Company. No Manager shall be personally liable to the Company or its Members for any action undertaken or omitted in good faith reliance upon the provisions of this Agreement unless the acts or omissions of the Manager were not in good faith or involved gross negligence or intentional misconduct. Any Person alleging any act or omission as not taken or omitted in good faith shall have the burden of proving by a preponderance of the evidence the absence of good faith.

Section 5.9 Other Agents.

From time to time, the Board of Managers acting by Manager Approval may appoint agents of the Company (who may be designated as officers of the Company), with such powers and duties as shall be specified by such Manager Approval. Such agents (including those designated as officers) may be removed by Manager Approval.

**ARTICLE 6.
CAPITAL CONTRIBUTIONS**

Section 6.1 Amount and Payment.

(a) As of the Effective Date, the Members holding Common Units have made Capital Contributions in the aggregate amount of \$[10,000], in exchange for such Common Units, as set forth on Schedule A attached hereto.

(b) With Manager Approval, the Company may accept additional Capital Contributions in connection with the issuance of additional Units, at a price per Unit to be determined pursuant to Manager Approval at the time of the sale and issuance of Units, up to the total number of authorized Units, to existing Members and in connection with the admission of other Persons as additional Members, in each case pursuant to Article 8.

(c) Any Capital Contributions that the Members have made in exchange for their Units and the number of Units held by each Member shall be set forth on Schedule A, which Schedule shall be updated by the Board of Managers from time to time to reflect changes in the information set forth therein made in accordance with the terms of this Agreement and as may be agreed by the Board of Managers pursuant to Manager Approval from time to time. Schedule A shall be held confidentially by the Board of Managers, and may not be disclosed to any Member other than a Major Member and its Affiliates, without the prior consent of the Board of Managers.

Section 6.2 Interest.

The Members shall not be entitled to receive any interest on any Capital Contribution to the Company.

Section 6.3 Withdrawal.

Except as otherwise specifically provided herein, a Member shall not be entitled to withdraw any Capital Contribution or portion thereof or to receive any Guaranteed Payment or distribution from the Company.

**ARTICLE 7.
CAPITAL ACCOUNTS; ALLOCATIONS; DISTRIBUTIONS**

Section 7.1 Capital Accounts.

For each Member, the Company shall establish and maintain a separate Capital Account as more fully described in Schedule B.

Section 7.2 Allocations.

Allocations of Profit and Loss, and allocations for tax purposes of items of income, gain, loss, deduction and expense and tax credits, shall be made to and among the Members in accordance with Schedule B attached hereto (the "Allocation Exhibit"). Certain other tax matters,

including provisions concerning limited liability company interests that change throughout the Fiscal Year and the allocation of tax items, are also governed by the Allocation Exhibit.

Section 7.3 Distributions.

(a) Except as otherwise provided herein, the Company shall not be required to make distributions or payments of cash or other Company assets to the Members.

(b) Distributions to Members, if any, other than under Article 12 shall be at times and in such aggregate amounts as may be determined by Manager Approval. Subject to any limitations applicable to Profits Interests, including applicable Threshold Amounts, such distributions shall be made to the respective Members on a pro rata basis in proportion to the number of Units held by each Member.

(c) Notwithstanding the foregoing, the Company shall make, with respect to each Fiscal Year of the Company, distributions of Distributable Cash, if any, to the Members in an amount equal to the respective Projected Tax Liability of each Member for such tax year, to enable the Members to pay income taxes on Profit allocated to them with respect to such tax year (any such distribution, a “Tax Distribution”). The amount of the Tax Distributions to which a Member otherwise would be entitled with respect to a Fiscal Year shall be reduced dollar-for-dollar by the amount of any other cash distributions received by such Member (or such Member’s predecessor in interest) for such Fiscal Year (other than any distributions received that are Tax Distributions with respect to a prior Fiscal Year). All Tax Distributions made to a Member shall be treated as advances of distributions to be made to that Member (or that Member’s successor in interest) pursuant to Section 7.3 (including pursuant to Section 12.2) of this Agreement, as applicable, and shall reduce such future distributions dollar for dollar. The aggregate amount of Tax Distributions with respect to any Fiscal Year may be reduced, on a pro rata basis, or not made, if and to the extent the Board of Managers determines that the Company has insufficient Distributable Cash to make such Tax Distributions in full.

Section 7.4 Guaranteed Payments

Payments may be paid to Members for services performed for the benefit of the Company by such Members at the time of any regular payment of wages to employees of the Company, in accordance with the Company’s payroll methodology, or at such other times as may be determined by Manager Approval in the sole discretion of the Managers, it being understood that the payments made pursuant to this Section 7.4 shall be treated as “guaranteed payments” within the meaning of Section 707(c) of the Code (the “Guaranteed Payments”).

Section 7.5 Withholding; Tax Documentation.

Notwithstanding anything to the contrary in this Agreement, the Company may withhold from any allocation, distribution or other payment made to any Member any amount required to be withheld under the Code or any other applicable federal, state, local or foreign law. All amounts so withheld with regard to any distribution or payment shall be treated as amounts distributed or paid to such Member. If no distribution or payment is being made to a Member in an amount sufficient to pay the Company’s withholding obligation with respect to such Member, any amount that the Company is obligated to pay shall be deemed an interest-free advance from the Company

to such Member, payable by such Member by withholding by the Company from any subsequent distributions or payments to such Member or within ten days after receiving written request for payment from the Company. Each Member agrees to timely complete and deliver to the Managers any form, document or provide such other information reasonably requested by the Company for tax purposes.

ARTICLE 8.

ISSUANCE OF ADDITIONAL UNITS; ADMISSION OF ADDITIONAL MEMBERS

Section 8.1 Additional Issuances; Additional Members.

(a) A Member may purchase or be granted additional Units in the Company or a Person who is not already a Member of the Company may be admitted as a Member of the Company by Manager Approval.

(b) The Capital Contribution (if any) and other terms with respect to such additional Units or such additional Member shall be determined by Manager Approval.

ARTICLE 9. TRANSFER OF UNITS; LEGAL REPRESENTATIVES

Section 9.1 Assignability of Interests; Substitute Members.

A Member may not sell, assign, transfer, pledge or otherwise encumber, or otherwise dispose of, such Member's Units, whether voluntarily or by operation of law, and an assignee shall not be admitted as a Substitute Member, without prior Manager Approval. Unless and until admitted as a Substitute Member, an Assignee shall not be entitled to exercise any rights or powers of, or to receive any of the benefits of, the assigning Member other than, to the extent assigned, the share of Profit and Loss and the rights to receive distributions to which the assigning Member was entitled. An Assignee shall have no liability as a Member solely as a result of such assignment. An Assignee may become a Substitute Member only upon the terms and conditions set forth in Section 9.2. The admission of an Assignee as a Substitute Member shall additionally in each case be conditioned upon (a) the Assignee's written assumption, in form and substance satisfactory to all of the Members, of all of the obligations, restrictions and liabilities of the assigning Member under this Agreement and (b) the Assignee's execution of an instrument reasonably satisfactory to all of the Members whereby such Assignee becomes a party to this Agreement as a Substitute Member.

Section 9.2 Additional Requirements.

As additional conditions to the validity of any assignment of a Unit and any admission of an Assignee as a Substitute Member, such assignment and any such admission:

(i) shall not violate the registration provisions of the Securities Act, or the securities laws of any applicable jurisdiction; and

(ii) shall not cause the Company to be terminated for federal income tax purposes or to be treated as a publicly traded partnership under the Code, unless agreed to in writing by Manager Approval.

The Managers may require reasonable evidence as to satisfaction of such conditions, including, without limitation, a favorable opinion, in form and substance satisfactory to the Managers, of legal counsel reasonably satisfactory to the Managers. Any purported assignment or admission as to which the conditions set forth in clauses (i) and (ii) are not satisfied shall be void *ab initio*.

ARTICLE 10. WITHDRAWAL AND RESIGNATION OF MEMBERS; PURCHASE RIGHTS AMONG MAJOR MEMBERS

Section 10.1 Withdrawal and Resignation.

No Member may withdraw or resign from the Company except (i) pursuant to a purchase of its and all of its Affiliates' Units in accordance with the terms of this Article 10 or (ii) with the written consent of the Major Members. Any Member who attempts to resign or withdraw from the Company in violation of the foregoing provision shall cease to be a Member of the Company and shall forfeit any right to distributions or payments from the Company, including, without limitation, any right to any payment pursuant to Section 32 of the Massachusetts Act.

Section 10.2 Definition of Trigger Event.

A Major Member shall have caused a "Trigger Event" for purposes of this Agreement in the event that such Major Member is in material breach of this Agreement if any such breach continues for more than fifteen days following receipt by the breaching Major Member from the other Major Member of notice of breach and demand for cure; provided, however, that if the cure is commenced in good faith within the fifteen-day period but cannot reasonably be completed within that period, an extension thereof of reasonable duration, not to exceed thirty days, shall be provided to permit cure.

Section 10.3 Purchase Right in the Event of a Trigger Event.

If a Major Member (the "Non-Breaching Major Member") believes that the other Major Member (the "Breaching Major Member") has caused a Trigger Event, the Non-Breaching Major Member may provide a notice to the Breaching Major Member with respect to such Trigger Event (the "Trigger Notice"). The Trigger Notice shall specify the claimed nature of the Trigger Event and shall state whether the Non-Breaching Major Member will elect to purchase all of the Units of the Breaching Major Member in accordance with the buy-out procedure set forth in Section 10.5 below. If the Trigger Notice does not contain an election to purchase all of the Units of the Breaching Major Member, the Breaching Major Member shall have thirty days after the date of its receipt of the Trigger Notice to send a written response to the Non-Breaching Major Member electing to purchase all of the Units of the Non-Breaching Major Member in accordance with the buy-out procedure set forth in Section 10.5 below. If neither Major Member makes an election to purchase all of the Units of the other Major Member pursuant to this Section 10.3, the Company shall dissolve in accordance with the terms of this Agreement.

Section 10.4 Purchase Right in the Event of a Material Disagreement.

In the event there is a material disagreement between the Managers appointed by the Major Members relating to any matter requiring consent of both such Managers, and such material disagreement is not resolved by the dispute resolution process set forth in Section 10.6, each Major

Member shall have the right to elect to purchase all of the Units of the other Major Member in accordance with the buy-out procedure set forth in Section 10.5 below. If each of the Major Members elects to purchase all of the Units of the other Major Member, the Major Members shall agree on random, unbiased means (which may include a coin toss) of determining who shall be the Electing Member for purposes of Section 10.5.

Section 10.5 Purchase Price and Process.

(a) The purchase price for Units of a Major Member purchased pursuant to Section 10.3 or Section 10.4 (the “Buyout Purchase Price”) shall be equal to the amount that would be distributed to the selling Major Member if the assets and business of the Company were sold at fair market value and the Company were dissolved immediately prior to sale. Fair market value of the Company’s assets and business shall be determined by mutual agreement of the Members (including pursuant to the engagement of such independent third-party valuation firm as the Major Members may mutually agree upon), with such agreement to take place within thirty days after the date (the “Election Date”) on which a Major Member (the “Non-Electing Major Member”) has received an election to acquire all of its Units from the other Major Member (the “Electing Major Member”) under Section 10.3 or Section 10.4. If the Major Members are able to agree with respect to fair market value within thirty days after the Election Date, the purchase and sale of the applicable Units shall take place on the date that is sixty days after the Election Date, or the next Business Day if such date is not a Business Day.

(b) In the event that the Major Members cannot agree on the fair market value of the Company’s assets and business within thirty days after the Election Date, the Electing Major Member shall have the right to serve notice to the Non-Electing Major Member (the “Value Notice”) setting forth the Electing Major Member’s determination as to the fair market value of the Company’s assets and business and each Major Member’s respective share thereof, providing a Buyout Purchase Price for each Major Member’s Units. If the Non-Electing Major Member does not receive the Value Notice within thirty days after the Election Date, the Company shall dissolve in accordance with the terms of this Agreement.

(c) If the Non-Electing Major Member receives the Value Notice within thirty days after the Election Date, the Non-Electing Major Member shall have the right either (i) to sell all of its Units at the Buyout Purchase Price for such Units contained in the Value Notice or (ii) to purchase all of the Electing Major Member’s Units for the applicable Buyout Purchase Price for such Units contained in the Value Notice. To exercise this purchase right, the Non-Electing Major Member must send a written notice to the Electing Major Member within fifteen days after the Non-Electing Major Member’s receipt of the Value Notice. If the Non-Electing Major Member exercises its purchase right within the required time period, the purchase and sale of the applicable Units shall take place on the date that is forty-five days after the Non-Electing Major Member’s receipt of the Value Notice, or the next Business Day if such date is not a Business Day. If the Non-Electing Major Member does not exercise its purchase right within the required time period, the Electing Major Member shall purchase all of the Units of the Non-Electing Major Member on the date that is thirty days after the Non-Electing Major Member’s receipt of the Value Notice, or the next Business Day if such date is not a Business Day.

(d) Any purchase of Units pursuant to this Article 10 shall be evidenced by such assignments, instruments of conveyance, bills of sale or other transfer documents as either of the Major Members may reasonably request. The aggregate Buyout Purchase Price shall be paid on the date specified for such purchase in this Article 10 by delivery of a promissory note in the amount of such aggregate Buyout Purchase Price. The promissory note shall be secured by a security interest in all Units held by the purchasing Major Member, with such security interest to be granted pursuant to documents reasonably satisfactory to the selling Major Member. The principal amount of such promissory note shall bear interest, payable annually, at the lowest rate per annum then required by the Code in order to avoid the imputation of interest, and shall be payable in not more than three equal annual installments. Each note shall provide as follows: that the maker shall have the right to prepay the principal or any portion thereof at any time or times without premium or penalty; that upon default for thirty days in any payment of principal or interest, or in the event of bankruptcy or insolvency of the maker, or if the maker shall make any assignment for the benefit of creditors, the entire balance of principal and interest then remaining unpaid on the note shall become due and payable forthwith at the option of the holder of the note; and that presentment, protest and notice of protest shall be waived.

(e) Notwithstanding any other provision of this Article 10, any purchaser of Units under this Article 10 shall, as a condition to such purchase, (i) assume all of the liabilities, obligations and/or guarantees of the selling Major Member which relate to the business of the Company, (ii) indemnify the selling Major Member for the liabilities, obligations and guarantees so assumed and (iii) obtain the release of all guarantees, letters of credit and documents granting security interests in the Units which the selling Major Member shall have provided in connection with the Company or its business. Such assumption, indemnification and release shall be evidenced by instruments and other documents reasonably satisfactory, in form and substance, to the selling Major Member.

(f) Upon the effectiveness of a purchase pursuant to this Article 10, (i) the selling Major Member shall be deemed to have withdrawn and resigned from the Company and shall cease to be a Member of the Company, (ii) the selling Major Member's Capital Account shall be re-allocated to the purchasing Major Member, (iii) any Managers appointed solely by the selling Major Member shall be deemed to have resigned as Managers as of such date and (iv) the purchasing Major Member shall be deemed substituted for the selling Major Member for the purposes of the appointment of Managers pursuant to Section 5.1(c)(i) or Section 5.1(c)(ii), as applicable.

(g) If the purchase of Units under this Article 10 is not completed by reason of the failure of either Major Member to comply with the terms of this Article 10, then (i) the complying Major Member shall be entitled to specific performance of the purchase and (ii) if the selling Major Member is the non-complying Major Member, upon compliance by the purchasing Major Member with the terms of this Article 10, including the payment of the aggregate Buyout Purchase Price in accordance with Section 10.5, the purchasing Major Member shall be entitled to treat itself for all purposes as, and thereafter shall be, the owner of the Units which were to be purchased under this Article 10.

Section 10.6 Dispute Resolution between Major Members.

The Major Members will attempt in good faith to resolve any controversy or claim between them and arising out of or relating to this Agreement promptly by negotiations between such Major Members. Should the dispute not be resolved through the aforementioned process, the Major Members agree first to try in good faith to settle the dispute (other than disputes with respect to the fair market value of the Company's assets and business under Article 10) by non-binding mediation administered by the American Arbitration Association under its Commercial Mediation Rules. If the matter has not been resolved within thirty days of submission to non-binding mediation, either Major Member may initiate buy/sell procedures to the extent permitted by Section 10.4 above.

ARTICLE 11. DURATION OF THE COMPANY

Section 11.1 Duration.

The Company shall continue until it is dissolved and its affairs wound up, which shall occur on the earlier of the happening of any of the following events:

- (a) Written Manager Approval and written approval of Members holding a majority of then-outstanding Common Units with respect to such dissolution and winding up.
- (b) The death, incapacitation, retirement, resignation, expulsion, or bankruptcy of all of the Members or the occurrence of any event which terminates the continued membership of all of the Members in the Company.
- (c) The entry of a decree of judicial dissolution under Section 44 of the Massachusetts Act.

ARTICLE 12. LIQUIDATION OF THE COMPANY

Section 12.1 General.

(a) Upon the dissolution of the Company, the Company shall be liquidated in an orderly manner in accordance with this Article and the Massachusetts Act. The liquidation shall be conducted and supervised by the Managers or, if none, by the Members, or, if none, by the personal representative (or its nominee or designee) of the last remaining Member (the Managers, Members or such other Person, as applicable, being referred to in this Article as the "Liquidating Agent"). The Liquidating Agent shall have all of the rights, powers, and authority with respect to the assets and liabilities of the Company in connection with the liquidation of the Company that the Members have with respect to the assets and liabilities of the Company during the term of the Company, and the Liquidating Agent is hereby expressly authorized and empowered to execute any and all documents necessary or desirable to effectuate the liquidation of the Company and the transfer of any assets of the Company. The Liquidating Agent shall have the right from time to time, by revocable powers of attorney, to delegate to one or more Persons any or all of such rights and powers and such authority and power to execute documents and, in connection therewith, to fix the reasonable compensation of each such Person, which

compensation shall be charged as an expense of liquidation. The Liquidating Agent is also expressly authorized to distribute Company property to the Members subject to liens.

(b) The Liquidating Agent shall liquidate the Company as promptly as shall be practicable after dissolution. Without limitation of the rights, powers, and authority of the Liquidating Agent as provided in this Article, the Liquidating Agent may, in its discretion, either distribute in kind or sell securities and other non-cash assets. Any securities or other non-cash assets which the Liquidating Agent may sell shall be sold at such prices and on such terms as the Liquidating Agent may, in its good faith judgment, deem appropriate.

Section 12.2 Final Allocations and Distributions.

In settling accounts upon dissolution, winding up and liquidation of the Company, the assets of the Company shall be applied and distributed as expeditiously as possible in the following order:

(a) To pay (or make reasonable provision for the payment of) all creditors of the Company, including, to the extent permitted by law, Members or other Affiliates that are creditors, in satisfaction of liabilities of the Company in the order of priority provided by law, including expenses relating to the dissolution and winding up of the Company, discharging liabilities of the Company, distributing the assets of the Company and terminating the Company as a limited liability company in accordance with this Agreement and the Act); and

(b) To the Members in accordance with Section 7.3(b) (taking into account, for the avoidance of doubt, any distributions previously made under Section 7.3(c) that were treated as advances on distributions under Section 7.3(b)).

ARTICLE 13. POWER OF ATTORNEY

Section 13.1 General.

(a) Each Member irrevocably constitutes and appoints each Manager and the Liquidating Agent the true and lawful attorney-in-fact of such Member to execute, acknowledge, swear to and file any of the following: (i) the Certificate of Organization and all other certificates and other instruments deemed advisable by Manager Approval to carry out the provisions of this Agreement and applicable law or to permit the Company to become or to continue as a limited liability company; (ii) this Agreement and all instruments that the Managers acting by Manager Approval deem appropriate to reflect a change or amendment to or modification of this Agreement made in accordance with this Agreement; (iii) all conveyances and other instruments or papers deemed advisable by Manager Approval or the Liquidating Agent to effect the dissolution and termination of the Company; (iv) all fictitious or assumed name certificates required or permitted to be filed on behalf of the Company; (v) all other certificates, instruments or papers that may be required or permitted by law to be filed on behalf of the Company and any amendment or modification of any certificate or other instrument referred to in this Section 13.1(a); and (vi) any agreement, document, certificate or other instrument that any Member is required to execute and deliver hereunder or pursuant to applicable law that such Member has failed to execute and deliver within ten days after written request from the Managers pursuant to Manager Approval.

(b) The foregoing power of attorney is (i) coupled with an interest, (ii) irrevocable and durable, (iii) shall not be terminated or otherwise affected by any act or deed of any Member (or by any other Person) or by operation of law, whether by the legal incapacity of a Member or by the occurrence of any other event or events, and (iv) shall survive the transfer by a Member of the whole or any part of such Member's Units, except that, where the transferee of the whole of such Member's Units is to be admitted as a Member, the power of attorney of the transferor shall survive such transfer for the sole purpose of enabling the applicable attorney-in-fact to execute, swear to, acknowledge and file any instrument necessary or appropriate to effect such admission.

(c) Each Member agrees to execute, upon five days' prior written notice from the Managers acting by Manager Approval or any Liquidating Agent, as applicable, a confirmatory or special power of attorney containing the substantive provisions of this Article 13, which shall be in form satisfactory to the Persons or Person providing such notice.

ARTICLE 14. DUTIES, EXCULPATION AND INDEMNIFICATION

Section 14.1 Duties of Manager, Tax Matters Person and Liquidating Agent.

Each Manager, Tax Matters Person and Liquidating Agent shall exercise in good faith such Person's judgment in carrying out such Person's functions and, otherwise, shall owe no duties (including fiduciary duties) to the Company or any Member in such capacity. The Members hereby agree that this Section 14.1 and the other provisions of this Agreement, to the extent that they restrict or eliminate duties of any Manager, Tax Matters Person or Liquidating Agent otherwise existing at law or in equity, modify such duties to such extent, as permitted by applicable law.

Section 14.2 Exculpation; Liability of Covered Persons.

(a) To the fullest extent permitted by applicable law, none of the Managers, Tax Matters Person, Liquidating Agents, or any other Persons who were, at the time of the act or omission in question, a Manager, Tax Matters Person or Liquidating Agent (each, a "Covered Person") shall have any liability to the Company or to any Member for any loss suffered by the Company that arises out of any action or inaction of such Covered Person if such Covered Person, in good faith, determined that such course of conduct was in, or not opposed to, the best interests of the Company and such course of conduct did not constitute gross negligence, fraud or willful misconduct of such Covered Person.

(b) No Covered Person shall have any personal liability for the repayment of the positive balance in the Capital Account of a Member. To the greatest extent permitted by applicable law, no Covered Person shall be liable to any Member by reason of any federal or other income tax laws or the interpretations thereof as they apply to the Company and such Member, or any changes thereto.

(c) The Members hereby agree that this Section 14.2 and the other provisions of this Agreement, to the extent that they restrict or eliminate liabilities of the Covered Persons otherwise existing at law or in equity, modify such liabilities to such extent.

Section 14.3 Indemnification of Covered Persons.

(a) To the maximum extent permitted by applicable law and subject to the other provisions of this Section 14.3, the Company shall indemnify and hold harmless Covered Persons, from and against any claim, loss, expense, liability, action or damage (including, without limitation, any action by a Member or assignee thereof against a Covered Person) due to, arising from or incurred by reason of any action, inaction or decision performed, taken, not taken or made by Covered Persons or any of them in connection with the activities and operations of the Company, or any subsidiary of the Company, as the case may be, provided (i) such action, inaction or decision is within the scope of the authority of such Covered Persons as provided herein, (ii) such Covered Person acted in good faith and in a manner such Covered Person reasonably believed to be in, or not opposed to, the best interests of the Company or any subsidiary of the Company, as the case may be, and (iii) with respect to any criminal proceeding, such Covered Person had no reasonable cause to believe the conduct of such Covered Person was unlawful. The termination of a proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere, or its equivalent, shall not, by itself, create a presumption that the Covered Person did not act in good faith and in a manner which the Covered Person reasonably believed to be in, or not opposed to, the best interest of the Company or any subsidiary of the Company, as the case may be, or that the Covered Person had reasonable cause to believe that such Covered Person's conduct was unlawful (unless there shall have been a final adjudication in the proceeding that the Covered Person did not act in good faith and in a manner which such Covered Person reasonably believed to be in, or not opposed to, the best interests of the Company or any subsidiary of the Company, as the case may be, or that the Covered Person did have reasonable cause to believe that such Covered Person's conduct was unlawful). Any Covered Person may consult with independent counsel selected by the Covered Person (which may be counsel for the Company or any Affiliate) and any opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered or omitted by such Covered Person hereunder in good faith and in accordance with the opinion of such counsel. Any indemnification under this Section 14.3 shall include reasonable attorneys' fees incurred by Covered Persons in connection with the defense of any such action including, to the extent permitted by applicable law, all such liabilities under United States federal and state securities acts. The reasonable expenses incurred by Covered Persons in connection with the defense of any such action shall be paid or reimbursed as incurred, upon receipt by the Company of an undertaking by such Covered Person to repay such expenses if it shall ultimately be determined that such Covered Person is not entitled to be indemnified hereunder, which undertaking may be accepted without reference to the financial ability of such Covered Person to make repayment. Such indemnification shall only be made to the extent that such Persons are not otherwise reimbursed from insurance or other means. Such indemnification shall only be paid from the assets of the Company, and no Member shall have any personal liability on account thereof.

(b) Notwithstanding the provisions of Section 14.3(a), a Covered Person shall not be entitled to be indemnified or held harmless from and against any claim, loss, expense, liability, action or damage due to or arising from the Covered Person's gross negligence, fraud or willful misconduct.

(c) The provisions of this Section 14.3 shall be in addition to and not in limitation of any other rights of indemnification and reimbursement or limitations of liability to which a

Covered Person may be entitled under the charter documents of any subsidiary of the Company or otherwise. The provisions of this Section 14.3 shall apply whether or not at the time of reimbursement the Covered Person entitled to reimbursement is then a Covered Person. Notwithstanding any repeal of this Section 14.3 or other amendment hereof, its provisions shall be binding upon the Company (subject only to the exceptions above set forth) as to any claim, loss, expense, liability, action or damage due to or arising out of matters which occur during or are referable to the period prior to any such repeal or amendment of this Section 14.3.

ARTICLE 15. MISCELLANEOUS PROVISIONS

Section 15.1 Books and Accounts; Confidentiality.

(a) Complete and accurate books and accounts shall be kept and maintained for the Company in accordance with generally accepted accounting principles, using such method of accounting as shall be determined by Manager Approval, and shall include separate accounts for each Member. Each Member, at such Member's own expense, shall at reasonable times and upon reasonable prior written notice to the Company have access to such copy of the Agreement and of the Certificate of Organization and such books of account, but only to the extent such books of account reasonably relate to such Member's Units and not the Units of any other Member. The Members hereby acknowledge that the rights of a Member to obtain information from the Company shall be limited to only those rights provided for in this Section 15.1(a), except as otherwise specifically required by the Massachusetts Act.

(b) Within a period of time after the end of each Fiscal Year of the Company as determined by Manager Approval, the Company shall provide to each Member a Form K-1 for such Member with respect to such Fiscal Year.

(c) All funds received by the Company shall be deposited in the name of the Company in such account or accounts, all securities owned by the Company may be deposited with such custodians, and withdrawals therefrom shall be made upon such signature or signatures on behalf of the Company, as may be determined from time to time by Manager Approval.

(d) Each Member agrees to maintain the confidentiality of the Company's records and affairs, including the terms of this Agreement, agrees not to provide to any other Person (including any employee of the Company) copies of any financial statements, tax returns, or other records provided or made available to such Member, and agrees not to disclose to any other Person (including any employee of the Company) any information contained therein without the written approval of the Managers; provided, that any Member may make disclosures and may provide financial statements, tax returns, and other records: (i) to such Member's accountants and legal counsel as long as such Member instructs such accountants and legal counsel to maintain the confidentiality thereof and not to disclose to any other Person (including any employee of the Company) any information contained therein, (ii) if, and to the extent, required by law, including judicial or administrative order (provided, that, to the extent feasible, the Company is given prior notice to enable it to seek a protective order or similar relief), and (iii) in order to enforce rights under this Agreement. Notwithstanding the foregoing, nothing in this Agreement prohibits, or is intended in any manner to prohibit, a report of a possible violation of federal law or regulation to

any governmental agency or entity, including but not limited to the Department of Justice, the Securities and Exchange Commission, the Congress, and any agency Inspector General, or making other disclosures that are protected under whistleblower provisions of federal law or regulation. No Person subject to the restrictions set forth in this Section 15.1(d) shall require the prior authorization of anyone at the Company or the Company's legal counsel to make any such reports or disclosures, and no such Person is required to notify the Company that it has made such reports or disclosures. Additionally, nothing in this Agreement is intended to interfere with or restrain the immunity provided under 18 U.S.C. section 1833(b) for confidential disclosures of trade secrets to government officials, or lawyers, solely for the purpose of reporting or investigating a suspected violation of law; or in a sealed filing in court or other proceeding.

Section 15.2 Notices.

All notices, demands, solicitations of consent or approval, and other communications hereunder shall be in writing and shall be sufficiently given if personally delivered or sent by postage prepaid, registered or certified mail, return receipt requested, or by overnight courier, addressed as follows: if intended for the Company or the Managers in their capacity as such, to the Company's principal place of business determined pursuant to Section 2.3, and if intended for any Member to the address of such Member set forth on Schedule A or at such other address as any Member may designate by written notice. Notices shall be deemed to have been given (i) when personally delivered, (ii) if mailed, on the earlier of (A) three days after the date on which deposited in the mails, and (B) the date on which received, or (iii) if sent by overnight courier, on the date on which received; provided, that notices of a change of address shall not be deemed given until the actual receipt thereof. The provisions of this Section 15.2 shall not prohibit the giving of written notice in any other manner, including facsimile transmission and email; any written notice given in any other manner shall be deemed given only when actually received.

Section 15.3 Waivers; Amendments.

The operation or effect of any provision of this Agreement may only be waived, and this Agreement may only be amended, in accordance with this Section 15.3. The operation or effect of any provision of this Agreement may be waived, and this Agreement may be amended, pursuant to (i) the approval of each Major Member and (ii) Manager Approval, *provided that* (A) this Agreement may be amended by Manager Approval, to the extent required to conform to actions properly taken by the Company, the Managers, or any of the Members in accordance with this Agreement, including, without limitation, amendments to Schedule A to reflect changes made pursuant to the terms of this Agreement, (B) for so long as Miguel F. Londono holds any Units, any amendment to Section 5.1(c)(i) shall require the approval of Miguel F. Londono, (C) for so long as Herbert Jordan holds any Units, any amendment to Section 5.1(c)(ii) shall require the approval of Herbert Jordan, and (D) except as otherwise set forth herein, no waiver or amendment pursuant to this Section 15.3 shall, without a Member's consent, create personal liability for such Member or require additional capital from such Member.

Section 15.4 Applicable Law; Jurisdiction.

(a) This Agreement is governed by and shall be construed in accordance with the law of The Commonwealth of Massachusetts, exclusive of its conflict-of-laws principles. In

the event of a conflict between the provisions of this Agreement and any provision of the Certificate or the Massachusetts Act, the applicable provision of this Agreement shall control, to the extent permitted by law.

(b) The parties to this Agreement hereby consent to the jurisdiction of the courts of The Commonwealth of Massachusetts and agree to litigate any and all claims exclusively in the courts of The Commonwealth of Massachusetts in connection with any matter or dispute arising under this Agreement or between or among them regarding the affairs of the Company.

Section 15.5 Binding Effect.

This Agreement shall be binding upon and shall inure to the benefit of the respective heirs, executors, administrators, successors, and assigns of the parties hereto; provided, that this provision shall not be construed to permit any assignment or transfer which is otherwise prohibited hereby.

Section 15.6 Severability.

If any one or more of the provisions contained in this Agreement, or any application thereof, shall be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and all other applications thereof shall not in any way be affected or impaired thereby.

Section 15.7 Entire Agreement.

This Agreement sets forth the entire understanding among the parties relating to the subject matter hereof and supersedes any and all prior contracts or agreements with respect to such subject matter, whether oral or written. No promises, covenants or representations of any character or nature other than those expressly stated herein have been made to induce any party to enter into this Agreement.

Allocation Exhibit

1. **Definitions.** Each capitalized term used but not otherwise defined in this Allocation Exhibit shall have the meaning set forth in this Section 1 or, if not so defined, in the Agreement.

“**Adjusted Capital Account Balance**” shall mean with respect to any Member, such Member’s Capital Account balance maintained in accordance with this Agreement, as of the end of the relevant fiscal year or other allocation period, after giving effect to the following adjustments:

(a) increase such Capital Account by any amounts that such Member is obligated to restore pursuant to any provision of this Agreement, is treated as obligated to restore pursuant to Treasury Regulation Section 1.704-1(b)(2)(ii)(c), or is deemed obligated to restore pursuant to the penultimate sentences of Treasury Regulation Sections 1.704-2(g)(1) and 1.704-2(i)(5); and

(b) decrease such Capital Account by the items described in Treasury Regulation Sections 1.704-1(b)(2)(ii)(d)(4) through (d)(6).

The foregoing definition of Adjusted Capital Account Balance is intended to comply with the provisions of Treasury Regulation Sections 1.704-1(b)(2)(ii)(d) and 1.704-2 and shall be interpreted consistently therewith.

“**Adjusted Taxable Profit**” and “**Adjusted Taxable Loss**” mean, as to any transaction or fiscal period, the taxable income or loss of the Company for United States federal income tax purposes, and each item of income, gain, loss or deduction entering into the computation thereof, with the following adjustments:

(a) Any tax-exempt income or gain of the Company that is not otherwise taken into account in computing Adjusted Taxable Profit or Adjusted Taxable Loss shall be deemed to increase the amount of such taxable income or decrease the amount of such loss;

(b) Any expenditures of the Company described in Section 705(a)(2)(B) of the Internal Revenue Code (or treated as such) and not otherwise taken into account in computing Adjusted Taxable Profit or Adjusted Taxable Loss shall decrease the amount of such taxable income or increase the amount of such loss; and

(c) In the event the Gross Asset Value of any Company asset is adjusted, (i) the amount of such adjustment (including an adjustment resulting from a distribution of such asset but excluding an adjustment resulting from a contribution of such asset) shall be taken into account in the same manner as gain or loss from the disposition of such asset for purposes of computing Adjusted Taxable Profit or Adjusted Taxable Loss, (ii) gain or loss resulting from any disposition of such asset with respect to which gain or loss is recognized for United States federal income tax purposes shall be computed by reference to the Gross Asset Value of such asset, and (iii) in lieu

of the cost recovery or similar deductions taken into account with respect to any asset with a Gross Asset Value which differs from its adjusted basis under the Internal Revenue Code, such deductions shall be an amount equal to the Depreciation with respect to such asset.

“Company Minimum Gain” has the meaning set forth for “partnership minimum gain” in Treasury Regulation Section 1.704-2(d) and (g).

“Depreciation” means, for each fiscal year of the Company or other period, an amount equal to the depreciation, depletion, amortization or other cost recovery deduction allowable under the Internal Revenue Code with respect to an asset for such fiscal year or other period; provided, however, that if the Gross Asset Value of an asset differs from its adjusted basis for United States federal income tax purposes at the beginning of such fiscal year or other period, Depreciation shall be an amount that bears the same ratio to such beginning Gross Asset Value as the United States federal income tax depreciation, amortization or other cost recovery deduction with respect to such asset for such fiscal year or other period bears to such beginning adjusted tax basis; and provided further that if the United States federal income tax depreciation, amortization or other cost recovery deduction for such fiscal year or other period is zero, Depreciation shall be determined with reference to such beginning Gross Asset Value using any reasonable method selected by Manager Approval.

“Gross Asset Value” means, with respect to any asset, such asset’s adjusted basis for United States federal income tax purposes, except as follows:

(a) the Gross Asset Value of all Company assets shall be adjusted to equal their respective gross fair market values, as determined by Manager Approval, as of the following times: (i) the acquisition of an additional interest in the Company by any new or existing Member in exchange for more than a de minimis Capital Contribution; (ii) the distribution by the Company to a Member of more than a de minimis amount of Company assets as consideration for a membership interest in the Company, including, without limitation, in connection with the withdrawal of a Member; (iii) the grant of a membership interest in the Company (other than a de minimis interest) as consideration for the provision of services to or for the benefit of the Company by a new or existing Member acting in a Member capacity or in anticipation of becoming a Member; (iv) in connection with the issuance by the Company of a noncompensatory option (other than an option for a de minimis interest); and (v) the liquidation of the Company within the meaning of Treasury Regulation Section 1.704-1(b)(2)(ii)(g); provided, however, that adjustments pursuant to clauses (i) through (iv) of this sentence shall not be made if the Managers, acting by Manager Approval, determine that such adjustments are not necessary or appropriate to reflect the relative economic interests of the Members in the Company;

(b) the Gross Asset Value of any Company asset (other than cash) distributed in kind to any Member shall be adjusted to equal the gross fair market value of such asset on the date of distribution, as determined by Manager Approval;

(c) the initial Gross Asset Value of any asset contributed to the Company shall be adjusted to equal its gross fair market value at the time of its contribution, as determined by Manager Approval; and

(d) the Gross Asset Value of Company assets shall otherwise be determined or adjusted, in the discretion of the Managers, acting by Manager Approval, as required or permitted for purposes of maintaining Capital Accounts under relevant Treasury Regulations.

If the Gross Asset Value of an asset has been determined or adjusted pursuant to paragraph (a), (c) or (d) above, such Gross Asset Value shall thereafter be adjusted by the Depreciation taken into account with respect to such asset for purposes of computing Adjusted Taxable Profit or Adjusted Taxable Loss and as otherwise required by Treasury Regulation Section 1.704-1(b)(2)(iv)(g).

“Member Nonrecourse Debt” has the same meaning as the term “partner nonrecourse debt” set forth in Treasury Regulation Section 1.704-2(b)(4).

“Member Nonrecourse Debt Minimum Gain” means an amount, with respect to each Member Nonrecourse Debt, equal to the Company Minimum Gain that would result if the Member Nonrecourse Debt were treated as a Nonrecourse Liability, determined in accordance with Treasury Regulation Section 1.704-2(i).

“Nonrecourse Deductions” shall have the meaning set forth in Treasury Regulation Sections 1.704-2(b)(1) and 1.704-2(c).

“Nonrecourse Liability” shall have the meaning set forth in Treasury Regulation Section 1.704-2(b)(3).

“Treasury Regulations” means the United States income tax regulations, including temporary regulations, promulgated under the Internal Revenue Code, as such regulations may be amended from time to time (including corresponding provisions of succeeding regulations).

2. Capital Accounts. A capital account shall be maintained for each Member (a “Capital Account”) that shall be:

(a) increased by (i) any Capital Contributions made to the Company by such Member pursuant to this Agreement and (ii) any amounts in the nature of income or gain allocated to the Capital Account of such Member pursuant to this Schedule B based on such Member’s ownership of membership interests;

(b) decreased by (i) the cash and fair market value of other property distributed to the Member and (ii) any amounts in the nature of loss or expense allocated to the Capital Account of such Member pursuant to this Schedule B based on such Member’s ownership of membership interests; and

(c) otherwise adjusted in accordance with this Agreement and for such other matters as the Managers, acting by Manager Approval, may reasonably determine appropriate, in all events in accordance with applicable provisions of the Internal Revenue Code and Treasury Regulations, including without limitation Treasury Regulation Section 1.704-1(b)(2)(iv).

3. General Allocations.

(a) General Application. The rules set forth below in this Section 3 of this Schedule B shall apply for the purposes of determining each Member's allocable share of the items of income, gain, loss or expense of the Company comprising Adjusted Taxable Profit or Adjusted Taxable Loss for each fiscal year or other period, determining special allocations of other items of income, gain, loss and expense, and adjusting the balance of each Member's Capital Account to reflect these general and special allocations. For each fiscal year or other period, any required special allocations in Section 4 of this Schedule B shall be made immediately prior to the general allocations of Section 3(b) of this Schedule B.

(b) General Allocations. The items of income, expense, gain and loss comprising Adjusted Taxable Profit or Adjusted Taxable Loss for a fiscal year or other period, shall be allocated among the Members during such fiscal year or other period in a manner that will, as nearly as possible, cause the Capital Account balance of each Member at the end of such fiscal year or other period to equal:

(i) the amount of the hypothetical distribution (if any) that such Member would receive if, on the last day of the fiscal year or other period, (A) all Company assets, including cash, were sold for cash equal to their Gross Asset Values, as determined by Manager Approval, taking into account any adjustments thereto for such fiscal year or other period, (B) all Company liabilities were satisfied in cash according to their terms (limited, with respect to each Nonrecourse Liability), to the Gross Asset Value, as determined by Manager Approval, of the assets securing such liability), and (C) the net proceeds thereof (after satisfaction of such liabilities) were distributed in full in accordance with Section 12.2, minus

(ii) the sum of (A) the amount, if any, which such Member is obligated (or deemed obligated) to restore to such Member's Capital Account, (B) such Member's share of the Company Minimum Gain determined pursuant to Treasury Regulations Section 1.704-2(g), and (C) such Member's share of Member Nonrecourse Debt Minimum Gain determined pursuant to Treasury Regulations Section 1.704-2(i)(5), all computed immediately prior to the hypothetical sale described in Section 3(b)(i) of this Schedule B.

(c) The Managers, acting by Manager Approval, may modify the allocations otherwise provided for in this Section 3 of this Schedule B or offset prior allocations provided for in Section 4 of this Schedule B, including by specially allocating items of gross income, gain, deduction, loss or expense among the Members, so that such modifications or offsets will cause the Capital Accounts of the Members to reflect more closely the Members' relative economic interests in the Company.

4. Special Allocations. The following special allocations shall be made in the following order:

(a) Minimum Gain Chargeback. In the event that there is a net decrease during a fiscal year or other period in either Company Minimum Gain or Member Nonrecourse Debt Minimum Gain, then notwithstanding any other provision of this Schedule B, each Member shall

receive such special allocations of items of Company income and gain as are required in order to conform to Treasury Regulation Section 1.704-2.

(b) Qualified Income Offset. Subject to Section 4(a) of this Schedule B, but notwithstanding any provision of this Schedule B to the contrary, items of income and gain shall be specially allocated to the Members in a manner that complies with the “qualified income offset” requirement of Treasury Regulation Section 1.704-1(b)(2)(ii)(d)(3).

(c) Deductions Attributable to Member Nonrecourse Debt. Any item of Company loss or expense that is attributable to Member Nonrecourse Debt shall be specially allocated to the Members in the manner in which they share the economic risk of loss (as defined in Treasury Regulation Section 1.752-2) for such Member Nonrecourse Debt.

(d) Allocation of Nonrecourse Deductions. Each Nonrecourse Deduction of the Company shall be allocated among the Members in accordance with the partners’ interests in the partnership within the meaning of Treasury Regulations Sections 1.704-2(b)(1) and 1.704-1(b)(3).

(e) Loss Limitation. Adjusted Taxable Losses allocated to a Member pursuant to this Schedule B shall not exceed the maximum amount of Adjusted Taxable Losses that can be allocated to such Member without causing such Member to have a negative Adjusted Capital Account Balance at the end of any fiscal year or other allocation period in which any other Member does not have a negative Adjusted Capital Account Balance.

(f) The allocations set forth in Section 4(a) through Section 4(e) of this Schedule B (the “Regulatory Allocations”) are intended to comply with Treasury Regulation Sections 1.704-1(b) and 1.704-2 and shall be interpreted consistently with this intention. Any terms used in such provisions that are not specifically defined in this Agreement shall have the meaning, if any, given such terms in such Treasury Regulations.

(g) If during any taxable year of the Company there is a change in any Member’s membership interest in the Company, allocations of income or loss for such taxable year shall take into account the varying interests of the Members in the Company in a manner consistent with the requirements of Section 706 of the Internal Revenue Code. Any Member that is transferred a membership interest from another Member but not the corresponding portion of such other Member’s Capital Account shall not be entitled to any allocation or distribution arising from Company operations prior to the date of such transfer, unless otherwise determined by Manager Approval or required by the Internal Revenue Code.

5. **Tax Allocations.**

(a) Section 704(b) Allocations. Subject to Section 5(b) and Section 5(c) of this Schedule B, each item of income, gain, loss, or deduction for United States federal income tax purposes that corresponds to an item of income, gain, loss or expense that is either taken into account in computing Adjusted Taxable Profit or Adjusted Taxable Loss or is specially allocated pursuant to Section 4 of this Schedule B (a “Book Item”) shall be allocated among the Members in the same proportion as the corresponding Book Item is allocated among them pursuant to Section 3 or Section 4 of this Schedule B.

(b) Section 704(c) Allocations. In the event any property of the Company is credited to the Capital Account of a Member at a value other than its tax basis, then allocations of taxable income, gain, loss and deductions with respect to such property shall be made in a manner which will comply with Sections 704(b) and 704(c) of the Internal Revenue Code. Such allocations also shall be made by the Company to any former Member to the extent applicable, as determined by Manager Approval. The allocation to a Member of items of taxable income, gain, loss, and deduction of the Company also shall be adjusted to reflect any election under Section 754 of the Internal Revenue Code.

(c) Capital Accounts. The tax allocations made pursuant to this Section 5 of this Schedule B shall be solely for tax purposes and shall not affect any Member's Capital Account or share of non-tax allocations or distributions under this Agreement.

Market Analysis, Opportunity, and Risks

Market Analysis

Excerpt from Grandview Research, April 2018:

“The global legal marijuana market size was valued at USD 9.3 billion in 2016 and is expected to exhibit a CAGR of 34.6% during the forecast period. The market is expected to witness significant growth owing to legalization in several countries and high demand for both medical and recreational purposes.

Over the past few years, the number of companies operating in this market has increased exponentially. Producers are focused on expanding their customer pool by offering myriad

portfolio of products and through geographical expansion. Products currently being offered include varieties of strains and extracts such as oils, tinctures, resins, and consumables based on concentration of cannabinoids like THC and CBD.

As countries begin to liberalize laws related to this drug, the market is expected to witness a surge in demand. Currently, majority of the cannabis is sold through illicit channels. To curb this illegal trade, governments have started legalizing marijuana in order to monitor the products that enter the supply chain and reap benefits through taxes levied on these products.

In North America, it has been reported that currently about 70-75% of cannabis trade is illegal, which has reduced to nearly 30.0% in states where marijuana has been legalized. This in turn has prompted several countries to initiate legalization programs.

Keen investors are awaiting legalization of recreational marijuana. As recreational cannabis is legalized, the number of patients consuming it is expected to reduce by 40.0%, owing to patients seeking easier means of access than going through medical supply channels.

On the basis of type, the market is segmented into medical and recreational. The medical segment is estimated to dominate the global market and accounted for around 80.3% of the revenue in 2016. Several countries have legalized hemp products as treatment options for conditions such as multiple sclerosis, cancer-induced nausea, and chronic pain. Moreover, several countries have recognized health benefits of this product and are in process of legalizing it. With increase in volume of scientific studies and clinical trials, demand for cannabis for clinical use is expected to grow over the forecast period.

Countries such as U.S. (on state level) and Uruguay have legalized marijuana for recreational purposes. These countries are expected to provide growth opportunities to producers, as consumption of this drug and its derivatives is expected to increase with rise in number of consumers. Recreational use of this drug is considered as a substitute for cigarettes and alcoholic beverages such as beer. Producers in Canada and several U.S. states with legalized recreational use are focusing their marketing strategies on targeting beer and cigarette consumers. Manufacturers have also started promoting derivatives such as tinctures, oils, and resins, along with products like vaporizers, among millennials who are considered primary consumers.

The market for recreational cannabis is anticipated to witness faster growth as compared to that for medical usage owing to large customer pool. Moreover, it has been reported that patients in U.S., where recreational use is legal, opt for recreational version of this drug over medical variants. This is mainly because of the stringent regulatory and approval process for receiving prescription of medical marijuana. Moreover, high cost and complex distribution channels wherein dispensaries include cost of packaging and labeling could deter buyers from purchasing the medical form of the product.

Medical buyers therefore avoid additional cost by opting for recreational products. Furthermore, patients who do not qualify for medical usage are benefitted through recreational programs due to easy accessibility and low price of the products. All these factors are expected to boost the legal marijuana market over the forecast period. The recreational segment is expected to register a CAGR of 43.2% between 2017 and 2025.

Bud form is anticipated to be a dominant segment throughout the forecast period. Wide acceptability of buds and their lower price as compared to derivatives or extracts are expected

to boost demand for these products. Buds are widely used for smoking and are in high demand in recreational markets. This segment was valued at USD 5.8 billion in 2016 and is anticipated to witness significant growth owing to increase in number of market participants focusing on catering to the ever-increasing demand. Countries such as U.S., Canada, Columbia, and Israel have witnessed entry of new players that focus on increasing production output and expanding their geographical reach.

The oil segment is expected to register the fastest CAGR of 40.4% over the forecast period. Hemp oil is in high demand for its clinical use. Doctors who prescribe cannabis are concerned about the quantity of cannabinoid intake. Complications associated with smoking is another key factor that restricts physicians from prescribing it for smoking. Owing to this, several physicians prefer hemp extracts in the form of oil or edibles, which is expected to boost demand during the forecast period.

Extracts are gaining popularity in countries where the market is regulated and well-established. Consumers in these countries prefer variety of options for consumption, owing to which, buds are expected to witness a decline in growth rate as compared to extracts. However, growing demand for extracts may still not have a significant impact on the revenue share of buds, and therefore this segment is anticipated to dominate the market throughout the forecast period.

North America accounted for the largest share in the global market and was valued at USD 7.2 billion in 2016. U.S. and Canada are anticipated to be largest in terms of revenue. After legalization of recreational cannabis in most U.S. states, the market has witnessed considerable growth. California and Colorado are some of the most lucrative states in the country. However, marijuana remains illegal at federal level in U.S., which in turn, may affect overall revenue growth in the country.”

Opportunities

In November of 2016, Massachusetts voters passed Question 4, legalizing recreational marijuana for individuals 21 years of age or older via 935 CMR 500. The law went into effect December 15, 2016, and the state’s recreational use market went into effect July 1, 2018.

Geographically, Harbor House stands to serve a large demographic of cannabis users. Due to the ability of local municipalities to enact bans and moratoriums based off Question 4 voting results, Harbor House expects its territory to encompass Everett, Revere, Winthrop, Chelsea, and parts of East Boston. Total residents of the geographic market over 21 years of age reach 140,000 plus.

Taking into account general poll results regarding regular marijuana usage, Harbor House expects its geographic target market or regular marijuana users to encompass over 14,000 customers. The Company’s goal should be to attract and serve upwards to 100% of this market, in the absence of other recreational marijuana facilities.

Additionally, the close proximity of the facility at 80 Eastern Avenue to the following transit makes the proposed location ripe for opportunity from non-geographic target demographics:

- Route 1/1A
- I-93

- Eastern Avenue
- Logan Airport

Harbor House has identified a segmented and diversified market. The non-cannabis product section of the dispensary will target all socio-economic classes of the cannabis market. The retail side of the dispensary will target the same market as the other side, but will also target the markets of consumers with intent for quick sale service. By having two separate sides of the dispensary, which carry products ranging in price, the Company is able to target customers from all classes as well as non-cannabis users interested in retail products. This gives us the opportunity to educate and inform those who may not be educated about cannabis and still have quality products for them to purchase.

Risks and Threats

Although Harbor House aims to become one of the first vertically-integrated marijuana businesses in Suffolk County, we recognize the emergence of a number of risks that may or may not be able to be mitigated.

The ongoing existence of a black market for marijuana is a risk and a problem that legalized recreational marijuana seeks to mitigate in its existence. Harbor House seeks to utilize the legalized status of marijuana to its advantage, and stamp out black market activity through the accessibility of properly cultivated, lab tested, and properly packaged/labeled marijuana. The benefits of knowing what exactly is being consumed is priceless. Additionally, through economies of scale and efficient management, Harbor House aims to compete with black market pricing to provide an obvious value proposition.

As additional licensure is granted within the City of Chelsea and Suffolk County, we expect the increase in supply to adversely affect demand at Harbor House. The City of Chelsea alone aims to approve marijuana licensure commiserate to the number of liquor licenses in the municipality. Additionally, large marijuana establishments throughout Boston and metro areas threaten to provide centralized convenience.

Through careful observation of local competitors, Harbor House aims to remain competitive against additional marijuana facilities by methods including, but not limited to:

- Marijuana strain choice
- High quality plant phenotypes
- Diverse product mix
- Superior customer service
- Unique brand experience

Additionally, threats to the marijuana industry cannot be explained without mentioning the precarious nature of its status within federal law. As cannabis remains a Schedule 1 substance, federal law conflicts with the status of recreational marijuana within the Commonwealth of Massachusetts. Due to the prevailing sentiment of legalized marijuana in the United States, no actions have been taken against the industry by the federal government, yet.

As the country grows more accustomed to the idea of legalized marijuana (as evidenced by recent polls), Harbor House expects this threat to subside in the following years. As such, Harbor House can and will do everything in its power to fully comply with 935 CMR 500, maintain stringent standards towards recordkeeping and financial information, and implement best practices to mitigate the federal risk. However, we do acknowledge the possibility that the industry at large can collapse.

What are the most important activities being performed in order to make the facility successful?

Production: Crop cycles and rotation are key to maximizing supply and filling customer demands. Through tracking sales at the store, we will know what we need to grow more of to manage demand. The general manager will be in charge of overseeing the cycles and adequately keeping each rotation in its proper location. Each cycle will be lollipopped, topped, trellised, pruned, and harvested on a fixed schedule. The cycles will also be sprayed with preventive organic fungicides and pesticides to prevent the risk of pests or molds. Bulbs will be changed every 5-7 months to provide the most adequate lumens for photosynthesis. Growing climates are documented twice daily to provide the most comprehensive data needed to produce a perfect growing environment.

Problem Solving: We believe education is the foundation of problem solving. Employees need to be taught the expected "outcome," and the nuances of both the "raw product" and "processes" needed to achieve that outcome. Managers and leaders must be good trainers.

Failure happens and can be learned from, but most failure can be prevented by comprehensive and forward-looking cooperation. We will exercise effective planning, organizing, and cooperating to result in potential obstacles being identified before they are manifested.

Value Propositions

Harbor House's dispensary will create a professional, informative, and innovative environment for our customers. Shopping at our store will be of value to our customers because they will not only have the opportunity to purchase marijuana, they will also be able to shop in our retail store for culturally-related products. Having the two categories will give every customer a shopping experience with the opportunity to purchase something in their price range. The dispensary will provide products for people who do not consume marijuana but are still involved with the culture. No customer will be left behind.

Harbor House will have a large variety of retail products for sale. This will allow the Company to target every angle of the cannabis culture. The website shall be concise, informative, and clearly display any relevant information pertaining to Harbor House and its products offered. Blogs and forums on our website will allow us to gain a stronger social media following than any of our competitors. Harbor House is unique due to the use of vertical integration that allows us to make and sell our own cannabis, MIPs, extracts, and merchandise.

Harbor House's operations will offer an extravagant selection of hand picked elite genetics. All cannabis will be grown in a lab, fed properly, cured properly, and stored properly. During the entire growing process 1-3 people will touch each plant protecting valuable resin glands and

trichomes. All marijuana and derivative products will be tested prior to manufacturing, extraction production and packaging to ensure contaminant-free purity and potency. An independent laboratory that is accredited according to the International Organization for Standardization (ISO) 17025; or is certified, registered or accredited by an organization approved by DPH will perform testing. Lab testing will analyze the cannabinoid profile of each strain, potency, along with mold, mildew, heavy metals, plant-growth regulators and the presence of non-organic pesticides required by the DPH. Should a random sample be contaminated, the entire harvest or batch that sample originated from will be quarantined and tested. Batches associated with positive samples will be discarded according to waste disposal protocols. Only independently tested products that meet high quality standards will be dispensed.

Knowing the contents of our cannabis products will help the customer decide which strain is best for his/her needs, while ensuring their best interests while using our products.

Harbor House employees will receive monthly goals. Small perks and incentives will be given out each month for individuals meeting these goals. Managers will have larger goals to meet each year. Meeting these goals will result in bonuses.

Harbor House will create optional surveys for customers to rate our products. This information will be used to drive decisions on product production.

There will be a suggestion box at the dispensary. This will be located in a spot which every customer will pass entering and exiting the store. Customers' suggestions may include new strains for us to carry, new edibles, or any idea they may have for our company. The suggestions will be read at our weekly team meetings.

Harbor House will have branded bags, jars, and pop-tops (containers) with Harbor House Collective branding on them.

The Company will additionally offer a number of different customizable services:

- Pre-Roll Package

- Caviar Nugs
 - We will have an order form for customers to make their own caviar nugs. They will be able to choose the strain, the oil, and the keif that make up the caviar nug.

The Harbor House dispensary has a unique design compared to other dispensaries. Most dispensaries have a hospital waiting room feel, Harbor House will have a comfortable bohemian boutique motif and atmosphere.

The retail store will be equipped with two flat screen TVs that will display 3-D images of the flowers cultivated by Harbor House, along with compliance, safety, and pricing details. This design will give a technologically advanced customer experience that will leave a lasting impression.

Tasteful logo placement viewable from the sidewalk or street front, our distinctive original logo, a beautiful retail storefront, informative customer service, and an innovative attitude towards the industry will set Harbor House's dispensary apart as truly unique.

Harbor House's marijuana will consistently be the highest quality and will be lab tested to ensure contaminant-free purity and potency. Customers will know what to expect and will not be disappointed.

Assigned employees will gather information from websites and local competing dispensaries. There will be a survey sheet that each employee must fill out whenever researching a competing company.

Harbor House will offer daily specials and have a rewards system to offer discounts and give customers incentive to show loyalty. We will implement a loyalty program based on accumulating points that can be exchanged for both cannabis products and/or non-cannabis products.

Harbor House's shelves will be stocked full of different styles of pipes, vaporizers, and storage containers. Our wide range of products will make our marijuana easily usable and enjoyable. Consumer education is key in this emerging industry; we will offer a diverse spectrum of goods and a knowledgeable staff to help guide customers in their decisions.

We will offer two different cultivation practices in order to diversify our product offering. One practice uses soil and one uses soilless mediums. The customer will be able to see first hand the differences between soil and soilless grown marijuana to decide first hand what products they prefer. This unique strategy exemplifies "unity in the community", as we seek to educate and inform our customer base in the science behind our quality driven cultivation strategies.

This service will be optional to prevent customers from feeling like they are getting spammed. Customers who choose to sign up will receive an automated thank you message whenever they make a purchase at Harbor House. They will also receive promotional communications sporadically.

Employees will encourage customers to rate us online. This will also give us time to build a trusting relationship with customers before they rate us.

1. Overview

JOLO CAN LLC's warehouse will administer strict quality control procedures/policies to ensure compliance in all aspects of our facility. All marijuana will be handled in a safe and sanitary manner. Only the leaves and flowers of the female marijuana plant will be processed following that they are well cured and generally free of stems, seeds, dirt, sand, debris, any foreign matter as well as free of contamination by mold, rot, bacterial diseases, or other fungi, in accordance with 935 CMR 500.105. All marijuana will be processed, prepared, and handled on food-grade stainless steel tables. All marijuana will be processed and packaged in secure areas monitored twenty-four (24) hours a day.

All marijuana and derivative products will be tested prior to manufacturing, extraction production and packaging to ensure contaminant-free purity and potency. An independent laboratory that is accredited according to the International Organization for Standardization (ISO) 17025; or is certified, registered or accredited by an organization approved by CCC will perform testing. Lab testing will analyze the cannabinoid profile of each strain, potency, along with mold, mildew, heavy metals, plant-growth regulators and the presence of non-organic pesticides required by the Commission.

Should a random sample be contaminated, the entire harvest or batch that sample originated from will be quarantined and tested. Batches associated with positive samples will be discarded according to waste disposal protocols. Only independently tested products that meet high quality standards will be dispensed.

Maintaining sanitary Knowing the contents of our cannabis products will help the customer decide which strain is best for his/her needs, while ensuring their best interests while using our products.

2. Safe Handling Procedures

Agents in contact with marijuana or nonedible marijuana products, including cultivation, production, and packaging will be subject to the requirements for food handlers specified in 105 CMR 300.000: Reportable Diseases, Surveillance, and Isolation and Quarantine requirements. At least one on-site person in charge will be a certified food protection manager, through passing a food safety certification test from an accredited program, such as ServSafe or Prometric. The Agent certified food protection manager will be required to renew their certification every five (5) years.

Any marijuana establishment agent working in direct contact with preparation of marijuana or nonedible marijuana products shall conform to sanitary practices while on duty, including:

- i. All Agents must wear a disposable protective coverall that will be provided
- ii. All Agents must wash and dry hands in the provided facilities' before AND after handling a batch of marijuana or marijuana infused products
- iii. Prior to handling marijuana or marijuana infused products agents must apply a new pair of latex free, powder free, nitrile gloves that will be provided
- iv. Maintain adequate personal cleanliness as deemed appropriate by management

Function	Purpose	Version	Version Date

Prerequisites

- One (1) disposable protective coverall
- Handwashing Station
- Hand soap
- One (1) pair latex and powder-free nitrile gloves

Procedure

1. Remove a disposable protective coverall from its sealed packaging, check for holes/tears, and adorn if appropriate.

4. Step both covered feet onto the sanitation mat, ensuring there is an appropriate amount of sanitation solution to cover the soles.

Notes: Procedure to exclude from any operation any person that might be a source of microbial contamination due to a health condition through contact with any material (including components, packaging components, in-process materials, cannabis, cannabis-derived products, and contact surfaces used in manufacturing, packaging, labeling, and holding operations).

Personnel working in an operation (during which adulteration of components, packaging components, cannabis, cannabis-derived products, or contact surfaces could occur), must use hygienic practices to the extent necessary to protect against such contamination of components, packaging components, in-process materials, cannabis, cannabis-derived products, or contact surfaces. These hygienic practices include the following:

- Wearing outer garments in a manner that protects against the contamination of components, packaging components, in-process materials, cannabis, cannabis-derived products, or any contact surface;
- Maintaining adequate personal cleanliness;
- Washing hands thoroughly with soap (and sanitizing if necessary to protect against contamination with microorganisms):
 - o Before starting work;
 - o After using the restroom; and
 - o At any other time when the hands may have become soiled or contaminated;
- Removing all unsecured jewelry and other objects that might fall into components, packaging components, cannabis, cannabis-derived products, equipment, or packaging, and removing hand jewelry that cannot be adequately cleaned during periods in which components, packaging components, in-process materials, cannabis, or cannabis-derived products are manipulated by hand.
 - o If hand jewelry cannot be removed, it must be covered by material that is maintained in an intact, clean, and sanitary condition and that effectively protects against contamination of components, packaging components, in-process materials, cannabis, cannabis-derived products, or contact surfaces;
- Maintaining gloves used in handling components, packaging components, in-process materials, cannabis, or cannabis-derived products in an intact, clean, and sanitary condition. The gloves should be of an impermeable material;
- Wearing, where appropriate, in an effective manner, hair nets, caps, beard covers, or other effective hair restraints;
- Not storing clothing or other personal belongings in areas where components, packaging components, in-process materials, cannabis, cannabis-derived products, or any contact surfaces are exposed or where contact surfaces are washed;
- Not eating food, chewing gum, drinking beverages, using e-cigarettes or vaporizers, or using tobacco products in areas where components, packaging components, in-process materials, cannabis, cannabis-derived products, or any contact surfaces are exposed, or where contact surfaces are washed;
- Taking any other precautions necessary to protect against the contamination of components, packaging components, in-process materials, cannabis, cannabis-derived products, or contact surfaces with microorganisms, filth, or any other extraneous materials, including perspiration, hair, cosmetics, tobacco, chemicals, and medicines applied to the skin;

- Taking all precautions necessary to maintain the security of the physical plant, to prevent unauthorized access to controlled access areas, and to maintain strict control of in-process materials, cannabis, cannabis-derived products, and cannabis waste; and
- Entering controlled access areas only as authorized by supervisory personnel.

3. Sealing Product

Each batch of cannabis must be sealed and stored after it has dried and cured in order to maintain optimal moisture content. The processing team will seal each batch of dried and cured cannabis through the following process:

Materials for Sealing: Vacuum, cannabis containers, large capacity scale

- a. Prepare a sample from each batch prior to sealing. See testing.
- b. Place empty storage vessel on scale and determine tare weight.
- c. Fill vessel with cannabis.
- d. Record weight and location of cannabis in the SIS.
- e. Label container with batch, strain, and weight.
- f. Place lid tightly on container.
- g. Insert vacuum into insertion hole on container lid.
- h. Turn on vacuum for the appropriate amount of time to remove all air from the vessel.

4. Testing

After curing and before any processing or packaging, the processing manager shall make samples from each batch available to a laboratory for testing.

The sample shall be weighed, RFID scanned, and all data shall be recorded on the SIS prior to be removed from the secured curing area.

The laboratory employee will select and prepare several random samples from every batch sample in order to ensure the quality, purity, and consistency of dose through a statistical approach.

The laboratory staff will then test each random sample for harmful microbiological contaminants, mycotoxins, heavy metals and pesticide chemical residue. In addition, each sample will also be tested for active ingredients including but not limited to cannabinoid profiling for the following: THC, THCa, CBD, CBDa, and CBN.

Under no circumstances shall cannabis batches awaiting contamination results and active ingredient analysis be included in a cannabis product or sold to a distribution facility prior to the time that the laboratory has provided those results, in writing, to the Cultivation Center management team.

If samples from a batch are tested and do not fall within state accepted health and safety levels for any of the above-mentioned contaminants or any additional contaminants the state does not deem for distribution, it is the Cultivation Center's policy to destroy and remove any contaminated product in a manner consistent with state compliance for the policy for disposal of green waste.

As soon as a batch sample passes the microbiological, mycotoxin, heavy metal and pesticide chemical residue test, the entire batch will be released for immediate manufacturing, packaging and labeling for transport and sale to a distribution facility.

An electronic copy of all test results will be filed by laboratory staff for any batch that does not meet the standards set for microbiological, mycotoxin, heavy metal or pesticide chemical residue tests. These results will also be sent to Cultivation Center staff within the same time frame. The laboratory staff will also maintain a comprehensive record of test results and make them available to state and local officials, and or the public, as needed.

The Cultivation Center compliance manager will provide test results for each batch of cannabis used in any product purchased by a distribution facility to that distribution facility to be made available upon request to all qualifying patients, primary caregivers, and any physician who has certified a qualifying patient.

The Cultivation Center shall not release or sell any part of a lot of usable cannabis until all required assurance testing has been completed. All cannabis is to be held in the secured pre-testing storage vault while awaiting test results.

In accordance with 935 CMR 500.140(9) , Marijuana Product, including marijuana, may be sold or otherwise marketed for adult use that is not capable of being tested by Independent Testing Laboratories, except as allowed under 935 CMR 500.000. The product must be deemed to comply with the standards required under 935 CMR 500.160.

5. Post Testing

The compliance manager will review all test results and determine if a batch is to be released or disposed of. Those results shall then be sent to the processing manager who will re-check test results with the compliance manager's findings and respond accordingly. All batches that do not meet the approved standards of the state and local authorities will be immediately disposed of following the green waste disposal procedure and tracked by scanning the RFID and all pertinent data and recording in the SIS. All approved batches will be RFID scanned and all pertinent data will be recorded into the SIS and then scheduled for further processing.

6. Packaging

All batches that have been approved for processing will be packaged within three working days and RFID scanned and moved to secure post-testing storage; location and all pertinent data will be logged into the SIS. The processing manager will plan and oversee all packaging procedures.

Function	Purpose	Version	Version Date
Safe Handling Procedure	Packaging	1.0	January 25, 2019

Purpose

This document will layout safe handling practices during the packaging phase of processing marijuana and marijuana-derived products.

Scope

This procedure follows the “Personnel Preparation Prior to Handling” procedures for the function of packaging marijuana and marijuana-derived products.

Where appropriate, the packaging and/or labeling protocol may be combined with the manufacturing protocol for the product.

Background

Maintaining strict standards during the packaging phase leads directly to stable inventory, quality, and loss prevention.

Prerequisites

- Air Compressor and hose with nozzle
- End packaging materials
- Marijuana or marijuana-derived product
- Scales
- Labeling printer
- METRC batch tags
- Secured trim collection bin
- Manicuring shears or other applicable handling tools

Procedure

- Identify the product to be packaged and/or labeled;
- Identify each packaging component to be used
- Provide a specimen of the label and other labeling to be used, or a cross-reference to the labeling (such as by label number and version number);
- Provide a statement of the acceptable maximum and minimum percentages of theoretical yield; and
- Perform inspection of packaging and labeling equipment before and after use to assure that all products and packaging and labeling materials from previous operations have been removed;
- Issue labels and labeling to a packaging and/or labeling batch;
- Carefully examine labeling issued to each batch prior to use, to ensure conformity to the labeling specified in the packaging and/or labeling protocol;

Cannabis to be packaged without undergoing manufacturing to a cannabis-derived product must be received, identified, stored, handled, sampled, reviewed, and approved or rejected.

Packaging components must be specified as necessary to ensure the identity, purity, strength, and composition of the packaged products. Packaging components that may come into contact with products must be safe and suitable for their intended use and must not be reactive or absorptive or otherwise affect the safety, purity, or quality of the product. Use of compressed air shall be used to dust the contact surfaces prior to packaging.

Labels and other packaging components must be received and stored pending approval as follows:

- Upon receipt and before acceptance, each container or grouping of containers of packaging components must be visually examined for appropriate labeling of contents, container damage or broken seals, and contamination, to determine whether the container condition may have resulted in contamination or deterioration of the packaging components; and
- The supplier's documentation for each shipment must be examined to ensure the packaging components are consistent with what was ordered.
- Each container or grouping of containers for packaging components must be identified with a lot or control number in each shipment received, which allows the lot to be traced backward to the supplier, the date received, and the name of the component; and forward to the product batches packaged or labeled using the lot. This code must be used in recording the disposition of each lot.
- Labels and other packaging components must be stored under quarantine until they have been examined and approved or rejected by quality control personnel.

Packaging components must be approved or rejected as follows:

- Each lot of packaging components must be withheld from use until the lot has been reviewed and released for use by the quality control personnel.
- Compliance of the lot with established specifications must be ensured through examination of the components received, and/or review of the supplier's documentation.
- Any shipment of a packaging component that meets its specifications may be approved and released for use by quality control personnel.
- Any packaging component that does not meet its specifications, including any incorrect labels, must be rejected by quality control personnel, unless quality control personnel approve a treatment or other deviation that will render the packaging component suitable for use, and will ensure the product batches packaged and labeled with the affected component will meet all specifications for identity, purity, strength, composition, packaging, and labeling and will not be otherwise contaminated or adulterated. Any such treatment or other deviation must be documented, justified, and approved by quality control personnel.

The packaging and/or labeling operation must prepare a packaging and/or labeling batch record for each batch or lot of product packaged and/or labeled by the operation. Where appropriate, the packaging and labeling batch record may be combined with the manufacturing batch record for the batch or lot.

The packaging and/or labeling batch record must:

- Cross-reference or reproduce the appropriate packaging and/or labeling protocol; and
- Form a complete record of the packaging and/or labeling and sampling of the batch.

The packaging and/or labeling batch record must include, as applicable to the process:

- Identity of the product;
- Batch, lot, or control number of the product;
- Packaging and/or labeling batch size;
- For each packaging component used in production of the batch:
 - o Identity of each packaging component
 - o Batch, lot, or control number of each packaging component used in the batch;
 - o Quantity of each lot of packaging components used, including the unit of measure.
- Date(s) on which, and where applicable the time(s) at which, each step of the packaging and/or labeling protocol was performed;
- Identity of packaging lines and major equipment used in packaging and/or labeling the batch;
- Date and time of the maintenance, cleaning, and/or sanitizing of the packaging lines and major equipment used in packaging and labeling of the batch, or a cross-reference to records, such as individual equipment logs, where this information is recorded;
- If packaging or labeling of the batch uses equipment or instruments requiring periodic calibration, inspection, or verification, the date and time of the last calibration, inspection, or other verification of instruments or equipment or the date on which such is next due; or a cross-reference to records, such as individual equipment logs, where this information is recorded;
- Statement of the actual yield and a statement regarding whether the actual yield is within the acceptable range of the theoretical yield at the end of packaging and/or labeling;
- When the actual yield falls outside the allowed limits, quality control personnel must conduct an investigation of the batch and determine, to the extent possible, the source of the discrepancy. The deviation must be documented, explained, and approved by quality control personnel.
- Label reconciliation
- Records of any labeling scrap or cannabis waste generated during packaging and/or labeling of the batch;
- Identity of each person performing each process step in packaging and/or labeling of the batch, including but not limited to:

- Inspecting labels and other packaging components to ensure suitability and correctness prior to use in the batch;
- Inspecting packaging and labeling areas before and after use;
- Reconciling label issuance and usage and verifying the reconciliation of label issuance and usage;
- Examining packaged and labeled products to ensure proper labeling and coding;
- Performing any other checks or verifications in packaging and/or labeling of the batch as needed; and
- Releasing the batch from one stage of packaging and/or labeling to the next.

All data in the packaging and/or labeling batch record must be recorded at the time at which each action is performed.

Printing devices located on, or associated with, production lines must be monitored to assure that all printing conforms to the requirements of the packaging and/or labeling protocol when used to imprint labeling or coding directly on the following:

- Primary packaging for the product; or
- Secondary packaging (e.g., a case containing several individual packages of product).

Packaging and labeling operations must reconcile the quantities of labels or labeling issued, used, and returned to storage.

Narrow limits for the labeling reconciliation must be established, based where possible on historical operating data, for the amount of allowed variation in the labeling reconciliation.

When a labeling reconciliation falls outside the allowed limits, quality control personnel must conduct an investigation of the batch and determine, to the extent possible, the source of the discrepancy. The deviation must be documented, explained, and approved by quality control personnel.

Labeling reconciliation is waived for cut or roll labels if a 100-percent examination for correct labels is performed, either manually or by appropriate electronic or electromechanical equipment during or after completion of finishing operations.

All excess labeling bearing batch, lot, or control numbers must be destroyed.

Care must be taken when returning labeling to storage, to prevent mix-ups and ensure proper identification.

Representative and reserve samples of each batch or lot of retail packaged and/or labeled product must be collected.

The completed packaging and/or labeling batch record for each batch or lot must be reviewed and signed by quality control personnel to determine compliance with all applicable

specifications and other requirements of the packaging and/or labeling protocol before a batch or lot is approved.

Packaged or labeled product which fails to meet its packaging or labeling specifications or other packaging requirements must be rejected, unless quality control personnel approve repackaging, relabeling, or other deviation that will ensure the product batch or lot will meet all packaging and labeling specifications and other packaging requirements, and will not be otherwise contaminated or adulterated. Any such repackaging, relabeling, or other deviation must be documented, justified, and approved by quality control personnel.

Each packaged and labeled product must bear on the label of its primary packaging:

1. Name and place of business of the manufacturer or distributor;
2. Identity of the product;
3. Net quantity of contents in terms of weight, numerical count, or other appropriate measure;
4. A batch, lot, or control number;
5. Either a production date or an expiration date.
6. Products capable of supporting the rapid and progressive growth of infectious, toxigenic, or spoilage microorganisms must bear a "use by" date and/or a "freeze by" date. Any shelf life or expiration period indicated on the label of an edible product must be supported by appropriate data;
7. Instructions for use, including any types of compliant individuals for whom the product is recommended, as appropriate;
8. Appropriate warnings for use, including any types of compliant individuals for whom the product is contraindicated;
9. Instructions for appropriate storage; and
10. Any other statements or information required by state regulators.
11. For edible products, each product label must contain a "Product Facts" box listing quantitative content and nutrient information relevant to the product, as applicable to the product's content. Examples of fields potentially included are:
 - a. Cannabis ingredient;
 - b. Cannabinoid and/or terpenoid content;
 - c. Total calories and fat calories
 - d. Total fat, saturated fat, and trans fat
 - e. Cholesterol
 - f. Sodium
 - g. Total carbohydrates
 - h. Dietary fiber
 - i. Sugars
 - j. Protein
 - k. Vitamin A, vitamin C, calcium, and iron

Components, packaging components, in-process materials, and products must at all times be handled, stored, and distributed in a manner to avoid deterioration, prevent contamination, and avoid mix-ups.

Where necessary, appropriate conditions of temperature, humidity, and light must be established and maintained so that the identity, purity, strength, and composition of components, in-process materials, and products are not affected and that adulteration is prevented.

Containers of components, packaging components, in-process materials, and product must be stored off the floor and suitably spaced to permit cleaning and inspection.

Components, in-process materials, and products that can support the rapid growth of microorganisms of public health significance must be held in a manner that prevents them from becoming adulterated.

Labels, labeling, cannabis, cannabis-derived products, and cannabis waste must be stored in a controlled access area.

Components, packaging components, and products must be used or distributed in a manner whereby the oldest batches or lots are used or distributed first. Deviation from this requirement is permitted if such deviation is temporary and appropriate.

7. Final Weight

Before packaging, the entire batch will be weighed. The processing team will then package the entire batch into pre-determined weights. After the weighing process, the processing team will determine a final weight for each individual package and the cumulative weight of all packages will be compared to that of the entire batch weight. The processing manager will check each batch to ensure there are no discrepancies between the cumulative package weight and the entire batch weight. If there are any discrepancies in weight, the processing manager will alert the compliance manager and investigate the matter until it is resolved. All data shall be recorded and entered into the SIS.

8. Pre-determined Weights

Each batch will be weighed and individually sorted into a variety of pre-determined weights.

9. Packaging Container Specifications

All usable cannabis shall be packaged in child-resistant packaging, in accordance with 500 CMR regulations regarding packaging standards. All containers used for packaging usable cannabis shall protect the contents from contamination, be approved for food storage, and will not impart any toxic or deleterious substance to the usable cannabis or cannabis product.

10. Transportation

All vehicles and transportation equipment used in the transportation of marijuana products or edibles requiring temperature control for safety and quality control will be adequately equipped as necessary to provide adequate temperature control to prevent the marijuana products or

edibles from changing state and/or becoming unsafe during transportation, consistent with applicable requirements pursuant to United States 21 CFR 1.908(c).

11. Sanitization

The Team Captains are responsible for implementing and daily monitoring of Sanitation SOP and recording the findings and any corrective actions. The Team Captains are responsible for training and assigning specific duties to other employees and monitoring their performance within the Sanitation SOP. All records, data, checklists, and other information pertaining to the Sanitation SOP will be maintained on file and made available to inspection personnel. Employees must be trained, free from illness, practice good hygiene; wear durable, appropriate and clean clothing and adhere to written standards and procedures.

Facility walls, floors, and ceilings must be cleaned and sanitized as necessary in order to remove contaminants, adulterants and harmful substances. Cleaning implies freedom from visible soil, while sanitation refers to the removal of bacteria. Cleanliness may be visually verified by the use of a flashlight or physically verified by sight, feel and smell.

Pursuant to Massachusetts 935 CMR 500.105(3), all contact surfaces, including utensils and equipment, shall be maintained in a clean and sanitary condition. Such surfaces shall be cleaned and sanitized as frequently as necessary to protect against contamination, using a sanitizing agent registered by the US Environmental Protection Agency (EPA), in accordance with labeled instructions. Function	Purpose	Version	Version Date
Safe Handling Procedure	Sanitization of Contact Surfaces	1.0	January 25, 2019

Purpose

This document shall describe how to properly maintain and sanitize surfaces and equipment that come into contact with marijuana and marijuana-derived products.

Scope

All non-disposable contact surfaces as necessary, including but not limited to:

- Countertops and other stainless steel surfaces
- Storage containers
- Scales
- Utensils
- Glassware
- Machinery and appliances

Background

Proper sterilization of contact surfaces will ensure a clean environment, in which to produce and process high-quality, compliant products. Additionally, proper sanitization prevents contamination and promotes extended service-life of hardware.

Prerequisites

- Sanitizing agent registered by the US Environment Protection Agency (EPA)
- Latex and powder-free nitrile gloves
- Eye and mouth protection, if necessary
- Access to running water
- Clean towel or chamois
- Clean spray bottle

Procedure

1. Dilute sanitizing agent as directed and put in spray bottle
2. Spray directly into a clean towel or chamois
3. Wipe and remove debris and other substances from contact surface
4. Repeat as necessary
5. If applicable, soak the utensil or other contact surface in sanitizing agent and let sit prior to wiping and rinsing.

6. Wipe clean and let air dry

Note: some hardware and appliances will require specialized care, see hardware maintenance guide for details

All contact surfaces used for manufacturing, packaging, or holding low-moisture components, in-process materials, or cannabis or cannabis-derived products, must be in a dry and sanitary condition when in use. When the surfaces are wet-cleaned, they must be sanitized, when necessary, and thoroughly dried before subsequent use.

When cleaning and sanitizing is necessary, all contact surfaces must be cleaned before use and after any interruption during which the contact surface may have become contaminated.

If contact surfaces are used in a continuous production operation or in consecutive operations involving different batches of the same product, the contact surfaces must be adequately cleaned and sanitized, as necessary.

Surfaces that do not come into direct contact with components, packaging components, in-process materials, or cannabis or cannabis-derived products must be cleaned as frequently as necessary to protect against contaminating components or products.

Disposable materials must be stored in appropriate containers, and handled, dispensed, used, and disposed of in a manner that protects against contamination of components, packaging components, in-process materials, cannabis or cannabis-derived products, or any contact surface.

Cleaning compounds and sanitizing agents must be adequate for their intended use and safe under their conditions of use and include an EPA number.

Cleaned and sanitized portable equipment and utensils that have contact surfaces must be stored in a location and manner that protects them from contamination.

12. Water Treatment

In Accordance with 935 CMR 500.105 (3), water supply shall be sufficient for necessary operations. Any private water source shall be capable of providing a safe, potable, and adequate supply of water to meet the Marijuana Establishment's needs. Plumbing shall be of adequate size and design, and adequately installed and maintained to carry sufficient quantities of water to required locations throughout the Marijuana Establishment. Plumbing shall properly convey sewage and liquid disposable waste from the Marijuana Establishment. There shall be no cross-connections between the potable and waste water lines.

III. Reverse Osmosis

- i. Water used for cultivation procedures will be treated using a reverse osmosis system. Reverse Osmosis (RO) is a liquid purification process by which water is passed through semi-permeable membrane that blocks most dissolved or suspended contaminants

IV. Two Stage Filtration

- i. . Water used for preparation of marijuana and marijuana products will be de-chlorinated and filtered using a 2-stage filter.

JOLO CAN LLC
Diversity Plan Proposal
Version 1.4
*Updated November 14,
2019*

Foreword

Note Regarding D/B/A Registration: JOLO CAN LLC (“JOLO CAN”) has filed three applications with the Cannabis Control Commission (“Commission”) – MCN281502, MPN281369, and MRN281308 – related to a vertically-integrated, adult-use marijuana facility to be located at 80 Eastern Avenue in Chelsea, MA. On July 2, 2019, JOLO CAN received notices from the Commission requesting that it list “Harbor House Collective” as a D/B/A in its applications, or, alternatively, remove references thereto from its Diversity and Positive Impact Plans. As explained in the Business Plan submitted with each application, JOLO CAN is interested in registering and doing business as Harbor House Collective. JOLO CAN has not registered this D/B/A with the City of Chelsea because it has not yet received a Certificate of Occupancy for the 80 Eastern Avenue property. Accordingly, JOLO CAN is resubmitting its Diversity and Positive Impact Plans, which now reflect the name of the applicant (JOLO CAN) instead of its anticipated D/B/A (Harbor House Collective).

Background

JOLO CAN LLC is committed to developing and maintaining a robust policy of inclusivity and diversity at its Chelsea facility. As part of that commitment, JOLO CAN LLC recognizes that diversity in the workforce is a critical aspect of a company’s contribution to Chelsea and the surrounding communities. JOLO CAN LLC is dedicated to fostering a diverse culture and pledges to promote equity among all employees, including minorities, women, veterans, people with disabilities, and members of LGBTQIA+. JOLO CAN LLC will make every effort to employ and advance employment in qualified and diverse people at all levels within the company.

Diversity Goals

JOLO CAN LLC will promote equity and accessibility through intercultural outreach and a commitment to a diverse and representative workforce. JOLO CAN LLC will develop and maintain an inclusive working environment through its: 1) hiring practices; 2) employee retention and advancement policies; and 3) employee training (including regular training for all executives).

Diversity Programs

At the forefront of JOLO CAN LLC’s diversity initiatives is the Leadership and Education training program. The goal of which, is to empower and educate our employees belonging to disproportionately represented demographics (such as minorities, women, veterans, people with disabilities, and members of LGBTQIA+). The aim of the program is to broaden their knowledge of the industry and provide them with the tools to succeed and advance.

Two employees will be granted this opportunity annually. Through an exhaustive 4 week series of lectures and demonstrations, applicants are given the opportunity to learn about the adult-use industry from seed to sale and gain practical experience. Subject matter includes but is not limited to:

- I. Introduction to Cannabis
- II. Terminology and Origins
- III. Safety and Compliance
- IV. Genetic Variety
- V. Cannabinoids, Terpenes, and Effects
- VI. Introduction to Cultivation
 - a. The JOLO CAN LLC Method
- VII. Drying/Curing
- VIII. Packaging and post-processing
- IX. Introduction to Manufacturing
 - a. Methods
- X. Introduction to Retail
 - a. Inventory Management
 - b. Compliance
 - c. Sales

At the conclusion of the training, participants will be given guidance and mentoring in order to further their careers at JOLO CAN LLC and/or the industry at large. Exemplary completion of the program will be given prioritized consideration for advancement opportunities and leadership roles. With education and experience, training program members will gain a greater understanding of the industry and JOLO CAN LLC, and in turn further their success in their current roles and provide equitable growth.

JOLO CAN LLC will be holding/participating in bi-annual local job fairs and seeking out diverse individuals for employment opportunities through affiliations with community organizations such as the Chelsea Chamber of Commerce and the Chelsea Cultural Council. Leveraging the significant networks of such organizations will develop a pipeline of qualified and diverse individuals seeking employment in Massachusetts' nascent cannabis industry. JOLO CAN LLC will offer career counseling and training to provide all employees with equal opportunity for growth.

JOLO CAN LLC will also implement a diversity training program and policy for all employees, including upper management. In particular, JOLO CAN LLC will require all new employees to undergo diversity awareness training in accordance with industry best practices. JOLO CAN LLC will seek to deploy annual online training to its employees and executives to cover topics such as:

- Race, language, culture

- Gender, sexual orientation
- Religion
- Age
- Disabilities
- Physical appearance
- Other forms of harassment
- Incident reporting

Diversity Measurement

The Leadership and Education training program will be measured and assessed by the number of qualified (from aforementioned demographics) applicants to the program versus the overall number of qualified employees. JOLO CAN LLC seeks for:

- Initial participation of 10% of total qualified applicants
- Growing participation with a goal of 25% or more of total qualified applicants
- Further training program spots made available as needed

Given the expectation of training program participants to be qualified for advancement in their roles, all role changes and promotions at JOLO CAN LLC will be noted whether candidates were training program participants and used to assess the program's effectiveness in advancement.

JOLO CAN LLC will record and document its participation/hosting of local job fairs. This process will include following-up with individuals from diverse backgrounds who express interest in employment opportunities at JOLO CAN LLC. JOLO CAN LLC will document how many of these individuals from diverse backgrounds ultimately apply for either full-time positions or internships positions. This documentation will enable JOLO CAN LLC to measure its reach into the local community and also actively identify individuals from diverse backgrounds for open positions within the company.

JOLO CAN LLC's long-term goal is a minimum of 51% diverse (i.e., minorities, women, veterans, people with disabilities, and LGBTQIA+ individuals) individual employment across the entire company by year 5 of operations. The Human Resources Manager will oversee progress toward this long-term hiring goal by obtaining, at least annually, employee biographical data through self-identifying surveys. This will permit the Human Resources Admin to measure JOLO CAN LLC's progress toward its diversity hiring goals. The Human Resources Admin will annually report progress to the executive team and ensure that JOLO CAN LLC meets its long-term diversity hiring goal. Furthermore, the Human Resources Admin is responsible for ensuring that JOLO CAN LLC meets the following intermediate goals in years 1-4 of operation:

Commencement of Operations: minimum 25% diverse individual employment.

End of Year 1: minimum 30% diverse individual employment.

End of Year 2: minimum 35% diverse individual employment.

End of Year 3: minimum 40% diverse individual employment.

End of Year 4: minimum 45% diverse individual employment.

These short-term metrics and oversight by the Human Resources Admin will ensure that JOLO CAN LLC is regularly evaluating progress toward its diversity hiring goals and employing corrective actions if intermediary targets are not met.

Diversity Plan Acknowledgments

JOLO CAN LLC pledges to adhere to the requirements set forth in 935 CMR 500.105(4)(a) which provides the permitted advertising, branding, marketing and sponsorship practices for all Marijuana Establishments. JOLO CAN LLC likewise pledges not to employ any of the prohibited practices articulated in 935 CMR 500.105(4)(b). Finally, none of the actions taken or programs instituted by JOLO CAN LLC will violate the Commission's regulations with respect to limitations on ownership or control or any other applicable state laws.
