Ideal Craft Cannabis, Inc.

Plan to Remain Compliant with Local Zoning

Adult Use Marijuana Establishment for Cultivation and Product Manufacturing
616 Douglas Street, Uxbridge, Mass., County
Assessor ID 28-1724

Ideal Craft Cannabis, Inc., (the Applicant), is seeking a marijuana cultivation and production establishment at 616 Douglas Street in the Town of Uxbridge and the site is located within the Town's Industrial B (IB) zoning district and is allowed as of right, by building permit, in this zone.

The Applicant is committed to remain compliant with all applicable zoning bylaws of the Town of Uxbridge, MA, including, but not limited to Chapter 400, ZONING BYLAWS, §400-23. Pursuant to §400-23(C)(1), Applicant has secured a Host Community Agreement with the Town of Uxbridge. Applicant's cultivation and production facility is located at 616 Douglas St., Uxbridge, MA 01569, which falls within the Industrial B zoning district, and which complies with the requirements of §400-23(C)(2). Pursuant to §400-23(C)(3), Applicant's facility does not run afoul of the 750-foot minimum distance buffer required between a marijuana establishment and a public/private school serving grades K-12. Except during authorized transport in compliant transportation vehicles, all marijuana products shall be held in a secure indoor facility, in compliance with §400-23(C)(4). Marijuana shall not be disseminated, offered to be disseminated, or advertised to persons under 21 years of age, in compliance with §400-23(C)(5). Ideal Craft shall not have a freestanding accessory sign at the facility, in compliance with §400-23(C)(6). Ideal Craft shall remain compliant with all applicable zoning requirements, both those enumerated herein that are specifically applicable to marijuana establishments, and to all other applicable zoning bylaws governing front-, side-, and rear- lot setbacks, curb cuts, signs, emergency vehicle access, and shall further remain in compliance with the terms of its certificate of occupancy. As a Cultivator and Product Manufacturer, which the Town of Uxbridge defines as a "Marijuana Establishment" under §400-23(A)(6), and which is located in the Industrial B zoning district, Applicant is permitted by right as a principal use to conduct its operations pursuant to the specific requirements enumerated herein and Article III, §400-10(A).

The site consists of 1.51 acres and hosts an existing warehouse type building. Although there are wetland areas on adjacent properties, there are no exterior or land improvements or excavations that would trigger wetland act permitting.

The time frame for obtaining permits for this marijuana establishment is as follows: A building permit with professional engineering stamped/signed plans will be submitted for application for building permit and the building dept. has 30 days to issue upon confirmation that submitted construction filings/plans comply with building code. After construction, a certificate of use/occupancy will be required prior to commencing operations, which typically takes 15 to 30 days to obtain.

END OF COMPLIANCE PLAN

POSITIVE IMPACT PLAN

In an effort to promote and encourage full participation in the regulated cannabis industry by individuals from communities disproportionately harmed by marijuana prohibition and enforcement and to support one of the Commission's priorities of having an ongoing positive impact on communities, Ideal Craft Cannabis Inc. ("Ideal Craft" or "the Company") has created the following Positive Impact Plan.

Ideal Craft's Positive Impact Plan is an effort to respond to evidence which demonstrates that certain populations have been disproportionately impacted by high rates of arrest and incarceration for marijuana and other drug crimes as a result of state and federal drug policy. Criminalization has had long-term ill effects, not only on the individuals arrested and incarcerated, but on their families and communities.

The Commission has identified certain Areas of Disproportionate Impact ("ADIs") that were disproportionately harmed in the past by marijuana prohibition and enforcement as evidenced by their having historically high rates of arrest, conviction and incarceration related to marijuana crimes. Our Positive Impact Plan is focused on the following groups:

1. Past or present residents of areas of disproportionate impact as defined by the Cannabis Control Commission ("CCC").
2. Massachusetts residents who have past drug convictions.
3. Massachusetts residents who have parents or spouses who have past drug convictions.

Ideal Craft will implement the following goals, programs and measurements pursuant to this Positive Impact Plan.

Goal #1:

Provide financial support to New England Veterans Alliance ("NEVA") because it is an entity that offers support, education and/or job training to Massachusetts residents disproportionately impacted by the War on Drugs, including past or present residents of areas of disproportionate impact as defined by the CCC, Massachusetts residents who have past drug convictions, and/or Massachusetts residents who have parents or spouses who have past drug convictions.

Program:

Donate a total of \$2,500.00 annually to New England Veterans Alliance. The donation to be made to New England Veterans Alliance is intended to enhance its ability to cultivate veterans through alternative therapeutic programs. NEVA does important work in New England and across the country to improve veterans' lives, and building community for veterans. NEVA offers support, education and/or job training to Massachusetts residents disproportionately

Ideal Craft Cannabis Inc.

impacted by the War on Drugs. Specifically, this donation will go towards two programming areas:

1. The Veterans Cultivation Program (VCP) which supports veterans in learning how to cultivate cannabis. The goal of VCP is to help educate the veteran community, to encourage self sustainability through cultivation therapy, and to alleviate the financial burden on veterans while providing a purpose and connection to the local communities and
2. Peer support groups for veterans across New England, specifically those veterans located in areas of disproportionate impact (ADI) and/or have had past drug convictions.

Measurement and Accountability:

At the end of each year, Ideal Craft will conduct an analysis and create a report on the amounts and percentages of donations and other financial support that the Ideal Craft has given to the program outlined above. Ideal Craft will continue to assess the viability and impact of financial donations made, and annually review donation goals amounts. NEVA will be able to produce documentation that the individuals participating in their programs have had past drug convictions and are from an area of disproportionate impact.

NEVA will provide an annual report to Ideal Craft, summarizing the use of the funds, as well as the disproportionately impacted communities the programs have worked with, and whether the individuals participating in the programs have had past drug convictions. NEVA will provide a copy to the Cannabis Control Commission upon request.

Goal #2:

On an annual basis, cover the costs/fees associated with obtaining an expungement of the criminal record for up to 5 individuals that are past or present residents of ADI's who have cannabis-related felonies.

Program:

Ideal Craft will Commit \$2,500 per calendar year to our Cannabis Expungement Program ("CEP") that will provide financial assistance for legal/filing fees for up to 5 individuals from areas of disproportionate impact attempting to expunge cannabis criminal charges from their record. Ideal Craft will identify an attorney to help individuals with completing the necessary expungement paperwork. Ideal Craft will publish the application for the CEP on its website. Individuals will be able to apply for the Program on-line. The first 5 individuals that meet the following criteria will be eligible for participation in the program:

1. Must show proof of past or present residency in an ADI as identified by the Commission and
2. Show proof of a cannabis-related felony.

Ideal Craft Cannabis Inc.

Measurement and Accountability:

Ideal Craft will use qualitative and quantitative measurement metrics in measuring the results of its program and upon renewal will demonstrate that the CEP led to measurable success of our goal. The metric to be used in determining whether the goals were met will be to produce the total number of individuals Ideal Craft has assisted with funding expungements per year and indicate the specific ADI where that individual resides or has resided. In addition, Ideal Craft will produce documentation that criminal records of individuals in the CEP have had their records expunged.

Ideal Craft acknowledges and is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.

Any actions taken, or programs instituted by Ideal Craft, will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.

Ideal Craft expressly understands that the progress or success of this plan will be required to be demonstrated upon each annual license renewal period in conformity with 935 CMR 500.101(1) and (2).

Market Overview

National Market

Support for legalized recreational adult-use marijuana is on a steady rise in the United States. In 1971, only 12% of Americans promoted legalization; today, nearly 66% are in favor of a regulated market. Freeing up law enforcement resources, increased safety in regulated products and tax revenue are among the top reasons Americans have cited as reasons to support a legalized industry.

As of today, 11 U.S. States have legalized recreational use of marijuana and a number of other States have proposed reform legislation, including, Missouri, New Mexico and Arizona. It is predicted that in 2025, legal marijuana sales are estimated to reach \$25 Billion in the United States.

Ideal Craft Cannabis Inc. (“Ideal Craft” or the “Company”) is committed to actively promoting diversity, inclusion, and cultural competency, by implementing programmatic and operational procedures and policies that will help to make Ideal Craft a leader and champion of diversity, both locally and throughout the broader Massachusetts cannabis industry.

Town Specific Data - According to 2010 Census information, the Town of Uxbridge, has approximately 13,457 people, a population change of +2-.6% since 2000. 50.2% of the population is Female and 49.8% are Male. The median resident age is 41.3. The population is 94.8% White, 1.9% Hispanic, 1% Asian alone, .8% Black alone and 1.3% two or more races.

Ideal Craft’s commitment to diversity is reflected in the following Goals, which shall be pursued through the Programs outlined herein, and the progress of which shall be judged by the Measurements/ Metrics as stated below, and adjusted as needed if necessary:

Goal One: Achieve at least 51% of our staffing needs from people of color, particularly Black, African American, Hispanic, Latinx, and Indigenous people, women, Veterans, persons with disabilities, and LGBTQ+ individuals.

Programs to Achieve Diversity Goal One:

- Provide on-site interactive workshops, twice a year at Ideal Craft’s Retail Establishment at a date and time determined by Ideal Craft management when the Establishment is not open to the general public. These workshops would cover such topics as the prevention of sexual harassment, racial and cultural diversity, and methods of fostering an inclusive work atmosphere.
- Increase diversity of the make-up of our staff by actively seeking out people of color, particularly Black, African American, Hispanic, Latinx, and Indigenous people, women, Veterans, persons with disabilities, and LGBTQ+ individuals, both through in-house hiring initiatives and participation in online diversity job boards and in-person job fairs at least once a year and as frequently as needed as staffing needs dictate.
- Establish clearly written policies regarding diversity and a zero-tolerance policy for discrimination and/or sexual harassment, which shall be incorporated into our employee handbook.

Measurements:

- *Qualitative Metrics:* Perform annual evaluation of inclusion/diversity initiatives to ensure diversity is one of Ideal Craft’s strengths and remains a primary focus. This may include anonymous employee surveys or other private submission opportunities so that we can attempt to avoid any sort of reluctance for our employees to inform management how we are truly doing in pursuit of our diversity plan goals. The results of the surveys shall be compared to prior years’ results to allow Ideal Craft to adjust our programs in the event that our goals are not being achieved.
- *Quantitative Metrics:* We will strive to achieve at least 51% of our staffing needs from people of color, particularly Black, African American, Hispanic, Latinx, and Indigenous people, women, Veterans, persons with disabilities, and LGBTQ+ individuals. The personnel files shall be evaluated on a semi-annual basis to determine how many employees are people of color, particularly Black, African American, Hispanic, Latinx, and Indigenous people, women, Veterans,

Ideal Craft Cannabis Inc.

persons with disabilities, and LGBTQ+ that occupy positions within the company and that number shall be divided by Ideal Craft's total staffing at its facility to determine the percentage achieved.

Is our goal objectively reasonable?

Ideal Craft's goal of hiring minorities to comprise 51% of our staffing needs at our Establishment is objectively reasonable because of the facts (the demographics listed in the paragraph above) and our ability to advertise job positions quarterly in several of the following publications: *Professional Diversity Network, Diversity Jobs, Beyond.com*.

Ideal Craft acknowledges that the progress or success of our plan will be documented upon renewal (one year from provisional licensure, and each year thereafter).

Ideal Craft will adhere to the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of Marijuana Establishments.

Energy Compliance Plan

Ideal Craft Cannabis Inc. (“Ideal Craft” or the “Company”) will work with our architect and engineer to identify and as many energy saving strategies as possible. In addition, Ideal Craft will implement, as much as is feasible, the following energy saving strategies:

- Increasing or adding insulation.
- Installing ‘smart’ thermostats to identify periods where heating/cooling loads can be reduced
- Installing LED lighting
- Ensuring that the restrooms use low flow toilets and sinks.
- Coordinating with the HVAC contractor to identify any energy saving opportunities.
- Evaluating the efficacy of switching the kitchen(s) in the space to on-demand hot water heaters.

In the future, any replacements or upgrades of heating/cooling, lighting, plumbing, and retail equipment (for example, POS stations) will include energy efficiency as part of its criteria for evaluation.

Ideal Craft will investigate rooftop solar arrays to generate electricity, and rooftop solar hot water to provide both hot water and heat for the space.

Ideal Craft acknowledges that if a Provisional License is issued, Ideal Craft, at the Architectural Review stage, will submit further information to demonstrate actual consideration of energy reduction opportunities, use of renewable energy and renewable energy generation, including a list of opportunities that were considered and information that demonstrates actual engagement with energy efficiency programs and any financial incentives received. This information will include whether opportunities are being implemented, will be implemented at a later date, or are not planned to be implemented.

Ideal Craft will also include a summary of information that was considered to make the decision (i.e. costs, available incentives, and bill savings). Ideal Craft will engage in either a Mass Save audit or coordinate with our local municipal electric company to conduct an audit, which will be included in the summary.

As part of our written operating procedures we will conduct an annual energy audit and request regular meetings with our municipal utilities to identify energy efficiency programs, incentives, opportunities, and areas for Ideal Craft to optimize its energy usage.

Ideal Craft is committed to considering how to optimally use energy early in the facility design process and continually assess new opportunities for reduced energy usage and costs.
