- Commissioner Kimberly Roy
- Commissioner Bruce Stebbins

Minutes:

- 1) Call to Order
 - The Chairman recognized a quorum and called the meeting to order.
 - The Chairman gave notice that the meeting is being recorded.
- 2) Chairman’s Comments and Updates

- The Chairman thanked Director of Government Affairs Matt Giancola for his work producing public meetings and thanked Office Manager Hailey Penske and Executive Assistant Grace O'Day for taking on the task.
- The Chairman wished everyone a happy and safe new year. The Chairman highlighted the delivery operators, social equity program participants being considered at this meeting. The Chairman went on to note that he continues to hear reports of predatory investment terms designed circumvent the exclusivity period for delivery. Such terms include mandatory sales/transfers of ownership at the end of the exclusivity period, complete control and decision making including hiring key personnel, and cash distributions disproportionate to ownership. The Chairman said he will continue to monitor this and that the Commission has the authority and tools to address these issues.
- Commissioner Camargo acknowledged the one year anniversary of hers, Commissioner Stebbins, and Commissioner Concepcion being on the Commission. Commissioner Camargo recognized the honor of fulfilling the position. Commissioner Camargo noted that she uses this platform to advance those who have been left out and left behind and those impacted by the disproportionate enforcement of cannabis prohibition. Commissioner Camargo highlighted the work of the Cannabis Advisory Board Industry Subcommittee and their work developing a recommendation with respect to vertical integration. Commissioner Camargo thanked members of the committee for their work .
- Commissioner Concepcion congratulated her fellow Commissioners for their one year anniversary. Commissioner Concepcion said that this as a very fulfilling opportunity to work on issues she cares about with colleagues who are also committed. Commissioner Concepcion thanked her fellow Commissioners and staff, especially in helping prepare for public meetings. Commissioner Concepcion also wished everyone happy new year. Commissioner Concepcion thanked the Black and Latino legislative caucus for inviting Commissioners Concepcion and Camargo to talk about the importance of the Commission's work advancing their constituents and to talk about the social equity fund and its importance in ensuring equity in the cannabis industry. Commissioner Concepcion also thanked Senator Comerford for a discussion about billboard advertising and getting the chance to hear and understand her concerns.
- Commissioner Roy also wished everyone a Happy New Year. Commissioner Roy also wished her fellow Commissioners a happy work anniversary. Commissioner Roy echoed the Chairman's excitement with respect to the equity applicants and the diverse type of licenses being considered. Commissioner Roy also thanked the Director of Government Affairs and Policy Matt Giancola, Director of Communications Maryalice Curley, and Press Secretary Tara Smith for their support in preparing for this meeting.
- Commissioner Stebbins wished everyone a happy new year and congratulated his colleagues for the work anniversary. Commissioner Stebbins also noted how responsive staff is to his inquiries and questions, even on nights and weekends. Commissioner Stebbins also noted he had a great meeting with Massachusetts

Association of Chamber of Commerce Executives, where he discussed recent developments, the Commission's work and open data platform. Commissioner Stebbins echoed the Chairman's concerns about predatory lending/investment schemes and thanked the Chairman for his leadership on the topic.

- The Chairman gave an overview of the agenda.

3) Minutes for Approval – 00:18:46

- November 18, 2021
 - The Chairman asked if the Commissioners had a chance to review the minutes and whether there were questions or edits.
 - Commissioner Stebbins moved to approve the minutes of the November 18, 2021.
 - Commissioner Camargo seconded the motion.
 - The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes
 - Commissioner Roy – Yes
 - Commissioner Stebbins – Yes
 - Chairman Hoffman – Yes
 - The Commission unanimously approved the minutes for the public meeting on November 18, 2022.

4) Executive Director's Report – 00:20:38

- The Executive Director gave an overview of licensing data, starting [on page 296 of the meeting packet](#).
- The Chairman asked the Executive Director to discuss the Marijuana Research Facility license type and why there are zero applicants.
 - The Executive Director said that there were applications submitted prior to the recent round of regulatory amendments. The Commission issued Requests for Information for those applications based on the changes to the regulations and none of the applicants have resubmitted their application. The Executive Director noted that there is also a two part process. The entity must first be licensed by the Commission then receive a permit to conduct specific research. The Executive Director also noted that some entities can do Research and Development under a different license type, so may not be seeking that license.
- The Chairman noted the increased number of testing labs and his hopes that that increase would address concerns raised by industry with respect to waiting times for testing.
 - The Executive Director said that adding additional labs should help address market demand, but also creates complexity for oversight.
- Commissioner Roy noted that it was good to see 82 Marijuana Courier applicants in the precertification/endorsement phase.

- Commissioner Camargo noted the low numbers with respect to Craft Marijuana Cooperatives and asked for his insight on those low numbers.
 - The Executive Director said that as a license type it is complicated, including the fact that the entity must follow the seven cooperative principles and the requirement of outdoor operations, which make it a license type that folks may not be drawn to.
 - Commissioner Camargo noted that these low numbers are an opportunity and said that digging into the details as to why those numbers are so low could help the Commission seize the opportunity.
- The Chairman asked whether there has been any tier relegation for cultivators.
 - The Executive Director said not yet, but that highlights the Commission's option to require relegation if sales and product is outpacing demand.
- Commissioner Roy asked whether vertical grow is considered for tier square footage.
 - The Executive Director confirmed that if cultivators are "racking," then those racks are counted toward their tier square footage.
- The Chairman asked about pediatric practitioners and their registration for patient certification
 - The Executive Director said that that is not information that is tracked as part of the certification process, but that it is a concern many parents have as they seek to gain access to medicine on behalf of their children.
- Commissioner Roy asked if there could be a slide of all Medical Marijuana Treatment Centers that have received a certificate to commence operations.
 - The Executive Director said that at the next meeting he could provide that slide, but the MoreaboutMMJ.com can provide that information.
 - Commissioner Roy asked if there was any county in the Commonwealth that did not have access to an MTC.
 - The Executive Director said he believes that every county has an operating MTC, but that doesn't mean access in those counties are adequate.
- The Executive Director gave an overview of the Fiscal Year 2023 budget request.
- Commissioner Camargo noted how the Commission is a revenue generating industry and so it makes sense to forecast and planning. Commissioner Camargo echoed the importance of promoting staff and retaining staff, because this needs to be a sustainable organization that outlives all of the Commissioners. Commissioner Camargo asked about the next six months and spending to make sure the Commission has what it needs to ensure compliance.
 - The Executive Director said that the key is making sure not to develop the potential a fiscal cliff, by creating a budget that uses every dollar and risks not getting the money needed to sustain that spending. The Executive Director noted that staff is overworked and are not necessarily being compensated adequately for that work, so part of the goal is to make workflow more manageable. The Executive Director also noted relying on data is an important part of the process. That is why the Commission has contracted with a vendor to develop a compensation study.

- Commissioner Roy noted her support for expanding investigations and enforcement staff, because as the industry grows, those staff members are needed to ensure compliance. Commissioner Roy asked about the possibility of a Commission run testing lab.
 - The Executive Director said that to build a testing lab would expand the agency's budget massively. The Executive Director said that having a standards lab would be hugely helpful. The Executive Director noted that the illicit status of cannabis at the federal level creates additional complications. The Executive Director recognized the value of having such a lab, but at this time, it does not seem feasible in the foreseeable future.
 - Commissioner Roy wanted to clarify that she is not questioning the integrity of licensed labs, but just a matter of the Commission having its own resources to test.
- Commissioner Concepcion echoed Commissioner Roy's sentiments with respect to creating a standard slab. Commissioner Concepcion said that, while recognizing the short term infeasibility, this might be something that needs to be planned for now for the future development.
 - The Executive Director noted that while having a Commission operated lab may not be in the immediate future, the Commission is relying on the procurement process as a mechanism to address some of these needs, short of a Commission operated lab.
- The Executive Director gave an update with respect to the return to office process.
- The Executive Director gave an update with respect to the Social Equity Program cohort 3.
 - Commissioner Concepcion asked about if there was a common reason for some applications to be pending until the 4th cohort.
 - The Executive Director noted that proof of residency was one of the larger barriers of entry, but that that may be an anecdotal answer.
- The Executive Director gave a hiring update including with respect to Desktop Analyst, Executive Assistant, Constituent Services Manager, Investigations and Enforcement Assistant, Associate Enforcement Counsel, Project Coordinators for Programming and Community Outreach, Manager of Government Affairs and Policy, and Budget Director.
- The Chairman asked the number of current staff members and what that number might be if the Commission gets its full budget request.
 - The Executive Director said there are currently approximately 90 staff members. If the budget request is approved, there would be about 130 staff members.
- The Chairman asked about office capacity in relation to staff.
 - The Executive Director said that there is not sufficient space for the current number of staff, and that does not yet take into consideration the importance of physical distancing as a result of COVID.

- Commissioner Camargo noted that the Areas of Disproportionate Impact study, is a crucial topic within the Commission that folks within the commission are working intently on.
- Commissioner Roy asked about the stakeholder group meeting and how those folks were selected and who can participate.
 - The Executive Director said that he will follow up with Commissioners on that process in the coming weeks.

The Commission took a ten minute break, returning at 11:40 AM (01:40:29).

5) Staff Recommendations on Changes of Ownership

- Commissioner Roy requested a condition to apply to all applications, noting the significant changes of ownership which raises question of whether the Positive Impact Plan is changing, and it would be helpful to know sooner rather than later.
 - Proposed condition: To help ensure compliance with 500.101 & 501.101, subsections (a)11., it is strongly recommended that an update be provided to the Commission within 90 days of the Change of Ownership regarding any changes or modifications to your Diversity Plan and/or Positive Impact Plan, including but not limited to goals, programs, measurements and accountability as a result of Change of Ownership.
- Commissioner Stebbins echoed Commissioner Roy's sentiments.
- Commissioner Concepcion asked how this would work in terms of operations and timing.
- Commissioner Camargo suggested within 90 days of final ownership.
- Commissioner Roy agreed with Commissioner Camargo's suggestion.
- Commissioner Stebbins asked a clarifying question of when the 90 days begins to start.
- Commissioner Camargo wanted to make sure she understood the point of the condition using a hypothetical example.
 - Commissioner Roy confirmed the intent of the condition.
- Commissioner Concepcion asked whether updates are being requested within 90 days of the change of ownership, or 90 days with the change of the plan.
 - Commissioner Roy deferred to Commissioner Camargo as the 90 days suggestion was from her.
 - The Chairman suggested that the condition make the time start as of the change of ownership.
 - Commissioner Camargo asked about the operational and implementation of Change of Ownership.
 - The Executive Director gave an overview of what may happen after Commission approval.

- The Executive Director noted that licensees are required to apply for renewal within 60 days of their license expiration. If that does not happen, applicants risk the lapse of their license. Some licensees ask for extra time, which the Commission cannot feasibly give. The Executive Director reminded licensees that automated reminders are sent out 150 days prior to expiration. The Executive Director requested that licensees ensure their primary contact email is up to date and to check spam filters.

The Executive Director said that failure to timely apply for renewal is a compliance and enforcement matter.

- Commissioner Roy echoed the sentiments of the Executive Director. Commissioner Roy also asked if there was a way to quantify the “growing trend” of licensees cutting it close. Commissioner Roy also asked if there could be a late fee imposed.
 - The Executive Director said he couldn’t quantify, but it is worth a discussion to determine if there are punitive measures that could be taken to curtail the behavior, but currently using a customer service approach will hopefully curb that trend.

7) Staff Recommendations on Final Licenses – 02:36:13

8) Staff Recommendations on Provisional Licenses – 02:39:05

- Commissioner Stebbins noted that he is excited to see such a mix of licensees. Commissioner Stebbins noted that he only saw one Diversity plan that appeared to be copy and pasted. He also noted that the Diversity Plans appear to be looking to the new guidance on Diversity Plans and encouraged others to do the same. Commissioner Stebbins also suggested that licensees work with the Supplier Diversity Office to find business that could serve as partners of licensees.
- The Chairman noted his excitement with respect to the diversity of license types and their ownership.
- Commissioner Roy requested a condition to apply to all licenses.
 - Proposed condition: Prior to performing job functions, all provisional licensees shall ensure that all current Marijuana Establishment, Medical Treatment Center, and Independent Testing Laboratory Agents involved in the handling or sale of Marijuana for adult and medical use shall have attended and successfully completed the Basic Core Curriculum of the Responsible Vendor Training Program to be designated a "Responsible Vendor" and provide a "certificate of completion" to the Commission upon request. In addition, all newly hired employees involved in the handling or sale of marijuana or marijuana products must also successfully complete the Basic Core Curriculum of the Responsible Vendor Training Program within 90 days of hire, in compliance with 935 CMR 500.105(2) or 935 CMR 501.105(2).

b. Topics for Legislative and Executive Branch Outreach

- The Chairman gave an overview of the discussions to be had.
- Director of Government Affairs and Policy gave an overview of the policy and process for endorsing and making statements of Commission policy for the benefit of policy makers, as approved to August.

i. Operating Under the Influence

- Commissioner Roy thanked Director Giancola. Commissioner Roy also thanked the Chairman for putting this on the agenda.
- Director Giancola gave an overview of the proposed policy statement.
- Commissioner Roy expressed her support for a statement on Operating Under the Influence, referencing some research and statistics about the prevalence of driving while intoxicated by THC and the dangers resulting therefrom. Commissioner Roy highlighted that her proposal does not endorse any statute, provision, or policy, but a general support for legislation to address intoxicated driving under the influence of THC.
- Commissioner Stebbins expressed the seriousness of the concern with respect to intoxicated driving under the influence of THC. Commissioner Stebbins asked a clarifying question with respect to the language of the proposed statement.
 - Director Giancola indicated the language was meant to make laws about operating under the influence of cannabis to be aligned with those laws for impaired driving under the influence of alcohol.
- Commissioner Stebbins asked whether the statement should include the phrase “and other drugs” given it is outside the Commission’s jurisdiction.
 - Commissioner Roy said that no one should be driving under the influence of any drug but expressed her deference to the group.
- Commissioner Concepcion said she wants to make it clear that, today, now, it is against the law to operate a vehicle under the influence of alcohol, cannabis, or any other substance. The public should know that this is not a suggestion that it is

currently legal. Commissioner Concepcion also noted that those laws are enforced. Commissioner Concepcion also highlighted that total deaths from intoxicated driving are not exclusively from cannabis. Commissioner Concepcion also highlighted incongruous language of “supporting” laws with respect to operating vehicles under the influence, but “recognize” civil rights. Commissioner Concepcion also highlighted that detecting cannabis use and cannabis impairment are not the same, and results in the disproportionate enforcement against minority communities. Commissioner Concepcion highlighted that the report issued by the Commission, that the methods for detecting impairment from alcohol compared to cannabis are very different. Commissioner Concepcion highlighted that the same report also said that cannabis impairment can vary based on method of consumption. Concepcion finally highlighted that stops for cannabis use has disproportionately impact certain communities, specifically Black and brown individuals, so cannabis related stops should be comprehensively tracked with respect to the demographics of those stopped.

- Commissioner Camargo thanked Commissioner Roy for raising the issue. Commissioner Camargo expressed concerns from an equity perspective, given the Commission's mandate to positively impact those who were impacted by the disproportionate impact of enforcing cannabis prohibition. Commissioner Camargo expressed how this has an acute racial and socio-economic component. Commissioner Camargo asked how to address the lack of science and technology for ascertaining intoxication from THC does not result in further disproportionate harm against the same communities.
- Commissioner Roy thanked both Commissioners Concepcion and Camargo and welcomes their suggested modifications to the language. Commissioner Roy said she is redescent to make specific suggestions with respect the advancement of technology to accurately assess cannabis impairment, as it would require commenting on specific provisions of legislation.
- Commissioner Camargo agreed that the Commission should not be commenting on specific provision so languages, but given the lack of proven, reliable methodologies, she is concerned about sending the wrong message to the legislature.
- Commissioner Roy agreed, but said she defers to the legislature to address those concerns, but the importance of public safety should still be endorsed by the Commission.
- The Chairman asked Commissioners Concepcion and Camargo to put their suggested language on the table, but said that this may need to be postponed, given the remaining agenda.
 - Commissioner Camargo expressed her concern about cutting Commissioner Roy's topic short.
 - The Chairman said that he wants to make sure this is not rushed.
- The Chairman said he is conceptually on board with asking the legislature to address this, as a public safety issue. The Chairman said he does not believe it is his role to develop the science, etc., but thinks that the Commission could make a statement to

the legislature asking them to address it, but also to express the concerns of the Commission as the legislature develops solutions.

- Commissioner Concepcion reiterated that it is in everyone's best interest that OUI laws are followed and enforced and commended Commissioner Roy for raising this public safety issue. Commissioner Concepcion read her suggested amended statement.
- Commissioner Roy said she supports Commissioner Concepcion's suggested language.
- Commissioner Camargo offered some additional language to include with respect to racial justice as pertains to civil rights, racial justice, and the Commission's equity mandate to safeguard disproportionately impacted communities and to collect data with respect to gender and race.
- Commissioner Stebbins suggested that Commissioner Camargo's suggested language be a stand alone sentence and that the language say, "allow advances in science based technologies."
- Director Giancola edited changes on the policy statement to incorporate the Commissioners' feedback.
- The Chairman again raised the issue of timing.
 - Commissioner Stebbins highlighted that the legislative committees report out date of February 2, so considering this topic today is important.
- Commissioner Roy thanked the Commissioners for the team effort and input to develop the statement.
- Commissioner Roy moved to approve the statement, as amended, and authorize the follow up actions as part of the approved process.
- Commissioner Camargo seconded the motion.
- The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes
 - Commissioner Roy – Yes
 - Commissioner Stebbins – Yes
 - Chairman Hoffman – Yes
- The Commission unanimously approves the motion.
- Commissioner Camargo thanked the Chairman for moving the discussion, but also being patient to allow this to move forward.

ii. Social Consumption

- The Chairman gave an overview the topic and thanked Commissioner Stebbins and Director Giancola for their work on this topic. He reminded the Commission that the proposed language is to support a technical legislative fix to Chapter 94G.
- Commissioner Stebbins gave additional context and highlighted the pending legislative deadline.
- Director Giancola gave an overview of the pending legislation on the topic and the proposed statement.

- Commissioner Camargo stressed the importance of social consumption for public safety and access to medicine and adult-use activities.
- Commissioner Roy highlighted the potential Operating Under the Influence (OUI) implications of social consumption sites, without comprehensive OUI legislation.
- The Chairman said that there may be an ability to address those concerns in a regulatory review.
- Commissioner Stebbins said that it would be smart to reengage the municipalities that were previously a part of a working group in relation to the policy statement.
- Commissioner Roy said she is not sure she can support advocating for a technical fix at this time without the fix to the OUI legislation.
- Commissioner Stebbins moved to approve the statement of policy and the follow up actions as part of the approved process.
- Commissioner Camargo seconded the motion.
- The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes
 - Commissioner Roy – No
 - Commissioner Stebbins – Yes
 - Chairman Hoffman – Yes
- The Commission approves the motion by a vote four in favor and one against.
- The Chairman expressed his respect for Commissioner Roy’s perspective and her conviction on the topic.

The Commission took a five minute break, returning at 4:15p (06:14:59).

c. Guidance on Hemp

- The Chairman gave background on the topic.
- The Executive Director presented the updated guidance after receiving public comment.
- The Chairman also thanked the Massachusetts Department of Agricultural Resources.
- Commissioner Stebbins moved to approve the Guidance on Hemp.
- Commissioner Concepcion seconded the motion.
- The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes
 - Commissioner Roy – Yes
 - Commissioner Stebbins – Yes
 - Chairman Hoffman – Yes
- The Commission unanimously approved the Guidance on Hemp.

d. Possible Telehealth and Curbside Operations Extension

- The Chairman gave history and context.

- The Executive Director presented the topic.
- Commissioner Stebbins supports extending the deadline.
- Commissioner Roy echoed her support
- Commissioner Concepcion expressed her support as well.
- Commissioner Camargo similarly supported.
- The Chairman shared his view that he supports the policy itself but believes this is an inappropriate use of waiver and therefore does not support the extension. The Chairman also asked how long to extend the order and whether to extend to a date certain or based on a condition precedent.
- Commissioner Concepcion asked if there were limits or parameters to establishing a condition precedent.
 - The General Counsel recommended delegating it to the Executive Director to monitor events, such as the lifting of a mask mandate by the Department of Public Health.
- Commissioner Stebbins said he supports a condition precedent such as the lifting of a mask mandate one of the conditions and asked the Executive Director for his insight.
 - The Executive Director said that there is no statewide mandate for masks, so that would not be a helpful metric, but noted there are other municipal level mandates.
- The Chairman suggested a date certain because it is a cleaner standard.
- Commissioner Roy suggested tying the extension of the orders to the legislatures modifications of the Open Meeting Law, which is currently moving through the legislature at a July 15.
- Commissioner Stebbins suggested June 30, 2022, as the end of the Fiscal Year.
- Commissioners Camargo, Concepcion, and Roy agreed with that.
- Commissioner Stebbins moved, relying on the Commission's authority under G. L. c. 94G, § 4 (a), c. 94I, and the associated regulations, and in recognition of the continuing risks posed by COVID-19, to further extend the availability of the telehealth waiver process; and consistent with its prior delegation of authority, to direct the Executive Director, and his delegees, to take all necessary steps to reissue the Bulletin on Telehealth Consultations for Patients, which would allow Certifying Healthcare Providers to submit a new waiver request under 935 Code Mass Regs. § 501.850 (2), specifically, a waiver of the requirement under 935 Code Mass Regs. § 501.002, that the provider conducts an in-person visit for the initial patient certification, to June 30, 2022, subject to the Executive Director's update and recommendation otherwise, as voted on by the Commission.
- Commissioner Roy seconded the motion.
- The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes
 - Commissioner Roy – Yes
 - Commissioner Stebbins – Yes
 - Chairman Hoffman – No

- The Commission approved the motion by a vote of four in favor and one against.
- Commissioner Concepcion moved, relying on the Commission’s authority under G. L. c. 94G, § 4 (a), c. 94I, and the associated regulations, and in recognition of the continuing risks posed by COVID-19, to further extend the availability of medical curbside operations; and consistent with its prior delegation of authority, to direct the Executive Director, and his delegees, to take all necessary steps to reissue the Administrative Order Allowing Curbside Operations for Medical Marijuana Treatment Centers, which would allow Medical Marijuana Treatment Centers only to conduct curbside transfers for the sale of medical-use marijuana or marijuana products, to June 30, 2022, subject to the Executive Director’s update and recommendation otherwise as voted on by the Commission.
- Commissioner Roy seconded the motion.
- The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes
 - Commissioner Roy – Yes
 - Commissioner Stebbins – Yes
 - Chairman Hoffman – No
- The Commission approved the motion by a vote of four in favor and one against.

e. Timeline for Regulatory Review

- The Chairman gave an overview of the topic, proposed process, and shared his views on the importance of review and amend the regulations.
- Commissioner Concepcion said that she does not support the process as proposed, stating concerns about how it will impact the agency, the public and staff. Commissioner Concepcion also cited staff statements about how regulatory review impacts other work and priorities staff satisfaction with respect to how previous regulatory review processes have gone.
- Commissioner Stebbins shared his experience at the Gaming Commission and recognized that the process for amending regulations is a lot of work. Commissioner Stebbins expressed the importance of staff led changes as well. Commissioner Stebbins said that he supports a surgical approach, but not a huge overhaul of regulations. Commissioner Stebbins said that the proposed process does not seem workable as drafted.
- The Chairman expressed his support for going through surgical process but indicated that there are requirements that must be done by regulations, rather than guidance. The Chairman also clarified that he does not want the regulatory review to be a wide-ranging process.
- Commissioner Camargo said that there’s a lot to be discussed with respect to process and suggested postponing the discussion to next month.

- Commissioner Concepcion clarified that she is ok communicating with staff about concerns but wanted to make sure there was discussion among the full Commission, rather than only working through staff.
- The Chairman recognized the distinction and stated his agreement.
- Commissioner Roy suggested holding a special meeting just to discuss regulations process.
- The Chairman said the only thing preventing a special meeting is logistics and extra burden for staff. The Chairman also asked that Commissioners to share their feedback on the proposed process prior to the February meeting. The Chairman promised to devote adequate time to the process at a meeting.
- Commissioner Concepcion suggested that in the recommendations that come back from the Executive Director and General Counsel, to include other staff input.
- The Executive Director said he will devote time and energy to it.
- The Chairman said he agrees there should be staff input and supports Commissioners meeting with the Executive Director and General Counsel, and if the discussion needs to be pushed to the March meeting.
- Commissioner Concepcion said that there are often memos and information Commissioners receive, and she would like to have that information in hand when she connects with the Executive Director and General Counsel.
- The Chairman noted that the discussion will be held at a time when Commissioners can review information.
- Commissioners Roy asked how to get staff input and whether it all has to be funneled through the general counsel.
 - The Executive Director represented that Commissioners have ready access to all staff all the time, but he would want staff comments filtered through him and he can compile input from staff who were involved in the last round of regulations or would be expected to be involved in another round.
- Commissioner Camargo suggested perhaps waiting until April to give as much time as possible, especially since staff is already preparing materials for the February meeting.
- Commissioner Roy made an open invite for staff to communicate with her on their thoughts and concerns about regulatory review.

f. Executive Director's Goals for CY 2022

- The Chairman gave background and context.
- Commissioner Stebbins gave an overview of the topic and his proposal for the metrics of success for the Executive Director's goals.
- Commissioner Roy said that drafting regulations may shift him away from his goals, so that should be included in the goals.
- Commissioner Camargo asked if the goals would cascade to staff, if adjusted for regulations.
 - The Executive Director said that when the Performance Evaluation process is fully implemented, it will be on a calendar year, and so the cascading of the

Executive Director's goals should be such that adding regulations should impact staff.

- Commissioner Stebbins move to approve the 2022 calendar years goals as presented by the Executive Director.
- Commissioner Concepcion seconded.
- The Chairman took a roll call vote:
 - Commissioner Camargo – Yes
 - Commissioner Concepcion – Yes

Memorandum

To: Chairman Hoffman, Commission Secretary Stebbins and Commissioners Camargo, Concepcion, and Roy
Cc: Shawn Collins, Executive Director
Christopher Smith, Associate General Counsel
From: Christine Baily, General Counsel
Date: February 10, 2021
Subject: Executive Session Minutes – Periodic Review – Recommendation
– FOR INFORMATION

This memo provides the Legal department's recommendation with respect to the periodic review and approval of executive session meeting minutes by the Commission in accordance with Open Meeting Law, G.L. c. 30A, § 22 (g) (1).

Summary Recommendation: The Commission currently has three sets of executive session minutes that have not been disclosed. Legal recommends that all three sets of minutes continue to be withheld, as the purpose for the executive session remains in effect. Specifically, the July 2020 minutes involve ongoing labor matters; the October and November 2020 minutes include documents and information covered by the Second Amended Protective Order issued in relation to the *United States v. Correia & another*, promulgated pursuant to 28 U.S.C. § 2072 (the Protective Order).

Below is a chronological list of executive session minutes, annotated with the purpose of the executive session and the analysis for withholding.

- **July 9, 2020.** The Commission entered executive session under Purpose 3 – To discuss strategy with respect to collective bargaining or litigation if an open meeting may have a detrimental effect on the bargaining or litigation position of the public body and the chair so declares – to present and finalize the terms of the settlement agreement between the Commission and the Service Employees International Union (SEIU) relating to a complaint filed under the now expired Collective Bargaining Agreement.

Recommendation: Withhold.

Reasoning: The Commission will soon engage in discussions with a labor organization. Release of the minutes could have a detrimental effect on the Commission's collective bargaining position in the potential discussions by revealing strategies used to resolve a dispute arising out of a collective bargaining agreement.

- **October 8, 2020.** The Commission entered executive session under Purpose 7 – to comply with, or act under the authority of, any general or special law or federal grant-in-aid requirements – to discuss Cannatech Medicinals and documents subject to the Protective Order.

Recommendation: **Withhold.**

Reasoning: The Protective Order is still in effect, and therefore the documents subject to it, and discussions pertaining thereto, still require heightened confidentiality.

- **November 19, 2020.** The Commission entered executive session primarily under Purpose 7 – to comply with, or act under the authority of, any general or special law or federal grant-in-aid requirements – to discuss Nature’s Medicine, Agricultural Healing, and Northeast Alternatives, Inc. and documents related to each that are subject to the Protective Order. The Commission also cited Purpose 3 – to discuss strategy with respect to litigation if an open meeting may have a detrimental effect on the litigating position – given two of the entities listed above were also parties to litigation with the Commission and to discuss whether the Commission should file an amicus brief in the matter of *Mederi Inc. v. City of Salem*.

Recommendation: **Withhold.**

Reasoning: The Protective Order is still in effect, therefore the documents subject to it, and discussions pertaining thereto, still require heightened confidentiality and the discussions with respect to the *Mederi* matter can continue to be withheld in accordance with the Open Meeting Law.
