Host Community Agreement Certification Form

Instructions

Certification of a host community agreement is a requirement of the application to become a Marijuana Establishment (ME) and Medical Marijuana Treatment Center (MTC). Applicants must complete items 1-3. The contracting authority for the municipality must complete items 4-8. Failure to complete a section will result in the application not being deemed complete. This form should be completed and uploaded into your application. Please note that submission of information that is “misleading, incorrect, false, or fraudulent” is grounds for denial of an application for a license pursuant to 935 CMR 500.400(2) and 501.400(2).

Certification

The parties listed below do certify that the applicant and municipality have executed a host community agreement on the specified date below pursuant to G.L. c. 94G § 3(d):

1. Name of applicant:

2. Name of applicant’s authorized representative:

3. Signature of applicant’s authorized representative:

4. Name of municipality:

5. Name of municipality’s contracting authority or authorized representative:

6. Signature of municipality's contracting authority or authorized representative:

7. Email address of contracting authority or authorized representative of the municipality (*this email address may be used to send municipal notices pursuant to 935 CMR 500.102(1) and 501.102(1).*):

8. Host community agreement execution date:

Plan to Positively Impact Disproportionately Harmed People

Overview:

Haze of Grafton, LLC (“Haze of Grafton” or the “Company”) is committed to serving and supporting populations and communities falling within Areas of Disproportionate Impact (ADI) in the City of Worcester. The Company has created the following Plan to Positively Impact Areas of Disproportionate Impact (the “Plan”) to establish specific goals and programs for carrying out this commitment.

Goal 1: Creating a brand incubator program named "Social Empowerment Collective" to foster entrepreneurship and economic empowerment. By helping Social Equity and Economic Empowerment designated individuals launch a cannabis product brand.

Programs:

1. Conduct workshops on essential business skills, cannabis industry knowledge, and sustainable entrepreneurship practices as part of the Brand Incubator Program - “Social Empowerment Collective”. Commit to launching 2 brands per year and contributing 100 hours of resources and time to each brand at no cost.
2. Connect entrepreneurs from underprivileged areas with experienced mentors in the cannabis industry for guidance, advice, and networking opportunities, integrated into the Brand Incubator Program.

Measurements:

1. Track the number of successfully incubated brands within the Social Empowerment Collective.
2. Evaluate the economic impact of businesses in terms of revenue generated.

Goal 2: Priority hiring of individuals from Commission-designated ADI in the City of Worcester (Census Tracts 7302, 7305, 7310.02, 7312.03, 7312.04, 7313, 7314, 7315, 7317, 7318, 7323.02, 7324, 7327 and 7330) and Massachusetts residents with past drug convictions, with the specific goals of having:

- at least 25% of all employees at the Haze of Grafton, LLC be present or past residents of the Commission-designated Census Tracts in Worcester listed above;

Programs:

1. Implement training programs to equip employees from ADI areas and those with past drug convictions with the necessary skills for various roles within the cannabis industry.
2. Partner with reentry programs and organizations to create pathways for individuals with past drug convictions to reenter the workforce successfully.
3. Advertising employment opportunities in the Worcester Telegram & Gazette using advertisements that encourage past or present residents of ADI in the City of Worcester and Massachusetts residents with past drug convictions to apply.

Measurements:

1. Conducting, no less than annually, employment composition reviews to determine:
 - What percentage of employees at the Haze of Grafton, LLC live or have lived in a Commission Designated ADI in the City of Worcester (identified by voluntary employment questionnaires), and Haze of Grafton, LLC
 - What percentage of employees at the Haze of Grafton, LLC have past drug convictions (identified by voluntary employment questionnaires);
2. Retention Rates: Monitor the retention rates of employees from ADI areas and those with past drug convictions to ensure a supportive and inclusive work environment.
3. Employee Feedback: Collect feedback from employees to assess their satisfaction, engagement, and perceived impact of the company's hiring initiatives.

Haze of Grafton, LLC acknowledges, is aware, and will adhere to, the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment; and any actions taken, or programs instituted, will not violate the Commission's regulations with respect to limitations

on ownership or control or other applicable state laws. Finally, none of the actions taken or programs instituted by Haze of Grafton will violate the Commission's regulations with respect to limitations on ownership or control or any other applicable state laws.

ARTICLE I — NAME AND PURPOSE

Section 1 — Name: The name of the organization shall be **Haze of Grafton, LLC d/b/a Simplicity Dispensary**. It shall be a for-profit organization incorporated under the laws of the State of Massachusetts

Section 2 — Purpose: **Haze of Grafton, LLC** is organized exclusively for marijuana retail and wholesale operations.

The purpose of this corporation is:

- To sell legally acquired marijuana products and the manufacturing of marijuana products.

ARTICLE II — MEMBERSHIP

Section 1 — Membership: Membership shall consist of the board of directors.

ARTICLE III — BOARD OF DIRECTORS

Section 1 — Board role, size, and compensation: The board is responsible for overall policy and direction of the association, and delegates responsibility of day-to-day operations to the staff and committees. **The board shall have up to 5, but not fewer than 1 member.** The board receives compensation other than reasonable expenses. Currently the board consists of the company's sole owner Colonel Boothe.

Section 2 — Terms: All board members shall serve two-year terms, but are eligible for re-election for up to five consecutive terms.

Section 3 — Meetings and notice: The board shall meet at least yearly, at an agreed upon time and place. An official board meeting requires that each board member have written notice at least two weeks in advance.

Section 4 — Board elections: During the last quarter of each fiscal year of the corporation, the board of directors shall elect Directors to replace those whose terms will expire at the end of the fiscal year. This election shall take place during a regular meeting of the directors, called in accordance with the provisions of this operating agreement.

Section 5 — Election procedures: New directors shall be elected by a majority of directors present at such a meeting, provided there is a quorum present. Directors so elected shall serve a term beginning on the first day of the next fiscal year.

Section 6 — Quorum: A quorum must be attended by at least forty percent of board members for business transactions to take place and motions to pass.

Section 7 — Officers and Duties: There shall be four officers of the board, consisting of a chair, vice-chair, secretary and treasurer.

Their duties are as follows:

The chair shall convene regularly scheduled board meetings, shall preside or arrange for other members of the Executive Committee to preside at each meeting in the following order: vice-chair, secretary, treasurer.

The vice-chair shall chair committees on special subjects as designated by the board.

The secretary shall be responsible for keeping records of board actions, including overseeing the taking of minutes at all board meetings, sending out meeting announcements, distributing copies of minutes and the agenda to each board member, and assuring that corporate records are maintained.

The treasurer shall make a report at each board meeting. The treasurer shall chair the finance committee, assist in the preparation of the budget, help develop fundraising plans, and make financial information available to board members and the public.

Section 8 — Vacancies: When a vacancy on the board exists mid-term, the secretary must receive nominations for new members from present board members two weeks in advance of a board meeting. These nominations shall be sent out to board members with the regular board meeting announcement, to be voted upon at the next board meeting. These vacancies will be filled only to the end of the particular board member's term.

Section 9 — Resignation, termination, and absences: Resignation from the board must be in writing and received by the secretary. A board member shall be terminated from the board due to excess absences, more than two unexcused absences from board meetings in a year. A board member may be removed for other reasons by a three-fourths vote of the remaining directors.

Section 10 — Special meetings: Special meetings of the board shall be called upon the request of the chair, or one-third of the board. Notices of special meetings shall be

sent out by the secretary to each board member at least two weeks in advance.

ARTICLE IV — COMMITTEES

Section 1 — Committee formation: The board may create committees as needed. The board Chair appoints all committee chairs.

Section 2 — Executive Committee: The officers serve as the members of the Executive Committee. Except for the power to amend the articles of incorporation and operating agreement, the Executive Committee shall have all the powers and authority of the board of directors in the intervals between meetings of the board of directors, and is subject to the direction and control of the full board.

Section 3 — Finance Committee: The treasurer is the chair of the Finance Committee, which includes three other board members. The Finance Committee is responsible for developing and reviewing fiscal procedures, fundraising plan, and annual budget with staff and other board members. The board must approve the budget and all expenditures must be within budget. Any major change in the budget must be approved by the board or the Executive Committee. The fiscal year shall be the calendar year. Annual reports are required to be submitted to the board showing income, expenditures, and pending income. The financial records of the organization are public information and shall be made available to board members and the public.

ARTICLE V — DIRECTOR AND STAFF

Section 1 — Executive Director: The executive director has day-to-day responsibilities for the organization, including carrying out the organization's goals and policies. The executive director will attend all board meetings, report on the progress of the organization, answer questions of the board members and carry out the duties described in the job description. The board can designate other duties as necessary.

ARTICLE VI — AMENDMENTS

Section 1 — Amendments: This operating agreement may be amended when necessary by two-thirds majority of the board of directors. Proposed amendments must be submitted to the secretary to be sent out with regular board announcements.

1.4 Keeping it Simple with our goals and vision

Simplicity Dispensary's goals include:

- Serving customers 21 years of age or older with a wide variety of high quality laboratory-tested cannabis and derivatives;
- Assisting the town of Grafton in offsetting the cost of Simplicity Dispensary's operations within its community by paying a 3% of revenue fee directly to the city;
- Hiring employees and contractors from local and city communities
- Hiring a diverse staff
- To provide a dispensary and manufactured products that caters to all peoples by showing compassion and acceptance of differences

- Providing customers with products that are based on desired effects (“Create”, “Dream”, “Chill”) opposed to confusing strain names:

II. Company Overview

2.1 Structure

Haze of Grafton, LLC d/b/a Simplicity Dispensary is a Massachusetts limited liability company which will be applying for a license from the Massachusetts Cannabis Control Commission (the “Commission”) to operate a Marijuana retail dispensary, cultivation and marijuana product manufacturing facility in the Commonwealth.

Haze of Grafton, LLC is majority owned by Colonel Boothe.

Colonel Boothe is a cannabis veteran who has been an advocate for minority inclusion in the Massachusetts cannabis industry.

Colonel Boothe

A seasoned entrepreneur Colonel Boothe has owned a variety of businesses such as restaurants, real estate development and as of recently has opened one of the eco-friendliest cannabis facilities in Massachusetts. Colonel is the co-founder and former Cultivation Director of Holistic Health Group Inc., a vertically integrated Massachusetts medical and adult use cannabis company. Colonel has helped design and manage their 34,000 sqft cannabis facility which includes greenhouse cultivation, hydrocarbon extraction, edibles manufacturing and retail sales all in one building.

www.simplicitydispensary.com

2.2 Operations

Simplicity Dispensary will be located in the plaza at 135 Westboro rd, North Grafton, MA (“Grafton” or the “Town”) and has leased four units that will be renovated and retrofitted for a Marijuana Establishment (the Dispensary, Manufacturing, Cultivation, “Facility”). Upon completion, the Facility will blend in with the aesthetic of the Grafton community and set the standard of what a community focused Marijuana Establishment should be.

The Facility's prior use was a retail store and restaurant, overall, the property in which the Facility is located is in good condition albeit some interior/exterior upgrades are desperately needed. The Facility's exterior renovation will include porch, siding, electrical, plumbing, HVAC and patio upgrades. Parking lot refinishing, replacing old windows, painting the building, adding security cameras and retrofitting the existing structure to meet Simplicity Dispensary's needs for an adult use Marijuana Establishment. Upon completion of the renovations, the marijuana facility will encompass a total of approximately 5,500 square feet including a secure loading and unloading parking lot in the back of the building.

Simplicity Dispensary will establish inventory controls and procedures for reviewing comprehensive inventories of marijuana products; conduct a monthly inventory of stored marijuana; conduct a comprehensive annual inventory at least once every year after the date of the previous comprehensive inventory; and promptly transcribe inventories if taken by use of an oral recording device.

No marijuana product, including marijuana flower, will be sold or otherwise marketed that is not tested by Independent Testing Laboratories.

Simplicity Dispensary will maintain records which will be available for inspection by the Commission upon request. The records will be maintained in accordance with generally accepted accounting principles. Records will be maintained for at least 12 months.

Simplicity Dispensary will obtain and maintain general liability insurance coverage for no less than \$1,000,000 per occurrence and \$2,000,000 in aggregate, annually, and product liability insurance coverage for no less than \$1,000,000 per occurrence and

\$2,000,000 in aggregate, annually, except as provided in 935 CMR 500.105(10)(b) or otherwise approved by the Commission.

Simplicity Dispensary will provide adequate lighting, ventilation, temperature, humidity, space, and equipment, in accordance with applicable provisions of 935 CMR 500.105 and 500.110.

All recyclables and waste, including organic waste composed of or containing finished marijuana and marijuana products, will be stored, secured, and managed in accordance with applicable state and local statutes, ordinances, and regulations. Organic material, recyclable material, solid waste, and liquid waste containing marijuana or by-products of marijuana processing will be disposed of in compliance with all applicable state and federal requirements.

Simplicity Dispensary will demonstrate consideration of the factors for Energy Efficiency and Conservation outlined in 935 CMR 500.105(15) as part of its operating plan and application for licensure primarily by utilizing LED lighting when possible.

Prior to commencing operations, Simplicity Dispensary will provide proof of having an escrow account with funds amount equal to its licensure fee payable to the Marijuana Regulation Fund. The account will ensure payment of the cost incurred for the destruction of cannabis goods necessitated by a violation of any 935 CMR 500.000 regulation or the cessation of operation of Simplicity Dispensary.

Simplicity Dispensary and Simplicity Dispensary agents will comply with all local rules, regulations, ordinances, and bylaws.

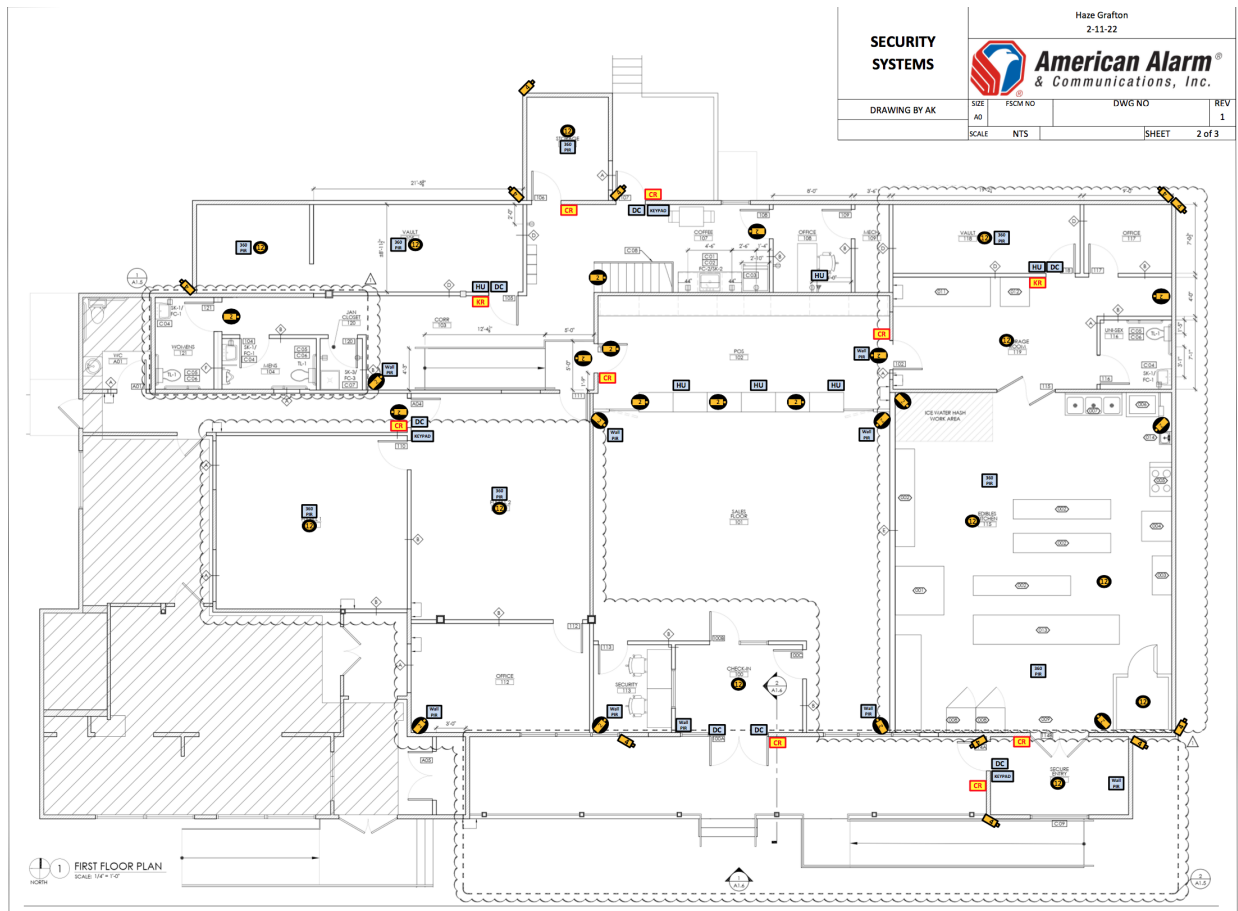

2.3 Security

One of the primary benefits of the Simplicity Dispensary is the parking lot around the building. This will allow us to safely load product into the facility and provides us with an area to store cannabis waste.

Simplicity Dispensary will contract with an alarm company to design, implement, and monitor a comprehensive security plan to ensure that the facility is a safe and secure environment for employees and the local community.

Simplicity Dispensary's state-of-the-art security system will consist of perimeter windows, as well as duress, panic, and holdup alarms connected to local law enforcement for efficient notification and response in the event of a security threat. The system will also include a failure notification system that will immediately alert the executive management team if a system failure occurs.

For reference:

A redundant alarm system will be installed to ensure that active alarms remain operational if the primary system is compromised.

Interior and exterior HD video surveillance of all areas that contain marijuana, entrances, exits, and parking lots will be operational 24/7 and available to the Grafton Police Department. These surveillance cameras will remain operational even in the event of a power outage since they will be equipped with battery backups.

The exterior of the dispensary and surrounding area will be sufficiently lit, and foliage will be minimized to ensure clear visibility of the area at all times.

Only Simplicity Dispensary's registered agents and other authorized visitors (e.g. contractors, vendors) will be allowed access to the Facility, and a visitor log will be maintained in perpetuity.

All agents and visitors will be required to visibly display a visitor's ID badge / sticker, and Simplicity Dispensary will maintain a current list of individuals with access.

On-site consumption of marijuana by Simplicity Dispensary's employees and visitors will be prohibited.

Simplicity Dispensary will have security personnel on-site during business hours to check identification prior to allowing customers on the sales floor.

2.4 Benefits to the community at large

Simplicity Dispensary looks forward to working cooperatively with the Grafton leadership to ensure that Simplicity Dispensary operates as a responsible, contributing member of the community. Simplicity Dispensary anticipates establishing a mutually beneficial relationship with the town in exchange for permitting Simplicity Dispensary to site and operate a Marijuana Establishment in Grafton.

The City stands to benefit in various ways, including but not limited to the following:

Jobs:

Simplicity Dispensary will add approximately 15 full-time jobs, in addition to hiring qualified, local contractors and vendors. Entry level jobs will start around \$20 per hour.

Monetary Benefits:

A Host Community Agreement with significant monetary donations will provide the City with additional financial benefits beyond local property taxes.

Access to Quality Product:

Simplicity Dispensary will allow qualified consumers in the local community to have access to high quality marijuana and marijuana products that are tested for cannabinoid content and contaminants

Compliance:

In addition to the Cannabis Control Commission, the Grafton Police Department and other municipal departments will have oversight over Simplicity Dispensary's security systems and processes.

Responsibility:

Simplicity Dispensary is comprised of experienced professionals who will be thoroughly background checked by the Cannabis Control Commission.

2.5 Zoning

The address for the dispensary is 135 Westboro rd, North Grafton, MA 01536. The retail Marijuana Establishment complies with all Grafton's zoning requirements.

Additionally, in accordance with the Grafton’s Zoning Ordinances the retail Marijuana Dispensary is not located within 500 feet of a public or private school providing education in kindergarten or any of grades 1 through 12.

2.6 Sales Forecast

Simplicity Dispensary will pay the Town Grafton a Community Impact Fee of 3% of all gross sales. Sales estimates are the following:

III. MARKET OVERVIEW

3.1 Industry

Following the first legal adult-use sales in Massachusetts in November 2018, the Commission has continued to approve new retail shops across the state on a rolling basis. In Massachusetts, adult use retail sales are expected to reach \$1.4 billion by 2025, according to New Frontier Data and BDSA.

3.2 Proposed Customers

Simplicity Dispensary will only sell marijuana and marijuana products to customers ages 21 years and older that provide a valid identification and individuals. Simplicity Dispensary's intended customers are residents of Grafton and the neighboring municipalities along with folks traveling through the Westboro rd neighborhood.

3.3 Competition

Simplicity Dispensary's competition will primarily include the operational retail Marijuana Establishments that are located throughout the Grafton area. Additional competition will come from the retail Marijuana Establishments in Shrewsbury.

3.4 Competitive Advantage

Simplicity Dispensary is cognizant that the adult-use retail marijuana industry in Massachusetts is highly competitive. To compete in this highly competitive industry, Simplicity Dispensary has assembled a team with experience in the retail, business, healthcare, real estate and distribution industries.

Simplicity Dispensary's team also has deep roots to the Town of Grafton and the surrounding communities that will help attract customers to Simplicity Dispensary's retail Marijuana Establishment and provide a sense of comfort to neighboring businesses and abutters. Furthermore, the proposed interior and exterior design of Simplicity Dispensary's facility will create a safe and welcoming environment for its customers while contributing to the rejuvenation of the neighborhood and the Town. Ultimately, this combination of factors will help separate Simplicity Dispensary from its competition and contribute to the success of its business.

3.5 Regulations

Simplicity Dispensary intends to operate as a retail Marijuana Establishment, consistent with the objectives of 935 CMR 500.000.

Haze of Grafton d/b/a Simplicity Dispensary is registered to do business in the Commonwealth of Massachusetts as a limited liability company. Simplicity Dispensary will maintain the limited liability company in good standing with the Massachusetts Secretary of the Commonwealth and the Department of Revenue.

Simplicity Dispensary will apply for all state and local permits and approvals required to renovate and operate the Facility as a retail Marijuana Establishment.

Simplicity Dispensary will also work cooperatively with various municipal departments to ensure that the Facility complies with all state and local codes, rules and regulations with respect to design, renovation, operation, and security.

IV. MARKETING AND SALES

4.1 Customer connection strategy

Simplicity Dispensary's plan to grow the company includes:

- Strong and consistent branding;
- Intelligent, targeted, and compliant marketing programs;
- A valuable loyalty program;
- A diverse and knowledgeable staff made of passionate professionals.

4.2 Communication

Simplicity Dispensary will engage in reasonable marketing, advertising, and branding practices that do not jeopardize the public health, welfare, or safety of the general public, or promote the diversion of marijuana or marijuana use in individuals younger than 21 years old. Any such marketing, advertising, and branding created for viewing by the public will include the statement: "Please Consume Responsibly," in a conspicuous manner on the face of the advertisement and will include a minimum of two of the warnings, pursuant to 935 CMR 500.105(4)(a), in their entirety in a conspicuous manner on the advertisement. Where possible the marketing and branding materials will be in multiple languages.

All marketing, advertising, and branding produced by or on behalf of Simplicity Dispensary will include the following warning, including capitalization, in accordance with CCC regulations:: "This product has not been analyzed or approved by the Food and Drug Administration (FDA). There is limited information on the side effects of using this product, and there may be associated health risks. Marijuana use during pregnancy

and breast-feeding may pose potential harms. It is against the law to drive or operate machinery when under the influence of this product. KEEP THIS PRODUCT AWAY FROM CHILDREN. There may be health risks associated with consumption of this product. Marijuana can impair concentration, coordination, and judgment. The impairment effects of edible marijuana may be delayed by two hours or more. In case of accidental ingestion, contact police via 9-1-1. This product may be illegal outside of MA.”

Simplicity Dispensary will seek to advertise at events only where 85% or more of the audience is reasonably expected to be 21 years of age or older, as determined by reliable, current audience composition data. At these events, Simplicity Dispensary will market its products and services to reach a wide range of qualified consumers.

Once finalized, Simplicity Dispensary will communicate with customers through:

- A company run website;
- A video blog;
- Popular cannabis social networks such as iHeartJane, WeedMaps and Leafly;
- Popular social media platforms such as Instagram, Facebook, Twitter, and TikTok;
- Opt-in direct communications.

Simplicity Dispensary will provide a catalog and a printed list of the prices and strains of marijuana available to consumers and will post the same catalog and list on its website and in the retail store.

4.3 Sales

Simplicity Dispensary intends to sell its product and service by engaging customers with knowledgeable in-store personnel.

Simplicity Dispensary will ensure that all marijuana products that are provided for sale to consumers are sold in tamper / child-resistant packaging, or a child resistant exit bag.

Packaging for marijuana products sold or displayed for consumers, including any label or imprint affixed to any packaging containing marijuana products or any exit packages, will not be attractive to minors.

Packaging for marijuana products sold or displayed for consumers in multiple servings will allow a consumer to easily perform the division into single servings and include the following statement on the exterior of the package that states: "INCLUDES MULTIPLE SERVINGS."

Each single serving of an edible marijuana product contained in a multiple-serving package will be marked, stamped, or otherwise imprinted with the symbol issued by the Commission under 935 CMR 500.105(5) that indicates that the single serving is a marijuana product. At no point will an individual serving size of any marijuana product contain more than five (5) milligrams of delta-nine tetrahydrocannabinol.

Quality Control & Product Testing Policy

General

Any member of staff required to come into contact with marijuana or marijuana products will be trained to the same standards as food handlers as stated under 105 CMR 300.000: Reportable Diseases, Surveillance, and Isolation and Quarantine Requirements.

Hygiene

Haze of Grafton, LLC understands the need for the highest standards of hygiene and will comply with the CCC regulation 935 CMR 500.105 (3) General Operational Requirements for Marijuana Establishments - Requirements for the handling of marijuana and 105 CMR 590.000 in accordance with the following plan.

Personal

All members of staff, whether in direct contact with marijuana and marijuana products, or not, will be expected to maintain adequate personal cleanliness including washing hands thoroughly in the hand-washing facilities provided before starting work, and at any time when hands may have become soiled or contaminated. Our numerous hand-washing facilities are conveniently placed and offer running water at a suitable temperature. Hand-drying amenities are available at all hand-washing facilities.

Haze of Grafton, LLC facility is equipped with readily accessible staff toilets that are maintained in a sanitary condition and in good repair.

In the facility

Cleaning and maintenance of the facility, your workspace, the office, bathrooms and storage areas is the responsibility of the team as a whole. Cleaning tasks will be assigned to individuals on a rota basis by the facility managers. The correct performance of these tasks will ensure that the building, fixtures and other physical facilities are maintained in a sanitary condition.

The cleaning products and equipment necessary to maintain standards of cleanliness and sanitation are safely stored in their own area. All toxic products shall be identified and stored in a manner that prevents them from contaminating any marijuana or marijuana products.

To prevent unpleasant odors and avoid attracting unwanted pests it is essential that litter and waste are removed and disposed of correctly. All staff will receive training in the required protocols for the correct manner of disposing of waste pursuant to 935 CMR 500.105 (12). Our countertops, furnishings, contact surfaces, tools and equipment have all been designed or selected for the ease with which they may be kept clean and sanitized. All shall be cleaned as frequently as is necessary to protect against contamination. All shall be cleaned using an EPA-approved sanitizing product in accordance with the instructions on the label.

Storage and handling

While all products handled in Haze of Grafton, LLC facility will be stored in compliance with state regulations as outlined in 935 CMR 500.150 (2), (3), and (11) All staff that are required to handle edible marijuana products whether during manufacture, storage, or shipping, shall receive training in Food Handling pursuant to 105 CMR 590.000.

Infrastructure

Haze of Grafton, LLC facility has access to the public water supply that provides an abundant source of safe, potable water capable of meeting and exceeding the Haze of Grafton's needs. Our plumbing infrastructure is adequately installed and maintained to carry sufficient quantities of water to required locations throughout the Haze of Grafton. Our sewage system is fully capable of conveying sewage and liquid disposable waste from our establishment. The water supply and sewage systems are entirely separate and independent of each other.

Transportation to and from our facility

It is essential that the storage and transportation of marijuana and marijuana products is conducted in a manner that ensures these items and their packaging are protected from physical, chemical, and microbial contamination.

Products are generally delivered to our facility by vehicles belonging to either a licensed cultivator, manufacturer, or third-party transporter in temperature-controlled vehicles that are, pursuant to 21 CFR 1.908(c), specifically designed, maintained, and equipped to provide an ambient temperature and environment to ensure the safe transportation of marijuana and marijuana products.

All staff engaged in the shipping and receiving of goods must remain alert to the sanitation and hygiene standards of these vehicles and must report any concerns or misgivings to their supervisor. Particular attention should be paid to whether the vehicle and cargo area are in an appropriate sanitary condition for the transportation of food; free of visible pest infestation or any previous cargo that could cause the product to become unsafe during transportation.

Inspection

Inspections are generally conducted prior to the initial issue of a license or at the time of renewal. However, additional inspections may be made whenever the Commission deems it necessary for legal, statutory, or regulatory enforcement. We are licensed to conduct business as a Marijuana Establishment. A condition of this license is that we provide consent to the Cannabis Control Commission or its agents to inspect all areas of our facility (including company vehicles), all marijuana establishment agents and activities, and all records.

The administrative side of our company will be conducted in a manner that allows for the efficient and timely presentation of any required document at the Commission's convenience.

These records may include, but are not limited to the following:

- Documentation of compliance with the testing requirements of 935 CMR 500.160

Prior to Marijuana or Marijuana Product being sold at Haze of Grafton, the company will submit an application for packaging and label approval to the Commission. An application for pre approval may be submitted at any time prior to Marijuana or Marijuana Product being sold or at any time a substantive change is made to the packaging or labeling of Marijuana or Marijuana Product. The Commission shall charge a fee for packaging and labeling pre approval pursuant to 935 CMR 501.005.

(a) Packaging and labeling pre approval review shall be limited to the physical attributes of, and statutorily required warnings on, the packaging and label, including but not limited to legibility, but may not include a review of specific Independent Testing Laboratory test results required pursuant to 935 CMR 501.105(5). The packaging and labeling pre approval process shall be in addition to the requirements of 935 CMR 501.105(5) and (6).

(b) In addition to an application for packaging and labeling preapproval in a form and manner determined by the Commission, an applicant for pre approval shall submit electronic files of the following to the Commission:

1. For packaging pre-approval, two images of the packaging, one depicting the front of the packaging and one depicting the back of the packaging. Photographs shall be electronic files in a JPEG format with a minimum photo resolution of 640 x 480 and print resolution of 300 DPI. Photographs shall be against a white background.

2. For labeling pre-approval, one image of each label is requested for review. Photographs shall be electronic files in a JPEG format with a minimum photo resolution of 640 x 480 and print resolution of 300 DPI. Photographs shall be against a white background.

(c) The Commission shall make every effort to make a pre-approval determination based on information submitted. In the event that a pre-approval determination is unable to be made conclusively based on submitted photographs, the Commission may request to view the packaging or label in person or through a video conference. Any such request by the Commission shall be made to the applicant electronically or in writing.

Quality Assurance Procedure:

1. Quality Assurance/Quality Control Sampling

a. To ensure that the items are filled within acceptable error some of the items are inspected. To determine how many items need to be inspected in the lot, the square root of the total number of products plus one or $(\sqrt{n})+1$ is used where n represents the total lot of items. For example if there are 100 items in the lot then $(\sqrt{(100)})+1 = 11$ items to be inspected.

2. Product Inspection

a. Products should be inspected for weight of total package, visual defects, correct labeling, and correct location. Data should be recorded in QA/QC chart with the respective lot number or identifying information.

Testing of Marijuana and Marijuana Products

Haze of Grafton, LLC will not sell or otherwise market marijuana or marijuana products that are not capable of being tested by Independent Testing Laboratories, except as allowed under 935 CMR 500.000.

No marijuana product will be sold or otherwise marketed for adult use that has not first been tested by an Independent Testing Laboratory and deemed to comply with the standards required under 935 CMR 500.160. Any Independent Testing Laboratory relied upon by Haze of Grafton, LLC for testing will be licensed or registered by the Commission and (i) currently and validly licensed under 935 CMR 500.101: Application Requirements, or formerly and validly registered by the Commission; (ii) accredited to ISO 17025:2017 or the most current International Organization for Standardization 17025 by a third-party accrediting body that is a signatory to the International Laboratory Accreditation Cooperation mutual recognition arrangement or that is otherwise approved by the Commission; (iii) independent financially from any Medical Marijuana Treatment Center, Marijuana Establishment or Licensee; and (iv) qualified to test marijuana and marijuana products, including marijuana-infused products, in compliance with M.G.L. c. 94C, § 34; M.G.L. c. 94G, § 15; 935 CMR 500.000: Adult Use of Marijuana; 935 CMR 501.000: Medical Use of Marijuana; and Commission protocol(s). Testing of Haze of Grafton, LLC marijuana products will be performed by an Independent Testing Laboratory in compliance with a protocol(s) established in accordance with M.G.L. c. 94G, § 15 and in a form and manner determined by the Commission, including but not limited to, the Protocol for Sampling and Analysis of Finished Medical Marijuana Products and Marijuana-infused Products. Testing of Haze of Grafton, LLC environmental media will be performed in compliance with the Protocol for Sampling and Analysis of Environmental Media for Massachusetts Registered Medical Marijuana Dispensaries published by the Commission.

Haze of Grafton will not sell or otherwise market for adult use any Marijuana Product that is not capable of being tested by Independent Testing Laboratories, except as allowed under 935 CMR 500.000. The product must be deemed to comply with the standards required under 935 CMR 500.160 Required testing includes:

1. Cannabinoid Profile
2. Contaminants as specified by the CCC including, but not limited to:
 - a. Mold
 - b. Mildew
 - c. Heavy metals
 - d. Plant-Growth Regulators and Pesticides
 - e. Bacteria
 - f. Fungi
 - g. Mycotoxins.

Haze of Grafton will maintain the results of all testing for no less than one year.

Haze of Grafton will arrange for testing to be conducted in accordance with the frequency required by the CCC. If a batch of marijuana fails a quality assurance independent lab test, it will be quarantined and stored away from other products and the CCC will be notified within 72 hours of these results. Haze of Grafton will submit to the CCC upon their request, any information regarding contamination. The batch will be retested, remediated or destroyed as determined by Management.

Marijuana Infused Products

Marijuana infused products (MIPs) should be ground and thoroughly mixed, if possible, to be homogenized. A grinding device that minimizes loss will be used. The grinding device must be cleaned thoroughly after each use.

Employees should use the following steps to ensure all protocols are met:

- The sample will be collected using clean, stainless steel tools (or tools made from another inert material) and placed in an appropriate sample container made of suitable materials.

The minimum representative sample (as determined by the independent testing laboratory) is 4.0 grams or one product serving. The number of samples will be determined based on size the of production batch:

- Three samples from production batches less than equal to 1 kg
- Five samples from production batches greater than or equal to 1 kg and less than 5 kg
- Ten samples from production batches greater than or equal to 5 kg

MIP Testing

Production batches of concentrate that are designated for MIP production will be transferred from the Laboratory Department to the Kitchen Department after receiving the passing test results described above. Finished MIPs will then be subjected to testing for bacteria/fungi/mycotoxin and cannabinoid testing. Production batches will be discarded and not dispensed to purchasers if any biological contaminant limit is exceeded.

Policy for Responding to Laboratory Results that Indicate Contaminant Levels are Above Acceptable Limits

If a laboratory test result indicates that a Haze of Grafton's marijuana product sample has contaminant levels above the acceptable limits established in the CCC protocols identified in 935 CMR 500.160(1) Haze of Grafton will:

1. Immediately segregate the production batch and evaluate next steps.

The management team and CEO will determine whether to:

- i. Retest the Production Batch
- ii. Remediate the Production Batch
- iii. Dispose of Production Batch

2. If the test result indicates a contaminant level for Pesticides that are above the acceptable limits the Production Batch will be immediately disposed of.

3. If it is determined that the Production Batch cannot be remediated, it will be disposed of.

4. In the case of disposal under 1 and 2 above the Haze of Grafton's management team or CEO will:

- a. Notify the Commission within 72 hours of the laboratory testing results indicating that the contamination cannot be remediated.

- b. The notification to the Commission will describe the proposed plan of action for both the destruction of the contaminated product and the assessment of the source of contamination.

5. In the case of any test result that indicates that a Haze of Grafton marijuana product samples have contaminant levels above the acceptable limits, the management team and CEO will conduct an assessment of the source of the contamination.

- a. This extensive assessment will include investigating all possible sources of contamination including source products and ingredients, environmental conditions and employee factors.

b. The assessment should include a corrective action plan and be shared as a training tool with all production and processing agents.

Personnel policies including background checks

The Haze of Grafton Staffing and Training Plan (Training Plan in development) details the processes the Human Resource Manager will use to manage human resources in order to provide the highest quality service and education to customers while acting in compliance with CCC regulations. The Human Resource Manager is assigned responsibility for maintaining and updating the Plan, which will ensure that Haze of Grafton has sufficient staff possessing the correct skill-sets and experience needed to ensure the success of all operations.

Haze of Grafton encourages personal growth, development and empowerment for its employees. All employees are encouraged to provide input and suggest new policies and processes.

CONFIDENTIAL DATA STORAGE

Employee data will be stored in Microsoft Azure via Office 365's SharePoint document management system or a similar competing product. Data will be stored within the Microsoft cloud and is secured with HIPPA compliant security protocols.

All employee data will be entered directly into Office 365 through an internet browser using Secure Socket Layer (“SSL”) connections. All SSL connections are established using 2048-bit keys.

Once data has reached Office 365 it will be encrypted with BitLocker which uses Advanced Encryption Standard with 256-bit keys.

FAIR EMPLOYMENT PRACTICES POLICY

Haze of Grafton is committed to providing all employees with a safe, healthy and economically beneficial working environment. Workplace safety and environmental standards are of utmost concern to Haze of Grafton, as the welfare of our employees greatly impacts our ability to operate successfully.

Fair employment practices, including the prohibition against all forms of illegal discrimination, will be prioritized and enforced at all times through Haze of Grafton codes of conduct. All Haze of Grafton employees will receive access to generous benefits packages and rates of compensation that exceed state minimum standards. By providing equal access and fair treatment to all employees we will improve the Haze of Grafton’s success while enhancing the progress of individuals and the community in which our business operates.

COMPENSATION STANDARDS AND TIME OFF

The standard Haze of Grafton workweek is 40 hours of work. Overtime compensation is paid to non-exempt employees in accordance with federal and state wage and hour restrictions. Overtime is payable for all hours worked over 40 per week at a rate of one and one-half times the non-exempt employee's regular hourly rate.

Each employee’s hourly wage or annual salary will be reviewed at least once each year. Increases will be determined by the ability of the Haze of Grafton to financially support them on the basis of performance, adherence to laws, Haze of Grafton policies and procedures and the ability of employees to meet or exceed duties per job description and achieve performance goals.

Haze of Grafton will provide all employees with competitive wages based upon position and tenure. Standard Haze of Grafton wages range from \$18/hour to \$125k+ annually. By providing our employees with adequate compensation, we reinforce our commitment to investing in the progress of individuals and the establishment of a highly capable and experienced team. It is a goal of Haze of Grafton to establish long-term employment opportunities for all employees.

Haze of Grafton will offer its regular full-time employees paid vacation after 4 months of employment. The terms could change as we grow but initially they will receive two weeks of paid vacation and after three years of service they will receive three weeks of paid vacation days that accrue over a soon to be determined schedule.

Additionally, Haze of Grafton will provide unpaid leave opportunities for all employees to care for the employee's child after birth or placement for adoption or foster care, to care for the employee's spouse, son, daughter or parent, who has a serious health condition, for a serious health condition that makes the employee unable to perform the employee's job and for a qualifying exigency or military caregiver leave.

BENEFITS

Haze of Grafton is committed to providing a generous employee benefit program for all employees and agents. All Haze of Grafton employees will eventually have the opportunity to participate in a 401(k) plans and other types of retirement programs with a Haze of Grafton funds match. Employees will also be presented with access to competitive health insurance programs and/or a health savings account (HSA) program for their entire family. 125 Flexible Spending Accounts will be established for participating employees, allowing participants to set aside pre-tax dollars to pay for certain types of expenses.

Haze of Grafton will establish access to three plans:

(1) for medical expenses,

(2) for dependent care expenses and

(3) for certain commuting expenses.

Haze of Grafton will additionally provide employees with options for participating in long-term and short-term dental and vision coverage, disability insurance and life insurance programs.

Additionally, Haze of Grafton will establish an educational scholarship program for employees designed to reimburse certain educational expenses for programs that benefit employee progression in the Haze of Grafton.

Bonuses are variable, generally around 5% of an individual's total yearly salary but could exceed that if dispensary sales can support it. Additionally, all bonuses are at the discretion of the Chief Executive Officer, Chief Financial Officer and the Chief Operating Officer.

POTENTIAL EMPLOYEE SCREENING AND MONITORING

It is critical for the security of Haze of Grafton that only the most qualified, credible, talented and culturally diverse people are hired to help avoid workplace theft, fraud or violence.

It's equally important for the Haze of Grafton to conduct background screening on the contingent workers, including cleaning crews, facilities maintenance workers, auditors and other contractors who have access to the Haze of Grafton's property or represent the Haze of Grafton brand. Knowing the background of these workers is required to protect the integrity of the Haze of Grafton's organization, as well as the safety of customers. Therefore, this workforce needs to be screened with the same due diligence as any other employee.

To help attract, hire, land and retain the best employees Haze of Grafton has developed employment screening and monitoring processes to create a candidate experience that benefits potential employees and reduce Haze of Grafton's risk by utilizing a fast, scalable and compliant background screening solution. An efficient, thorough employment screening process can, above all else, help reduce the Haze of Grafton's overall workplace risk. Identifying risk early, prior to

hiring an employee, protects the organization from risk related to physical safety, financial security, organizational image or reputation and legal compliance.

COMPLIANCE

The Human Resources Manager will ensure compliance with local, state and federal laws regarding the hiring and employment screening processes. The most prominent legislation that Haze of Grafton must abide by is the Fair Credit Reporting Act (“FCRA”).

PRE-SCREENING POTENTIAL CANDIDATES

The Human Resources Manager will pre-screen candidates by stating clearly to potential applicants what items and prerequisites will be needed to properly qualify the employment application. This will streamline Haze of Grafton’s application process by having applicants review the information and then determine whether or not they meet the qualifications. This is part of the proactive pre-screening process that ensures applicants who submit their information will pre-qualify based on the specific information needed later in the process.

Haze of Grafton will integrate instant and automated employment screening products into the hiring process. Instant searches will be used to efficiently move forward in the hiring process by quickly confirming or validating basic information such as a Social Security number or name and address history. Automated searches will provide electronic delivery of process updates and results, eliminating time delays often associated with manual follow-up on important screening components such as employment or education verifications.

Criminal History

Haze of Grafton will screen candidates for criminal records to promote a safe, secure workplace by reducing employment-related risk linked to a criminal history. The following searches may be performed depending upon the type of position the candidate is seeking.

National Crime File Search

Some vendors can offer access to a nationwide database of criminal records gathered from across all 50 states. A variety of sources are utilized including Sex Offender Registries, state and county criminal courts and state-level departments of corrections. This search can provide instant results depending on the provider.

Felony and Misdemeanor Search

This county courthouse search includes a search of all felonies and misdemeanors on all indexes available at the main county seat court location.

Motor Vehicle Report

A Motor Vehicle Report (MVR) reveals the status of an applicant's driver's license and any violation history. This search should be conducted on all candidates who will have driving responsibility for Haze of Grafton.

VERIFICATION AND QUALIFICATION SOLUTIONS

The Human Resources Manager may potentially utilize the following solutions depending on the level of security required for the position.

Social Security Number Verification (SSNV) This search matches the input information against millions of consumer header credit files contained in the databases of nationwide credit reporting agencies. The SSNV returns other names and addresses associated with the identifying information used to request the report.

Credit Check

This search matches the candidate's information to information held by the Credit Bureaus and returns the candidate's credit report. *Employment and/or Education Verification* These two products are used to verify the information provided by the candidate.

Employment Eligibility

An employment eligibility verification service will be used to streamline the Form I-9 process. The Haze of Grafton will participate in the E-Verify program to confirm every new hire's employment eligibility by sending the information used to complete the I-9 through the Social Security Administration (SSA) and Department of Homeland Security (DHS) databases.

SUBSTANCE FREE WORKPLACE

Haze of Grafton will strive for maintaining a safe working environment. In order to keep employees and customers safe Haze of Grafton will have alcohol, smoke, and drug-free workplace policies in place pursuant to CCC regulation 935 CMR 500.105. Employees will be required to be sober while within the facility. Employees and managers will be required to immediately report any incidents involving alcohol, smoke and drugs to the Human Resources manager or CEO.

ADJUDICATION AND ALERTS

Haze of Grafton will provide a criminal records adjudication policy as part of the screening process. FCRA - mandated Adverse Action letters for candidates that fail to meet specific screening criteria set forth by the organization will be delivered to candidates.

MONITORING

A Monthly Compliance Exception Report is completed for the employment screening process. The report informs the Human Resources Manager which candidates have completed various parts of the screening process and which have not. The report also updates Haze of Grafton to which components are missing from a candidate's employment screening process.

The Human Resources Manager will cause all required criminal and drug screens to be updated every two years. All employees are required to notify Haze of Grafton whenever they have any encounter with law enforcement. The Human Resources Manager will determine if a Level 2 background screening should be performed upon the employee's notice. A post-accident drug

screening may be performed at the Human Resources Manager's discretion or if required for worker's compensation purposes.

STAKEHOLDER FEEDBACK

The Human Resources Manager in coordination with the Chief Operations Manager, and Chief Financial Officer will solicit and record feedback from customers, vendors, consultants, community members and groups, law enforcement and other interested parties about the competence of Haze of Grafton and our staff. Feedback requested from stakeholder should address the quality of interactions with employees, any changes in Haze of Grafton policies or procedures directly affecting the stakeholder and the effectiveness of the Haze of Grafton overall.

OBSERVATION AND PERFORMANCE REVIEW

To evaluate the effectiveness of training through observation of employee performance, these evaluations should consider employee's adoption of policies, procedures, concepts and attitudes presented in the training for new employees; level of improvement, drive or lack thereof toward improvement in the performance of veteran employees; adoption of the training topics in practice and how well they are working; department managers and trainer observations of employee attitudes, methods or competency and the level of discussion between employees and department managers regarding training topics presented on an ongoing basis.

STAFFING PLAN

The staffing plan will develop in three phases which are hiring, training and professional development. Hiring of employees will only be done according to established procedure when a position in the employment structure is open or management determines a new position should be created. The training will provide policies and procedures to be reviewed at length. Professional development practices will then supplement this initial training. The training and professional development will ensure that all Haze of Grafton staff grasp and comprehend the policies, procedures and relevant regulations to abide by for operations at the facility.

Company Founder Colonel Boothe has created a process where hiring managers will be given resumes that do not have the applicants name or address on them. This will assure that the hiring manager will not use the candidates name to determine their ethnicity or use the candidates address to make an assumption on their socioeconomic background. Haze of Grafton will make sure that the best candidates are hired in a process that eliminates racial and socioeconomic biases.

STAFF ACQUISITION PROCESS

1. Identification of need;
2. Job classification and job description preparation;
3. Solicitation of the vacant position utilizing the methods that best fit the position;
4. Reviewing resumes on qualified candidate;
5. Performing and recording reference checks on qualified candidates;
6. Scheduling first interviews with the Human Resources Manager;
7. Scheduling second interviews with strong candidate with the HR Manager and department hiring manager;
8. Delivery of an offer letter to the first choice candidate;
9. Performing criminal background check on selected candidate;
10. Send application to the state for registration with the CCC;
11. Completion of the probationary period.

The Staffing and Training Plan is based on business plan assumptions and best practices and may be adjusted in accordance with actual operating needs. It is our policy to ensure that all employees receive professional and appropriate training on compliance with regulatory agency regulations, the therapeutic use of cannabis, safety, security, incident management and diversion and theft prevention.

HIRING

Haze of Grafton's Human Resource Manager will coordinate with the COO and CFO to acquire all staff. The acquisition process may vary depending on the vacant position and special circumstances. The acquisition process will be managed by the Human Resource Manager and will always include: performing a criminal background check on the selected candidate to determine eligibility for CCC registration; application to CCC for registration; new hire orientation and training only upon successful registration; and completion of the probationary period.

All staff and Managers must comply with all **EEOC** guidelines when managing employee issues. None of our policies or practices discriminate based on or conflict with laws regarding the following: race; height and weight; credit rating or economic status; religious affiliation or beliefs; citizenship; marital status and number of children; gender; arrest and conviction; security/background checks for certain religious or ethnic groups; disability; medical questions and examinations. Positions will only be filled according to the established protocols:

Background Check

Any applicant who has submitted a complete application for employment will have a professional background check conducted. This investigation will be in addition to verification that the potential employee is or will soon be licensed as a cannabis employee and thus allowed to work in the facility. The investigation will be conducted to ensure the potential employee does not have any felony convictions which would bar them from employment. The investigation will also check for any crimes of moral turpitude, whether misdemeanor or felony. Any indication of past crimes of moral turpitude will be a bar to employment. Once the applicant is determined to have passed a background check, a first interview will be initiated.

In some instances the background check will be conducted after the applicant has conducted the 1st or 2nd interview.

1st Interview

The first interview will consist of a virtual or face to face meeting with the Manager of the department the applicant is interviewing for a position in. No more than 5 applicants will be selected for a first interview. The purpose of this interview will be to help determine any potential employee's: 1) level of knowledge regarding cannabis operations; 2) existing skill set relevant to the duties of the job offered; 3) their capacity to learn new skills and grasp concepts (specifically regulatory concepts); and 4) potential for deception as an employee. At least 2 references will be contacted and details of the interview confirmed. A solid background (or an appropriate level of education/experience pertaining to the position offered), a clean record and indication of honesty will be requisites for the second interview.

Final Interview

The final interview will be conducted by the executive team COO and CFO (or an alternate company executive). No more than two candidates will be selected for the final interview. The COO and CFO will ask a variety of questions intended to assess the applicant's ability to interact with others and work according to Haze of Grafton's policies. The final decision will be made by the COO and CFO with input from the Manager who conducted the first interview and the Assistant General Manager. For management positions, the General Manager will jointly conduct the final interview with the department manager retaining the final decision after consulting with managing members. All potential employees must go through the entire process.

TRAINING

All new hires will be required to go through a training period. Potential employees will be advised of all employment policies, the life cycle of cannabis and its growth process and the proper procedures to employ while performing their duties. Educational training will consist of presentations given by the department manager. The presentations will be supplemented with hands-on training to demonstrate the material included in the presentations. All employees will go through additional training with their Manager based on the employment role.

Being in an industry that is constantly changing requires companies to be aware of recent market developments and trends throughout the industry. Haze of Grafton takes a proactive approach to continually provide progressive training and interactive learning to our employees. This is conducted both at the individual facilities by certified Haze of Grafton trainers, but also electronically and telephonically when necessary. By exposing employees to constant training and developments, Haze of Grafton values its employees and encourages their retention with Haze of Grafton.

By training employees, it allows them from day one to have the ability to learn processes and procedures in order to take on additional responsibilities throughout the course of their employment with Haze of Grafton. With the ability to grow within Haze of Grafton and move at their own pace, Haze of Grafton encourages retention of all employees.

Our collaborative training program is designed to educate employees on best practices for maintaining their personal safety and the safety of Haze of Grafton products, including comprehensive emergency and incident management training. Training sessions may include virtual web collaborations, onsite experience and OSHA Occupational Safety Training.

Haze of Grafton Employee Training

No Haze of Grafton employee or consultant may work on-site prior to receiving orientation training, taking the responsible vendor training, or when any required critical training is four weeks or more past due. The HR Manager will provide all relevant and adequate training for each individual involved in Haze of Grafton operations. Training will be tailored to the roles and responsibilities of the job function of each employee and at a minimum must include training on confidentiality, security controls, emergency response protocols and regulatory agency regulations as well as Federal statutes regarding the use of cannabis. Each employee will receive a minimum of eight hours of ongoing training annually or as deemed necessary by Haze of Grafton Managers.

Module Based Training

Haze of Grafton employs a strategy of module based training. Each module will cover a single topic in - depth.

Training modules include:

1. New employee orientation;
2. Train the trainer;
3. Monthly department meetings;
4. Compliance, regulation and law;
5. Confidentiality;
6. Safety;
7. Security;
8. Emergency and incident management;
9. Inventory management and diversion prevention;
10. Cannabis science;
11. Community and customer relations;
12. Recordkeeping;
13. Product handling and sanitation; and
14. Transportation.

Haze of Grafton may develop and implement new modules as deemed necessary. General employee training will largely be department focused and relevant to the operational processes each employee will follow on a daily basis. Haze of Grafton will reassess all modules annually in order to determine if the updated training is necessary to maintain a compliant operation.

Training Evaluation

In order to achieve the high standards of quality, efficiency and compliance Haze of Grafton sets forth, the Human Resources Manager shall evaluate the training program annually. Based on the results of this evaluation, the HR Manager will implement any necessary changes and determine

the need for re-training of staff. The Chief Executive Officer, Chief Financial Officer and Chief Operations Officer must approve any major training program changes. Haze of Grafton cannabis science training must address the endocannabinoid system, clinical trial information, efficacy and dosing, strains and genetics, methods of use and types of products, condition management and side effects.

The Human Resources Manager will solicit and record feedback on the quality and efficacy of a training module from employees that received the training. Feedback may be solicited utilizing post training group discussions, individual interviews and anonymous surveys

Oversight

The management structure assigns responsibility for the different aspects of operation to individual Managers and staff so that every employee on every level will be accountable to a higher position. Each department has defined responsibilities and must report to management on a weekly basis regarding the duties they were assigned and progress.

The Operations and Management Practices Plan outlines the entire process and procedures to employ. The plan also defines the employment structure and the relation of employment policies to operations. The manual details the administrative processes to be employed in various situations, including disciplining employees. All discipline will be handed down by the department manager or HR Manager to help keep relations between department Managers and ground level employees smooth.

Employee Manual

Upon licensing and commence of operations, all Haze of Grafton Staff will undergo a mandatory training period. During the first week of training, an employment manual will be issued to employees. The Employment manual will set forth Haze of Grafton policy regarding administrative matters, including terms of employment, what is expected of employees and procedures for discipline. Each employee must read through the manual and sign a contract acknowledging they have received, read and understand the Haze of Grafton policies.

Operations Manual

The second stage of training will be an educational portion regarding cannabis and procedures. The manual will begin with a background of commercial cannabis, identify relevant legal regulations, break down the Haze of Grafton structure/roles of employees and set forth Standard Operating Procedures for each phase of operation.

Standard Operating Procedures will provide a detailed breakdown of the duties (what), methods (how) and schedule (when) by which each employee will perform the tasks of their respective positions. The HR Manager will develop a training curriculum to educate new employees. Managers will be actively training the new employees on the tasks expected of them and answering questions. At the end of the training period, the prospective employees will be given a short test regarding the policies and procedures, passage of which is a prerequisite for employment.

SYSTEMS TRAINING

INVENTORY SYSTEM

The HR Manager and department managers will be responsible for developing and conducting training programs for each employee who will be using a to be determined point of sale (“POS”) and inventory management software. POS representatives will train management in the various uses of the software and provide training manuals and other materials to assist in training employees. All General Management and Managers will be responsible for knowing how to properly operate the POS software.

EMERGENCY TRAINING

The operating hours for the dispensaries will typically be 11 hours a day, 7 days a week. A limited number of employees will be necessary for nights and weekends but operations will continue for the product manufacturing departments. Security will be hired in-house. All employees employed by Haze of Grafton will go through a security training/debriefing with

security regarding the features of the facility, the role of security in operations and procedures in case of an emergency.

In the case of an emergency, employees will have several methods for contacting local law enforcement. The most common will be immediate referral to on-site security personnel. Security personnel have been trained or hired to provide such services. In the event security is not immediately reachable, staff will be trained to alert local authorities. In no event should an employee attempt to handle or confront an emergency situation. All matters should be referred to security or local law enforcement.

Each new hire will begin work on a four-month trial period of employment. At the end of the four months the department manager will conduct an assessment of the employee's performance.

FOOD HANDLING

All employees whose job includes contact with cannabis products (edible or otherwise), production or packaging must be trained in food handling requirements found in applicable laws and regulatory agency regulations.

INVENTORY LOSS OR IRREGULARITIES AND REPORTING TRAINING

Operational policies will restrict employee access to areas where they have legitimate work tasks. All areas where cannabis is stored will be locked and monitored via Closed Circuit Television. The background checks and hiring process will weed out applicants with criminal or amoral histories. Employment policies will outline the consequences of employee theft and the security briefing will make employees aware of the seriousness of the matter. Cumulatively, these policies will assist in preventing employee theft of cannabis, cannabis product or growing materials.

All staff are responsible for notifying the agent-in-charge of any loss or theft of cannabis from the dispensary so that they can promptly document and report the loss or theft to the appropriate manager and the regulatory agency. Employees will have a whistleblower policy in place to ease the concerns of any employees who suspect diversion of cannabis or cannabis products from the

facility by another employee. The report will also be submitted to the Compliance Officer for further review and investigation.

PROFESSIONAL DEVELOPMENT

The purpose of the professional development stage is to provide continued education to Haze of Grafton employees regarding new operational methods, changes in rules/regulations and innovations in techniques. Haze of Grafton will evolve with the industry, embracing new technologies or processes that increase efficiency. The results will be reported to the HR Manager where necessary to determine if a promotion, raise, demotion or termination is warranted.

Every three-six months, department managers will evaluate employee performance. The results will be reported to the HR Manager. When necessary, the CEO, CFO, and COO will be consulted to decide if a promotion, raise, demotion or termination is warranted. Training will be used to address any deficient performance and educate the employee about the proper methods to use.

Hands-on instructional training to address any problems in technique or method by which an employee is performing a task.

Group meetings to ensure all employees are communicating and aware of any changes. Each department will hold group meetings on a weekly basis. The entire facility will meet as a group at least once a month to address the state of affairs.

REPORTING STRUCTURE

Each department manager is responsible for ongoing performance evaluations, performance issues and recognition, promotions and disciplinary actions in their department. Managers are required to communicate all necessary information on employee performance to the HR Manager as often as necessary. Managers are required to complete formal performance reviews annually and at the end of any probationary period.

TERMINATION OF EMPLOYEES

Haze of Grafton will terminate any employee or registered agent that violates the following:

- Diverted marijuana, which shall be reported to law enforcement officials and to the Commission;
- Engaged in unsafe practices with regard to operation of the Marijuana Establishment, which shall be reported to the Commission; or
- Been convicted or entered a guilty plea, plea of nolo contendere, or admission to sufficient facts of a felony drug offense involving distribution to a minor in the Commonwealth, or a like violation of the laws of another state, the United States or a foreign jurisdiction, or a military, territorial, or Native American tribal authority The Executive team, management team, security team and HR team will decide who will be terminated and coordinate the immediate removal of said employee from the facility.

Record Keeping procedures

Physical and Virtual Records Overview

Haze of Grafton has established policies regarding recordkeeping and record-retention in order to ensure the maintenance, safe keeping, and accessibility of critical documents. Electronic and wet signatures are accepted forms of execution of Haze of Grafton documents. Physical records will be stored at Haze of Grafton in a locked area designated for record retention. All written records will be available for inspection by the Commission upon request. Also, electronic copies of records will be stored in the Office 365 (or comparable cloud storage product) secured cloud storage.

Recordkeeping

To ensure that Haze of Grafton is keeping and retaining all records as noted in this policy, reviewing Corporate Records, Business Records, and Personnel Records to ensure completeness, accuracy, and timeliness of such documents will occur as part of Haze of Grafton quarter-end closing procedures. In addition, Haze of Grafton operating procedures will be updated on an ongoing basis as needed and undergo a review by the executive management team on an annual basis.

- Corporate Records
 - Corporate Records are defined as those records that require, at a minimum, annual reviews, updates, and renewals, including:

- A list of all board of directors, members, and executives of Haze of Grafton, and members, if any, of the licensee must be made available upon request by any individual. This requirement may be fulfilled by placing this information on the Haze of Grafton website.
- Policies and procedures for the handling of cash on Haze of Grafton premises including but not limited to storage, collection frequency and transport to financial institution(s), to be available upon inspection.
- Policies and procedures to prevent the diversion of marijuana to individuals younger than 21 years old.
- Policies and procedures for energy efficiency and conservation that will include:
 - Identification of potential energy use reduction opportunities (including but not limited to natural lighting, heat recovery ventilation and energy efficiency measures), and a plan for implementation of such opportunities;
 - Consideration of opportunities for renewable energy generation, including, where applicable, submission of building plans showing where energy generators could be placed on site, and an explanation of why the identified opportunities were not pursued, if applicable;
 - Strategies to reduce electric demand (such as lighting schedules, active load management and energy storage); and
 - Engagement with energy efficiency programs offered pursuant to M.G.L. c. 25 § 21, or through municipal lighting plants.
- Policies and procedures to promote workplace safety consistent with applicable standards set by the Occupational Safety and Health Administration, including plans to identify and address any biological, chemical or physical hazards. Such policies and procedures shall include, at a minimum, a hazard communication plan, personal protective equipment assessment, a fire protection plan, and an emergency action plan.

- License Renewal Records
 - Haze of Grafton shall keep and submit as a component of the renewal application documentation that the establishment requested from its Host Community the records of any cost to a city or town reasonably related to the operation of the establishment, which would include the city's or town's anticipated and actual expenses resulting from the operation of the establishment in its community. The applicant shall provide a copy of the electronic or written request, which should include the date of the request, and either the substantive response(s) received or an attestation that no response was received from the city or town. The request should state that, in accordance with M.G.L. c. 94G, § 3(d), any cost to a city or town imposed by the operation of Haze of Grafton shall be documented and considered a public record as defined by M.G.L. c. 4, § 7, cl. 26.
- Record-Retention
 - Haze of Grafton will meet Commission recordkeeping requirements and retain a copy of all records for two (2) years, unless otherwise specified in the regulations.

Maintaining of financial records

A thorough recordkeeping plan maintains the regulatory integrity of the Adult use marijuana Program and creates a record of activities, transactions, and decisions which safeguards a company's information and also holds it accountable for its actions.

Haze of Grafton has established stringent recordkeeping protocols which demonstrate fidelity to compliance and security, and safeguard customer safety. Inventory protocols, electronic tracking system use, equipment maintenance, and other extensive business records will be created and maintained in full compliance with Cannabis Control Commission ("Department"), OSHA and local regulations.

In compliance with 935 CMR 500, Haze of Grafton will maintain a daily log of each day's beginning inventory, acquisitions, amounts purchased and sold, disbursements, disposals, and ending inventory. Haze of Grafton will also record prices paid and amounts collected by customers.

The inventory protocols require all inventories and inventory audit records to be retained as part of recordkeeping policies and to ensure oversight of facility management and personnel, in

compliance with 935 CMR 500. As part of this comprehensive recordkeeping plan, Haze of Grafton will maintain critical business operations including:

- Inventory tracking, from purchase order to sale;
- Human resources data for all employees;
- Access Control System records;
- Transaction records;
- Standard Operating Procedure Compliance;
- Recall procedures and documents pertaining to recall actions; and
- Waste management, specifically including records of marijuana products destroyed at the dispensary. Keeping complete, detailed, and organized records of inventory and all dispensing transactions is critical to ensuring that customers receive the highest quality marijuana products in its purest forms.

ENTERPRISE RESOURCE PLANNING

Haze of Grafton will utilize a point of sale software system that functions as an Enterprise Resource Planning ("ERP") suite, which will use bank-level encryption to comprehensively manage all inventory and satisfies HIPAA-security standards.

Standard cannabis based point of sales systems track every purchase of every product in inventory within the dispensary, both as active inventory and in back stock, every sale, in addition to tracking adult use marijuana waste or recalled products scheduled for return to grower/processors.

Haze of Grafton will utilize a point of sales system that supports real-time monitoring of inventory, along with sales totals and customer counts. These platforms allow authorized employees to track purchasing habits and accurately predict demand. The analysis of historical sales data and inventory trends will be effective for forecasting inventory needs.

Business management platform data and records will be stored electronically and be subject to electronic backup requirements. However, employees will be required to adhere to the same recordkeeping policies and procedures for printed, hand-written, or other analog records.

ACTIVE AND INACTIVE RECORDS / RETENTION PERIOD

An active record is one that is needed for operations and is frequently used. An inactive record is not needed to operate the business and is preserved until the expiration of its retention period. Unless specifically exempted, all records will be deemed inactive 180 days after their last use.

Haze of Grafton applies an up to four (4)-year retention period to all electronic records including the video files from the surveillance cameras and the records of physical access controls (for example, the daily log showing which employees used their identification credentials to open which doors). At the conclusion of the retention period, Haze of Grafton will determine, on a case-by-case basis, whether certain categories of inactive records should be destroyed or preserved.

DIGITAL RECORDS

Cannabis point of sale systems typically utilize proprietary programming and computer coding. The data records are stored in the cloud and are indecipherable without decoding.

At the conclusion of each business day, a dispensary manager downloads a daily report in a Portable Data File (.pdf) capturing all of the day's activities and operations, including all transactions with customers and vendors. Also, a dispensary manager will upload the daily report to the company's server, in a secure file that can only be accessed by either of the Executive Officers.

ACCESS CONTROL

A dispensary employee's access to a point of sale system and dispensary records is defined by the employee's job function; this is commonly known as Role-Based Access Control. For instance, a customer-facing dispensary technician will have access to customer sales records; inventory managers will have access to inventory management records; security personnel will have access to visitor logs and stored surveillance system files.

Each employee, manager, and executive will have unique log-in credentials consisting of a unique username and password. Logs of users logging into the point of sale software will be archived to establish accountability records.

ADULT USE MARIJUANA PRODUCT INVENTORY RECORDS

Haze of Grafton will create and maintain written and electronic records of all inventories and include the date of the inventory, a summary of findings, and the employee identification numbers and titles or positions of the individuals who conducted the inventory review. To ensure the proper management of inventory, all items that enter and leave company facilities will be tracked, monitored, and systematically arranged.

Through employee training, the company will create a thorough understanding of both the electronic tracking system and the business management platform. By preparing employees to input accurate data daily, Haze of Grafton can ensure the tracking system and business management platforms match and reflect the correct acquisitions, sales, waste and losses. Adult use marijuana products will be received and logged into the inventory point of sale system as a lot, batch, or grouping of products. The inventory will be placed into a product storage bin/container, and identified as back stock or ready-for-sale, active inventory. Only active inventory batches, lots, or groups will be used to fulfill orders from customers.

ADULT USE MARIJUANA INVENTORY AUDITING (ACTIVE INVENTORY)

Sellable inventory will be divided into two (2) separate types: active inventory and back stock. Active inventory is the inventory that will be utilized to stock the sales floor. Back stock will be the items that remain static in storage until active inventory is depleted and requires restocking.

RECEIPT AND SALE OF ADULT USE MARIJUANA

All adult use marijuana products will be tracked and monitored in the electronic tracking system and by physical inventory audits. Each activity associated with any adult use marijuana product will include a digital time, date, and location stamp within the Business Management Platform.

This timestamp will be used to produce a receipt that may be printed and made available to the CCC, law enforcement, and company management. Data reflected on platform receipts will also be used to produce transport manifests as required by. Included in auditing procedures is the accurate documentation of transportation dates, approximate times of departure/arrival, transport vehicle specification, delivery route information, and other data that may pertain to the successful tracking and monitoring of company inventory.

Inventory procedures include counting, storage, and facilitating of funds transferred to and from Haze of Grafton. Funds will be managed by employees trained to receive, deliver, count, sort, document, and securely store cash, checks, and other methods of payment. Money will be accounted for and recorded via multilevel auditing and secure accounting procedures. Funds will be counted and temporarily stored in lockable bank bags in the safe or vault area of the dispensary until the funds are safely transferred to the next individual, as defined in currency chain of custody procedures. Funds used for the purchase of adult use marijuana products will be linked to specific items, lots, and batches within our business management platform.

Haze of Grafton will select a cannabis point of sale system that will clearly demonstrate the exact products sold, the price of the items, methods of payment, and account details of other adult use marijuana organizations where funds were received or paid. Receipts of purchases and sales will be made readily available to adult use marijuana organizations, law enforcement officials, and the CCC. Receipts will be observed for their accurate reflection of the transfer of adult-use marijuana products and funds as part of daily sales and inventory reports.

RECORDKEEPING OF TRANSPORT

Haze of Grafton will keep detailed records of all transport of adult use marijuana products, including:

- Transport Manifests;
- Receipts;
- Invoices;
- Bills of Lading;
- Shipping Invoices; and

- Packing Slips or any other shipping documents.

ACCOUNTING DATA

Haze of Grafton is committed to the transparency of accounting data and adhering to Generally Accepted Accounting Principles (GAAP) in financial reporting. To achieve this goal, the company will hire an accountant or accounting company who will provide Haze of Grafton a wide range of tax, accounting, audit, business advisory, planning, payroll and support services to manage company financials and reporting.

All financial records will be maintained on secure, internal computer networks and will be duplicated using the electronic records backup system, ensuring Haze of Grafton will never experience a catastrophic loss of financial data.

The following business records shall be maintained within our accounting platform pursuant to 935 CMR 500:

- Assets & Liabilities
- Monetary transactions
- Books of accounts / Chart of accounts
- Sales records
- Salary and wages paid to each employee

APPROVED VENDORS

Sourcing the most qualified and effective vendors to service all aspects of operations, especially facility security and equipment maintenance, is imperative to successfully serving the customers of the Commonwealth. Only owners, principals, and designated employees will be permitted to enter into business contracts on behalf of Haze of Grafton. They will be required to ensure vendors register with the company and are designated as an approved vendor by the Department, prior to providing goods or services. Completed vendor records, W-9 forms, and all other accounting records will be maintained by accounting personnel in compliance with IRS and any other regulatory requirements.

A list of approved vendors will be kept on site for easy reference by the Dispensary Manager and management personnel. This list will include, but is not limited to, the following vendor types:

- Marijuana Transport;
- Waste Disposal;
- Pest Management;
- Security System Service & Repair;
- Security Firm;
- IT Firm;
- Software Technical Support;
- Facility Services;

Safety Plan for Manufacturing

I. Introduction to Safety Plan

All members of Haze of Grafton, LLC processing team are Hazard Analysis and Critical Control Points (“HACCP”) certified and each kitchen team member is required to complete a ServSafe certification course and maintain the certification throughout the duration of his or her employment with Haze of Grafton].

The kitchen staff will prepare, handle, and store edible products in compliance with the sanitation requirements in 105 CMR 590.000: State Sanitary Code Chapter X – Minimum Sanitation Standards for Food Establishments.

Haze of Grafton develops its recipes with appropriate dosing in mind and will take great care to ensure that when marijuana concentrate is added during the manufacturing of edible products that it is thoroughly homogenized throughout the entire batch and that individual doses are precisely measured.

Using its METRC seed-to-sale tracking system, Haze of Grafton will fastidiously maintain electronic records identifying the source of each cannabis based ingredient utilized in marijuana-infused products on a secure internal company drive. These records include the

vendor that supplied the ingredient, the date of receipt of the ingredients, the vendor number, and control number or any other identifying symbol used by the vendor.

To further ensure safety-controlled manufacture, Haze of Grafton has developed detailed HACCP plans for each product line manufactured in its kitchen, which are updated and maintained by the COO and/or Production Manager on a routine basis. In addition, Haze of Grafton's kitchen is designed to meet or exceed good manufacturing practices and health code standards for kitchens outlined in the FDA's Food Code and includes waterproof vinyl flooring, washable wall material, and dishwashing areas.

In addition to ServSafe training, each kitchen staff member undergoes a role-specific training program ranging from one to three weeks and at least eight hours of ongoing training each year.

II. HACCP Plan

HACCP is a systematic preventive approach to food safety designed to control chemical, biological and physical hazards in production processes to safe levels. Haze of Grafton, LLC's HACCP Plan follows FDA and Massachusetts guidance for food safety programs. All standards in the plan are based on FDA and Massachusetts regulations for food manufacturers with wholesale distribution: 21 CFR; 105 CMR 500 and CCC regulations for production of Edible Marijuana Products: 935 CMR 501.150 & 935 CMR 501.130.

All Haze of Grafton employees are given an overview of HACCP principles as they relate to food production at Haze of Grafton's manufacturing facility in North Grafton. It is the responsibility of Production Managers and other supervisory staff to carry out these control measures and maintain Standard Operating Procedures ("SOPs") in order to ensure safe food production consistently. Kitchen activities are monitored and documented in physical and electronic recordkeeping logs. These will be regularly reviewed by Haze of Grafton's designated HACCP manager or trained designee in order to verify that the plan is working effectively as designed. Haze of Grafton's HACCP Plan and implementing SOPs are updated as processes, products, or facilities are altered, and additionally verified for efficacy.

III. Emergency and Security Procedures

Time and temperature controls are critical to controlling bacteria outgrowth of potentially hazardous ingredients during the production and storage of edible MIPs. Refrigeration

temperatures are monitored throughout the day, and freezer temperatures are checked and recorded daily. Upon arrival or at any time during operational hours, if product temperatures are out of ideal range, or other hazards are identified at any stage of processing, corrective actions are implemented. Any issues and corrective actions are listed on the appropriate temperature and production logs.

Allergen control is also important in the production and distribution of safe, consistent ready-to-eat products. Haze of Grafton's dedicated Allergen Control SOP includes Good Manufacturing Practices for preventing cross-contamination, ensuring accurate labeling according to federal regulations, and all employees engaging in preparation of manufactured cannabis will take the SERVSAFE Massachusetts Allergen Training program. All MIPs are stored in secure, locked locations at all times prior to and during shipping, in accordance with state regulations.

IV. Kitchen Staff Training

Kitchen staff training includes all SOPs contained in Haze of Grafton's overall HACCP plan including discussion of and procedures for guarding against pathogens of concern (including *Staphylococcus aureus* and Norovirus) in food processing operations. Staff are trained on risk based HACCP principles, including, but not limited to:

- A. Labeling methods;
- B. Date marking products;
- C. Storage temperatures;
- D. Time and temperature controls during food preparation;
- E. Illness policies, cleaning protocols and distribution strategies.

In addition, kitchen staff are trained on the following:

- SERVSAFE
 - Allergen training program
 - Food handler program
 - Food protection management
- MA Good Food protection training

Training is continuous and repeated with every change in process, recipe, and new employee onboarding.

V. Kitchen Sanitary Practices

Kitchen equipment used in the production of marijuana products is cleaned between each use and at the conclusion of each shift by the kitchen staff. Cleaning procedures are guided by cleaning and sanitation standards established by the federal Occupational Safety and Health Administration (“OSHA”). Kitchen staff are responsible for daily cleaning and sterilization of the kitchen and equipment, as well as the proper disposal of and recordkeeping processes for waste generated in the kitchen.

“Deep cleaning” of the kitchen is conducted weekly by the kitchen staff and includes the cleaning and sterilization of all stoves, ovens, hoods/vents, scales, mixers, sinks, refrigerators, 3 steam kettles, tables, shelving, storage racks, walls, grease traps, dish-washing machines and floors. Kitchen staff are provided with training documents that include step-by-step instructions on the proper cleaning methods for each piece of equipment.

VI. Kitchen Employee Hygiene Standards & Personal Protective Equipment (“PPE”)

Kitchen staff are required to wash their hands thoroughly in an adequate hand-washing area before starting work and at any other time when hands may have become soiled or contaminated. Instructions on proper handwashing techniques are provided to staff at the start of employment and posted throughout the Haze of Grafton facility, including within the kitchen area. Additionally, kitchen staff are required to shower within two hours before beginning their shifts.

Kitchen staff are required to change into a clean, company uniform or apron prior to entering the kitchen, and are required to wear non-slip shoes. Hair must be pulled back and covered with a hair net at all times. Beard coverings are required for any facial hair longer than an eyelash. No jewelry is permissible except a plain band on the finger and fingernails must be kept short and clean. Gloves must be worn when handling any ingredients or cannabis-containing products. Outside food or drinks are never permitted in the kitchen and must be stored in the break room to prevent cross-contamination.

VII. Product Labeling and Packaging

Kitchen staff are responsible for accurate labeling, dosage accuracy and packaging controls to minimize the risk of misuse by Haze of Grafton customers. This label control and verification is intended to meet or exceed CCC guidelines. Haze of Grafton's Labeling and Packaging SOPs incorporate the minimum controls that are required to be implemented for edible marijuana products per 935 CMR 501.105(5) – Labeling of Marijuana and Marijuana Products. These controls will also assist in the unlikely event of a food recall or outbreak situation. Finally, the Labeling and Packaging SOPs also include protocols for traceability, product disposition and corrective actions if necessary.

Qualifications and training

Haze of Grafton, LLC will ensure that all employees hired to work at a Haze of Grafton facility will be qualified to work as a marijuana establishment agent and properly trained to serve in their respective roles in a compliant manner.

Qualifications

In accordance with 935 CMR 500.030, a candidate for employment as a marijuana establishment agent must be 21 years of age or older. In addition, the candidate cannot have been convicted of a criminal offense in the Commonwealth of Massachusetts involving the distribution of controlled substances to minors, or a like violation of the laws of another state, the United States, or foreign jurisdiction, or a military, territorial, or Native American tribal authority.

Haze of Grafton will also ensure that its employees are suitable for registration consistent with the provisions of 935 CMR 500.802. In the event that Haze of Grafton discovers any of its agents are not suitable for registration as a marijuana establishment agent, the agent's employment will be terminated, and Haze of Grafton will notify the Commission within one (1) business day that the agent is no longer associated with the establishment.

Training

Haze of Grafton, LLC shall ensure that all agents complete training prior to performing job functions. Training shall be tailored to:

- 1) The roles and responsibilities of the job function of each marijuana establishment agent, and at a minimum must include a Responsible Vendor Program.
- 2) At a minimum, staff shall receive eight hours of on-going training annually.
- 3) In terms of Responsible Vendor Training, on or after July 1, 2019, all current owners, managers and employees of a Marijuana Establishment that are involved in the handling and sale of marijuana for adult use at the time of licensure or renewal of licensure, as applicable, shall have attended and successfully completed a responsible vendor program to be designated a “responsible vendor.”
- 4) Once a licensee is designated a “responsible vendor,” all new employees involved in the handling and sale of marijuana for adult use shall successfully complete a responsible vendor program within 90 days of hire.
- 5) After initial successful completion of a responsible vendor program, each owner, manager, and employee involved in the handling and sale of marijuana for adult use shall successfully complete the program once every year thereafter to maintain designation as a “responsible vendor.”
- 6) Administrative employees who do not handle or sell marijuana may take the “responsible vendor” program on a voluntary basis.

As required by 935 CMR 500.105(2), and prior to performing job functions, each Haze of Grafton agents will successfully complete a comprehensive training program that is tailored to the roles and responsibilities of the agent's job function. A Haze of Grafton Agent will receive a minimum of eight (8) hours of training annually. Diversity Plan

Statement of Purpose

Haze of Grafton, LLC (“Haze of Grafton” or “the Company”) is committed to creating a diverse and inclusive workplace that provides opportunity and encourages participation in the legal cannabis industry by individuals of all backgrounds and particularly women and minorities. It is our belief that our company and marijuana establishment should reflect and celebrate the wide diversity of the Commonwealth of Massachusetts in general.

Goals

In order for Haze of Grafton, LLC to promote equity for the above-listed groups in its operations and the cannabis industry in Massachusetts, the Company has established the following goals:

1. Hire and retain a diverse and inclusive group of employees, with the following specific staff percentage goals:
 - 50% women and 25% described as minorities (racial and ethnic diversity);
2. Create a safe, accepting and respectful work environment.

Programs

Haze of Grafton, LLC has developed specific programs to effectuate its stated goals to promote diversity and equity in its operations, which will include the following:

- Create gender-neutral job descriptions;
- Hold a career fair at least once annually in the City of Worcester and encourage individuals with diverse backgrounds to apply for open positions. The career fair will be advertised in the Worcester Telegram & Gazette, on the Company's website, and through the Company's Instagram social media account.
- Advertise employment opportunities as they become available on DiversityJobs.com and in the Worcester Telegram & Gazette.
- One annual cultural sensitivity training for all employees, including specific training for employees in management positions.

Measurements

The Company's management team will administer this Diversity Plan and will be responsible for developing measurable outcomes to ensure Haze of Grafton, LLC continues to meet its commitments. Such measurable outcomes, in accordance with Haze of Grafton's goals and programs described above, include:

- Conducting employment composition reviews to determine the percentage of employees from the above-listed groups, with the goal of achieving an employment composition that reflects diversity, including a target of at least 50% women, 25% minorities (racial and ethnic diversity).
- Documenting the number of employment opportunities posted on DiversityJobs.com and in the Worcester Telegram & Gazette, and the number of diverse individuals interviewed and hired as a result of these efforts.
- Haze of Grafton, LLC will collect and consider the feedback from the surveys and suggestion box with a goal of having at least 85% of our employees describe Haze of Grafton as a safe, accepting, and respectful work environment. All comments and feedback will be documented and reviewed by senior management staff.

Beginning upon receipt of the Commence operations, Haze of Grafton, LLC will utilize the proposed measurements to assess its Diversity Plan and will account for demonstrating proof of success or progress of the Plan upon the yearly renewal of the license. The management team will review and evaluate Haze of Grafton, LLC's measurable outcomes no less than annually to ensure that the company is meeting its commitments. Haze of Grafton, LLC is mindful that the

demonstration of the Plan's progress and success will be submitted to the Commission upon renewal.

Acknowledgements

- Haze of Grafton, LLC will adhere to the requirements set forth in 935 CMR 500.105(4) which provides the permitted and prohibited advertising, branding, marketing, and sponsorship practices of every Marijuana Establishment.
- Any actions taken, or programs instituted, by Haze of Grafton, LLC will not violate the Commission's regulations with respect to limitations on ownership or control or other applicable state laws.
